

EHR Incentive Programs

A program of the Centers for Medicare & Medicaid Services

News Updates | May 23, 2012

Help Ensure Your Success in the EHR Incentive Programs by Registering Early

CMS recommends that all eligible professionals (EPs) [register](#) as early as possible for the Medicare and Medicaid Electronic Health Record (EHR) Incentive Programs.

By registering early you can verify that your information is up to date in all of the CMS systems and resolve any issues so that you can participate in the EHR Incentive Programs. If you do not resolve registration problems in time, you will not be able to attest and could potentially miss out on a payment year. Registering does not mean you are required to participate—so register today!

Register Today to Receive Maximum Incentives

This is the last year for Medicare EPs to start participating in the EHR Incentive Programs in order to receive their full Medicare incentive payments. For more information on registration in the EHR Incentive Programs, visit the [Registration page](#) of the EHR website.
