The National Summary of State Medicaid Managed Care Programs is composed annually by the Data and Systems Group (DSG) of the Centers for Medicare & Medicaid Services (CMS). The report provides descriptions of the States’ Medicaid managed care programs as of July 1, 2010. The data was collected from State Medicaid Agencies and CMS Regional offices, and submitted for final review to DSG, Family and Children’s Health Program Group (FCHPG), and Disabled and Elderly Health Program Group (DEHPG) and CMS Regional offices. Special thanks to Carolyn Lawson and Loan Swisher of DSG for developing the publication and Joseph Del Pilar of DSG for designing the publication.

Please contact Carolyn Lawson at 410-786-0704; E-mail: carolyn.lawson@cms.hhs.gov or Loan Swisher at 410-786-4650; E-mail: loan.swisher@cms.hhs.gov, if you have any questions concerning this report.

Maternity Care Program

State Quality Assessment and Improvement
Activities:
- Consumer Self-Report Data (see below for details)
- Encounter Data (see below for details)
- Enrollee Hotlines
- On-Site Reviews
- Performance Improvement Projects (see below for details)
- Performance Measures (see below for details)
- Provider Data

Use of Collected Data:
- Contract Standard Compliance
- Monitor Quality Improvement
- Program Evaluation
- Track Health Service provision

Consumer Self-Report Data:
- State-developed Survey

Use of HEDIS:
- The State DOES NOT use any of the HEDIS measures
- The State DOES NOT generate from encounter data any of the HEDIS measure listed for Medicaid

Encounter Data

Collection: Requirements:
- Must meet normal editing/auditing processes as other claims

Collection: Standardized Forms:
None

Collections - Submission Specifications:
None

Validation - Methods:
- Automated edits of key fields used for calculation (e.g. codes within an allowable range)

PAHP conducts data accuracy check(s) on specified data elements:
- Date of Service
- Provider ID
- Medicaid Eligibility
- Plan Enrollment
- Diagnosis Codes
- Procedure Codes
- Revenue Codes
- Age-appropriate diagnosis/procedure
- Gender-appropriate diagnosis/procedure

State conducts general data completeness assessments:
No

Performance Measures

Process Quality:
None

Access/Availability of Care:
- Access to subcontractors who are 50 miles/50 minutes of recipient

Health Status/Outcomes Quality:
- Patient satisfaction with care
- Percentage of low birth weight infants

Use of Services/Utilization:
- Percentage of women who began prenatal care during first 13 weeks of pregnancy
- Percentage of women who enroll when already pregnant, who begin prenatal care within 6 weeks after enrolling
- Percentage of women with live births who had post-partum visit between 21-56 days after delivery
- Percentage who have recommended number of pre-natal visits per ACOG

Health Plan Stability/ Financial/Cost of Care:
None

Health Plan/ Provider Characteristics:
None

Beneficiary Characteristics:
None

Performance Measures - Others:
None
Performance Improvement Projects

Project Requirements:
- Individual PAHPs are required to conduct a project prescribed by the State Medicaid agency

Clinical Topics:
- Low birth-weight baby
- Pre-natal care
- Smoking prevention and cessation

Non-Clinical Topics:
- Appeals, grievances and other complaints
- Availability, accessibility & cultural competency of services
- Interpersonal aspects of care

Standards/Accreditation

PAHP Standards:
None

Accreditation Required for Participation:
None

Non-Duplication Based on Accreditation:
None

QUALITY ACTIVITIES FOR PCCM

Quality Oversight Activities:
- Consumer Self-Report Data (see below for details)
- Independent assessment of program impact, access, quality & cost-effectiveness
- Performance Measures (see below for details)
- Provider Data

Use of Collected Data:
- Contract Standard Compliance
- Fraud and Abuse
- Monitor Quality Improvement
- Program Evaluation
- Provider Profiling
- Regulatory Compliance/Federal Reporting

Consumer Self-Report Data:
- State-developed Survey

Performance Measures

Process Quality:
- Asthma Related ER Visits
- Covered and Non-covered Days Per 1000
- Emergency room visits
- EPSDT screening rate
- HBA1C test performance
- Office visits per unique enrollee
- Pharmacy utilization

Health Status/Outcomes Quality:
- Patient satisfaction with care
- Percentage of patients with PMP vs. referral rate

Access/Availability of Care:
- Average distance to primary care case manager
- Average wait time for an appointment with primary care case manager

Use of Services/Utilization:
- Drug Utilization
- Emergency room visits/1,000 beneficiaries

Provider Characteristics:
None

Beneficiary Characteristics:
None

Performance Measures - Others:
None

None

SERVING PEOPLE WITH COMPLEX (SPECIAL) NEEDS

Program Includes People with Complex (Special) Needs:
Yes

Strategies Used to Identify Persons with Complex (Special) Needs:
- Uses eligibility data to identify members of these groups

Agencies with which Medicaid Coordinates the Operation of the Program:
- California Children's Services

PARTICIPATING PLANS/PCCM AND OTHER PROGRAMS

Access Dental Plan-Sacramento
Health Net of CA-Dental-Sacramento
Western Dental Services-Sacramento

Community Dental Services/Sacramento
Liberty Dental Plan of CA/Sacramento

ADDITIONAL INFORMATION

This waiver operates in conjunction with Section 1932(a) authority for the Two-Plan, San Diego GMC, and Sacramento GMC programs. The 1915(b) waiver provides the additional authority necessary for mandatory enrollment of those populations that would otherwise be excluded from mandatory enrollment in these three models under Section 1932(a). The waiver allows for mandatory enrollment of children receiving services through CCS (the States Title V program for children with special health care needs) and for mandatory enrollment into dental managed care under Sacramento GMC.

QUALITY ACTIVITIES FOR PAHP
## State Quality Assessment and Improvement

**Activities:**
- Encounter Data (see below for details)
- PAHP Standards (see below for details)
- Performance Measures (see below for details)

**Use of Collected Data:**
- Contract Standard Compliance
- Track Health Service provision

**Use of HEDIS:**
- The State DOES NOT use any of the HEDIS measures
- The State DOES NOT generate from encounter data any of the HEDIS measure listed for Medicaid

### Encounter Data

**Collection: Requirements:**
- Specifications for the submission of encounter data to the Medicaid agency
- Standards to ensure complete, accurate, timely encounter data submission

**Collections - Submission Specifications:**
- Data submission requirements including documentation describing set of encounter data elements, definitions, sets of acceptable values, standards for data processing and editing

**Collection: Standardized Forms:**
None

**Validation - Methods:**
- Verify Provider ID with States Provider Master File

PAHP conducts data accuracy check(s) on specified data elements:
- None
- Provider ID

State conducts general data completeness assessments:
- No

## Performance Measures

**Process Quality:**
None

**Health Status/Outcomes Quality:**
None

**Access/Availability of Care:**
None

**Use of Services/Utilization:**
- Number of procedures provided and monthly and yearly unduplicated users

**Health Plan Stability/ Financial/Cost of Care:**
None

**Health Plan/ Provider Characteristics:**
None

**Beneficiary Characteristics:**
None

**Performance Measures - Others:**
None

## Standards/Accreditation

**PAHP Standards:**
- State-Developed/Specified Standards

**Accreditation Required for Participation:**
None

**Non-Duplication Based on Accreditation:**
None

### Serving People with Complex (special) Needs

**Program Includes People with Complex (Special) Needs:**

Yes

**Strategies Used to Identify Persons with Complex (Special) Needs:**

- Uses eligibility data to identify members of these groups
- Uses other means to identify members of these groups - program linkage and/or family contact
- Uses provider referrals to identify members of these groups

**Agencies with which Medicaid Coordinates the Operation of the Program:**

- Education Agency
- Maternal and Child Health Agency
- Mental Health Agency
- Public Health Agency
- Social Services Agency
- Substance Abuse Agency

