

## MEDICAID PROMOTING INTEROPERABILITY PROGRAM ELIGIBLE PROFESSIONALS OBJECTIVES AND MEASURES FOR 2019

### TABLE OF CONTENTS

| Eligible Professionals Objectives                  |  |
|--|--|
| Protect Patient Health Information                 | Protect electronic protected health information (ePHI) created or maintained by the certified electronic health record technology (CEHRT) through the implementation of appropriate technical, administrative, and physical safeguards.  |
| Electronic Prescribing                             | Generate and transmit permissible prescriptions electronically.  |
| Clinical Decision Support                          | Implement clinical decision support (CDS) interventions focused on improving performance on high-priority health conditions.   |
| Computerized Provider Order Entry                  | Use computerized provider order entry (CPOE) for medication, laboratory, and diagnostic imaging orders directly entered by any licensed healthcare professional, credentialed medical assistant, or a medical staff member credentialed to and performing the equivalent duties of a credentialed medical assistant, who can enter orders into the medical record per state, local, and professional guidelines. |
| Patient Electronic Access to Health Information    | The eligible professional (EP) provides patients (or patient-authorized representative) with timely electronic access to their health information and patient-specific education.  |
| Coordination of Care through Patient Engagement    | Use CEHRT to engage with patients or their authorized representatives about the patient's care.  |
| Health Information Exchange                        | The EP provides a summary of care record when transitioning or referring their patient to another setting of care, receives or retrieves a summary of care record upon the receipt of a transition or referral or upon the first patient encounter with a new patient, and incorporates summary of care information from other providers into their EHR using the functions of CEHRT.                            |
| Public Health and Clinical Data Registry Reporting | The EP is in active engagement with a public health agency (PHA) or clinical data registry (CDR) to submit electronic public health data in a meaningful way using CEHRT, except where prohibited, and in accordance with applicable law and practice.   |
