Conflict of Interest

Molly MacHarris, MIPS Program Lead, CMS

Elizabeth S. Holland, Senior Technical Advisor, CMS

Have no real or apparent conflicts of interest to report.
Disclaimer

This presentation was prepared as a tool to assist providers and is not intended to grant rights or impose obligations. Although every reasonable effort has been made to assure the accuracy of the information within these pages, the ultimate responsibility for the correct submission of claims and response to any remittance advice lies with the provider of services.

This publication is a general summary that explains certain aspects of the Medicare Program, but is not a legal document. The official Medicare Program provisions are contained in the relevant laws, regulations, and rulings. Medicare policy changes frequently, and links to the source documents have been provided within the document for your reference.

The Centers for Medicare & Medicaid Services (CMS) employees, agents, and staff make no representation, warranty, or guarantee that this compilation of Medicare information is error-free and will bear no responsibility or liability for the results or consequences of the use of this presentation.
Presentation Overview

• Learning Objectives
• Quality Payment Program Overview
• Quality Payment Program Year 1 (2017) Participation Results
• Merit-based Incentive Payment System (MIPS) Year 2 (2018) Data Submission
• MIPS Overview
• Final Rule for Year 3 (2019) - MIPS:
  – Eligibility
  – Reporting Options and Data Submission
  – Performance Categories
  – Additional Bonuses, Performance Threshold, and Payment Adjustments
• Quality Payment Program – Help & Support
Learning Objectives

1. Highlight Quality Payment Program Year 1 (2017) performance data
2. Outline Year 2 (2018) MIPS data submission deadlines and resources
3. Identify key policy changes for the third year (2019) of the Quality Payment Program
4. Summarize eligibility, reporting, and data submission requirements for MIPS in 2019
5. Provide an overview of available resources and no-cost technical assistance
Quality Payment Program Overview
The Medicare Access and CHIP Reauthorization Act of 2015 (MACRA) requires CMS by law to implement an incentive program, referred to as the Quality Payment Program:

- **MIPS** (Merit-based Incentive Payment System)
  - If you are a MIPS eligible clinician, you will be subject to a performance-based payment adjustment through MIPS.

- **Advanced APMs** (Advanced Alternative Payment Models)
  - If you decide to take part in an Advanced APM, you may earn a Medicare incentive payment for sufficiently participating in an innovative payment model.
Quality Payment Program
Considerations

- Improve beneficiary outcomes
- Reduce burden on clinicians
- Increase adoption of Advanced APMs
- Maximize participation
- Improve data and information sharing
- Ensure operational excellence in program implementation
- Deliver IT systems capabilities that meet the needs of users

Quick Tip: For additional information on the Quality Payment Program, please visit qpp.cms.gov
MIPS: Quick Overview

- Comprised of **four** performance categories
- So what? *The points from each performance category are added together to give you a MIPS Final Score*
- The MIPS Final Score is compared to the MIPS performance threshold to determine if you receive a **positive**, **negative**, or **neutral payment adjustment**

**MIPS Performance Categories**

- Quality
- Cost
- Improvement Activities
- Promoting Interoperability

100 Possible Final Score Points
MIPS: Terms to Know

As a refresher…

• TIN (Taxpayer Identification Number)
  – Used by the Internal Revenue Service to identify an entity, such as a group medical practice, that is subject to federal taxes

• NPI (National Provider Identifier)
  – 10-digit numeric identifier for individual clinicians

• TIN/NPI
  – Identifies the individual clinician and the entity/group practice through which the clinician bills services to CMS

Quality Payment Program
Year 1 (2017) Participation Results Review
QPP Year 1 (2017) Performance Data

Payment Adjustments

The 2017 performance year for the Quality Payment Program was:

- **1,057,824** total MIPS eligible clinicians* received a MIPS payment adjustment (positive, neutral, or negative)
- **1,006,319** total MIPS eligible clinicians reported data and received a neutral payment adjustment or better
- **99,076** total Qualifying APM Participants (QPs)
- **52** total number of Partial QPs

*Clinicians are identified under the Quality Payment Program by their unique Taxpayer Identification Number/National Provider Identifier Combination (TIN/NPI)

Merit-based Incentive Payment System (MIPS) Year 2 (2018) Data Submission
April 2, 2019 is the 2018 MIPS data submission deadline.

