# 1. Introduction

---

The basic purpose of this document is to provide instructions to Electronic Retroactive Processing Transmission (eRPT) Plan Users to submit retroactive processing transmission documents to Retroactive Processing Contractor (RPC) Reed and Associates. This document provides step-by-step instructions along with screen shots on how to submit a package, upload supporting document, view documents sent by RPC, update a package, search for package and documents, etc.

## 2. Overview

---

The eRPT application is a web-based application designed to facilitate and manage the electronic submission, workflow processing, and storage of documentation associated with retroactive enrollment change requests from Medicare Advantage Organizations (MAOs), Medicare Advantage Prescription Drug Plans (MA-PDPs), Cost Plans, Program of All-Inclusive Care for the Elderly (PACE), Medicare-Medicaid Plans (MMPs) and Prescription Drug Plans (PDPs). The retroactive change requests include but are not limited to: enrollments, disenrollment, reinstatements, Plan Benefit Package (PBP) changes, Plan Segment changes, State County Code changes (SCC), Low Income Subsidy (LIS), Medicaid, and End Stage Renal Disease (ESRD) submitted by plan/sponsors or a designated submitting organization to RPC.

The eRPT Plan Users will be able to view response documents and Enrollment Data Validation (EDV) Review Packages submitted by RPC via eRPT. The eRPT Plan Users will also have access to respond to EDV Review Packages by uploading supporting documents in the eRPT application.

### 2.1 Project Diagrams

Figure 1 is a high-level business process diagram of eRPT application implementation.

The eRPT Plan User interacts with the application via the Internet-facing user interface to perform creation and submission of electronic retroactive packages, upload supporting documentation to packages, search and view packages created by the eRPT Plan Users, and update or delete a draft submission package, view RPC's response to a package and respond to RPC's request to EDV Review package. All these actions pertain only to those contracts the user has access to.

Figure 1: eRPT Implementation High Level Business Process Diagram

Table 1: eRPT Implementation High Level Business Process Event Description

Events	Description
1.	Plan Representative will submit the Package using the user interface. The eRPT application will capture the time when the Package is submitted. The eRPT user interface will also display a message to the submitter if the document is uploaded successfully. If there is any error during the upload, the user will be notified in the user interface. The user interface will also display the number of documents that were uploaded in the display message.
2.	Packages are retrieved from the eRPT application by the RPC at a defined interval. Based on the requests received by the RPC system eRPT application will send necessary response. RPC contractor can continue with their process after a Package is retrieved from the eRPT application to review all the documents and provide the required Response Documents (Final Disposition Report (FDR), Error Reports etc.).
3.	Once the Package is retrieved by RPC, a notification is sent out to the Package submitter.
4.	RPC can now upload the Package into the RPC system, work on the Package and send the necessary response for the Package back to the eRPT application.
5.	Once a response document is added by RPC to a Package, notification is created and sent out to the respective Plan User.

**Note:** The dotted line in the post-eRPT Implementation Process diagram refers to the instance when a notification message is sent to the respective user within the eRPT application.

## 2.2 Conventions

This document provides screen prints and corresponding narrative to describe how to request access to eRPT application for an eRPT Plan User role and how to use the different functions from within the application as applicable to the user.

**Note:** The term ‘user’ is used throughout this document to refer to a person who requires and/or has acquired access to the eRPT application.

## 2.3 Cautions & Warnings

None.

# 3. Getting Started

---

This section provides step-by-step instructions on how to request and gain access to the eRPT application.

## 3.1 Set-up Considerations

Prior to accessing the eRPT application, the following are the prerequisites to be met:

- You should have a CMS Enterprise Identity Management (EIDM) User ID.
- You should have the appropriate eRPT application user role associated to your EIDM ID.
- The eRPT Application is accessible via the following internet browsers: Internet Explorer v11.0 or higher, Chrome, or Firefox. Even though the recommended browser is Internet Explorer v11.0, there is an improved user experience when using Chrome.

## 3.2 User Access Considerations

The eRPT Plan Users will utilize their EIDM user account to access the application via the internet-facing user interface. Refer to Appendix A: User Access for your access to eRPT application.

## 3.3 Accessing the System

The eRPT application is integrated with the CMS Enterprise Portal. To access eRPT via the internet interface, you are required to have an EIDM ID and should have the eRPT Plan User role associated to your account.

### 3.3.1 Registering in CMS Enterprise Portal

This section illustrates the steps to register in CMS Enterprise Portal and create a User ID (EIDM ID). If you are already registered and have an EIDM ID, refer to Section 3.3.2 to go through the steps to request access to the eRPT Plan User role.

1. Open your internet browser (recommended browser is “Internet Explorer”) and enter the following URL <https://portal.cms.gov> (you may also bookmark or save this URL in your

browser's favorites website list) that will navigate you to the "CMS Enterprise Portal" login page as you see in the screenshot below.

**Figure 2: Registering in CMS Enterprise Portal for an EIDM User ID – Step 1**

2. Click "New User Registration".

**Figure 3: Registering in CMS Enterprise Portal for an EIDM User ID – Step 2**

3. Choose your application. For example, if you want to request access to the eRPT application choose "eRPT: Electronic Retroactive Processing Transmission" from the drop-down list.

**Figure 4: Registering in CMS Enterprise Portal for an EIDM User ID – Step 3**

4. Read the Terms & Conditions and select the checkbox to agree to the terms and conditions.

**Figure 5: Registering in CMS Enterprise Portal for an EIDM User ID – Step 4**

5. Click "Next".

**Figure 6: Registering in CMS Enterprise Portal for an EIDM User ID – Step 5**

**Step #2: Register Your Information**

Step 2 of 3 - Please enter your personal and contact information.

All fields are required unless marked 'Optional'.

Enter First Name Enter Middle Name (optional) Enter Last Name Suffix (optional)

Enter Social Security Number (optional) Birth Month Birth Date Birth Year

Is Your Address US Based?

Yes  No

Enter Home Address #1 Enter Home Address #2 (optional)

7. After you provide all the required information, click “Next”.

Figure 8: Registering in CMS Enterprise Portal for an EIDM User ID – Step 7

The screenshot shows a registration form titled "Portal" with a navigation bar containing "Find Your Application", "Help", and "About". The form fields are as follows:

- First Name:** Adam
- Enter Middle Name (optional):** (empty)
- Last Name:** Willis
- Suffix (optional):** (dropdown menu)
- Enter Social Security Number (optional):** (empty)
- Birth Month:** September
- Birth Date:** 9
- Birth Year:** 1999
- Is Your Address US Based?:**  Yes  No
- Home Address #1:** 9999 Cow Street
- Enter Home Address #2 (optional):** (empty)
- City:** Oxford
- State:** Wisconsin
- Zip Code:** 54703
- Enter Zip+4 (optional):** (empty)
- E-mail Address #1:** dremmington9080@gmail.com
- Confirm E-mail Address:** dremmington9080@gmail.com
- Phone Number:** 9999999999

At the bottom, there are three buttons: "Back", "Next" (highlighted with a red dashed box), and "Cancel".

8. Create a User ID and Password and provide answers to the security questions.

Figure 9: Registering in CMS Enterprise Portal for an EIDM User ID – Step 8

The screenshot shows the registration interface for Step 3. At the top, there is a navigation bar with 'Find Your Application', 'Help', 'About', and 'E-Mail Alerts'. The main heading is 'Step #3: Create User ID, Password & Security'. Below the heading, a sub-header reads 'Step 3 of 3 - Please create User ID and Password, Select security questions and provide answers.' The form consists of several input fields: 'Enter User ID', 'Enter Password', and 'Enter Confirm Password'. There are three rows of security questions, each with a dropdown menu for selecting a question and a corresponding text box for the answer. At the bottom, there are three buttons: 'Back', 'Next', and 'Cancel'.

Figure 10: Registering in CMS Enterprise Portal for an EIDM User ID – Step 8a

This screenshot shows the 'Enter User ID' field with a tooltip titled 'User ID Requirements'. The tooltip lists the following rules: 'Must be between 6 and 74 characters and contain at least 1 letter.', 'Can contain alphanumeric characters.', 'Allowed special characters are limited to hyphens (-), underscores (\_), apostrophes ('), and periods (.)', 'The @ symbol is allowed only if the User ID is in a valid email address format (j.doe@abc.edu or 123@abc.com).', 'Cannot contain 9 consecutive numbers.', and 'Cannot begin or end with special characters, or contain more than 1 consecutive special character.' The form also shows the 'Enter Password' field, three challenge question dropdowns, and their respective answer boxes. A red error message 'User ID is a required field.' is visible below the User ID input field.

**Figure 11: Registering in CMS Enterprise Portal for an EIDM User ID – Step 8b**

9. After you have provided the User ID, Password, and answers to the security questions, click “Next”.

**Note:** The information provided in Figure 12 is for illustration purpose only. Your answers to the security questions will be required to unlock your account, under the circumstance when your account gets locked.

**Figure 12: Registering in CMS Enterprise Portal for an EIDM User ID – Step 9**

10. Based on your action in Step 9, the Registration Summary page is displayed.

**Figure 13: Registering in CMS Enterprise Portal for an EIDM User ID – Step 10**

11. Scroll to the bottom of the Registration Summary page and click “Submit User”.

**Figure 14: Registering in CMS Enterprise Portal for an EIDM User ID – Step 11**

12. The Registration Confirmation page is displayed. An email will be sent to the registered email address with the subject “CMS Enterprise Identity Management System (EIDM) Account Registration” acknowledging successful completion of the registration process.

**Figure 15: Registering in CMS Enterprise Portal for an EIDM User ID – Step 12**

### 3.3.2 Requesting Access to the eRPT Application

To request access to the “eRPT Plan User” role, login to CMS Enterprise Portal using your EIDM User ID and follow the steps below:

1. Open your internet browser (recommended browser is “Internet Explorer”) and enter the following URL <https://portal.cms.gov> (you may also bookmark or save this URL in your browser’s favorites website list) that will navigate you to the “CMS Enterprise Portal” login page. On this page, provide your registered EIDM User ID and Password.

**Figure 16: Requesting Access to the eRPT Application – Step 1**

2. Select the checkbox to agree to the Terms and Conditions.

**Figure 17: Requesting Access to the eRPT Application – Step 2**

### Request New Application Access

\* Required Field

Application Description:

The Electronic Retroactive Processing Transmission (eRPT) is a web-based application designed to facilitate and manage the electronic submission, workflow processing, and storage of documentation associated with retroactive enrollment change requests from Medicare Advantage Organizations (MAOs), Medicare Advantage Prescription Drug Plans (MA-PDs), Cost Plans, Program of All Inclusive Care for the Elderly (PACE), Medicare-Medicaid Plans (MMPs), and Prescription Drug Plans (PDPs).

Select a Role:

Role Description: The user with eRPT Plan User role will be able to login to the eRPT application, submit retroactive and transaction inquiry packages, respond to review packages, view Final Disposition Reports, Error Reports, and Approval Letters.

This role requires Identity Verification and may require multi-factor authentication credentials to be set up. If your Level of Assurance has not been met for this role, you will be asked to provide additional information to verify your identity and if applicable, register a device for multi-factor authentication. Please select 'Next' to continue

**Note:**

After Step 9,

- You will be required to complete Identity Verification as required by your role\*.
- You are also required to register a device for Multi-Factor Authentication (MFA) for added security and privacy. Refer to Steps 10 through 13 to complete adding a device for MFA.

\* At the Identity Verification step, you are required to provide correct responses to all the questions to help the system verify your identity. Since the user account to illustrate these steps is a test user account, the Identity Verification step is not illustrated here.

10. Click “Next”.

Figure 26: Requesting Access to the eRPT Application – Step 10

.gov | My Enterprise Portal

### Request New Application Access

## Multi-Factor Authentication Information

To protect your privacy, you will need to add an additional level of security to your account. This will entail successfully registering your Phone, Computer or E-mail, before continuing the role request process.

To continue this process, please select 'Next'.

11. You are required to associate your Mobile Phone, Computer/Laptop/Tablet, or E-mail as the MFA Device Type to your EIDM User ID. This action is to help ensure your login is more secure each time of your logging in to the CMS Enterprise Portal. For illustration purposes, let us choose “E-mail” from the drop-down list. This is going to be your email address while you registered in CMS Enterprise Portal.

Figure 27: Requesting Access to the eRPT Application – Step 11

12. Provide a description for the MFA Device in the “MFA Device Description” field and click “Next”.

Figure 28: Requesting Access to the eRPT Application – Step 12

13. Click “Next”.

**Figure 29: Requesting Access to the eRPT Application – Step 13**

The screenshot shows the 'Request New Application Access' page. At the top, it says 'My Enterprise Portal' and 'Adam Wills'. Below that, the title is 'Request New Application Access'. A sub-header reads 'Register Your Phone, Computer, or E-mail'. The main text states: 'You have successfully registered your Phone/Computer/E-mail to your user profile. Please select 'Next' to continue with your role request.' A blue button labeled 'Next' is highlighted with a red dashed border.

14. Complete Business Contact Information and Phone. Then, click “Next”.

**Figure 30: Requesting Access to the eRPT Application – Step 14**

The screenshot shows the 'Request New Application Access' page with a form for entering business contact information. The title is 'Request New Application Access' and the user is 'Adam Wills'. A note says: 'Please update your profile to continue the request for an application access.' The form is divided into sections: 'Name', 'Business Contact Information', and 'Phone'. The 'Name' section includes fields for Title, First Name (Adam), Middle Name, Last Name (Wills), and Suffix. The 'Business Contact Information' section includes fields for Company Name (ABCD Company), Address 1 (2222 Nestle Avenue), Address 2, City (Orlando), State/Territory (Florida), and Zip Code (78963). The 'Phone' section includes fields for Company Phone Number (555-555-5555) and Office Phone Number (555-555-5555), each with an Extension field. A blue button labeled 'Next' is highlighted with a red dashed border, and a 'Cancel' button is also visible.

15. Enter the “Plan Contract Number” and provide the “Reason for Request” in the respective fields as shown in the following figure. Then, click “Next”.

Figure 31: Requesting Access to the eRPT Application – Step 15

### 3.3.2.1 Viewing Your Access

1. If you want to view the status of your pending request(s) to application(s) you requested access for and/or the application(s) you have access to, click the down arrow next to your name on the top right of the CMS Enterprise Portal page (after you log in to the Portal) and then click “My Access” link.

Figure 34: Viewing Your Access – Step 1

2. The “My Access” page within the CMS Enterprise Portal will list the application(s) you have access to and your role and/or any pending request(s).

