A

Abuse

Billing Medicare for services that are not covered or are not correctly coded.

Affiliated Contractor (AC)
A Medicare carrier, Fiscal Intermediary (FI), or other contractor such as a Durable Medical Equipment Medicare Administrative Contractor (DME MAC), which shares some or all of the Program Safeguard Contractor’s (PSC’s) jurisdiction; Affiliated Contractors perform non-PSC Medicare functions such as claims processing.

B-C

Carrier

The Carrier is an entity that has entered into a contract with CMS to process Medicare claims under Part B for non-facility providers (e.g., physicians, suppliers, laboratories). DME MACs are those carriers that CMS has designated to process DME, prosthetic, orthotic and supply claims.

Case

A case exists when the PSC, ZPIC or Medicare contractor BI unit has referred a fraud allegation to law enforcement, including but not limited to, documented allegations that: a provider, beneficiary, supplier, or other subject has a) engaged in a pattern of improper billing, b) submitted improper claims with actual knowledge of their truth or falsity, or c) submitted improper claims with reckless disregard or deliberate ignorance of their truth or falsity.

Contractor

Contractor includes all intermediaries, carriers, DME MACs, RHHIs, MACs, ZPICs, and PSCs.

Centers for Medicare & Medicaid Services (CMS)

CMS administers the Medicare program. CMS’ responsibilities include management of AC and Medicare contractor claims payment, managing PSC, ZPIC, AC, and Medicare contractor fiscal audit and/or overpayment prevention and recovery, and the development and the monitoring of payment safeguards necessary to detect and respond to payment errors or abusive patterns of service delivery. CMS was formerly known as the Health Care Financing Administration (HCFA).
Closed Case

A FID case shall be closed when no further action will be required of the PSC, ZPIC, or Medicare contractor BI unit by the law enforcement agency(ies) working the case and when the law enforcement agency(ies) has ended all its activity on the case. Note that even after the case is closed, there may still be administrative actions that the PSC, ZPIC, or Medicare contractor BI unit will take.

D-E

Department of Justice (DOJ)

Attorneys from DOJ and United States Attorney’s Offices have criminal and civil authority to prosecute those providers who defraud the Medicare program.

Demand Bill or Demand Claim

A demand bill or demand claim is a complete, processable claim that must be submitted promptly to Medicare by the physician, supplier or provider at the timely request of the beneficiary, the beneficiary’s representative, or, in the case of a beneficiary dually entitled to Medicare and Medicaid, a state as the beneficiary’s subrogee. A demand bill or demand claim is requested usually, but not necessarily, pursuant to notification of the beneficiary (or representative or subrogee) of the fact that the physician, supplier or provider expects Medicare to deny payment of the claim. When the beneficiary (or representative or subrogee) selects an option on an advance beneficiary notice that includes a request that a claim be submitted to Medicare, no further demand is necessary; a demand bill or claim must be submitted.

F

Federal Bureau of Investigation (FBI)

Along with OIG, the FBI investigates potential health care fraud. Under a special memorandum of understanding, the FBI has direct access to contractor data and other records to the same extent as OIG.

Fraud

Fraud is the intentional deception or misrepresentation that the individual knows to be false or does not believe to be true, and the individual makes knowing that the deception could result in some unauthorized benefit to himself/herself or some other person.

G-H
Intermediary

The intermediary is a public or private agency or organization that has entered into an agreement with CMS to process Medicare claims under both Part A and Part B for institutional providers (e.g., hospitals, SNFs, HHAs, hospices, CORFs, OPT, occupational therapy, speech pathology providers, and ESRD facilities). Regional home health intermediaries (RHHIs) are those FIs that CMS has designated to process Medicare claims received from home health and hospice providers.

Local Coverage Determinations (LCDs)

The LCDs are those policies used to make coverage and coding decisions in the absence of specific statute, regulations, national coverage policy, national coding policy, or as an adjunct to a national coverage policy.

Medicare Contractor (Benefit Integrity)

Medicare contractors include all intermediaries and carriers that have not transitioned their benefit integrity work to a PSC.

Medicare Contractor (Medical Review)

Medicare contractors include intermediaries, carriers and MACs.

Misrepresented

A deliberate false statement made, or caused to be made, that is material to entitlement or payment under the Medicare program.

Noncovered (Not Covered)

Noncovered services are those for which there is no benefit category, services that are statutorily excluded (other than §1862 (A)(1)(a)), or services that are not reasonable and necessary under §1862 (A)(1)(a).
Office of Audit Services (OAS)

The OAS conducts comprehensive audits to promote economy and efficiency and to prevent and detect fraud, abuse, and waste in operations and programs. OAS may request data for use in auditing aspects of Medicare and other Health and Human Service (HHS) programs and is often involved in assisting OIG/OI in its role in investigations and prosecutions.

Office of Counsel to the Inspector General (OCIG)

The OCIG is responsible for coordinating activities that result in the negotiation and imposition of Civil Monetary Penalties (CMPs), assessments, and other program exclusions. It works with the Office of Investigations (OIG), Office of Audit Services (OAS), CMS, and other organizations in the development of health care fraud and exclusions cases.

Office of Inspector General (OIG)

The OIG investigates suspected fraud or abuse and performs audits and inspections of CMS programs. In carrying out its responsibilities, OIG may request information or assistance from CMS, its PSCs, its ZPICs (Zone Program Integrity Contractors), Medicare contractors, and QIOs. OIG has access to CMS's files, records, and data as well as those of CMS's contractors. OIG investigates fraud, develops cases, and has the authority to take action against individual health care providers in the form of CMPs and program exclusion, and to refer cases to the DOJ for criminal or civil action. OIG concentrates its efforts in the following areas:

- Conducting investigations of specific providers suspected of fraud, waste, or abuse for purposes of determining whether criminal, civil, or administrative remedies are warranted;
- Conducting audits, special analyses and reviews for purposes of discovering and documenting Medicare and Medicaid policy and procedural weaknesses contributing to fraud, waste, or abuse, and making recommendations for corrections;
- Conducting reviews and special projects to determine the level of effort and performance in health provider fraud and abuse control;
- Participating in a program of external communications to inform the health care community, the Congress, other interested organizations, and the public of OIG's concerns and activities related to health care financing integrity;
- Collecting and analyzing Medicare contractor, AC, Medicare contractor, and State Medicaid agency-produced information on resources and results; and,
- Participating with other government agencies and private health insurers in special programs to share techniques and knowledge on preventing health care provider fraud and abuse.
Office of Investigations (OI)

The Office of Investigations (OI), within OIG, is staffed with professional criminal investigators and is responsible for all HHS criminal investigations, including Medicare fraud. OIG/OI investigates allegations of fraud or abuse whether committed by PSCs, ZPICs, ACs, Medicare contractors, grantees, beneficiaries, or providers of service (e.g., fraud allegations involving physicians and other providers, contract fraud, and cost report fraud claimed by hospitals).

The OIG/OI presents cases to the United States Attorney's Office within the Department of Justice (DOJ) for civil or criminal prosecution. When a practitioner or other person is determined to have failed to comply with its obligations in a substantial number of cases or to have grossly and flagrantly violated any obligation in one or more instances, OIG/OI may refer the case to OCIG for consideration of one or both of the following sanctions:

- An exclusion from participation in the Medicare program or any State health care programs as defined under §1128(h) of the Social Security Act (the Act); or
- The imposition of a monetary penalty as a condition to continued participation in the Medicare program and State health care programs.

Offset

The recovery by Medicare of a non-Medicare debt by reducing present or future Medicare payments and applying the amount withheld to the indebtedness.

P

Program Safeguard Contractor (PSC)

The PSC is a contractor dedicated to program integrity that handles such functions as audit, medical review and potential fraud and abuse investigations consolidated into a single contract. They are being replaced with Zone Program Integrity Contractors (ZPICs).

Providers

Any Medicare provider (e.g., hospital, skilled nursing facility, home health agency, outpatient physical therapy, comprehensive outpatient rehabilitation facility, renal dialysis facility, hospice, physician, non-physician practitioner, laboratory, supplier, etc.). For purposes of this manual, the term provider is generally used to refer to individuals or organizations that bill carriers, intermediaries, DME MACs, and RHHIs. If references apply to only specific providers (e.g., physicians), the specific provider will be identified.

Q- R

Quality Improvement Organization (QIO)
The Peer Review Improvement Act of 1982 established the utilization and quality control peer review organization (PRO) program. The PRO name has changed to quality improvement organization. CMS contracts with independent physician organizations in each state to administer the QIO program. Their purpose is to ensure that the provisions of the Peer Review Improvement Act of 1982 are met. Under their contracts with CMS, QIOs are required to perform quality of care reviews of the medical services provided to Medicare beneficiaries in settings including, but not limited to: physician offices, acute care hospitals, specialty hospitals (for example psychiatric and rehabilitation hospitals), and ambulatory surgical centers. In the inpatient setting, QIOs also perform provider-requested higher-weighted DRG reviews for acute inpatient prospective payment system (IPPS) hospitals and long-term care hospital (LTCH) claims.

Recoupment

The recovery by Medicare of any outstanding Medicare debt by reducing present or future Medicare payments and applying the amount withheld to the indebtedness.

Reliable Information

Reliable information includes credible allegations, oral or written, and/or other material facts that would likely cause a non-interested third party to think that there is a reasonable basis for believing that a certain set of facts exists, for example, that claims are or were false or were submitted for non-covered or miscoded services. Reliable information of fraud exists if the following elements are found:

- The allegation is made by a credible person or source. The source is knowledgeable and in a position to know. The source experienced or learned of the alleged act first hand, i.e., saw it, heard it, read it. The source is more credible if the source has nothing to gain by not being truthful. The source is competent; e.g., a beneficiary may not always be a credible source in stating that services received were not medically necessary. An employee of a provider who holds a key management position and who continues to work for the provider is often a highly credible source. The friend of a beneficiary who heard that the provider is defrauding Medicare may not be a particularly credible source;

- The information is material. The information supports the allegation that fraud has been committed by making it more plausible, reasonable, and probable (e.g., instructions handwritten by the provider delineating how to falsify claim forms).

- The act alleged is not likely the result of an accident or honest mistake. For example, the provider was already educated on the proper way to complete the form, or the provider should know that billing for a service not performed is inappropriate, or claims are submitted the same way over a period of time by different employees.

Reliable evidence includes but is not limited to the following:

- Documented allegations from credible sources that items or services were not furnished or received as billed;
• Billing patterns so aberrant from the norm that they bring into question the correctness of the payments made or about to be made;

• Data analysis that shows the provider's utilization to be well above that of its peers without any apparent legitimate rationale for this;

• Statements by beneficiaries and/or their families attesting to the provider's fraudulent behavior;

• Corroboration from provider employees (official and unofficial whistle blowers);

• Other sources, such as prepayment and postpayment review of medical records; or

• Recommendations for suspension by OIG/OI, FBI, Assistant U.S. Attorneys (AUSAs), or CMS, based on their finding that the provider has already received overpayments and continued payments should be made only after a determination that continued payment is appropriate.

S

Services

Medical care, items, such as medical diagnosis and treatment, drugs and biologicals, supplies, appliances, and equipment, medical social services, and use of hospital RPCH or SNF facilities. (42CFR 400.202). In other sections of Medicare manuals and remittance advice records, the term item/service is used. However, throughout this manual we will use the term service to be inclusive of item/service. See §1861 of Title 18 for a complete description of services by each provider type.

Suspension of Payment

Suspension of payment is defined in the regulation 42CFR 405.370 as "the withholding of payment by the carrier or intermediary from a provider or supplier of an approved Medicare payment amount before a determination of the amount of overpayment exists." In other words, ACs or Medicare contractors have received processed and approved claims for a provider's items or services; however, the provider has not been paid and the amount of the overpayment has not been established.

Exhibit 3 - Description of CAC Members
(Rev.106, Issued: 03-04-05, Effective: 02-01-05, Implementation: 04-04-05)

3.1 - Physicians
(Rev. 220, Issued: 08-24-07, Effective: 09-03-07, Implementation: 09-03-07)

Medicare defines physicians as:

- Doctors of medicine;
- Doctors of osteopathy;
- Doctors of dental surgery or dental medicine;
- Chiropractors;
- Doctors of podiatry or surgical chiropody; and
- Doctors of optometry.

Do not include other practitioners on this committee.

Carriers select committee representatives from names recommended by State medical societies and specialty societies. If the CMD is concerned because of identified utilization/MR problems with an individual who has been recommended as a committee representative, the CMD should discuss the recommendation with the nominating body. They must maintain confidentiality of the specifics of the situation in any discussion.

If there is no organized specialty society for a particular specialty, the CMD should work with the State medical society to determine how the specialty is to be represented. Encourage each State medical society and specialty society to nominate representatives to the CAC.

If there are multiple specialty societies representing a specialty, select only one representative. Encourage specialty societies to work together to determine how a representative is selected and how that representative communicates with each society.

The CMDs who become committee members or are appointed or elected as officers in any state or national medical society or other professional organization must provide written notice of membership, election, or appointment to CO and RO, as well as to the CAC within 3 months of the membership, election, or appointment effective date. This notice can be provided as part of the CAC minutes if the CMD chooses to give CAC notice via the CAC meeting forum, provided that the CAC meeting is held within the 3-month notice period.

Attempt to include, as members of your CAC, physician representatives from each of the following groups:

- State medical and osteopathic societies (president or designee);
• National Medical Association (representative of either the local or State chapter or its equivalent, if one exists); and

• Medicare Medicare Advantage organizations. In order to enhance the consistency of decision making between Medicare Medicare Advantage plans and traditional fee-for-service, Medicare Medicare Advantage organizations shall also have representation on the CAC. The number of Medicare Advantage representatives on the CAC should be based on the Medicare penetration (enrollment) rates for that State; one representative for those States with penetration rates of less than 5 percent and two representatives for those States with penetration rates of 5 percent or higher. The State HMO association should periodically submit nominees for membership on the CAC.

• Physician representatives for each of the following: 1) Chiropractic; 2) Maxillofacial/Oral surgery; 3) Optometry; and 4) Podiatry.

Include one physician representative of each of the following clinical specialties and subspecialties:

• Allergy;
• Anesthesia;
• Cardiology;
• Cardiovascular/Thoracic Surgery;
• Dermatology;
• Emergency Medicine;
• Family Practice;
• Gastroenterology;
• Gerontology
• General Surgery;
• Hematology;
• Internal Medicine;
• Infectious Disease;
• Interventional Pain Management;
• Medical Oncology;
• Nephrology;
• Neurology;
• Neurosurgery;
• Nuclear Medicine;
• Obstetrics/Gynecology;
• Ophthalmology;
• Orthopedic Surgery;
• Otolaryngology;
• Pathology;
• Pediatrics;
• Peripheral Vascular Surgery;
• Physical Medicine and Rehabilitation;
• Plastic and Reconstructive Surgery;
• Psychiatry;
• Pulmonary Medicine;
• Radiation Oncology;
• Radiology;
• Rheumatology; and
• Urology

The CMD must work with the societies to ensure that committee members are representative of the entire service area and represent a variety of practice settings.

3.2 - Clinical Laboratory Representative - (Rev. 3, 11-22-00)

In addition to the representatives for physician clinical specialties, include an individual to represent clinical laboratories. This individual may also be a physician. Consider recommendations from national and local organizations that represent independent clinical laboratories in making this selection.

3.3 - Beneficiaries - (Rev. 3, 11-22-00)

Include two representatives of the beneficiary community:

- One based on recommendations made by an association(s) representing issues of the elderly (e.g., coalitions for the elderly, senior citizen centers), and
- One based on recommendations made by an association(s) representing the disabled.

One role of the beneficiary representatives is to communicate with other beneficiary groups that have an interest in LMRP.

3.4 - Other Organizations - (Rev. 3, 11-22-00)

Carriers invite the following to be members:

- A representative from the State Hospital Association;
- QIO medical director;
- Intermediary medical director;
- Medicaid medical director (or designee); and
• A representative of an association representing administrative practices, such as the American Group Practice Association or the Medical Group Management Association.

Welcome congressional staff to attend as observers. Send notice to them of the agenda and dates. Invite representatives of the RO to attend and participate.

**Exhibit 4 - Reliable Information - (Rev. 3, 11-22-00)**

Reliable evidence includes but is not limited to the following:

- Documented allegations from credible sources that items or services were not furnished or received as billed;
- Billing patterns so aberrant from the norm that they bring into question the correctness of the payments made or about to be made;
- Data analysis that shows the provider's utilization to be well above that of its peers without any apparent legitimate rationale for this;
- Statements by beneficiaries and/or their families attesting to the provider's fraudulent behavior;
- Corroboration from provider employees (official and unofficial whistle blowers);
- Other sources, such as prepayment and postpayment review of medical records; or
- Recommendations for suspension by OIG/OI, FBI, Assistant U.S. Attorneys (AUSAs), or CMS, based on their finding that the provider has already received overpayments and continued payments should be made only after a determination that continued payment is appropriate.

**Exhibit 5 - Background Information When IRP is Questioned - (Rev. 3, 11-22-00)**

Section 203(b)(1) of the Health Insurance Portability and Accountability Act of 1996 allows the federal government to pay a reward to individuals who report evidence of suspected fraud and abuse against the Medicare program. Implementing regulations, issued on June 8, 1998, were effective on July 8, 1998 and provide that a complainant may be rewarded up to 10 percent of the amount recovered, but not more than $1,000. Not everyone is eligible for the reward, though. To be eligible for a reward:

- The information you give has to lead to a recovery of at least $100;
- The suspected fraud must be acts or omissions that are grounds for the government to impose sanctions provided under certain provisions of the law;
- There isn't another reward that you qualify for under another government program;
• You must not have participated in the sanctionable offense with respect to which payment is being made;

• If the person or organization is already under investigation; and

• You are not an immediate family member or an employee of the Department of Health and Human Services, its contractors or subcontractors, the Social Security Administration, the Office of the Inspector General, a State Medicaid agency, the Department of Justice, the FBI, or any other federal, State, or local law enforcement agency at the time he or she came into possession, or divulged information leading to a recovery of Medicare funds.

You'll receive a letter from us acknowledging that we have received your complaint. Some investigations take a long time to complete, and may take several months or years to resolve. You'll be notified by letter of your eligibility to receive a reward after the Medicare funds have been recovered. If you do receive a reward for this information you may be expected to pay any applicable state and federal taxes.

5.1 - Reward Eligibility Notification Letter - (Rev. 3, 11-22-00)

Dear ________________________________:

You are eligible for a reward as part of the Medicare Incentive Reward Program for telling us about Medicare fraud and abuse.

To claim your reward, please fill out the enclosed form and return it to [contractor information] in the enclosed envelope. You have one year from the date of this letter to claim your reward.

In the case of death or incapacitation of the person reporting the potential fraud, a legal representative of that person may claim the reward on his or her behalf when evidence is submitted to justify the claim.

If it is later found that you received the reward caused by your misrepresentation of the facts, all monies paid to you must be returned to Medicare. If you have questions, please contact [contractor information].

Sincerely,

[Contractor Information]

5.2 - Reward Claim Form - (Rev. 3, 11-22-00)

[To be completed by contractor.]
Dear [Contractor Information]:

I am claiming the reward for providing information about Medicare fraud by filling out this form as it applies to me. My signature verifies that I am a proper recipient of the incentive reward or that I am the legal representative of the proper recipient of the reward. I also understand that the reward must be repaid by the recipient if it is later determined that the reward should not have been received.

CLAIMANT INFORMATION

Name________________________________________________

Street Address__________________________________________

City, State, Zip code______________________________

Telephone Number____________________________________

Claimant (or Representative) Signature__________________________

REPRESENTATIVE INFORMATION

If the intended recipient of the reward has become incapacitated or has died, his or her executor, administrator, or other legal representative may collect the reward on the individual's behalf or for the individual's estate. In addition to submitting this letter, please also submit certified copies of letters testamentary, letters of administration, or other similar evidence to show your authority to claim the reward. In the space provided below, please submit your name and the mailing address where the check should be sent if that address differs from the information stated above.

5.3 - How to Use the IRP Tracking System - (Rev. 3, 11-22-00)

Selected IRP screen exhibits may be viewed from the PIM whenever "Click here to view the selected screen" is indicated in bold.

After you log on to the Winframe, you will see the IRP Tracking group icon. Double click on that icon, then double click on the IRP Tracking to run the application. The first screen IRP Menu will appear.

Click here to view an exhibit of the IRP Menu screen.

A. Screen Use

From the IRP menu screen, click on the item you would like to select. Reference §§5.4 through 5.9 below for explicit instructions on how to use every menu option of the IRP system.

B. Options

1. Pending Case List - This function allows you to view all of the pending cases in the system. See §5.4 below for details on this option.

2. Pending List By Contractor - This function allows you to view all of the pending cases that are listed by each contractor ID number. See §5.5 below for details on this option.

3. New Case - This function allows you to enter a new case into the system. See §5.6 below for details on this option.

4. Closed Case List - This function allows you to view all of the closed cases in the system. See §5.7 below for details on this option.

5. Closed Case List By Contractor - This function allows you to view all of the closed cases that are listed by each contractor's ID number. See §5.8 below for details on this option.

6. Report Menu - This function allows you to open the report menu that contains all available predefined reports.
5.4 - Section I: Pending Case List Screen - (Rev. 3, 11-22-00)

Click here to view an exhibit of the Pending Case List Screen.

View Case- After you select a case number, you can double click on the view case button on the bottom of the screen to view the case detail screen of the case selected. From the case detail screen you may:

1. View Comments

You may enter/edit contractor comments or view CMS comments. DO NOT EDIT CMS COMMENTS. You may save comments or save/close form.

2. Edit Case

You may select view/edit comments and enter/edit contractor comments or view CMS comments. DO NOT EDIT CMS COMMENTS. You may save comments or save/close form. You may also select enter/edit provider to access the provider detail screen. From the provider detail screen you may click on 1) add new provider; 2) delete provider; 3) edit provider; or 4) enter/edit an allegation against a provider. To edit the provider appearing on the screen, click on the edit provider button. You may click on next provider or previous provider to find the one that you want to edit. To enter/edit an allegation, click on the allegation button to get to the view allegations screen. Select the case desired and you may add or delete an allegation or cancel this function.

3. View Report

Click on the view report to get to the case report menu. You may now view the details of the selected case.

5.5 - Section II: Pending Case List by Contractor Screen - (Rev. 3, 11-22-00)

You may perform the same functions as in §5.4 (§I) above: Pending Case List. However, information will be provided specific to the contractor ID number entered.

5.6 - Section III: New Case - (Rev. 3, 11-22-00)

Click here to view an exhibit of the New Case Screen.

Click on the new case button to get the new case screen. You must enter a FID number at this time to enter new case information. You can move from one data field to another by either using the Tab key or the mouse to move the cursor to that data field. After entering all available information, you must remember to click on the enter provider information to access the provider detail screen and click on the enter complainant information to access the complainant detail
screen. You may also edit the provider information or complainant information using this same approach. If the provider number is not entered at this time, the system will not allow you to save this provider information. The case number and complainant's first, middle initial and last name must be entered to allow you to save the complainant's information.

1. Provider Detail - Enter provider information. Click the “enter allegation” button to get to the “view allegations” screen. At this point, you may add an allegation, delete an allegation, or cancel the screen. An allegation is added by typing in an allegation code next to the provider number and then clicking on "OK". You may exit the screen by clicking on the ok-save edits button.

2. Complainant Detail - Enter complainant information, and then close screen.

Exhibit 6 - LMRP Format (Rev. 44, 07-25-03)

Contractors must ensure that all new LMRPs are written in the following format. Contractors must also ensure that all LMRPs revised after 5/1/2003 are written in the following format. Contractors are encouraged to format all revised policies as follows. Contractors may display on their websites column and headings instead of using the table format as shown below but the LMRP content must include all the same information.

The column “Mandatory During Conversion” indicates whether the field is required for conversion from www.LMRP.net to the Medicare Coverage Database.

The column “Mandatory After Conversion” indicates whether the field is required for all new and revised LMRPs after 5/1/2003.

OPENING

Dear _______: 

Thank you for your cooperation during the comprehensive medical review conducted at your facility on __________. Based on this review we have determined that you have been overpaid. We hope the following information answers any questions you may have.

REASON FOR REVIEW

This review was conducted because our analysis of your billing data showed that your facility utilized ________ services at a rate of 50 percent more than that of your peer group.

HOW THE OVERPAYMENT WAS DETERMINED

A random sample of ________ claims processed from 01/01/98 to 06/30/98 was selected for review to determine if the services billed were reasonable and necessary and that all other requirements for Medicare coverage were met. Medical documentation for the selected claims was reviewed by our medical review staff.

Our review found that some services you submitted were not reasonable and necessary as required by the Medicare statute or did not meet other Medicare coverage requirements.

WHY YOU ARE RESPONSIBLE
You are responsible for the overpayment if you knew or had reason to know that service(s) were not reasonable or necessary, and/or you did not follow correct procedures or use care in billing or receiving payment.

The attachment identifies the specific claims that have been determined to be fully or partially non-covered, the specific reasons for denial, an explanation of why you are responsible for the incorrect payment and the amount of the overpayment.

WHAT YOU SHOULD DO

Please return the amount of the overpayment to us by ________ and no interest charge will be assessed. Make the check payable to Medicare Part A and send it with a copy of this letter to:

Intermediary's Address

IF YOU DO NOT REFUND WITHIN 30 DAYS:

If you repay the overpayment within 30 days, you will not have to pay any interest charge. However, if you do not repay the amount within 30 days, interest will accrue from the date of this letter at the rate of _____ percent for each full 30-day period that payment is not made on time.

On ________ we will automatically begin to recoup the overpayment amount against your pending claims. Recouped payments will be applied to the accrued interest first and then to the principal. If you believe that recoupment should not be put into effect, submit a Statement within 15 days of the date of this letter to the above address, giving the reason(s) why you feel this action should not be taken. We will review your documentation. However, this is not an appeal of the overpayment determination, and it will not delay recoupment.

For copies of the applicable laws and regulations, please contact us at the address shown in our letterhead, to the attention of the __________ Department.

APPEAL RIGHTS:

If you disagree with the overpayment decision, you may file an appeal. An appeal is a review performed by people independent of those who have reviewed your claim so far. The first level of appeal is called a redetermination. You must file your request for a redetermination within 120 days of the date you receive this letter. Unless you show us otherwise, we assume you received this letter 5 days after the date of this letter. Please send your request for a redetermination to:

Address to which redetermination request should be sent

GENERAL PROBLEMS IDENTIFIED IN THE REVIEW AND/OR CORRECTIVE ACTIONS TO BE TAKEN
This review has shown that you are not following national Medicare guidelines in submitting claims for necessary and reasonable ________ services. In addition, you have not followed the Provider Bulletins and letters sent to you regarding local medical review policies and specific problems that we have identified with your billing practices. Your future claims for ________ will be suspended for prepayment review until you correct your billing.

If you have any questions regarding this matter, please contact __________ at __________.

Thank you in advance for your prompt attention to this matter.

Sincerely,

7.1 - Attachment to Letter for Provider Site Reviews - (Rev. 3, 11-22-00)

Following is a list of the claims denied as a result of the review:

- Beneficiary Name: John Smith
- HI Claim Number: 000-00-0000 A
- Service Dates: 12/08/97 - 12/08/97
- Services Denied and Dates: Magnetic Resonance Imaging (MRI) 12/08/97
- Reason for Denial: MRI's are not considered reasonable and medically necessary for the diagnosis of xxxx.
- Why the Provider is Responsible: We believe you knew or should have known that the services were not reasonable and necessary because you were notified in a Provider Bulletin. The Bulletin dated April 1, 1997, outlined Local Medical Review Policy which indicated that MRI's were not covered for the diagnosis of xxxx. Therefore, you are responsible for paying the overpayment amount.
- Overpayment: $900.00
- Beneficiary Name: Mary Smith
- HI Claim Number: 000-00-0000B
- Service Dates: 10/01/97 - 10/31/97
- Services Denied and Dates: Physical therapy evaluation and re-evaluation on 10/03/97 and 10/26/97.
- Reason for Denial: The two physical therapy visits are not reasonable and medically necessary because the medical documentation shows that the patient was ambulatory and had no functional problems which would have required a physical therapy evaluation or re-evaluation.
• Why you are Responsible: In a letter dated 07/30/97 you were notified that such therapy 
evaluation and re-evaluation were not considered reasonable and necessary. Therefore, 
you are responsible for the overpayment.

• Overpayment: $ 200.00

• Beneficiary Name: Tom Jones

• HI Claim Number: 000-00-0000A

• Service Dates: 12/10/97 - 12/31/97

• Services Denied and Dates: 10 physical therapy visits from 12/10/97 - 12/31/97

• Reason for Denial: No plan of care signed by a physician.

• Why you are responsible: We find you responsible for the overpayment because 
regulations at 42 CFR, and manual instructions at §xxxx, clearly require a plan of care 
signed by a physician for therapy visits.

• Overpayment: $1,200.00

OPENING:

Dear XXXXX:

You have been selected for a comprehensive medical review (CMR) of your billing for Medicare 
services pursuant to CMS’s statutory and regulatory authority. You were selected for this review 
because our analysis of your billing data indicates that you may be billing inappropriately for 
services.

We have selected a random sample of ____ claims for services provided during the period ____ 
through _____. (See attached listing.) For each of these claims, we are requesting the following 
information:
[The following list is for illustrative purposes. MR should request any documentation that will permit them to conduct a thorough review of the claims submitted with regard to coverage, eligibility, medical reasonableness and necessity, limitation on liability determinations (§1879), without fault determinations (§1870), etc.]

- Form HCFA-485;
- Form HCFA-486, or equivalent information, if applicable;
- Form HCFA-487, or equivalent information, if applicable;
- Flow sheets or treatment sheets, if used;
- Narrative or progress notes, if used;
- Supplemental order, if applicable;
- Itemized breakdown of supplies, if supplies are billed;
- Lab values, if applicable;
- Copy of the UB-92 for each bill;
- Lab reports for any B12 injections;
- Lab or x-ray reports for any calcimar injection;
- Other __________________________________________

The above information should be mailed to the following address within 30 days from the date of this letter:

Intermediary Name, Address, and Contact Person

Our medical review staff will review the documentation you submit for each of the claims to determine if the services billed are reasonable and necessary and meet all other requirements for Medicare coverage. Along with our claims payment determination, we will make a limitation on liability decision for services that are subject to the provisions of §1879 of the Social Security Act (the Act), and a determination in accordance with §1870 of the Act (whether you are without fault for any overpayments).

We will project the overpayments identified in the sample to the universe of claims processed during the time frame described above. We will adjust the projected overpayment to reflect any previously denied claims which are payable, denied claims for which you were found not liable under §1879 of the Act, and denied claims for which you were found to be without fault under §1870 of the Act.

Following our review, we will inform you in writing of our findings. We will provide you with a listing of the claims that were reviewed and our determinations with regard to those claims (i.e., full or partial denials and payable claims), the specific reasons for denial, identification of
denials that fall under §1879 of the Act and those that do not, our liability determination for	hose denials that fall under §1879 of the Act, our determination of whether you are without fault
under §1870 of the Act, an explanation of why you are responsible for the incorrect payment, the
amount of the overpayment or underpayment, and interest accrual on unpaid balances. We will
provide you with an explanation of your right to submit a rebuttal statement under 42 CFR
405.370-375 if we determine that you have been overpaid, and your options for repaying any
overpayments, or our refund of any underpayments. We will provide you with an explanation of
how any overpayment was determined, including the sampling methodology used to project the
amount of the overpayment. We will also provide you with a full explanation of your appeal
rights, including appeal of the sampling methodology used to determine the overpayment,
estimation of the overpayment, coverage decisions, limitation on liability decisions under §1879
of the Act, and our determination as to whether you are without fault under §1870 of the Act.

