

EXHIBIT 38

**MODEL FORM FOR CERTIFICATION OF CHIROPRACTORS WHERE
REQUIREMENTS PRIOR TO JULY 1, 1974 APPLY**

I certify that the persons listed below meet the following Medicare qualifications as Chiropractors:

1. Preliminary education equal to the requirements for graduation from an accredited high school or other secondary school; and
2. Licensed, or commenced studies in a chiropractic school, before July 1, 1974; and
3. Graduation from a college of chiropractic approved by the State chiropractic examiners with completion of a course of study covering a period of not less than 3 school years of 6 months each year in actual continuous attendance covering adequate courses of study in the subjects of anatomy, physiology, symptomatology and diagnosis, hygiene and sanitation, chemistry, histology, pathology, and principles and practice of chiropractic, including clinical instruction in vertebral palpation, nerve tracing and adjusting; and
4. Passage of an examination prescribed by the State's chiropractic examiners covering the subjects listed in 3 above.
