SUBJECT: October Update to the 2009 Medicare Physician Fee Schedule Database (MPFSDB)

EFFECTIVE DATE: January 1, 2009

IMPLEMENTATION DATE: October 5, 2009

I. GENERAL INFORMATION

A. Background: Payment files were issued to contractors based upon the 2009 Medicare Physician Fee Schedule (MPFS) Final Rule. This change request (CR) amends those payment files.

B. Policy: Section 1848(c)(4) of the Social Security Act authorizes the Secretary to establish ancillary policies necessary to implement relative values for physicians' services.

H1N1 Vaccine and Administration Level II HCPCS Codes

In anticipation of the availability of a vaccine for the H1N1 virus in the fall of 2009, CMS is creating two new Level II HCPCS codes that are effective September 1, 2009. Similar to the influenza vaccine and its administration, one HCPCS code has been created to describe the H1N1 vaccine itself (G9142, *Influenza A (H1N1) vaccine, any route of administration*), while another HCPCS code has been created to describe the administration of the H1N1 vaccine (G9141, *Influenza A (H1N1) immunization administration (includes the physician counseling the patient/family)*). More information on the H1N1 flu and the associated vaccine can be found at the Centers for Disease Control and Prevention website at <http://www.cdc.gov/h1n1flu/>.

Under the MPFS, HCPCS codes G9141 and G9142 will be assigned status indicator "X," indicating these codes represent an item or service that is not within the statutory definition of "physicians' services" for MPFS payment purposes. We anticipate the H1N1 vaccine will be supplied at no cost to providers. Payment will be made to a provider for the administration of the H1N1 vaccine, even if the vaccine is supplied at no cost to the provider. Payment for the administration of the H1N1 vaccine is the same as the payment established for G0008 and G0009, codes used for reporting the administration of the influenza or pneumococcal vaccine. Providers should report one unit of HCPCS code G9141 for each administration of the H1N1 vaccine. Beneficiary copayment and deductible do not apply to HCPCS code G9141.

Additional information will be made available to contractors through a separate CR.
