<b>Pub 100-04 Medicare Claims Processing</b>	<b>Centers for Medicare &amp; Medicaid Services (CMS)</b>
<b>Transmittal 3523</b>	<b>Date: May 13, 2016</b>
	<b>Change Request 9658</b>

**SUBJECT: July 2016 Update of the Hospital Outpatient Prospective Payment System (OPPS)**

**I. SUMMARY OF CHANGES:** This Recurring Update Notification describes changes to and billing instructions for various payment policies implemented in the July 2016 OPSS update. The July 2016 Integrated Outpatient Code Editor (I/OCE) and OPSS Pricer will reflect the Healthcare Common Procedure Coding System (HCPCS), Ambulatory Payment Classification (APC), HCPCS Modifier, and Revenue Code additions, changes, and deletions identified in this Change Request (CR). This Recurring Update Notification applies to Chapter 4, section 200.3.1.

The July 2016 revisions to I/OCE data files, instructions, and specifications are provided in the forthcoming July 2016 I/OCE CR.

**EFFECTIVE DATE: July 1, 2016**

*\*Unless otherwise specified, the effective date is the date of service.*

**IMPLEMENTATION DATE: July 5, 2016**

*Disclaimer for manual changes only: The revision date and transmittal number apply only to red italicized material. Any other material was previously published and remains unchanged. However, if this revision contains a table of contents, you will receive the new/revised information only, and not the entire table of contents.*

**II. CHANGES IN MANUAL INSTRUCTIONS: (N/A if manual is not updated)**

R=REVISED, N=NEW, D=DELETED-Only One Per Row.

**III. FUNDING:**

**For Medicare Administrative Contractors (MACs):**

The Medicare Administrative Contractor is hereby advised that this constitutes technical direction as defined in your contract. CMS does not construe this as a change to the MAC Statement of Work. The contractor is not obligated to incur costs in excess of the amounts allotted in your contract unless and until specifically authorized by the Contracting Officer. If the contractor considers anything provided, as described above, to be outside the current scope of work, the contractor shall withhold performance on the part(s) in question and immediately notify the Contracting Officer, in writing or by e-mail, and request formal directions regarding continued performance requirements.

**SUBJECT: July 2016 Update of the Hospital Outpatient Prospective Payment System (OPPS)**

**EFFECTIVE DATE: July 1, 2016**

*\*Unless otherwise specified, the effective date is the date of service.*

**IMPLEMENTATION DATE: July 5, 2016**

**I. GENERAL INFORMATION**

**A. Background:** This Recurring Update Notification describes changes to and billing instructions for various payment policies implemented in the July 2016 OPPS update. The July 2016 Integrated Outpatient Code Editor (I/OCE) and OPPS Pricer will reflect the Healthcare Common Procedure Coding System (HCPCS), Ambulatory Payment Classification (APC), HCPCS Modifier, and Revenue Code additions, changes, and deletions identified in this Change Request (CR). This Recurring Update Notification applies to Chapter 4, section 200.3.1.

The July 2016 revisions to I/OCE data files, instructions, and specifications are provided in the forthcoming July 2016 I/OCE CR.

**B. Policy: 1. Billing Instructions for IMRT Planning**

These revised IMRT planning billing instructions that were also included in the April 2016 Update of the Hospital Outpatient Prospective Payment System (OPPS) (Transmittal 3471, Change Request 9549) replace the instructions discussed in the 2016 OPPS final rule at 80 FR 70401-70402 and in the January 2016 Update of the Hospital Outpatient Prospective Payment System (OPPS) (Transmittal 3425, Change Request 9486). The effective date of these instructions is January 1, 2016.

Payment for the services identified by CPT codes 77014, 77280, 77285, 77290, 77295, 77306 through 77321, 77331, and 77370 are included in the APC payment for CPT code 77301 (IMRT planning). These codes should not be reported in addition to CPT code 77301 when provided prior to or as part of the development of the IMRT plan.

