III. FUNDING:

SECTION A: For Fiscal Intermediaries and Carriers:

No additional funding will be provided by CMS; Contractor activities are to be carried out within their operating budgets.

SECTION B: For Medicare Administrative Contractors (MACs):

The Medicare Administrative Contractor is hereby advised that this constitutes technical direction as defined in your contract. CMS does not construe this as a change to the MAC Statement of Work. The contractor is not obligated to incur costs in excess of the amounts allotted in your contract unless and until specifically authorized by the Contracting Officer. If the contractor considers anything provided, as described above, to be outside the current scope of work, the contractor shall withhold performance on the part(s) in question and immediately notify the Contracting Officer, in writing or by e-mail, and request formal directions regarding continued performance requirements.

SUBJECT: Quarterly Update to Correct Coding Initiative (CCI) Edits, Version 16.0, Effective January 1, 2010

Effective Date: January 1, 2010

Implementation Date: January 4, 2010

I. GENERAL INFORMATION

The latest package of Correct Coding Initiative (CCI) edits, Version 16.0, effective January 1, 2010, will be available via the CMS Data Center (CDC). A test file will be available on or about November 2, 2009, and the final file will be available on or about November, 17, 2009.

Version 16.0 will include all previous versions and updates from January 1, 1996, to the present and will be organized in two tables: Column I/Column 2 Correct Coding Edits and Mutually Exclusive Code (MEC) Edits.

- A. Background:** The Centers for Medicare and Medicaid Services developed the National Correct Coding Initiative to promote national correct coding methodologies and to control improper coding that leads to inappropriate payment in Part B claims.
- B. Policy:** The coding policies developed are based on coding conventions defined in the American Medical Association’s CPT manual, national and local policies and edits, coding guidelines developed by national societies, analysis of standard medical and surgical practice and review of current coding practice.
