Transmittal 2592	Date: November 16, 2012
	Change Request 8122

SUBJECT: Home Health Prospective Payment System (HH PPS) Rate Update for Calendar Year (CY) 2013

I. SUMMARY OF CHANGES: This Change Request updates the 60-day national episode rates, the national per-visit amounts, LUPA add-on amount, the non-routine medical supply payment amounts, the fixed dollar loss ratio, and the labor and non-labor percentages under the HH PPS for CY 2013. The attached Recurring Update Notification applies to Pub. 100-04, Medicare Claims Processing Manual, chapter 10, section 10.1.6.

EFFECTIVE DATE: January 1, 2013

IMPLEMENTATION DATE: January 7, 2013

Disclaimer for manual changes only: The revision date and transmittal number apply only to red italicized material. Any other material was previously published and remains unchanged. However, if this revision contains a table of contents, you will receive the new/revised information only, and not the entire table of contents.

III. FUNDING:

For Fiscal Intermediaries (FIs), Regional Home Health Intermediaries (RHHIs) and/or Carriers:

No additional funding will be provided by CMS; Contractors activities are to be carried out with their operating budgets

For Medicare Administrative Contractors (MACs):

The Medicare Administrative contractor is hereby advised that this constitutes technical direction as defined in your contract. CMS does not construe this as a change to the MAC statement of Work. The contractor is not obliged to incur costs in excess of the amounts allotted in your contract unless and until specifically authorized by the Contracting Officer. If the contractor considers anything provided, as described above, to be outside the current scope of work, the contractor shall withhold performance on the part(s) in question and immediately notify the Contracting Officer, in writing or by e-mail, and request formal directions regarding continued performance requirements.

SUBJECT: Home Health Prospective Payment System (HH PPS) Rate Update for Calendar Year (CY) 2013

EFFECTIVE DATE: January 1, 2013

IMPLEMENTATION DATE: January 7, 2013

I. GENERAL INFORMATION

A. Background: The Affordable Care Act of 2010 mandated several changes to Section 1895(b) of the Social Security Act and hence the HH PPS Update for CY 2013.

Section 1895 (b)(3)(B)(v) of the Social Security Act (the Act) provides that Medicare home health payments be updated by the applicable market basket percentage increase for CY 2013. Section 3401(e) of the Affordable Care Act amended section 1895(b)(3)(B) of the Act by adding a new clause (vi) which states, "After determining the home health market basket percentage increase ... the Secretary shall reduce such percentage ... for each of 2011, 2012, and 2013, by 1 percentage point." The home health market basket percentage increase for CY 2013 is 2.3 percent. However, after reducing it by 1 percentage point as required by the Affordable Care Act, the CY 2013 HH PPS payment update percentage becomes 1.3 percent. In addition, section 1895 (b)(3)(B)(v) of the Act requires that home health agencies (HHAs) report such quality data as determined by the Secretary. HHAs that do not report the required quality data will receive a 2 percent reduction to the home health payment update percentage of 1.3 percent for a final HH PPS payment update of -0.7 percent for CY 2013.

In addition, Section 3131(c) of the Affordable Care Act amended section 421(a) of the Medicare Modernization Act (MMA), which was amended by section 5201(b) of the DRA. The amended section 421(a) of the MMA provides an increase of 3 percent of the payment amount otherwise made under section 1895 of the Act for home health services furnished in a rural area (as defined in section 1886(d)(2)(D) of the Act), with respect to episodes and visits ending on or after April 1, 2010, and before January 1, 2016. The statute waives budget neutrality related to this provision, as the statute specifically states that the Secretary shall not reduce the standard prospective payment amount (or amounts) under section 1895 of the Act applicable to home health services furnished during a period to offset the increase in payments resulting in the application of this section of the statute.

B. Policy:

1) Market Basket Update

The home health market basket update for CY 2013 is 2.3 percent. After reducing it by 1 percentage point as required by the Affordable Care Act, the CY 2013 HH PPS payment update percentage becomes 1.3 percent. HHAs that do not report the required quality data will receive a 2 percent reduction to the home health payment update percentage of 1.3 percent, for a final HH PPS payment update of -0.7 percent for CY 2013.