Figure 35: Viewing Your Access – Step 2

**Note:** After your role request is approved by the respective approving authority, you can login to the CMS Enterprise Portal and access eRPT application. Refer to Section 3.3.3 for steps to access eRPT from within the Portal. **You will receive an email notification when your request for access is approved or rejected.**

### 3.3.2.2 Modifying your Access

#### 3.3.2.2.1 Scenario 1 Steps - Canceling Your Pending Role Request(s) to eRPT Application

1. From the “My Access” page, click the “Request ID” (pending request) that you wish to cancel.

Figure 36: Canceling Your Pending Role Request(s) to eRPT Application – Step 1

2. Click “Cancel” corresponding to the “Request Number” that you wish to cancel.

Figure 37: Canceling Your Pending Role Request(s) to eRPT Application – Step 2

3. Click “OK” to confirm your action of cancellation of this pending request and complete the transaction.

**Figure 38: Canceling Your Pending Role Request(s) to eRPT Application – Step 3**

4. The screenshot below depicts the acknowledgement of your action from Step 3. You will receive an email confirmation to your registered email address regarding this action.

**Figure 39: Canceling Your Pending Role Request(s) to eRPT Application – Step 4**

5. Repeat the steps above for each of the pending requests that you may wish to cancel.

*3.3.2.2.2 Scenario 2 Steps - Modifying Your Previously Approved eRPT Plan User Role*

1. Click the down arrow next to your name on the top right of the CMS Enterprise Portal page (after you log in to the Portal) and then click "My Access" link.

**Figure 40: Modifying Your Previously Approved eRPT Plan User Role – Step 1**

2. Click "Other Actions" under "Available Actions".

**Figure 41: Modifying Your Previously Approved eRPT Plan User Role – Step 2**

3. Click “View/Modify a Role” under “Take an Action”.

**Figure 42: Modifying Your Previously Approved eRPT Plan User Role – Step 3**

4. Click “Modify Attributes” under “Take an Action”.

**Figure 43: Modifying Your Previously Approved eRPT Plan User Role – Step 4**

5. Update “Plan Contract Number” field with new contract(s) if you want to add a new contract to the existing list of contracts or remove any existing ones. Provide appropriate justification in the “Reason for Request” field and click “Next” to proceed with submitting your request.

**Figure 44: Modifying Your Previously Approved eRPT Plan User Role – Step 5**

6. Click "Submit".

**Figure 45: Modifying Your Previously Approved eRPT Plan User Role – Step 6**

7. You will receive an acknowledgement/confirmation based on your action in Step 6.

**Figure 46: Modifying Your Previously Approved eRPT Plan User Role – Step 7**

### 3.3.2.2.3 Scenario 3 Steps - Removing Your Previously Approved eRPT Plan User Role (Removing Your Access to the eRPT Application)

1. Click the down arrow next to your name on the top right of the CMS Enterprise Portal page (after you log in to the Portal) and then click “My Access” link.

**Figure 47: Removing Your Previously Approved eRPT Plan User Role – Step 1**

2. Click “Remove Role” under “Available Actions”.

**Figure 48: Removing Your Previously Approved eRPT Plan User Role – Step 2**

3. Click “Remove” under “Remove a Role”.

**Figure 49: Removing Your Previously Approved eRPT Plan User Role – Step 3**

- Click “OK”.

**Figure 50: Removing Your Previously Approved eRPT Plan User Role – Step 4**

- You will see an acknowledgement/confirmation based on your action in Step 4. You will receive an email confirmation to your registered email address regarding your role removal action.

### 3.3.3 Accessing eRPT Application from Within CMS Enterprise Portal

Once your “eRPT Plan User” role request has been approved by the appropriate approving authority, you will have access to the eRPT application specific to those contracts.

To access the eRPT application, follow the steps below:

- Enter the CMS Enterprise Portal Internet Uniform Resource Locator (URL) <https://portal.cms.gov/> in the web browser (also bookmark or save this URL for future use). On this webpage, provide your registered EIDM ID (User ID) and Password.

**Figure 51: Accessing eRPT Application from Within CMS Enterprise Portal – Step 1**

- From “Choose MFA Device” drop-down, select the MFA device that you have registered with your EIDM ID to receive the security code.

**Figure 52: Accessing eRPT Application from Within CMS Enterprise Portal – Step 2**

Choose your registered MFA device to send the security code

3. Click “Send MFA Code” to send the MFA code to the device and then enter the code in the security code field.

**Figure 53: Accessing eRPT Application from Within CMS Enterprise Portal – Step 3**

Enter the code sent to the device in this text box field

4. Select the “Agree to our Terms & Conditions” check box and then click “Login”.

**Figure 54: Accessing eRPT Application from Within CMS Enterprise Portal – Step 4**

5. Click “eRPT”.

**Figure 55: Accessing eRPT Application from Within CMS Enterprise Portal – Step 5**

6. Click “Application”.

**Figure 56: Accessing eRPT Application from Within CMS Enterprise Portal – Step 6**

7. After Step 6, you will see the eRPT homepage (the default view is the “Actions” tab).

**Figure 57: Accessing eRPT Application from Within CMS Enterprise Portal – Step 7**

### 3.3.4 User Replacement

An eRPT Plan User who wishes to take over the role of another eRPT Plan User must conform to the following rules:

1. Should have a valid EIDM User ID to log in to CMS Enterprise Portal and should have the “eRPT Plan User” role associated to his/her EIDM User ID.
2. Should at the least have access to the same contract numbers as the user who leaves the organization.

**Note:** Follow the steps documented in Sections 3.3.1 and 3.3.2 and to register in CMS Enterprise Portal for an EIDM user account and request access to eRPT application, if you haven’t done so.

3. The existing Plan User (who will be replaced) should remove his/her “eRPT Plan User” role from his/her EIDM ID, follow the steps documented in Section 3.3.2.2.3.

### 3.4 System Organization & Navigation

The menu options allow the Plan User to create a Package, search for Packages, and view the available Actions. The menu options are specific to the user group access rights.

### 3.5 Exiting the eRPT Application

1. Click “Log Out” from the top right of the page to logout from the eRPT application.

Figure 58: Exiting the eRPT – Step 1

2. Upon successful log out, you will see the CMS Enterprise Portal login page.

Figure 59: Exiting the eRPT – Step 2

## 4. Using the System

The following sub-sections provide details on how to use the various functions or features of the eRPT application as an eRPT Plan User.

### 4.1 eRPT Terminology

1. **Package Type** – Package classification representing the type of package submitted by the Plan for processing.
  - a) **Submission Package** – Retroactive enrollment-related transactions submitted by a Plan to RPC such as Enrollments, Disenrollments, Reinstatements, LIS Deeming Updates, Medicaid, SCC changes, and Payment Validation. **Note:** A Submission Package should not be created to respond to an EDV Review Package.
  - b) **Transaction Inquiry Package** – A request submitted to the RPC by a Plan requesting a status on a previously submitted retroactive request.
  - c) **Review Package** – Created by RPC to request supporting documents from Plan Users for completing the monthly EDV activities. **Note:** All Review packages should be responded to by uploading documents to the same Review Package as created by the RPC.
2. **Category Code** – A code representing a classification of a retroactive Package type request.
  - a) **For Submission Package Types:**
    - **Category 2** – Timely retroactive enrollment transactions (including Payment Validation Adjustments and Caseworker Approved Complaint Tracking Module (CTM) Cases) that may be submitted to the RPC without additional Regional Office (RO) approval. Please refer to RPC's Standard Operating Procedure (SOP) on their website for the types of retroactive transactions that do not require RO Approval.

- **Category 3** – Untimely (i.e. current calendar month minus 3 months or more) or other (Special Cat 2 Cases, Guidance waivers, Documentation waivers and any other exceptions) retroactive transactions that may be submitted to the RPC requiring RO approval prior to submission. **Notify RO Account Managers of any waivers or exceptions.** Please refer RPC’s SOP on their website for the types of retroactive transactions that require RO Approval.
  - **Complaint Tracking Module (CTM)** – It is a submission category used when a retroactive request is generated as a result of a complaint filed by a beneficiary or caregiver where Plans fail to have a best available evidence (BAE) process in place or will not honor acceptable evidence provided by the beneficiary or someone on his/her behalf.
  - **Payment Validation** – This category is used to submit status changes such as Medicaid, LIS, SCC, etc.
  - **Resubmission** – Timely retroactive enrollment transactions (including Payment Validation Adjustments and Caseworker Approved CTM Cases) that have been previously submitted but not processed as requested by the RPC and do not require additional RO approval for processing.
  - **Special** – A customized user Package submitted by the CMS Central Office (CO) Staff or eRPT Plan Users to RPC. A special submission package will need to be approved by either the CMS CO or RO.
  - **LI-NET** – Limited Income Newly Eligible Transition (LI-NET) program provides temporary drug coverage for certain dual Medicare/Medicaid or Supplemental Security Income (SSI) only eligible people who qualify for Medicare’s LIS or Extra Help. This program provides immediate and retroactive (if eligible) temporary drug coverage until these beneficiaries have had a chance to enroll in a regular Medicare Part D drug plan. **Note:** This is a sub-category representing a classification of a retroactive Submission Package type request, applicable only for Category 3 and Special Submission Package.
- b) **For Review Package Types:**
- **EDV** (this option is available only on the search page) – A request submitted by the RPC to a Plan requesting supporting documentation for enrollment related transactions processed by the Plan in the Medicare Advantage Prescription Drug (MARx) System. This category value was used historically by RPC to create the EDV package.
  - **EDV-E&D** – Reports with this value in the file name will include sampled Enrollment and Disenrollment transactions that were submitted to MARx via the batch process
    - Enrollment transactions (Transaction Type Code 61) are defined as an action that initially enrolls a beneficiary into a certain plan contract number and Plan Benefit Package (PBP) number.
    - Disenrollment transactions (Transaction Type Code 51) are defined as an action that terminates a beneficiary’s enrollment in a given plan.
  - **EDV-CANCELLATIONS** – Reports with this value in the file name will include sampled Enrollment Cancellation and Disenrollment Cancellation transactions that were submitted to MARx via the batch process.
    - Enrollment Cancellations (Transaction Type Code 80) are defined as an action initiated by the beneficiary to cancel an enrollment transaction
    - Disenrollment Cancellations (Transaction Type Code 81) are defined as an action that cancels a previously submitted disenrollment, leaving no gap in coverage for the beneficiary.
  - **EDV-MARX\_UI** – Reports with this value in the file name will include sampled Enrollment, Disenrollment, Enrollment Cancellation, and Disenrollment Cancellation

- transactions that were submitted via the MARx User Interface (UI).
- **EDV-RACS** – Reports with this value in the file name will include sampled Residence Address Change (RAC) transactions that were submitted via either the MARx UI or the batch-submission process.
    - RACs (Transaction Type Code 76) are updates to member’s residence address listed in MARx that ultimately determines the SCC used in the payment calculation.
3. **Approval Authority** (applicable only to Category 3 and Special Submission package) – The office selected by the package creator to approve the package. The options are:
    - Central Office
    - Regional Office
  4. **Regional Office** (applicable only to Category 3 and Special Submission package) – The regional offices overseeing the package creator’s parent organization:
    - CMS Regional Office 01 - Boston
    - CMS Regional Office 02 - New York
    - CMS Regional Office 03 - Philadelphia
    - CMS Regional Office 04 - Atlanta
    - CMS Regional Office 05 - Chicago
    - CMS Regional Office 06 - Dallas
    - CMS Regional Office 07 - Kansas City
    - CMS Regional Office 08 - Denver
    - CMS Regional Office 09 - San Francisco
    - CMS Regional Office 10 - Seattle
  5. **Parent Organization** – Name of the Parent Organization to which the Package or document belongs.
  6. **Status** – Status of the Package. The following are the different Package status values and definitions that can be set on a Package:
    - **Draft** – When a Package has been created but not yet submitted within the eRPT application.
    - **Pending Approval** – When a Package is submitted by the eRPT Plan User but is awaiting an Approval Letter from CMS RO Account Manager or CMS CO. This status is applicable only for a Category 3 and Special Submission Package.
    - **Open** – When a Submission Package is submitted in eRPT and ready for the RPC to download or when a Review Package is uploaded for a Plan User to respond.
    - **Completed** – When a Review Package is submitted by the eRPT Plan User with all the supporting Response documents.
    - **Downloading** – When the RPC is downloading the Package.
    - **In Process** – When the RPC is processing the Package.
    - **Closed** – When a retroactive Package processing has been completed by the RPC the Package status will be marked as closed.
    - **Deleted** – When a retroactive Package is deleted by the eRPT Plan User, CMS Central Office, or Administrator user the Package status will be marked as deleted.
  7. **Contract ID** – A unique five-character alphanumeric identifier assigned by CMS.
  8. **Count** – The total number of transactions by contract listed in the RPC Submission spreadsheet. The count includes all transactions across each worksheet within the

spreadsheet for a specific contract.

9. **Transaction Type** – Type of transaction.
10. **Total Submissions** – The total number of transactions that are submitted in the package.
11. **Package ID** – A unique system-generated identifier assigned to each retroactive Package request.
12. **Created by** – The EIDM User ID of the user who created the Package. In this document, the user who created the Package is referred to as the “Package Creator.”
13. **Proxy Users** – A list of persons (no more than 3) authorized to act on behalf of an eRPT Plan User responsible for creating and submitting a retroactive plan submission package.

## 4.2 eRPT Plan User Interface Menu/ Functions

Upon being successful to access the eRPT application within the CMS Enterprise Portal, the eRPT Plan User can see the following menu options:

- **Actions**, Section 4.2.1
- **Search**, Section 4.2.2
- **Create Package**, Section 4.2.4

In eRPT, a Plan User will be able to create, view, update, delete a draft package, track, and respond to Review Packages. The eRPT Plan User will also be able to view Response documents that are added to the Package by the RPC.

In the following sub sections, we will discuss the steps to:

- **Viewing a Package and Downloading Package Documents**, Section 4.2.5
- **Update a Submission Package ('Draft' status only)**, Section 4.2.6
- **Deleting Documents from a Submission Package ('Draft' status only)**, Section 4.2.7
- **Deleting a Submission Package ('Draft' status only)**, Section 4.2.8
- **Tracking Packages**, Section 4.2.9
- **View Response Documents added by the RPC through Actions tab**, Section 4.2.10
- **Search and View Response Documents**, Section 4.2.11
- **Completing a Review Package**, Section 4.2.12

**Note:** Plan Users will be able to view/access only the packages and documents created by themselves or if they are designated as proxy users based on their access to contracts.