If you have any questions concerning this request, you may contact me at (telephone
number). Your cooperation is appreciated.

Sincerely,

7.3 - Exhibit: Part A Sample Letter Notifying the Provider of the Results, and
Request Repayment of Overpayments

DATE:

PROVIDER NAME: INTERMEDIARY NAME:
PROVIDER ADDRESS: INTERMEDIARY ADDRESS:
PROVIDER NUMBER:

OPENING:
Dear XXXXXXX:

Thank you for your cooperation during the comprehensive medical review conducted at your
facility on __________. Based on this review, we have reopened claims in accordance with the
reopening procedures at 42 CFR 405.750 and have determined that you have been overpaid in
the amount of ____________. We hope the following information answers any questions you
may have.

REASON FOR REVIEW

This review was conducted because our analysis of your billing data showed that you may be
billing inappropriately for services. (Include in this paragraph any additional details on why the
provider was selected for the review.)
HOW THE OVERPAYMENT WAS DETERMINED

A randomly selected sample of ________ claims processed from ________ to ________ was selected for review to determine if the services billed were reasonable and necessary and that all other requirements for Medicare coverage were met. Medical documentation for the selected claims was reviewed by our medical review staff.

Based on the medical documentation reviewed for the selected claims, we found that some services you submitted were not reasonable and necessary, as required by the Medicare statute, or did not meet other Medicare coverage requirements. Along with our claims payment determination, we have made limitation on liability decisions for denials of those services subject to the provisions of §1879 of the Social Security Act (the Act). Those claims for which we determined that you knew, or should have known, that the services were noncovered have been included in the results of this review. In addition, we have made decisions as to whether or not you are without fault for the overpayment under the provisions of §1870 of the Act. Those claims for which you are not without fault have been included in the results of this review. We projected our findings from the claims that we reviewed to the universe of claims processed during the time frame mentioned above.

TOTAL OVERPAYMENTS

(List the aggregate overpayments)

Be advised that this overpayment amount is based on your interim payment rate in effect at the time the review was done. Further adjustments may be made when your cost report is settled.

GENERAL PROBLEMS IDENTIFIED IN THE REVIEW AND/OR CORRECTIVE ACTIONS TO BE TAKEN

This review has shown that you are not following published Medicare guidelines and policies in submitting claims for necessary and reasonable ________ services. (Reference any provider specific education that occurred regarding these services.) Because of these identified problems, your future claims for ________ may be subject to prepayment review until you correct your billing.

WHY YOU ARE RESPONSIBLE

You are responsible for the overpayment if you knew or had reason to know that service(s) were not reasonable and necessary, and/or you did not follow correct procedures or use care in billing or receiving payment, and you are found to be not without fault under §1870 of the Act.

A list of the specific claims that have been determined to be fully or partially noncovered, the specific reasons for denial, identification of denials that fall under §1879 of the Act and those that do not, the determination of whether you are without fault under §1870 of the Act, an explanation of why you are responsible for the incorrect payment, and the amount of the
overpayment is attached. (Enclose a list of the specific claims from the sample that have been found not to be covered. See the example within this exhibit.)

The sampling methodology used in selecting claims for review and the method of overpayment estimation is attached. (Enclosed an explanation of the sampling methodology.)

WHAT YOU SHOULD DO

Please return the amount of the overpayment to us by (insert date, 15 days from date of letter). However, you may request an extended repayment schedule in accordance with 42 CFR 401.607(c). Please contact (name of contact person at the FI/RHHI) on (phone number of contact person) to discuss repayment options for the full amount of the overpayment determined by the projection of errors found on the ___ claim sample.

INTEREST

If you refund the overpayment within 30 days, you will not have to pay any interest charge. If you do not repay the amount within 30 days, interest will accrue from the date of this letter at the rate of _____ percent for each full 30-day period that payment is not made on time. Medicare charges interest on its outstanding Part A debts in accordance with §1815(d) of the Act and 42 CFR 405.378.

RECOUPMENT AND YOUR RIGHT TO SUBMIT A REBUTTAL STATEMENT

As provided in regulations at 42 CFR 401.607(a) and 405.370-375, on (insert date provided in above paragraph captioned, "What You Should Do"), we will automatically begin to recoup the overpayment amount against your pending and future claims. If you do not repay the debt within 30 days, we will apply your payments, and amounts we recoup, first to accrued interest and then to principal. Also, in accordance with the Debt Collection Improvement Act, we may refer your debt to the Department of Treasury for offset against any monies payable to you by the Federal Government.

You have the right to submit a rebuttal Statement in writing within fifteen days from the date of this letter. Your rebuttal Statement should address why the recoupment should not be put into effect on the date specified above. You may include with this Statement any evidence you believe is pertinent to your reasons why the recoupment should not be put into effect on the date specified above. Your rebuttal Statement and evidence should be sent to:

FI Name, Address, Telephone #, and Fax #

Upon receipt of your rebuttal Statement and any supporting evidence, we will consider and determine within fifteen days whether the facts justify continuation, modification, or termination of the overpayment recoupment. We will send you a separate written notice of our determination that will contain the rationale for our determination. However, recoupment will not be delayed beyond the date stated in this notice while we review your rebuttal Statement. This is not an appeal of the overpayment determination, and it will not delay recoupment based on §1893(f)(2).
of the Act. If put into effect, the recoupment will remain in effect until the earliest of the following: (1) the overpayment and any assessed interest are liquidated; (2) we obtain a satisfactory agreement from you to liquidate the overpayment; (3) a valid and timely appeal is received; or (4) on the basis of subsequently acquired evidence, we determine that there is no overpayment.

If you choose not to submit a rebuttal Statement, the recoupment will automatically go into effect on (insert same date as provided in paragraph captioned, "What You Should Do "). Whether or not you submit a rebuttal Statement, our decisions to recoup or delay recouping, to grant or refuse to grant an extended repayment schedule, and our response to any rebuttal Statement are not initial determinations as defined in 42 CFR 405.704, and thus, are not appealable determinations. (See also, 42 CFR 401.625 and 405.375(c).)

YOUR RIGHT TO CHALLENGE OUR DECISIONS

This letter serves as our revised determination of the claims listed in the Attachment. If you disagree with this determination, you may request a redetermination within 120 days of the date you receive this letter (unless you can show us otherwise, receipt is presumed to be five (5) days from the date of this letter). You have the right to raise the same issues under this procedure as you would have in the context of non-sampling claims determinations under Part A and overpayment recovery. (See 42 CFR 405.701, et seq.) You may ask for a redetermination of the denials for which you are determined to be liable under §1879 of the Act or for which the beneficiary is determined to be liable under §1879 of the Act, but declined, in writing, to exercise his/her appeal rights, and determinations for which you are found to be not without fault under §1870 of the Act. You may also challenge the validity of the sample selection and the validity of the statistical projection of the sample results to the universe. (Refer to the appeals procedure in your Provider Manual § __________ for further details.)

If you have any questions regarding this matter, please contact _________ at ___________. (Provide correspondence address.)

Thank you in advance for your prompt attention to this matter.

Sincerely,

7.3.1 - Exhibit: Attachment to the Part A Letter Notifying the Provider of the Results, and Request Repayment of Overpayments
(Rev.)

The following is a list of claims denied as a result of the review:

A. Beneficiary Name: John Smith
1. HI Claim Number: 000-00-0000 A

2. Service Dates: 12/01/96 - 01/15/97

3. Services Denied and Dates: 45 Inpatient SNF Days, 12/1/96 - 1/15/97

4. Reason for Denial: The therapy services rendered were not medically reasonable and necessary because they were for overall fitness and general well being and did not require the skills of a qualified physical therapist (§1879 denial). (Provide details that led you to the conclusion that the services were non-skilled.)

5. Why You Are Responsible: We find that you knew or should have known that payment would not be made for such items or services under Part A, and you are not without fault in accordance with §1870 of the Social Security Act. We believe you knew or should have known that the services were not medically reasonable and necessary because of the educational contacts made in July 1996 and October 1996 regarding Medicare coverage of therapy services. In these contacts numerous similar examples were cited as noncovered. Therefore, you are responsible for paying the overpayment amount.

6. Overpayment: $2,000.00

B. Beneficiary Name: Mary Smith

1. HI Claim Number: 000-00-0000 B

2. Service Dates: 01/01/97 - 01/31/97

3. Services Denied and Dates: 31 Inpatient SNF Days, 01/01/97 - 01/31/97

4. Reason for Denial: There was no skilled care furnished on a daily basis. Skilled therapy services were furnished 2-3 times a week, although therapy is available in your facility on a daily basis.

5. Why You Are Responsible: We find that you knew or should have known that payment would not be made for such items or services under Part A, and you are not without fault in accordance with §1870 of the Social Security Act. The Medicare coverage guidelines in the SNF manual clearly state the requirement for daily skilled services. You were also notified in educational contacts in July 1997 and October 1997 of similar cases. Therefore, you are responsible for the overpayment.

6. Overpayment: $200.00

7.4 - Exhibit: Part B Sample Letter Notifying the Provider of the Results, and Request Repayment of Overpayments
SAMPLE LETTER--MEDICARE PART B

DATE:

PROVIDER NAME: INTERMEDIARY NAME:
PROVIDER ADDRESS: INTERMEDIARY ADDRESS:
PROVIDER NUMBER:

OPENING:
Dear XXXXX:

Thank you for your cooperation during the comprehensive medical review conducted at your facility on ___________. Based on this review, we have reopened claims in accordance with the reopening procedures at 42 CFR 405.841 and have determined that you have been overpaid in the amount of ____________. We hope the following information answers any questions you may have.

REASON FOR REVIEW

This review was conducted because our analysis of your billing data showed that you may be billing inappropriately for services. (Include in this paragraph any additional details on why the provider was selected for the review.)

HOW THE OVERPAYMENT WAS DETERMINED

A randomly selected sample of ______ claims processed from ______ to ______ was selected for review to determine if the services billed were reasonable and necessary and that all other requirements for Medicare coverage were met. Medical documentation for the selected claims was reviewed by our medical review staff.

Based on the medical documentation reviewed for the selected claims, we found that some services you submitted were not reasonable and necessary, as required by the Medicare statute, or did not meet other Medicare coverage requirements. Along with our claims payment determination, we have made limitation on liability decisions for denials of those services subject to the provisions of §1879 of the Social Security Act (the Act). Those claims for which we determined that you knew, or should have known, that the services were noncovered have been included in the results of this review. In addition, we have made decisions as to whether or not you are without fault for the overpayment under the provisions of §1870 of the Act. Those claims for which you are not without fault have been included in the results of this review. We projected our findings from the claims that we reviewed to the universe of claims processed during the time frame mentioned above.

GENERAL PROBLEMS IDENTIFIED IN THE REVIEW AND/OR CORRECTIVE ACTIONS TO BE TAKEN
This review has shown that you are not following published Medicare guidelines and policies in submitting claims for necessary and reasonable ________ services. (Reference any provider specific education that occurred regarding these services.) Because of these identified problems, your future claims for ________ may be subject to prepayment review until you correct your billing.

WHY YOU ARE RESPONSIBLE

You are responsible for the overpayment if you knew or had reason to know that service(s) were not reasonable and necessary, and/or you did not follow correct procedures or use care in billing or receiving payment, and you are found to be not without fault under §1870 of the Act.

A list of specific claims that have been determined to be fully or partially noncovered, the specific reasons for denial, identification of denials that fall under §1879 of the Act and those that do not, the determination of whether you are without fault under §1870 of the Act, an explanation of why you are responsible for the incorrect payment, and the amount of the overpayment is attached. (Enclosed a list of the specific claims and an explanation of fault for each. See the example within this exhibit.)

An explanation of the sampling methodology used in selecting claims for review and the method of overpayment estimation is attached. (Enclose an explanation of the sampling methodology.)

WHAT YOU SHOULD DO

Please return the overpaid amount to us by ______________(date) and no interest charge will be assessed. Make the check payable to Medicare Part B and send it with a copy of this letter to:

__________________Address

IF YOU DO NOT REFUND IN 30 DAYS

In accordance with 42 CFR 405.378, simple interest at the rate of ______ will be charged on the unpaid balance of the overpayment beginning on the 31st day. Interest is calculated in 30-day periods and is assessed for each full 30-day period that payment is not made on time. Thus, if payment is received 31 days from the date of final determination, one 30-day period of interest will be charged. Each payment will be applied first to accrued interest and then to principal. After each payment, interest will continue to accrue on the remaining principal balance at the rate of ______.

We must request that you refund this amount in full. If you are unable to make refund of the amount at this time, advise this office immediately so that we may determine if you are eligible for an extended repayment schedule. (See enclosure for details.) Any extended repayment schedule (where one is approved) would run from the date of this letter.

RECOUPEMENT AND YOUR RIGHT TO SUBMIT A REBUTTAL STATEMENT
If payment in full is not received by (specify a date 40 days from the date of the notification), payments to you will be withheld until payment in full is received, an acceptable extended repayment request is received, or a valid and timely appeal is received.

You have the right to submit a rebuttal Statement in writing within fifteen days from the date of this letter. Your rebuttal Statement should address why the recoupment should not be put into effect on the date specified above. You may include with this Statement any evidence you believe is pertinent to your reasons why the recoupment should not be put into effect on the date specified above. Your rebuttal Statement and evidence should be sent to:

Carrier Name, Address, Telephone #, and Fax #

Upon receipt of your rebuttal Statement and any supporting evidence, we will consider and determine within 15 days whether the facts justify continuation, modification or termination of the overpayment recoupment. We will send you a separate written notice of our determination that will contain the rationale for our determination. However, recoupment will not be delayed beyond the date stated in this notice while we review your rebuttal Statement. This is not an appeal of the overpayment determination, and it will not delay recoupment based on §1893(f)(2) of the Act. If put into effect, the recoupment will remain in effect until the earliest of the following: (1) the overpayment and any assessed interest are liquidated; (2) we obtain a satisfactory agreement from you to liquidate the overpayment; (3) a valid and timely appeal is received; or (4) on the basis of subsequently acquired evidence, we determine that there is no overpayment.

Whether or not you submit a rebuttal Statement, our decisions to recoup or delay recouping, to grant or refuse to grant an extended repayment schedule, and our response to any rebuttal Statement are not initial determinations as defined in 42 CFR 405.803, and thus, are not appealable determinations. (See also, 42 CFR 401.625 and 405.375(c).)

YOUR RIGHT TO CHALLENGE OUR DECISIONS

This letter serves as our revised determination of the claims listed in the attachment. If you disagree with this determination, you may request a redetermination within 120 days of the date of this letter (unless you show us otherwise, receipt is presumed to be five (5) days from the date of this letter). You have the right to raise the same issues under this procedure as you would have in the context of non-sampling claims determinations of Part B services billed to the Fiscal Intermediary, and overpayment recovery. (See 42 CFR 405.801, et seq. and 42 CFR 405.701, et seq.) You may ask for a redetermination of the denials for which you are determined to be liable under §1879 of the Act or for which the beneficiary is determined to be liable under §1879 of the Act, but declined, in writing, to exercise his/her appeal rights, and determinations for which you are found to be not without fault under §1870 of the Act. You may also challenge the validity of the sample selection and the validity of the statistical projection of the sample results to the universe. (Refer to the appeals procedure in your Provider Manual Section __________ for further details.)

IF YOU HAVE FILED A BANKRUPTCY PETITION
If you have filed a bankruptcy petition or are involved in a bankruptcy proceeding, Medicare financial obligations will be resolved in accordance with the applicable bankruptcy process. Accordingly, we request that you immediately notify us about this bankruptcy so that we may coordinate with both the Centers for Medicare & Medicaid Services and the Department of Justice so as to assure that we handle your situation properly. If possible, when notifying us about the bankruptcy, please include the name the bankruptcy is filed under and the district where the bankruptcy is filed.

If you have any questions regarding this matter, please contact __________ at __________. (Provide correspondence address.)

Thank you in advance for your prompt attention to this matter.

Sincerely,

Enclosures

7.4.1 - Exhibit: Attachment to the Part B Letter Notifying the Provider of the Results, and Request Repayment of Overpayments
(Rev.)

The following is a list of the claims denied as a result of the review:

A. **Beneficiary Name: John Smith**

1. HI Claim Number: 000-00-0000 A

2. Service Dates: 12/08/96 - 12/08/96

3. Services Denied and Dates: Magnetic Resonance Imaging (MRI) 12/08/96

4. Reason for Denial: MRIs are not considered medically reasonable and necessary for the diagnosis of xxxx (§1879 denial).

5. Why You Are Responsible: We find that you knew or should have known that payment would not be made for such items or services under Part A, and you are not without fault in accordance with §1870 of the Social Security Act. You knew or should have known that the services were not medically reasonable and necessary because you were notified in a Provider Bulletin. The Bulletin dated April 1, 1996, outlined Local Medical Review Policy which indicated that MRIs were not covered for the diagnosis of xxxx. Therefore, you are responsible for paying the overpayment amount.

6. Overpayment: $900.00
B. Beneficiary Name: Mary Smith

1. HI Claim Number: 000-00-0000 B

2. Service Dates: 01/01/97 - 01/31/97

3. Services Denied and Dates: Physical Therapy evaluation and re-evaluation on 01/03/97 and 01/26/97

4. Reason for Denial: The two Physical Therapy visits are not medically reasonable and necessary because the medical documentation shows that the patient was ambulatory and had no functional problems which would have required a physical therapy evaluation or re-evaluation (§1879 denial).

5. Why You Are Responsible: We find that you knew or should have known that payment would not be made for such items or services under Part A, and you are not without fault in accordance with §1870 of the Social Security Act. In a letter dated 10/30/96, you were notified that such therapy evaluation and re-evaluation were not considered medically reasonable and necessary. Therefore, you are responsible for the overpayment.

6. Overpayment: $200.00

Exhibit 8 – Reserved for Future Use

Exhibit 9 - Projection Methodologies and Instructions for Reviews of Home Health Agencies for Claims Not Paid Under PPS (Rev.)

Preamble – These methodologies shall be used in conjunction with the instructions found in Chapter 3, §3.10 – Use of Statistical Sampling for Overpayment Estimation.

A. Reimbursement Methods for Home Health Agencies (HHAs)

Based on the findings from the statistical sampling for overpayment estimation, the Fiscal Intermediary (FI)/Regional Home Health Intermediary (RHHI) will project by discipline to the universe from which the sample was drawn to derive an overpayment amount. They determine the sample universe by discipline (e.g., skilled nursing, physical therapy) for a specified time frame within a single cost reporting period. They determine the reimbursement method for the service(s) reviewed as shown below to ascertain the appropriate projection methodology to be used.

The HHAs are reimbursed as follows:
Discipline: Patient Services--Reimbursed By Cost Per Visit
- Skilled Nursing;
- Physical Therapy;
- Occupational Therapy;
- Speech Pathology;
- Medical Social Services; and
- Home Health Aide Service
- Other Patient Services - Reimbursed By Lower of Costs or Charges
- Cost of Medical Supplies;
- Cost of Drugs

Note that the reimbursement methodology for HHA's was changed by the BBA for cost report periods beginning on or after October 1, 1997.

**B. Procedures for Disciplines 1 through 6, which are reimbursed by cost per visit:**

The following procedures apply to disciplines 1 through 6, which are reimbursed by cost per visit:

- The sample may be chosen from a frame including claims with a particular or many disciplines;
- For each discipline, MR determines the total number of visits and number of visits denied by re-adjudication;
- The lower limit of a one-sided 90% confidence interval for the proportion of services to be denied is to be used in computing overpayments. If use of the one-side 90% confidence interval results in a zero or negative, or presents other problems, see the guidance in Chapter 3, § 3.10.1.5 – Consultation with a Statistical Expert; Chapter 3, §3.10.1.6 – Use of Other Sampling Methodologies; and Chapter 3, §3.10.5.1 – The Point Estimate on alternative scientific methodologies that may be employed for estimating the overpayment and consultation with a statistical expert.
- Multiply the proportion obtained above by the total number of Medicare visits in the frame. This will determine the projected total number of visits to be denied for the period and the adjusted Medicare visits;
- If the adjustment occurs prior to the submission of the cost report, the projected denied visits will be multiplied by the provider's interim payment rate per visit to determine the overpayment amount by discipline subject to collection. The FI/RHHI will proceed to collect the overpayment amount based on discussion with the provider regarding repayment options;
Upon submission of the cost report, total visits on the cost report will not change. The cost per visit computation will remain the same. Only the Medicare visits and the total cost of Medicare services will be reduced. The charges that are applicable to these adjusted costs must also be determined. Both of these adjusted totals are needed to settle the cost report. For cost report periods beginning prior to 10/1/97, HHA cost reports are settled on the lesser of reasonable cost or customary charges. Under the BBA, for cost report periods beginning on or after 10/1/97, the methodology for settling HHA cost reports has changed. Medical Review staff must complete worksheets 1-7 and notify Audit and Reimbursement staff of all necessary adjustments so that the amount can properly be reflected in the cost report.

Worksheets 1 through 7 may be accessed by clicking on the links below:

Worksheet 1: Home Health Agency (HHA) Calculation of Medical Review Audit Adjustment, Form HHA/Audit-1

Worksheet 2: Home Health Agency (HHA) Calculation of Charges Applicable to Adjusted/Denied Visits, Form HHA/Audit-2

Worksheet 3: Home Health Agency (HHA) Medical Review Sampling Results, Form HHA/MR-1, page 1

Worksheet 4: Home Health Agency (HHA) Medical Review Sampling Results, Form HHA/MR-1, page 2

Worksheet 5: Home Health Agency (HHA) Medical Review Sampling Results, Form HHA/MR-1, page 3

Worksheet 6: Home Health Agency (HHA) Summary of Results Medical Review Sampling - Form HHA/MR-2

Worksheet 7: Home Health Agency (HHA) Summary of Results of Medical Review - Form HHA/MR-3

C. Procedures for Other Patient Services

The following procedures apply to other patient services:

- The sample may be chosen from a frame including claims with a particular or many revenue centers;
- For each revenue center, MR determines the total charges and the charges in the sample denied by re-adjudication;
- Determine the ratio of denied Medicare charges to the total Medicare charges in the sample and the 90 percent confidence interval for the ratio. The estimated proportion is a
ratio estimate and therefore requires a formula for the standard error appropriate to ratio estimation;

- The lower bound of the confidence interval for the proportion of charges to be denied is to be used in computing overpayments. If the lower bound is zero or negative, there is no overpayment;
- Multiply the proportion obtained above by the total Medicare charges in the period under review and compute the projected total denied charges;
- Apply the ratio of cost to charges to the revised charges to determine approved costs;
- This results in the amount of denied dollars and constitutes the amount subject to adjustment;
- If the adjustment occurs prior to the submission of the cost report, the FI/RHHI will proceed to collect the overpayment amount based on discussion with the provider regarding repayment options; and
- Upon submission of the cost report, as in the case for disciplines 1 through 6, medical review staff must complete worksheets 1 - 7 identified in §5.3.7B above, and provide audit and reimbursement staff with the information necessary to adjust the cost report and to initiate overpayment collection procedures.

D. Coordination Between Medical Review and Audit and Reimbursement Staff

To preserve the integrity of Provider Statistical and Reimbursement Report (PS&R) data relative to paid claims and shared systems data relative to denied claims, and to ensure proper settlement of costs on provider cost reports, certain principles must be used when projecting overpayments to a universe with HHAs. Communication between the FI/RHHI's medical review and audit and reimbursement units is essential. These two units must be careful to follow the procedures listed below:

- The same data must be used when the projection is made as was used when the sample was selected;
- Projections on denied HHA services must be made for each discipline and revenue center, as instructed above;
- When notifying the provider of the review results for cost reimbursed services, MR must explain that the stated overpayment amount represents an interim payment adjustment. Indicate that subsequent adjustments may be made at cost report settlement to reflect final settled costs;
- Information from the completed Worksheets 1 - 7 identified in §5.3.7B above, must be routed to the FI/RHHI's audit and reimbursement staff. In addition to the actual and projected overpayment amounts, the information must provide the number of denied services (actual denied services plus projected denied services) for each discipline and the amounts of denied charges (actual denied amounts plus projected denied amounts) for supplies and drugs; and
Upon completion of the review, furnish the audit and reimbursement staff with the information listed in PIM Chapter 3 §5.3.1.

The audit and reimbursement staff will:

- Determine the actual overpayment to be recovered for cost based services based on the denied services, units and charges, and the provider's allowed costs;
- Use the information on denied services to ensure accurate settlement of the cost report and/or any adjustments to interim rates that may be necessary as a result of MR findings.
  Audit adjustments will be made to PS&R statistics on the cost report to decrease Medicare visits, increase other visits (total visits remain unchanged) and to adjust Medicare charges, as necessary; and
- In the event that a cost report has been settled, determine the impact and the actions to be taken. In most cases, it is expected that cost reports will not have been settled or even filed.

Exhibit 10 - Projection Methodologies and Instructions for Reviews of Skilled Nursing Facilities (SNFs) for Claims not Paid Under PPS (Rev.)

Preamble – These methodologies shall be used in conjunction with the instructions found in Chapter 3, §3.10 – Use of Statistical Sampling for Overpayment Estimation.

A. Projecting From a Sample to a Universe on SNF Claims

Based on the findings from the statistical sampling for overpayment estimation, the FI will project by ancillary cost center, to the universe from which the sample was drawn to derive an overpayment amount. They determine the sample universe by ancillary service for a specified time frame within a single cost reporting period.

Ancillary Service Cost Centers reimbursed by Lower of Costs or Charges are:

- Radiology;
- Laboratory;
- IV Therapy;
- Oxygen Therapy;
- Physical Therapy;
- Occupational Therapy;
- Speech Pathology;
• Electrocardiology;
• Medical Supplies;
• Drugs Charged; and
• Other

**NOTE:** Effective July 1, 1998, SNF services will be reimbursed in accordance with the provisions in the BBA.

The following procedures should be used to determine the sample universe by ancillary service for a specified time frame within a single cost reporting period:

• The sample may be chosen from a frame including claims with a particular or many revenue centers;
• For each revenue center, determine the total charges and the charges in the sample denied by re-adjudication;
• The lower limit of a one-sided 90% confidence interval for the proportion of charges to be denied is to be used in computing overpayments. If use of the one-side 90% confidence interval results in a zero or negative, or presents other problems, see the guidance in Chapter 3, Sections 3.10.1.5, 3.10.1.6, and 3.10.5.1 on alternative scientific methodologies that may be employed for estimating the overpayment and consultation with a statistical expert;
• Multiply the proportion obtained above by the total Medicare charges in the period under review and compute the projected total denied charges;
• Apply the ratio of cost to charges to the revised charges to determine approved costs;
• This results in the amount of denied dollars and constitutes the amount subject to adjustment;
• If adjustment occurs prior to the submission of the cost report, the FI shall proceed to collect the overpayment amount based on discussion with the provider regarding repayment options; and
• Upon submission of the cost report, Medical Review staff will complete Worksheets 8 - 17, and provide the Audit and Reimbursement staff with the information necessary to adjust the cost report and to initiate overpayment collection procedures.

Worksheets 8 through 17 may be viewed by double clicking on the name (link) below:

**Worksheet 8: Skilled Nursing Facility (SNF) Calculation of Medical Review Audit Adjustment - Form SNF/MR-1, page 1**

**Worksheet 9: Skilled Nursing Facility (SNF) Medical Review Sampling Results - Form SNF/MR-1, page 1**
B. Coordination Between Medical Review and Audit and Reimbursement Staff

To preserve the integrity of the PS&R data relative to paid claims and shared systems data relative to denied claims, and to ensure proper settlement of costs on provider cost reports, certain principles must be used when projecting overpayments to a universe with SNFs. Communication between the FI/RHHI's medical review and audit and reimbursement units is essential. These two units must be careful to follow the procedures listed below:

- The same data must be used when the projection is made as was used when the sample was selected;
- Projections for denied SNF services must be made by each individual ancillary cost center, as instructed above;
- Denied charges must be segregated between Part A and Part B as the SNF Medicare cost report is set up to apportion costs and make separate settlements for Part A and Part B;
- When notifying the provider of the review results, MR must explain that the stated overpayment amount represents an interim payment adjustment. They indicate that subsequent adjustments may be made at cost settlement to reflect final settled costs;
- Information from the completed worksheets 8 - 17 (PIM chapter 3, §5.3.8 above), must be routed to the FI's audit and reimbursement staff. In addition to the actual and
projected overpayment amounts, the information must provide the amount of denied charges (actual denied plus projected denied amounts); and

- Upon completion of the review, MR furnishes the audit and reimbursement staff with the information listed in PIM chapter 3 §5.3D.

The audit and reimbursement staff will:

- Determine the actual overpayment to be recovered based on the denied charges; and
- In the event that a cost report has been settled, they determine the impact and the actions to be taken. It is expected that, in most cases, cost reports will not have been settled or even filed.

Exhibit 11 - Projection Methodologies and Instructions for Reviews of Comprehensive Outpatient Rehabilitation Facilities (CORFS) for Claims Not Paid Under PPS
(Rev.)

Preamble – These methodologies shall be used in conjunction with the instructions found in Chapter 3, §3.10 – Use of Statistical Sampling for Overpayment Estimation.

A. Projecting From a Sample to a Universe on CORF Claims

Based on the findings from the statistical sampling for overpayment estimation, the FI will project by ancillary cost center to the universe from which the sample was drawn to derive an overpayment amount. They determine the sample universe by ancillary service for a specified time frame within a single cost reporting period. When making this determination, the following should be used:

- Ancillary Service Cost Centers that are reimbursed by reasonable costs are:
  - Skilled Nursing Care;
  - Physical Therapy;
  - Speech Pathology;
  - Occupational Therapy;
  - Respiratory Therapy;
  - Medical Social Services;
  - Psychological Services;
  - Prosthetic and Orthotic Devices;
  - Drugs and Biologicals;
• Supplies Charged to Patients;
• DME - Sold; and
• DME - Rented.

The following procedures should be used to determine the sample universe by ancillary service for a specified time frame within a single cost reporting period:

• The sample may be chosen from a frame including claims with a particular or many revenue centers;
• For each revenue center, MR determines the total charges and the charges in the sample denied by re-adjudication;
• The lower limit of a one-sided 90% confidence interval for the proportion of charges to be denied is to be used in computing overpayments. If use of the one-side 90% confidence interval results in a zero or negative, or presents other problems, see the guidance in Chapter 3, Sections 3.10.1.5, 3.10.1.6, and 3.10.5.1 on alternative scientific methodologies that may be employed for estimating the overpayment and consultation with a statistical expert;
• Multiply the proportion obtained above by the total Medicare charges in the period under review and compute the projected total denied charges;
• Apply the ratio of cost to charges to the revised charges to determine approved costs;
• This results in the amount of denied dollars and constitutes the amount subject to adjustment;
• If adjustment occurs prior to the submission of the costs report, the FI shall proceed to collect the overpayment amount based on discussion with the provider regarding repayment options; and
• Upon submission of the cost report, medical review staff will complete Worksheets 24 - 30, then provide audit and reimbursement staff with the information necessary to adjust the cost report and to initiate overpayment collection procedures.

