SUBJECT: ICD-10 Conversion/Coding Infrastructure Revisions/ICD-9 Updates to National Coverage Determinations (NCDs)--Maintenance CR

I. SUMMARY OF CHANGES: This change request (CR) is the first maintenance update of ICD-10 conversions and ICD-9 coding updates specific to national coverage determinations (NCDs). The majority of the NCDs included are a result of feedback received from previous ICD-10 NCD CRs CR7818, CR8109 & CR8197. Some are the result of revisions required to other NCD-related CRs released separately that also included ICD-10.

Edits to ICD-10 coding specific to NCDs will be included in subsequent, quarterly updates. No policy-related changes are included with these recurring updates. Any policy-related changes to NCDs continue to be implemented via the current, long-standing NCD process.

EFFECTIVE DATE: July 1, 2014 - For designated ICD-9 updates and all local system edits; October 1, 2014 - For designated ICD-9 shared system edits; October 1, 2015 - For all ICD-10 updates (or whenever ICD-10 is implemented)
*Unless otherwise specified, the effective date is the date of service.

IMPLEMENTATION DATE: July 7, 2014 - For designated ICD-9 updates and all local system edits; October 6, 2014 - For all ICD-10 updates (or whenever ICD-10 is implemented)

Disclaimer for manual changes only: The revision date and transmittal number apply only to red italicized material. Any other material was previously published and remains unchanged.