The following are the types of packages that can be created by Plan Users via the eRPT Application User Interface:

- Submission Package
  - Category 2
  - Category 3
  - CTM
  - Payment Validation
  - Resubmission
  - Special
- Transaction Inquiry Package

### 4.2.1 Actions

- The “Actions” tab lists all the relevant notifications/ business events specific to the Plan User who has logged into the eRPT application. Notifications such as the ones related to EDV Review Packages posted by the RPC requiring the Plan User’s response, RPC’s action on a Submission Package, Category 3/Special package rejection notification, and Plan EDV Reports posted by the RPC will be lined up in this Actions list.  
**Note:** By default, the incoming notifications are listed in descending order of date column, meaning the latest/ most recent ones will be at the top. You may sort this list by the date for quick access.

**Figure 60: Actions Tab – Default View**

- You may use the “Filter Results” field to do a quick search on the list to get to a specific record on the list. The following screenshot illustrates this.

Figure 61: Using Filter Results Field in Actions Tab

- You may click “Date Received” field to do a sort of the list and as a result the oldest notifications will show up at the top of the list as shown below. **Note:** Clicking the “Date Received” again will bring back the new/latest ones at the top.

Figure 62: Sorting the List in Actions Tab by “Date Received” Field/Column

- Click the link to open the package to view the different sections of the package and/or to make an update (providing your responses in the case of EDV Review Package). Alternatively, you may select the checkbox next to the row on the left and click “View Selected Action” to open the package.

Figure 63: Open a Package from Actions Tab, 4a

Figure 64: Open a Package from Actions Tab, 4b

5. The package opens in a new window.

Figure 65: Package Window When the Package is Opened

**Note:** Refer to Sections 4.2.5 and 4.2.6 for the steps to navigate the different sections of the package to update or view the information/documents contained in the package.

- When you are done reviewing or responding to a package through the “Actions” tab, select the checkbox next to the left of that “Actions” row and then click “Acknowledge Selected Actions”; this will remove this row from the “Actions” table. This is ‘not’ a required action, **but this will help you manage the “Actions” list from time-to-time before it becomes too unwieldy to manage.** See screenshot below. **Note:** You can still retrieve this package using the “Search” function. See Section 4.2.2 to understand using the search function.

**Figure 66: Using “Acknowledge Selected Actions” Button in Actions Tab**

- You may use the “Clear Selected Actions” button to clear off the check mark within the check box of all those actions selected by you. This functions like an undo action.

**Figure 67: Using “Clear Selected Actions” Button in Actions Tab**

## 4.2.2 Search for Packages and Documents

From within the “Search” tab, the users can search for Packages and documents in eRPT. Depending on the type of user logging into the eRPT there are restrictions on the Packages and documents that can be retrieved and viewed by the user.

The eRPT Plan Users will be able to search for the following:

- The Packages that have been created by them or packages where they are included as proxy.
- Response documents (For example: FDR, Error Report) for their respective contracts.
- Review Packages for their respective contracts.

The drop-down selection lists and free-form data entry fields allow the user to make selections that will optimize the search results returned.

**Note:**

- The search screen provides the user with a 'dynamic' set of search criterion/ options depending on what the user is searching for.
- The "Search For", "Date From", and "Date To" fields are 'required' fields to perform all kinds of search.

The following are some of the options available to perform a search:

1. **Search For** – This is a drop-down field with the following values:
  - Submission Packages
  - Transaction Inquiry Packages
  - Review Packages
  - Final Disposition Reports
  - Follow-on Final Disposition Reports
  - Error Reports
  - Letters
2. **Date From and Date To** – Use the built-in calendar feature to select a value for this field. The date format is MM-DD-YYYY.
  - The "Date Form" and "Date To" fields are required fields and must be used by the user to select the date range in which the Package was saved or submitted. The search will automatically look for results within the dates provided. For example, if the user is searching for a draft package or a package pending RO Account Manager approval, the eRPT application will look for Packages based on the Package's creation date.
3. **Category** – The following are the category values to choose from based on the package searched for.
  - Submission Package
    - All (default selection)
    - Category 2
    - Category 3
    - CTM
    - Payment Validation
    - Resubmission
    - Special
  - Review Package
    - All (default selection)
    - Enrollment Data Validation
    - EDV - E&D
    - EDV - CANCELLATIONS
    - EDV - MARX\_UI
    - EDV - RACS
4. **Package ID** – If you know the specific ID of the Package you want to find in the system, you can enter it in this field.

5. **Status** – A drop-down containing values for identifying packages based on their status. The status values are dynamically populated based on the package type (Submission/ Transaction/ Review Package) and category (Category 2, Category 3, etc.) searched for.
- **Submission Packages** - Category 2, Resubmission, CTM and Payment Validation
    - All
    - Draft
    - Open
    - In Process
    - Closed
    - Downloading
  - **Submission Packages** - Category 3 and Special
    - All
    - Draft
    - Pending Approval
    - Rejected
    - Open
    - In Process
    - Closed
    - Downloading
  - **Transaction Inquiry Packages**
    - All
    - Draft
    - Open
    - In Process
    - Closed
    - Downloading
  - **Review Packages**
    - All
    - Open
    - Completed
    - Closed
    - Downloading
6. **Parent Organization** – All Plan Parent Organizations will be listed. You may choose a parent organization, if desired. This option is not applicable for FDRs, Error Reports, and Follow-on FDRs.
- Note:** If your Parent Organization is not available in the drop-down please contact the MAPD Helpdesk at [mapdhelp@cms.hhs.gov](mailto:mapdhelp@cms.hhs.gov) (or call at 1-800-927-8069).
7. **Contract ID** – If the user knows the specific contract ID of the package they can enter it free form in this field. This field is not applicable while searching for transaction inquiry packages and approval letters.

#### 4.2.2.1 Steps to Execute a Search

Let us see the steps involved in searching for “Submission Packages” (for example).

1. Click “Search” tab (the default view is the “Actions” tab).

Figure 68: Search for a Package – Step 1

- In the “Search For” field select “Submission Packages” (but, this is the default selection, let us leave the selection as-is).

Figure 69: Search for a Package – Step 2

- Select appropriate values in the “Date From” and “Date To” fields **using the respective calendar buttons (an example is illustrated in the screenshot below)**. The default value is today’s date. Click the calendar button to invoke the calendar function to change the date

values. Alternatively, you can enter the date values using your keyboard in the following format MM-DD-YYYY.

**Figure 70: Search for a Package – Step 3**

4. In this example, let us search for all kinds of submission packages within the specified date range values. So, all other data drop-down and text fields do not need any input in this example. Move-on to the next step to execute this search.

Figure 71: Search for a Package – Step 4

The screenshot shows the eRPT search interface. At the top, the text "eRPT Electronic Retroactive Processing Transmission" is displayed on the left and "R" on the right. Below this is a navigation bar with "Actions", "Search" (highlighted with a blue underline), and "Create Package". The main section is titled "Search" and contains a "Criteria" panel. This panel includes several input fields: "Search For (Required)" with a dropdown menu set to "Submission Packages"; "Date From (Required)" with a text box containing "03-01-2019" and a calendar icon; "Date To (Required)" with a text box containing "04-04-2019" and a calendar icon; "Category" with a dropdown menu set to "All"; "Package ID" with an empty text box; "Status" with a dropdown menu set to "All"; "Parent Organization" with a dropdown menu set to "All"; and "Contract ID" with a dropdown menu. A blue "Search" button is located at the bottom left of the criteria panel. Below the criteria panel is a "Results" section, which is currently empty.

- 5. Click "Search" to execute the search.

Figure 72: Search for a Package – Step 5

This screenshot is identical to Figure 71, showing the same search criteria. The primary difference is that the blue "Search" button at the bottom left of the criteria panel is now enclosed in a red dashed rectangular box, indicating it is the element to be clicked.

6. The search results are displayed in a tabular format as shown.

**Figure 73: Search for a Package – Step 6**

ID	Type	Category	Status	Submission Date
<a href="#">SUB0403201900197</a>	SUB	Category 3	Draft

**Note:** Refer to Sections 4.2.5 and 4.2.6 for the steps to navigate the different package sections to update or view the information contained in the package.

## 4.2.3 Download Plan EDV Reports

The CMS' RPC uploads Plan EDV Reports for active contracts in eRPT. Plan Users who are associated/ have access to the contract will receive an email and a system notification when a new Plan EDV Report is uploaded to eRPT. **Note:** eRPT Plan Users who do not have access to the contract will not be able to view/ download the Plan EDV Report of the contract in question.

The following sub-sections outline the steps for a Plan User to download these reports from within the eRPT user interface.

### 4.2.3.1 From the “Actions” Page

The steps to download the Plan EDV Reports from the “Actions” page is very much similar to the steps discussed in Section 4.2.1 Actions for downloading package documents. Those steps are outlined again as below.

1. You may use the “Filter Results” field to do a quick search on the list to get to a specific Plan EDV Report. The following screenshot illustrates this.

**Figure 79: Download Plan EDV Reports from Actions Page, Step 1**

The screenshot shows the CMS.gov My Enterprise Portal interface. At the top, there is a navigation bar with 'CMS.gov My Enterprise Portal', 'My Apps', and user information 'Amy Jackson', 'Help', and 'Log Out'. Below this, the page title is 'eRPT Electronic Retroactive Processing Transmission' with user details 'AJACKSON | Email Notification | User Manual'. The main content area has a breadcrumb trail: 'Actions > Search > EDV Reports > Create Package'. The 'Actions' section is active, showing a table with 10 entries per page. A 'Filter Results' field is highlighted with a red dashed box and contains the text 'Plan EDV'. The table has columns for 'Date Received' and 'Message'. Three entries are visible, each with a checkbox on the left and a message indicating a Plan EDV Report for a specific contract.

<input type="checkbox"/>	Date Received	Message
<input type="checkbox"/>	08-22-2020 15:19:45	There is a Plan EDV Report for contract H3331 from the RPC.
<input type="checkbox"/>	08-22-2020 15:18:21	There is a Plan EDV Report for contract H2226 from the RPC.
<input type="checkbox"/>	08-22-2020 15:17:08	There is a Plan EDV Report for contract H1717 from the RPC.

Showing 1 to 3 of 3 entries (filtered from 1,000 total entries) Previous 1 Next

2. Click the respective link to open/ download the Plan EDV Report. Alternatively, you may select the checkbox next to the row on the left and click “View Selected Action” to view/download the report.

Figure 80: Download Plan EDV Reports from Actions Page, Step 2a

Figure 81: Download Plan EDV Reports from Actions Page, Step 2b

- When you are done reviewing the report through the “Actions” tab, select the checkbox next to the left of that row and then click “Acknowledge Selected Actions” to remove this row from the “Actions” table. See screenshot below. This is ‘not’ a required action, **but this will help you manage the “Actions” list before it becomes too unwieldy.** You may also temporarily download the report to your local computer workspace to view them.

Figure 82: Download Plan EDV Reports from Actions Page, Step 3

### 4.2.3.2 From the “EDV Reports” Page

Following are the steps to search for and download Plan EDV Reports:

1. Select “EDV Reports” tab.

Figure 83: Download Plan EDV Reports from EDV Reports Page – Step 1

2. Select appropriate values in the “Date From” and “Date To” fields **using the respective calendar buttons (an example is illustrated in the screenshot below)**. The default value is today’s date. Click the calendar button to invoke the calendar function to change the date values. Alternatively, you can enter the date values using your keyboard in the following format MM-DD-YYYY.

**Figure 84: Download Plan EDV Reports from EDV Reports Page – Step 2**

3. Click “Search” to execute the search. This will pull the Plan EDV Reports for all the contracts the user will have access to.

**Figure 85: Download Plan EDV Reports from EDV Reports Page – Step 3**

4. The search results (Plan EDV Reports) are displayed as shown in the screenshot below based on the search criteria entered above. To view/ download a report, click the respective Plan EDV Report.

**Figure 86: Download Plan EDV Reports from EDV Reports Page – Step 4**

- To view/ download a report, click the respective link in the “Contract ID” column.

**Figure 87: Download Plan EDV Reports from EDV Reports Page – Step 5**

- If you want to search for Plan EDV Reports for a specific Plan contract only, select a contract from the “Contract ID” drop-down field. For example, the logged in Plan User selects H1717 from the “Contract ID” drop-down field and then click “Search” again.

**Figure 88: Download Plan EDV Reports from EDV Reports Page – Step 6**

**Criteria**

Search For (Required)

Parent Organization

Date From (Required)

Date To (Required)

Contract ID

**Search**

- The search results (Plan EDV Reports) are displayed as shown in the screenshot below based on the search criteria entered above for contract H1717. To view/ download a report, click the respective Plan EDV Report.

**Figure 89: Download Plan EDV Reports from EDV Reports Page – Step 7**

**Results**

Total Results: 76

Show  entries

Filter Results

Contract ID	Parent Organization	Month	Year
<a href="#">H1717</a>	Lutheran SeniorLife	August	2020
<a href="#">H1717</a>	Lutheran SeniorLife	August	2020
<a href="#">H1717</a>	Lutheran SeniorLife	August	2020
<a href="#">H1717</a>	Lutheran SeniorLife	August	2020
<a href="#">H1717</a>	Lutheran SeniorLife	August	2020
<a href="#">H1717</a>	Lutheran SeniorLife	August	2020
<a href="#">H1717</a>	Lutheran SeniorLife	August	2020
<a href="#">H1717</a>	Lutheran SeniorLife	August	2020

- If desired, you can use the “Filter Results” field to further refine the search based on specific parameters (data elements). See screenshot below. In this case, the original search results were filtered to show Plan EDV Reports for the month of July.

Figure 90: Download Plan EDV Reports from EDV Reports Page – Step 8

The screenshot shows the 'EDV Reports' page with a search criteria section and a results table. The 'Filter Results' field is set to 'July' and is highlighted with a red dashed box. The table below shows results for July 2020.

Contract ID	Parent Organization	Month	Year
<a href="#">R5342</a>	Lutheran SeniorLife	July	2020
<a href="#">R5342</a>	Lutheran SeniorLife	July	2020
<a href="#">H1234</a>	Lutheran SeniorLife	July	2020
<a href="#">H1234</a>	Lutheran SeniorLife	July	2020
<a href="#">H1717</a>	Lutheran SeniorLife	July	2020

### 4.2.4 Create Package

In eRPT, Plan Users can use the “Create Package” function to create the following types of packages:

- Submission Packages, and
- Transaction Inquiry Packages.

