

Some things you're  
just stuck with.

Your Medicare plan  
isn't one of them.

Now's the time to get the most out of your Medicare.

**Open Enrollment is from November 15th to December 31st.**

- Review your current health and prescription plans.
- If you're satisfied with your current cost, coverage and the customer service you receive, you don't need to do anything.
- If you want to change, check into other options. There may be plans that better meet your needs.
- Sign up as soon as possible if you're going to make a change. It will help avoid any inconvenience at the pharmacy in January.

### **Where to get help:**

Attend a Medicare event in your community, go to [www.medicare.gov](http://www.medicare.gov) for plan comparisons, or call 1-800-MEDICARE (TTY 1-877-486-2048).