Worksheets 24 through 30 may be viewed by double clicking on the name (link) below:

Worksheet 24: Comprehensive Outpatient Rehabilitation Facility (CORF) Calculation of Medical Review Audit Adjustment - Form CORF/Audit-1

Worksheet 25: Comprehensive Outpatient Rehabilitation Facility (CORF) Medical Review Sampling Results - Form CORF/MR-1, page 1

Worksheet 26: Comprehensive Outpatient Rehabilitation Facility (CORF) Medical Review Sampling Results - Form CORF/MR-1, page 2
B. Coordination Between Medical Review and Audit and Reimbursement Staff

To preserve the integrity of the PS&R data relative to paid claims and shared systems data relative to denied claims, and to ensure proper settlement of costs on provider cost reports, certain principles must be used when projecting overpayments to a universe with CORFs. Communication between the FI/RHHI's medical review and audit and reimbursement units is essential. These two units must be careful to follow the procedures listed below:

- The same data must be used when the projection is made as was used when the sample was selected;
- Projections for denied CORF services must be made by each individual ancillary cost center, as instructed above;
- When notifying the provider of the review results, MR must explain that the stated overpayment amount represents an interim payment adjustment. Indicate that subsequent adjustments may be made at cost settlement to reflect final settled costs;
- Information from the completed worksheets 24 - 30 in PIM chapter 3, §5.3.9A, must be routed to the FI's audit and reimbursement staff. In addition to the actual and projected overpayment amounts, the information must provide the amount of denied charges (actual denied plus projected denied amounts); and
- Upon completion of the review, furnish the Audit and Reimbursement staff with the information listed in PIM chapter 3 §5.3D.

The audit and reimbursement staff will:

- Determine the actual cost report overpayment to be recovered based on the denied charges; and
- In the event that a cost report has been settled, they determine the impact and the actions to be taken. In most cases, it is expected that cost reports will not have been settled or even filed.
Exhibit 12 - Projection Methodologies and Instructions for Reviews of Community Mental Health Centers (CMHCs) for Claims not Paid Under PPS - (Rev.)

Preamble – These methodologies shall be used in conjunction with the instructions found in Chapter 3, §3.10 – Use of Statistical Sampling for Overpayment Estimation.

A. Projecting From a Sample to a Universe on CMHC Claims

Based on the findings from the statistical sampling for overpayment estimation, the FI will project by ancillary cost center to the universe from which the sample was drawn to derive an overpayment amount. Determine the sample universe by ancillary service for a specified time frame within a single cost reporting period.

When making this determination, the following should be used:

Ancillary service cost centers that are reimbursed by lower of costs or charges are:

- Drugs and Biologicals
- Occupational Therapy
- Individualized Activity Therapy
- Psychiatric/Psychological Services
- Individual Therapy
- Group Therapy
- Family Counseling
- Diagnostic Services
- Patient Training and Education

The following procedures should be used to determine the sample universe by ancillary service for a specified time frame within a single cost reporting period.

- The sample may be chosen from a frame including claims with a particular or many revenue centers;
- For each revenue center, determine the total charges and the charges in the sample denied by re-adjudication;
- The lower limit of a one-sided 90% confidence interval for the proportion of services to be denied is to be used in computing overpayments. If use of the one-side 90% confidence interval results in a zero or negative, or presents other problems, see the guidance in [Chapter 3, Sections 14.1.5, 14.1.6, and 14.5.1] on alternative scientific
methodologies that may be employed for estimating the overpayment and consultation with a statistical expert;

- Multiply the proportion obtained above by the total Medicare charges in the period under review and compute the projected total denied charges;
- Apply the ratio of cost to charges to the revised charges to determine approved costs;
- This results in the amount of denied dollars and constitutes the amount subject to adjustment;
- If adjustment occurs prior to the submission of the cost report, the FI shall proceed to collect the overpayment amount based on discussion with the provider regarding repayment options; and
- Upon submission of the cost report, medical review staff will complete worksheets 18 - 23, then provide audit and reimbursement staff with the information necessary to adjust the cost report and to initiate overpayment collection procedures.

Worksheets 18 through 23 may be viewed by double clicking on the name (link) below:

B. Coordination Between Medical Review and Audit and Reimbursement Staff

To preserve the integrity of the PS&R data relative to paid claims and shared systems data relative to denied claims, and to ensure proper settlement of costs on provider cost reports, certain principles must be used when projecting overpayments to a universe with CMHCs. Communication between the FI/RHII's medical review and audit and reimbursement units is essential. These two units must be careful to follow the procedures listed below:
- The same data must be used when the projection is made as was used when the sample was selected;
- Projections for denied CMHC services must be made by each individual ancillary cost center, as instructed above;
- When notifying the provider of the review results, MR must explain that the stated overpayment amount represents an interim payment adjustment. They indicate that subsequent adjustments may be made at cost settlement to reflect final settled costs; and
- Information from the completed worksheets 18 - 23 in PIM chapter 3, §5.3.10A must be routed to the FI's audit and reimbursement staff. In addition to the actual and projected overpayment amounts, the information must provide the amount of denied charges (actual denied plus projected denied amounts).

The audit and reimbursement staff will:

- Determine the actual overpayment to be recovered based on the denied charges; and
- In the event that a cost report has been settled, they determine the impact and the actions to be taken. In most cases, it is expected that cost reports will not have been settled or even filed.

**Documentation of §1879 of the Act Determinations Section**

List the evidence and rationale indicating that the provider knew or should have known that the services were not medically reasonable and necessary.

**Documentation of §1870 of the Act Determinations Section**

List the evidence and rationale indicating that the provider was "at fault" in causing the overpayment and that the provider is liable for the overpayment (i.e., recovery of overpayment will not be waived).

**Exhibit 13.1 - Excluded Providers - (Rev. 3, 11-22-00)**

A. Notice to Beneficiaries
To ensure that the notice to the beneficiary indicates the proper reason for denial of payment, contractors include the following language in the notice:

"We have received a claim for services furnished by ______________ on ______________. Effective ______________, ______________ was excluded from receiving payment for items and services furnished to Medicare beneficiaries. This notice is to advise that no payment will be made for any items or services furnished by ______________ if rendered more than 20 days from the date of this notice."

B. Notice to Others

The Medicare Patient and Program Protection Act of 1987 provides that payment is denied for any items or services ordered or prescribed by a provider excluded under §§ 1128 or 1156 of the Act. It also provides that payment cannot be denied until the supplier of the items and services has been notified of the exclusion.

If claims are submitted by a laboratory or a DME company for any items or services ordered or prescribed by a provider excluded under §§ 1128 or 1156 of the Act, contractors:

- Pay the first claim submitted by the supplier and immediately give notice of the exclusion; and
- Do not pay the supplier for items or services ordered or prescribed by an excluded provider if such items or services were ordered or prescribed more than 20 days after the date of notice to the supplier, or after the effective date of the exclusion, whichever is later.

To ensure that the notice to the supplier indicates the proper reason for denial of payment, contractors include the following language in the notice:

"We have received a claim for services ordered or prescribed by __________________________ on ______________. Effective ____________________, _____________________ was excluded from receiving payment for items or services ordered or prescribed for Medicare beneficiaries. This notice is to advise that no payment will be made for any items or services ordered or prescribed by ______________ if ordered or prescribed more than 20 days from the date of this notice."

Exhibit 14 - Contractor Denials 1862(a)(1) of the Act - (Rev. 3, 11-22-00)

The determinations which follow a § 1862(a)(1) denial may require a decision if the beneficiary or provider knew or could have known that a service would not be covered by Medicare because it would be considered medically unnecessary. The provider is liable if it is determined the provider knew, or could reasonably have been expected to know, that the items or services provided were not covered under Medicare. The beneficiary is liable if it is determined the beneficiary knew, or could reasonably have been expected to know (e.g. utilization review notice from a SNF) that the items or services provided were not covered under Medicare. However, the Medicare program accepts liability (i.e., makes payment to a provider even though a non-covered...
service is involved) if neither the beneficiary nor the provider knew, or could reasonably be expected to have known, that the services were not covered. Waiver of liability exists when both the beneficiary and the provider did not and could not reasonably have been expected to know that payment would not be made for services.

To find that a beneficiary knew or should have known that a service would not be covered, written notice from the provider is required or evidence that the beneficiary had received a prior denial for the same or similar services. To find that a provider had knowledge that a service would not be covered, actual or constructive notice is acceptable (e.g., carrier bulletin with final LMRP and effective date). Sufficient notice includes:

- Previous denials for the same service;
- Publication by the contractor in a newsletter or other communication to the provider community that a service is considered not reasonable and necessary or constitutes custodial care;
- Knowledge based on experience; and
- Local standards of practice.

### 14.1 - Section 1879 of the Act Determination- Limitation of Liability - (Rev. 3, 11-22-00)

Section 1879 provides relief for a beneficiary who acted in good faith in accepting services found to be not reasonable and necessary for the diagnosis or treatment of illness or injury or to improve the functioning of a malformed body member, or to constitute custodial care. The provision also applies to denials of home health services beginning July 1, 1987 and ending September 30, 1989, where the beneficiary is not homebound or does not or did not need skilled nursing care on an intermittent basis. The provision applies to all carrier determinations on all assigned claims when claims are denied (prepay or postpay) under §1862(a)(1) of the Act. Contractors must make an individualized determination for each claim that is denied as not reasonable and necessary.

A §1879 determination regarding knowledge is part of the framework for determining whether an actual or potential overpayment exists. If a contractor determines that program payment was proper because neither the beneficiary nor the provider knew or should have known that the service was not reasonable and necessary, no overpayment exists. However, if the contractor determines that either the beneficiary or the provider knew or should have known that a service was not medically reasonable and necessary, an overpayment exists. Contractors must consider waiver of recovery of the overpayment under §1870 of the Act.

**A. Documentation of §1879 of the Act Determination**

The contractor must document the basis for the determination (i.e., rationale), including appropriate references to contractor newsletters, prior denials, sponsored meetings attended by the provider, etc., where applicable. Any correspondence going to the beneficiary/provider (i.e.,
demand letters) should include all §1879 determinations as to knowledge of noncoverage, both favorable and unfavorable. Document the §1879 determination in the CMR summary report.

**B. Section 1879 of the Act Determinations and Overpayments**

An overpayment would be $0 (zero) for postpayment denials for assigned claims and claims submitted to an intermediary from a participating provider because a determination was made that neither the beneficiary nor the provider knew or should have known the services were not covered. Program payment was appropriate. However, if the beneficiary is found to be liable under §1879 of the Act, an overpayment to the beneficiary exists and the contractor must make an §1870 determination.

**14.2 - Section 1870 of the Act Determination - Waiver of Recovery of an Overpayment**  
(Rev. 3, 11-22-00)

Once the contractor has concluded that an overpayment exists (i.e., postpayment review, including §1879 of the Act waiver determinations is complete), it makes a §1870 determination regarding waiver of recovery of the overpayment from the provider. Carriers make this determination for all claims where the provider took assignment. Section 1870, waiver of recovery, is not applicable for the provider on non-assigned postpayment §1862(a)(1) of the Act denied claims because the overpayment is a beneficiary overpayment. The provider may have a refund obligation to the beneficiary, but the provider did not receive an overpayment from the Medicare program.

Section 1870 is not limited to claims under §1862(a)(1) (A) of the Act denied for not being reasonable and necessary. Section 1870 is the framework for determining whether overpayment recovery is waived. For providers taking assignment, waiving recovery of an overpayment is appropriate where the provider was without fault with respect to causing the overpayment. Where recovery from the provider is waived, the overpayment becomes an overpayment to the beneficiary. However, if the provider was "at fault" in causing the overpayment, recovery of the overpayment from the provider must proceed. Section 1870 waiver of recovery determinations also must be made where the provider mistakenly receives direct payment on an unassigned claim and this is the basis for the overpayment.

If §1879 of the Act is applicable, the §1879 determination is made first since an overpayment does not exist if payment can be made under §1879 because there was a lack of knowledge by both the beneficiary and the provider.

**A. Documentation of §1870 of the Act Determination**

The contractor must document the basis for the determination (i.e., rationale), including appropriate references to contractor newsletters, prior denials, sponsored meetings attended by the provider, etc., where applicable. Any correspondence going to the beneficiary or provider
(i.e., demand letters) should include all §1870 refund determinations. Also, document the §1870
determination in the CMR summary report.

B. Section 1870 of the Act Determinations and Overpayments

Where waiver of recovery from the provider is appropriate under §1870, the contractor must show an overpayment amount, but also indicate that recovery is being waived.

C. Section 1870 of the Act Determinations and Extrapolations

If recovery of an overpayment from the provider for one or more claims is waived under §1870 (i.e., the provider was without fault), the amount waived must be included when extrapolating in order to get a true projected overpayment as to exactly how much recovery is being waived. Contractors should subtract the projected waived amount from the projected overpayment amount to get the amount the provider must repay.

14.3 - Section 1842(l) of the Act Determination - Refunds to Beneficiary
(Rev. 3, 11-22-00)

For §1862(a)(1) of the Act denials on non-assigned claims involving physician or supplier services, carriers must make a determination under §1842(l) regarding whether the physician or supplier must refund any payment collected from the beneficiary. This should be done for initial determinations (prepay) and for postpayment denials.

Carriers make a §1842(l) physician or supplier refund determination if the reviewer concludes that the services were not reasonable and necessary. For physician or supplier claims where assignment was not taken, a §1842(l) refund determination must be made. Carriers must make a determination for each claim that is denied as not reasonable and necessary.

A physician or supplier cannot be considered overpaid if payment was not made to the physician for the claim. A physician or supplier who takes assignment on a claim-by-claim basis may be audited and the sample may include some non-assigned claims. Consideration of a refund on the non-assigned claims denied based on §1862(a)(1)(A) of the Act is appropriate, but a finding that a refund is appropriate does not create a Medicare overpayment.

A. Documentation of §1842(l) of the Act Determination

The carrier must document the basis for the determination (i.e., rationale), including appropriate references to contractor newsletters, prior denials, sponsored meetings attended by the provider, etc., where applicable. Any correspondence going to the beneficiary or physician, or supplier (i.e., demand letters) should include all §1842(l) refund determinations. Document §1842(l) determinations in the CMR summary report.

B. Section 1842(l) of the Act Determination With Respect to Overpayments
A physician refund obligation under §1842(l) is not a determination of a program overpayment. If the refund obligation arises in connection with a postpayment denial, any overpayment would be a beneficiary overpayment.

**Exhibit 14.4 - Effect of Sections 1879 and 1870 of the Social Security Act During Postpayment Reviews**
(Rev. 17, 12-12-01)

The Medicare law contains two provisions that affect the determination and the recovery of overpayments. One is §1879 of the Act, which deals with limitation on liability for services determined to be noncovered because they are, for example, custodial or are not reasonable and necessary under Medicare law, or, for home health services, the patient is not confined to home or the skilled nursing services are not intermittent. If the denial involves items or services to which the provisions of §1879 (limitation on liability) apply, MR makes a determination in accordance with instructions in MIM §3431, MCM §7300 and CMS Ruling 95-1.

The other law affecting the determination and the recovery of overpayments is §1870 of the Act, which provides a framework within which liability for overpayments is determined and recovery of overpayments is pursued. If the denial of a claim involves items or services to which the provisions of §1879 (limitation on liability) do not apply, or if an overpayment results from a §1879 determination that either the beneficiary or the provider is liable, contractors make a determination as to whether the provider was without fault for the overpayment under the provisions of §1870 in accordance with MIM §3431 and MCM §7300.

**Exhibit 15 - Consent Settlement Documents - (Rev. 3, 11-22-00)**
(Rev. 96, Issued: 01-14-05, Effective: 02-14-05, Implementation: 02-14-05)

The Medicare Prescription Drug, Improvement, and Modernization Act (MMA) of 2003 requires several letters to be sent to providers or suppliers regarding consent settlement. Contractors shall send to the provider or supplier a request for additional information letter, a consent settlement offer letter, and a no action letter if an overpayment was not found or if an overpayment was found, a letter requesting the moneys owed.

**A. First Letter in the Consent Settlement Process: Opportunity to Submit Additional Information Before Consent Settlement Offer Notification**

Before a consent settlement is offered, contractors must communicate in writing to the provider or supplier that they have the opportunity to submit additional information. This document shall:

- Explain there may be an overpayment due to an initial evaluation of the records;
- Highlight the nature of the problems in the provider’s or supplier’s billing and practice patterns identified as a result of the preliminary audit;
- Give steps the provider or supplier can take to address the problems; and
- Identify the forty-five (45) day time frame to furnish this additional information.
List the following information in the heading of the letter:

- Date of notice;
- Name of provider;
- Address; and
- City, state, and zip code.

Italics within parentheses indicate insertions and must not be inserted in correspondence going to providers.

Under Section 1842 of the Social Security Act, carriers under contract to the Centers for Medicare & Medicaid Services are authorized to "make audits of the records of providers of services as may be necessary to assure that proper payments are made under this part." We are responsible for conducting audits of providers to ensure that Medicare Part B claims have been billed and paid appropriately.

Based on our preliminary evaluation of your medical records on__________, (Fill in date) we have found an indication of a potential overpayment. The purpose of this letter is to describe the nature of the problems identified in our evaluation, the steps that you should take to address these problems, and give you the time frame to furnish additional information concerning the medical records for the claims being reviewed.

During our initial evaluation, we have ascertained the following issues,
(List the problems found.)

To resolve these issues and to determine that there is an overpayment, the following are the steps you may take:
(List action that can be taken to resolve the problems.)

You have forty-five (45) days from the receipt of this letter, ____ to submit any additional information concerning the medical records for the claims being reviewed in this evaluation. Send this information to ________. If you have any questions, please contact me at______.

B. Second Letter in the Consent Settlement Process: Consent Settlement Offer

Consent settlement documents must closely conform to the content of the model language provided below. The consent settlement documents shall explain:

- The responsibility of CMS in conducting audits of providers or suppliers to ensure that Medicare Part B claims have been billed and paid appropriately;
- The date of the initial request for records prior to conducting the audit;
- The steps involved in the audit process;
• The problems in the provider’s or supplier’s billing and practice patterns identified as a result of the audit;
• To notify the provider or supplier of the potential overpayment calculated as a result of the audit; and
• Two options available to the provider or supplier.

NOTE: The Consent Settlement Documents shall include information regarding statistical sampling for overpayment estimation. Refer to §3.10 of the Program Integrity Manual (PIM) for instructions for the use of statistical sampling for overpayment estimation.

List the following information in the heading of the letter:

• Date of notice;
• Name of provider;
• Address; and
• City, state, and zip code.

Italics within parentheses indicate insertions and must not be inserted in correspondence going to providers.

Under Section 1842(a)(1)(C) of the Social Security Act, carriers under contract to the Centers for Medicare & Medicaid Services are authorized to "make audits of the records of providers of services as may be necessary to assure that proper payments are made under this part." We are responsible for conducting audits of providers to ensure that Medicare Part B claims have been billed and paid appropriately.

On __________________, [Fill-in date of initial request for records prior to conducting audit.] you received a notification letter stating that you had the opportunity to submit additional information to us after our preliminary evaluation of your records indicated a potential overpayment. On __________________, [Fill-in date of initial request for records prior to conducting audit.] you also received our request for records to conduct an audit of your practice. The purpose of this letter and attachments is to describe the steps involved in the audit process, to highlight problems in your billing and practice patterns identified as a result of our audit, to notify you of the potential overpayment calculated as a result of our audit, and to outline two options available to you.

Our normal full-scale audit process entails the review of records using statistical sampling for overpayment estimation. However, in the interest of economy and expediency for both you and the Medicare program, as a first step, we elected to perform a limited audit. We reviewed claims and medical records for services rendered to beneficiaries over a period of time, from____________ to____________. While__________ beneficiaries were randomly selected
for our sample from a larger universe of beneficiaries for whom you provided services, it is not done based on our instructions for conducting statistical sampling for overpayment estimation.

You were chosen for an audit because_________________________ [Fill-in the reason for the audit. The reason may be exceeding peer norms or a call from a beneficiary. For example, if the provider exceeded peer norms the contractor might want to use the following language: "You were chosen for an audit because our records indicate you exceeded the average utilization rates of your peers by______% for the same time period. Your specialty is listed as____________________. The peer group consisted of____________ who billed for the same procedure(s).""] We selected the __________ beneficiaries by identifying the procedure codes where your billing exceeded the norm for your peers. Included in the universe are only those beneficiaries for whom you rendered and billed at least one of these procedure codes that was paid by Medicare during the review period. From this universe of beneficiaries, a computer is used to randomly select the beneficiaries to be included in the sample. All claims for the procedure codes at issue that were rendered to the sampled beneficiaries and paid within the ______ time period were audited. [This sentence may be modified depending upon whether the audit used the date of service or the date of payment for selecting claims. As it is stated, all claims would have to actually been paid within the time period. Whichever method is used, you must be consistent.] The list of sampled beneficiaries, dates of service, and procedure codes is contained in the attachment to this letter.

The beneficiaries included in our audit resulted in claims being paid by Medicare between____________________. [See note in preceding paragraph. Similar rewording may be required here.] These claims and their corresponding medical records were audited, resulting in a potential overpayment of $__________ including an actual overpayment of $__________ for the_______ beneficiaries. Item 3 under "Audit Results" explains how we calculated the potential overpayment. Please review the attached documents containing the audit results and options along with an explanation of the Extended Repayment Plan.

We must have your response to this letter within sixty (60) days from the date of this letter.__________ If we do not receive a response from you by____________________, statistical sampling for overpayment estimation will be chosen for you by default (see attached discussion of audit results). Be advised that by signing this letter your legal options may be affected. Please also be advised that repayment of the overpayment specified herein in no way affects or limits the rights of the Federal Government or any of its agencies or agents to pursue any appropriate criminal, civil, or administrative remedies arising from or relating to these or any other claims. You may wish to have legal counsel review this letter before signing it. If you have any questions, please contact me –

IDENTIFYING INFORMATION

List the following information in the heading of the attachment:

- Date;
- Provider Name;
- Provider Address; and
- Provider Number.

SCOPE OF AUDIT

This audit covers services that were paid by Medicare from____________________to____________________. [Modify this sentence depending upon whether the audit used the date of service or the date of payment for selecting claims. As it is currently stated, all claims would have to have been actually paid within the time period. Whichever method is used, you must be consistent.]

The audit revealed the following problems in your billing and practice patterns:

ISSUES/DETERMINATIONS

A physician reviewer, specializing in __________________________ [You are required to have a medical specialist involved in the review of the sample claims that are not based on application of clearly articulated existing MR policy. Fill-in the specialty here.] was consulted during the audit process. The following claims and submitted records of determinations were used in the review.

[This area lists the problem areas noted above, such as exceeding peer norms and medical necessity/documentation concerns. Additionally, each of the sampled beneficiaries, dates of services, procedure codes, and the Medical Director's determination on each denied service is noted here. Attach newsletters discussing medical policy and documentation requirements for the problem areas found during the audit.]

[This is also the area where you explain the §1879 and §1870 determinations, perhaps using, in part, the following language:

For §1879: "Based on available information, we believe you knew or should have known that..."

For §1870: "We have made the determination that you were not "without fault" in causing the overpayment. Therefore, we are not waiving your obligation to repay. We cannot find you without fault because..."
Rationale for the §1879 and/or §1870 findings might include all or part of the following language:

"The management of a medical or supplier practice that includes a large number of Medicare beneficiaries must understand the conditions governing which services will be covered and payable under Part B of the Medicare Program. Pertinent information was available from the law and regulations [provide a cite, if possible], from [cite name/issue number of carrier newsletter], from a meeting you attended on date, and from your peers in the medical community."

Carriers need to make specific findings for §1879 and §1870. The rationale for finding provider knowledge or fault with regard to a particular claim may not be the same as for another claim. This may be so even for multiple denials for a particular code since MN is a unique and individualized determination. These individual findings are especially important if #167;1879 and/or §1870 determinations are partially favorable. In such cases, specify which of the sample claims are affected, why, and how much this reduces the actual and total potential overpayment amounts (see §1879) or reduces the amount of the actual and total potential overpayments which must be refunded (see §1870).

Because §1879 and 1870 determinations are difficult concepts, it is important to explain to physicians exactly why they are being held responsible under these provisions. Your explanation must go beyond conclusory statements and/or findings.

CALCULATIONS

A copy of our calculation worksheet is enclosed for your information. To calculate the potential projected overpayment amount for each denied procedure code, the following formula was used:

[In this section, insert a complete explanation of the methodology used to calculate the overpayment and the projected overpayment for each denied procedure code. The explanation must include the formula used when the audited services were down coded rather than denied and when only one example of a procedure code was audited.]

The actual overpayment amount is $_______________. The sum of all potential projected procedure code overpayments, including the actual overpayment amount, is $_______________.

OPTIONS
You must now select one of the two options explained below. Our normal audit process entails the routine use of Option One. However, we are now making another option available to you as a consent settlement.

If you fail to notify us of your selected option, Option One (Election to Proceed to Statistical Sampling for Overpayment Estimation) will automatically be selected for you by default. Be aware that when statistical sampling for overpayment estimation is selected for audit, records for all of the services at issue must be available for review.

Please send in your response to the options listed below within sixty (60) days from the date of this letter, ________________.

Regardless of the option selected, beneficiaries may not be billed for any of the overpayment amount.

**Option One Election to Proceed to Statistical Sampling for Overpayment Estimation**

If we do not hear from you within sixty (60) days from the date of this letter, ________________, we will proceed with Option One by default. [This is the second step in the audit process if you have been offered a consent settlement on a potential overpayment but do not accept the offer.] This step utilizes statistical sampling for overpayment estimation for the same universe or time period. Your right to appeal to a Hearing Officer, an administrative law judge or to the court remains if you should choose this option. Also, any rights available to you under §1870 and/or 1879 of the Social Security Act remain.

Be aware that this option, either by your selection or by default, means that you are required to submit medical documentation for all of the services at issue in the statistical sampling for overpayment estimation [(just as you would have had to do if we had not first offered you the opportunity for a consent settlement on a potential overpayment).] You should also be aware that this option, whether selected by you or by default, withdraws the option of a consent settlement, as described in Option Two.

If you elect (or accept by default) Option One, it is important that you understand the following information concerning our actions and your responsibilities with regard to the actual overpayments found for the claims involved in the limited audit:

The potential projected overpayment referred to in this correspondence is based on a sample of ______________ beneficiaries. We audited claims and medical documentation for the ______________ beneficiaries in the sample to arrive at an actual overpayment for these claims. The actual overpayment amount was then projected to the universe of procedure codes to develop the potential projected overpayment. (See above for the actual overpayment amount and the potential projected overpayment amount.)

Option Two involves repayment of the potential projected overpayment, which includes the actual overpayment amount. Choosing Option One does not eliminate your obligation to repay the actual overpayment. Recoupment of the actual overpayment identified for the claims in the
limited audit will be pursued individually, but their recovery will be credited against any projected overpayment for the universe to which the claims belong. Your obligation to repay the overpayment for these claims will begin on the date of the official notification of overpayment. You will be notified of your appeal rights on these claims at this same time.

**Option Two Acceptance of Consent Settlement Offer**

You agree to repay the potential projected overpayment, after providing additional medical documentation relevant to the ____ beneficiaries involved in our sample which was in existence at the time the services were rendered.

Review of this information will result in one of three decisions:

- All services in contention could be determined to be appropriate and allowed as originally processed, and the question of any potential overpayment would be eliminated; or
- A portion of the services in question could be determined to be appropriate and allowed as originally processed, and the amount of the potential overpayment would decrease accordingly; or
- The audit results could remain the same and the potential projected overpayment would remain at $______________.

You may request a meeting to explain the additional documentation or to provide other information relevant to the redetermination.

If you select Option Two, you agree to refund the revised potential overpayment amount, if any, which will not exceed the dollar amount calculated in Item 3 of this attachment and printed above.

The revised potential overpayment amount will not exceed the capped amount.

By selecting this option, regarding repayment, you agree that there was a problem in your billing as identified by the carrier, you intend to correct this problem in future billings, and you understand how we reached the potential overpayment, i.e., you understand the sampling methodology used and the methodology to project the potential overpayment. Because you agree that there was a problem and agree to make changes in your practice to resolve this problem, you waive your right to appeal the sampled individual overpayments, the potential overpayment resulting from the projection and the sampling procedures. The appeal rights you are waiving include a hearing before a Hearing Officer, Administrative Law Judge, or in the Courts. You also waive any rights you have under §1870 and/or 1879 of the Social Security Act. (Please see Items 6 and 7 in this attachment for a discussion of these rights.)

Election of Option Two means that, in the absence of potential fraud, we will not audit your claims for any procedure codes projected in our audit during the audit time frame again. In the event of fraud and/or if you fail to correct the identified problems, we reserve the right to audit
prior years' claims and claims for any procedure codes for the time period considered in this audit.

ASSESSMENT OF INTEREST

We wish to make you aware, should you elect Option Two, that interest will be assessed on any balance outstanding thirty (30) days from the date of the letter notifying you of a final potential overpayment, if any. Should you choose Option One, interest will be assessed on any balance outstanding thirty (30) days from the date of the letter notifying you of a final overpayment determination. We must assess interest as provided in 42 CFR §405.376. Interest will accrue on the unpaid balance for each thirty (30) day period (or portion thereof) that repayment is delayed. The current interest rate is _______________ %.

LIMITATION OF LIABILITY

Section 1879 of the Social Security Act (42 USC §1395pp, 42 CFR §411.406) permits Medicare payment to be made to providers on assigned claims for certain services otherwise not covered because they were not reasonable or necessary for the diagnosis or treatment of illness or injury or to improve the functioning of a malformed body member, or were custodial services if neither the beneficiary nor the provider knew, or could reasonably be expected to know, that the services were not medically necessary or were for custodial care. Services affected are those disallowed as not reasonable or necessary for the diagnosis or treatment of illness or injury, or to improve the functioning of a malformed body member and those disallowed as custodial services.

WAIVER OF OBLIGATION TO REPAY UNDER §1870 OF THE SOCIAL SECURITY ACT

Section 1870 of the Social Security Act (42 USC §1395gg, 42 CFR §405.704(b)(14)) permits you to request waiver of an overpayment on the grounds that you were "without fault" with respect to causing the overpayment. This determination is made after §1879 is considered. If it is determined that you or the beneficiary knew or should have known that the service was not medically necessary and reasonable or constituted custodial care as described under the provisions of §1879, we address §1870 and determine whether you were "without fault" with respect to causing the overpayment.

GENERAL

We wish to ensure that you are aware of regulations and provisions of the law relating to continuation of the problems discussed herein. They include exclusion from the Medicare Program in accordance with §1128(b) of the Social Security Act (42 USC §1320a-7), civil monetary penalties or other actions in accordance with §1128A of the Social Security Act (42 USC 1320a-7a), and/or, if appropriate, withholding payment under 42 CFR 405.370.

Your decision regarding this matter must be in writing and received by this office within sixty (60) days from the date of this letter. If your decision is not received by the above-
mentioned date, Option One, Election to Proceed to statistical sampling for overpayment estimation, will be selected for you by default.

We have enclosed two copies each of the two option forms for your convenience. Select one of the options, complete and sign both forms corresponding to that option, and send them to my personal attention at the address shown below.

The provider must personally sign the forms. A signature stamp, or the signature of a staff member or attorney is not acceptable. After receipt of the two identical option forms with authorized signatures, we will sign both forms and return one to you.