The term 'Package' refers to a request submitted by Plan Users from Medicare Managed Care or PDP Organizations for RPC to process the retroactive request or a package could be a review package created by RPCs to be responded to by Plan Users. A package within the eRPT application consists of three main parts:

- **Package Details**
  - Information about the Package such as Package Type, Category, Parent Organization, Contracts, etc.
- **Submission Documents**
  - **For Submission & Transaction Inquiry Packages** - All the supporting documents that are required by the RPC to process the Package (refer to the RPC website for details).
  - **For Review Package** - All the supporting documents requests that are submitted by RPC for review and response from the Plan User (refer to the RPC website for details).
- **Response Documents**
  - **For Submission & Transaction Inquiry Package** - Documents that are added by the RPC after processing the package.
  - **For Review Package** - Supporting documents that are submitted by eRPT Plan Users for the EDV review request.

Each of the packages created within the eRPT application is assigned a unique identifier called a Package ID. The supporting documentation required for a Package will vary, depending on the type and category of the Package. A user needs to upload all the required documents to a Package for successful submission of the Package to the eRPT application. Appendix D (Table 10: Package Documents) lists all the document types that are required to submit a package successfully.

The packages created in the eRPT application will follow different workflows based on the package type and category of the package.

#### 4.2.4.1 General Submission Package Workflow

A Submission (Category 2, CTM, Payment Validation, and Resubmission) or Transaction Inquiry Package follows the general workflow. The following are the steps involved in the workflow:

- The package is created and submitted by the eRPT Plan User with all the required documents.
- The package is downloaded by the RPC.
- The Plan User (and the designated proxy users) will receive a notification within their "Actions" tab about package being downloaded by the RPC and a notification via email is also sent to the user's registered email address.
- The RPC will begin adding FDRs and Error Reports to the package for specific contracts associated to the package.
- The respective eRPT Plan User (and the designated proxy users) will receive a notification in their eRPT account, so it is important that these individuals check their accounts regularly.
- When the RPC completes processing the package, they will mark the package status as closed.

The following sub-sections (4.2.4.1.1 and 4.2.4.1.2) illustrates the above steps with screenshots.

#### 4.2.4.1.1 Create Package – Category 2 Submission Package

The following steps will guide you through creating a Submission Package taking “Category 2” as an example. The steps are the same for other Submission Packages (CTM, Payment Validation, Resubmission and LI-NET packages).

1. Click “Create Package” tab (the default view is the “Actions” tab).

**Figure 92: Create Submission Package – Category 2 Package: Step 1**

The screenshot shows the CMS.gov My Enterprise Portal interface. At the top, there is a navigation bar with 'My Apps', 'Tommy Hilfiger', 'Help', and 'Log Out'. Below this, the page title is 'eRPT Electronic Retroactive Processing Transmission' with user information 'ERPTPLANUSER03 | Email Notification | User Manual'. The 'Actions' section is active, and the 'Create Package' tab is highlighted with a red dashed box. Below the tabs, there is a table of messages with columns for 'Date Received' and 'Message'. A 'Filter Results' search box is located at the top right of the table.

<input type="checkbox"/>	Date Received	Message
<input type="checkbox"/>	03-29-2019 09:42:30	<a href="#">There is an EDV - E&amp;D request RVW0329201900026 has been added to the system for contract H0137 from RPC.</a>
<input type="checkbox"/>	03-29-2019 09:42:25	<a href="#">There is an EDV - E&amp;D request RVW0329201900023 has been added to the system for contract H0477 from RPC.</a>
<input type="checkbox"/>	03-29-2019 09:13:23	<a href="#">Package SUB0329201900187 has been rejected by CMS Central Office user Douglas Eggers. Please contact the Central Office user for additional information.</a>
<input type="checkbox"/>	03-29-2019 09:08:29	<a href="#">Package SUB0314201900120 has been rejected by CMS Central Office user Douglas Eggers. Please contact the Central Office user for additional information.</a>
<input type="checkbox"/>	03-29-2019 09:04:00	<a href="#">Package SUB0320201900149 has been rejected by CMS Central Office user Douglas Eggers. Please contact the Central Office user for additional information.</a>

2. Provide the following details to complete the “Package Information” section and then click “Continue”:
  - a) **Package Type** – “Submission Package” is the default selection.
  - b) **Category** – By default, the “Category” drop-down field displays “Category 2”. In this example, we want to create a “Category 2” package, so leave this as-is.
  - c) **Parent Organization** – Multiple organization selection list (drop-down field). Select a “Parent Organization” from the list. For example, let us choose “Aetna Inc.” If the user’s Parent Organization does not display, please contact the Medicare Advantage Prescription Drug (MAPD) Helpdesk at [mapdhelp@cms.hhs.gov](mailto:mapdhelp@cms.hhs.gov) or 1-800-927-8069 to create a ticket.

**Note:** If the submission package is for multiple Medicare-Medicaid Plan (MMP) parent organizations, choose “MMP Demo States Only”.

**Figure 93: Create Submission Package – Category 2 Package: Step 2**

3. Click “Continue”.

**Figure 94: Create Submission Package – Category 2 Package: Step 3**

4. The “Documentation” section is displayed. Click “Add Files” to upload documents to the package.

**Figure 95: Create Submission Package – Category 2 Package: Step 4**

5. Select the files you want to add and then click “Open” on the pop-up window. To select multiple files, hold ‘ctrl’ key and click the file name.

**Figure 96: Create Submission Package – Category 2 Package: Step 5**

6. Click “Start Upload” to upload the documents to the system.

**Note:** Before you perform this step/action, following are some tips to keep in mind:

- a) Ensure that the right document type from the drop-down is displayed as appropriate to each file: RPC Submission Spreadsheet, RPC Supporting Documentation, and RPC Submission Cover Letter.
- b) The user must upload at least one document for each of the following document types for successful submission of the Package. Refer to Table 10 to view the appropriate eRPT Document Type Values for each of these documents.
  - RPC Submission Cover Letter (PDF file),
  - RPC Submission Spreadsheet (XLS or XLSX file), and
  - RPC Supporting Documentation (PDF file(s)).
- c) Acceptable file types for uploading are Portable Document Format (PDF) and Excel format (.XLS and .XLSX). The format “XLSM” is not supported by the eRPT. Refer to Section 4.4 for steps to convert an XLSM format document.
- d) The “RPC Submission Spreadsheet” must include information only for contracts that the user has access to. If you have a contract in the spreadsheet that you do not have access to, the spreadsheet wouldn’t be uploaded successfully. The status of the upload will display as “Failed.” In this case, first gain access to the contract before you do so.
- e) If the “RPC Submission Spreadsheet” does not have any contract information, the system wouldn’t let you to upload the spreadsheet. You will see an error message and the status of the upload will display as “Failed”.

**Figure 97: Create Submission Package – Category 2 Package: Step 6**

The screenshot shows the 'Documentation' section of the CMS.gov My Enterprise Portal. At the top, there is a navigation bar with 'CMS.gov | My Enterprise Portal', 'My Apps', and user information 'Tommy Hilfiger'. Below the navigation bar, a message states: 'This package has been saved as a draft. You may continue modifying the package or return to it at another time. RPC Submission Spreadsheet must be an Excel File Only (XLS or XLSX file) under 40 MB in size.' The main area is titled 'Select files' and contains a table with the following columns: Document Type, Filename, and Status. The table lists three files: 'RPC Submission Spreadsheet' (filename: RPC Submission\_Spreadsheet\_VAL\_H2220\_01-25-2019.xlsx), 'RPC Supporting Documentation' (filename: eRPT-testDoc\_5xxxDocumentation -.pdf), and 'RPC Submission Cover Letter' (filename: eRPT-testDoc2\_5CoverLetter -.pdf). Each row shows a 0% progress bar and a 'Delete' button. At the bottom of the table, there are two buttons: 'Add Files' and 'Start Upload'. The 'Start Upload' button is highlighted with a red dashed box.

7. Upon successful upload, the file upload message is displayed. Click “OK”.

**Figure 98: Create Submission Package – Category 2 Package: Step 7**

8. Click “Continue”.

**Figure 99: Create Submission Package – Category 2 Package: Step 8**

9. The “Proxy Users” section is displayed. **Adding proxy users to a submission package is optional.** To add proxy user(s), enter a valid EIDM user ID of the Plan User you want to add as a proxy as shown in the following screenshot and click “Search User”.

**Note:** The following are some preconditions to keep in mind:

- a) Adding proxy user(s) is contingent upon the successful upload of the required documents to the package based on the previous steps.
- b) You can add up to three (3) proxy users to a submission package.

- c) The eRPT system will not let you add a proxy user to the package if the user does not have access to all the contract(s) contained in the RPC Submission Spreadsheet.

**Figure 100: Create Submission Package – Category 2 Package: Step 9**

- 10. The search results will be displayed as follows. Click “Add User” if you are sure to add the selected user as proxy to the package.

**Figure 101: Create Submission Package – Category 2 Package: Step 10**

- 11. Click “OK”.

**Figure 102: Create Submission Package – Category 2 Package: Step 11**

12. To delete a proxy user, i) select the check box next to the proxy user and ii) click “Delete User”.

**Figure 103: Create Submission Package – Category 2 Package: Step 12**

13. You can click “Save Package” to save the package as a draft or click “Submit Package” to submit the package to the eRPT system. In this example, let us choose to submit the package.

**Note:**

- a) A submission package is automatically saved to the system after the user has completed the “Package Information” section and chosen to click “Continue” (Steps 1 to 3 of this section).
- b) Packages can be retrieved through the “Search” functionality. For detailed steps on how to find a package using search, refer to Section 4.2.2.

**Figure 104: Create Submission Package – Category 2 Package: Step 13**

- 14. The package has been successfully submitted. Click “OK” or Esc key to acknowledge the message window.

**Figure 105: Create Submission Package – Category 2 Package: Step 14**

**4.2.4.1.2 Create Package – Transaction Inquiry Package**

- 1. Click “Create Package” tab (the default view is the “Actions” tab).

**Figure 106: Create Package – Transaction Inquiry Package: Step 1**

2. Provide the following details to complete the “Package Information” section and then click “Continue”:

- a) **Package Type** – Select “Transaction Inquiry Package” from the drop-down field.
- b) **Parent Organization** – Multiple organization selection list (drop-down field). Select a “Parent Organization” from the list. For example, let us choose “Aetna Inc.” If the user’s Parent Organization does not display, please contact the MAPD Helpdesk at [mapdhelp@cms.hhs.gov](mailto:mapdhelp@cms.hhs.gov) or 1-800-927-8069 to create an incident ticket.

**Note:** If this package is for multiple MMP parent organizations, choose “MMP Demo States Only”.

**Figure 107: Create Package – Transaction Inquiry Package: Step 2**

- The “Documentation” section is displayed. Click “Add Files” to upload documents to the package.

**Figure 108: Create Package – Transaction Inquiry Package: Step 3**

- Select the files you want to add and then click “Open” on the pop-up window. To select multiple files, hold ‘ctrl’ key and click the file name.

**Figure 109: Create Package – Transaction Inquiry Package: Step 4**

- Click “Start Upload” to upload documents to the system.

**Figure 110: Create Package – Transaction Inquiry Package: Step 5**

- Upon successful upload, the file upload message is displayed. Click “OK” in the pop-up message window.

**Figure 111: Create Package – Transaction Inquiry Package: Step 6**

- Click “Continue”.

Figure 112: Create Package – Transaction Inquiry Package: Step 7

8. You can add proxy users (up to three (3) users) to a transaction inquiry package, if desired.
9. You can click “Save Package” to save the package as a draft or **click “Submit Package” to submit the package to the eRPT system.** In this example, let us choose to submit the package. **Note:**
  - a) A transaction inquiry package is ‘automatically’ saved to the system after the user has completed the “Package Information” section and chosen to click “Continue” (Steps 1 to 2 of this section).
  - b) Packages can be retrieved through the “Search” functionality. For detailed steps on how to find a package using search, refer to Section 4.2.2.

#### 4.2.4.2 Category 3 and Special Submission Package Workflow

A Submission Package (Category 3 and Special) follows a slightly different workflow and requires action from the RO Account Manager or CMS Central Office User, upon package submission by the eRPT Plan User.

Following are the steps involved in the workflow:

- The Submission - Category 3 or Special Package is created and submitted by the Package Creator (usually the Plan User).
- If the package is a LI-NET submission, the Plan User is required to select the Subcategory value as “LI-NET”.
- For an LI-NET package, the Plan User is not required to select the “Approval Authority.”
- If the package is not an LI-NET submission, the Package Creator is required to select the “Approval Authority” as “Regional Office” and the Regional Office Code/Number (RO01 – RO10). Please refer to the bulleted item list #4 in Section 4.1 eRPT Terminology to understand the different CMS Regional Offices.
  - **Note:** All Category 3 and Special Packages (Except LI-NET package, these are packages for contracts that typically starts with ‘Xxxxx’, xxxx are numeric digits) require approval from the respective RO Account Manager. The LI-NET packages are the only

- packages that fall under the discretion of CMS Central Office User for their review and approval.
- The package is searched by CMS RO Account Manager (or CMS CO User, if an LI-NET Package) or accessed via “Actions” tab to add the “Approval Letter” or reject the package.
  - If CMS RO Account Manager (or CMS CO User) adds the “Approval Letter”, the next set of workflow steps are outlined below:
    - The package is downloaded by the RPC.
    - The Plan User (and the designated proxy users) will receive a notification within the “Actions” tab of the eRPT application about the package being downloaded by the RPC and a notification via email is also sent to the user’s registered email address.
    - The RPC will begin adding FDRs and Error Reports to the package. The respective eRPT Plan User and the designated Proxy User will receive a system notification in their eRPT account and an email notification.
    - When the RPC completes processing the package, they will mark the package status as “Closed”.
  - If CMS RO Account Manager (or CMS CO User) rejects the Package the workflow steps will take the following approach:
    - The Package Approver is required to add the rejection notes to reject the package.
    - The Plan User (and the designated proxy users) receives a notification within the “Actions” tab of the eRPT application and a notification via email is sent to the user informing that the package has been rejected.
    - The Plan User may need to create a new package.

#### *4.2.4.2.1 Create Package – Category 3 Submission Package*

**All Category 3 and Special Packages** (exception being the LI-NET package, these are packages for contracts that typically starts with ‘Xxxxx’, xxxx are numeric digits) **require approval from the respective RO Account Manager or the CMS Central Office User**. The LI-NET packages are the only packages that fall under the discretion of CMS Central Office User for their review and approval.

The following steps will guide you through creating a Submission Package taking “Category 3” as an example. The steps are the same for creating a Special Submission Package also.