**2. Upper Eyelid Blepharoplasty and Blepharoptosis Repair**

CMS payment policy does not allow separate payment for a blepharoplasty procedure (CPT codes 15822, 15823) in addition to a blepharoptosis procedure (CPT codes 67901-67908) on the ipsilateral upper eyelid. Any removal of upper eyelid skin in the context of an upper eyelid blepharoptosis surgery is considered a part of the blepharoptosis surgery. A blepharoplasty cannot be billed to Medicare and the beneficiary cannot be separately charged for a cosmetic surgery regardless of the amount of upper eyelid skin that is removed on a patient receiving a blepharoptosis repair because removal of (any amount) of upper eyelid skin is part of the blepharoptosis repair. In addition, the following are not permitted:

- Operating on the left and right eyes on different days when the standard of care is bilateral eyelid surgery;
- Charging the beneficiary an additional amount for a cosmetic blepharoplasty when a blepharoptosis repair is performed;

- Charging the beneficiary an additional amount for removing orbital fat when a blepharoplasty or a blepharoptosis repair is performed;
- Performing a blepharoplasty on a different date of service than the blepharoptosis procedure for the purpose of unbundling the blepharoplasty or charging the beneficiary for a cosmetic surgery;
- Performing blepharoplasty as a staged procedure, either by one or more surgeons (note that under certain circumstances a blepharoptosis procedure could be a staged procedure);
- Billing for two procedures when two surgeons divide the work of a blepharoplasty performed with a blepharoptosis repair;
- Using modifier 59 to unbundle the blepharoplasty from the ptosis repair on the claim form; this applies to both physicians and facilities;
- Treating medically necessary surgery as cosmetic for the purpose of charging the beneficiary for a cosmetic surgery;
- Using an Advance Beneficiary Notice of Noncoverage for a service that would be bundled into another service if billed to Medicare.
- In the rare event that a blepharoplasty is performed on one eye and a blepharoptosis repair is performed on the other eye, the services must each be billed with the appropriate RT or LT modifier.

### **3. Revised Status Indicators for Pathology CPT Codes**

The status indicator for CPT code 85396 (Clotting assay whole blood) will change from SI=Q4 (Conditionally packaged laboratory tests) to SI=N (Paid under OPPS; payment is packaged into payment for other services) in the July 2016 update.

The status indicator for CPT code 88141 (Cytopath c/v interpret) will change from SI=Q4 (Conditionally packaged laboratory tests) to SI=N (Paid under OPPS; payment is packaged into payment for other services) in the July 2016 update.

The status indicator for CPT code 88174 (Cytopath c/v auto in fluid) will change from SI=N (Paid under OPPS; payment is packaged into payment for other services) to SI=Q4 (Conditionally packaged laboratory tests) in the July 2016 update.

The status indicator for CPT code 88175 (Cytopath c/v auto fluid redo) will change from SI=N (Paid under OPPS; payment is packaged into payment for other services) to SI=Q4 (Conditionally packaged laboratory tests) in the July 2016 update.

These codes are listed in Table 1, attachment A, along with the effective dates for the revised status indicators.

### **4. Reporting for Certain Outpatient Department Services (That Are Similar to Therapy Services) (“Non-Therapy Outpatient Department Services”) That Are Adjunctive to Comprehensive APC Procedures**

Effective for claims received on or after July 1, 2016 with dates of service on or after January 1, 2015, non-therapy outpatient department services (that are similar to therapy services) that are adjunctive to a comprehensive APC procedure (status indicator (SI) = J1 procedure) (*see* 80 FR 70326) or the specific combination of services assigned to the Observation Comprehensive APC 8011 (SI = J2), should not be reported with therapy CPT codes. This includes services described at 1833(a)(8), namely outpatient physical therapy, outpatient speech-language pathology and outpatient occupational therapy furnished either by

therapists or non-therapists and included on the same claim as a comprehensive APC procedure. Non-therapy outpatient department services that are adjunctive to J1 or J2 procedures should be reported without a CPT code and instead should be reported with Revenue Code 0940 (Other Therapeutic Services). The status indicator for this revenue code will be changed from SI=B to SI=N, indicating that the payment for these services will be packaged into the C-APC payment.

## **5. Category III CPT Codes Effective July 1, 2016**

The American Medical Association (AMA) releases Category III Current Procedural Terminology (CPT) codes twice per year: in January, for implementation beginning the following July, and in July, for implementation beginning the following January.

For the July 2016 update, CMS is implementing in the OPSS nine (9) Category III CPT codes that the AMA released in January 2016 for implementation on July 1, 2016. The status indicators and APCs for these codes are shown in Table 2, attachment A. Payment rates for these services can be found in Addendum B of the July 2016 OPSS Update that is posted on the CMS website. We note that HCPCS code C9743 will be deleted June 30, 2016 since it will be replaced with Category III CPT code 0438T effective July 1, 2016. CPT code 0438T will be assigned to the same status indicator and APC assignment as its predecessor HCPCS code C9743 effective July 1, 2016.