There are two exceptions specific to the Quality performance category:

- Clinicians who report Quality measures via Medicare Part B claims submit their performance data throughout the 2018 performance period (January 1 – December 31, 2018)

- Groups, virtual groups, and Accountable Care Organizations reporting Quality measures through the CMS Web Interface can submit their data between January 22 and March 22, 2019
2018 MIPS Data Submission: How to Submit Data

Submitting 2018 through the QPP website:

• Sign into the QPP website using your HARP credentials: https://qpp.cms.gov/login

• Submit your 2018 data for/attest to the Quality, Promoting Interoperability, and Improvement Activities performance categories

**TIP:** You can submit and update your data throughout the submission period. Your data is automatically saved and clinician records are updated in real-time. This allows you to come back at a later time without losing any of the data.
2018 MIPS Data Submission: API Documentation

Easily submit and score QPP data in real-time via API:

- Supports cross-origin resource sharing, allowing you to interact securely with the API from a client-side web application
- API responses can be returned in JSON or XML, including errors

Explore and Integrate with the Submissions API using:

- Interactive Documentation
- Developer Preview Environment

Stay Up to Date:

- QPP APIs Google Group
2018 MIPS Data Submission: Resources

Visit the QPP Resource Library to access 2018 data submission resources: https://qpp.cms.gov/about/resource-library

Resources include:

• 2018 Data Submission FAQs
• 2018 Data Submission User Guide
• 2018 Data Submission Demo Videos
• 2018 CMS Web Interface User Guides, Templates, Data Dictionary, and more
• 2018 QPP Access User Guide and Demo Videos about the new HARP System
MIPS Overview
MIPS: Quick Overview

Combined legacy programs into a single, improved program.

Physician Quality Reporting System (PQRS)

Value-Based Payment Modifier (VM)

Medicare EHR Incentive Program (EHR) for Eligible Professionals
MIPS: Quick Overview

- Comprised of **four** performance categories
- So what? *The points from each performance category are added together to give you a MIPS Final Score*
- The MIPS Final Score is compared to the MIPS performance threshold to determine if you receive a **positive**, **negative**, or **neutral payment adjustment**
MIPS: Timeline

Performance period
- Performance period opens January 1, 2019
- Closes December 31, 2019
- Clinicians care for patients and record data during the year

March 31, 2020
- Deadline for submitting data is March 31, 2020
- Clinicians are encouraged to submit data early

Feedback available
- CMS provides performance feedback after the data is submitted
- Clinicians will receive feedback before the start of the payment year

Payment adjustment
- MIPS payment adjustments are prospectively applied to each claim for service furnished beginning January 1, 2021
Final Rule for Year 3 (2019) – MIPS Eligibility
MIPS eligible clinicians include:

- Physicians
- Physician Assistants
- Nurse Practitioners
- Clinical Nurse Specialists
- Certified Registered Nurse Anesthetists
- Groups of such clinicians

*We modified our proposals to add these additional clinician types for Year 3 as a result of the significant support we received during the comment period.*
MIPS Year 3 (2019) Final

Low-Volume Threshold Criteria

What do I need to know?

1. Threshold amounts remain the same as in Year 2 (2018)
2. Added a third element – Number of Services – to the low-volume threshold determination criteria
   – The finalized criteria now includes:
     • Dollar amount – $90,000 in covered professional services under the Physician Fee Schedule (PFS)
     • Number of beneficiaries – 200 Medicare Part B beneficiaries
     • Number of services* (New) – 200 covered professional services under the PFS

*When we say “service”, we are equating one professional claim line with positive allowed charges to one covered professional service
MIPS Year 3 (2019) Final

Low-Volume Threshold Determination

How does CMS determine if I am included in MIPS in Year 3 (2019)?