### Participating Plans/PCCM and Other Programs

Santa Barbara San Luis Obispo Regional Health Authority

### Additional Information
State Quality Assessment and Improvement Activities:
- Consumer Self-Report Data (see below for details)
- Encounter Data (see below for details)
- Enrollee Hotlines
- Focused Studies
- MCO Standards (see below for details)
- Ombudsman
- On-Site Reviews
- Performance Improvement Projects (see below for details)
- Performance Measures (see below for details)

Use of Collected Data:
- Contract Standard Compliance
- Data Mining
- Drug Rebate
- Enhanced/Revise State managed care Medicaid Quality Strategy
- Fraud and Abuse
- Health Services Research
- Monitor Quality Improvement
- Plan Reimbursement
- Program Evaluation
- Program Modification, Expansion, or Renewal
- Regulatory Compliance/Federal Reporting
- Track Health Service provision

Use of HEDIS:
- The State uses SOME of the HEDIS measures listed for Medicaid
- The State generates from encounter data SOME of the HEDIS measures listed for Medicaid
- State use/requires MCOs to follow NCQA specifications for all of the HEDIS measures listed for Medicaid that it collects

Consumer Self-Report Data:
- CAHPS
  - Adult Medicaid AFDC Questionnaire
  - Child Medicaid AFDC Questionnaire

Collection: Requirements:
- Definition(s) of an encounter (including definitions that may have been clarified or revised over time)
- Requirements for data validation
- Requirements for MCOs to collect and maintain encounter data
- Specifications for the submission of encounter data to the Medicaid agency
- Standards to ensure complete, accurate, timely encounter data submission

Collections: Submission Specifications:
- Data submission requirements including documentation describing set of encounter data elements, definitions, sets of acceptable values, standards for data processing and editing
- Deadlines for regular/ongoing encounter data submission(s)
- Encounters to be submitted based upon national standardized forms (e.g. UB-04, NCPDP, ASC X12 837, ADA)
- Guidelines for frequency of encounter data submission
- Guidelines for initial encounter data submission
- Use of Medicaid Identification Number for beneficiaries

Collection: Standardized Forms:
- ANSI ASC X12 837 - transaction set format for transmitting health care claims data
- NCPDP - National Council for Prescription Drug Programs pharmacy claim form
- NSF - (National Standard Format) - the CMS approved electronic flat file format for transmitting non-institutional billing data between trading partners, such as physicians and suppliers
- UB-04 (CMS 1450) - (Uniform Billing) - the CMS approved electronic flat file format for transmitting institutional billing data between trading partners, such as hospitals, long term care facilities, etc.

Validation - Methods:
- Automated analysis of encounter data submission to help determine to data completeness (e.g. frequency distributions, cross-tabulations, trend analysis, etc.)
- Automated edits of key fields used for calculation (e.g. codes within an allowable range)
- Comparison to benchmarks and norms (e.g. comparisons to State FFS utilization rates, comparisons to MCO commercial utilization rates, comparisons to national norms, comparisons to submitted bills or cost-ratios)

MCO/HIO conducts data accuracy check(s) on specified data elements:
- Date of Service
- Date of Processing
- Date of Payment
- Provider ID

State conducts general data completeness assessments:
Yes
Performance Measures

Process Quality:
- Adolescent well-care visit rate
- Appropriate treatment for Children with Upper Respiratory Infection (URI)
- Avoidance of antibiotic treatment in adults with acute Bronchitis
- Breast Cancer screening rate
- Cervical cancer screening rate
- Diabetes management/care
- Diabetes medication management
- Immunizations for two year olds
- Initiation of prenatal care - timeliness of
- Postpartum care
- Use of imaging studies for low back pain
- Weight assessment and counseling for nutrition and physical activity for children and adolescents
- Well-child care visit rates in 3, 4, 5, and 6 years of life

Health Status/Outcomes Quality:
- Patient satisfaction with care
- Percentage of beneficiaries who are satisfied with their ability to obtain care

Access/Availability of Care:
- Average distance to PCP

Use of Services/Utilization:
- Ambulatory care - ambulatory surgery/procedures
- Ambulatory care - emergency department visits
- Ambulatory care - observation room stays
- Ambulatory care - outpatient visits
- Drug Utilization
- Emergency room visits/1,000 beneficiary
- Frequency of selected procedures
- Inpatient admissions/1,000 beneficiary

Health Plan Stability/Financial/Cost of Care:
- Actual reserves held by plan
- Days cash on hand
- Days in unpaid claims/claims outstanding
- Expenditures by medical category of service (i.e., inpatient, ER, pharmacy, lab, x-ray, dental, vision, etc.)
- Medical loss ratio
- Net income
- Net worth
- State minimum reserve requirements
- Total revenue

Beneficiary Characteristics:
- Information on primary languages spoken by beneficiaries

Health Plan/Provider Characteristics:
- Board Certification

Performance Measures - Others:
None

Performance Improvement Projects

Project Requirements:
- MCOs are required to conduct a project(s) of their own choosing
- All MCOs participating in the managed care program are required to conduct a common performance improvement project(s) prescribed by State Medicaid agency

Clinical Topics:
- Emergency Room service utilization
- Weight assessment and counseling for nutrition and physical activity for children and adolescents

Non-Clinical Topics:
None
CALIFORNIA
COHS Santa Barbara San Luis Obispo Regional Health Authority

SLMB, QI, and QDWI

Part D Benefit

MCE has Medicare Contract:
Yes

Scope of Part D Coverage:
Enhanced Alternative Coverage

Coverage of Part D Excluded Drugs in Medicaid Managed Care Contracts:
-Agents when used for anorexia, weight loss, weight gain
-Agents when used for symptomatic relief of cough and colds
-Barbiturates
-Benzodiazepines
-Nonprescription drugs
-Prescription vitamins and mineral products, except prenatal vitamins and fluoride preparations
-Smoking Cessation (except dual eligibles as Part D will cover)

Provides Part D Benefits:
Yes

Part D - Enhanced Alternative Coverage:
Not Applicable

SERVING PEOPLE WITH COMPLEX (SPECIAL) NEEDS

Program Includes People with Complex (Special) Needs:
Yes

Strategies Used to Identify Persons with Complex (Special) Needs:
-Uses eligibility data to identify members of these groups
-Uses other means to identify members of these groups - program linkage and/or family contact.
-Uses provider referrals to identify members of these groups

Agencies with which Medicaid Coordinates the Operation of the Program:
-Education Agency
-Maternal and Child Health Agency
-Mental Health Agency
-Public Health Agency
-Social Services Agencies
-Substance Abuse Agency

PARTICIPATING PLANS/PCCM AND OTHER PROGRAMS

Caloptima-Orange
Authorizes county operated managed health care programs in specific counties. This waiver includes California Orange Prevention and Treatment Integrated Medical Assistance (CalOPTIMA) (Orange County), Central California Alliance for Health (Santa Cruz, Merced & Monterey counties), and Partnership Health Plan of California (Solano, Sonoma, Napa, & Yolo counties). Enrollment is mandatory for all covered aid codes. These entities have special waiver authority under OBRA 1990. In Yolo County, a small health plan, Sutter Senior Care, that serves a limited number of ZIP codes, coexists in a county with Partnership Health Plan. Not all services are available through the HIO in all counties.