1. Click “Create Package” tab (the default view is the “Actions” tab).

Figure 113: Create Submission Package – Category 3 Package: Step 1

The screenshot shows the CMS.gov My Enterprise Portal interface. At the top, there is a navigation bar with the CMS.gov logo, 'My Enterprise Portal', 'My Apps', and user information for Tommy Hillfiger. Below the navigation bar, the page title is 'eRPT Electronic Retroactive Processing Transmission'. The user is logged in as ERPTPLANUSER03. In the 'Actions' section, the 'Create Package' button is highlighted with a red dashed box. Below the 'Actions' section, there is a table of messages with a 'Filter Results' search box. The table has columns for 'Date Received' and 'Message'. The messages are as follows:

<input type="checkbox"/>	Date Received	Message
<input type="checkbox"/>	03-29-2019 09:42:30	<a href="#">There is an EDV - E&amp;D request RVW0329201900026 has been added to the system for contract H0137 from RPC.</a>
<input type="checkbox"/>	03-29-2019 09:42:25	<a href="#">There is an EDV - E&amp;D request RVW0329201900023 has been added to the system for contract H0477 from RPC.</a>
<input type="checkbox"/>	03-29-2019 09:13:23	<a href="#">Package SUB0329201900187 has been rejected by CMS Central Office user Douglas Eggers. Please contact the Central Office user for additional information.</a>
<input type="checkbox"/>	03-29-2019 09:08:29	<a href="#">Package SUB0314201900120 has been rejected by CMS Central Office user Douglas Eggers. Please contact the Central Office user for additional information.</a>
<input type="checkbox"/>	03-29-2019 09:04:00	<a href="#">Package SUB0320201900149 has been rejected by CMS Central Office user Douglas Eggers. Please contact the Central Office user for additional information.</a>

2. Provide the following details to complete the “Package Information” section and then click “Continue”:
  - a) **Package Type** – “Submission Package” is the default selection.
  - b) **Category** – Select “Category 3” from the drop-down list.
  - c) **Parent Organization** – Multiple organization selection list (drop-down field). Select a “Parent Organization” from the list. For example, let us choose “Aetna Inc.” If the user’s Parent Organization does not display, please contact the MAPD Helpdesk at [mapdhelp@cms.hhs.gov](mailto:mapdhelp@cms.hhs.gov) or 1-800-927-8069 to create an incident ticket.

**Note:** If the submission package is for multiple MMP parent organizations, choose “MMP Demo States Only”.

**Figure 114: Create Submission Package – Category 3 Package: Step 2**

**Package Information**

**i** If the submission package is for multiple Medicare-Medicaid Plan (MMP) parent organizations, choose "MMP Demo States Only".

Package Type: Submission Package

Category: Category 3

Parent Organization: Aetna Inc.

Subcategory (Optional):

Approval Authority:

3. Select "Regional Office" from the "Approval Authority" drop-down field.

**Figure 115: Create Submission Package – Category 3 Package: Step 3**

**Package Information**

**i** If the submission package is for multiple Medicare-Medicaid Plan (MMP) parent organizations, choose "MMP Demo States Only".

Package Type: Submission Package

Category: Category 3

Parent Organization: Aetna Inc.

Subcategory (Optional):

Approval Authority: Regional Office

Regional Office:

4. Select the appropriate Regional Office from the "Regional Office" drop-down field. In this example, "CMS Regional Office 01 – Boston" has been selected.

Figure 116: Create Submission Package – Category 3 Package: Step 4

The screenshot shows the CMS.gov My Enterprise Portal interface for creating a submission package. At the top, there is a navigation bar with the CMS.gov logo, 'My Enterprise Portal', 'My Apps', and user information for Tommy Hilfiger, along with 'Help' and 'Log Out' links. Below the navigation bar, a light blue information banner states: 'If the submission package is for multiple Medicare-Medicaid Plan (MMP) parent organizations, choose "MMP Demo States Only".' The main form area contains several dropdown menus: 'Package Type' is set to 'Submission Package'; 'Parent Organization' is set to 'Aetna Inc.'; 'Category' is set to 'Category 3'; 'Subcategory (Optional)' is empty; 'Approval Authority' is set to 'Regional Office'; 'Regional Office' is set to 'CMS Regional Office 01 - Boston'; and 'Regional Office Account Manager Contract' is empty.

5. Select a contract from the “Regional Office Account Manager Contract” drop-down field that you would like to associate to the package.

**Note:**

- a) The contract selected at this step ‘must’ be included within the “RPC Submission Spreadsheet” that you will upload in the next section. If not, the system will not let you upload the spreadsheet at the time of document upload.
- b) If you do not find any contract in the “Regional Office Account Manager Contract” drop-down field, you will see the following error message.  
 “You do not have access to any contract(s) in the selected region. The following could be true:
  - You may have selected the wrong region,
  - None of the contract(s) associated to your EIDM profile belong to this region, or
  - Your access to contract(s) associated to this region might not be a part of HPMS.
 For further assistance, contact the MAPD Helpdesk at [mapdhelp@cms.hhs.gov](mailto:mapdhelp@cms.hhs.gov) (or call at 1-800-927-8069).”

**Figure 117: Create Submission Package – Category 3 Package: Step 5**

The screenshot shows the 'Create Submission Package' form in Step 5. The form is divided into two columns. The left column contains 'Package Type' (Submission Package) and 'Parent Organization' (Aetna Inc.). The right column contains 'Category' (Category 3), 'Subcategory (Optional)', 'Approval Authority' (Regional Office), 'Regional Office' (CMS Regional Office 01 - Boston), 'Regional Office Account Manager Contract' (H0137), and 'Regional Office Account Manager' (empty). The top navigation bar includes 'CMS.gov My Enterprise Portal', 'My Apps', and user information 'Tommy Hilfiger' with 'Help' and 'Log Out' links.

6. Select the Regional Office Account Manager from the “Regional Office Account Manager” drop-down field.

**Note:**

- a) If there is no Regional Office Account Manager in eRPT for the selected contract, you will see the following error message:  
 “There is no Regional Office Account Manager in the eRPT system for the selected contract. Contact the MAPD Helpdesk at [mapdhelp@cms.hhs.gov](mailto:mapdhelp@cms.hhs.gov) (or call at 1-800-927-8069) for further assistance.”
- b) Unless the selected contract has a Regional Office Account Manager in eRPT, you cannot proceed to the next step in the submission process.

**Figure 118: Create Submission Package – Category 3 Package: Step 6**

This screenshot is identical to Figure 117, but the 'Regional Office Account Manager' dropdown field is now populated with the name 'PHLLIP CARTER'. All other fields and the navigation bar remain the same.

- Click “Continue”.

**Figure 119: Create Submission Package – Category 3 Package: Step 7**

The screenshot shows the CMS.gov My Enterprise Portal interface. The top navigation bar includes the CMS.gov logo, 'My Enterprise Portal', 'My Apps', and user information for Tommy Hilfiger. The main form area contains several dropdown menus: 'Parent Organization' (Aetna Inc.), 'Subcategory (Optional)', 'Approval Authority' (Regional Office), 'Regional Office' (CMS Regional Office 01 - Boston), 'Regional Office Account Manager Contract' (H0137), and 'Regional Office Account Manager' (PHLLIP CARTER). A blue 'Continue' button is located at the bottom left of the form and is highlighted with a red dashed border.

- The “Documentation” section is displayed. Click “Add Files” to a Package.

**Figure 120: Create Submission Package – Category 3 Package: Step 8**

The screenshot shows the 'Documentation' section of the CMS.gov My Enterprise Portal. At the top, there is an information icon and a message: 'This package has been saved as a draft. You may continue modifying the package or return to it at another time. RPC Submission Spreadsheet must be an Excel File Only (XLS or XLSX file) under 40 MB in size.' Below this is a 'Select files' section with a plus icon and the text 'Add files to the upload queue and click the start button.' A table with columns 'Document Type', 'Filename', and 'Status' is shown, but it is empty. Below the table is a large area with the text 'Drag files here.' At the bottom of the section are two buttons: 'Add Files' and 'Start Upload', and a progress indicator showing '0%'.

- Select the files you want to add and then click “Open” on the pop-up window. To select multiple files, hold ‘ctrl’ key and click the file name.

Figure 121: Create Submission Package – Category 3 Package: Step 9

10. Click “Start Upload”.

**Note:** Before you perform this step/action, the following are some tips to keep in mind:

- Ensure that the right document type from the drop-down is displayed as appropriate to each file: RPC Submission Spreadsheet, RPC Supporting Documentation, and RPC Submission Cover Letter.
- The user must upload at least one document for each of the following document types for successful submission of the Package. Please note that for a “Special” submission package, the “RPC Submission Spreadsheet” is the ‘only’ required document to the package. Refer to Table 10 to view the appropriate eRPT Document Type Values for each of these documents.
  - RPC Submission Cover Letter (PDF file),
  - RPC Submission Spreadsheet (XLS or XLSX file), and
  - RPC Supporting Documentation (PDF file(s)).
- Acceptable file types for uploading are Portable Document Format (PDF) and Excel format (.XLS and .XLSX). The format “XLSM” is not supported by the eRPT. Refer to Section 4.4 for steps to convert an XLSM format document.
- The “RPC Submission Spreadsheet” must include information only for contracts that the user has access to. If you have a contract in the spreadsheet that you do not have access to, the spreadsheet will not be uploaded successfully. The status of the upload will display as “Failed.” In this case, first gain access to the contract before you do so.
- For a Category 3 or Special Submission packages (not referring to the LI-NET sub-category of package), the “RPC Submission Spreadsheet” must include the contract that was selected in the previous screen (the contract you selected in Step 5 of this process) as one of the contracts. Otherwise, the system will not let you upload the Submission Spreadsheet and you will see an error. The status of the upload will display as “Failed”.

**Figure 122: Create Submission Package – Category 3 Package: Step 10**

11. Upon successful upload, the file upload message is displayed. Click “OK” in the pop-up message window.

**Figure 123: Create Submission Package – Category 3 Package: Step 11**

12. Click “Continue”.

Figure 124: Create Submission Package – Category 3 Package: Step 12

13. The “Proxy Users” section is displayed. **Adding proxy users to a submission package is optional.** To add proxy user(s), enter a valid EIDM user ID of the user you want to add as a proxy as shown in the following screenshot and click “Search User”.

**Note:** The following are some tips to keep in mind:

- Adding proxy user(s) is contingent only upon the successful upload of the required documents to the package based on the previous steps.
- You can add only up to three (3) proxy users to a submission package.
- The eRPT system would not let you add a proxy user to the package if the user does not have access to all the contract(s) contained in the RPC Submission Spreadsheet.

Refer to the previous section (Section 4.2.4.1.1, steps 9 to 12) to add proxy user(s) to the package as the preconditions and the steps involved in adding proxy users are the same for all packages.

14. You can click “Save Package” to save the package as a draft or click “Submit Package” to submit the package to the eRPT system. In this example, let us choose to submit the package.

**Note:**

- A submission package is ‘automatically’ saved to the system after the user has completed the “Package Information” section and chosen to click “Continue” (Steps 1 to 7 of this section).
- Packages can be retrieved through the “Search” functionality. For detailed steps on how to find a package using search, refer to Section 4.2.2.

**Figure 125: Create Submission Package – Category 3 Package: Step 14**

15. The package has been successfully submitted. Click “OK” or ‘esc’ key to acknowledge the message window.

**Figure 126: Create Submission Package – Category 3 Package: Step 15**

### 4.2.4.3 Review Package Workflow

A Review Package (also called as EDV Package) is a Package created by either a CMS CO User or the RPC requesting eRPT Plan Users to provide additional information to perform a review of previously submitted transactions by a Plan to ensure they comply with CMS Guidelines. Review Packages include EDV Reviews, as designated by CMS. Unlike the Submission Package and Transaction Inquiry Package the Review Package follows a different process. Following are the steps:

- The RPC creates a Review Package for a particular Plan Contract and transaction type.
- System Notifications are added to the “Actions” tab within the eRPT application for users who have access to the contract and an email notification is sent to the user’s registered email address regarding this event.
- The eRPT Plan User views the notification and reviews the submission documents uploaded by RPC.

- The eRPT Plan User responds to the Package by providing all the required Response documents within the specified due date. For the due date, refer to RPC’s web site at <http://www.reedassociates.org/> or contact RPC Client Services team at [clientservices@reedassociatescpas.com](mailto:clientservices@reedassociatescpas.com) (Email) or 402-315-3660 (Phone).
- The eRPT Plan User submits a response to the Review Package.
- The RPC will download and process the package.
- When the RPC completes processing, the package will be marked as Closed.

**Note:** The Review package should not be responded by creating a Submission Package. Refer to Section 4.2.12 for the steps involved in responding to/ completing a Review Package.

## 4.2.5 Viewing a Package and Downloading Package Documents

This section explains the steps the user needs to take in viewing the package information and downloading package documents (if desired) of a Submission Package. These steps form a basis to find and view all kinds of packages (Submission/Transaction Inquiry/Review Packages).

**Note:** The Plan User will ‘only’ be able to view/access packages created by them or packages for which they are a proxy user.

1. Search for packages as illustrated in Section 4.2.2. The following screenshot is a result of search of all “Closed” packages. **Note:** You may be able to reach a package from the “Actions” tab, if that package is in that list (See Section 4.2.1).

**Figure 127: Viewing a Package and Downloading Package Documents – Step 1**

The screenshot shows the CMS.gov My Enterprise Portal interface. At the top, there is a navigation bar with 'CMS.gov | My Enterprise Portal', 'My Apps', 'Tommy Hilfiger', 'Help', and 'Log Out'. Below the navigation bar is a search bar with the text 'search'. The main content area displays search results for 'Criteria' and 'Results'. The 'Results' section shows 'Total Results: 5' and a table of search results. The table has columns for ID, Type, Category, Status, and Submission Date. The results are as follows:

ID	Type	Category	Status	Submission Date
<a href="#">SUB0208201800011</a>	SUB	Category 2	Closed	02-08-2018 17:35:10
<a href="#">SUB1106201700174</a>	SUB	Category 3	Closed	11-06-2017 20:25:45
<a href="#">SUB1106201700169</a>	SUB	Special	Closed	11-06-2017 20:28:13
<a href="#">SUB1106201700163</a>	SUB	Category 2	Closed	11-06-2017 15:55:29
<a href="#">SUB0622201700126</a>	SUB	Category 3	Closed	06-22-2017 15:26:34

Showing 5 entries

2. Click the “ID” of the specific package of interest in the result grid to view it.

**Figure 128: Viewing a Package and Downloading Package Documents – Step 2**

Aetna Inc.					

- To view the package documents, click the “Submission Documents” tab. The “Submission Documents” tab is displayed.

**Figure 130: Viewing a Package and Downloading Package Documents – Step 4**

5. Clicking the arrow to the left of “Package Documents” will expand this section and display all the associated Submission Documents submitted by the Plan User. See the following screenshots.