1. Be a MIPS eligible clinician type (as listed on slide 18)

2. **Exceed all three elements** of the low-volume threshold criteria:
   - Bill more than $90,000 a year in allowed charges for covered professional services under the Medicare Physician Fee Schedule (PFS)
   - Furnish covered professional services to more than 200 Medicare Part B beneficiaries
   - Provide more than 200 covered professional services under the PFS (New)
MIPS Year 3 (2019) Final

Low-Volume Threshold Determination

What else do I need to know?

Clinicians who:

- DO NOT bill more than $90,000 a year in allowed charges for covered professional services under the Medicare Physician Fee Schedule (PFS)

OR

- DO NOT furnish covered professional services to more than 200 Medicare beneficiaries

OR

- DO NOT provide more than 200 covered professional services under the PFS (New)

Are excluded from MIPS in Year 3 (2019) and do not need to participate

Remember: To be required to participate, clinicians must:

- BILLING >$90,000 AND
- BENEFICIARIES >200 AND
- SERVICES >200
What happens if I am excluded, but want to participate in MIPS?

You have two options:

1. **Voluntarily participate**
   - You’ll submit data to CMS and receive performance feedback
   - You will not receive a MIPS payment adjustment

2. **Opt-in (Newly added for Year 3)**
   - Opt-in is available for MIPS eligible clinicians who are excluded from MIPS based on the low-volume threshold determination
   - If you are a MIPS eligible clinician and meet or exceed at least one, but not all, of the low-volume threshold criteria, you may opt-in to MIPS
   - If you opt-in, you’ll be subject to the MIPS performance requirements, MIPS payment adjustment, etc.
MIPS Year 3 (2019) Final

Opt-in Policy

MIPS eligible clinicians who meet or exceed at least one, but not all, of the low-volume threshold criteria may choose to participate in MIPS

### MIPS Opt-in Scenarios

<table>
<thead>
<tr>
<th>Dollars</th>
<th>Beneficiaries</th>
<th>Professional Services (New)</th>
<th>Eligible for Opt-in?</th>
</tr>
</thead>
<tbody>
<tr>
<td>≤ 90K</td>
<td>≤ 200</td>
<td>≤ 200</td>
<td>No – excluded</td>
</tr>
<tr>
<td>≤ 90K</td>
<td>≤ 200</td>
<td>&gt; 200</td>
<td>Yes (may also voluntarily report or not participate)</td>
</tr>
<tr>
<td>&gt; 90K</td>

<td>&gt; 200</td>
<td>&gt; 200</td>
<td>Yes (may also voluntarily report or not participate)</td>
</tr>
<tr>
<td>&gt; 90K</td>
<td>&gt; 200</td>
<td>&gt; 200</td>
<td>No – required to participate</td>
</tr>
</tbody>
</table>
Physical Therapist (Individual)

- Billed $100,000
- Saw 100 patients
- Provided 201 covered professional services

• Did not exceed all three elements of the low-volume threshold determination criteria, therefore exempt from MIPS in Year 3

However…

• This clinician could opt-in to MIPS and participate in Year 3 (2019) since the clinician met or exceeded at least one (in this case, two) of the low-volume threshold criteria and is also a MIPS eligible clinician type
What else do I need to know?

- Once an election has been made, the decision to opt-in to MIPS would be **irrevocable** and **could not be changed**
- Clinicians or groups who opt-in are subject to all of the MIPS rules, special status, and MIPS payment adjustment
- Please note that APM Entities interested in opting-in to participate in MIPS under the APM Scoring Standard would do so at the **APM Entity level**

User Research Opportunity:

- If you're interested in participating in user research for MIPS, we want to hear from you! We encourage you to send your contact information to: QPPUserResearch@cms.hhs.gov
MIPS Year 3 (2019) Final

MIPS Determination Period

Year 2 (2018) Final

Low Volume Threshold Determination Period:

- First 12-month segment: Sept. 1, 2016 - Aug. 31, 2017 (including 30-day claims run out)
- Second 12-month segment: Sept. 1, 2017 - Aug. 31, 2018 (including a 30-day claims run out)

Special Status

- Use various determination periods to identify MIPS eligible clinicians with a special status and apply the designation.
- Special status includes:
  - Non-Patient Facing
  - Small Practice
  - Rural Practice
  - Health Professional Shortage Area (HPSA)
  - Hospital-based
  - Ambulatory Surgical Center-based (ASC-based)

Quick Tip: MIPS eligible clinicians with a special status are included in MIPS and qualify for special rules. Having a special status does not exempt a clinician from MIPS.