**QUALITY ACTIVITIES FOR MCO/HIO**

**Activities:**
- Consumer Self-Report Data (see below for details)

Durable Medical Equipment, EPSDT, Family Planning, Health
Education, Hearing, Hospice, Immunization, Inpatient
Hospital, Laboratory, Outpatient Hospital, Pharmacy, Physical
Therapy, Physician, Podiatry, Skilled Nursing Facility, Speech
Therapy, Transportation, Vision, X-Ray

Allowable PCPs:
-Family Practitioners
-General Practitioners
-Indian Health Service (IHS) Providers
-Nurse Midwives
-Obstetricians/Gynecologists
-Pediatricians

Enrollment

Populations Voluntarily Enrolled: None

Populations Mandatorily Enrolled:
-Aged and Related Populations
-Blind/Disabled Adults and Related Populations
-Blind/Disabled Children and Related Populations
CALIFORNIA
Health Plan of San Mateo

- Breast Cervical Cancer Preventive treatment
- Children with Accelerated Eligibility
- Foster Care Children
- Medi-Cal Eligibles with Share Cost
- Medically Needy
- Medicare Dual Eligibles
- Section 1931 Adults and Related Populations
- Section 1931 Children and Related Populations
- Title XXI CHIP (non-State only Healthy Families)

Subpopulations Excluded from Otherwise Included Populations:
- CHIP Title XXI Children (State only Healthy Families)
- Enrolled in Another Managed Care Program
- Medicare Dual Eligibles

Lock-In Provision:
Does not apply because State only contracts with one managed care entity

Medicare Dual Eligibles Included:
QMB Plus, SLMB Plus, and Medicaid only

Medicare Dual Eligibles Excluded:
QMB
SLMB, QI, and QDWI

Part D Benefit
MCE has Medicare Contract:
Yes

Provides Part D Benefits:
No

Scope of Part D Coverage:
Not Applicable

Part D - Enhanced Alternative Coverage:
Not Applicable

Coverage of Part D Excluded Drugs in Medicaid Managed Care Contracts:
- Agents when used for anorexia, weight loss, weight gain
- Agents when used for symptomatic relief of cough and colds
- Barbiturates
- Benzodiazipines
- Nonprescription drugs
- Prescription vitamins and mineral products, except prenatal vitamins and fluoride preparations
- Smoking Cessation (except dual eligibles as Part D will cover)

SERVING PEOPLE WITH COMPLEX (SPECIAL) NEEDS

Program Includes People with Complex (Special) Needs:
Yes

Strategies Used to Identify Persons with Complex (Special) Needs:
- Uses eligibility and claims data to identify members of these groups,
- Uses other means to identify members of these groups - program linkage and/or family contact
- Uses provider referrals to identify members of these groups

Agencies with which Medicaid Coordinates the Operation of the Program:
- Education Agency
- Maternal and Child Health Agency
- Mental Health Agency
- Public Health Agency
- Social Services Agency
- Substance Abuse Agency

PARTICIPATING PLANS/PCCM AND OTHER PROGRAMS

Health Plan of San Mateo
Health Plan of San Mateo has special waiver authority under COBRA 1985. MCO/COHS is a County Organized Health System. Waiver authorizes a county operated managed health care program in San Mateo County. Enrollment is mandatory for all covered aid codes.

### QUALITY ACTIVITIES FOR MCO/HIO

#### State Quality Assessment and Improvement

**Activities:**
- Consumer Self-Report Data (see below for details)
- Encounter Data (see below for details)
- Enrollee Hotlines
- Focused Studies
- MCO Standards (see below for details)
- Ombudsman
- On-Site Reviews
- Performance Improvement Projects (see below for details)
- Performance Measures (see below for details)

**Use of Collected Data:**
- Contract Standard Compliance
- Data Mining
- Drug rebate
- Enhanced/Revise State managed care Medicaid Quality Strategy
- Fraud and Abuse
- Health Services Research
- Monitor Quality Improvement
- Plan Reimbursement
- Program Evaluation
- Program Modification, Expansion, or Renewal
- Regulatory Compliance/Federal Reporting
- Track Health Service provision

**Consumer Self-Report Data:**
- CAHPS
  - Adult Medicaid AFDC Questionnaire
  - Child Medicaid AFDC Questionnaire

**Use of HEDIS:**
- The State uses SOME of the HEDIS measures listed for Medicaid
- The State generates from encounter data SOME of the HEDIS measures listed for Medicaid
- State use/requires MCOs to follow NCQA specifications for all of the HEDIS measures listed for Medicaid that it collects

#### Encounter Data

**Collection: Requirements:**
- Definition(s) of an encounter (including definitions that may have been clarified or revised over time)
- Requirements for data validation
- Requirements for MCOs to collect and maintain encounter data
- Specifications for the submission of encounter data to the Medicaid agency
- Standards to ensure complete, accurate, timely encounter data submission

**Collections: Submission Specifications:**
- Data submission requirements including documentation describing set of encounter data elements, definitions, sets of acceptable values, standards for data processing and editing
- Deadlines for regular/ongoing encounter data submission(s)
- Encounters to be submitted based upon national standardized forms (e.g. UB-04, NCPDP, ASC X12 837, ADA)
- Guidelines for frequency of encounter data submission
- Guidelines for initial encounter data submission
- Use of Medicaid Identification Number for beneficiaries

**Collection: Standardized Forms:**
- ANSI ASC X12 837 - transaction set format for transmitting health care claims data
- NCPDP - National Council for Prescription Drug Programs pharmacy claim form
- NSF - (National Standard Format) - the CMS approved electronic flat file format for transmitting non-institutional billing data between trading partners, such as physicians and suppliers
- UB-04 (CMS 1450) - (Uniform Billing) - the CMS approved electronic flat file format for transmitting institutional billing data between trading partners, such as hospitals, long term care facilities, etc.

**Validation - Methods:**
- Automated analysis of encounter data submission to help determine to data completeness (e.g. frequency distributions, cross-tabulations, trend analysis, etc.)
- Automated edits of key fields used for calculation (e.g. codes within an allowable range)
- Comparison to benchmarks and norms (e.g. comparisons to State FFS utilization rates, comparisons to MCO commercial utilization rates, comparisons to national norms, comparisons to submitted bills or cost-ratios)
MCO/HIO conducts data accuracy check(s) on specified data elements:
- Date of Service
- Date of Processing
- Date of Payment
- Provider ID
- Medicaid Eligibility
- Procedure Codes

State conducts general data completeness assessments:
Yes

Performance Measures

Process Quality:
- Adolescent well-care visit rate
- Appropriate treatment for Children with Upper Respiratory Infection (URI)
- Avoidance of antibiotic treatment in adults with acute Bronchitis
- Breast Cancer screening rate
- Cervical cancer screening rate
- Diabetes management/care
- Diabetes medication management
- Immunizations for two year olds
- Initiation of prenatal care - timeliness of
- Postpartum care
- Use of imaging studies for low back pain
- Weight assessment and counseling for nutrition and physical activity for children and adolescents
- Well-child care visit rates in 3, 4, 5, and 6 years of life

Health Status/Outcomes Quality:
- Patient satisfaction with care
- Percentage of beneficiaries who are satisfied with their ability to obtain care

Access/Availability of Care:
- Average distance to PCP

Use of Services/Utilization:
- Ambulatory care - Ambulatory surgery/procedures
- Ambulatory care - emergency department visits
- Ambulatory care - observation room stays
- Ambulatory care - outpatient visits
- Drug Utilization
- Emergency room visits/1,000 beneficiary
- Frequency of selected procedures
- Inpatient admissions/1,000 beneficiary

Health Plan Stability/Financial/Cost of Care:
- Actual reserves held by plan
- Days cash on hand
- Days in unpaid claims/claims outstanding
- Expenditures by medical category of service (i.e., inpatient, ER, pharmacy, lab, x-ray, dental, vision, etc.)
- Medical loss ratio
- Net income
- Net worth
- State minimum reserve requirements
- Total revenue

Health Plan/Provider Characteristics:
- Board Certification

Beneficiary Characteristics:
- Information on primary languages spoken by beneficiaries

Performance Measures - Others:
None

Performance Improvement Projects

Project Requirements:
- MCOs are required to conduct a project(s) of their own choosing
- All MCOs participating in the managed care program are

Clinical Topics:
- Emergency Room service utilization
- Increasing timeliness of pre-natal care
required to conduct a common performance improvement project(s) prescribed by State Medicaid agency

Non-Clinical Topics:
None

Standards/Accreditation

MCO Standards:
-NCQA (National Committee for Quality Assurance) Standards
-State-Developed/Specified Standards

Accreditation Required for Participation:
None

Non-Duplication Based on Accreditation:
None

EQRO Name:
-Health Services Advisory Group

EQRO Organization:
-Quality Improvement Organization (QIO)

EQRO Mandatory Activities:
-Review of MCO compliance with structural and operational standards established by the State
-Validation of performance improvement projects
-Validation of performance measures

