SUPPLEMENTARY INFORMATION:

I. Background

MEDCAC, formerly known as the Medicare Coverage Advisory Committee (MCAC), is advisory in nature, with all final coverage decisions resting with CMS. MEDCAC is used to supplement CMS' internal expertise. Accordingly, the advice rendered by the MEDCAC is most useful when it results from a process of full scientific inquiry and thoughtful discussion, in an open forum, with careful framing of recommendations and clear identification of the basis of those recommendations. MEDCAC members are valued for their background, education, and expertise in a wide variety of scientific, clinical, and other related fields. (For more information on MCAC, see the MEDCAC Charter (<http://www.cms.gov/Regulations-and-Guidance/Guidance/FACA/Downloads/medcaccharter.pdf>) and the CMS Guidance Document, Factors CMS Considers in Referring Topics to the MEDCAC (<http://www.cms.gov/medicare-coverage-database/details/medicare-coverage-document-details.aspx?MCDId=10>)).

II. Meeting Topic and Format

This notice announces the Wednesday, March 22, 2017, public meeting of the Committee. During this meeting, the Committee will discuss recommendations regarding what health outcomes in studies for heart failure treatment technologies should be of interest to CMS. Background information about this topic, including panel materials, is

available
at <http://www.cms.gov/medicare-coverage-database/indexes/medcac-meetings-index.aspx?bc=BAAAAAAAAAAAA&>.
We will no longer be providing
paper copies of the handouts for the meeting. Electronic
copies of all
the meeting materials will be on the CMS Web site no later
than 2
business days before the meeting. We encourage the
participation of
organizations with expertise in what

health outcomes in studies for heart failure treatment
technologies
should be of interest to CMS. This meeting is open to the
public. The
Committee will hear oral presentations from the public for
approximately 45 minutes. Time allotted for each presentation
may be
limited. If the number of registrants requesting to speak is
greater
than can be reasonably accommodated during the scheduled open
public
hearing session, we may conduct a lottery to determine the
speakers for
the scheduled open public hearing session. The contact person
will
notify interested persons regarding their request to speak by
February
27, 2017. Your comments should focus on issues specific to
the list of
topics that we have proposed to the Committee. The list of
research
topics to be discussed at the meeting will be available on
the
following Web site prior to the meeting:
<http://www.cms.gov/medicare-coverage-database/indexes/medcac-meetings-index.aspx?bc=BAAAAAAAAAAAA&>.
We require that you declare at the meeting whether you have
any
financial involvement with manufacturers (or their
competitors) of any
items or services being discussed. Speakers presenting at the
MEDCAC
meeting should include a full disclosure slide as their
second slide in
their presentation for financial interests (for example, type
of
financial association--consultant, research support, advisory
board,
and an indication of level, such as minor association
<\$10,000 or major
association >\$10,000) as well as intellectual conflicts of
interest
(for example, involvement in a federal or nonfederal advisory
committee
that has discussed the issue) that may pertain in any way to
the
subject of this meeting. If you are representing an
organization, we

require that you also disclose conflict of interest information for that organization. If you do not have a PowerPoint presentation, you will need to present the full disclosure information requested previously at the beginning of your statement to the Committee.

The Committee will deliberate openly on the topics under consideration. Interested persons may observe the deliberations, but the Committee will not hear further comments during this time except at the request of the chairperson. The Committee will also allow a 15-minute unscheduled open public session for any attendee to address issues specific to the topics under consideration. At the conclusion of the day, the members will vote and the Committee will make its recommendation(s) to CMS.

III. Registration Instructions

CMS' Coverage and Analysis Group is coordinating meeting registration. While there is no registration fee, individuals must register to attend. You may register online at <http://www.cms.gov/apps/events/upcomingevents.asp?strOrderBy=1&type=3> or by phone by contacting the person listed in the FOR FURTHER INFORMATION CONTACT section of this notice by the deadline listed in the DATES section of this notice. Please provide your full name (as it appears on your state-issued driver's license), address, organization, telephone number(s), fax number, and email address. You will receive a registration confirmation with instructions for your arrival at the CMS complex or you will be notified that the seating capacity has been reached.

IV. Security, Building, and Parking Guidelines

This meeting will be held in a federal government building; therefore, federal security measures are applicable. The Real ID Act, enacted in 2005, establishes minimum standards for the issuance of state-issued driver's licenses and identification (ID) cards. It prohibits Federal agencies from accepting an official driver's license or ID card from a state unless the Department of Homeland Security determines that the state meets these standards. Beginning October 2015, photo IDs (such as a valid driver's license) issued by

a state or territory not in compliance with the Real ID Act will not be accepted as identification to enter Federal buildings. Visitors from these states/territories will need to provide alternative proof of identification (such as a valid passport) to gain entrance into CMS buildings. The current list of states from which a Federal agency may accept driver's licenses for an official purpose is found at <http://www.dhs.gov/real-id-enforcement-brief>. We recommend that confirmed registrants arrive reasonably early, but no earlier than 45 minutes prior to the start of the meeting, to allow additional time to clear security. Security measures include the following:

- Presentation of government-issued photographic identification to the Federal Protective Service or Guard Service personnel.

- Inspection of vehicle's interior and exterior (this includes engine and trunk inspection) at the entrance to the grounds.

Parking permits and instructions will be issued after the vehicle inspection.

Inspection, via metal detector or other applicable means, of all persons entering the building. We note that all items brought into CMS, whether personal or for the purpose of presentation or to support a presentation, are subject to inspection. We cannot assume responsibility for coordinating the receipt, transfer, transport, storage, set-up, safety, or timely arrival of any personal belongings or items used for presentation or to support a presentation.

Note: Individuals who are not registered in advance will not be permitted to enter the building and will be unable to attend the meeting. The public may not enter the building earlier than 45 minutes prior to the convening of the meeting.

All visitors must be escorted in areas other than the lower and first floor levels in the Central Building.

V. Collection of Information

This document does not impose information collection requirements, that is, reporting, recordkeeping or third-party disclosure requirements. Consequently, there is no need for review by the Office of Management and Budget under the authority of the Paperwork

Reduction
Act of 1995 (44 U.S.C. Chapter 35).

Authority: 5 U.S.C. App. 2, section 10(a).

Dated: January 10, 2017.