Year 3 (2019) Final

Change to the MIPS Determination Period:

- First 12-month segment: Oct. 1, 2017 - Sept. 30, 2018 (including a 30-day claims run out)
- Second 12-month segment: Oct. 1, 2018 - Sept. 30, 2019 (does not include a 30-day claims run out)
- Goal: Consolidate the multiple timeframes and align the determination period with the fiscal year
- Goal: Streamlined period will also identify MIPS eligible clinicians with the following special status:
  - Non-Patient Facing
  - Small Practice
  - Hospital-based
  - ASC-based

Note: Rural and HPSA status continue to apply in 2019
Final Rule for Year 3 (2019) – MIPS Reporting Options and Data Submission
What are my reporting options if I am required to participate in MIPS?

Same reporting options as Year 2. Clinicians can report as or part of a/an:

1. As an Individual – under a National Provider Identifier (NPI) number and Taxpayer Identification Number (TIN) where they reassign benefits

2. As a Group
   a) 2 or more clinicians (NPIs), including at least one MIPS eligible clinician, who have reassigned their billing rights to a single TIN*
   b) As an APM Entity

3. As a Virtual Group – made up of solo practitioners and groups of 10 or fewer eligible clinicians who come together “virtually” (no matter what specialty or location) to participate in MIPS for a performance period for a year
MIPS Year 3 (2019) Final

Submitting Data - Collection, Submission, and Submitter Types

What do I need to know about submitting my performance data?

• For Year 3 (2019), we have revised existing terms and defined additional terminology to help clarify the process of submitting data:
  – Collection Types
  – Submission Types
  – Submitter Types

Why did you make this change?

• In Year 2 (2018), we used the term “submission mechanism” all-inclusively when talking about:
  – The method by which data is submitted (e.g., registry, EHR, attestation, etc.)
  – Certain types of measures and activities on which data are submitted
  – Entities submitting such data (i.e., third party intermediaries submitting on behalf of a group)
• We found that this caused confusion for clinicians and those submitting on behalf of clinicians
Definitions for Newly Finalized Terms:

- **Collection type** - A set of quality measures with comparable specifications and data completeness criteria including, but not limited to: electronic clinical quality measures (eCQMs); MIPS Clinical Quality Measures* (MIPS CQMs); Qualified Clinical Data Registry (QCDR) measures; Medicare Part B claims measures; CMS Web Interface measures; the CAHPS for MIPS survey; and administrative claims measures.

- **Submission type** - The mechanism by which a submitter type submits data to CMS, including, but not limited to: direct, log in and upload, log in and attest, Medicare Part B claims, and the CMS Web Interface.
  - The Medicare Part B claims submission type is for clinicians or groups in small practices only to continue providing reporting flexibility.

- **Submitter type** - The MIPS eligible clinician, group, virtual group, or third party intermediary acting on behalf of a MIPS eligible clinician, group, or virtual group, as applicable, that submits data on measures and activities.

*The term MIPS CQMs would replace what was formerly referred to as “registry measures” since clinicians that don’t use a registry may submit data on these measures.

