Pub 100-04 Medicare Claims Processing	Centers for Medicare & Medicaid Services (CMS)
Transmittal 1652	Date: December 19, 2008
	Change Request 6287

Subject: New Waived Tests

I. SUMMARY OF CHANGES: This instruction informs contractors of new waived tests approved by the Food and Drug Administration under Clinical Laboratory Improvement Amendments of 1988. Since these tests are marketed immediately after approval, the Centers for Medicare and Medicaid Services must notify its contractors of the new tests so that the contractors can accurately process claims. This Recurring Update Notification (RUN) can be found in Chapter 16, § 70.8 of the Internet Only Manual (IOM).

New / Revised Material

Effective Date: January 1, 2009

Implementation Date: January 5, 2009

Disclaimer for manual changes only: The revision date and transmittal number apply only to red italicized material. Any other material was previously published and remains unchanged. However, if this revision contains a table of contents, you will receive the new/revised information only, and not the entire table of contents.

III. FUNDING:

SECTION A: For Fiscal Intermediaries and Carriers:

No additional funding will be provided by CMS; Contractor activities are to be carried out within their operating budgets.

SECTION B: For Medicare Administrative Contractors (MACs):

The Medicare Administrative Contractor is hereby advised that this constitutes technical direction as defined in your contract. CMS does not construe this as a change to the MAC Statement of Work. The contractor is not obligated to incur costs in excess of the amounts allotted in your contract unless and until specifically authorized by the Contracting Officer. If the contractor considers anything provided, as described above, to be outside the current scope of work, the contractor shall withhold performance on the part(s) in question and immediately notify the Contracting Officer, in writing or by e-mail, and request formal directions regarding continued performance requirements.

SUBJECT: New Waived Tests

Effective Date: January 1, 2009

Implementation Date: January 5, 2009

I. GENERAL INFORMATION

A. Background: The Clinical Laboratory Improvement Amendments of 1988 (CLIA) regulations require a facility to be appropriately certified for each test performed. To ensure that Medicare & Medicaid only pay for laboratory tests categorized as waived complexity under CLIA in facilities with a CLIA certificate of waiver, laboratory claims are currently edited at the CLIA certificate level.

Listed below are the latest tests approved by the Food and Drug Administration as waived tests under CLIA. The Current Procedural Terminology (CPT) codes for the following new tests must have the modifier QW to be recognized as a waived test. However, the tests mentioned on the first page of the attached list (i.e., CPT codes: 81002, 81025, 82270, 82272, G0394, 82962, 83026, 84830, 85013, and 85651) do not require a QW modifier to be recognized as a waived test.

CPT Code	Effective Date	Description
83036QW	October 11, 2007	Siemens Medical Diagnostics DCA Vantage Analyzer
81003QW	May 28, 2008	Henry Schein OneStepPlus Urine Analyzer
82274QW G0328QW	July 1, 2008	Germaine Laboratories Compliance Gold iFOB (immunological fecal occult blood) Test
82274QW G0328QW	July 1, 2008	Beckman Coulter Hemocult ICT (K080812)
82274QW G0328QW	July 22, 2008	BTNX Inc.Rapid Response Immunological Fecal Occult Blood Test (IFOBT)
80101QW	July 31, 2008	Aventir Biotech LLC Home Check Multiple Drug Cup Test
80101QW	August 18, 2008	American Bio Medica Rapid TOX
83986QW	September 18, 2008	Common Sense Ltd. VA-SENSE Kit

For 2009, the new CPT code 87905 was developed for infectious agent enzymatic activity other than virus (e.g., sialidase activity in vaginal fluid) testing. Therefore, the CPT code assigned to the Gryphus Diagnostics BVBlue test and the Genzyme Diagnostics OSOM BVBlue Test is changed to 87905QW with an effective date of January 1, 2009.

This RUN can be found in Chapter 16, § 70.8 of the Internet Only Manual.

B. Policy: The CLIA regulations require a facility to be appropriately certified for each test performed. To ensure that Medicare and Medicaid only pay for laboratory tests categorized as waived complexity under CLIA in facilities with a CLIA certificate of waiver, laboratory claims are currently edited at the CLIA certificate level.

70.8 - Certificate of Waiver

(Rev. 1652, Issued: 12-19-08, Effective: 01-01-09, Implementation: 01-05-09)

Effective September 1, 1992, all laboratory testing sites (except as provided in 42 CFR 493.3(b)) must have either a CLIA certificate of waiver, certificate for provider-performed microscopy procedures, certificate of registration, certificate of compliance, or certificate of accreditation to legally perform clinical laboratory testing on specimens from individuals in the United States.

The Food and Drug Administration approves CLIA waived tests on a flow basis. The CMS identifies CLIA waived tests by providing an updated list of waived tests to the Medicare contractors on a quarterly basis via a Recurring Update Notification. To be recognized as a waived test, some CLIA waived tests have unique HCPCS procedure codes and some must have a QW modifier included with the HCPCS code.

For a list of specific HCPCS codes subject to CLIA see <http://www.cms.hhs.gov/CLIA/downloads/waivetbl.pdf>
