

WEBCAST /SATELLITE BROADCAST

Achieving a Healthy America: “Closing the Prevention Gap and Update on Prescription Drug Coverage”

This is a presentation in our series of training sessions entitled “Achieving a Healthy America,” on how CMS and our partners can work together to help people with Medicare live longer and healthier lives.

When: July 13, 2006 (**LIVE**)

Time: 2:30-3:30 pm EDT

Topic: “Closing the Prevention Gap and Update on Prescription Drug Coverage”

This session will introduce and demonstrate *My.Medicare.gov*, a secure online service that allows people with Medicare the opportunity to access their Medicare information to:

- View their recently processed Part A and Part B claims
- Order a duplicate Medicare Summary Notice (MSN) or a replacement Medicare card
- View eligibility and entitlement information
- View enrollment information including prescription drug plans
- Check their address in Medicare’s records and their Part B deductible status
- Access online forms, publications, and messages sent by CMS
- And receive information about their Medicare preventive services

The broadcast will also include information on recent additions to Medicare's coverage of preventive services and how CMS is working with partners to ensure people with Medicare take full advantage of their Medicare benefits, as well as an update on Medicare prescription drug coverage. CMS subject matter experts will be available for a live Q&A session following the presentation.

To connect to the Live Satellite Broadcast, your technical support staff should set C-Band satellite coordinates as follows:

IA6C4

IA6, formally Telstar 6, 93 West, Tx 4, 3780 MHz, Horiz down.