</table>
Basics:

• 45% of Final Score in 2019
• You select 6 individual measures
  – 1 must be an outcome measure
  OR
  – High-priority measure
• If less than 6 measures apply, then report on each applicable measure
• You may also select a specialty-specific set of measures

Meaningful Measures

• Goal: The Meaningful Measures Initiative is aimed at identifying the highest priority areas for quality measurement and quality improvement to assess the core quality of care issues that are most vital to advancing our work to improve patient outcomes
• For 2019, we are:
  – Removing 26 quality measures, including those that are process, duplicative, and/or topped-out
  – Adding 8 measures (4 Patient-Reported Outcome Measures), 6 of which are high-priority
• Total of 257 quality measures for 2019
MIPS Year 3 (2019) Final
Quality Performance Category

**Basics:**

- 45% of Final Score in 2019
- You select 6 individual measures
  - 1 must be an outcome measure  
  OR  
  - High-priority measure
- If less than 6 measures apply, then report on each applicable measure
- You may also select a specialty-specific set of measures

**Bonus Points**

<table>
<thead>
<tr>
<th></th>
<th></th>
</tr>
</thead>
<tbody>
<tr>
<td></td>
<td>Same requirements as Year 2, with the following changes:</td>
</tr>
<tr>
<td></td>
<td>Add <strong>small practice bonus</strong> of 6 points for MIPS eligible clinicians in small practices who submit data on at least 1 quality measure</td>
</tr>
<tr>
<td></td>
<td>Updated the definition of high-priority to include the opioid-related measures</td>
</tr>
</tbody>
</table>

**Quick Tip:** A small practice is defined as 15 or fewer eligible clinicians
MIPS Year 3 (2019) Final
Quality Performance Category

**Basics:**
- **45%** of Final Score in 2019
- You select 6 individual measures
  - 1 must be an outcome measure  
    OR
  - High-priority measure
- If less than 6 measures apply, then report on each applicable measure
- You may also select a specialty-specific set of measures

---

**Data Completeness**

<table>
<thead>
<tr>
<th></th>
<th></th>
</tr>
</thead>
<tbody>
<tr>
<td>60% for submission mechanisms except for Web Interface and CAHPS</td>
<td><strong>Same requirements</strong> as Year 2</td>
</tr>
<tr>
<td>Measures that do not meet the data completeness criteria earn 1 point</td>
<td></td>
</tr>
<tr>
<td>Small practices continue to receive 3 points</td>
<td></td>
</tr>
</tbody>
</table>
MIPS Year 3 (2019) Final
Quality Performance Category

**Basics:**
- **45%** of Final Score in 2019
- You select 6 individual measures
  - 1 must be an outcome measure
  - OR
  - High-priority measure
- If less than 6 measures apply, then report on each applicable measure
- You may also select a specialty-specific set of measures

**Special Scoring Considerations**

**Measures Impacted by Clinical Guideline Changes**
- CMS will identify measures for which following the guidelines in the existing measure specification could result in patient harm or otherwise provide misleading results as to good quality care
- Clinicians who are following the revised clinical guidelines will still need to submit the impacted measure
- The total available measure achievement points in the denominator will be reduced by 10 points for each impacted measure and the numerator of the impacted measure will result in zero points

**Groups Registered to Report the CAHPS for MIPS Survey**
- If the sample size was not sufficient and if the group doesn’t select another measure, the total available measure achievement points will be reduced by 10 and the measures will receive zero points
MIPS Year 3 (2019) Final

</tr>
<tr>
<td>• Extremely Topped-Out Measures:</td>
<td></td>
</tr>
<tr>
<td>– A measure attains extremely topped-out status when the average mean performance is within the 98th to 100th percentile range</td>
<td></td>
</tr>
<tr>
<td>• CMS may propose removing the measure in the next rulemaking cycle</td>
<td></td>
</tr>
<tr>
<td>• QCDR measures are excluded from the topped out measure lifecycle and special scoring policies</td>
<td></td>
</tr>
</tbody>
</table>
MIPS Year 3 (2019) Final

Cost Performance Category

Basics:
- 15% of Final Score in 2019
- Measures:
  - Medicare Spending Per Beneficiary (MSPB)
  - Total Per Capita Cost
  - Adding 8 episode-based measures
- No reporting requirement; data pulled from administrative claims
- No improvement scoring in Year 3

Measure Case Minimums

<table>
<thead>
<tr>

</table>
What is it?