**Figure 131: Viewing a Package and Downloading Package Documents – Step 5a**

**Figure 132: Viewing a Package and Downloading Package Documents – Step 5b**

6. Click the checkbox to the left of the document you want to download. In this example, we click the top check box to illustrate downloading all the documents of the package and then click “Download Selected Documents” button as shown; you may otherwise click the checkbox next to that individual document that you wish to download. Alternatively, you may click the filename of the document that you want to view/download.

**Figure 133: Viewing a Package and Downloading Package Documents – Step 6**

7. Click “Open” to view the document or use the “Save” options to save it to your local computer workspace.

**Figure 134: Viewing a Package and Downloading Package Documents – Step 7**

8. Click “Response Documents” tab to view/download the documents in this section in the same manner as illustrated in the previous steps as that for the documents in the “Submission Documents” tab.

**Note:** The “Response Documents” will be uploaded by RPC and will not be available if the status is marked Draft, Pending RO Approval, or Open. Additionally, Response documents can only be accessed by the Plan User (who is the package creator) and designated proxy users of the package. You may also refer to Section 4.2.10.

**Figure 135: Viewing a Package and Downloading Package Documents – Step 8**

9. Click the “Close” button on the top right or use the “esc” key to close the package.

### 4.2.6 Update a Submission Package

**Note:** Only Submission Packages that are in ‘Draft’ status can be updated. For other packages not in “Draft” status, you may want to reach out to the MAPD Helpdesk at 1-800-927-8069 or [mapdhelp@cms.hhs.gov](mailto:mapdhelp@cms.hhs.gov) to submit your request. Your request will be analyzed for an appropriate resolution and next steps will be suggested.

Follow the steps below to update a “Draft” submission package. The steps are the same to update a transaction inquiry package in “Draft” status.

1. Search for packages as illustrated in Section 4.2.2. The following screenshot is a result of search of all “Draft” packages within a specific time period.

**Figure 136: Update a Submission Package – Step 1**

2. Click the “ID” of the package that you want to update.

Document Type	Filename	Status
Drag files here.		

Add Files Start Upload 0%

6. Ensure the appropriate “Document Type” value from the drop-down is selected and then click “Start Upload”. Since this is a Category 2 package, the following documents are required to complete the package:
  - RPC Submission Spreadsheet
  - RPC Supporting Documentation
  - RPC Submission Cover Letter.

Figure 141: Update a Submission Package – Step 6

**Note:** Before you perform the above step/action, the following are some tips to keep in mind:

- Ensure that the right document type from the drop-down is displayed as appropriate to each file: RPC Submission Spreadsheet, RPC Supporting Documentation, and RPC Submission Cover Letter.
- The user must upload at least one document for each of the following document types for successful submission of the Package. Refer to Table 10 to view the appropriate eRPT Document Type Values for each of these documents.
  - RPC Submission Cover Letter (PDF file),
  - RPC Submission Spreadsheet (XLS or XLSX file), and
  - RPC Supporting Documentation (PDF file(s)).
- Acceptable file types for uploading are Portable Document Format (PDF) and Excel format (.XLS and .XLSX). The format "XLSM" is not supported by the eRPT. Refer to Section 4.4 for steps to convert an XLSM format document.
- The "RPC Submission Spreadsheet" must include information only for contracts that the user has access to. If you have a contract in the spreadsheet that you do not have access to, the spreadsheet wouldn't be uploaded successfully. The status of the upload will display as "Failed." In this case, first gain access to the contract before you do so.
- If the "RPC Submission Spreadsheet" does not have any contract information, the system wouldn't let you to upload the spreadsheet. You will see an error message and the status of the upload will display as "Failed".

- Click "OK" on the message window pop-up.

**Figure 142: Update a Submission Package – Step 7**

8. If you want to add proxy users, navigate to the “Package Details” tab. As shown, the package under update does not have any proxy users yet. The further steps will help you to complete this section.

**Figure 143: Update a Submission Package – Step 8**

9. Enter a valid EIDM User ID of a Plan User in the “Enter Proxy User ID” field and click “Search User”.

**Note: Adding proxy users to a submission package is optional.** The following are some tips to keep in mind:

- a) Adding proxy user(s) is contingent upon the successful upload of the required documents to the package based on the previous steps.
- b) You can add up to three (3) proxy users to a submission package.
- c) The eRPT system will not let you add a proxy user to the package if the user does not have access to all the contract(s) contained in the RPC Submission Spreadsheet.

**Figure 144: Update a Submission Package – Step 9**

10. Click "Add User".

**Figure 145: Update a Submission Package – Step 10**

11. Click “OK” in the window message box.

**Figure 146: Update a Submission Package – Step 11**

12. The proxy user has been added as shown.

**Figure 147: Update a Submission Package – Step 12**

13. After making the required updates, you can submit, close, or switch to view only mode by using the appropriate buttons at the top. **Note:** Unless you submit the package the status of the package will remain as “Draft”.

**Figure 148: Update a Submission Package – Step 13**

#### 4.2.7 Deleting Submission Documents from a Submission Package

**Note:** The documents uploaded to a Submission Package can only be deleted when the package is in “Draft” status. **Only** the Package Creator or designated proxy user(s) can delete documents from a draft package.

In the eRPT application, when documents uploaded to a draft package are deleted, the action is permanent, and the document cannot be retrieved. These steps are the same in the case of a transaction inquiry package as well.

1. Select the check-box next to the document and click “Delete” as illustrated.

**Figure 149: Deleting Submission Documents from a Submission Package - Step 1a**

- To delete multiple documents at one time, select all the documents to delete and click “Delete Selected Documents” as illustrated. **Note:** You may use the top check box at the table header row to select all documents.

**Figure 150: Deleting Submission Documents from a Submission Package - Step 1b**

You will see a delete confirmation message window pop-up confirming your action. Click “OK” in the pop-up to acknowledge.

### 4.2.8 Deleting a Submission Package

**Note:** Only Submission Packages in ‘Draft’ status can be permanently deleted. When a Package in Draft status is deleted from the eRPT application it will be permanently deleted from

the application and cannot be retrieved. A draft Package can **only** be deleted by the Package Creator or designated proxy user(s).

1. Click “Delete” from the top right-hand corner of the package screen after you have opened a package. The successful package delete message will be displayed. Click “OK” to acknowledge.

**Figure 151: Deleting a Submission Package – Step 1**

2. Click “OK” in the message window pop-up to confirm action.

**Figure 152: Deleting a Submission Package – Step 2**

### 4.2.9 Tracking Packages

A Package can be tracked in the eRPT application by referring to the status of the Package. Refer to Section 4.1 eRPT Terminology to understand the different statuses that a package can take depending on the package type and category.

To view the statuses of your packages, follow the steps as outlined in Section 4.2.2, Search. The screenshot below is a result of a search conducted on all packages within a specific time period.

Figure 153: Tracking Packages

The screenshot shows the CMS.gov My Enterprise Portal interface. At the top, there is a navigation bar with 'My Apps', 'Tommy Hilfiger', 'Help', and 'Log Out'. Below this is a 'Criteria' section with a plus sign and a 'Results' section with a minus sign. The main content area shows 'Total Results: 117' and a table with a 'Filter Results' input field. The table has the following columns: ID, Type, Category, Status, and Submission Date. A red dashed box highlights the 'Status' column for several rows.

ID	Type	Category	Status	Submission Date
<a href="#">SUB0403201900197</a>	SUB	Category 3	Draft	
<a href="#">SUB0402201900196</a>	SUB	Category 2	In Process	04-02-2019 18:57:13
<a href="#">SUB0402201900195</a>	SUB	Category 2	Draft	
<a href="#">SUB0402201900194</a>	SUB	Special	Draft	
<a href="#">SUB0402201900193</a>	SUB	Category 3	Draft

#### 4.2.10 View Response Documents Uploaded by RPC Through Actions Tab

All Submission and Transaction Inquiry Packages submitted to the eRPT application by the eRPT Plan Users will be available for RPC users to download and provide response documents.

The following are the response documents added by RPC for eRPT Plan Users:

- FDR
- Error Report
- Transaction Inquiry Response

All response documents to a Submission Package are added for a Plan contract. The response documents added on a package can be viewed only by users who have access to the Submission Package. **When a response document is added by the RPC, the package creator and proxy user will receive a system notification within the eRPT application, and an email sent to their registered email account with a message indicating the action RPC has taken on the package.** The following are the different notifications the users will receive when a response document is added by RPC for a submission Package:

- There is an FDR(s) uploaded by RPC for Package << Package ID >>.
- There is an Error Report uploaded by RPC for Package << Package ID >>.

The Package creator and proxy users will receive the following action when he/she receives a response document from RPC for a Transaction Inquiry Package:

- There is an Inquiry Response uploaded by RPC for Package << Package ID >>.

In addition to the above response documents, the RPC will also add the Follow-on FDR document. The Follow-on FDR document will be an independent document and will not be added to a Package. **It will be added for a contract number and all the users who have access to the contract number will have access to the document. When RPC adds a Follow-on FDR document the Plan User will be informed of their action within the**

**“Actions” tab and an email notification will be sent to the user’s registered email address.** The eRPT Plan User will receive the following message in the notification for a follow-on FDR:

- A Follow-On FDR has been added to the system for contract << Contract ID >>.

To view response documents added by RPC to a package via the “Actions” tab:

1. The “Actions” tab will be the landing page for the users and will display the lists of actions for the user. Click the message link of a package you want to open and view its response documents. **Note:** Alternatively, select the checkbox next to that row and click “View Selected Action” to open the package. See the screenshots that follow.

**Note:** The steps discussed in this section apply to “Error Reports” and “Transaction Inquiry Response” also.

#### 4.2.11 Search and View Response Documents

The Search feature (discussed in detail in Section 4.2.2) in the eRPT application can also be used for searching the following types of response documents:

- FDRs
- Follow-on FDRs
- Error Reports

**The steps to perform a search in this instance are similar to that of finding a Submission Package (as discussed in Section 4.2.2.1). Follow the steps below.**

1. Here we search for “Follow-on Final Disposition Reports”. So, ensure you select the appropriate value in the “Search For” drop-down as shown in the screenshot below and provide specific values for the “Date From” and “Date To” fields (To select the dates, use the calendar buttons as discussed in Section 4.2.2.1). If you know the contract for which you want to retrieve the Follow-on FDR, you may enter the contract number in the “Contract ID” field (in this example, we leave it blank).

**Figure 163: Search and View Response Documents – Step 1**

The screenshot shows the eRPT search interface. At the top, there are navigation tabs: "Actions", "Search" (which is highlighted with a blue underline), and "Create Package". Below the tabs is a "Search" section with a "Criteria" header. The criteria include:
 

- "Search For (Required)" dropdown menu with "Follow-On Final Disposition Reports" selected.
- "Date From (Required)" text box with "01-01-2016" and a calendar icon below it.
- "Date To (Required)" text box with "04-08-2019" and a calendar icon below it.
- "Contract ID" dropdown menu.

 A blue "Search" button is located below the criteria fields. A red dashed box highlights the "Search For" dropdown, the date fields, and the "Search" button. Below the criteria is a "Results" section which is currently empty.

2. Click "Search".

**Figure 164: Search and View Response Documents – Step 2**

This screenshot is identical to Figure 163, showing the search criteria and the "Search" button. However, in this version, a red dashed box highlights only the blue "Search" button, indicating the next step in the process.

3. Click the "ID" of the specific Follow-On FDR to view the document.

**Figure 165: Search and View Response Documents – Step 3**

4. Click “Open”, to open/view the document. You may click “Save”, or “Save as” if you wish to save the document to your local computer workspace.

**Figure 166: Search and View Response Documents – Step 4**

#### 4.2.12 Completing a Review Package

**The Review Packages are uploaded by RPC to eRPT for specific contracts to support their data validation review request.** Responses to Review Packages include Plan documentation supporting EDV Review Requests or other reviews designated by CMS.

In the following sections we will discuss how an eRPT Plan User can:

- Search and View Review Packages, Section 4.2.12.1
- Access Review Packages via Actions tab, Section 4.2.12.2
- Upload/Submit Response Documents to a Review Package, Section 4.2.12.3

### 4.2.12.1 Search and View Review Packages

The search function is discussed in detail in Section 4.2.2. The search for Review Packages is similar to that of searching for Submission Packages and Documents/Letters. Refer to Section 4.2.2.1 for the steps to perform a search.

1. In this case, select “Review Packages” for the “Search For” field on the “Search” screen as shown in the screenshot.

**Figure 167: Search and View Review Packages – Step 1**

Contract ID

**Search**

**Results**

2. Select appropriate date values for “Date From” and “Date To” fields **using the respective calendar buttons** (as illustrated in Section 4.2.2.1 Steps to Execute a Search) and click “Search”. **Note:** You may provide values to other drop-down/ free-text fields based on the information you know.

**Figure 168: Search and View Review Packages – Step 2**

The screenshot shows the 'Search' section of the eRPT system. Under the 'Criteria' tab, the 'Search For (Required)' dropdown is set to 'Review Packages'. The 'Date From (Required)' and 'Date To (Required)' fields are both set to '05-14-2019'. Other criteria include 'Category' (All), 'Package ID', 'Status' (All), 'Parent Organization' (All), and 'Contract ID'. A blue 'Search' button is located at the bottom left of the criteria section.

3. Click the “ID” of the respective package to open and view.

**Figure 169: Search and View Review Packages – Step 3**

The screenshot shows the search results page. At the top, there is a navigation bar with 'CMS.gov My Enterprise Portal', 'My Apps', 'Tommy Hilfiger', 'Help', and 'Log Out'. Below the search criteria, the 'Results' section shows 'Total Results: 7'. A table with 5 columns (ID, Type, Category, Status, Submission Date) displays the results. The first row is highlighted with a red dashed box. A 'Filter Results' input field is located above the table.

ID	Type	Category	Status	Submission Date
<a href="#">RVW0329201900026</a>	RVW	EDV - E&D	Open	03-29-2019 13:42:29

7. Click "Open" to open/view the file. You may click "Save" or "Save as" to save the file to the local workspace of your computer.

**Figure 174: Search and View Review Packages – Step 7**

### 4.2.12.2 Access Review Packages via Actions Tab

1. When a Review Package is uploaded by RPC for a contract, all Plan Users who have access to that contract will receive an email and a system notification. The system notifications are added to the “Actions” tab. The functions of the “Actions” tab is discussed in Section 4.2.1.

**Figure 175: Actions Tab – Default View**

- You may use the “Filter Results” field to do a quick search of the list as shown in the following screenshot.