D. Consent Settlement Attachment 2: Option One - Election To Proceed To Statistical Sampling For Overpament Estimation

Option One - Election to Proceed to Statistical Sampling for Overpayment Estimation

I,______________________________________:

- have read the results of the audit findings in the letter dated _____________.
- elect to proceed to your full-scale audit process, involving use of statistical sampling for overpayment estimation for the same universe of procedure codes and time period as the limited audit, as explained in the letter. I understand the full-scale audit process is the normal audit process, and that the limited audit was offered to me only in the interest of economy and expediency. Upon selection of Option One, I understand that the offer of a consent settlement as stated in Option Two is withdrawn.
- understand that I and/or my office staff will be required to submit medical documentation for all services at issue in the statistical sampling for overpayment estimation, upon request by the carrier.
- understand that all applicable appeals rights, including any right to a hearing officer hearing, an administrative law judge hearing, or court review are available to me. I also retain any rights available under §1879 and/or 1870 of the Social Security Act, as appropriate.
- understand that the claims from the above-referenced limited audit will not be selected for inclusion in the statistical sampling for overpayment estimation; the statistical sampling for overpayment estimation will be a new and independent audit.
- understand that the overpayment identified for claims in the limited audit will be pursued on an individual basis, and that this overpayment will be subtracted from any overpayment resulting from the statistical sampling for overpayment estimation; that I will be provided with appeal rights regarding the overpayment amount on the claims in the limited audit at a later date; and that any interest on the overpayment amount on the claims in the limited audit will be calculated from the date of this later notice with appeal rights.

- understand that the rights of the Federal Government or any of its agencies or agents to pursue any appropriate criminal, civil, or administrative remedies arising from or relating to these or any other claims are in no way affected or limited by selection of this option.

E. Consent Settlement Attachment 3 Option Two - Acceptance of Consent Settlement Offer

I,_____________________________:

- have read the results of the audit findings in the letter dated_____________.

- understand the issues the carrier presented and the calculation of the projected potential overpayment and agree to settle the issue of a potential projected overpayment by refunding a redetermined amount of up to $________________ to Medicare. This amount was derived by reviewing a sample of my claims and determining that a potential overpayment did exist within the universe of my claims.

- have enclosed additional documentation for you to review for the purpose of redetermining the potential overpayment. I understand that I may request a meeting to explain the additional documentation or to provide other information relevant to the
redetermination. I understand the redetermined potential overpayment, if any, will not exceed the amount shown above.

- understand that if the redetermined settlement amount is not refunded to Medicare within thirty (30) days from the date of the redetermined potential overpayment notice, the unpaid balance is subject to offset. I may apply for an extended repayment plan and, if approved, may make payments over an approved period of time.

- understand that interest on the amount accrues from the date of the final potential overpayment determination, but that this interest will be waived if repayment is made within thirty (30) days from the date of the final potential overpayment determination.

- understand that claims paid to me from ______________ to______________ will not be audited in the future. [Reword this statement to reflect services dates if service dates were used in the audit to select claims instead of dates of payment.] I further understand that in the event of fraud or if I fail to correct the identified problems, the carrier reserves the right to audit prior years' claims and claims for any procedure codes for the time period considered in this audit.

- understand that the rights of the Federal Government or any of its agencies or agents to pursue any appropriate criminal, civil, or administrative remedies arising from or relating to these or any other claims are in no way affected or limited by selection of this option.

I,___________________________, agree by settling this:

- that my right to appeal, which includes a Medicare Part B hearing officer hearing, administrative law judge hearing, or any court appeals regarding this matter, is waived. I also understand any rights available to me under §1879 and/or 1870 of the Social Security Act are waived.

I,____________________________, do/do not (circle one) wish to request a meeting at this time to discuss the additional documentation I have submitted.

F. Consent Settlement Attachment 4: Extended Repayment Plan (ERP)

It has been determined by an audit that there is a potential overpayment amount due to Medicare. It is expected that you will remit the entire amount in one payment within thirty (30) days of the date of the final potential overpayment determination if you select Consent Agreement Option Two (Acceptance of Consent Settlement Offer), or, if you select Option One (Election to Proceed to Statistical Sampling for Overpayment Estimation), the date of the final overpayment determination. However, if you are unable to repay the amount within that time, we are authorized to consider repayment in installments based on validated financial hardship. [Installments are based on the amount of the overpayment as stated in Financial Management, Chapter 4, §§20, 30.] Installments can range from 2-6 months based on the amount of overpayment. Be aware that if repayment is not made within thirty (30) days, interest will be due. If you select Consent Agreement Option Two, interest accrues from the date of the final potential overpayment determination, or if you elect Option One, interest accrues from the date of the final overpayment determination (See 42 CFR 405.378.). Interest will be waived if repayment is made within thirty (30) days of the applicable date cited above for the option chosen. The current rate of interest is _______ percent. If you wish to claim financial hardship, contact _______________________ to obtain the financial statement of debtor form (CMS-379). This form must be completed and returned with your request for approval of an installment schedule. If compliance with the above is not acceptable to you, it is suggested that you seek a private or commercial loan to satisfy the obligation.

If repayment of the amount due, in a lump sum or on an approved installment plan, is not forthcoming, the Centers for Medicare & Medicaid Services may, at its option; forward the case to the Department of Justice or the Internal Revenue Service (IRS) for enforced collection.

Exhibit 16 - Model Payment Suspension Letters

A. Payment Suspension Initial Notice Based on Fraud (No Prior Notice Given)

Date
Name of Addressee (if known)
Dear {Medicare Provider/Supplier’s Name}

The purpose of this letter is to notify you of our determination to suspend your Medicare payments pursuant to 42 C.F.R. §405.371(a)(2). The suspension of your Medicare payments took effect on {ENTER DATE}. Prior notice of this suspension was not provided because giving prior notice would place additional Medicare funds at risk and hinder our ability to recover any determined overpayment. See 42 C.F.R. §405.372(a)(3).

The decision to suspend your Medicare payments was made by the Centers for Medicare & Medicaid Services (CMS), through its Central Office. See 42 C.F.R. §405.372(a)(4)(iii). This suspension is based on credible allegations of fraud. CMS regulations define credible allegations of fraud as an allegation from any source, including but not limited to Fraud hotline complaints, claims data mining, patterns identified through audits, civil false claims cases, and law enforcement investigations. Allegations are considered to be credible when they have indicia of reliability. See 42 C.F.R. §405.370. This suspension may last until “resolution of the investigation” as defined under 42 C.F.R. §405.370, and may be extended under certain circumstances. See 42 C.F.R. §405.372(d)(3)(i)-(ii). Specifically, the suspension of your Medicare payments is based on, but not limited to, information that you misrepresented services billed to the Medicare program. More particularly, {Continue with further supportive information and specific examples (no less than five). Only use claim numbers, Date of Service and amount paid when referencing the specific claim examples. Do not use beneficiary names or HIC#s in the notice.}

The following list of sample claims provide evidence of our findings, and which serve as a basis for the determination to suspend your Medicare payments:

<table>
<thead>
<tr>
<th>Claim Control Number</th>
<th>Date(s) of Service</th>
<th>$$ Amount Paid</th>
</tr>
</thead>
</table>

This list is not exhaustive or complete in any sense, as the investigation into this matter is continuing. The information is provided by way of example, in order to furnish you with adequate notice of the basis for the payment suspension noticed herein.

Pursuant to 42 C.F.R. §405.372(b)(2), you have the right to submit a rebuttal statement in writing to us why the suspension should be removed. We request you submit this rebuttal statement to us within 15 days. You should include with this statement any evidence you believe is pertinent to your reasons why the suspension should be removed. Your rebuttal statement and any pertinent evidence should be sent to:
Your Name, Program Integrity Analyst

If you submit a rebuttal statement, we will review that statement (and any supporting documentation), along with other materials associated with the case. Based on a careful review of the information you submit and all other relevant information known to us, we will determine whether the suspension should be removed, modified or remain in effect within 15 days of receipt of the complete rebuttal package. However, the suspension of your Medicare funds will continue while your rebuttal package is being reviewed. Thereafter, we will notify you in writing of our determination to continue or remove the suspension, and provide specific findings on the conditions upon which the suspension may be continued or removed, as well as an explanatory statement of the determination. See 42 C.F.R. §405.375(b)(2). This determination is not appealable. See 42 C.F.R. §405.375(c).

If the suspension is continued, we will review additional evidence during the suspension period to determine whether claims are payable and/or whether an overpayment exists, and if so, the amount of the overpayment. See 42 C.F.R. §405.372(c). We may need to contact you with specific requests for further information. You will be informed of developments and will be promptly notified of any overpayment determination. Claims will continue to be processed during the suspension period, and you will be notified about bill/claim determinations, including appeal rights regarding any bills/claims that are denied. The payment suspension applies to both payments currently in process and future payments.

In the event that an overpayment is determined and it is determined that a recoupment of payments under 42 C.F.R. §405.371(a)(3) should be put into effect, you will receive a separate written notice of the intention to recoup and the reasons therefore, and will be given an opportunity for rebuttal in accordance with 42 C.F.R. §405.374 from {MAC name.} When the payment suspension has been removed, any money withheld as a result of this action shall be first be applied to reduce or eliminate the determined overpayment and then to reduce any other obligation to CMS or to the U.S. Department of Health and Human Services, in accordance with 42 C.F.R. §405.372(e). In the absence of a legal requirement that the excess be paid to another entity, the excess will be released to you.

{Insert the following paragraph if prepayment review is being initiated:} Finally, {Name of ZPIC or MAC}, a CMS {Zone Program Integrity Contractor (ZPIC) or Medicare Administrative Contractor (MAC)}, has initiated a process to review your Medicare claims and supporting documentation prior to payment. The purpose of implementing this prepayment process is to ensure that all payments made by the Medicare program are appropriate and consistent with Medicare rules, regulations and policy. The prepayment process is often applied to safeguard Medicare from unnecessary expenditures, and to ensure that Medicare payments are made for items and services which are “reasonable and necessary” for the diagnosis or treatment of illness or injury, or to improve the functioning of a malformed body member. See Social Security Act, §1862(a)(1)(A). Notification is hereby given that you are expected to comply with the prepayment process for claims for all dates and services.
Should you have any questions, please contact me in writing or via telephone at {phone number}.

Sincerely,

This list is not exhaustive or complete in any sense, as the investigation into this matter is continuing. The information is provided by way of example, in order to furnish you with adequate notice of the basis for the payment suspension noticed herein.

Pursuant to 42 C.F.R. §405.372(b)(2), you have the right to submit a rebuttal statement in writing to us within the next 15 days as to why the suspension should be removed. You should include with this statement any evidence you believe is pertinent to your reasons why the suspension should be removed. Your rebuttal statement and any pertinent evidence should be sent to:

Your Name, Program Integrity Analyst
{ADDRESS}

If you submit a rebuttal statement, we will review that statement (and any supporting documentation), along with other materials associated with the case. Based on a careful review of the information you submit and all other relevant information known to us, we will determine whether the suspension should be removed, modified or remain in effect within 15 days of receipt of the complete rebuttal package. Thereafter, we will notify you in writing of our determination to continue or remove the suspension, and provide specific findings on the conditions upon which the suspension may be continued or removed, as well as an explanatory statement of the determination. See 42 C.F.R. §405.375(b)(2). However, if by the end of this period no rebuttal has been received, the payment suspension will go into effect automatically. This determination is not appealable. See 42 C.F.R. §405.375(c).

If the suspension is continued, we will review additional evidence during the suspension period to determine whether claims are payable and/or whether an overpayment exists, and if so, the amount of the overpayment. See 42 C.F.R. §405.372(c). We may need to contact you with specific requests for further information. You will be informed of developments and will be promptly notified of any overpayment determination. Claims will continue to be processed during the
suspension period, and you will be notified about bill/claim determinations, including appeal rights regarding any bills/claims that are denied. The payment suspension applies to both payments in currently process and future payments.

In the event that an overpayment is determined and it is determined that a recoupment of payments under 42 C.F.R. §405.371(a)(3) should be put into effect, you will receive a separate written notice of the intention to recoup and the reasons therefore, and will be given an opportunity for rebuttal in accordance with 42 C.F.R. §405.374 from {MAC name.} When the payment suspension has been removed, any money withheld as a result of this action shall be first be applied to reduce or eliminate the determined overpayment and then to reduce any other obligation to CMS or to the U.S. Department of Health and Human Services, in accordance with 42 C.F.R. §405.372(e). In the absence of a legal requirement that the excess be paid to another entity, the excess will be released to you.

{Insert the following paragraph if prepayment review is being initiated:} Finally, {Name of ZPIC or MAC}, a CMS {Zone Program Integrity Contractor (ZPIC) or Medicare Administrative Contractor (MAC)}, has initiated a process to review your Medicare claims and supporting documentation prior to payment. The purpose of implementing this prepayment process is to ensure that all payments made by the Medicare program are appropriate and consistent with Medicare rules, regulations and policy. The prepayment process is often applied to safeguard Medicare from unnecessary expenditures, and to ensure that Medicare payments are made for items and services which are “reasonable and necessary” for the diagnosis or treatment of illness or injury, or to improve the functioning of a malformed body member. See Social Security Act, §1862(a)(1)(A). Notification is hereby given that you are expected to comply with the prepayment process for claims for all dates and services.

Provider/Supplier NPI: _______

Dear {Medicare Provider/Supplier’s Name}
Please be advised that pursuant to 42 C.F.R. 405.372(d), the Centers for Medicare & Medicaid Services (CMS) has directed {ENTER ZPIC NAME} to continue the suspension of your Medicare payments for an additional 180 days effective {Enter Date that the payment suspension was to expire}.

The extension of your payment suspension applies to both claims in process and future claims. We will continue to withhold your Medicare payments until an investigation of the circumstances has been completed in accordance with 42 C.F.R. §405.372(d). When the payment suspension is terminated, any money withheld as a result of this action shall be first applied to reduce or eliminate the determined overpayment and then to reduce any other obligation to the CMS or the U.S. Department of Health and Human Services. See 42 C.F.R. §405.372(e). In the absence of a legal requirement that the excess be paid to another entity, the excess will be released to you.

Should you have any questions, please contact me in writing or via telephone at {phone number}.

Sincerely,

Re: Notice of Termination of Suspension of Medicare Payments
   Provider/Supplier Medicare ID Number(s): _______
   Provider/Supplier NPI: _______

Dear {Medicare Provider/Supplier’s Name}

Pursuant to 42 C.F.R. §405.372(c), this is to notify you that the Centers for Medicare & Medicaid Services (CMS) has directed us to terminate the payment suspension in effect for your Medicare payments. You were notified of the results of our review and the overpayment(s) we determined on {Enter Date of letter}. This information has been forwarded to {MAC Name} for final action. In the near future, they will issue the overpayment demand letter, along with information regarding your appeal rights and process. When the payment suspension has been removed, any money withheld as a result of this action shall first be applied to reduce or eliminate any overpayment and then to reduce any obligation to CMS or U.S. Department of Health and Human Services per 42 C.F.R. § 405.372(e). In the absence of a legal requirement that the excess be paid to another entity, the excess will be released to you.
Please be advised that this action to terminate your payment suspension should not be construed as any positive determination regarding your Medicare billing, nor is it an indication of government approval of or acquiescence regarding the claims submitted. It does not relieve you of any civil or criminal liability, nor does it offer a defense to any further administrative, civil or criminal actions against you.

Should you have any questions, please contact me in writing or via telephone at {phone number}.

Sincerely,

Name

Other Pertinent Information

- Is this provider/facility a member of a chain within and/or outside the area? If so, identify the chain and all other facilities it owns or manages in the area;

- List all related organizations. Specify whether they were identified by the provider or uncovered through audit;

- What is the subject's filing history? Were the bills denied? Why? Were the denials appealed? Who requested an appeal, and through what mechanism was the appeal requested? What was the outcome of the appeal? Were determinations made by a Hearing Officer and/or an Administrative Law Judge;

- Was a review of services done on the areas where this subject exceeded the norm of his peers? For example, if the complaint was for non-rendered lab work, did the subject exceed the norm in that area? List the areas as items that may need to be investigated; and

- List other items known that would assist the OIG in evaluating this case.

Complaints by current or former employees of the subject should always be considered for immediate contact with the office of investigations. OI may wish the contractor to restrict its case development to internal research.

List of Attachments

If additional information is needed, OI may request assistance. Where potential violations are detected in one facility of a chain, all intermediaries dealing with other members of the chain are alerted to the situation by the respective OIs. The MFIS notifies the RO, other carriers and intermediaries, and other State and local agencies within their network. If the problem extends beyond the MFIS's network, other MFISs are contacted.

Retain a copy of the summary in the case file.

New medical privacy rules (located at 45 C.F.R., Parts 160 and 164) take effect on Monday, April 14, 2003. These rules will affect all Assistant United States Attorneys (AUSAs) who obtain medical information in the course of their work.
In order to assist AUSAs, the Executive Office for United States Attorneys (EOUSA) and the Civil and Criminal Divisions of the Department of Justice have prepared form materials which can be used to obtain medical records in law enforcement and health oversight investigations. Attached is a WordPerfect document titled "Updated Process, Model Letters, and Forms to Request Protected Health Information Pursuant to the HIPAA Privacy Regulation." This document includes (1) a description of the process for obtaining Centers for Medicare and Medicaid Services (CMS) data after April 14, 2003; (2) a form letter to be used in requesting information from CMS contractors; (3) a form letter to be used in requesting protected health information from entities other than CMS contractors (including federal agencies in affirmative civil and criminal health care fraud cases; and (4) potential paragraphs to be inserted in letters, subpoenas, or other forms of legal process requesting production of protected health information.

EOUSA and the Civil and Criminal Divisions of the Department of Justice have also prepared guidance about the regulation in a "question and answer" format. These guidance materials were distributed at the recent Health Care Fraud Coordinators Conference at the National Advocacy Center. An additional copy is also attached to this memorandum, for your information.

Copies of the documents attached to this memorandum will also be posted on the EOUSA ACEO and Health Care Fraud Web Page at: http://www.usa.doj.gov/staffs/aceo/.

Updated Process for Law Enforcement Agency Requests to Obtain CMS/Medicare Data

1. The law enforcement agency should begin by consulting with the appropriate Medicare contractor (usually the Program Safeguard Contractor, but possibly also the Carrier, Fiscal Intermediary, Quality Improvement Organization, or CMS) to discuss the purpose or goal of the data request. To illustrate, are data being sought to assess allegations of fraud; examine billing patterns; ascertain dollar losses to the Medicare program for a procedure, service or time period; conduct a random sample of claims for medical review, etc? Upon receiving a data request from a law enforcement agency, the Medicare contractor (e.g., PSC) will examine its sources of data for most recent 36-month period for the substantive matter/s in question or for the specific period requested by the law enforcement agency, if necessary. In consultation with the Medicare contractor, the law enforcement agency also should make known the following:

- type of data and “fields of information” needed
- name and/or other identifying information for provider/s (e.g., Tax Identification Number, Unique Physician Identification Number, etc.)
- time period necessary for the inquiry (approximate begin and end dates if the conduct is not ongoing currently), and
- format or medium for data to be provided (i.e., tape, CD-ROM, paper, etc.).

2. As part of the initial consultation process, the Medicare contractor and law enforcement agency should develop appropriate language to insert in the data request “standard form letter.” (A copy of an updated “standard form letter” from the law enforcement agency to Medicare contractor, along with various template paragraphs for insertion in the letter to ensure Privacy Act and HIPAA Privacy Rule compliance, are provided as attachments.) After consulting with the appropriate Medicare contractor, the law enforcement agency should send the signed standard form letter, identifying the appropriate authority under which the information is being sought and specifying the details of the request described above, to the Medicare contractor. The Medicare contractor will provide the relevant data, reports and findings to the requesting agency in the format/s requested within 30 days when data for the most recent 36-month period is being sought directly from the Medicare contractor. If it is necessary for the Medicare contractor to seek and acquire other data from CMS or another affiliated Medicare contractor, the time period

---

1 A current list of Program Safeguard Contractors (PSCs), task order areas of responsibility, geographic coverage, and point-of-contact information for the PSCs and for the Centers for Medicare and Medicaid Services (CMS) Government Task Leader (GTL) who oversees each PSC has been circulated to all United States Attorneys’ Offices and FBI field offices. This information also will be posted and updated on USABook’s Health Care Fraud page at http://10.173.2.12/usao/eousa/ole/tables/subject/health.htm. (If the PSC is not the appropriate source of information sought by the law enforcement agency, the PSC will direct the requesting law enforcement agency to the appropriate Medicare contractor or CMS/GTL.)
required to provide the data to the requesting agency will extend beyond 30 days. (Currently, the average response period for data requests made to CMS is 14 weeks.)

3. If appropriate, the Medicare contractor will also use analytic tools to look for other possible indicia of fraud in addition to the specific alleged conduct that was the cause of the law enforcement agency’s data request.

4. If, in the view of the requesting law enforcement agency, the Medicare contractor, or CMS, the Medicare contractor’s “initial 36-month review” generally verifies the fraud allegations, or if potential fraud is uncovered through the use of analytic tools, and upon a subsequent request, the Medicare contractor will conduct a supplemental review of Medicare data. The supplemental review will meet the specific needs of the law enforcement agency based on the allegations under investigation and/or findings of the initial 36-month review. Such supplemental reviews may involve retrieving information from original Carrier and/or Fiscal Intermediary data files, as well as the National Claims History (NCH), Common Working File (CWF), or other Medicare data files that may be archived in order to cover the complete time frame involved in the allegations and/or allowed by the statute of limitations. The time period for fulfilling supplemental data requests will be negotiated on a case-by-case basis between CMS and the law enforcement agency making the data request.

5. While steps 1-4 describe the usual process to be followed for handling law enforcement agency requests for CMS/Medicare data, exceptions to this process will be necessary on a case-by-case basis when the law enforcement agency determines that conducting an initial review of the most recent 36-months of data would not be sufficient. For example, exceptions will be necessary if:

   a. The most recent 36 months of data would not be helpful to the investigation because the fraud being investigated is alleged to have occurred prior, or in large part prior to, that period.

   b. Changes in the payment system used for the type/s of claims in question cause the most current data to be inappropriate for attempting to verify allegations of possible fraud that occurred under a previous payment system.

   c. The purpose of the data request cannot be met using only the most recent 36 months of data (e.g., a statistical sampling plan that requires more than 36 months of data to implement the plan correctly and accurately).

---

2 The CMS Program Integrity Group is preparing a “Medicare Data Guide” for use by law enforcement and other agencies that will be posted on the CMS website in the near future. The guide will identify the various data files and fields of information that are available from Medicare contractors and CMS data centers to facilitate future requests for Medicare information.
d. Litigation deadlines preclude conducting an initial review followed by a more comprehensive supplemental review.

e. Items 5 a-d are illustrative not exhaustive.

6. Each agency (DOJ, FBI, CMS, etc.) will designate a “contact person” for advising their internal agency components and field offices about this updated process for making data requests to CMS/Medicare contractors, and for resolving any conflicts or disagreements that may occur involving specific requests for information.

Re: Request for disclosure of data in CMS Systems of Records

Dear [insert name]:

This letter is to request your assistance in obtaining CMS data from the [insert file name] on [insert type of data needed and providers for which data is needed] for claims during the following time period: [insert time period]. Please provide this data in [specify format, i.e., CD, tape, disk, paper, etc.] directly to [insert name, address, telephone number, and role of the person in connection with the case].

**Instructions to DOJ attorney or investigator filling out letter:** INSERT APPROPRIATE PARAGRAPHS FROM THE ALTERNATIVES, ATTACHED, BEGINNING AT PAGE 7.

Additionally, to ensure Privacy Act compliance, CMS has issued and published routine uses authorizing disclosure of data in CMS systems of records for such purposes. See 63 Federal Register 38414, July 16, 1998. The focus of our examination is the following: [insert general description of the nature of the law enforcement or health oversight activity being pursued].
You can be assured that the DOJ will take all appropriate measures to ensure that this data will be maintained and used in compliance with Section VI (Confidentiality Procedures) of the Health Care Fraud and Abuse Control Program Guidelines agreed to by the Attorney General and the Secretary of the Department of Health and Human Services under the Health Insurance Portability and Accountability Act of 1996.

I understand that CMS does not commit to processing my request if the estimated cost of doing so exceeds $200,000, and that a CMS representative will contact me if the estimated cost exceeds that amount. Additionally, I understand that CMS officials may intercede should a DOJ request for CMS data create a substantial resource impact on the data processing capabilities of the CMS Data Center, a Medicare Fiscal Intermediary, Carrier, Program Safeguard Contractor, QIO, or other contractor. For requests initiated by the FBI or United States Attorney’s offices, discussions to resolve such resource issues will be conducted between the appropriate CMS official and the appropriate FBI agent or Assistant United States Attorney (AUSA), or if necessary, the appropriate FBI or AUSA supervisor. For requests initiated by DOJ headquarters, or where regional resolution has been unsuccessful, CMS officials may refer such resource issues to the appropriate DOJ headquarters official.

Thank your for your assistance with this matter. Please call me at [insert phone #] if you have any questions about this request.

Sincerely,

[name, title, and office of DOJ official]
Re: Request for production of protected health information

Dear [insert name]:

This letter is to request that you produce information/data from [source of records] on [insert type of data/information needed and providers for which information is needed] for claims during the following time period: [insert time period]. Please provide this information/data in [specify format, i.e., CD, tape, disk, paper, etc.] directly to [insert name, address, telephone number, and role of the person in connection with the case.]

Thank you for your assistance with this matter. Please call me at [insert phone #] if you have any questions about this request.

Sincerely,

[name, title, office of DOJ official]
POTENTIAL PARAGRAPHS TO BE INSERTED IN LETTERS (OR SUBPOENAS, ETC) REQUESTING PRODUCTION OF PROTECTED HEALTH INFORMATION. PLEASE READ ALL PARAGRAPHS AND ENSURE THAT YOU HAVE INCLUDED ALL NECESSARY PROVISIONS.
HEALTH OVERSIGHT

You are requested to produce this information to the Department of Justice in its capacity as a health oversight agency, and this information is necessary to further health oversight activities. 45 C.F.R. 164.512(d); 45 C.F.R. 164.501.
The information sought in this request is required by law to be produced to the Department of Justice, pursuant to [cite the applicable law or reference the legal process that is attached to this document]. Disclosure is therefore permitted under 45 C.F.R. 164.512(a).

(Note to drafter: If this request also falls within the provisions of 45 C.F.R. 164.512 (c), (e), or (f) then you must also meet the requirement of that subsection and you must also assert that you have met that requirement.

If your “required by law” request is made in a health oversight capacity, you should assert this fact so that the recipient of the request understands that no additional requirements need be met. 45 C.F.R. Section 164.512(d)(1))

---

3 “Required by law” includes, but is not limited to: “Court orders and court ordered warrants; subpoenas or summons issued by a court, grand jury, a governmental or tribal inspector general, or an administrative body authorized to require the production of information; a civil or an authorized investigative demand; Medicare conditions of participation with respect to health care providers participating in the program; and statutes or regulations that require the production of information, including statutes or regulations that require such information if payment is sought under a government program providing public benefits.” 45 C.F.R. Section 164.501

Any mandate contained in law that compels a covered entity to make a disclosure of protected health information and that is enforceable in a court of law is considered a disclosure required by law. 45 C.F.R. Section 164.501.

4 45 C.F.R. Section 164.512(c) addresses disclosures about victims of neglect, abuse, or domestic violence (see paragraphs on page 14); 45 C.F.R. Section 164.512(e) addresses disclosures for judicial or administrative proceedings (see paragraphs on page 18). 45 C.F.R. Section 164.512(f) addresses disclosures for law enforcement purposes (see paragraphs 12 - 13). These sections have additional requirements.
WHISTLEBLOWERS/VICTIMS OF WORKPLACE CRIME
(See 65 Fed. Reg. 250, page 82492)

This request for information is made to you in your capacity as a whistleblower, described at 45 C.F.R. 164.502(j)(1)(i) as “[an individual who] believes in good faith that the covered entity has engaged in conduct that is unlawful or otherwise violates professional or clinical standards, or that the care, services, or conditions provided by the covered entity potentially endangers one or more patients, workers, or the public. . .” You are requested to produce the information described in Attachment A, hereto, to the Department of Justice in its capacity as a health oversight agency, as permitted by 45 C.F.R. 164.502(j)(1)(ii).

OR

This request for information is made to you in your capacity as a victim of a criminal act and a member of the workforce of a covered entity. You are providing information about the suspected perpetrator of the criminal act, and should limit your disclosure to the following information: a) name and address; b) date and place of birth; c) social security number; d) ABO blood type and Rh factor; e) type of injury; f) date and time of treatment; g) date and time of death; h) distinguishing physical characteristics. This request is made pursuant to 45 C.F.R. 164.502(j)(2).
Disclosures for law enforcement purposes pursuant to process and as otherwise required by law (45 CFR 164.512(f)(1))

The undersigned hereby represents that this request for protected health information is made by a law enforcement agency [specify agency] for law enforcement purposes and is permitted by 45 CFR 164.512(f)(1) in that:

[INSERT PARAGRAPH (i), (iiA), (iiB), OR (iiC) BELOW]

(i) the disclosure is required by law [specify the law];

OR

(iiA) the disclosure is in compliance with and limited by the relevant requirements of a court order or court-ordered warrant, or a subpoena or summons issued by a judicial officer [attach relevant copies];

OR

(iiB) the disclosure is in compliance with and limited by the relevant requirements of a grand jury subpoena [attach copy];

OR

(iiC) the disclosure is in compliance with and limited by the relevant requirements of an administrative request, including an administrative subpoena or summons, a civil or authorized investigative demand, or similar process authorized by law [attach copy]. The undersigned further represents that the information sought is relevant and material to a legitimate law enforcement inquiry, the request is specific and limited in scope to the extent reasonably practicable in light of the purpose for which the information is sought, and de-identified information could not reasonably be used.
Disclosures of information about victims of crimes for law enforcement purposes in response to a law enforcement request (45 CFR 164.512(f)(3))

The undersigned hereby represents that this request for protected health information is made by a law enforcement agency [specify agency] for law enforcement purposes and is permitted by 45 CFR 164.512(f)(3) in that the requested information is about an individual who is or is suspected to be a victim of a crime and that:

[INSERT PARAGRAPH (i) OR (ii) BELOW]

(i) the individual has agreed to the disclosure [specify manner of agreement and/or attach written evidence of agreement]; (examples at page 23)

OR

(ii) the covered entity is unable to obtain the individual’s agreement because of incapacity or other emergency circumstance [specify nature of incapacity or emergency circumstance]. The undersigned law enforcement official represents that: the requested information is needed to determine whether a violation of law by a person other than the victim has occurred, and that such information is not intended to be used against the victim; immediate law enforcement activity which depends upon the disclosure would be materially and adversely affected by waiting until the individual is able to agree to the disclosure. The undersigned further asserts that the circumstances are such that the covered entity, in the exercise of its professional judgment, should determine that the disclosure is in the best interests of the individual.
Disclosures about victims of abuse, neglect or domestic violence (45 C.F.R. 164.512(c))

If the covered entity reasonably believes that the individual (whose personally identifiable health information is requested) is a victim of abuse, neglect or domestic violence, this request for information is permitted by 45 C.F.R. 164.512(c)(1) because the disclosure is to ________________, which is a government agency authorized by law to receive reports of such abuse, neglect, or domestic violence, and:

[INSERT PARAGRAPH (i) or (ii) or either (iiiA) or (iiiB) below]

i) the disclosure is required by law [specify the law] and complies with and is limited to the relevant requirements of such law;

OR

ii) the individual has agreed to the disclosure [specify manner of agreement and/or attach written evidence of agreement];

OR, EITHER

iiiA) the disclosure is expressly authorized by statute or regulation, namely, [specify the law] and the covered entity believes the disclosure is necessary to prevent serious harm to the individual or other potential victims;

OR

iiiB) the disclosure is expressly authorized by statute or regulation [specify the law] and the individual is unable to agree because of incapacity [specify nature of incapacity], and the recipient law enforcement or public official authorized to receive the report [specify the agency] hereby represents that the protected health information which is sought is not intended to be used against the individual. The ________________ [specify agency] further represents that an immediate enforcement activity depends on the disclosure and would be materially and adversely affected by waiting until the individual is able to agree to the disclosure.
**Locate and Identify**

This request for protected health information is made by a law enforcement agency pursuant to the provisions of 45 C.F.R. 164.512(f)(2) which permit the disclosure of the enumerated limited information for identification and location purposes.

