

OPEN ENROLLMENT IS COMING TO AN END FOR MEDICARE PRESCRIPTION DRUG COVERAGE

For people with Medicare, December 31 is not just New Year's Eve—it also marks the end of the Medicare Open Enrollment period for the prescription drug benefit. Time is running out to make a decision on your current Medicare health and prescription plans. Make sure you compare the cost and coverage of your 2006 and 2007 Medicare prescription drug plans. If you're satisfied, you don't need to do anything. If you want to change, you can check into other options that may better meet your needs by getting help at a Medicare event in your community, at www.medicare.gov, or call 1-800-Medicare 24 hours a day, seven days a week.

That phone number again: 1-800-Medicare or online at www.medicare.gov.