EQRO Optional Activities:
-Administration or validation of consumer or provider surveys
-Calculation of performance measures
-Technical assistance to MCOs to assist them in conducting quality activities

Pay for Performance (P4P)

Implementation of P4P:
The State HAS NOT implemented a Pay-for-Performance program with the MCO

Program Payers:
Not Applicable

Population Categories Included:
Not Applicable

Rewards Model:
Not Applicable

Clinical Conditions:
Not Applicable

Measurement of Improved Performance:
Not Applicable

Initial Year of Reward:
Not Applicable

Evaluation Component:
Not Applicable

Member Incentives:
Not Applicable

SERVING PEOPLE WITH COMPLEX (SPECIAL) NEEDS

Program Includes People with Complex (Special) Needs:
Yes
Strategies Used to Identify Persons with Complex (Special) Needs:
- Receive client file indicated Title V from Public Health Department
- Reviews complaints and grievances to identify members of these groups
- Surveys medical needs of enrollee to identify members of these groups
- Uses eligibility data to identify members of these groups
- Uses enrollment forms to identify members of these groups

Agencies with which Medicaid Coordinates the Operation of the Program:
- Developmental Disabilities Agency
- Public Health Agency

PARTICIPATING PLANS/PCCM AND OTHER PROGRAMS

Aetna Better Health
Benecare
HUSKY Primary Care

AmeriChoice by United HealthCare
Community Health Network of Connecticut
Value Options

ADDITIONAL INFORMATION

Mental Health ASO and Dental ASO are strictly Fee-for-Service. Administrative fees are paid to the ASOs.

Children at elevated risk for (biologic or acquired) chronic physical, developmental, behavioral, or emotional conditions and who also require health and related (not educational or recreational) services of a type and amount not usually required by children of the same age.

QUALITY ACTIVITIES FOR MCO/HIO

State Quality Assessment and Improvement Activities:
- Consumer Self-Report Data (see below for details)
- Encounter Data (see below for details)
- Enrollee Hotlines
- Focused Studies
- MCO Standards (see below for details)
- Monitoring of MCO Standards
- On-Site Reviews
- Performance Improvement Projects (see below for details)
- Performance Measures (see below for details)
- Provider Data

Use of Collected Data:
- Beneficiary Plan Selection
- Contract Standard Compliance
- Data Mining
- Enhanced/Revise State managed care Medicaid Quality Strategy
- Fraud and Abuse
- Health Services Research
- Monitor Quality Improvement
- Plan Reimbursement
- Program Evaluation
- Program Modification, Expansion, or Renewal
- Regulatory Compliance/Federal Reporting
- Track Health Service provision

Consumer Self-Report Data:
- CAHPS
  - Adult Medicaid AFDC Questionnaire
  - Child Medicaid AFDC Questionnaire
  - Child with Special Needs Questionnaire

Use of HEDIS:
- The State uses SOME of the HEDIS measures listed for Medicaid
- The State DOES NOT generate from encounter data any of the HEDIS measure listed for Medicaid
- State uses/requires MCOs to follow NCQA specifications for all of the HEDIS measures listed for Medicaid that it collects, BUT modifies the continuous enrollment requirement for some or all of the measures

Encounter Data

Collection: Requirements:
- Definition(s) of an encounter (including definitions that may

Collections: Submission Specifications:
- Data submission requirements including documentation
have been clarified or revised over time)
- Incentives/sanctions to insure complete, accurate, timely encounter data submission
- Requirements for data validation
- Requirements for MCOs to collect and maintain encounter data
- Specifications for the submission of encounter data to the Medicaid agency
- Standards to ensure complete, accurate, timely encounter data submission

describing set of encounter data elements, definitions, sets of acceptable values, standards for data processing and editing
- Deadlines for regular/ongoing encounter data submission(s)
- Guidelines for frequency of encounter data submission
- Guidelines for initial encounter data submission
- Use of Medicaid Identification Number for beneficiaries

Collection: Standardized Forms:
None

Validation - Methods:
- Automated analysis of encounter data submission to help determine data completeness (e.g. frequency distributions, cross-tabulations, trend analysis, etc.)
- Automated edits of key fields used for calculation (e.g. codes within an allowable range)
- Medical record validation
- State Conducts multiple critical edits to ensure data accuracy

MCO/HIO conducts data accuracy check(s) on specified data elements:
- Date of Service
- Date of Processing
- Date of Payment
- Provider ID
- Type of Service
- Medicaid Eligibility
- Plan Enrollment
- Diagnosis Codes
- Procedure Codes
- Revenue Codes
- Age-appropriate diagnosis/procedure
- Gender-appropriate diagnosis/procedure

State conducts general data completeness assessments:
Yes

Performance Measures

Process Quality:
- Adolescent immunization rate
- Adolescent well-care visit rate
- Appropriate treatment for Children with Upper Respiratory Infection (URI)
- Asthma care - medication use
- Beta-blocker treatment after heart attack
- Breast Cancer screening rate
- Cervical cancer screening rate
- Check-ups after delivery
- Child Developmental Screening
- Chlamydia screening rate
- Diabetes medication management
- Frequency of on-going prenatal care
- Immunizations for two year olds
- Initiation of prenatal care - timeliness of
- Lead screening rate
- Well-child care visit rates in 3, 4, 5, and 6 years of life
- Well-child care visit rates in first 15 months of life

Health Status/Outcomes Quality:
- Patient satisfaction with care
- Percentage of beneficiaries who are satisfied with their ability to obtain care
- Percentage of low birth weight infants

Access/Availability of Care:
- Adult's access to preventive/ambulatory health services
- Children's access to primary care practitioners

Use of Services/Utilization:
- Average number of visits to MH/SUD providers per beneficiary
- Drug Utilization
- Emergency room visits/1,000 beneficiary
- EPSDT Visit Rates
Health Plan Stability/Financial/Cost of Care:
- Days cash on hand
- Days in unpaid claims/claims outstanding
- Medical loss ratio
- Net income
- Net worth
- Total revenue

Beneficiary Characteristics:
None

Performance Improvement Projects

Project Requirements:
- MCOs are required to conduct a project(s) of their own choosing
- All MCOs participating in the managed care program are required to conduct a common performance improvement project(s) prescribed by State Medicaid agency

Non-Clinical Topics:
None

Not Applicable

Standards/Accreditation

MCO Standards:
- State-Developed/Specified Standards

Non-Duplication Based on Accreditation:
None

EQRO Organization:
- Quality Improvement Organization (QIO)

Accreditation Required for Participation:
None

EQRO Name:
- Mercer

EQRO Mandatory Activities:
- Review of MCO compliance with structural and operational standards established by the State
- Validation of performance improvement projects
- Validation of performance measures

EQRO Optional Activities:
- Assessment of MCO information systems
- Calculation of performance measures
- Conduct of performance improvement projects
- On site operations review

Pay for Performance (P4P)

Implementation of P4P:
The State HAS NOT implemented a Pay-for-Performance program with the MCO

Program Payers:
Not Applicable

PROGRAM DATA

Program Service Area: Statewide

Operating Authority: 1915(b) - Waiver Program

Statutes Utilized: 1915(b)(4)

Enrollment Broker: No

For All Areas Phased-In: No

Guaranteed Eligibility: None

Initial Waiver Approval Date: June 07, 2001

Implementation Date: November 01, 2004

Waiver Expiration Date: March 31, 2012

Sections of Title XIX Waived:
-1902(a)(23) Freedom of Choice
-1902(a)(4) Proper and Efficient Administration of the State Plan

Sections of Title XIX Costs Not Otherwise Matchable Granted: None

SERVICE DELIVERY

Transportation PAHP - Flat Rate Per Ride

Service Delivery

Included Services: Non-Emergency Transportation

Allowable PCPs: Not applicable, contractors not required to identify PCPs

Enrollment

Populations Voluntarily Enrolled:
-Aged and Related Populations
-American Indian/Alaska Native
-Blind/Disabled Adults and Related Populations
-Blind/Disabled Children and Related Populations
-Foster Care Children
-Medically Needy
-Presumptively Eligible Pregnant Women
-Section 1931 Adults and Related Populations
-Section 1931 Children and Related Populations