**Figure 176: Using Filter Results Field in Actions Tab**

- Click the link to open the package to view the different sections of the package and/or to make an update (providing your responses in the case of an EDV Review Package). Alternatively, you may select the checkbox next to the row on the left and click “View Selected Action” to open the package.

**Figure 177: Open a Review Package from Actions Tab, 3a**

Figure 178: Open a Review Package from Actions Tab, 3b

- The package opens in a new window. You may navigate to the different sections of the package to view the “Submission Documents” uploaded by RPC and submit/upload your response documents from within the “Response Documents” tab (this part is discussed in Section 4.2.12.3).

Figure 179: Review Package Window When the Package is Opened

### 4.2.12.3 Upload/Submit Response Documents to a Review Package

1. To upload response documents to a Review Package that needs your action, search and open the package as discussed in the previous sections 4.2.12.1 or 4.2.12.2 and select “Response Documents” tab. **Note:** You can upload response documents only when the status of the package is “Open”.

Figure 180: Upload/Submit Response Documents to a Review Package – Step 1

2. Click the arrow to the left of the “Package Documents” section.

Figure 181: Upload/Submit Response Documents to a Review Package – Step 2

3. Click “Add Documents”.

**Figure 182: Upload/Submit Response Documents to a Review Package – Step 3**

4. Scroll to the bottom where you see the “Add Files” button and click it.

**Figure 183: Upload/Submit Response Documents to a Review Package – Step 4**

5. Select the documents that you want to upload and click “Open” in the windows file upload box. To select multiple files, hold ‘ctrl’ key and use your mouse to multi-select documents.

**Figure 184: Upload/Submit Response Documents to a Review Package – Step 5**

6. Click “Start Upload” to upload the file to the system.

**Figure 185: Upload/Submit Response Documents to a Review Package – Step 6**

7. Click “OK”.

Close

Add Documents Submit

Package Details Submission Documents Response Documents

Package Documents

**Note:**

- Until you click “Submit”, RPC will not be able to process the review package.** Your submission marks the package status as “Complete”.
- Once you submit the package, it is recommended that you click “Acknowledge Selected Actions” button from within the “Actions” tab to close out this item. This is ‘not’ a required action, **but this will help you manage the “Actions” list before it becomes too unwieldy to manage.**
- You can still retrieve this package using the “Search” function. See Section 4.2.2 to understand using the search function.
- If the package was submitted by mistake and the Plan Users have additional documents to upload, they can contact the MAPD Helpdesk at [mapdhelp@cms.hhs.gov](mailto:mapdhelp@cms.hhs.gov) or 1-800-927-8069 to reopen the review package. **Unless the request to reopen falls within the RPC’s due date of the review package response submission, it is unlikely that the package will be reopened.** For further questions/concerns, you may contact RPC Client Services at [clientservices@reedassociatescpas.com](mailto:clientservices@reedassociatescpas.com) or 402-315-3660.

### 4.2.13 Accessing the User Manual

Click “User Manual” link from within the application user interface, as shown below. The User Manual will be opened in a new window.

**Note:**

- The eRPT Plan User manual can also be accessed at the following MAPD Helpdesk web page: <https://www.cms.gov/Research-Statistics-Data-and-Systems/CMS-Information-Technology/mapdhelpdesk/index.html>.
- The PDF version of this User Manual is compatible with a screen reader such as JAWS and works well with Adobe Reader that offers several tools and features to enhance your reading and viewing experience. To limit potential browser issues when opening PDF files while using JAWS, it is recommended that you first save a copy onto your computer before opening it. For more information, refer to the link below: <https://www.adobe.com/content/dam/acom/en/accessibility/pdfs/accessing-pdf-sr.pdf>.

Figure 189: Access User Manual via “User Manual” Link

The screenshot shows the CMS.gov My Enterprise Portal interface. At the top, there is a navigation bar with the CMS.gov logo, 'My Apps', and user information for Tommy Hilfiger. Below the navigation bar, the page title is 'eRPT Electronic Retroactive Processing Transmission'. On the right side of the page, there are links for 'Email Notification' and 'User Manual', with the 'User Manual' link highlighted by a red dashed box. Below the navigation, there are tabs for 'Actions', 'Search', and 'Create Package'. The 'Actions' tab is selected, and it displays a table of messages. The table has columns for 'Date Received' and 'Message'. The messages are filtered by 'EDV'.

<input type="checkbox"/>	Date Received	Message
<input type="checkbox"/>	03-29-2019 09:42:30	<a href="#">There is an EDV - E&amp;D request RVW0329201900026 has been added to the system for contract H0137 from RPC.</a>
<input type="checkbox"/>	03-29-2019 09:42:25	<a href="#">There is an EDV - E&amp;D request RVW0329201900023 has been added to the system for contract H0477 from RPC.</a>

Figure 190: Access User Manual – Download

The screenshot shows a web browser window with the address bar displaying the URL: https://www.cms.gov/Research-Statistics-Data-and-Systems/CMS-Information-Technology/maphelpdesk/Dow. The page content includes the CMS logo (Centers for Medicare & Medicaid Services) and the text 'Centers for Medicare & Medicaid Services CMS eXpedited Life Cycle (XLC)'. Below this, the main heading reads 'Electronic Retroactive Processing Transmission (eRPT) Plan User Manual'.

## 4.3 Notifications

Notifications are system-generated messages sent to users to notify them about an action that has been completed on the package.

### 4.3.1 System Notifications (Actions Table) in Actions Tab

These are notifications created within the eRPT application under the “Actions” tab when the following events happen within eRPT:

- A response document was added by the RPC to a Submission Package.
- A Category 3 Submission Package was rejected by the CMS RO User.
- A CMS CO User deleted a package created by the eRPT Plan User.
- RPC downloads the package.
- RPC has uploaded a Review Package or a Follow-on FDR for a contract that a Plan user has access to.
- RPC has uploaded a Plan EDV Report for a contract that a Plan user has access to.

The following table lists all the system notifications that a Plan User will receive:

**Table 2: eRPT System Notifications (Actions Table)**

Event Name	Event Description
RPC Download a Submission or Transaction Inquiry or EDV	RPC successfully downloaded package <Package ID>.
Package Delete Notification	The package <Package ID> has been deleted by CMS Central Office user << CMS Central Office User Name >>. Please contact the user if you have any questions.
Package Reject Notification	The package <Package ID> has been rejected by CMS Regional Office/CMS Central Office. Please refer to Package Rejection notes for any clarification.
FDR Uploaded	There is FDR(s) uploaded by RPC for Package <Package ID>.
RPC Inquiry Response	There is an Inquiry Response uploaded by RPC for Package <Package ID>.
Error Report Uploaded	There is an Error Report uploaded by RPC for Package <Package ID>.
EDV Request	There is an EDV - <EDV Request Description> <Package ID> from RPC.
Follow-on FDR Notification	A Follow-On FDR has been added to the system for contract <Contract #>.
Plan EDV Report	There is a Plan EDV Report for contract <Contract ID> from RPC.

### 4.3.2 Email Notifications

These are system-generated notifications sent to the user’s email address (registered within their EIDM profile) when the following events occur in eRPT.

**Table 3: Email Notifications**

Event Name	Event Description
Package Rejected	Package <Package ID> has been rejected by CMS Regional Office/CMS Central Office user. Please contact the Regional Office/Central Office user for additional information.
FDR uploaded	There is FDR(s) uploaded by RPC for Package <Package ID>.
Error Report uploaded	There is an Error Report uploaded by RPC for Package <Package ID>.

Event Name	Event Description
Transaction Inquiry Response uploaded	There is an Inquiry Response uploaded by RPC for Package <Package ID>.
EDV Request (Review Package) uploaded	There is an EDV Request <Package ID> for contract <Contract #> from RPC.
Follow-on FDR uploaded	A Follow-on FDR has been added to the system for contract <Contract #>.
Plan EDV Report	There is a Plan EDV Report for contract <Contract ID> from RPC.

**Note:** The system will send only one (1) email daily by the end of the day detailing all such events mentioned above. The system will not send an email notification if none of the events listed above have occurred.

The screenshots below are some examples of what the daily email notification may entail.

**Figure 191: Sample Email Notification to eRPT Plan User Role, Example Email 1**

eRPT Application Email Notification - 03/29/2019 Inbox x Print Share

**ERPT@cms.hhs.gov**  
to me ▾ Fri, Mar 29, 11:02 PM ☆ ↶ ⋮

Dear User ERPTPLANUSER03,

The following notification is assigned to your EIDM User ID ERPTPLANUSER03. Please logon to Enterprise Portal ████████████████████ and access eRPT application to review these items which are assigned to you and act accordingly.

Package ID	Notification Description	Date Submitted
SUB0320201900149	Package SUB0320201900149 has been rejected by CMS Central Office user Douglas Eggers. Please contact the Central Office user for additional information.	2019-03-29 09:04:00.758
SUB0314201900120	Package SUB0314201900120 has been rejected by CMS Central Office user Douglas Eggers. Please contact the Central Office user for additional information.	2019-03-29 09:08:29.767
SUB0329201900187	Package SUB0329201900187 has been rejected by CMS Central Office user Douglas Eggers. Please contact the Central Office user for additional information.	2019-03-29 09:13:23.89
RVW0329201900023	There is an EDV - E&D request RVW0329201900023 has been added to the system for contract H0477 from RPC.	2019-03-29 09:42:25.137
RVW0329201900026	There is an EDV - E&D request RVW0329201900026 has been added to the system for contract H0137 from RPC.	2019-03-29 09:42:30.416

This is an automatically system generated email. Please don't reply to this email. Contact the MAPD Help Desk via email [mapdhelp@cms.hhs.gov](mailto:mapdhelp@cms.hhs.gov) (via Phone 1-800-927-8069), if you have any questions or concerns related to this email.

**Figure 192: Sample Email Notification to eRPT Plan User Role, Example Email 2**

### 4.3.2.1 Email Notification Preferences

1. Click “Email Notification” link from within the application user interface.

**Figure 193: Email Notification Link**

2. **By default, you are subscribed to receiving the daily email notifications.** If you wish to unsubscribe, select “Unsubscribe” radio button and then click “Save”.

**Figure 194: Email Notification – Change Email Notification Preferences**

#### 4.4 Convert 'XLSM' Document to 'XLS'

In the eRPT application a user can upload documents which are available only in the following formats:

- PDF documents - Documents with .pdf extension.
- Excel documents - Documents with .XLS or .XLSX extension.

In this section, we will discuss how documents with unsupported excel formats like 'XLSM' can be converted to acceptable formats to upload in the eRPT application. For our example, we will discuss how to convert the RPC submission spreadsheet that is available on the Reed & Associates website in 'XLSM' format to 'XLS' format. An 'XLSM' document can be identified by its extension. This type of document will have the extension “.XLSM” as shown in Figure 94.

**Figure 195: XLSM Documents**

**Note:** Please convert the RPC Submission Spreadsheet document to XLS after it has been completed with all the required information and validated using the validation function available within the spreadsheet.

- 1 Locate the complete RPC Submission Spreadsheet on your local directory.
- 2 Open the RPC Submission Spreadsheet by double clicking on the document.
- 3 Click **File ->Save As**.
- 4 Select **Excel 97-2003 Workbook (\*.XLS)** from Save as type drop-down.
- 5 Click **Save**.
- 6 The following Microsoft Excel – Compatibility Checker will be displayed to the user.
- 7 Click **Continue**.

**Figure 196: Convert XLSM Document – Compatibility Checker**

- 8 A new copy of RPC Submission Spreadsheet will be created in the 'XLS' format. A copy of RPC Submission Spreadsheet in 'XLSM' format will also be available to the users.

**Note:** This document is ready to be uploaded via the eRPT application for your Submission Package. Please make sure to follow the steps provided in the above section to convert all 'XLSM' documents. If the documents are not converted using other steps there is a tendency for the documents to get corrupted and the user will not be able to upload the documents via the eRPT application.

If the documents are corrupted during conversion the user will receive the following error message during upload.

**Figure 197: Convert XLSM Document – Error**

**Note:** This conversion should not modify any information that has already been added in your RPC Submission Spreadsheet. If you experience any issues, please contact the MAPD Helpdesk at [mapdhelp@cms.hhs.gov](mailto:mapdhelp@cms.hhs.gov) or 1-800-927-8069.

## 5. Troubleshooting & Support

---

Reference the below information should an error occur during usage of the eRPT system.

### 5.1 Error Messages

Based on the error message the user should contact the MAPD Helpdesk at 1-800-927-8069 or [mapdhelp@cms.hhs.gov](mailto:mapdhelp@cms.hhs.gov). The user will need to create an incident ticket with the helpdesk.

The user will need to provide the following information when reporting the issue:

- User's First and Last Name
- User's EIDM ID
- Contact information (email and phone are preferred)
- Package ID, if known
- Error Message and screenshot, if applicable
- Steps followed to create the issue, if applicable.

### 5.2 Special Considerations

None.

## 5.3 Support

**Table 4: Support Points of Contact**

## Appendix B: Package Status

A package can be tracked in the eRPT application by referring to the status of the package. Following are the status values and descriptions of the statuses that are supported in the eRPT application.

**Note:** The status value on a package is dependent on the Package Type and Package Category.

**Table 8: Package Status**

Package Status	Package Description
Draft	When a package is created but not yet submitted to the eRPT application.
Pending RO Approval	When a package is submitted by the Plan Users but waiting for the Regional Office (RO) Approval Letter from the Regional Office Account Manager. This status is applicable only for Category 3 -> Submission Package
Open	When a submission package is submitted to eRPT and ready for the Retroactive Processing Contractor (RPC) to download or when a review package is uploaded for a Plan User to respond.
Completed	When a review package is submitted by the Plan User with all the response documents.
Downloading	When the RPC is downloading the package.
In Process	When the RPC is processing the package.
Closed	When a retroactive package processing has been completed by the RPC the package status will be marked has closed.
Deleted	When a retroactive package is deleted by the CO User the package status will be marked as deleted.

## Appendix C: Document Upload Functions

The following table lists the document upload functions that will be available for the Plan Users under Submission Documents and Response Documents tab.