A covered entity is permitted to make a disclosure to a law enforcement officer under this paragraph for the purpose of identifying or locating a suspect, fugitive, material witness or a missing person. The following information may be disclosed: (A) name and address; (B) date and place of birth; (C) social security number; (D) ABO blood type and rh factor; (E) type of injury; (F) date and time of treatment; (G) date and time of death (if applicable); (H) a description of distinguishing physical characteristics, including, height, weight, gender, race, hair and eye color, presence or absence of facial hair (beard or moustache), scars and tattoos.
Decedents

(NOTE: This section of the regulation can only be used to permit a disclosure to a coroner, pursuant to a request by a coroner. Therefore, it will seldom be used in connection with requests in federal investigations, and even in those cases, the request must originate from a coroner.)

This request for protected health information is made by a [coroner] [medical examiner] pursuant to the provisions of 45 C.F.R. 164.512(g) which permit a covered entity to disclose protected health information to a coroner or medical examiner for the purpose of identifying a deceased person, determining a cause of death, or other duties as authorized by law.
Correctional institutions and other law enforcement custodial situations

This request for protected health information is made by a [correctional institution][law enforcement agency] with lawful custody of [fill in name of prisoner/detainee]. The undersigned represents that the protected health information is necessary for (check all that apply): ( ) the provision of health care to this individual; ( ) the health and safety of this individual or other inmates; ( ) the health and safety of the custodial officers or employees of, or others at, the correctional institution; ( ) the health and safety of this individual and custodial officers, or other persons responsible for transporting this inmate, or this individual's transfer from one institution, facility or setting to another; ( ) law enforcement on the premises of the correctional institution; or ( ) the administration and maintenance of the safety, security, and good order of the correctional institution. The requested disclosure of protected health information is permitted by the provisions of 45 C.F.R. 164.512(k)(5).
The Department of Justice, through its undersigned representative, requests this information for judicial and administrative proceedings. Consistent with 45 C.F.R. 164.512(e), this request is [Insert one of the following alternatives]:

A. Pursuant to the order of [a court] [an administrative tribunal], and the only information disclosed is the protected health information expressly authorized by the order [attach copy of order where appropriate]; OR

Pursuant to a subpoena, discovery request, or other lawful process, that is not accompanied by a court-order or order of an administrative tribunal, and

Reasonable efforts have been made to ensure that the individual whose information is sought has been given notice of the request by way of a good faith attempt to provide written notice to the individual, as shown by the accompanying documentation [attach copy of notice to individual and affidavit of service]; and

The notice to the individual included sufficient information about the underlying litigation or proceeding to permit the individual to raise an objection to the [court] [administrative tribunal]; and

The time for the individual to raise objections to the [court] [administrative tribunal] has expired, and

No objections were filed, or

All objections filed by the individual have been resolved by the [court] [administrative tribunal] and the disclosures sought are consistent with such resolution.

OR [alternate, if patient has not been given notice]:

Reasonable efforts have been made to secure a qualified protective order that meets the requirements set forth in 45 C.F.R. 164.512(e)(1)(v), and:

The parties to the underlying dispute which precipitated this request for protected health information have agreed to a qualified protective order and have presented it to the [court] [administrative tribunal] with jurisdiction over the dispute [attach copy of proposed protective order, if appropriate], OR

We have requested a qualified protective order from the [court] [administrative tribunal] with jurisdiction over the dispute [attach copy of proposed protective order, if appropriate].
Minimum Necessary

(NOTE: Do not use this language when the request is authorized by the patient or “required by law,” because the “minimum necessary” standard does not apply to disclosures which are required by law.” 65 Fed. Reg. 250, 82530, 82600, 82715); 45 C.F.R. 164.502(b)(2)(v)

The information sought in this request is the “minimum necessary to accomplish the intended purpose of the . . . request.” 45 C.F.R. 164.502(b)(2)(v). (See 65 Fed. Reg. 82530 “A covered entity is not required to second guess the scope or purpose of the request…”)

5 Required by law includes, but is not limited to: “Court orders and court ordered warrants; subpoenas or summons issued by a court, grand jury, a governmental or tribal inspector general, or an administrative body authorized to require the production of information; a civil or an authorized investigative demand; Medicare conditions of participation with respect to health care providers participating in the program; and statutes or regulations that require the production of information, including statutes or regulations that require such information if payment is sought under a government program providing public benefits.” 45 C.F.R. Section 164.501

Any mandate contained in law that compels a covered entity to make a disclosure of protected health information and that is enforceable in a court of law is considered a disclosure required by law. 45 C.F.R. Section 164.501.
The protected health information concerning the patients

Section 164.528(a)(2)(i). Therefore, pursuant to this request and as required by the provisions of 45 C.F.R. Sec. 164.528(a)(2), you must suspend the individual’s right to receive an accounting of this disclosure of protected health information for (months/years).
PATIENT AUTHORIZATIONS

You are requested to release records pertaining to the individual(s) indicated on the enclosed form(s) titled "Authorization to Release Medical Information."

NOTE:

(1) Your state laws may contain medical record release requirements other than those set out on this form.

(2) If psychotherapy notes are requested, please use the separate authorization for this specific purpose. The regulations provide that an authorization for disclosure of psychotherapy notes may only be combined with another authorization for a use or disclosure of psychotherapy notes. 45 CFR 164.508(b)(3)(ii).

Exhibit 30 - Treatment Codes
(Rev. 23, 03-18-02)

A. Skilled Nursing

These represent the services to be performed by the nurse. Services performed by the patient or other person in the home without the teaching or supervision of the nurse are not coded. The following is a further explanation for each service:

A1 * Skilled Observation and Assessment  Includes all skilled observation and assessment of the patient where the
physician determines that the patient's condition is such that a reasonable probability exists that significant changes may occur which require the skills of a licensed nurse to supplement the physician's personal contacts with the patient. (See §3117.4.A.)

A2 Foley Insertion
Insertion and/or removal of the Foley catheter by nurse.

A3 Bladder Instillation
Instilling medications into the bladder.

A4* Open Wound Care/Dressing
Includes irrigation of open, postsurgical wounds, application of medication and/or dressing changes. Does not include decubitus care. Describe dimension of wound (size and amount and type of drainage) on an addendum, when necessary. See A28 for observation uncomplicated surgical incision.

A5* Decubitus Care
(Partial tissue loss with signs of infection or full thickness tissue loss, etc.)
Includes irrigation, application of medication and/or dressing changes to decubitus. The agency describes size (depth and width) and appearance on an addendum when necessary. Use this code only if the decubitus being treated presents the following characteristics:
1 -- Partial tissue loss with signs of infection such as foul odor or purulent drainage;
2 -- Full thickness tissue loss that involves exposure of fat or invasion of other tissue such as muscle or bone.
For care of decubitus not meeting this definition, see A29.

A6* Venipuncture
The HHA specifies the test and frequency to be performed under physician's orders.

A7* Restorative Nursing
Includes exercises, transfer training, carrying out of restorative program ordered by the physician. This may or may not be established by a physical therapist. This code is not used to describe non-skilled services (e.g., routine range of motion exercises).

A8 Post Cataract Care
Includes observation, dressings, teaching, etc., of the immediate postoperative cataract patient. (See MIM §3117.4.A.)

A32* Teaching and Training (other) (spec. under Orders)

Specify under physician orders.

* Code which requires a more extensive descriptive narrative for physician’s orders.

B. Physical Therapy (PT)

These codes represent all services to be performed by the physical therapist. If services are provided by a nurse, they are included under A7. The following is a further explanation of each service:

B1 Evaluation
Visit(s) made to determine the patient's condition, physical therapy plans and rehabilitation potential; to evaluate the home environment to eliminate structural barriers and to improve safety to increase functional independence (ramps, adaptive wheelchair, bathroom aides).

B2 Therapeutic Exercise
Exercises designed to restore function. Specific exercise techniques (e.g., Proprioceptive Neuromuscular Facilitation (PNF), Rood, Brunstrom, Codman's, William's) are specified. The exercise treatment is listed in the medical record specific to the patient's condition, manual therapy techniques, which include soft tissue and joint mobilization to reduce joint deformity and increase functional range of motion.

B3 Transfer Training
To evaluate and instruct safe transfers (bed, bath, toilet, sofa, chair, commode) using appropriate body mechanics, and equipment (sliding board, Hoyer lift, trapeze, bath bench, wheelchair). Instruct patient, family and care-givers in appropriate transfer techniques.

B4 Establish or Upgrade Home Program
To improve the patient's functional level by instruction to the patient and responsible individuals in exercise which may be used as an adjunct to PT programs.

B5 Gait Training
Includes gait evaluation and ambulation training of a patient whose ability to walk has been impaired. Gait training is the selection and instruction in use of various assistive devices (orthotic appliances, crutches, walker, cane, etc.).
B6  Pulmonary Physical Therapy  Includes breathing exercises, postural drainage, etc., for patients with acute or severe pulmonary dysfunction.

B7  Ultra Sound  Mechanism to produce heat or micro-massage in deep tissues for conditions in which relief of pain, increase in circulation and increase in local metabolic activity are desirable.

B8  Electro Therapy  Includes treatment for neuromuscular dysfunction and pain through use of electrotherapeutic devices (electromuscular stimulation, Transcutaneous Electrical Nerve Stimulation (TENS), Functional Electrical Stimulation (FES), biofeedback, High Voltage Galvanic Stimulation (HVGS), etc.).

B9  Prosthetic Training  Includes stump conditioning, (shrinking, shaping, etc.), range of motion, muscle strengthening and gait training with or without the prosthesis and appropriate assistive devices.

B10  Fabrication Temporary Devices  Includes fabrication of temporary prostheses, braces, splints, and slings.

B11  Muscle Re-education  Includes therapy designed to restore function due to illness, disease, or surgery affecting neuromuscular function.

B12  Management and Evaluation of a Patient Care Plan  The complexity of necessary unskilled services require skilled management by a qualified physical therapist to ensure that these services achieve their purpose, and to promote the beneficiary's recovery and medical safety.

B13  Reserved

B14  Reserved

B15  Other (Spec. Under Orders)  Includes all PT services not identified above. Specific therapy services are identified under physician's orders (Form CMS-485, Item 21).

* Code which requires a more extensive descriptive narrative for physician’s orders.

C.  Speech Therapy (ST)

These codes represent the services to be performed by the speech therapist. The following is a further explanation of each service.
C1 Evaluation  Visit made to determine the type, severity and prognosis of a communication disorder, whether speech therapy is reasonable and necessary and to establish the goals, treatment plan, and estimated frequency and duration of treatment.

C2 Voice Disorders Treatments  Procedures and treatment for patients with an absence or impairment of voice caused by neurologic impairment, structural abnormality, or surgical procedures affecting the muscles of voice production.

C3 Speech Articulation Disorders Treatments  Procedures and treatment for patients with impaired intelligibility (clarity) of speech - usually referred to as anarthria or dysarthria and/or impaired ability to initiate, inhibit, and/or sequence speech sound muscle movements – usually referred to as apraxia/dyspraxia.

C4 Dysphagia Treatments  Includes procedures designed to facilitate and restore a functional swallow.

C5 Language Disorders Treatments  Includes procedures and treatment for patients with receptive and/or expressive aphasia/dysphasia, impaired reading comprehension, written language expression, and/or arithmetical processes.

C6 Aural Rehabilitation  Procedures and treatments designed for patients with communication problems related to impaired hearing acuity.

C7 Reserved

C8 Non-oral Communications  Includes any procedures designed to establish a non-oral or augmentive communication system.

C9* Other (Spec. Under Orders)  Speech therapy services not included above. Specify service to be rendered under physician's orders (Form CMS-485, Item 21).

* Code which requires a more extensive descriptive narrative for physician’s orders.

D Occupational Therapy

These codes represent the services to be rendered by the occupational therapist. The following is a further explanation of each service:
| D1 | Evaluation | Visit made to determine occupational therapy needs of the patient at the home. Includes physical and psychosocial testings, establishment of plan of care, rehabilitation goals, and evaluating the home environment for accessibility and safety and recommending modifications. |
| D2 | Independent Living/Daily Living Skills (ADL Training) | Refers to the skills and performance of physical cognitive and psychological/emotional self care, work, and play/leisure activities to a level of independence appropriate to age, life-space, and disability. |
| D3 | Muscle Re-education | Includes therapy designed to restore function lost due to disease or surgical intervention. |
| D4 | Reserved | |
| D5 | Perceptual Motor Training | Refers to enhancing skills necessary to interpret sensory information so that the individual can interact normally with the environment. Training designed to enhance perceptual motor function usually involves activities, which stimulate visual and kinesthetic channels to increase awareness of the body and its movement. |
| D6 | Fine Motor Coordination | Refers to the skills and the performance in fine motor and dexterity activities. |
| D7 | Neurodevelop-mental Treatment | Refers to enhancing the skills and the performance of movement through eliciting and/or inhibiting stereotyped, patterned, and/or involuntary responses, which are coordinated at subcortical and cortical levels. |
| D8 | Sensory Treatment | Refers to enhancing the skills and performance in perceiving and differentiating external and internal stimuli such as tactile awareness, stereognosis, kinesthesia, proprioceptive awareness, ocular control, vestibular awareness, auditory awareness, gustatory awareness, and factory awareness necessary to increase function. |
Orthotics Splinting
Refers to the provision of dynamic and static splints, braces, and slings for relieving pain, maintaining joint alignment, protecting joint integrity, improving function, and/or decreasing deformity.

Adaptive Equipment
(Fabrication and Training)
Refers to the provision of special devices that increase independent functions.

Other
Occupational therapy services not quantified above.

* Code which requires a more extensive descriptive narrative for physician’s orders.

E. Medical Social Services (MSS)

These codes represent the services to be rendered by the medical social service worker. The following is a further explanation of each service:

E1 Assessment of Social and Emotional Factors
Skilled assessment of social and emotional factors related to the patient's illness, need for care, response to treatment and adjustment to care; followed by care plan development.

E2 Counseling for Long-Range Planning and Decision making
Assessment of patient's needs for long term care including: Evaluation of home and family situation; enabling patient/family to develop an in-home care system; exploring alternatives to in-home care; or arrangement for placement.

E3 Community Resource Planning
The promotion of community centered services(s) including education, advocacy, referral and linkage.

E4* Short Term Therapy
Goal oriented intervention directed toward management of terminal illness; reaction/adjustment to illness; strengthening family/support system; conflict resolution related to chronicity of illness.

E5 Reserved

E6* Other (Specify Under Orders)
Includes other medical social services related to the patient's illness and need for care. Problem resolution associated with
high risk indicators endangering patient's mental and physical health including: Abuse/neglect, inadequate food/medical supplies; and high suicide potential. The service to be performed must be written under doctor's orders (Form CMS-485, Item 21).

* Code which requires a more extensive descriptive narrative for physician’s orders.

**F. Home Health Aide**

These codes represent the services to be rendered by the home health aide. Specific personal care services to be provided by the home health aide must be determined by a registered professional nurse. Services are given under the supervision of the nurse, and if appropriate, a physical, speech or occupational therapist. The following is a further explanation of each service:

always paid at the fee schedule amount even if it is higher than the Submitted Charge. If there is no fee schedule amount, then insert the Submitted Charge.

**Requirement:** Required

**Data Element:** ANSI Reason Code 1  
ANSI Reason Code 2  
ANSI Reason Code 3  
ANSI Reason Code 4  
ANSI Reason Code 5  
ANSI Reason Code 6  
ANSI Reason Code 7

**Definition:** Codes showing the reason for any adjustments to this line, such as denials or reductions of payment from the amount billed  
**Validation:** Must be valid ANSI ASC claim adjustment codes and applicable group codes  
**Remarks:** Format is GGRRRRRR where: GG is the group code and RRRRRR is the adjustment reason code

**Requirement:** ANSI Reason Code 1 must be present on all claims with resolutions of 'DENMR', 'DENMC', 'DEO', 'RTP', 'REDMR', 'REDMC', or 'REO','APPAM','DENAM','REDAM'.

**Data Element:** Manual Medical Review Indicator

**Definition:** Code indicating whether or not the service received complex manual medical review. Complex review goes beyond routine review. It includes the request for, collection of, and evaluation of medical records or any other documentation in addition to the documentation on the claim, attached to the claim, or contained in the contractor's history file. The review must require professional medical expertise and must be for the purpose of preventing payments of non-covered or incorrectly coded services. That includes reviews for the purpose of determining if services were medically necessary. Professionals must perform the review, i.e., at a minimum, a Licensed Practical Nurse must perform the review. Review requiring use of the contractor's history file does not make the review a complex review. A review is not considered complex if a medical record is requested from a provider and not received. If sufficient documentation accompanies a claim to allow complex review to be done without requesting additional documentation, count the review as complex. For instance if all relative pages from the patient's medical record are submitted with the claim, complex MR could be conducted without requesting additional documentation.  
**Validation:** Must be 'Y' or 'N'  
**Remarks:** Set to 'Y' if service was subjected to complex manual medical review, else 'N'  
**Requirement:** Required

**Data Element:** Resolution Code

**Definition:** Code indicating how the contractor resolved the line.

**Automated Review (AM):** An automated review occurs when a claim/line item passes through the contractor's claims processing system or any adjunct system containing medical review edits.  
**Routine Manual Review (MR):** Routine review uses human intervention, but only to the extent that the claim reviewer reviews a
claim or any attachment submitted by the provider. It includes review that involves review of any of the contractor's internal documentation, such as claims history file or policy documentation. It does not include review that involves review of medical records or other documentation requested from a provider. A review is considered routine if a medical record is requested from a provider and not received. Include prior authorization reviews in this category.

**Complex Manual Review (MC):** Complex review goes beyond routine review. It includes the request for, collection of, and evaluation of medical records or any other documentation in addition to the documentation on the claim, attached to the claim, or contained in the contractor's history file. The review must require professional medical expertise and must be for the purpose of preventing payments of non-covered or incorrectly coded services. Professionals must perform the review, i.e., at a minimum; a Licensed Practical Nurse must perform the review. Review requiring use of the contractor's history file does not make the review a complex review. A review is not considered complex if a medical record is requested from a provider and not received. If sufficient documentation accompanies a claim to allow complex review to be done without requesting additional documentation, the review is complex. For instance if all relevant pages from the patient's medical record are submitted with the claim, complex MR could be conducted without requesting additional documentation.

**Validation:** Must be 'APP', 'APPMR', 'APPMC', 'DENMR', 'DENMC', 'DEO', 'RTP', 'REDMR', 'REDMC' or 'REO', 'APPAM', 'DENAM', 'REDAM'.

**Remarks:**

- **APP** = Approved as a valid submission
- **APPMR** = Approved after manual medical review routine
- **APPMC** = Approved after manual medical review complex. If this code is selected, set the Manual Medial Review Indicator to 'Y.'
- **DENMR** = Denied for medical review reasons or for insufficient documentation of medical necessity, manual medical review routine
- **DENMR** = Denied after manual medical review routine
- **DENMC** = Denied for medical review reasons or for insufficient documentation of medical necessity, manual medical review complex. If this code is selected, set the Manual Medial Review Indicator to 'Y.'
- **DEO** = Denied for non-medical reasons, other than denied as unprocessable.
- **RTP** = Denied as unprocessable (return/reject)
- **REDMR** = Reduced for medical review reasons or for insufficient documentation of medical necessity, manual medical review routine
- **REDMC** = Reduced for medical review reasons or for insufficient documentation of medical necessity, manual medical review complex. If this code is selected, set the Manual Medial Review Indicator to 'Y.'
- **REO** = Reduced for non-medical review reasons.
- **APPAM** = Approved after automated medical review
- **DENAM** = Denied after automated medical review
REDAM  = Reduced after medical review
Requirement: Required.

Version 1.01
(Rev. 77, 05-28-04)
Your failure to provide the requested documentation to the CERT PSC will result in a documentation error for that line of service and you may not re-submit the line to the CERT Contractor Resolution Process (CCRP), even where your staff have previously conducted routine or complex MR.

The CMS will conduct a routine quality assurance review of the CERT program including review of claims with error and non-error findings.

The CERT PSC will provide your CERT PSC Contractor Feedback Data Entry Screen to CMS and will also maintain a tracking database of all such reports you submitted to CMS to include final disposition of error findings submitted to the CCRP. Do not provide that information to other entities; the CMS will handle all requests for copies of those reports.

Exhibit 34.7 - Data Items Included on CERT Reports
(Rev. 77, 05-28-04)

The CMS Central Office Clinical Panel (COCP) will receive the following for each line submitted to the CCRP:

- Relevant information from the medical record for the disagreed upon line of service,
- Explanations from the CERT PSC and the AC of their decisions, and
- Specific references to included documentation that the AC or the CERT PSC believes supports their decision.

The COCP will make a decision based upon all information presented to them.
To insure that regional offices (ROs) have an opportunity to be involved in the CCRP, the COCP will invite the participation of RO clinicians in the process.

The COCP at a minimum will consist of four individuals. There will be physician representation from the Center for Medicare Management (CMM), Office of Clinical Standards & Quality (OCSQ), and Program Integrity Group (PIG). There will be at least one registered nurse on this panel. The COCP will request the participation of consortia staff; requests will be made at least one month before participation is expected. The panel may request the assistance of complex medical review experts, coding experts, or clinical specialists. A list of all participants must accompany the final report from the panel.

Members of panels will review the file presented without opportunity for the CERT PSC or you to submit additional material. You may make no further appeal.

The CMS will provide final results from the COCP reviews to you in the CERT Quarterly Error Reconciliation Report (see attachment 5 for the report format); CMS will include in this report only those lines the COCP has confirmed to be in error after the COCP has completed all review of lines you submitted to the CCRP for that quarter.

You will collect overpayments on all lines paid in error included in the Error Report except for errors submitted to the CCRP. You will also collect overpayments on all lines in error included in the CERT Quarterly Error Reconciliation Report. You will pay to the billing providers amounts that you have denied in error and the CERT PSC has identified as such. The CMS does not require collection or payment for errors in coding that do not affect the amount originally paid, e.g., a line with an incorrect code is paid, but the corrected code (determined after CERT review) is reimbursable at the same amount as the code in error.

You should send all reports to:

    AdvanceMed
    1530 E. Parham Road
    Richmond, Va. 23228.

The CERT PSC will send reports to the CERT point of contact you identified.

On an annual basis, the COCP will conduct random reviews of the decisions on requests submitted to the CCRP. The QA findings shall be sent to the CERT PSC, AC, and applicable parties (i.e., RO or CO).

**Exhibit 35 – Memorandum of Understanding (MOU) with Law Enforcement**
Combating Medicare fraud is a goal shared by the Department of Justice (DOJ), Department of Health and Human Services Office of the Inspector General (OIG), and the Health Care Financing (HCFA). Investigating and prosecuting such cases typically requires access to information and documents from Medicare contractors. To ensure that law enforcement’s need for this information is met consistent with Medicare contractors’ other responsibilities, DOJ, OIG, and HCFA agree to the following procedures:

1. DOJ can request in writing information and documents related to an ongoing civil or criminal health care fraud investigation or prosecution directly from a Medicare contractor. DOJ includes personnel at the Federal Bureau of Investigation (FBI), United States Attorneys Offices, and the Department of Justice in Washington, D.C., including but not limited to the Criminal Division and Civil Division.

2. When DOJ requests information from a Medicare contractor, it must notify the Regional OIG in writing.

   OIG approval is not necessary for DOJ requests for information from a Medicare contractor. OIG notification is intended to prevent duplication in investigative efforts.

3. HCFA approval is not necessary before a Medicare contractor can provide information requested to DOJ.

4. It is presumed that a Medicare contractor will furnish DOJ officials with information and documents related to a civil or criminal health care fraud investigation or prosecution in a timely fashion. However, if a Medicare contractor objects to the request on the basis that it is unduly burdensome in terms of the volume of information requested, the timing of the request, or the format in which DOJ seeks the information, the Medicare contractor may take the following steps:

   a. Contact the requesting DOJ official to explain the basis of the objection. All parties agree to make good faith efforts to reach a resolution that accommodates DOJ’s legitimate law enforcement needs and the Medicare contractor’s budgetary constraints or other needs.

      Legitimate requests include but are not limited to requests for the following documents:

         (1) information contained on claim forms and other records maintained on individual providers or suppliers;
(2) billing procedure updates and other Medicare publications furnished to providers or suppliers;

(3) contractor correspondence to and from providers/suppliers;

(4) billing history of beneficiaries;

(5) analysis performed by Fraud and Abuse Units;

(6) data analysis routinely done by Medicare contractors such as utilization reviews.

DOJ recognizes that general data analysis is typically the prerogative of the Medicare contractor and HCFA and, therefore, agrees to limit requests for data analysis not otherwise performed by the Medicare contractor. HCFA recognizes that OIG and DOJ may have legitimate law enforcement needs for data analysis in ongoing investigations and proceedings. Where DOJ requests data analysis not otherwise performed by the contractor, DOJ should discuss the request with the Medicare contractor to explain the need for such analysis and to determine whether there is an alternative format for a contractor to provide the information.

b. Where the FBI has sought the information, the FBI may involve in the resolution a representative of the United States Attorney’s Office, DOJ’s Criminal Division or Civil Division.

c. If the Medicare contractor and the requesting DOJ official cannot reach an accommodation, then they may seek the intervention of HCFA’s Associate Regional Administrator. It is anticipated that such an appeal will be a rare occurrence prevented by reasonable requests and timely and comprehensive responses.

5. Periodic meetings between DOJ, OIG, HCFA regional officials, and the Medicare contractors should be held at the local levels. Similar meetings between DOJ, OIG, and HCFA should be held at the national levels. Such meetings offer an opportunity to discuss trends in fraudulent practices; to devise possible solutions to stopping ongoing fraud; to report the status of DOJ health care fraud cases—consistent with DOJ’s enforcement needs and limitations on permissible disclosure of such information; to resolve problems, if any, concerning requests for information; and generally, to foster cooperation among law enforcement, HCFA, and Medicare contractors.

6. DOJ, OIG, and HCFA agree to conduct training to familiarize their respective personnel on the activities and needs of the others.
7. DOJ will handle the information and documents obtained from Medicare contractors consistent with existing statutory and regulatory provisions protecting confidentiality of patient records including, but not limited to, the Privacy Act of 1974.

8. Contractors requiring further instructions or clarification regarding any aspect of this policy, including the application of any statute or regulation, may contact the appropriate Associate Regional Administrator.

This policy will be revisited six months from the date of its adoption.

36 - Overview of the CERT Process
(Rev. 726, Issued: 06-16-17, Effective: 10-01-17, Implementation: 01-02-18 - For VMS and MCS for Business Requirements 11 through 22 and 22.1; 10-02-17 - For FISS)

The CERT process begins at the MAC processing site where claims that have entered the standard claims processing system on a given day are extracted to create a Claims Universe File. This file is transmitted each day to the CERT Operations Center, where it is routed through a random sampling process. Claims that are selected as part of the sample are downloaded to the Sampled Claims Database. This database holds all sampled claims from all MACs. Periodically, sampled claim key data are extracted from the Sampled Claims Database to create a Sampled Claims Transaction File. This file is transmitted back to the MAC and matched to the MAC’s claims history and provider files. A Sampled Claims Resolution File, a Claims History Replica File, and a Provider Address file are created automatically by the MAC and transmitted to the CERT Operations Center. They are used to update the Sampled Claims database with
claim resolutions and provider addresses; the Claims History Replica records are added to a database for future analysis.

Software applications at the CERT Operations Center are used to review, track, and report on the sampled claims. Periodically, the CERT contractor requests the MAC to provide information supporting decisions on denied/reduced claims or claim line items and claims that have been subject to their medical review processes. The CERT contractor also sends reports identifying incorrect claim payment to the appropriate MAC for follow-up. MACs then report on their agreement and disagreement with CERT decisions, status of overpayment collections, and status of claims that go through the appeals process.

DATA ELEMENT DETAIL

Data Element: Contractor ID
Definition: Contractor’s CMS assigned number
Validation: Must be a valid CMS contractor ID
Remarks: N/A
Requirement: Required
NOTE: For A/B MAC (A) and A/B MAC (HHH), when multiple workloads share a single processing environment, the Contractor ID will reflect the roll-up Contractor ID specified by CMS

Data Element: Record Type
Definition: Code indicating type of record
Validation: N/A
Remarks: 1 = Header record
Requirement: Required

Data Element: Record Version Code
Definition: The code indicating the record version of the Claim Universe file
Validation: Claim Universe files prior to 10/1/2007 did not contain this field.
Codes:  
B = Record Format as of 10/1/2007  
C = Record Format as of 10/1/2017
Remarks: N/A
Requirement: Required

**Data Element: Contractor Type**
Definition: Type of Medicare Contractor included in the file
Validation: Must be ‘A’ or ‘R’
   Where the TYPE of BILL, 1st position = 3, Contractor Type should be ‘R’. Where the TYPE of BILL, 1st/2nd positions = 81 or 82, contractor Type should be ‘R’. All others will be contractor type ‘A’.
Remarks: A = A/B MAC (A) only
   R = A/B MAC (HHH) only or both A/B MAC (A) and A/B MAC (HHH)
Requirement: Required

**Data Element: Universe Date**
Definition: Date the universe of claims entered the shared system
Validation: Must be a valid date not equal to a universe date sent on any previous claims universe file
Remarks: Format is CCYYMMDD. May use shared system batch processing date; however the Universe Date must not equal the universe date on any previous claims universe file.
Requirement: Required

Data Element: Beneficiary HICN
Definition: Beneficiary’s Health Insurance Claim Number
Validation: N/A
Remarks: Do not include hyphens or spaces
Requirement: Required

Data Element: Billing Provider Number
Definition: First nine characters of number assigned by Medicare to identify the billing/pricing provider or supplier.
Validation: N/A
Remarks: N/A
Requirement: Required

Data Element: Billing Provider NPI
Definition: NPI assigned to the Billing Provider.
Validation: N/A
Remarks: N/A
Requirement: Required by May 23, 2007 for claims using HIPAA standard Transactions

Data Element: Type of Bill
Definition: Three-digit alphanumeric code gives three specific pieces of information. The first digit identifies the type of facility. The second classifies the type of care. The third indicates the sequence of this bill in this particular episode of care. It is referred to as “frequency” code.
Validation: Must be a valid code as listed in Pub 100-4, Medicare Claims Processing Manual, Chapter 25, Completing and Processing CMS-1450 Data Set.
Remarks: N/A
Requirement: Required

Data Element: Claim from Date
Definition: The first day on the billing statement covering services rendered to the beneficiary.
Validation: Must be a valid date
Remarks: Format is CCYYMMDD
Requirement: Required

Data Element: Claim through Date
Definition: The last day on the billing statement covering services rendered to the beneficiary.