• Facility-based scoring is an option for clinicians that meet certain criteria beginning with the 2019 performance period
  – CMS finalized this policy for the 2019 performance period in the 2018 Final Rule
  – Facility-based scoring allows for certain clinicians to have their Quality and Cost performance category scores based on the performance of the hospitals at which they work
MIPS Year 3 (2019) Final
Facility-based Quality and Cost Performance Measures

Applicability: Individual

• MIPS eligible clinician furnishes 75% or more of their covered professional services in inpatient hospital (Place of Service code 21), on-campus outpatient hospital (POS 22), or an emergency room (POS 23), based on claims for a period prior to the performance period
• Clinician would be required to have at least a single service billed with POS code used for inpatient hospital or emergency room

Applicability: Group

• Facility-based group would be one in which 75% or more of eligible clinicians billing under the group’s TIN are eligible for facility-based measurement as individuals
MIPS Year 3 (2019) Final

Facility-based Quality and Cost Performance Measures

Attribution

- Facility-based clinician would be attributed to hospital where they provide services to most patients
- Facility-based group would be attributed to hospital where most facility-based clinicians are attributed
- If unable to identify facility with the Hospital Value-based Purchasing (VBP) score to attribute clinician’s performance, that clinician would not be eligible for facility-based measurement and would have to participate in MIPS via other methods

Election

- Automatically apply facility-based measurement to MIPS eligible clinicians and groups who are eligible for facility-based measurement and who would benefit by having a higher combined Quality and Cost score
- No submission requirements for individual clinicians in facility-based measurement, but a group would need to submit data for the Improvement Activities or Promoting Interoperability performance categories in order to be measured as a facility-based group
Facility-based Quality and Cost Performance Measures

Measurement

• For facility-based measurement, the measure set for the fiscal year Hospital VBP Program that begins during the applicable MIPS performance period would be used for facility-based clinicians.
• Example: For the 2019 MIPS performance period (Year 3), the measures used would be those for the 2020 Hospital VBP Program along with the associated benchmarks and performance periods.

Benchmarks

• Benchmarks for facility-based measurement are those that are adopted under the hospital VBP Program of the facility for the year specified.
Assigning MIPS Category Scores

• The Quality and Cost performance category scores (which are separate scores) for facility-based clinicians are based on how well the clinician's hospital performs in comparison to other hospitals in the Hospital VBP Program.

Scoring – Special Rules

• Some hospitals do not receive a Total Performance Score in a given year in the Hospital VBP Program, whether due to insufficient quality measure data, failure to meet requirements under the Hospital In-patient Quality Reporting (IQR) Program, or other reasons.
• In these cases, we would be unable to calculate a facility-based score based on the hospital's performance, and facility-based clinicians would be required to participate in MIPS via another method.
Improvement Activities Performance Category

Basics:

- 15% of Final Score in 2019
- Select Improvement Activities and attest “yes” to completing
- Activity weights remain the same:
  - Medium = 10 points
  - High = 20 points
- Small practices, non-patient facing clinicians, and/or clinicians located in rural or HPSAs continue to receive double-weight and report on no more than 2 activities to receive the highest score

Activity Inventory

- Added 6 new Improvement Activities
- Modified 5 existing Improvement Activities
- Removing 1 existing Improvement Activity
- Total of 118 Improvement Activities for 2019

CEHRT Bonus

- Removed the bonus to align with the new Promoting Interoperability scoring requirements, which no longer consists of a bonus score component
MIPS Year 3 (2019) Final
Promoting Interoperability Performance Category

**Basics:**
- 25% of Final Score in 2019
- Must use **2015 Edition Certified EHR Technology** (CEHRT) in 2019
- New performance-based scoring
- 100 total category points

MIPS Year 3 (2019) Final
Promoting Interoperability Performance Category

Basics:
- 25% of Final Score in 2019
- Must use 2015 Edition Certified EHR Technology (CEHRT) in 2019
- New performance-based scoring
- 100 total category points