**Table 9: Document Upload Functions**

Type of User	Package Type – Category Code	Submission Documents	Response Documents
Plan User	Submission Package – Category 2	<ul style="list-style-type: none"> <li>• RPC Submission Spreadsheet</li> <li>• RPC Supporting Documentation</li> <li>• RPC Submission Cover Letter</li> </ul>	N/A
Plan User	Submission Package – Category 3	<ul style="list-style-type: none"> <li>• RPC Submission Spreadsheet</li> <li>• RPC Supporting Documentation</li> <li>• RPC Submission Cover Letter</li> </ul>	N/A
Plan User	Submission Package – Special	<ul style="list-style-type: none"> <li>• RPC Submission Spreadsheet</li> <li>• RPC Supporting Documentation</li> <li>• RPC Submission Cover Letter</li> </ul>	N/A
Plan User	Submission Package – Resubmission	<ul style="list-style-type: none"> <li>• RPC Submission Spreadsheet</li> <li>• RPC Supporting Documentation</li> <li>• RPC Submission Cover Letter</li> </ul>	N/A
Plan User	Transaction Inquiry Package	<ul style="list-style-type: none"> <li>• RPC Transaction Inquiry Request</li> </ul>	N/A
Plan User	Review Package	N/A	RPC Supporting Documentation

## Appendix D: Package Documents

The following table lists the documents that are required and must be submitted during Package creation/ submission.

**Note:** Please refer to Reed and Associates website at <http://www.reedassociates.org/> (refer to section CMS-RPC) regarding RPC's SOP, the required documentation and documentation format that needs to be submitted for the package.

**Table 10: Package Documents**

Package Type	Documents	eRPT Document Type Value
Submission Package – Category 2	<ul style="list-style-type: none"> <li>Cover Letter (PDF file)</li> <li>Spreadsheet (XLS or XLSX file)</li> <li>Supporting documents (PDF file(s))</li> </ul>	<ul style="list-style-type: none"> <li>RPC Submission Cover Letter</li> <li>RPC Submission Spreadsheet</li> <li>RPC Supporting Documentation</li> </ul>
Submission Package – Category 3	<ul style="list-style-type: none"> <li>Cover Letter (PDF file)</li> <li>Spreadsheet (XLS or XLSX file)</li> <li>Supporting documents (PDF file(s))</li> <li>Approval Letter</li> </ul>	<ul style="list-style-type: none"> <li>RPC Submission Cover Letter</li> <li>RPC Submission Spreadsheet</li> <li>RPC Supporting Documentation</li> <li>Approval Letter</li> </ul>
Submission Package – Category CTM	<ul style="list-style-type: none"> <li>Cover Letter (PDF file)</li> <li>Spreadsheet (XLS or XLSX file)</li> <li>Supporting documents (PDF file(s))</li> </ul>	<ul style="list-style-type: none"> <li>RPC Submission Cover Letter</li> <li>RPC Submission Spreadsheet</li> <li>RPC Supporting Documentation</li> </ul>
Submission Package – Special	<ul style="list-style-type: none"> <li>Cover Letter (PDF file)</li> <li>Spreadsheet (XLS or XLSX file)</li> <li>Supporting documents (PDF file(s))</li> <li>Approval Letter</li> </ul> <p><b>Note:</b> Uploading RPC Submission Cover Letter and RPC Supporting Documentation to Special Submission Package is 'optional'.</p>	<ul style="list-style-type: none"> <li>RPC Submission Cover Letter</li> <li>RPC Submission Spreadsheet</li> <li>RPC Supporting Documentation</li> <li>Approval Letter</li> </ul>
Submission Package – Resubmission	<ul style="list-style-type: none"> <li>Cover Letter (PDF file)</li> <li>Spreadsheet (XLS or XLSX file)</li> <li>Supporting documents (PDF file(s))</li> </ul>	<ul style="list-style-type: none"> <li>RPC Submission Cover Letter</li> <li>RPC Submission Spreadsheet</li> <li>RPC Supporting Documentation</li> </ul>
Submission Package – Payment Validation	<ul style="list-style-type: none"> <li>Cover Letter (PDF file)</li> <li>Spreadsheet (XLS or XLSX file)</li> <li>Supporting documents (PDF file(s))</li> </ul>	<ul style="list-style-type: none"> <li>RPC Submission Cover Letter</li> <li>RPC Submission Spreadsheet</li> <li>RPC Supporting Documentation</li> </ul>
Transaction Inquiry Package	<ul style="list-style-type: none"> <li>Inquiry Request form (XLS or XLSX file)</li> </ul>	<ul style="list-style-type: none"> <li>RPC Transaction Inquiry Request</li> </ul>
Review Package	<ul style="list-style-type: none"> <li>EDV Validation Spreadsheet (XLS or XLSX files)</li> <li>Supporting documents (PDF, XLS, or XLSX file(s))</li> </ul>	<ul style="list-style-type: none"> <li>Enrollment Data Validation (EDV) Request Spreadsheet</li> <li>RPC Supporting Documentation</li> </ul>

## Appendix E: Keyboard Interaction Shortcuts

The following table lists the keyboard interaction shortcuts to navigate the application using keyboard only.

**Table 11: Keyboard Interaction Shortcuts**

Keyboard Shortcut	Description of the Shortcut
<b>Keyboard Interaction – Date Picker:</b>	
<b>While the Date Picker is open, the following key commands are available.</b>	
Page Up	Move to the previous month
Page Down	Move to the next month
Ctrl + Page Up	Move to the previous year
Ctrl + Page Down	Move to the next year
Ctrl + Home	Open the date picker if closed
Ctrl/Command + Home	Move to the current month
Ctrl/Command + Left	Move to the previous day
Ctrl/Command + Right	Move to the next day
Ctrl/Command + Up	Move to the previous week
Ctrl/Command + Down	Move to the next week
Enter	Select the focused date
Ctrl/Command + End	Close the date picker and erase the date
Escape	Close the date picker without selection
<b>Keyboard Interaction – Tabs:</b>	
<b>When focus is on a tab, the following key commands are available.</b>	
Up/Left	Move focus to the previous tab. If on first tab, moves focus to last tab. Activates focused tab after a short delay.
Down/Right	Move focus to the next tab. If on last tab, moves focus to first tab. Activates focused tab after a short delay.
Ctrl + Up/Left	Move focus to the previous tab. If on first tab, moves focus to last tab. The focused tab must be manually activated.
Ctrl + Down/Right	Move focus to the next tab. If on last tab, moves focus to first tab. The focused tab must be manually activated.
Home	Move focus to the first tab. Activates focused tab after a short delay.
End	Move focus to the last tab. Activates focused tab after a short delay.
Ctrl + Home	Move focus to the first tab. The focused tab must be manually activated.
Ctrl + End	Move focus to the last tab. The focused tab must be manually activated.
Space	Activates panel associated with focused tab.
Enter	Activates or toggles panel associated with focused tab.
Alt/Option + Page Up	Move focus to the previous tab and immediately activate.
Alt/Option + Page Down	Move focus to the next tab and immediately activate.
<b>When focus is in a panel, the following key commands are available.</b>	
Ctrl + Up	Move focus to associated tab.
Alt/Option + Page Up	Move focus to the previous tab and immediately activate.
Alt/Option + Page Down	Move focus to the next tab and immediately activate.
<b>Keyboard Interaction – Tabs with Accordion:</b>	
<b>When focus is on a header, the following key commands are available.</b>	
Up/Left	Move focus to the previous header. If on first header, moves focus to last header.
Down/Right	Move focus to the next header. If on last header, moves focus to first header.
Home	Move focus to the first header.
End	Move focus to the last header.

Keyboard Shortcut	Description of the Shortcut
Space/Enter	Activate panel associated with focused header.
<b>When focus is in a panel, the following key commands are available.</b>	
Ctrl + Up	Move focus to associated header.

## Appendix F: Acronyms

Table 12: Acronyms

Acronym	Literal Translation
CMS	Centers for Medicare & Medicaid Services
CO	Central Office
CTM	Complaint Tracking Module
CTS	Content Transport Service
ECM	Enterprise Content Management
EDV	Enrollment Data Validation
EIDM	Enterprise Identity Management
eRPT	Electronic Retroactive Processing Transmission
ESRD	End Stage Renal Disease
FDR	Final Disposition Report
HPMS	Health Plan Management System
ID	Identifier
IE	Internet Explorer
LI-NET	Limited Income Newly Eligible Transition
LIS	Low Income Subsidy
MAO	Medicare Advantage Organization
MAPD	Medicare Advantage Prescription Drug
MA-PDP	Medicare Advantage Prescription Drug Plan
MARX	Medicare Advantage Prescription Drug System
MFA	Multi Factor Authentication
MMP	Medicare-Medicaid Plans
PACE	Program for All-Inclusive Care for the Elderly
PBP	Plan Benefit Package
PDF	Portable Document Format
PDP	Prescription Drug Plan
RAC	Residence Address Change
RO	Regional Office
RPC	Retroactive Processing Contractor
SCC	State County Code
SOP	Standard Operating Procedure
URL	Uniform Resource Locator
XLC	eXpedited Life Cycle
XLS	Excel File

## Appendix G: Glossary

Table 13: Glossary

Term	Definition
<b>Contract ID</b>	A unique five-character alphanumeric identifier assigned by CMS's Health Plan Management System (HPMS) and Medicare Drug and Health Plan Contract Administration Group (MCAG) to qualifying organizations approved to offer Medicare Advantage health and cost plans. Medicare Advantage contract numbers are prefixed with the following alphabetic characters identifying the type of product offered or the type of organization approved to offer a particular health care plan and are followed by 4-digits: H or 9 = Local Managed Care Contractors R = Regional Managed Care Contractors S = Medicare Prescription Drug Plans F = Fallback Plans For example, Hxxxx where xxxx=the assigned 4-digit number.
<b>Error Reports</b>	A list identifying the specific transaction requests within the RPC Submission Spreadsheet submitted by a MA, MAPD, and PDP sponsoring organizations which were not properly uploaded into the RPC system. The report is returned to the submitter for resubmission to the RPC.
<b>FDR</b>	A report indicating the CMS processing status of each transaction request previously submitted in the RPC Submission Spreadsheet.
<b>Follow-on Final Disposition Report</b>	A report indicating the CMS processing status for RPC initiated transactions. These submissions are a result of RPC's inability to process due to CMS system errors; corrective actions performed by the RPC; or an action directed by a CMS Regional or Central Office user. The transactions on these reports may have originated from multiple package submissions and may be a follow-up response to the Plan's initial RPC Submission Spreadsheet.
<b>MARx</b>	Medicare Advantage Prescription Drug System, the name for the current application that processes enrollment and beneficiary-level payments for Medicare Advantage and Part D.
<b>Notification</b>	A system message triggered by a workflow or processing event that is displayed to the user. The message typically instructs the user to take some form of action or informs the user that a specific processing event has occurred.
<b>Parent Organization</b>	Parent Organizations are the entity which oversees the various approved Plans.
<b>Plan EDV Report</b>	This is an EDV Report specific to each Plan contract in eRPT.
<b>The Plans</b>	The eRPT user groups from Medicare Advantage (MA), PDP, Cost Plans, or PACE organization who submit beneficiary enrollment/disenrollment change requests via eRPT application for processing.
<b>Response Documents</b>	The Documents that are added to the package by the RPC user.
<b>Retroactive Processing Contractor (RPC)</b>	The Medicare contractor responsible for processing retroactive Medicare Advantage (MA) and Prescription Drug Plan (PDP) beneficiary enrollment/disenrollment change requests submitted by plan/sponsors.

Term	Definition
<b>Review Package</b>	<p>The EDV review process performed by the RPC consists of a monthly sample review of enrollment related transactions submitted to CMS. All organizations that submit activity via the MARx UI, or batch-submitted actions will be selected for review. The RPC will request supporting documentation for the transactions selected within the monthly EDV sample set. The monthly sample review will be for the previous month's activity in MARx reported on each organization's Transaction Reply Request (TRR). Upon receipt of the documentation, the RPC shall review the documentation submitted for the sampled transactions to verify the documentation provided by the organization supports the transaction submitted to CMS.</p> <p>The RPC will report all audit findings to the appropriate CMS RO Account Manager for final review and to address any follow-up needed on negative findings.</p>
<b>Submission Documents</b>	<p>These are the documents that are added to the package during creation and also during package processing by the CMS RO user.</p>
<b>Submission Package</b>	<p>Retroactive enrollment-related transactions submitted by a Plan to RPC such as Enrollments, Disenrollments, Reinstatements, LIS Deeming Updates, and Medicaid and SCC changes. Submissions are further classified by the following types:</p> <ol style="list-style-type: none"> <li>1. Category 2 - Timely retroactive enrollment transactions (including Payment Validation Adjustments and Caseworker Approved CTM Cases) that may be submitted to the RPC without additional RO approval. Please refer RPC's SOP on their website for the types of retroactive transactions that do not require RO Approval.</li> <li>2. Category 3 - Untimely (i.e. current calendar month minus 3 months or more) or other retroactive transactions that may be submitted to the RPC requiring RO approval prior to submission. Please refer RPC's SOP on their website for the types of retroactive transactions that require RO Approval.</li> <li>3. Compliant Tracking Module (CTM) - A retroactive request submitted by a Plan in order to address a complaint filed by a Medicare beneficiary or their caregiver via the Health Plan Management System Complaint Tracking Module (HPMS CTM).</li> <li>4. Payment Validation (PayVal) - The Retroactive Processing Contractor (RPC) monthly review of a set of sample payments which consists of randomly selected transactions submitted directly to CMS through MARx post MARx R&amp;M release. Upon receipt of the documentation, the RPC shall review the documentation submitted for the sampled transactions to verify the documentation provided by the organization supports the transaction submitted to CMS.</li> <li>5. Resubmission - Timely retroactive enrollment transactions (including Payment Validation Adjustments and Caseworker Approved CTM Cases) that have been previously submitted but not processed as requested by (NPAR) by the RPC and do not require additional RO approval for processing.</li> <li>6. Special - A customized user Package submitted by the CMS Central Office Staff or Plan Users (with CMS approval) to RPC.</li> <li>7. Resubmission - Timely retroactive enrollment transactions (including Payment Validation Adjustments to verify the documentation provided by the organization supports the transaction submitted to CMS.</li> <li>8. Resubmission - Timely retroactive enrollment transactions (including Payment Validation Adjustments and Caseworker Approved CTM Cases) that have been previously submitted but not processed as requested by (NPAR) by the RPC and do not require additional RO approval for processing.</li> <li>9. Special - A customized user Package submitted by the CMS Central Office Staff or Plan Users (with CMS approval) to RPC.</li> </ol>

<b>Term</b>	<b>Definition</b>
<b>Submitting Organization</b>	An organization with the authorized capability of submitting packages/inquires to eRPT.
<b>Transaction Inquiry Package</b>	These packages are created to launch specific inquiries for packages within eRPT.
<b>Transaction Reply Code (TRC)</b>	Codes used to explain what action MARx took in response to new information from CMS systems or in response to input from Plans, CMS, or other users.
<b>User Interface</b>	The mechanism by which the user will view, update packages in the Retroactive Process in eRPT.
<b>Web Service</b>	The mechanism by which the RPC will communicate with the eRPT system.