**Definition:** The code that indicates a condition relating to an institutional claim that may affect payer processing.

**Validation:** Must be a valid code as defined in the Claims Processing Manual (Pub. 100-4) chapter 25 (Completing and Processing CMS-1450 Data Set).

**Remarks:** N/A

**Requirement:** Required if claim has a condition code

---

**Data Element:** Claim Demonstration Identification Number

**Definition:** The number assigned to identify a demonstration Project. This field is also used to denote special processing (a.k.a. Special Processing Number, SPN).

**Validation:** Must be a Valid Demo ID.

**Remarks:** N/A

**Requirement:** Required when available on claim

---

**Data Element:** PPS Indicator Code alias Claim PPS Indicator Code

**Definition:** The code indicating whether (1) the claim is Prospective Payment System (PPS), (2) Unknown or (0) not PPS.

**Validation:**
- 0 = Not PPS
- 1 = PPS
- 2 = Unknown

**Remarks:** N/A
Requirement: Required

**Data Element: Claim State**
Definition: 2 character abbreviation identifying the state in which the service is furnished.
Validation: Must be a valid 2 digit state abbreviation as defined by the United States Postal Service (USPS) or blank.
Remarks: N/A
Requirement: Required if on claim record

**Data Element: Beneficiary State**
Definition: 2 character abbreviation designating the state in which the beneficiary resides.
Validation: Must be a valid 2 digit state abbreviation as defined by the United States Postal Service (USPS) or blank.
Remarks: N/A
Requirement: Required if on claim record

**Data Element: Claim Total Charge Amount**
Definition: The total charges for all services included on the institutional claim.
Validation: N/A
Remarks: This field should contain the same amount as revenue center code 0001/total charges.
Requirement: Required

Data Element: Beneficiary MBI
Definition: Beneficiary’s Medicare Beneficiary Identifier
Validation: Comply with CMS Standards
- 11-character, fixed length alpha-numeric string
- Different, visibly distinguishable from HICN/RRB numbers
- Contain no more than 2 consecutive numbers
- Contain no more than 2 consecutive alphabetic characters
- Must limit the possibility of letters being interpreted as numbers (i.e., alphabetic characters [A…Z]; excluding S, L, O, I, B, Z)
- Must not contain lowercase letters
- Must not contain any special characters
Remarks: Do not include hyphens or spaces
Requirement: Required, when available

Data Element: HICN/MBI Indicator
Definition: Indicator that identifies if the provider submitted the claim with a HICN or MBI
Validation: M = MBI submitted on the claim
H = HICN submitted on the claim
Remarks: N/A
Requirement: Required

**Data Element: Revenue Code Count**
**Claim Line Item Fields**

**Data Element: Revenue Code**
Definition: Code assigned to each cost center for which a charge is billed.
Validation: Must be a valid National Uniform Billing Committee (NUBC) approved code.
Remarks: Include an entry for revenue code ‘0001’.
Requirement: Required

**Data Element: HCPCS Procedure Code or HIPPS Code**
Definition: The HCPCS/CPT-4 code that describes the service or Health Insurance PPS (HIPPS) code.
Validation: Must be a valid HCPCS/CPT-4 code.
Remarks: Healthcare Common Procedure Coding System (HCPCS) is a collection of codes that represent procedures, supplies, products and services which may be provided to Medicare beneficiaries and to individuals enrolled in private health insurance programs.

When revenue center code = '0022' (SNF PPS), '0023' (HH PPS), or '0024' (IRF PPS); this field contains the Health Insurance PPS (HIPPS) code.

The HIPPS code for SNF PPS contains the rate code/assessment type that identifies (1) RUG-III group the beneficiary was classified into as of the RAI MDS assessment reference date and (2) the type of assessment for payment purposes.

The HIPPS code for Home Health PPS identifies (1) the three case-mix dimensions of the HHRG system, clinical, functional and utilization, from which a beneficiary is assigned to one of the 80 HHRG categories and (2) it identifies whether or not the elements of the code were computed or derived. The HHRGs, represented by the HIPPS coding, will be the basis of payment for each episode.

The HIPPS code (CMG Code) for IRF PPS identifies the clinical characteristics of the beneficiary. The HIPPS rate/CMG code (AXXYY - DXXYY) must contain five digits. The first position of the code is an A, B, C, or 'D'. The HIPPS code beginning with an 'A' in front of the CMG is defined as without co-morbidity. The 'B' in front of the CMG is defined as with co-morbidity for Tier 1. The 'C' is defined as co-morbidity for Tier 2 and 'D' is defined as co-morbidity for Tier 3. The
'XX' in the HIPPS rate code is the Rehabilitation Impairment Code (RIC). The 'YY' is the sequential number system within the RIC.

Requirement: Required if present on bill

**Data Element: Revenue Center Total Charge**

**Definition:** The total charges (covered and non-covered) for all accommodations and services (related to the revenue code) for a billing period before reduction for the deductible and coinsurance amounts and before an adjustment for the cost of services provided.

**Validation:** N/A

**Remarks:** N/A

### DATA ELEMENT DETAIL

#### Claim (Header) Fields

**Data Element: Contractor ID**
- **Definition:** Contractor’s CMS assigned number.
- **Validation:** Must be a valid CMS contractor ID.
- **Remarks:** N/A
- **Requirement:** Required

**NOTE:** For A/B MAC (A) and A/B MAC (HHH), when multiple workloads share a single processing environment, the Contractor ID will reflect the roll-up Contractor ID specified by CMS.

**Data Element: Record Type**
- **Definition:** Code indicating type of record
- **Validation:** N/A
- **Remarks:** 2 = Claim record
- **Requirement:** Required

**Data Element: Record Version Code**
- **Definition:** The code indicating the record version of the Claim Resolution file
- **Validation:** Claim Resolution files prior to 10/1/2007 did not contain this field.
  - Codes:
    - B = Record Format as of 10/1/2007
    - C = Record Format as of 1/1/2010
    - D = Record Format as of 10/1/2012
    - E = Record Format as of 7/1/2016
    - F = Record Format as of 10/1/2017
- **Remarks:** N/A
- **Requirement:** Required

**Data Element: Contractor Type**
- **Definition:** Type of Medicare Contractor included in the file
- **Validation:** Must be ‘A’ or ‘R’
  - Where the TYPE of BILL, 1st position = 3, Contractor Type should be ‘R’.
  - Where the TYPE of BILL, 1st/2nd positions = 81 or 82, contractor Type should be ‘R’.
  - All others will be contractor type ‘A’.

**Data Element: Record Number**
- **Definition:** The sequence number of the record. A claim may have up to six
records.
Validation: Must be between 1 and 6
Remarks: None
Requirement: Required

**Data Element: Mode of Entry Indicator**
Definition: Code that indicates if the claim is paper, EMC, or unknown
Validation: Must be 'E', 'P', or 'U'
Remarks:
E = EMC
P = Paper
U= Unknown
Use the same criteria to determine EMC, paper, or unknown as that used for workload reporting
Requirement: Required

**Data Element: Original Claim Control Number**
Definition: The Claim Control Number the shared system assigned to the claim in the Universe file. This number should be the same as the claim control number for the claim in the Sample Claims Transactions file, and the claim control number for the claim on the Universe file. If the shared system had to use a crosswalk to pull the claim because the MAC or shared system changed the claim control number during processing, enter the number the shared system used to look up the number needed to pull all records associated with the sample claim.
Validation: For all records in the resolution file, the Original Claim Control must match the Claim Control Number identified in the Sampled Claims Transaction File.
Remarks: N/A
Requirement: Required

**Data Element: Internal Control Number**
Definition: Number currently assigned by the Shared System to uniquely identify the claim.
Validation: N/A
Remarks: Use the Original Claim Control Number if no adjustment has been made to the claim. This number may be different from the Original Claim Control Number if the shared system has assigned a new Claims Control Number to an adjustment to the claim requested.
Requirement: Required

**Data Element: Beneficiary HICN**
Definition: Beneficiary’s Health Insurance Claim Number
Validation: N/A
Remarks: N/A
Requirement: Required

**Data Element: Beneficiary Last Name**
Definition: Last Name (Surname) of the beneficiary
Data Element: Beneficiary First Name
Definition: First (Given) Name of the beneficiary
Validation: N/A
Remarks: N/A
Requirement: Required

Data Element: Beneficiary Middle Initial
Definition: First letter from Beneficiary Middle Name
Validation: N/A
Remarks: N/A
Requirement: Required

Data Element: Beneficiary Date of Birth
Definition: Birth date of the beneficiary
Validation: Must be a valid date
Remarks: MMDDCCYY on which the beneficiary was born
Requirement: Required

Data Element: Beneficiary Gender
Definition: Gender of the beneficiary
Validation: 'M' = Male, 'F' = Female, or 'U' = Unknown
Remarks: N/A
Requirement: Required

Data Element: Billing Provider Number
Definition: First nine characters of number used to identify the billing/pricing provider or supplier
Validation: Must be present
If the same billing/pricing provider number does not apply to all lines on the claim, enter the Billing provider number that applies to the first line of the claim
Remarks: N/A
Requirement: Required for all claims

Data Element: Attending Physician UPIN
Definition: The UPIN submitted on the claim used to identify the physician that is responsible for coordinating the care of the patient while in the facility.
Validation: N/A
Remarks: Left justify
Requirement: Required when available on claim record.

Data Element: Claim Paid Amount
Definition: Amount of payment made from the Medicare trust fund for the services covered by the claim record. Generally, the amount is calculated by the
A/B MAC (A) or A/B MAC (B) and represents what CMS paid to the institutional provider, physician, or supplier, i.e. The Claim Paid Amount is the net amount paid after co-insurance and deductibles are applied.

Validation: N/A
Remarks: N/A
Requirement: Required

**Data Element: Claim ANSI Reason Code 1-7**

Definition: Codes showing the reason for any adjustments to this claim, such as denials or reductions of payment from the amount billed.

Validation: Must be valid American National Standards Institute (ANSI) Ambulatory Surgical Center (ASC) claim adjustment code and applicable group code.

Remarks: Format is GGRRRRRRR where: GG is the group code and RRRRRR is the adjustment reason code.

Requirement: Report all ANSI reason codes on the bill

**Data Element: Statement Covers from Date**

Definition: The beginning date of the statement

Validation: Must be a valid date

Remarks: Format must be CCYYMMDD

Requirement: Required

**Data Element: Statement Covers thru Date**

Definition: The ending date of the statement

Validation: Must be a valid date

Remarks: Format must be CCYYMMDD

Requirement: Required

**Data Element: Claim Entry Date**

Definition: Date claim entered the shared claim processing system, the receipt date

Validation: Must be a valid date

Remarks: Format must be CCYYMMDD

Requirement: Required

**Data Element: Claim Adjudicated Date**

Definition: Date claim completed adjudication, i.e., process date

Validation: Must be a valid date

Remarks: Format must be CCYYMMDD

Requirement: Required

**Data Element: Condition Code 1-30**

Definition: The code that indicates a condition relating to an institutional claim that may affect payer processing

Validation: Must be a valid code as listed in Pub 100-4, Medicare Claims Processing Manual, Chapter 25, Completing and Processing CMS-1450 Data Set.
Remarks: This field is left justified and blank filled.
Requirement: Required if there is a condition code for the bill.

**Data Element: Type of Bill**

**Definition:** A code indicating the specific type of bill (hospital, inpatient, SNF, outpatient, adjustments, voids, etc.).

This three-digit alphanumeric code gives three specific pieces of information. The first digit identifies the type of facility. The second classifies the type of care. The third indicates the sequence of this bill in this particular episode of care. It is referred to as “frequency” code.

**Validation:** Must be a valid code as listed in Pub 100-4, Medicare Claims Processing Manual, Chapter 25, Completing and Processing CMS-1450 Data Set

Remarks: N/A
Requirement: Required

**Data Element: Principal Diagnosis**

**Definition:** The current version of ICD--CM diagnosis code identifying the diagnosis, condition, problem or other reason for the admission/encounter/visit shown in the medical record to be chiefly responsible for the services provided.

**Validation:** Must be a valid ICD--CM diagnosis code
- CMS accepts only CMS approved ICD--CM diagnostic and procedural codes. The CMS approves only changes issued by the Federal ICD--CM Coordination and Maintenance Committee.
- Diagnosis codes must be full ICD--CM diagnoses codes, including the full number of digits (five for ICD-9-CM, seven for ICD-10-CM) where applicable.

Remarks: The principal diagnosis is the condition established after study to be chiefly responsible for this admission. Even though another diagnosis may be more severe than the principal diagnosis, the principal diagnosis, as defined above, is entered.

Requirement: Required

**Data Element: Principal Diagnosis Version Indicator Code**

**Definition:** The diagnosis version code identifying the version of ICD diagnosis code submitted.

**Validation:**
- Version ICD9 use Version Code ‘9’
- Version ICD10 use Version Code ‘0’

Remarks: With the exception of claims submitted by ambulance suppliers (specialty).

Requirement: Principal Diagnosis Version Code 1 is required for ALL claims.

**Data Element: Other Diagnosis Code 1-24**

**Definition:** The ICD-CM diagnosis code identifying the diagnosis, condition, problem or other reason for the admission/encounter/visit shown in the medical record to be present during treatment.
Validation: Must be a valid ICD--CM diagnosis code
  • CMS accepts only CMS approved ICD-CM diagnostic and procedural codes. The CMS approves only changes issued by the Federal ICD-CM Coordination and Maintenance Committee.
  • Diagnosis codes must be full ICD-CM diagnoses codes, including the full number of digits (five for ICD-9-CM, seven for ICD-10-CM) where applicable.

Remarks: Report the full ICD-CM codes for up to 24 additional conditions if they co-existed at the time of admission or developed subsequently, and which had an effect upon the treatment or the length of stay.

Requirement: Required if available on the claim record.

**Data Element: Other Diagnosis Version Indicator Code 1-24**

Definition: The ICD-CM diagnosis version code identifying the version of diagnosis code submitted.

Validation:
  • Version ICD9 use Version Code ‘9’
  • Version ICD10 use Version Code ‘0’

Remarks: N/A

Requirement: Principal Diagnosis Version Code 1 is required for ALL claims. Other Diagnosis version codes 1-24 should be submitted to correspond to claim level diagnosis codes 1-24.

**Data Element: Principal Procedure and Date**

Definition: The ICD--CM code that indicates the principal procedure performed during the period covered by the institutional claim. And the Date on which it was performed.

Validation: Must be a valid ICD--CM procedure code
  • CMS accepts only CMS approved ICD--CM diagnostic and procedural codes. The CMS approves only changes issued by the Federal ICD--CM Coordination and Maintenance Committee.
  • The procedure code shown must be the full ICD--CM, Volume 3, procedure code, including the full number of digits (five for ICD-9-CM, seven for ICD-10-CM).

Remarks: The principal procedure is the procedure performed for definitive treatment rather than for diagnostic or exploratory purposes, or which was necessary to take care of a complication. It is also the procedure most closely related to the principal diagnosis.
  • The date applicable to the principal procedure is shown numerically as CCYYMMDD in the “date” portion.

Requirement: Required for inpatient claims.

**Data Element: Principal Procedure Version Indicator Code**

Definition: The version code identifying the version of ICD procedure code submitted.

Validation:
  • Version ICD9 use Version Code ‘9’
- Version ICD10 use Version Code ‘0’

Remarks: N/A

**Data Element: Other Procedure and Date 1-24**
Definition: The ICD-CM code identifying the procedure, other than the principal procedure, performed during the billing period covered by this bill.
Validation: Must be a valid ICD-CM procedure code
- CMS accepts only CMS approved ICD-CM diagnostic and procedural codes. The CMS approves only changes issued by the Federal ICD-CM Coordination and Maintenance Committee.
- The procedure code shown must be the full ICD-CM, Volume 3, procedure code, including the full number of digits (five for ICD-9-CM, seven for ICD-10-CM).
Remarks: The date applicable to the procedure is shown numerically as CCYYMMDD in the “date” portion.
Requirement: Required if on claim record.

**Data Element: Other Procedure Code Version Indicator Code 1-24**
Definition: The ICD-CM diagnosis version code identifying the version of procedure code submitted
Validation:
- Version ICD9 use Version Code ‘9’
- Version ICD10 use Version Code ‘0’
Remarks: N/A
Requirement: Principal Procedure Version Code is required for ALL claims. Other Procedure version codes 1-24 should be submitted to correspond to other procedure code 1-24.

**Data Element: Claim Demonstration Identification Number**
Definition: The number assigned to identify a demonstration project.
Validation: Must be numeric or zeroes
Remarks: This field contains the value from the first populated demonstration field.
Requirement: Required for all claims involved in a demonstration project

**Data Element: PPS Indicator**
Definition: The code indicating whether (1) the claim is Prospective Payment System (PPS) or (0) not PPS.
Validation: 0 = Not PPS
1 = PPS
Remarks: N/A
Requirement: Required

**Data Element: Action Code**
Definition: Indicator identifying the type of action requested by the intermediary to
be taken on an institutional claim.

Validation: Must be a valid action code.
1 = Original debit action (includes non-adjustment RTI correction items)
   – it will always be a 1 in regular bills.
2 = Cancel by credit adjustment – used only in credit/debit pairs (under HHPPS, updates the RAP).
3 = Secondary debit adjustment - used only in credit/debit pairs (under HHPPS, would be the final claim or an adjustment on a LUPA).
4 = Cancel only adjustment (under HHPPS, RAP/final claim/LUPA).
5 = Force action code 3
6 = Force action code 2
8 = Benefits refused (for inpatient bills, an 'R' nonpayment code must also be present.
9 = Payment requested (used on bills that replace previously-submitted benefits- refused bills, action code 8. In such cases a debit/credit pair is not required. For inpatient bills, a 'P' should be entered in the nonpayment code.)

Remarks: N/A
Requirement: Required

**Data Element: Patient Status**
Definition: This code indicates the patient’s status as of the “Through” date of the billing period.
Validation: Must be a valid code as listed in Pub 100-4, Medicare Claims Processing Manual, Chapter 25, Completing and Processing CMS-1450 Data Set.
Remarks: N/A
Requirement: Required

**Data Element: Billing Provider NPI**
Definition: NPI assigned to the Billing Provider.
Validation: N/A
Remarks: N/A.
Requirement: Required for providers using HIPAA standard transactions

**Data Element: Claim Provider Taxonomy Code**
Definition: The non-medical data code set used to classify health care providers according to provider type or practitioner specialty in an electronic environment, specifically within the American National Standards Institute Accredited Standards Committee health care transaction.
Validation: Must be present
   • If multiple taxonomy codes are associated with a provider number, provide the first one in sequence.
Remarks: N/A
Requirement: Required when available.
**Data Element: Medical Record Number**
Definition: Number assigned to patient by hospital or other provider to assist in retrieval of medical records.
Validation: N/A
Remarks: N/A
Requirement: Required if available on claim record

**Data Element: Patient Control Number**
Definition: The patient’s unique alpha-numeric control number assigned by the provider to facilitate retrieval of individual financial records and posting payment.
Validation: N/A
Remarks: N/A
Requirement: Required if available on claim record

**Data Element: Attending Physician NPI**
Definition: NPI assigned to the Attending Physician.
Validation: N/A
Remarks: Left justify
Requirement: Required when available on claim record

**Data Element: Attending Physician Last Name**
Definition: Last Name (Surname) of the attending physician.
Validation: Must be present
Remarks: N/A
Requirement: Required when available on claim record

**Data Element: Operating Physician NPI**
Definition: NPI assigned to the Operating Physician.
Validation: N/A
Remarks: Left justify
Requirement: Required when available on claim record

**Data Element: Operating Physician Last Name**
Definition: Last Name (Surname) of the operating physician.
Validation: Must be present
Remarks: N/A
Requirement: Required when available on claim record

**Data Element: Claim Rendering Physician NPI**
Definition: NPI assigned to the claim rendering physician (mapped from 2310D from the 837I version 5010A2).
Validation: N/A
Remarks: Left justify
Requirement: Required when available on claim record

**Data Element: Claim Rendering Physician Last Name**
Definition: Last Name (Surname) of the claim rendering physician (mapped from 2310D from the 837I version 5010A2).
Validation: Must be present
Remarks: N/A
Requirement: Required when available on claim record

**Data Element: Date of Admission**
Definition: The date the patient was admitted to the provider for inpatient care, outpatient service, or start of care. For an admission notice for hospice care, enter the effective date of election of hospice benefits.
Validation: Must be a valid date
Remarks: Format date as CCYYDDD
Requirement: Required if on claim record.

**Data Element: Type of Admission**
Definition: The code indicating the type and priority of an inpatient admission associated with the service on an intermediary claim.
Validation: Must be a valid code as listed in Pub 100-4, Medicare Claims Processing Manual, Chapter 25, Completing and Processing CMS-1450 Data Set Code Structure.
Remarks: N/A
Requirement: Required on inpatient claims only.

**Data Element: Source of Admission**
Definition: The code indicating the means by which the beneficiary was admitted to the inpatient health care facility or SNF if the type of admission is (1) emergency, (2) urgent, or (3) elective.
Validation: Must be a valid code as listed in Pub 100-4, Medicare Claims Processing Manual, Chapter 25, Completing and Processing CMS-1450 Data Set Code Structure (For Emergency, Elective, or Other Type of Admission)
Remarks: N/A
Requirement: Required when entered on the claim record.

**Data Element: DRG (Diagnosis Related Group)**
Definition: The code identifying the diagnostic related group to which a hospital claim belongs for prospective payment purposes.
Validation: Must be valid per the DRG DEFINITIONS MANUAL
Remarks: N/A
Requirement: Required if available on the claim record

**Data Element: Occurrence Code and Date 1-30**
Definition: Code(s) and associated date(s) defining specific event(s) relating to this billing period are shown.
Validation: Must be a valid code as listed in Pub 100-4, Medicare Claims Processing Manual, Chapter 25, Completing and Processing CMS-1450 Data Set.
Remarks:

- Event codes are two alpha-numeric digits, and dates are shown as eight numeric digits (MM-DD-CCYY).
- When occurrence codes 01-04 and 24 are entered, make sure the entry includes the appropriate value codes, if there is another payer involved.

Requirement: Required if available on claim record

**Data Element: Value Codes and Amounts 1-35**

Definition: Code(s) and related dollar or unit amount(s) identify data of a monetary nature that are necessary for the processing of this claim.

Validation: Must be a valid code as listed in Pub 100-4, Medicare Claims Processing Manual, Chapter 25, Completing and Processing CMS-1450 Data Set.

Remarks:

- The codes are two alpha-numeric digits, and each value allows up to nine numeric digits (0000000.00).
- Negative amounts are not allowed except in the last entry.
- Whole numbers or non-dollar amounts are right justified to the left of the dollars and cents delimiter.
- Some values are reported as cents, so refer to specific codes for instructions.
- If more than one value code is shown for a billing period, codes are shown in ascending numeric sequence.
- Use the first line before the second, etc.

Requirement: Required if available on claim record

**Data Element: Claim Final Allowed Amount**

Definition: Final Allowed Amount for this claim.

Validation: N/A

Remarks: The Gross Allowed charges on the claim. This represents the amount paid to the provider plus any beneficiary responsibility (co-pay and deductible)

Requirement: Required

**Data Element: Claim Deductible Amount**

Definition: Amount of deductible applicable to the claim.

Validation: N/A

Remarks: N/A

Requirement: Required

**Data Element: Claim State**

Definition: 2 character indicator showing the state where the service is furnished

Validation: Must be a valid USPS state abbreviation

Remarks: N/A

Requirement: Required
Data Element: Claim Zip Code
Definition: Zip code of the physical location where the services were furnished.
Validation: Must be a valid USPS zip code.
Remarks: N/A
Requirement: Required

Data Element: Beneficiary State
Definition: 2 character indicator showing the state of beneficiary residence
Validation: Must be a valid USPS state abbreviation
Remarks: N/A
Requirement: Required

Data Element: Beneficiary Zip Code
Definition: Zip code associated with the beneficiary residence.
Validation: Must be a valid USPS zip code.
Remarks: N/A
Requirement: Required

Data Element: PWK Filler
Definition: PWK space -- use to be determined
Validation: N/A
Remarks: N/A
Requirement: Required when available on claim

Data Element: Patient Reason for Visit 1-3
Definition: An ICD--CM code on the institutional claim indicating the beneficiary's reason for visit
Validation: Must be a valid ICD-CM diagnosis code.
  - CMS accepts only CMS approved ICD-CM diagnostic and procedural codes. The CMS approves only changes issued by the Federal ICD-CM Coordination and Maintenance Committee.
  - Diagnosis codes must be full ICD-CM diagnoses codes, including the full number of digits (five for ICD-9-CM, seven for ICD-10-CM) where applicable.
Remarks: Report the full ICD-CM codes for up to 3 conditions responsible for the patient’s visit.
Requirement: For OP claims, this field is populated for those claims that are required to process through OP PPS Pricer. The type of bills (TOB) required to process through are: 12X, 13X, 14X (except Maryland providers, Indian Health Providers, hospitals located in American Samoa, Guam and Saipan and Critical Access Hospitals (CAH)); 76X; 75X and 34X if certain HCPCS are on the bill; and any outpatient type of bill with a condition code '07' and certain HCPCS. These claim types could have lines that are not required to price under OPPS rules so those lines would not have data in this field. Additional exception: Virgin Island hospitals and hospitals that furnish only inpatient Part B services.
**Data Element: Patient Reason for Visit Version Indicator Code 1-3**

**Definition:** The ICD-CM diagnosis version code identifying the version of diagnosis code submitted.

**Validation:**
- Version ICD9 use Version Code ‘9’
- Version ICD10 use Version Code ‘0’

**Remarks:** N/A

**Requirement:** Patient Reason for Visit Version codes must be submitted to correspond to patient reason for visit codes 1-3.

**Data Element: Present on Admission/External Cause of Injury Indicator**

**Definition:** The code used to indicate a condition was present at the time the beneficiary was admitted to a general acute care facility.

**Validation:** Position 1 for Principle Diagnosis, positions 2-25 for the 24 Secondary Diagnosis for the Present on Admission (POA) Indicator, Positions 26 – 37 for the 12 External Cause of Injury.

**Remarks:** N/A

**Requirement:** Required

**Data Element: External Cause of Injury Diagnosis Codes 1-12**

**Definition:** The ICD-CM code used to identify the external cause of injury, poisoning, or other adverse effect.

**Validation:** Must be a valid ICD--CM diagnosis code.
- CMS accepts only CMS approved ICD-CM diagnostic and procedural codes. The CMS approves only changes issued by the Federal ICD-CM Coordination and Maintenance Committee.
- Diagnosis codes must be full ICD-CM diagnoses codes, including the full number of digits (five for ICD-9-CM, seven for ICD-10-CM) where applicable.

**Remarks:** Report the full ICD-CM codes for up to 12 conditions resulting from external causes.

**Requirement:** Required if available on the claim record.

**Data Element: External Cause of Injury Version Indicator Code 1-12**

**Definition:** The ICD-CM diagnosis version code identifying the version of diagnosis code identified as external cause of injury.

**Validation:**
- Version ICD9 use Version Code ‘9’
- Version ICD10 use Version Code ‘0’

**Remarks:** N/A

**Requirement:** External Cause of Injury version codes 1-12 should be submitted to correspond to external cause of injury diagnosis codes 1-12.

**Data Element: Service Facility Zip Code**

**Definition:** Zip Code used to identify were the service was furnished.

**Validation:** Must be a valid Zip Code
Data Element: **RAC Adjustment Indicator**  
**Definition:** Indicator used to identify RAC requested adjustments, which occur as a result of post-payment review activities done by the Recovery Audit Contractors (RAC).  
**Validation:** ‘R’ identifies a RAC-requested adjustment  
**Remarks:** N/A  
**Requirement:** Required when RAC adjustment indicator was furnished to CWF.

Data Element: **Split/Adjustment Indicator**  
**Definition:** Count of number of adjustments (with different DCNs) of the claim that are included in the resolution file.  
**Validation:** ‘0’ is used when only one DCN associated with the sampled claim is included in the resolution file.  
When the resolution file contains multiple adjustments associated with a single claim, this field will provide a count of records.  
- When the resolution file contains 2 DCNs related to a single claim, one of the records would contain a split/adjustment indicator of 1 and the second record would contain a split/adjustment indicator of 2.  
**Remarks:** This indicator does not apply when multiple records are submitted for a single claim record because of size restrictions. CERT recognizes that Part A claims are not split. For Part A this field will identify adjustments only.  
**Requirement:** Required when the resolution file contains multiple versions of a single claim.

Data Element: **Referring Physician NPI**  
**Definition:** NPI assigned to the Referring Physician—the physician who requests an item or service for the beneficiary for which payment may be made under the Medicare program.  
**Validation:** N/A  
**Remarks:** Enter zeros if there is no referring physician  
**Requirement:** Required when available on the claim record  
**NOTES:**  
- **Referring physician** - is a physician who requests an item or service for the beneficiary for which payment may be made under the Medicare program.  
- **Ordering physician** - is a physician or, when appropriate, a non-physician practitioner who orders non-physician services for the patient.

Data Element: **Referring Physician Last Name**  
**Definition:** Last name of the referring physician.  
**Validation:** N/A
Remarks: Enter zeros if there is no referring/ordering provider
Requirement: Required when available on the claim record.

**Data Element: Referring Physician Specialty**
Definition: Code indicating the primary specialty of the referring physician.
Validation: N/A
Remarks: Enter zeros if the referring physician specialty is not available
Requirement: Required when available on the claim record.

**Data Element: Claim Rendering Physician Specialty**
Definition: Code indicating the primary specialty of the claim rendering physician.
Validation: N/A
Remarks: Enter zeros if the rendering physician specialty is not available
Requirement: Required when available on the claim record.

**Data Element: Overpay Indicator**
Definition: Code indicating whether or not an overpayment exists on an OIG or ZPIC tracked adjustment claims.
Validation:
- Y indicates an overpayment exists on an OIG or ZPIC claim.
- N indicates an overpayment does not exist on an OIG or ZPIC claim.
- Default value is blank for claims that are not OIG or ZPIC tracked claims.
Remarks: This field is populated only when there is a value present in the FSSCIDRP-OVERPAY-CODE field
Requirement: Required when available on the claim record.

**Data Element: Overpay Code**
Definition: Code that identifies an overpayment on an OIG or ZPIC tracked adjustment claim.
Validation: Any of the user-defined values present in the online parm PRMOIGAA, PRMOIG00 through PRMOIG20 records.
Remarks: This field is populated only when the claim is an OIG or ZPIC tracked adjustment claim.
Requirement: Required when available on the claim record.

