

Partner Server Information Form

To receive files from CMS, your organization will need an SSH server to enable CMS to push files directly to your organization's server.

Please provide the following information:

Information Need	Please Complete all Fields
Server type (SSH or Platform Server):	
Server Platform (Unix, Windows, Z/os)	
IP Address:	
Port number (if using a port other than 22 for SSH transmission):	
Username¹:	
Password¹:	Please Send Password Under Separate Cover
Directory on the server²:	
Public key provided(Yes or No)³:	

Please provide the EFT team with the following

- Server login credentials
- The directory where the files will be placed
- Your public key (ssh dsa key) if necessary

Any questions or concerns can be e-mailed to the EFT Team at eft_admin@cms.hhs.gov.
