Transmittal 113	Date: October 30, 2009
	Change Request 6679

CR 6679, Transmittal 113, originally communicated as Sensitive/Controversial on October 30, 2009, is being re-issued as no longer sensitive. The transmittal number, issue date and all other information remain the same. The attached instructions may be communicated to the public and posted to your Web site as early as today, November 17, 2009.

Subject: Implementation of Changes in End Stage Renal Disease (ESRD) Payment for Calendar Year (CY) 2010

I. SUMMARY OF CHANGES: This transmittal provides information on the update to the changes to payment to ESRD facilities. Section 153 of the Medicare Improvements for Patient and Providers Act of 2008 (MIPPA) amended section 1881(b)(12) of the Act to require a 1 percent increase to the ESRD composite payment rate and that hospital-based dialysis facilities are paid the same composite payment rate as independent dialysis facilities. In addition to the MIPPA changes, other changes include: 1) an update to the drug add-on adjustment to the composite payment rate; 2) an update to the wage index adjustments to reflect current wage data, including a revised budget neutrality adjustment; and 3) a reduction in the wage index floor.

This Recurring Update Notification applies to chapter 11, section 30.5.

SUBJECT: Implementation of Changes in End Stage Renal Disease (ESRD) Payment for Calendar Year (CY) 2010

Effective Date: January 1, 2010

Implementation Date: January 4, 2010

I. GENERAL INFORMATION

A. Background: Section 1881(b) (12) of the Act, as amended by section 623 of the Medicare Prescription Drug Improvement and Modernization Act of 2003 directed the Secretary to make a number of revisions to the composite rate payment system, as well as payment for separately billable drugs furnished by ESRD facilities.

For CY 2010 CMS did not propose any significant changes to the composite rate payment methodology, but CMS did make updates, including an increase to the base composite payment rate of 1 percent and the wage index was updated to the current wage data.

Effective January 1, 2010, section 153 of the Medicare Improvements for Patients and Providers Act of 2008 amended section 1881(b) (12) of the Act to require a 1 percent increase to the ESRD composite payment rate and require that hospital-based dialysis facilities get paid the same composite payment rate as independent renal dialysis facilities. The 1 percent increase is effective for services furnished on or after January 1, 2010. Therefore, beginning January 1, 2010, the effect of the 1 percent increase in the composite payment rate will result in a reduction in the drug add-on adjustment to 15.0 percent. Lastly, application of the revised budget neutrality factor of 1.057735 to the current wage data will reduce the wage index floor from 0.700 to 0.6500.

B. Policy: Upon implementation of this instruction, the following changes will be applied to all Medicare certified ESRD facilities:

- An update to the base composite payment rate with a 1 percent increase resulting with a base rate of \$135.15 for both hospital-based and independent renal dialysis facilities;
- An update to the drug add-on adjustment to the composite payment rate of 15.0 percent;
- An update to the wage index adjustments to reflect the current wage data; and
- A reduction in the wage index floor from 0.7000 to 0.6500.

The ESRD payment changes will be effective January 1, 2010, and will be published in the Federal Register before that date.