**Data Element: Claim Demonstration Identification Number 2**
Definition: The number assigned to identify a demonstration project.
Validation: Must be numeric or zeroes
Remarks: This field contains the value from the second populated demonstration field.
Requirement: Required when available on the claim

**Data Element: Claim Demonstration Identification Number 3**
Definition: The number assigned to identify a demonstration project.
Validation: Must be numeric or zeroes
Remarks: This field contains the value from the third populated demonstration field.
Requirement: Required when available on the claim

**Data Element:** Claim Demonstration Identification Number 4
Definition: The number assigned to identify a demonstration project.
Validation: Must be numeric or zeroes
Remarks: This field contains the value from the fourth populated demonstration field.
Requirement: Required when available on the claim

Data Element: Beneficiary MBI
Definition: Beneficiary’s Medicare Beneficiary Identifier
Validation: Comply with CMS Standards
- 11-character, fixed length alpha-numeric string
- Different, visibly distinguishable from HICN/RRB numbers
- Contain no more than 2 consecutive numbers
- Contain no more than 2 consecutive alphabetic characters
- Must limit the possibility of letters being interpreted as numbers (i.e., alphabetic characters [A…Z]; excluding S, L, O, I, B, Z)
- Must not contain lowercase letters
- Must not contain any special characters
Remarks: Do not include hyphens or spaces
Requirement: Required

Data Element: HICN/MBI Indicator
Definition: Indicator that identifies if the provider submitted the claim with a HICN or MBI
Validation: M = MBI submitted on the claim
H = HICN submitted on the claim
Remarks: N/A
Requirement: Required

**Data Element:** Filler
Definition: Additional space -- use to be determined
Validation: N/A
Remarks: N/A
Requirement: Required

**Data Element:** Total Line Item Count
Definition: Number indicating number of service lines on the claim
Validation: Must be a number 001 - 450
Remarks: N/A
Requirement: Required

**Data Element:** Record Line Item Count
Definition: Number indicating number of service lines on this record
Claim Line Item Fields

Data Element: Revenue Center Code
Definition: Code assigned to each cost center for which a charge is billed.
Validation: Must be a valid NUBC-approved code.
Remarks: Include an entry for revenue code ‘0001’

Data Element: NF-RUG-III Code
Definition: Skilled Nursing Facility Resource Utilization Group Version III (RUG-III) descriptor. This is the rate code/assessment type that identifies (1) RUG-III group the beneficiary was classified into as of the Minimum Data Set (MDS) assessment reference date and (2) the type of assessment for payment purposes.
Validation: N/A
Remarks: N/A

Data Element: APC Adjustment Code
Definition: The Ambulatory Payment Classification (APC) Code or Home Health Prospective Payment System (HHPPS) code. The APC codes are the basis for the calculation of payment of services made for hospital outpatient services, certain PTB services furnished to inpatients who have no Part A coverage, CMHCs, and limited services provided by CORFs, Home Health Agencies or to hospice patients for the treatment of a non-terminal illness.

This field may contain a HIPPS code. If a HHPPS HIPPS code is down coded, the down coded HIPPS will be reported in this field.

The HIPPS code identifies (1) the three case-mix dimensions of the Home Health Resource Group (HHRG) system, clinical, functional and utilization, from which a beneficiary is assigned to one of the 80 HHRG categories and (2) it identifies whether or not the elements of the code were computed or derived. The HHRGs, represented by the HIPPS coding, is the basis of payment for each episode.

Validation: N/A
Remarks: Left justify the APC Adjustment Code
Requirement: Required if present on claim record
**Data Element: HCPCS Procedure Code or HIPPS Code**

**Definition:** The HCPCS/CPT-4 code that describes the service or Health Insurance PPS (HIPPS) code.

**Validation:** Must be a valid HCPCS/CPT-4 or HIPPS code

**Remarks:** Healthcare Common Procedure Coding System (HCPCS) is a collection of codes that represent procedures, supplies, products and services which may be provided to Medicare beneficiaries and to individuals enrolled in private health insurance programs.

When revenue center code = '0022' (SNF PPS), '0023' (HH PPS), or '0024' (IRF PPS); this field contains the Health Insurance PPS (HIPPS) code.

The HIPPS code for SNF PPS contains the rate code/assessment type that identifies (1) RUG-III group the beneficiary was classified into as of the RAI MDS assessment reference date and (2) the type of assessment for payment purposes.

The HIPPS code for Home Health PPS identifies (1) the three case-mix dimensions of the HHRG system, clinical, functional and utilization, from which a beneficiary is assigned to one of the 80 HHRG categories and (2) it identifies whether or not the elements of the code were computed or derived. The HHRGs, represented by the HIPPS coding, will be the basis of payment for each episode.

The HIPPS code (CMG Code) for IRF PPS identifies the clinical characteristics of the beneficiary. The HIPPS rate/CMG code (AXXYY - DXXYY) must contain five digits. The first position of the code is an A, B, C, or 'D'. The HIPPS code beginning with an 'A' in front of the CMG is defined as without co-morbidity. The 'B' in front of the CMG is defined as with co-morbidity for Tier 1. The 'C' is defined as co-morbidity for Tier 2 and 'D' is defined as co-morbidity for Tier 3. The 'XX' in the HIPPS rate code is the Rehabilitation Impairment Code (RIC). The 'YY' is the sequential number system within the RIC.

**Requirement:** Required if present on claim record

**Data Element: HCPCS Modifier 1**

**HCPCS Modifier 2**

**HCPCS Modifier 3**

**HCPCS Modifier 4**

**HCPCS Modifier 5**

**Definition:** Codes identifying special circumstances related to the service

**Validation:** N/A

**Remarks:** N/A

**Requirement:** Required if available

**Data Element: Line Item Date**
Definition: The date the service was initiated
Validation: Must be a valid date.
Remarks: Format is CCYYMMDD
Requirement: Required if on bill and included in the shared system

**Data Element: Line Submitted Charge**
Definition: Actual charge submitted by the provider or supplier for the service or equipment
Validation: N/A
Remarks: This is a required field. CR3997 provided direction on how to populate this field if data is not available in the claim record.
Requirement: Required

Data Element: Line Medicare Initial Allowed Charge
Definition: Amount Medicare allowed for the service or equipment before any reduction or denial.
Validation: Must be a numeric value.
Remarks: This is a required field. Use the value in FISS field FSSCPDCL-REV-COV-CHRG-AMT to populate this field (per CMS Change Request 3912).
Requirement: Required

Data Element: ANSI Reason Code 1-14
Definition: Codes showing the reason for any adjustments to this line, such as denials or reductions of payment from the amount billed.
Validation: Must be valid ANSI ASC claim adjustment codes and applicable group codes.
Remarks: Format is GGRRRRRRR where: G is the group code and RRRRRRR is the adjustment reason code.
Requirement: Report all ANSI Reason Codes included on the bill.

Data Element: Manual Medical Review Indicator
Definition: Code indicating whether or not the service received complex manual medical review. Complex review goes beyond routine review. It includes the request for, collection of, and evaluation of medical records or any other documentation in addition to the documentation on the claim, attached to the claim, or contained in the MAC’s history file. The review must require professional medical expertise and must be for the purpose of preventing payments of non-covered or incorrectly coded services. That includes reviews for the purpose of determining if services were medically necessary. Professionals must perform the review, i.e., at a minimum, a Licensed Practical Nurse must perform the review. Review requiring use of the MAC's history file does not make the review a complex review. A review is not considered complex if a medical record is requested from a provider and not received. If sufficient documentation accompanies a claim to allow complex review to be done without requesting additional documentation, count the
review as complex. For instance if all relative pages from the patient's medical record are submitted with the claim, complex MR could be conducted without requesting additional documentation.

Validation: Must be ‘Y’ or ’N’
Remarks: Set to ‘Y’ if service was subjected to complex manual medical review, else 'N'.
Requirement: Required

**Data Element: Resolution Code**

Definition: Code indicating how the MAC resolved the line.

Automated Review (AM): An automated review occurs when a claim/line item passes through the MAC's claims processing system or any adjunct system containing medical review edits.

Routine Manual Review (MR): Routine review uses human intervention, but only to the extent that the claim reviewer reviews a claim or any attachment submitted by the provider. It includes review that involves review of any of the MAC's internal documentation, such as claims history file or policy documentation. It does not include review that involves review of medical records or other documentation requested from a provider. A review is considered routine if a medical record is requested from a provider and not received. Include prior authorization reviews in this category.

Complex Manual Review (MC): Complex review goes beyond routine review. It includes the request for, collection of, and evaluation of medical records or any other documentation in addition to the documentation on the claim, attached to the claim, or contained in the MAC’s history file. The review must require professional medical expertise and must be for the purpose of preventing payments of non-covered or incorrectly coded services. Professionals must perform the review, i.e., at a minimum; a Licensed Practical Nurse must perform the review. Review requiring use of the MAC's history file does not make the review a complex review. A review is not considered complex if a medical record is requested from a provider and not received. If sufficient documentation accompanies a claim to allow complex review to be done without requesting additional documentation, the review is complex. For instance if all relevant pages from the patient's medical record are submitted with the claim, complex MR could be conducted without requesting additional documentation.

Validation: Must be a valid CMS contractor ID
Remarks: N/A
Requirement: Required
NOTE: For A/B MAC (B): when multiple workloads share a single processing environment, the Contractor ID will reflect the contractor ID of the primary workload.

Data Element: Record Type
Definition: Code indicating type of record
Validation: N/A
Remarks: 2 = Claim record
Requirement: Required

**Data Element: Record Version Code**
Definition: The code indicating the record version of the Claim Resolution file.
Validation: Claim Resolution files prior to 7/1/2007 did not contain this field.
   Codes:
   B = Record Format as of 7/1/2007
   C = Record Format as of 1/1/2010
   D = Record Format as of 7/1/2016
   E = Record Format as of 10/1/2017
Remarks: N/A

Requirement: Required

**Data Element: Contractor Type**
Definition: Type of Medicare Contractor.
Validation: Must be ‘B’ or ‘D’
Remarks: B = A/B MAC (B)
   D = DME MAC

Requirement: Required

**Data Element: Assignment Indicator**
Definition: Code indicating whether claim is assigned or non-assigned.
Validation: Must be ‘A’ or ‘N’
Remarks: A = Assigned
   N = Non-assigned

Requirement: Required

**Data Element: Mode of Entry Indicator**
Definition: Code that indicates if the claim is paper or EMC.
Validation: Must be ‘E’ or ‘P’
Remarks: E = EMC P = Paper
   Use the same criteria to determine EMC or paper as that used for workload reporting.

Requirement: Required

**Data Element: Original Claim Control Number**
Definition: The Claim Control Number the shared system assigned to the claim in the Universe file. This number should be the same as the claim control number for the claim in the Sample Claims Transactions file, and the claim control number for the claim on the Universe file. If the shared system had to use a crosswalk to pull the claim because the MAC or shared system changed the claim control number during processing, enter the number the shared system used to look up the number needed to pull all records associated with the sample claim.
Validation: Must match the Claim Control Number identified in the Sampled Claims Transaction File.
Remarks: N/A
Requirement: Required

**Data Element: Claim Control Number**
Definition: Number assigned by the shared system to uniquely identify the claim.
Validation: N/A
Remarks: N/A
Requirement: Required

**Data Element: Beneficiary HICN**
Definition: Beneficiary’s Health Insurance Claim Number.
Validation: N/A
Remarks: N/A
Requirement: Required

**Data Element: Beneficiary Last Name**
Definition: Last Name (Surname) of the beneficiary.
Validation: N/A
Remarks: N/A
Requirement: Required

**Data Element: Beneficiary First Name**
Definition: First (Given) Name of the beneficiary.
Validation: N/A
Remarks: N/A
Requirement: Required

**Data Element: Beneficiary Middle Initial**
Definition: First letter from Beneficiary Middle Name.
Validation: N/A
Remarks: N/A
Requirement: Required when available

**Data Element: Beneficiary Date of Birth**
Definition: Date on which beneficiary was born.
Validation: Must be a valid date
Remarks: MMDDCCYY on which the beneficiary was born.
Requirement: Required

**Data Element: Billing Provider Number**
Definition: Number assigned by the National Supplier Clearinghouse (NSC) or MAC to identify the billing/pricing provider or supplier.
Validation: Must be present. Use the same requirements as for Item 33 in HCFA 1500.
- Enter the PIN, for the performing provider of service/supplier who is not a member of a group practice.
- Enter the group PIN, for the performing provider of service/supplier who is a member of a group practice.
• Suppliers billing the DME MAC will use the National Supplier Clearinghouse (NSC) number in this item.

• If the same billing/pricing provider number does not apply to all lines on the claim, enter the Billing provider number that applies to the performing provider on the first line of the claim.

Remarks: N/A
Requirement: Required

**Data Element: Referring/Ordering UPIN**
Definition: UPIN assigned to identify the referring/ordering provider.
Validation: N/A
Remarks: Enter zeros if there is no referring/ordering provider.

- **Referring physician** - is a physician who requests an item or service for the beneficiary for which payment may be made under the Medicare program.

- **Ordering physician** - is a physician or, when appropriate, a non-physician practitioner who orders non-physician services for the patient.

Requirement: Required when available on the claim record.

**Data Element: Claim Allowed Amount**
Definition: Final Allowed Amount for this claim.
Validation: N/A
Remarks: The total allowed charges on the claim (the sum of line item allowed charges)
Requirement: Required

**Data Element: Claim ANSI Reason Code 1-3**
Definition: Codes showing the reason for any adjustments to this claim, such as denials or reductions of payment from the amount billed.
Validation: Must be valid ANSI ASC claim adjustment codes and applicable group codes.
Remarks: Format is GGRRRRRR where: GG is the group code and RRRRRR is the adjustment reason code.
Requirement: ANSI Reason Code 1 must be present on all claims. Codes 2 and 3 should be sent, if available.

**Data Element: Claim Entry Date**
Definition: Date claim entered the shared claim processing system
Validation: Must be a valid date
Remarks: Format must be CCYYMMDD
Requirement: Required

**Data Element: Claim Adjudicated Date**
Definition: Date claim completed adjudication.
Validation: Must be a valid date. Format must be CCYYMMDD.
Remarks: This must represent the processed date that may be prior to the pay date if the claim is held on the payment floor after a payment decision has been made.
Requirement: Required

Data Element: Beneficiary Gender
Definition: Gender of the Beneficiary.
Validation: M=Male
F=Female
U=Unknown
Remarks: N/A
Requirement: Required

Data Element: Billing Provider NPI
Definition: NPI assigned to the Billing Provider.
Validation: N/A
Remarks: N/A
Requirement: Required

Data Element: Referring/Ordering Provider NPI
Definition: NPI assigned to the Referring/Ordering Provider.
Validation: N/A
Remarks: Enter zeros if there is no referring/ordering provider.
- Referring physician - is a physician who requests an item or service for the beneficiary for which payment may be made under the Medicare program.
- Ordering physician - is a physician or, when appropriate, a non-physician practitioner who orders non-physician services for the patient.
Requirement: Required when available on the claim record.

Data Element: Claim Paid Amount
Definition: Net amount paid after co-insurance and deductible. Do not include interest you paid in the amount reported.
Validation: N/A
Remarks: Amount of payment made from the Medicare trust fund for the services covered by the claim record.
Requirement: Required

Data Element: Beneficiary Paid Amount
Definition: Amount paid by Beneficiary to the provider.
Validation: N/A
Remarks: N/A
Requirement: Required if available.

Data Element: Claim Diagnosis Code 1-12
Definition: The ICD-CM diagnosis code identifying the diagnosis, condition,
problem or other reason for the admission/encounter/visit shown in the medical record to be chiefly responsible for the services provided.

Validation: Must be a valid ICD-CM diagnosis code.
- CMS accepts only CMS approved ICD-CM diagnostic and procedural codes. The CMS approves only changes issued by the Federal ICD-CM Coordination and Maintenance Committee.
- Diagnosis codes must be full ICD-CM diagnoses codes, including the full number of digits (five for ICD-9-CM, seven for ICD-10-CM) where applicable.

Remarks:
- These fields should be left justified and space filled. For instance if the primary diagnosis on the claim is five positions long, this field should contain the diagnosis with 2 spaces at the end.
- With the exception of claims submitted by ambulance suppliers (specialty type 59), all claims submitted on HCFA 1500 by physician and non-physician specialties (i.e., PA, NP, CNS, CRNA) use an ICD-CM code number and code to the highest level of specificity for the date of service. Independent laboratories enter a diagnosis only for limited coverage procedures. Since this is a required field, resolution records for claims billed by Ambulance suppliers and independent clinical laboratories must include the following filler information when the diagnosis is not otherwise available:
  - Ambulance supplier (specialty 59)—amb
  - Independent Clinical Lab (specialty 69)—lab

Requirement: Claim Diagnosis 1 is required for ALL claims. Claim diagnosis codes 2-12 should be submitted if contained on the claim record. Enter spaces for the diagnosis code fields that are not populated on the claim record in the Shared Processing System.

**Data Element: Claim Diagnosis Version Indicator Code 1-12**

Definition: The ICD--CM diagnosis version code identifying the version of diagnosis code submitted.

Validation:
- Version ICD9 use Version Code ‘9’
- Version ICD10 use Version Code ‘0’
- May be blank for claims billed by ambulance and independent laboratory suppliers.

Remarks: With the exception of claims submitted by ambulance suppliers (specialty type 59), all claims submitted on HCFA 1500 by physician and non-physician specialties (i.e., PA, NP, CNS, CRNA) use an ICD-CM code number and code to the highest level of specificity for the date of service. Independent laboratories enter a diagnosis only for limited coverage procedures.

Requirement: Claim Diagnosis Version Code 1 is required for ALL claims, except those billed by ambulance and independent laboratories. Claim diagnosis version codes 2-12 should be submitted to correspond to claim level diagnosis codes 2-12.
Data Element: Claim Zip Code
Definition: Zip Code used to identify where the service was furnished.
Validation: Must be a valid Zip Code
• This field should be left justified and zero filled. When only a five digit zip code is carried in the Shared Processing System, this field will contain the five digit zip code followed by 4 zeros.
Remarks: For DME MAC Claims use the zip code for beneficiary residence. For Part B Claims, use the zip code identified in item 32 of the HCFA 1500, except in the listed situations.
• For ambulance services, identify the zip code where the patient was picked up.
• If the service was furnished in the patient’s home, use the zip code from the patient’s home address.
• For electronic claims, if multiple zip codes are identified enter the zip code for the line with the highest allowed amount. (If this logic is too cumbersome to implement, we can live with enter the zip code from the first line).
Requirement: Required

Data Element: Claim Pricing State
Definition: State where services were furnished.
Validation: Must be a valid 2 digit state abbreviation as defined by the United States Postal Service (USPS).
Remarks: Furnish the state associated with the Claim Zip Code.
Requirement: Required

Data Element: Beneficiary Zip Code
Definition: Zip Code associated with the beneficiary residence.
Validation: Must be a valid Zip Code
• This field should be left justified and zero filled. When only a five digit zip code is carried in the Shared Processing System, this field will contain the five digit zip code followed by 4 zeros.
Remarks: Use the zip code for beneficiary residence.
Requirement: Required

Data Element: Beneficiary State
Definition: State abbreviation identifying the state in which the beneficiary resides.
Validation: Must be a valid 2 digit state abbreviation as defined by the United States Postal Service (USPS).
Remarks: N/A
Requirement: Required

Data Element: Claim Demonstration Number
Definition: This element is also known as the Claim Demonstration Identification Number. It is the number assigned to identify a demonstration Project. This field is also used to denote special processing (a.k.a. Special Processing Number, SPN).
Validation: Must be a Valid Demo ID.
Remarks: Must be populated with the value from the first populated demonstration number on the claim.
Requirement: Required on every claim processed under a CMS demonstration project.

**Data Element: RAC Adjustment Indicator**
Definition: Indicator used to identify RAC requested adjustments, which occur as a result of post-payment review activities done by the Recovery Audit Contractors (RAC).
Validation: ‘R’ identifies a RAC-requested adjustment
Remarks: N/A
Requirement: Required when RAC adjustment indicator was furnished to CWF

**Data Element: Split/Adjustment Indicator**
Definition: Count of number of splits/replicates/adjustments (with different claim control numbers (ICN/CCN)) of the sampled claim that are included in the resolution file.
Validation: ‘00’ is used when only one claim control number (ICN/CCN) associated with the sampled claim is included in the resolution file. When the resolution file contains multiple adjustments/splits/replicates associated with a single claim, this field will provide a count of records.
• For example, if the file contains the original, replicate and adjustment claims, one record would have an indicator of 01, one record would have an indicator of 02, and the third record would have an indicator of 03.
Remarks: This indicator does not apply when multiple records are submitted for a single claim record because of size restrictions. This field is right justified and zero filled.
Requirement: Required when the resolution file contains multiple versions of a single claim.

**Data Element: Facility NPI**
Definition: The NPI of the facility at which the service was performed.
Validation: N/A
Remarks: N/A
Requirement: Required when available on the claim record.

**Data Element: PWK**
Definition: Space reserved for future use.
Validation: N/A
Remarks: N/A
Requirement: Required when available on the claim record.

**Data Element: Claim Demonstration Number 2**
Definition: This element is also known as the Claim Demonstration Identification Number. It is the number assigned to identify a demonstration Project.
This field is also used to denote special processing (a.k.a. Special Processing Number, SPN).

**Validation:** Must be a Valid Demo ID.
**Remarks:** Must be populated with the value from the second populated demonstration number on the claim.
**Requirement:** Required when present on claim.

**Data Element:** Claim Demonstration Number 3
**Definition:** This element is also known as the Claim Demonstration Identification Number. It is the number assigned to identify a demonstration Project. This field is also used to denote special processing (a.k.a. Special Processing Number, SPN).
**Validation:** Must be a Valid Demo ID.
**Remarks:** Must be populated with the value from the third populated demonstration number on the claim.
**Requirement:** Required when present on claim

**Data Element:** Claim Demonstration Number 4
**Definition:** This element is also known as the Claim Demonstration Identification Number. It is the number assigned to identify a demonstration Project. This field is also used to denote special processing (a.k.a. Special Processing Number, SPN).
**Validation:** Must be a Valid Demo ID.
**Remarks:** Must be populated with the value from the fourth populated demonstration number on the claim.
**Requirement:** Required when present on claim

**Data Element:** Beneficiary MBI
**Definition:** Beneficiary’s Medicare Beneficiary Identifier
**Validation:** Comply with CMS Standards
  - 11-character, fixed length alpha-numeric string.
  - Different, visibly distinguishable from HICN/RRB numbers.
  - Contain no more than 2 consecutive numbers.
  - Contain no more than 2 consecutive alphabetic characters
  - Must limit the possibility of letters being interpreted as numbers (i.e., alphabetic characters [A…Z]; excluding S, L, O, I, B, Z).
  - Must not contain lowercase letters.
  - Must not contain any special characters.
**Remarks:** Do not include hyphens or spaces.
**Requirement:** Required

**Data Element:** HICN/MBI Indicator
Definition:  Indicator that identifies if the provider submitted the claim with a HICN or MBI.

Validation:  
M = MBI submitted on the claim  
H = HICN submitted on the claim  

Remarks:  N/A  
Requirement:  Required

Data Element:  Line Item Count  
Definition:  Number indicating number of service lines on the claim  
Validation:  Must be a number 01 – 52  
Remarks:  N/A  
Requirement:  Required

Data Element:  Filler  
Definition:  Additional space -- use to be determined  
Validation:  N/A  
Remarks:  N/A  
Requirement:  Required

Claim Line Item Fields

Data Element:  Performing Provider Number  
Definition:  Number assigned by the shared system to identify the provider who performed the service or the supplier who supplied the medical equipment.  
Validation:  N/A  
Remarks:  N/A  
Requirement:  Required

Data Element:  Performing Provider Specialty  
Definition:  Code indicating the primary specialty of the performing provider or supplier.  
Validation:  Must be a valid Provider Specialty per IOM 10.4 ch26 10.8.  
Remarks:  N/A  
Requirement:  Required

Data Element:  HCPCS Procedure Code  
Definition:  The HCPCS/CPT-4 code that describes the service.  
Validation:  N/A  
Remarks:  N/A  
Requirement:  Required

Data Element:  HCPCS Modifier 1-4  
Definition:  Codes identifying special circumstances related to the service.  
Validation:  N/A  
Remarks:  N/A
Requirement: Required if available

**Data Element: Number of Services**
Definition: The number of service rendered in days or units.
Validation: N/A
Remarks: Zero filled to maintain the relative position of the decimal point. The last three positions should contain the value to the right of the decimal in the number of services. Put a zero in the last three positions for whole numbers. For example if the number of units is 10, this field would be filled as 0000010000.
Requirement: Required

**Data Element: Service from Date**
Definition: The date the service was initiated.
Validation: Must be a valid date less than or equal to Service to Date.
Remarks: Format is CCYYMMDD
Requirement: Required

**Data Element: Service to Date**
Definition: The date the service ended.
Validation: Must be a valid date greater than or equal to Service from Date.
Remarks: Format is CCYYMMDD.
Requirement: Required

**Data Element: Place of Service**
Definition: Code that identifies where the service was performed.
Validation: N/A
Remarks: Must be a value in the range of 00-99.
Requirement: Required

**Data Element: Type of Service**
Definition: Code that classifies the service.
Validation: The code must match a valid CWF type of service code.
Remarks: N/A
Requirement: Required

**Data Element: Diagnosis Code**
Definition: Code identifying a diagnosed medical condition resulting in the line item service.
Validation: Must be a valid ICD-CM diagnosis code.
- CMS accepts only CMS approved ICD-CM diagnostic and procedural codes. The CMS approves only changes issued by the Federal ICD-CM Coordination and Maintenance Committee.
- Diagnosis codes must be full ICD-CM diagnoses codes, including the full number of digits (five for ICD-9-CM, seven for ICD-10-CM) where applicable.
Remarks: With the exception of claims submitted by ambulance suppliers (specialty type 59), all claims submitted on HCFA 1500 by physician and non-physician specialties (i.e., PA, NP, CNS, CRNA) use an ICD-CM code number and code to the highest level of specificity for the date of service. Independent laboratories enter a diagnosis only for limited coverage procedures. Since this is a required field, resolution records for claims billed by Ambulance suppliers and independent clinical laboratories must include the following filler information when the diagnosis is not otherwise available:

- Ambulance supplier (specialty 59)—amb
- Independent Clinical Lab (specialty 69)—lab

Data Element: Line Diagnosis Code Version Indicator Code
Definition: The ICD--CM diagnosis version code identifying the version of diagnosis code submitted.
Validation:
- Version ICD9 use Version Code ‘9’
- Version ICD10 use Version Code ‘0’
- May be blank for claims billed by ambulance and independent laboratory suppliers.
Remarks: With the exception of claims submitted by ambulance suppliers (specialty type 59), all claims submitted on HCFA 1500 by physician and non-physician specialties (i.e., PA, NP, CNS, CRNA) use an ICD-CM code number and code to the highest level of specificity for the date of service. Independent laboratories enter a diagnosis only for limited coverage procedures.
Requirement: Diagnosis Version Code is required for ALL lines, except those billed by ambulance and independent clinical laboratory suppliers.

Data Element: CMN Control Number
Definition: Number assigned by the shared system to uniquely identify a Certificate of Medical Necessity.
Validation: N/A
Remarks: Enter a zero if no number is assigned.
Requirement: Required on DME claims

Data Element: Line Submitted Charge
Definition: Actual charge submitted by the provider or supplier for the service or equipment.
Validation: N/A
Remarks: N/A
Requirement: Required

Data Element: Line Medicare Initial Allowed Charge
Definition: Amount Medicare allowed for the service or equipment before any reduction or denial.
Validation: N/A
Remarks: This charge is the lower of the fee schedule or billed amount (i.e., Submitted Charge), except for those services (e.g., ASC) that are always paid at the fee schedule amount even if it is higher than the Submitted Charge. If there is no fee schedule amount, then insert the Submitted Charge.
- Use MPFDB, Clinical Lab FS, Ambulance FS, ASC FS, drug and injectable FS, or DME fee schedule as appropriate.

Requirement: Required

**Data Element: ANSI Reason Code 1-7**

Definition: Codes showing the reason for any adjustments to this line, such as denials or reductions of payment from the amount billed.

Validation: Must be valid ANSI ASC claim adjustment codes and applicable group codes.

Remarks: Format is GGRRRRRRR where: GG is the group code and RRRRRRRR is the adjustment reason code.

Requirement: ANSI Reason Code 1 must be present on all claims with resolutions of 'DENMR', 'DENMC', 'DEO', 'RTP', 'REDMR', 'REDMC', or 'REO', 'APPAM', 'DENAM', 'REDAM'.

**Data Element: Manual Medical Review Indicator**

Definition: Code indicating whether or not the service received complex manual medical review. Complex review goes beyond routine review. It includes the request for, collection of, and evaluation of medical records or any other documentation in addition to the documentation on the claim, attached to the claim, or contained in the MAC’s history file. The review must require professional medical expertise and must be for the purpose of preventing payments of non-covered or incorrectly coded services. That includes reviews for the purpose of determining if services were medically necessary. Professionals must perform the review, i.e., at a minimum, a Licensed Practical Nurse must perform the review. Review requiring use of the MAC's history file does not make the review a complex review. A review is not considered complex if a medical record is requested from a provider and not received. If sufficient documentation accompanies a claim to allow complex review to be done without requesting additional documentation, count the review as complex.

Validation: Must be 'Y' or 'N'.

Remarks: Set to 'Y' if service was subjected to complex manual medical review, else 'N'.

Requirement: Required

**Data Element: Resolution Code**

Definition: Code indicating how the MAC resolved the line.
Automated Review (AM): An automated review occurs when a claim/line item passes through the MAC's claims processing system or any adjunct system containing medical review edits.

Routine Manual Review (MR): Routine review uses human intervention, but only to the extent that the claim reviewer reviews a claim or any attachment submitted by the provider. It includes review that involves review of any of the MAC's internal documentation, such as claims history file or policy documentation. It does not include review that involves review of medical records or other documentation requested from a provider. A review is considered routine if a medical record is requested from a provider and not received. Include prior authorization reviews in this category.

Complex Manual Review (MC): Complex review goes beyond routine review. It includes the request for, collection of, and evaluation of medical records or any other documentation in addition to the documentation on the claim, attached to the claim, or contained in the MAC’s history file. The review must require professional medical expertise and must be for the purpose of preventing payments of non-covered or incorrectly coded services. Professionals must perform the review, i.e., at a minimum; a Licensed Practical Nurse must perform the review. Review requiring use of the MAC's history file does not make the review a complex review. A review is not considered complex if a medical record is requested from a provider and not received. If sufficient documentation accompanies a claim to allow complex review to be done without requesting additional documentation, the review is complex. For instance if all relevant pages from the patient's medical record are submitted with the claim, complex MR could be conducted without requesting additional documentation.