Populations Mandatorily Enrolled: None
FLORIDA
Florida Coordinated Non-Emergency Transportation

-SOBRA Children and Pregnant Women
-Special Needs Children (BBA defined)
-Special Needs Children (State defined)
-Title XXI CHIP

Subpopulations Excluded from Otherwise Included Populations:
-Enrollees in a Medicaid MCO that provides transportation
-Legal Aliens
-Medicaid Beneficiaries enrolled in Medicare-funded MCOs
-Medicaid Beneficiaries that are domiciled or residing in an institution or facility
-Medicaid Beneficiaries who are enrolled in Family Planning Waiver or PACE
-Medicare Dual Eligibles

Lock-in Provision:
No lock-in

SERVING PEOPLE WITH COMPLEX (SPECIAL) NEEDS

Program Includes People with Complex (Special) Needs:
Yes

Strategies Used to Identify Persons with Complex (Special) Needs:
-Reviews complaints and grievances to identify members of these groups
-Uses eligibility data to identify members of these groups
-Uses enrollment forms to identify members of these groups
-Uses provider referrals to identify members of these groups

Agencies with which Medicaid Coordinates the Operation of the Program:
-Transportation Agencies

PARTICIPATING PLANS/PCCM AND OTHER PROGRAMS

The Commission for the Transportation of the Disadvantaged

ADDITIONAL INFORMATION

The 1915(b) authority is used to selectively contract for non-emergency transportation services with the Commission for the Transportation Disadvantaged. The commission subcontracts with a single community transportation coordinator in each county. The reimbursement arrangement is given in a lump sum, twice a month for non-emergency transportation. This program does not meet the
FLORIDA
Florida Coordinated Non-Emergency Transportation

definition of capitation because the fixed rate is not tied to the number of riders, but rather is a fixed rate over a period of time regardless of the number of riders. Foster Care Children receiving medical care are voluntarily enrolled. Special Needs Children (State defined) are children classified as SSI. Under included populations SOBRA Pregnant Women is different than Presumptively Eligible Pregnant Women (PEPW). SOBRA and PEPW are two different programs. SOBRA is a program for women who are not pregnant. PEPW is for women who may be pregnant, but who have not confirmed their pregnancy yet (ie waiting to see a doctor, etc).

ADDITIONAL INFORMATION

Under the Prestige Health Choice Plan Case Management and Community Mental Health Services are not applicable.

The Disease Management PAHP is specifically for persons with one or more of the following diseases: HIV/AIDS, Sickle Cell disease, Renal disease, Chronic Obstructive Pulmonary Disorder, Congestive Heart Failure, Diabetes, Asthma, and Hypertension. The Disease Management program reimbursement arrangement is per member per month.

PCCM enrollees receive mental health services through a capitated arrangement. Dental and Transportation services are provided at the option of the Plan and the Agency.

The Shared Savings Model is mostly Fee-for-Service but administrative costs and transportation services are risk capitation. Excluded Populations: Under 21 residing in a Nursing Facility or ICF/MR. Community mental health services are provided in area 6 only. Reimbursement is varied throughout the program. Some vendors are paid on a per member per month basis, others are paid on a nurse FTE basis, and some are paid based on contract deliverables.

All eligible children 18 to 20 years of age are mandatory for the prepaid dental health plans.

Quality Activities are not performed under the Medical-only PAHP section of this program.

QUALITY ACTIVITIES FOR MCO/HIO

56
# FLORIDA Managed Health Care

## State Quality Assessment and Improvement Activities:
- Accreditation for Participation
- Consumer Self-Report Data (see below for details)
- Encounter Data (see below for details)
- Enrollee Hotlines
- Focused Studies
- MCO Standards (see below for details)
- Monitoring of MCO Standards
- Ombudsman
- On-Site Reviews
- Performance Improvement Projects (see below for details)
- Performance Measures (see below for details)
- Provider Data

## Use of Collected Data:
- Beneficiary Plan Selection
- Contract Standard Compliance
- Fraud and Abuse
- Health Services Research
- Monitor Quality Improvement
- Plan Reimbursement
- Program Evaluation
- Program Modification, Expansion, or Renewal
- Regulatory Compliance/Federal Reporting

## Consumer Self-Report Data:
- CAHPS
  - Adult Medicaid AFDC Questionnaire
- Disenrollment Survey
- MCO Member Satisfaction Surveys

## Use of HEDIS:
- The State uses SOME of the HEDIS measures listed for Medicaid
- The State generates from encounter data SOME of the HEDIS measures listed for Medicaid
- State use/requires MCOs to follow NCQA specifications for all of the HEDIS measures listed for Medicaid that it collects

## Encounter Data

### Collection: Requirements:
- Definition(s) of an encounter (including definitions that may have been clarified or revised over time)
- Incentives/sanctions to insure complete, accurate, timely encounter data submission
- Requirements for MCOs to collect and maintain encounter data
- Specifications for the submission of encounter data to the Medicaid agency
- Standards to ensure complete, accurate, timely encounter data submission

### Collections: Submission Specifications:
- Data submission requirements including documentation describing set of encounter data elements, definitions, sets of acceptable values, standards for data processing and editing
- Deadlines for regular/ongoing encounter data submission(s)
- Encounters to be submitted based upon national standardized forms (e.g. UB-04, NCPDP, ASC X12 837, ADA)
- Guidelines for frequency of encounter data submission
- Guidelines for initial encounter data submission
- Use of "home grown" forms
- Use of Medicaid Identification Number for beneficiaries

### Collection: Standardized Forms:
- ANSI ASC X12 837 - transaction set format for transmitting health care claims data
- NCPDP - National Council for Prescription Drug Programs pharmacy claim form
- UB-04 (CMS 1450) - (Uniform Billing) - the CMS approved electronic flat file format for transmitting institutional billing data between trading partners, such as hospitals, long term care facilities, etc.

### Validation - Methods:
- Automated analysis of encounter data submission to help determine to data completeness (e.g. frequency distributions, cross-tabulations, trend analysis, etc.)
- Automated edits of key fields used for calculation (e.g. codes within an allowable range)
- Specification/source code review, such as a programming language used to create an encounter data file for submission

### MCO/HIO conducts data accuracy check(s) on specified data elements:
- Date of Service
- Provider ID
- Type of Service
- Medicaid Eligibility
- Plan Enrollment

### State conducts general data completeness assessments:
- Yes

## Performance Measures

### Process Quality:
- Adolescent well-care visit rate

### Health Status/Outcomes Quality:
- Controlling High Blood Pressure (CBP)
FLORIDA
Managed Health Care

- Adults Access to Preventive/Ambulatory Health Services (AAP)
- Ambulatory Care
- Annual Dental Visits
- Antidepressant Medication Management (AMM)
- BMI Assessment (ABA)
- Breast Cancer Screening (BCS)
- Cervical Cancer Screening Rate
- Childhood Immunization Status (CIS) - Combo 2 and 3
- Controlling High Blood Pressure (CBP)
- Diabetes management/care
- Follow-up After Hospitalization for Mental Illness
- Follow-up Care for Children Prescribed ADHD Medication (ADD)
- Frequency of HIV Disease Monitoring Lab Tests (CD4 and VL)
- Highly Active Antiretroviral Treatment (HAART)
- HIV-Related Medical Visits (HIVV)
- Immunizations for Adolescents (IMA)
- Lead Screening in Children (LSC)
- Lipid Profile Annually (LPA)
- Mental Health Readmission Rate (RER)
- Mental Health Utilization - Inpatient Intermediate and Ambulatory Services (MPT)
- Number of Enrollees Admitted to State Mental Hospital
- Percentage of Enrollees Participating in Disease Management Program
- Persistence of Beta-Blocker Treatment After Heart Attack (PBH)
- Prenatal and Postpartum Care
- Prenatal Care Frequency (PCF)
- Use of Angiotensin-Converting Enzyme (ACE) Inhibitors/Angiotensin Receptor Blocker (ARB) Therapy (ACE)
- Use of Appropriate Medications for People with Asthma (ASM)
- Well-Child Care Visit Rates and 3, 4, 5, and 6-years of Life
- Well-Child Care Visit Rates in First 15 Months of Life