## **6. Drugs, Biologicals, and Radiopharmaceuticals**

### **a. Drugs and Biologicals with Payments Based on Average Sales Price (ASP) Effective July 1, 2016**

For CY 2016, payment for nonpass-through drugs, biologicals and therapeutic radiopharmaceuticals is made at a single rate of ASP + 6 percent, which provides payment for both the acquisition cost and pharmacy overhead costs associated with the drug, biological or therapeutic radiopharmaceutical. In CY 2016, a single payment of ASP + 6 percent for pass-through drugs, biologicals and radiopharmaceuticals is made to provide payment for both the acquisition cost and pharmacy overhead costs of these pass-through items. Payments for drugs and biologicals based on ASPs will be updated on a quarterly basis as later quarter ASP submissions become available. Updated payment rates effective July 1, 2016 and drug price restatements can be found in the July 2016 update of the OPSS Addendum A and Addendum B on the CMS Web site at <http://www.cms.gov/HospitalOutpatientPPS/>

### **b. Drugs and Biologicals Based on ASP Methodology with Restated Payment Rates**

Some drugs and biologicals paid based on the ASP methodology will have payment rates that are corrected retroactively. These retroactive corrections typically occur on a quarterly basis. The list of drugs and biologicals with corrected payments rates will be accessible on the CMS Web site on the first date of the quarter at [http://www.cms.gov/Medicare/Medicare-Fee-for-Service-Payment/HospitalOutpatientPPS/index.html?redirect=/HospitalOutpatientPPS/01\\_overview.asp](http://www.cms.gov/Medicare/Medicare-Fee-for-Service-Payment/HospitalOutpatientPPS/index.html?redirect=/HospitalOutpatientPPS/01_overview.asp).

Providers may resubmit claims that were impacted by adjustments to previous quarter's payment files.

### **c. Drugs and Biologicals with OPSS Pass-Through Status Effective July 1, 2016**

Five drugs and biologicals have been granted OPSS pass-through status effective July 1, 2016. These items, along with their descriptors and APC assignments, are identified in Table 3, attachment A.

### **d. New Drug HCPCS Code**

Effective July 1, 2016, one new HCPCS code has been created for reporting drugs and biologicals in the hospital outpatient setting, where there have not previously been specific codes available. This new code is listed in Table 4, attachment A.

## **e. Biosimilar Biological Product Payment and Required Modifiers**

As a reminder, OPSS claims for separately paid biosimilar biological products are required to include a modifier that identifies the manufacturer of the specific product. The modifier does not affect payment determination, but is used to distinguish between biosimilar products that appear in the same HCPCS code but are made by different manufacturers.

On April 5, 2016, the second biosimilar biological product, Inflectra®, was approved by the FDA.

Table 5 in Attachment A lists the biosimilar HCPCS codes and required modifiers.

## **f. Reassignment of Skin Substitute Product from the Low Cost Group to the High Cost Group**

One existing skin substitute product has been reassigned from the low cost skin substitute group to the high cost skin substitute group based on updated pricing information. This product is listed in Table 6, attachment A.

## **g. Other Changes to CY 2016 HCPCS Codes for Certain Drugs, Biologicals, and Radiopharmaceuticals**

Effective July 1, 2016, HCPCS code Q9982, flutemetamol f18 diagnostic, will replace HCPCS code C9459, Flutemetamol f18. The status indicator will remain G, “Pass-Through Drugs and Biologicals”.

Effective July 1, 2016, HCPCS code Q9983, florbetaben f18 diagnostic, will replace HCPCS code C9458, Florbetaben f18. The status indicator will remain G, “Pass-Through Drugs and Biologicals”.

Table 7, Attachment A describes the HCPCS codes changes and effective dates.

## **h. Changes to OPSS Pricer Logic**

Effective July 1, 2016, there will be four diagnostic radiopharmaceuticals (2 with new Q-codes replacing the previously used C-codes (as described above in section 6.g.)) and one contrast agent receiving pass-through payment in the OPSS Pricer logic. For APCs containing nuclear medicine procedures, Pricer will reduce the amount of the pass-through diagnostic radiopharmaceutical or contrast agent payment by the wage-adjusted offset for the APC with the highest offset amount when the radiopharmaceutical or contrast agent with pass-through appears on a claim with a nuclear procedure. The offset will cease to apply when the diagnostic radiopharmaceutical or contrast agent expires from pass-through status. The offset amounts for diagnostic radiopharmaceuticals and contrast agents are the “policy-packaged” portions of the CY 2016 APC payments for nuclear medicine procedures and may be found on the CMS Web site.