Scoring

To earn a score for the Promoting Interoperability Performance Category, a MIPS eligible clinician must:
1. Use 2015 Edition CEHRT for the performance period (90 consecutive days or greater)
2. Submit a “yes” to the Prevention of Information Blocking Attestation
3. Submit a “yes” to the ONC Direct Review Attestation
4. Submit a “yes” for the security risk analysis measure
5. Report the required measures under each Objective, or claim exclusions, if applicable
MIPS Year 3 (2019) Final
Promoting Interoperability Performance Category

**Basics:**
- 25% of Final Score in 2019
- Must use **2015 Edition Certified EHR Technology** (CEHRT) in 2019
- New performance-based scoring
- 100 total category points

**Scoring**

<table>
<thead>
<tr>
<th></th>
<th></th>
</tr>
</thead>
<tbody>
<tr>
<td>Fulfills the base score (worth 50%) by submitting at least a 1 in the numerator of certain measures AND submit “yes” for the Security Risk Analysis measure</td>
<td>Performance-based scoring at the individual measure level</td>
</tr>
<tr>
<td>Performance score (worth 90%) is determined by a performance rate for each submitted measure</td>
<td>Each measure will be scored on performance for that measure based on the submission of a numerator and denominator, or a “yes or no”</td>
</tr>
<tr>
<td>Bonus score (worth 25%) is available</td>
<td>Must submit a numerator of at least one or a “yes” to fulfill the required measures</td>
</tr>
<tr>
<td>Maximum score is 165%, but is capped at 100%</td>
<td>The scores for each of the individual measures will be added together to calculate a final score</td>
</tr>
<tr>
<td>If exclusions are claimed, the points will be allocated to other measures</td>
<td></td>
</tr>
</tbody>
</table>

Promoting Interoperability

Scoring

**Exclusions**

- e-Prescribing measure, if exclusion is claimed, 10 points will be distributed:
  - 5 points to Support Electronic Referral Loops by Sending Health Information
  - 5 points to Support Electronic Referral Loops by Receiving and Incorporating Health Information

Support Electronic Referral Loops by Receiving and Incorporating Health Information, if exclusion is claimed:
  - Redistribute 20 points to the Support Electronic Referral Loops by Sending Health Information measure

- Support Electronic Referral Loops by Sending Health Information measure - TBD

- Public Health exclusions, if 2 exclusions are claimed:
  - Redistribute 10 points to the Provide Patients Electronic Access to Their Health Information measure, if report yes for 2 measures or report 1 and claim 1 exclusion.

</tbody>
</table>
Final Rule for Year 3 (2019) – MIPS Additional Bonuses, Performance Threshold, and Payment Adjustments
MIPS Year 3 (2019) Final

Complex Patient Bonus

**Same requirements** as Year 2:

- Up to **5 bonus points** available for treating complex patients based on medical complexity
  - As measured by Hierarchical Condition Category (HCC) risk score and a score based on the percentage of dual eligible beneficiaries
- MIPS eligible clinicians or groups **must submit data on at least 1 performance category** in an applicable performance period to earn the bonus
MIPS Year 3 (2019) Final

Performance Threshold and Payment Adjustments

Year 2 (2018) Final

• 15 point performance threshold
• Additional payment adjustment for exceptional performance bonus set at 70 points
• Payment adjustment could be up to +5% or as low as -5%*
• Payment adjustment (and additional payment adjustment for exceptional performance) is based on comparing final score to performance threshold and additional performance threshold for exceptional performance

Year 3 (2019) Final

• 30 point performance threshold
• Additional payment adjustment for exceptional performance bonus set at 75 points
• Payment adjustment could be up to +7% or as low as -7%*
• Payment adjustment (and additional payment adjustment for exceptional performance) is based on comparing final score to performance threshold and additional performance threshold for exceptional performance

*To ensure budget neutrality, positive MIPS payment adjustment factors are likely to be increased or decreased by an amount called a "scaling factor." The amount of the scaling factor depends on the distribution of final scores across all MIPS eligible clinicians.