Access/Availability of Care:
- Adult's access to preventive/ambulatory health services
- Annual Dental Visits (ADV)

Use of Services/Utilization:
- Adolescent well-care visit (AWC)
- Number of Enrollees admitted to state mental hospital
- Well-Child care visit rates in 3, 4, 5, and 6 yrs of life
- Well-Child care visit rates in first 15 months of life

Health Plan Stability/ Financial/Cost of Care:
- Behavioral health Medical Loss Ratio (80/20) -HMO only

Health Plan/ Provider Characteristics:
None

Beneficiary Characteristics:
- Information of beneficiary ethnicity/race
- MCO/PCP-specific disenrollment rate
- Percentage of beneficiaries who are auto-assigned to MCOs

Performance Measures - Others:
None

Performance Improvement Projects

Project Requirements:
- MCOs are required to conduct a project(s) of their own choosing
- All MCOs participating in the managed care program are required to conduct a common performance improvement project(s) prescribed by State Medicaid agency

Clinical Topics:
- Breast Cancer Screening
- Child Health Checkups
- Clinical Health Care Disparities - Blood Lead Screening African American Children
- Follow-up After Discharge From Mental Health Acute Care Facility
- Improving Ambulatory Follow-up Appointments After Discharge from Inpatient Mental Health Treatment
- Improving Annual Dental Visits

Performance Improvement Projects
FLORIDA
Managed Health Care

-Seven and 30-day Follow-ups for Hospitalization for Mental Health
-Timeliness of Prenatal Care
-Well Child Visits in the First 15 Months of Life - Six or More Visits

Non-Clinical Topics:
- Behavioral Health Discharge Planning
- ER Utilization
- First Call Resolution
- Improving Member Satisfaction with Customer Service
- Language and Culturally Appropriate Access to Preventive Health Care Services
- Member Balance-Billing
- Member Service Call Answer Timeliness and Call Abandonment Rate
- Quality Assessment and Performance Improvement (QAPI)
- Timeliness of Service

Standards/Accreditation

MCO Standards:
- JCAHO (Joint Commission on Accreditation of Healthcare Organizations) Standards
- NAIC (National Association of Insurance Commissioners) Standards
- NCQA (National Committee for Quality Assurance) Standards
- State-Developed/Specified Standards

Accreditation Required for Participation:
- AAAHC (Accreditation Association for Ambulatory Health Care)
- JCAHO (Joint Commission on Accreditation of Healthcare Organizations)
- NCQA (National Committee for Quality Assurance)
- URAC

Non-Duplication Based on Accreditation:
None

EQRO Name:
- Health Services Advisory Group

EQRO Organization:
- Health Services Advisory Group

EQRO Mandatory Activities:
- Review of MCO compliance with structural and operational standards established by the State
- Validation of performance improvement projects
- Validation of performance measures

EQRO Optional Activities:
- Evaluation of AHCA Quality Strategy
- Focused Studies
- Strategic HEDIS Analysis Reports
- Technical assistance to MCOs to assist them in conducting quality activities

Pay for Performance (P4P)

Implementation of P4P:
The State HAS NOT implemented a Pay-for-Performance program with the MCO

# QUALITY ACTIVITIES FOR PIHP

## State Quality Assessment and Improvement Activities:
- Annual Compliance Monitoring
- Consumer Self-Report Data (see below for details)
- Encounter Data (see below for details)
- Enrollee Hotlines
- Focused Studies
- Monitoring of PIHP Standards
- On-Site Reviews
- Performance Improvement Projects (see below for details)
- Performance Measures (see below for details)
- PIHP Standards (see below for details)
- Provider Data
- Quarterly Desk Reviews

## Use of Collected Data:
- Contract Standard Compliance
- Monitor Quality Improvement
- Program Evaluation
- Program Modification, Expansion, or Renewal
- Track Health Service provision

## Consumer Self-Report Data:
- Consumer/Beneficiary Focus Groups
- State-approved Survey

## Use of HEDIS:
- The State DOES NOT use any of the HEDIS measures
- The State DOES NOT generate from encounter data any of the HEDIS measures, but plans to generate SOME or ALL of the HEDIS measures listed for Medicaid in the future

## Encounter Data Collection: Requirements:
- Definition(s) of an encounter (including definitions that may have been clarified or revised over time)
- Requirements for PIHPs to collect and maintain encounter data
- Specifications for the submission of encounter data to the Medicaid agency
- Standards to ensure complete, accurate, timely encounter data submission

## Collection: Standardized Forms:
None

## Validation - Methods:
- Comparison to benchmarks and norms (e.g. comparisons to State FFS utilization rates, comparisons to PIHP commercial utilization rates, comparisons to national norms, comparisons to submitted bills or cost-ratios)
- Medical record validation

## PIHP conducts data accuracy check(s) on specified data elements:
- Date of Service
- Date of Processing
- Date of Payment
- Provider ID
- Medicaid Eligibility
- Plan Enrollment
- Diagnosis Codes
- Procedure Codes
- Revenue Codes
- Age-appropriate diagnosis/procedure

## State conducts general data completeness assessments:
Yes

PROGRAMS INVOLVED

SERVING PEOPLE WITH COMPLEX (SPECIAL) NEEDS

Program Includes People with Complex (Special) Needs: Yes

Strategies Used to Identify Persons with Complex (Special) Needs: - Uses Health Needs Assessment

Agencies with which Medicaid Coordinates the Operation of the Program:
- Eligibility Agency
- Enrollment Broker
- Health Plans
- PBM
- State Actuary

PARTICIPATING PLANS/PCCM AND OTHER PROGRAMS

Anthem-Hoosier Healthwise
MDwise-Hoosier Healthwise
Managed Health Services (MHS)-Hoosier Healthwise

ADDITIONAL INFORMATION

Hoosier Healthwise is authorized by both an 1115(a) Demonstration and a 1915(b) Waiver. The MCHIP and Presumptively Eligible Pregnant Women populations are the only populations still on the 1915(b). The 1115(a) demonstration was established for the Healthy Indiana Plan. The remainder of the Hoosier Healthwise population was placed onto that 1115(a) demonstration for budget neutrality purposes.

QUALITY ACTIVITIES FOR MCO/HIO

68
**Indian Hoosier Healthwise (1915(b))**

### State Quality Assessment and Improvement Activities:
- Consumer Self-Report Data (see below for details)
- Encounter Data (see below for details)
- Enrollee Hotlines
- Focused Studies
- MCO Standards (see below for details)
- Monitoring of MCO Standards
- Network Data
- On-Site Reviews
- Performance Improvement Projects (see below for details)
- Performance Measures (see below for details)
- Provider Data

### Consumer Self-Report Data:
- CAHPS
  - Adult Medicaid AFDC Questionnaire
  - Child Medicaid AFDC Questionnaire

### Use of Collected Data:
- Contract Standard Compliance
- Data Mining
- Enhanced/Revise State managed care Medicaid Quality Strategy
- Fraud and Abuse
- Health Services Research
- Monitor Quality Improvement
- Plan Reimbursement
- Program Evaluation
- Program Modification, Expansion, or Renewal
- Regulatory Compliance/Federal Reporting
- Track Health Service provision

### Use of HEDIS:
- The State uses SOME of the HEDIS measures listed for Medicaid
- The State generates from encounter data SOME of the HEDIS measures listed for Medicaid
- State use/require MCOs to follow NCQA specifications for all of the HEDIS measures listed for Medicaid that it collects

### Encounter Data

#### Collection: Requirements:
- Definition(s) of an encounter (including definitions that may have been clarified or revised over time)
- Incentives/sanctions to insure complete, accurate, timely encounter data submission
- Requirements for data validation
- Requirements for MCOs to collect and maintain encounter data
- Specifications for the submission of encounter data to the Medicaid agency
- Standards to ensure complete, accurate, timely encounter data submission

#### Collection: Standardized Forms:
- ANSI ASC X12 837 - transaction set format for transmitting health care claims data
- NCPDP - National Council for Prescription Drug Programs pharmacy claim form
- NSF - (National Standard Format) - the CMS approved electronic flat file format for transmitting non-institutional billing data between trading partners, such as physicians and suppliers
- UB-04 (CMS 1450) - (Uniform Billing) - the CMS approved electronic flat file format for transmitting institutional billing data between trading partners, such as hospitals, long term care facilities, etc.