2) Outlier payments

Section 3131(b) of the Affordable Care Act requires the following outlier policy: (1) target to pay no more than 2.5 percent of estimated total payments for outliers and (2) apply a 10 percent agency-level cap on outlier

payments as a percentage of total HH PPS payments.

For CY 2013 and subsequent calendar years, the total amount of the additional payments or payment adjustments made may not exceed 2.5 percent of the total payments projected or estimated to be made based on the PPS in that year as required by section 1895(b)(5)(A) of the Act as amended by section 3131(b)(2)(B) of the Affordable Care Act. Per section 3131(b)(2)(C) of the Affordable Care Act, outlier payments to HHAs will be capped at 10 percent of that HHA's total HH PPS payments.

The loss-sharing ratio of 0.80 remains unchanged for CY 2013. However, the new fixed dollar loss ratio for CY 2013 is 0.45.

3) Rural Add-on

As stipulated in section 3131(c) of the Affordable Care Act, the 3 percent rural add-on is applied to the national standardized 60-day episode rate, national per visit rates, low utilization payment adjustment (LUPA) add-on payment, and non-routine medical supply (NRS) conversion factor when home health services are provided in rural (non-CBSA) areas.

4) Payment Calculations & Rate Tables

In order to calculate the CY 2013 HH PPS payment rates, CMS will update the CY 2012 HH PPS payment rates by the CY 2013 HH PPS payment update percentage of 1.3 percent (the 2.3 percent home health market basket update percentage minus 1 percentage point, per section 3401(e)(2) of the Affordable Care Act). CMS will reduce the CY 2013 national standardized 60-day episode payment rates by 1.32 percent, as promulgated in the CY 2012 HH PPS final rule to account for change in case-mix that is not due to an underlying change in patient health status. The updated CY 2013 national standardized 60-day episode payment rate for an HHA that submits the required quality data is shown in Table 1 (see attachment). These payments are further adjusted by the individual episode's case-mix weight and wage index.

The updated CY 2013 national standardized 60-day episode payment rate for an HHA that does **not** submit the required quality data is subject to a HH PPS payment update percentage of 1.3 percent reduced by 2 percentage points as shown in Table 2. These payments are further adjusted by the individual episode's case-mix weight and wage index.

In calculating the CY 2013 national per-visit rates used to calculate payments for LUPA episodes and to compute the imputed costs in outlier calculations, the CY 2012 national per-visit rates are updated by the CY 2013 HH PPS payment update percentage of 1.3 percent for HHAs that submit quality data, and by 1.3 percent minus 2 percentage points (-0.7 percent) for HHAs that do not submit quality data.

The CY 2013 national per-visit rates per discipline are shown in Table 3. The six HH disciplines are as follows:

- Home Health Aide (HH aide);
- Medical Social Services (MSS);
- Occupational Therapy (OT);
- Physical Therapy (PT);
- Skilled Nursing (SN); and
- Speech Language Pathology Therapy (SLP).

LUPA episodes that occur as initial episodes in a sequence of adjacent episodes or as the only episode receive an additional payment. The per-visit rates noted above are before that additional payment is added to the LUPA amount. The CY 2013 LUPA add-on payment is updated in Table 4.

Payments for non-routine supplies (NRS) are computed by multiplying the relative weight for a particular NRS severity level by the NRS conversion factor. The NRS conversion factor for CY 2013 payments is updated in Table 5a.

The payment amounts for the various NRS severity levels based on the updated conversion factor from Table 5a are shown in Table 5b.

The NRS conversion factor for HHAs that do not submit quality data is shown in Table 6a.

The payment amounts for the various NRS severity levels based on the updated conversion factor from Table 6a are shown in Table 6b.

The 3 percent rural add-on, per section 3131(c) of the Affordable Care Act, is applied to the national standardized 60-day episode rate, national per visit rates, LUPA add-on payment, and NRS conversion factor when home health services are provided in rural (non-Core Based Statistical Areas (CBSAs)). Refer to Tables 7 through 10b for these payment rates.

These changes are to be implemented through the Home Health Pricer software found in Medicare contractor standard systems.