**Requirement:** Required

**Data Element:** Line Final Allowed Charge
**Definition:** Final Amount allowed for this service or equipment after any reduction or denial.
**Validation:** N/A
**Remarks:** This represents the MAC’s value of the service/item gross of co-pays and deductibles.
**Requirement:** Required

**Data Element:** Performing Provider NPI
**Definition:** NPI assigned to the Performing Provider.
Data Element: Performing Provider UPIN
Definition: Unique Physician Identifier Number (UPIN) that identifies the physician supplier actually performing/providing the service.
Validation: N/A
Remarks: N/A
Requirement: Required, when available

Data Element: Miles/Time/Units/Services Indicator
Definition: Code indicating the units associated with services needing unit reporting on the line item for the Part B claim.
Validation: Must be a valid Indicator as identified in IOM 10.4 ch26 10.10.
0- No allowed services
1- Ambulance transportation miles
2- Anesthesia Time Units
3- Services
4- Oxygen units
5- Units of Blood

Data Element: Line Deductible Applied
Definition: Amount of deductible applied for this service or equipment.
Validation: N/A
Remarks: N/A
Requirement: Required

Data Element: Line Co-Insurance Amount
Definition: Amount of co-insurance due for this service or equipment.
Validation: N/A
Remarks: N/A
Requirement: Required

Data Element: Line Paid Amount
Definition: Amount of payment made from the trust funds (after deductible and coinsurance amounts have been paid) for the line item service on the non-institutional claim.
Validation: N/A
Remarks: This represents the MAC’s value of the claim after co-pays and deductibles.
Requirement: Required

Data Element: Line MSP Code
Definition: Code indicating primary payor for services on this line item.
Data Element: Line MSP Paid Amount
Definition: The amount paid by the primary payer when the payer is primary to Medicare (Medicare is secondary or tertiary).
Validation: N/A
Remarks: Amount paid by Primary Payer
Requirement: Required, when contained on the claim record.

Data Element: Line Pricing Locality
Definition: Code denoting the MAC-specific locality used for pricing this claim.
Validation: Must be a valid pricing locality.
- Enter ‘00’ for claims priced at a statewide locality.
Requirement: Required

Data Element: Line Zip Code
Definition: Zip Code used to determine claim pricing locality.
Validation: Must be a valid Zip Code
- This field should be left justified and zero filled. When only a five digit zip code is carried in the Shared Processing System, this field will contain the five digit zip code followed by 4 zeros.
Remarks: For DME Claims use the zip code for beneficiary residence. For Part B Claims, use the zip code identified in item 32 of the HCFA 1500, unless the service was furnished in the patient’s home. If the service was furnished in the patient’s home, use the zip code from the patient’s home address.
Requirement: Required

Data Element: Line Pricing State
Definition: State where services were furnished.
Validation: Must be a valid 2 digit state abbreviation as defined by the United States Postal Service (USPS).
Remarks: Furnish the state associated with the Line Zip Code.
Requirement: Required

Data Element: Ambulance Point of Pick-up Zip Code
Definition: Zip Code identifying the ambulance point of pick up.
Validation: Must be a valid Zip Code.
Remarks: This field should be left justified and zero filled. When only a five digit zip code is carried in the Shared Processing System, this field will contain the five digit zip code followed by 4 zeros.
Requirement: Required for ambulance claims

**Data Element: Ambulance Drop Off Zip Code**
Definition: Zip Code identifying the ambulance drop off point.
Validation: Must be a valid Zip Code.
Remarks: This field should be left justified and zero filled. When only a five digit zip code is carried in the Shared Processing System, this field will contain the five digit zip code followed by 4 zeros.
Requirement: Required for ambulance claims

**Data Element: PWK**
Definition: Space reserved for future use.
Validation: N/A
Remarks: N/A
Requirement: Required when available on the claim record

**Data Element: Prior Authorization Program Indicator**
Definition: Prior Authorization Program Indicator issued by CMS to identify to which PA program the service belongs.
Validation: □ Four character alphanumeric
  - The first character identifies the line of business
    - A for Part A,
    - B for Part B,
    - D for DME,
    - H for Home Health and Hospice
  - Followed by a three digit number
Remarks: N/A
Requirement: Required for claims containing services subject to a prior authorization program.

**Data Element: Unique Tracking Number (UTN)**
Definition: Unique Tracking Number (UTN) assigned to the prior authorization request for the service or item.
Validation: For Prior Authorization Claims/services the UTN shall be 14 characters and use the following format:
  - First two characters = MAC identifier (e.g. RR for Railroad, 0F for Jurisdiction F, 05 for Jurisdiction 5, etc.).
  - Third character = line of business (e.g. A for Part A, B for Part B, D for DME, H for Home Health and Hospice).
  - Remaining numerical characters = a unique sequence number assigned by the Shared System.
For claims/services in the PMD Prior Authorization Project, the UTN shall be 14 characters and use the following format:
• First character = DME MAC identifier (e.g. A for Jurisdiction A, B for Jurisdiction B, etc.).
• Second and third characters = 00 (zero and zero).
• Remaining characters = a unique sequence number assigned by the Shared System.

Remarks: N/A
Requirement: Required for claims containing services covered by an affirmed prior authorization.

**Data Element: Prior Auth Affirmed**
Definition: Code to identify if the prior authorization for the service(s) on this line was affirmed.
Validation: • Y indicates the prior authorization was affirmed.
• N indicates the prior authorization was not affirmed.
• Default value is blank for services that are not part of prior authorization demonstration.
Remarks: N/A
Requirement: Required for claims containing services subject to prior authorization in the state where the service was furnished.

1. The files will be used only for purposes authorized by the Inspector General Act of 1978 or other applicable law.

2. No information in the files released to the OIG will be used or disclosed except in strict accordance with all applicable confidentiality laws and regulations. Where practicable and consistent with OIG oversight responsibilities, the OIG will notify CMS of files extracted or derived from these files are disclosed pursuant to Federal disclosure and confidentiality laws.

3. The information sought in this request is required to be produced to the Office of Investigations pursuant to the Inspector General Act 1978, U.S.C. App. The information is also sought by the OIG in its capacity as a health oversight agency, and this information is necessary to further health oversight activities. Disclosure is therefore permitted under the Health Insurance Portability and Accountability Act (HIPAA) Standards for Privacy of Individually Identifiable Health Information, 45 C.F.R. 164.501; 164.512(a); and 164.512(d).

4. __________________________ will be designated as custodian of these files and will be responsible for establishment and maintenance of security arrangements to prevent unauthorized use. If the custodianship is transferred within the organization, CMS will be notified.

5. No listings or information from individual records, with identifiers will be published or otherwise released outside of those deemed appropriate by OIG to perform the legal scope of OIG duties and responsibilities.

6. The OIG needs to retain these files for up to 10 years. CMS will contact the OIG representative at the end of 5 years to confirm either that data will be destroyed or that OIG has a continuing need for the data. CMS will document its tracking system to indicate OIG’s need for retention or destruction.

1. Introduction

1.1. Purpose of this JOA
This Joint Operating Agreement (JOA) is designed to promote cooperation between Recovery Audit Contractors (RACs) and the Program Safeguard Contractors (PSCs) or Zone Program Integrity Contractors (ZPICs) by establishing and maintaining shared expectations for the interaction among these Parties to the JOA.

1.2. Parties
Parties to the JOA are identified in Appendix Z. Please see Section 2.5 below in this JOA for information regarding completion of this appendix.

1.3. Jurisdictions, Contacts, Roles, and Responsibilities
This information is provided in Appendices B and C. Section 2.2 below in this JOA describes the process for completion of these appendices. Please note that there are multiple tabs in these Microsoft (MS) Excel Workbook appendix files to facilitate use of this information.

1.4. Confidentiality
Given the nature of the work performed by the RAC and the PSC/ZPIC, information contained within this JOA is to be shared only with members of the RAC, PSC/ZPIC, and CMS teams.

1.5. Liability
Although both the RAC and PSC/ZPIC each individually have a contractual relationship with CMS, there is no privity of contract between the RAC and the PSC/ZPIC.

Each contractor will be indemnified and protected by limitations on liability according to the terms of its respective contract with CMS. In light of the provisions of each contractors current contracts with CMS and the constraints of law, no amendments to their respective contracts are made through this JOA with respect to indemnification or limitations on liability.

1.6. Funding
Nothing in this JOA will obligate any parties to perform any tasks that add significant cost and are outside current scope of work unless adequate funding for these tasks is received from CMS.
2. Document Maintenance

2.1. Standard Core JOA

The Standard Core JOA is established and maintained by CMS to apply standardized best practices for the interaction between the RAC and PSC/ZPIC contractors. This Standard Core JOA is purposely designed so that it does not need to reflect contractor specific information, which is instead contained in the JOA Appendix Documents. This JOA should not be modified from the standard without consulting with the TO COTRs.

2.2. JOA Appendices

List of Appendices – Appendix A lists all JOA appendices, identifies the name of the team responsible for collecting and incorporating updates, and briefly describes how each appendix is to be created and maintained.

Distributed Update Responsibilities – Appendix documents are separated to facilitate maintenance.

   The Contact List, for example, is divided into separate files by team so that each team can make and distribute updates to their list without having to coordinate input from other teams. If a contractor holds multiple contracts with CMS and if this contractor wants a separate Contact List for each contract to facilitate updates by different teams, this is allowed. The multiple tabs within each Contact List Excel Workbook facilitate differentiation between multiple task orders on a single contract.

Use Across Multiple JOAs – The templates for these appendix documents, such as the Contact List templates, have been formatted so that they can be applied to multiple JOAs, eliminating the need to maintain similar/duplicate information across multiple JOAs.

Document Owner – The name of the individual person on each team who will update each appendix will be identified by that team at the top of each of their appendix documents. This facilitates identification of the person to whom updates should be sent.

Templates – CMS provides a standard template for each appendix which can be amended by each party if necessary to effectively convey the information for their team. To promote consistency, please apply the standard template to the greatest degree practical.

2.3. Required Roles

To promote proper direction of communication, each RAC and PSC/ZPIC will identify, in its Contact List, a Primary and an Alternate for each of the following Required Roles:
• JOA POC – Joint Operating Agreement Point of Contact – This individual is responsible for serving as the lead contractor point of contact in establishing and maintaining the JOA content and in leading the resolution of any JOA-related issues that may arise.

• JOA Approver – One individual from the RAC and one individual from the PSC/ZPIC will be identified to approve the JOA.

• Operational Lead – This individual is responsible for serving as the lead point of contact in performing ongoing operational work under the terms of the JOA. This standard title is used in the JOA because various teams use different titles for the individuals that they have serving in this role, and the JOA can not effectively incorporate all of those titles. Each party will identify their Operational Lead in their Contact List, and they are welcome to add in the Contact List any other appropriate titles for this individual as well.

2.4. Managing Change

Change Suggestions – Recommendations for updates to JOA documents are encouraged and are to be sent to the Document Owner.

Revision History – Each Document Owner is to identify changes to JOA documents in the Revision History Log.

Version Number – The version number is used to make sure that everyone is looking at the same version of a document. The Document Owner is to increment the JOA version number each time the JOA is sent out for approval. Multiple updates can be consolidated into the same version number. The version number is imbedded as the last characters (ex: V01) of each file name.

Process Note: In MS Excel, updates to the version number in the file name are automatically propagated to the top of each printed Excel document. In MS Word, select “File, Print Preview” when the version number in the file name is updated to cause the updated version number to be propagated from the file name to the top of the document.

2.5. Approval of Standard Core JOA

CMS Approval of All Versions of the JOA

• CMS will solicit input, make updates, distribute, and refine this Standard Core JOA as necessary. Through this cycle of change, CMS will have reviewed and approved all updates.

RAC and PSC/ZPIC Approval of the First JOA

• CMS directs that all Parties to the JOA (the RAC and PSC/ZPIC) are to sign (using hand written signature) the first jointly approved version of the JOA.
To accomplish this, the JOA Approvers are to hand-write their signature on two copies of Appendix Z, the JOA Approval Form, which they are then to mail (one copy each) to the primary RAC JOA POC and PSC/ZPIC TO COTR who are responsible for their retention and for providing a copy of these upon request.

To facilitate communication of status, the JOA Approvers are also to send out an email to these individuals indicating that they have approved the JOA.

RAC and PSC/ZPIC Approval of Ongoing Updates

As CMS makes subsequent updates to the Standard Core JOA, CMS will advise contractors via Email if the new version is sufficiently changed to require approval. CMS will also update the last column of the Revision History table of the JOA to keep a record of which versions require approval.

A hand written signature is not required for ongoing updates. Instead, an electronic signature (an electronic copy of the approver’s signature) is to be used as the signature.

To provide approval for ongoing updates, the JOA Approver is to fill out Appendix Z, paste in their electronic signature, and then send this completed document via email to the Primary and Alternate JOA POC for the RAC and PSC/ZPIC TO COTR. The Primary JOA POCs and TO COTRs are responsible for retaining these emails and for providing a copy of these upon request.

No Approval Required on Appendix Updates – No approval is required on updates to the appendices.

Timing of Approvals – Parties are to provide approval within 10 business days of receipt of an updated Standard Core JOA. If parties have an issue with the JOA, they are to raise this issue within 10 business days. If no issues are identified before the end of this period, the JOA updates will be considered approved.

Distribution – Each JOA POC will disseminate information regarding the update within their organization.
3. Communication

Communication is a crucial component that will occur at multiple levels using multiple tools and techniques as described below.

3.1. JOA Checkpoint Meetings

Purpose – These meetings provide a forum for communication on topics of mutual interest among the Parties to the JOA. Topics will include a discussion of any issues with coordination among the parties the status of any changes to the JOA documents.

Location – These meetings will most often take place via conference call. In those instances where a RAC and a PSC/ZPIC are located close enough to allow a short drive, some participants may join in-person.

Frequency – The meetings will occur at minimum on a quarterly basis for the first year after the signing of the first JOA and then at least semi-annually thereafter.

Meeting Dates – CMS representatives need to attend multiple of these meetings across contractors, so CMS will work with contractors to coordinate spreading of these meetings over time. At the conclusion of each meeting, the participants will determine mutually agreeable timing (and location where appropriate) for the next meeting; information that will then be confirmed via email. Changes will be communicated through the JOA POC via email.

Facilitation – Responsibility for facilitating the meeting will rotate between the RAC and the PSC/ZPIC. This will include preparation of the agenda, providing a dial in number, facilitating the discussion, and capturing and distributing meeting minutes.

Meeting Minutes – Are to be distributed within five business days of the meeting and should clearly identify Action Items for review in the next meeting.

Participation – Invitees are to minimally include the applicable CMS COTRs and the Primary and Alternate JOA POC. The JOA POC will invite other participants as appropriate.

3.2. Other Workgroup Meetings

Purpose – In addition to the JOA Checkpoint meetings, the Parties to the JOA will interact on a regular basis in smaller workgroups to address specific needs.

Location, Timing, and Facilitation – Will be similar to the Checkpoint Meetings.

Formation – Recommendations for new workgroups should be considered at the JOA Checkpoint Meetings.
3.3. Issue Escalation and Resolution Process

Issues will be escalated if necessary for resolution via the following process:

1. Source – The RAC and the PSC/ZPIC individuals identifying the issue will work with their counter-parts first to attempt to resolve the issue.

2. JOA POCs – If they are unable to come to a resolution, the matter will be brought to the attention of the RAC Contractor JOA POC and the PSC/ZPIC JOA POC (identified in the Contractor Contact List Appendices).

3. Operational Leads – If they are unable to come to a resolution, the matter will be escalated to the RAC Operational Lead and the PSC/ZPIC Operational Lead (identified in the Contractor Contact List Appendices).

4. CMS Contract Officer Technical Representatives (COTRs) – If they are unable to come to a resolution, the Operational Leads will bring the matter to the attention of the CMS COTRs (identified in the CMS Contact List Appendices).

5. JOA Alternative Dispute Resolution (ADR) Team – In the event the dispute between the RAC and the PSC/ZPIC cannot be resolved, the issues will be directed in writing to the CMS RAC and PSC/ZPIC Contracting Officers, Project Officers, and COTRs for resolution by the JOA ADR) team. The ADR team will issue a written determination to both the RAC and the PSC/ZPIC.

Timing of Issue Escalation and Resolution – The speed with which issues are escalated and resolved will be dependent on the priority of the issue, with higher impact issues receiving quicker attention by all parties. As a general guideline, parties should endeavor to resolve or escalate an issue within 1-3 days of its receipt, or they should reply to all parties to advise them of the reasons for additional time needed for action.

3.4. Non-Compliance

If a party does not comply with a provision of the JOA, notification and resolution will take place as follows:

1. Notification – If a party does not comply with a provision of the JOA, the Operational Lead for that party will notify the Operational lead for the other party.

2. Resolution – A non-compliance is often one-time event with no significant impact which can often be quickly resolved and prevented in the future through the interaction of the Operational Leads. In these circumstances, escalation is not required.

3. Escalation – If a non-compliance creates an impact that either party feels requires escalation either for notification purposes or for issue resolution
purposes, then the Operational Leads will notify the CMS COTRs. If necessary, the ADR process described above will be applied to achieve closure.

3.5. Communication Regarding CMS Changes

As part of ongoing operations, the RAC and the PSC/ZPIC Contractor staff will both review documents received from CMS, including Transmittals, Program Memoranda, Change Requests and Notes. The RAC and the PSC/ZPIC Contractor will continue to determine their own operational impact and will provide comments and escalate issues to CMS independently, as appropriate.

All issues that are determined to have an impact on any RAC or PSC/ZPIC Contractor operations included in this JOA will be submitted to the RAC and PSC/ZPIC JOA POCs for discussion at the next JOA Checkpoint Meeting, or sooner if appropriate.

3.6. Securing Email Information

CMS has indicated that it is not appropriate to send emails containing beneficiary or provider identifiers (including names and numbers) even if those identifiers are contained within a password-protected attachment. Each JOA Participant is responsible for obtaining, understanding, interpreting, and implementing its own policies and procedures regarding use of email containing beneficiary or provider identifiers. CMS Secure Email may be used to send protected information to CMS and other users of this email system. If Secure Email is not available, send this information via an encrypted CD through registered mail.
4. Identification and Action on Fraudulent Behavior

4.1. Identification and Notification of Fraud by the RAC

RAC Responsibility – When the RAC encounters an issue that meets the criteria of potential fraud, the RAC will notify the RAC PO who will forward this to the Director of the Division of Benefit Integrity Management Operations.

Indicators of Fraud – The following are indicators of fraud that must be reported to the RAC PO. The RAC should use their best judgment to determine if other findings may constitute fraudulent behavior. Section 6.2 of this Standard Core JOA provides information regarding training for the RAC staff to identify fraud.

- Submission of false claims
- Services being rendered by unlicensed individuals
- Ordered services being provided without a legitimate physician order
- Claims for beneficiaries or providers that are deceased
- Non-compliance with medical record requests

4.2. Coordination with Law Enforcement

The PSC/ZPIC will interact with Law Enforcement related to potential fraudulent activity. The RAC must not contact Law Enforcement with fraud suspicions; they must contact the RAC PO. Law enforcement may contact the RAC with recovery inquiries but any other LE RFIs shall be referred by the RAC directly to the PSC/ZPIC.

4.3. High Risk Areas

CMS may identify High Risk areas within a PSC/ZPIC jurisdiction. These are areas that are known to have wide-spread fraud. The PSCs/ZPICs are required to take aggressive, rapid and innovative measures to curtail fraud in these areas and this may impact the RAC’s ability to perform audits in these areas. The PSC/ZPICs will have the ability, in High Risk Areas, to suppress providers in order to protect the PSC/ZPIC and Law Enforcement’s ability to identify, prevent and prosecute fraudulent activities.
5. Training

5.1. Training provided by the PSC/ZPIC

Purpose – Fraud detection and awareness training will be provided to assist the RAC in identifying fraudulent behavior, including indicators that RAC staff should look for and examples of real fraud scenarios.

Audience – This training is designed for members of the RAC team.

Initial and Annual Training – The PSC/ZPIC will provide this training at the start of working together as contractors and on at least an annual basis thereafter.

New Employee Training – The RAC will be responsible to provide this on-going training for new RAC employees throughout the year using the materials provided by the PSC/ZPIC.

Participation Requirement – Training participation is required to at least one session per year to be provided by the PSC or ZPIC. PSCs and ZPICs can rotate the responsibility for training and must avoid duplication across contracts.

Training on Changes – Additional training will be provided by the PSC/ZPIC when substantive changes are identified in fraud detection and awareness.
Dear Provider Name:

As a Medicare contractor, the Program Safeguard Contractor (PSC) and the Zone Program Integrity Contractor (ZPIC) is required by the Centers for Medicare & Medicaid Services (CMS) to analyze claims payment data in order to identify areas with the greatest risk of inappropriate program payment. Specifically, as a (indicate PSC or ZPIC), (write PSC or ZPIC Name) is required to investigate situations of potential fraud, waste, and abuse.

Your claims have been selected for a comprehensive medical review of your billing for Medicare services pursuant to CMS’ statutory and regulatory authority. You were selected for this review because our analysis of your billing data indicates that there may be aberrancies in your billing.

We have selected claims for services provided during the period _____ through ____. You will subsequently receive a request for medical records, which will explain the specific documentation that is being requested. If you have any questions regarding the letter requesting medical records/documentation, please contact (PSC/ZPIC Contact’s Name) at (Phone Number of PSC/ZPIC Contact).

Thank you for your prompt response to the request for medical records/documentation.
Dear Medicare Provider/Supplier,

The Centers for Medicare & Medicaid Services (CMS) continually strives to reduce improper payment of Medicare claims. As part of our effort to accomplish this goal, the Medicare Administrative Contractor (MAC) program will conduct a post-payment medical review of selected Medicare Part A claims.

**Reason for Selection**
As an A/B MAC, 'Review Contractor Name' is tasked with preventing inappropriate Medicare payments. This is accomplished through provider education, training, and the medical review of claims. 'Review Contractor Name' recently completed review of a sample of service-specific claims for HIPPS code XXXXX (1st or 2nd episode with 11 to 13 therapy visits). The calculated charge denial rate (CDR) for these claims was 100%. Refer to the enclosed Encrypted CD for the complete list of claims and denial reasons.

**Action: Additional Documentation**
Federal law requires that providers/suppliers submit medical record documentation to support claims for Medicare services upon request. Providers/suppliers are required to send supporting medical records to the MAC program. Providing medical records of Medicare patients to the MAC program does not violate the Health Insurance Portability and Accountability Act (HIPAA). Patient authorization is not required to respond to this request.

When: mm/dd/yyyy
Please provide the requested documentation by mm/dd/yyyy. A response is still required by mm/dd/yyyy even if you are unable to locate the requested information.

When the review is completed, you will be notified of the results. The CMS’ goal is to complete the review and deliver the results to providers/suppliers within 60 days of the receipt of all medical records needed for the review.

Consequences
If the provider/supplier fails to send the requested documentation or contact CMS by mm/dd/yyyy, the provider’s/supplier’s Medicare contractor will initiate claims adjustments or overpayment recoupment actions for these undocumented services.

Instructions
The documentation submitted for this review must be a copy of the patient’s medical record for each encounter clearly identified for each requested beneficiary and the date of service. Providers/suppliers are responsible for obtaining supporting documentation from third parties (hospitals, nursing homes, suppliers, etc.).

- Refer to the ‘Supporting Documentation’ attachment for a list of required supporting documentation to be submitted.
- Providers/suppliers must pay the cost of providing this documentation; it cannot be billed to CMS or the MAC program.
- The CMS encourages providers/suppliers to respond quickly.
- Please do not include Powers of Attorney, Living Wills, or Correspondence.
- During this review period and at all times, in order to receive payment, providers/suppliers must continue to submit claims for all services performed on a beneficiary.

Submission Methods
Providers/Suppliers may submit this documentation in any of the following ways:

Via postal mail or Encrypted CD/DVD:
1. Include a copy of the Post Pay request letter with your documents.
2. Complete the ADR Response Cover Sheet Form (enclosed) and place on top of the entire set of documents to be submitted.

Dear Medicare Provider/Supplier,

The Centers for Medicare & Medicaid Services (CMS) continually strives to reduce improper payment of Medicare claims. As part of our effort to accomplish this goal, the Medicare Administrative Contractor (MAC) program will conduct a post-payment medical review of selected Medicare DME claims.

Reason for Selection
In the 1st quarter 20XX, “Supplier’s Name” HCPCS code XXXXX claim volume was two or more standard deviations above the norm when compared to all suppliers billing HCPCS code XXXXX in Jurisdiction X. This high claim volume billed by a new supplier for a high dollar item is of concern to the DME MAC.

When services appear outside the norm, the DME MAC must verify whether the potential error(s) represent an unacceptable practice. The DME MAC is validating this concern by performing a post-payment review on ## randomly selected claims billed by “Supplier’s Name”.

Action: Medical Records Required

Dear Medicare Provider/Supplier,

The Centers for Medicare & Medicaid Services (CMS) continually strives to reduce improper payment of Medicare claims. The Recovery Audit Program, mandated by Congress, has been developed to assist in accomplishing this goal.

**Reason for Selection**

1) Complex review(s) approved by CMS:
   The Recovery Auditor is requesting additional documentation for these claims as part of a payment review based on an issue that has been approved by CMS. Providers/suppliers will receive a Review Results Letter after a claim determination has been made on these claims. If an underpayment or overpayment is identified, these claims will be sent to your claims processor for adjustment. The issues involved are detailed in the attachment.

2) Complex reviews being considered by the Recovery Auditor for submission to CMS for approval:
   As mandated by the Recovery Auditor Statement of Work (SOW), no improper payments may be recovered until CMS has approved the complex review audit concept associated with a certain claim(s). The Recovery Auditor is requesting additional documentation on these claims as part of a test claim sample. The purpose of requesting the sample of claims is to assist the Recovery Auditor and CMS in determining if the audit concept is consistent with Medicare policy. Providers/suppliers will receive a

Review Results Letter after a claim determination has been made on these claims. However, these claims will not be sent to your claims processor for adjustment unless CMS has approved the complex review audit concept. If the Recovery Auditor determines that the review of these claims has resulted in an improper payment, but CMS has not approved the audit concept, the Recovery Auditor will not initiate recovery on these claims, and the Recovery Auditor will send an additional letter notifying the provider/supplier that their audit for those claims has closed.

Please refer to the enclosed Claims Selected for Review Spreadsheet for a list of selected claims.

**Action: Additional Documentation**

Federal law requires that providers/suppliers submit medical record documentation to support claims for Medicare services upon request. Providers/suppliers are required to send supporting medical records to the Recovery Auditor program. Providing medical records of Medicare patients to the Recovery Auditor program does not violate the Health Insurance Portability and Accountability Act (HIPAA). Please provide the requested documentation by mm/dd/yyyy. A response is still required by mm/dd/yyyy even if you are unable to locate the requested information.

**Consequences**

If the provider/supplier fails to send the requested documentation or contact CMS by mm/dd/yyyy, the provider’s/supplier’s Medicare contractor will initiate claims adjustments or overpayment recoupment actions for these undocumented services.

**Instructions**

1. The documentation submitted for this review must be a copy. Do not submit original documentation.
2. A copy of this additional documentation request letter should be affixed to the documentation. Please bundle documents for each claim separately to enable us to ensure receipt of all requested documents.
3. Providers/suppliers are responsible for obtaining supporting documentation from third parties (hospitals, nursing homes, suppliers, etc).
4. Refer to the ‘Supporting Documentation’ attachment for a list of required supporting documentation to be submitted.
5. The Recovery Auditor is required to reimburse providers for the submission of Medical Records for the following claim types only: Acute Care Inpatient Prospective Payment System Hospital Claims and Long Term Care Hospital Claims.
6. If you meet the Medicare definition of one of these provider types, you will be reimbursed for the cost of providing copies of the additional documentation for inpatient hospital claims only. Payment will be issued to you within 45 days of receiving the additional documentation.
7. Payment will be in the amount of $0.12 per page, plus shipping cost if mailed via USPS regular mail. The amount per page will not exceed this quantity, and the maximum payment to a provider per medical record shall not exceed $25.00.
8. Please do not include Powers of Attorney, Living Wills, Correspondence, or Prior Episodes of Care.

9. Note: Requirements for submitting imaged documentation on CD or DVD can be found at RAxXX.com or by calling the Recovery Auditor X Call Center at XXX-XXX-XXXX.

Dear Medicare Provider/Supplier,

The Centers for Medicare & Medicaid Services (CMS), through the Comprehensive Error Rate Testing (CERT) program, carries out the task of requesting, receiving, and reviewing medical records. The CERT program reviews selected Medicare A, B and DME claims and produces annual improper payment rates. For more information regarding the CERT program, please visit www.cms.gov/CERT.

Reason for Selection
The CMS’ CERT program has randomly selected one or more of your Medicare claims for review.

Action: Medical Records Required
Federal law requires that providers/suppliers submit medical record documentation to support claims for Medicare services upon request. Providers/suppliers are required to send supporting medical records to the CERT program. Request Type & Purpose: New Request, Post-Payment Claim Review
Subject: Documentation Required

Dear Medicare Provider/Supplier,

The Centers for Medicare & Medicaid Services (CMS) continually strives to reduce improper payment of Medicare claims\(^\text{10}\). As part of our effort to accomplish this goal, CMS has retained “Agency Name” as the Supplemental Medical Review Contractor (SMRC) to conduct a medical record review of selected Part A and Part B claims. Additional information regarding this contract can be found at: 'web site url'.

**Reason for Selection**
Analysis of Medicare claims data for calendar year 20XX indicated a significant increase in billing and payment for Healthcare Common Procedure Coding System (HCPCS) code XXXXX. This constitutes new and material evidence that establishes good cause for reopening the claim. Providing additional documentation for each claim is authorized by CMS and is being requested.

**Action: Medical Records Required**

Federal law requires that providers/suppliers submit medical record documentation to support claims for Medicare services upon request. **Providing medical records of Medicare patients to the SMRC does not violate the Health Insurance Portability

\(^{10}\) Social Security Act Sections [42 USC 1320c-5(a) (3)], 1833 [42 USC 13951 (e)], and 42 CFR 405.980(b)
and Accountability Act (HIPAA). Patient authorization is not required to respond to this request.

When: mm/dd/yyyy
Please provide the requested documentation by mm/dd/yyyy. A response is still required by mm/dd/yyyy even if you are unable to locate the requested information. When the review is completed, you will receive a review results letter after a determination has been made. The results letter will stipulate if any underpayment(s) or overpayment(s) were identified.

Consequences
If the provider/supplier fails to send the requested documentation or contact CMS by mm/dd/yyyy, the provider’s/supplier’s Medicare contractor will initiate claims adjustments or overpayment recoupment actions for these undocumented services.

Instructions
- This agency does not reimburse the cost associated with copying of medical records from any setting. When records are requested, the expense of supplying medical records is a part of the administrative costs of doing business with Medicare. Therefore, invoices from record retention centers and copying agencies are not eligible for reimbursement.
- Refer to the ADR Claim List for selected claims.
- A copy of this request letter should be affixed to the documentation submitted.
- All documentation should be submitted within 45 days of the date of this notice.
- Please refer to the enclosed “Instructions for Submitting Requested Documentation/Medical Records” for additional information on document preparation and available submission methods.
- Refer to the enclosed claim summary for details and information.
- Note:
  - Medicare requires that medical record entries for services provided/ordered be authenticated by the author. The method used shall be a legible handwritten or electronic signature.
  - Stamp signatures are not acceptable. Beneficiary identification, date of service, and provider of the service(s) should be clearly identified on the submitted documentation. Documentation submitted in response to this request shall comply with these requirements.
  - This may require providers to contact the hospital or other facility where services were provided to obtain signed progress notes, plan of care, discharge summary, etc.
  - If signature requirements are not met, the reviewer will conduct the medical review without considering the documentation with the missing or illegible signature. This could lead the reviewer to determine that medical necessity for the service(s) billed has not been substantiated.
  - “Agency name” recommends that providers review their documentation prior to submission and ensure that all medical record entries and orders are signed appropriately. For documentation with a missing or illegible signature, a signature log or signature attestation may be submitted additionally as part of the ADR response. For detailed guidance regarding Medicare signature requirements, refer to the Medicare Program Integrity Manual, Publication 100-08, Chapter 3 and Section 3.3.2.4.