#### Collections: Submission Specifications:
- Data submission requirements including documentation describing set of encounter data elements, definitions, sets of acceptable values, standards for data processing and editing
- Deadlines for regular/ongoing encounter data submission(s)
- Encounters to be submitted based upon national standardized forms (e.g. UB-04, NCPDP, ASC X12 837, ADA)
- Guidelines for frequency of encounter data submission
- Guidelines for initial encounter data submission
- Use of Medicaid Identification Number for beneficiaries

#### Validation - Methods:
- Automated edits of key fields used for calculation (e.g. codes within an allowable range)
- Comparison to benchmarks and norms (e.g. comparisons to State FFS utilization rates, comparisons to MCO commercial utilization rates, comparisons to national norms, comparisons to submitted bills or cost-ratios)
- Per member per month analysis and comparisons across MCO
- Specification/source code review, such as a programming language used to create an encounter data file for submission

#### MCO/HIO conducts data accuracy check(s) on specified data elements:
- Date of Service
- Provider ID
- Type of Service
- Medicaid Eligibility
- Plan Enrollment
- Diagnosis Codes
- Procedure Codes
- Revenue Codes
- Age-appropriate diagnosis/procedure
- Gender-appropriate diagnosis/procedure

#### State conducts general data completeness assessments:
- Yes
Performance Measures

**Process Quality:**
- Adolescent well-care visit rate
- Annual Monitoring for Persistent Medications
- Antidepressant medication management
- Appropriate Testing and Treatment for COPD
- Appropriate Testing for Children with Pharyngitis
- Appropriate treatment for Children with Upper Respiratory Infection (URI)
- Asthma care - medication use
- Beta-blocker treatment after heart attack
- Breast Cancer screening rate
- Cervical cancer screening rate
- Check-ups after delivery
- Chlamydia screening in women
- Cholesterol screening and management
- Controlling high blood pressure
- Depression management/care
- Diabetes Management
- Follow-up after hospitalization for mental illness
- Follow-Up for Children Prescribed ADHD Medication
- Frequency of on-going prenatal care
- Immunizations for two year olds
- Initiation and engagement of SUD treatment
- Initiation of Prenatal Care
- Lead screening rate
- Use of Imaging Studies for Low Back Pain
- Utilization for Ambulatory, Inpatient, and Mental Health Treatment
- Well-child care visit rates in 3, 4, 5, and 6 years of life
- Well-child care visit rates in first 15 months of life

**Health Status/Outcomes Quality:**
- Patient satisfaction with care
- Percentage of beneficiaries who are satisfied with their ability to obtain care

**Access/Availability of Care:**
- Adult's access to preventive/ambulatory health services
- Average distance to PCP
- Average wait time for an appointment with PCP
- Children's access to primary care practitioners
- Percent of PCPs with open or closed patient assignment panels
- Ratio of PCPs to beneficiaries

**Use of Services/Utilization:**
- Average number of visits to MH/SUD providers per beneficiary
- Drug Utilization
- Emergency room visits/1,000 beneficiary
- Inpatient admission for MH/SUD conditions/1,000 beneficiaries
- Inpatient admissions/1,000 beneficiary
- Number of OB/GYN visits per adult female beneficiary
- Number of PCP visits per beneficiary
- Number of specialist visits per beneficiary
- Percent of beneficiaries accessing 24-hour day/night care at MH/SUD facility
- Re-admission rates of MH/SUD

**Health Plan Stability/Financial/Cost of Care:**
- Administrative Cost Ratio
- Claims Payable per Member
- Cost per Member
- Days cash on hand
- Days in Claims Receivable
- Days in unpaid claims/claims outstanding
- Equity per member
- Expenditures by medical category of service (i.e., inpatient, ER, pharmacy, lab, x-ray, dental, vision, etc.)
- Medical loss ratio
- Net income
- Net worth
- Ratio Assets to Liabilities
- Revenue per Member
- State minimum reserve requirements
- Total revenue

**Health Plan/Provider Characteristics:**
- Grievance and Appeal Timeliness
- Languages Spoken (other than English)
- Provider Complaints
- Provider turnover
INDIANA
Hoosier Healthwise (1915(b))

**Beneficiary Characteristics:**
- Information of beneficiary ethnicity/race
- Information on primary languages spoken by beneficiaries
- MCO/PCP-specific disenrollment rate
- Percentage of beneficiaries who are auto-assigned to MCO
- Weeks of pregnancy at time of enrollment in MCO, for women giving birth during the reporting period

**Performance Measures - Others:**
None

**Performance Improvement Projects**

**Project Requirements:**
- MCOs are required to conduct a project(s) of their own choosing
- All MCOs participating in the managed care program are required to conduct a common performance improvement project(s) prescribed by State Medicaid agency

**Clinical Topics:**
- ADHD Medication Follow-Up: Initiation Phase
- Adolescent Well-Care Visits
- Behavioral Health Seven Day Follow-Up
- Cervical Cancer Screening
- Diabetes-LDL-C, Hba1c, and Eye Exam
- Frequency of ongoing prenatal care
- Generic dispensing rate
- Medication utilization rate
- Post-natal Care
- Pre-natal care
- Well child visits in the 3rd through 6th years of life, one or more visits
- Well child visits in the first 15 months of life, six or more visits

**Non-Clinical Topics:**
- Program Integrity
- Provider Network Services

**Standards/Accreditation**

**MCO Standards:**
- NAIC (National Association of Insurance Commissioners) Standards
- NCQA (National Committee for Quality Assurance) Standards
- State-Developed/Specified Standards
- URAC Standards

**Accreditation Required for Participation:**
None

**Non-Duplication Based on Accreditation:**
None

**EQRO Organization:**
- Independent Consultant

**EQRO Name:**
- Burns & Associates

**EQRO Mandatory Activities:**
- Review of MCO compliance with structural and operational standards established by the State
- Validation of performance improvement projects
- Validation of performance measures

**EQRO Optional Activities:**
- Conduct studies on quality that focus on a particular aspect of clinical or non-clinical services
- Provider Survey

**Pay for Performance (P4P)**

**Implementation of P4P:**
The State has implemented a Pay-for-Performance program with MCO

**Program Payers:**
Medicaid is the only payer
**INDIANA**  
**Hoosier Healthwise (1915(b))**

**QUALITY ACTIVITIES FOR MCO/HIO**

### State Quality Assessment and Improvement Activities:
- Accreditation for participation, member or applied for membership
- Complaint and Grievance Monitoring
- Compliance Reviews
- Consumer Self-Report Data (see below for details)
- Encounter Data (see below for details)
- Enrollee Hotlines
- EQR and HEDIS
- MCO Standards (see below for details)
- Monitoring of MCO Standards
- Performance Improvement Projects (see below for details)
- Performance Measures (see below for details)
- Provider Data
- Timely and Accurate Provider File Submissions
- Timely and Compliant Claims Reporting

### Use of Collected Data:
- Contract Standard Compliance
- Data Mining
- Health Services Research
- Monitor quality improvement efforts
- Program Evaluation
- Public Reporting/Incentives
- Regulatory Compliance/Federal Reporting

### Consumer Self-Report Data:
- CAHPS
  - Adult Medicaid AFDC Questionnaire
  - Child Medicaid AFDC Questionnaire

### Use of HEDIS:
- The State uses SOME of the HEDIS measures listed for Medicaid
- The State generates from encounter data SOME of the HEDIS measures listed for Medicaid
- State use/requires MCOs to follow NCQA specifications for all of the HEDIS measures listed for Medicaid that it collects

