Million Hearts Campaign

Heart disease is the leading cause of death for both men and women, but heart disease is preventable and controllable

The Million Hearts® initiative highlights, coordinates, and enhances cardiovascular disease prevention in an effort to prevent 1 million heart attacks and strokes by 2017.

Million Hearts® will scale-up proven clinical and community strategies to prevent heart disease and stroke across the nation.

Million Hearts® brings together existing efforts and new programs to improve health across communities and help Americans live longer, healthier, more productive lives. Learn more about this initiative by visiting