## **7. Addition of C1713 and C1817 to the List of Devices Allowed for the Device Intensive Procedure Edit**

We will be adding C1713 (Anchor/screw for opposing bone-to-bone or soft tissue-to-bone (implantable)) and C1817 (Septal defect implant system, intracardiac) to the list of devices allowed for the device intensive procedure edit in the July 2016 release and make it retroactive to January 2016.

## **8. Coverage Determinations**

The fact that a drug, device, procedure or service is assigned a HCPCS code and a payment rate under the OPSS does not imply coverage by the Medicare program, but indicates only how the product, procedure, or service may be paid if covered by the program. Medicare Administrative Contractors (MACs) determine whether a drug, device, procedure, or other service meets all program requirements for coverage. For example, MACs determine that it is reasonable and necessary to treat the beneficiary’s condition and

whether it is excluded from payment.

## II. BUSINESS REQUIREMENTS TABLE

"Shall" denotes a mandatory requirement, and "should" denotes an optional requirement.

Number	Requirement	Responsibility								
		A/B MAC			D M E M A C	Shared- System Maintainers				Other
		A	B	H H H		F I S S	M C S	V M S	C W F	
9658.1	Medicare contractors shall install the July 2016 OPPS Pricer.	X		X		X				BCRC
9658.2	<p>Medicare contactors shall manually add the following codes to their systems:</p> <ul style="list-style-type: none"> <li>CPT codes 0437T – 0445T, listed in table 2, attachment A, effective July 1, 2016;</li> <li>HCPCS codes C9476 – C9480, listed in table 3, attachment A, effective July 1, 2016;</li> <li>HCPCS code Q9981, listed in table 4, attachment A, effective July 1, 2016;</li> <li>HCPCS code Q5102, listed in table 5, attachment A, effective April 5, 2016;</li> <li>HCPCS codes Q9982 and Q9983, listed in table 7, attachment A, effective July 1, 2016;</li> </ul> <p><b>Note:</b> These HCPCS codes will be included with the July 2016 I/OCE update. Status and payment indicators for these HCPCS codes will be listed in the July 2016 update of the OPPS Addendum A and Addendum B on the CMS Web site at <a href="https://www.cms.gov/Medicare/Medicare-Fee-for-Service-Payment/HospitalOutpatientPPS/Addendum-A-and-Addendum-B-Updates.html">https://www.cms.gov/Medicare/Medicare-Fee-for-Service-Payment/HospitalOutpatientPPS/Addendum-A-and-Addendum-B-Updates.html</a></p>	X		X						BCRC

9658.5	MLN Article: A provider education article related to this instruction will be available at <a href="http://www.cms.gov/Outreach-and-Education/Medicare-Learning-Network-MLN/MLNMattersArticles/">http://www.cms.gov/Outreach-and-Education/Medicare-Learning-Network-MLN/MLNMattersArticles/</a> shortly after the CR is released. You will receive notification of the article release via the established "MLN Matters" listserv. Contractors shall post this article, or a direct link to this article, on their Web sites and include information about it in a listserv message within 5 business days after receipt of the notification from CMS announcing the availability of the article. In addition, the provider education article shall be included in the contractor's next regularly scheduled bulletin. Contractors are free to supplement MLN Matters articles with localized information that would benefit their provider community in billing and administering the Medicare program correctly.	X		X		

### IV. SUPPORTING INFORMATION

#### Section A: Recommendations and supporting information associated with listed requirements:

"Should" denotes a recommendation.

X-Ref Requirement Number	Recommendations or other supporting information:

**Section B: All other recommendations and supporting information: N/A**

## **V. CONTACTS**

**Pre-Implementation Contact(s):** Marina Kushnirova, marina.kushnirova@cms.hhs.gov

**Post-Implementation Contact(s):** Contact your Contracting Officer's Representative (COR).

## **VI. FUNDING**

### **Section A: For Medicare Administrative Contractors (MACs):**

The Medicare Administrative Contractor is hereby advised that this constitutes technical direction as defined in your contract. CMS does not construe this as a change to the MAC Statement of Work. The contractor is not obligated to incur costs in excess of the amounts allotted in your contract unless and until specifically authorized by the Contracting Officer. If the contractor considers anything provided, as described above, to be outside the current scope of work, the contractor shall withhold performance on the part(s) in question and immediately notify the Contracting Officer, in writing or by e-mail, and request formal directions regarding continued performance requirements.