### Encounter Data

#### Collection: Requirements:
- Definition(s) of an encounter (including definitions that may have been clarified or revised over time)
- Incentives/sanctions to promote completeness, accuracy and timeliness of encounter data submission
- Requirements for data validation
- Requirements for MCOs to collect and maintain encounter data
- Specifications for the submission of encounter data to the Medicaid agency
- Standards to ensure complete, accurate, timely encounter data submission

#### Collection: Standardized Forms:
- ANSI ASC X12 837 - transaction set format for transmitting health care claims data
- NCPDP - National Council for Prescription Drug Programs pharmacy claim form

#### Collections: Submission Specifications:
- 837 Implementation Guidelines
- Data submission requirements including documentation describing set of encounter data elements, definitions, sets of acceptable values, standards for data processing and editing
- Deadlines for regular/ongoing encounter data submission(s)
- Encounters to be submitted based upon national standardized forms (e.g. UB-04, NCPDP, ASC X12 837, ADA)
- Guidelines for frequency of encounter data submission
- NCPDP Manual
- Use of Medicaid Identification Number for beneficiaries

#### Validation - Methods:
- Automated analysis of encounter data submission to help determine to data completeness (e.g. frequency distributions, cross-tabulations, trend analysis, etc.)
- Automated edits of key fields used for calculation (e.g. codes within an allowable range)
MICHIGAN
Comprehensive Health Plan

**MCO/HIO conducts data accuracy check(s) on specified data elements:**
- Date of Service
- Date of Processing
- Date of Payment
- Provider ID
- Medicaid Eligibility
- Diagnosis Codes
- Procedure Codes
- Revenue Codes
- Age-appropriate diagnosis/procedure
- Gender-appropriate diagnosis/procedure
- Bill Type
- National Drug Code
- Place of Service

**State conducts general data completeness assessments:**
Yes

---

### Performance Measures

#### Process Quality:
- Appropriate testing for children with pharyngitis
- Appropriate treatment for children with URI
- Asthma care - medication use
- Breast Cancer screening rate
- Cervical cancer screening rate
- Childhood immunization rates
- Chlamydia screening rates
- Controlling high blood pressure
- Diabetes disease management
- Lead screening rate
- Prenatal and Postpartum care rates
- Tobacco prevention and cessation

#### Health Status/Outcomes Quality:
- Patient satisfaction with care

#### Access/Availability of Care:
- Adult access to preventative/ambulatory health services
- Average wait time for an appointment with PCP
- Children’s access to primary care practitioners
- Ratio of PCPs to beneficiaries

#### Health Plan Stability/Financial/Cost of Care:
None

#### Beneficiary Characteristics:
- Information of beneficiary ethnicity/race
- MCO/PCP-specific disenrollment rate
- Percentage of beneficiaries who are auto-assigned to MCOs

#### Use of Services/Utilization:
- Adolescent well-care visit rates
- Well-child care visit rates in 3, 4, 5 and 6 years of life
- Well-child care visit rates in first 15 months of life

### Performance Improvement Projects

#### Project Requirements:
- All MCOs participating in the managed care program are required to conduct a common performance improvement project(s) prescribed by State Medicaid agency

#### Clinical Topics:
- Access to Care Children and Adult
- Breast cancer screening (Mammography)
- Cervical cancer screening (Pap Test)
- Childhood Immunization
- Childhood obesity
- Diabetes management
- Lead toxicity
- Post-natal Care
- Pre-natal care
- Tobacco prevention and cessation
- Well Child Care/EPSTD
Non-Clinical Topics:
- Children's access to primary care practitioners
- Health information technology (e.g., state implementation of immunization and other registries, telemedicine initiatives, etc.)
- Reducing health care disparities via health literacy, education campaigns, or other initiatives

Standards/Accreditation

MCO Standards:
- NAIC (National Association of Insurance Commissioners) Standards
- NCQA (National Committee for Quality Assurance) Standards
- State-Developed/Specified Standards

Accreditation Required for Participation:
- NCQA (National Committee for Quality Assurance)
- URAC

Non-Duplication Based on Accreditation:
None

EQRO Name:
- Health Services Advisory Group (HSAG)

EQRO Organization:
- Quality Improvement Organization (QIO)

EQRO Mandatory Activities:
- Quality, access and timelines
- Review of MCO compliance with structural and operational standards established by the State
- Validation of performance improvement projects
- Validation of Performance Measures

EQRO Optional Activities:
- CAHPS - Consumer Survey
- Conduct studies on quality and access that focus on a particular aspect of clinical or non-clinical services
- Technical assistance to MCOs to assist them in conducting quality activities
- Validation of encounter data

Pay for Performance (P4P)

Implementation of P4P:
The State has implemented a Pay-for-Performance program with MCO

Program Payers:
Medicaid is the only payer

Population Categories Included:
A subset of MCO members, defined by disease and medical condition
Covers all MCO members

Rewards Model:
Payment incentives/differentials to reward MCOs
Preferential auto-enrollment to reward MCOs

Clinical Conditions:
Asthma
Blood Lead
Child Immunizations
Diabetes
Perinatal Care
Tobacco Cessation
Well-child visits

Measurement of Improved Performance:
Assessing improvements in, or reaching established standards in, administrative processes (e.g., timeliness of MCO response to grievances, improving customer service, etc.)
Assessing levels of technology adoption
Assessing patient satisfaction measures
Assessing the adoption of systematic quality improvement processes
Assessing the timely submission of complete and accurate electronic encounter/claims data
Using clinically-based outcome measures (e.g., HEDIS, NQF, etc.)

### ADDITIONAL INFORMATION

PCP Clinics can include FQHCs/RHCs. Vision services for members 21 and over are limited to one eye examination every two years, services related to trauma or treatment of disease/medical condition, and one pair of eyeglasses every two years. Vision services for pregnant women 21 and over are limited to one eye examination per year, services related to trauma or treatment of disease/medical condition, and one pair of eyeglasses per year. Dental services for members 21 and older are limited to treatment of trauma to the mouth, jaw, teeth or contiguous sites as a result of injury or services when the absence of dental treatment would adversely affect a pre-existing medical condition. Dental services for pregnant women 21 and older are limited to dentures and treatment of trauma to the mouth, jaw, teeth or contiguous sites as a result of injury and all other Medicaid State Plan dental services for pregnant members with ME Codes 18, 43, 44, 45, and 61. Medicaid eligibles in the included populations who are receiving Supplemental Security Income (SSI), who meet the SSI medical disability definition, or who receive adoption subsidy may choose to voluntarily disenroll from the MO HealthNet Managed Care Program at any time. Enrollment is mandatory for special needs children but individuals may request to opt out. HealthCare USA, Missouri Care Health Plan, and Molina Healthcare of Missouri health plans participate in Eastern, Central, and Western Regions. Blue-Advantage Plus of Kansas City does not serve Bates, Cedar, Polk, and Vernon counties. MO is a 209(b) State and has no specific eligibility categories for the special needs populations. Advocates for Family Health is an ombudsman service serving the Eastern, Central, and Western regions. Legal Services of Eastern Missouri serves the following counties/city: Franklin, Jefferson, Lincoln, Macon, Madison, Marion, Monroe, Montgomery, Perry, Pike, Ralls, Shelby, St. Charles, St. Francois, St. Louis, Ste. Genevieve, Warren, Washington, and St. Louis City. Legal Aid of Western Missouri serves the following counties: Bates, Benton, Camden, Cass, Clay, Henry, Jackson, Johnson, Lafayette, Linn, Morgan, Pettis, Platte, Ray, Saline, St. Clair, and Vernon. Mid Missouri Legal Services serves the following counties: Audrain, Boone, Callaway, Chariton, Cole, Cooper, Howard, Miller, Moniteau, Osage, and Randolph. Legal Services of Southern Missouri serves the following counties: Cedar, Gasconade, Laclede, Maries, Phelps, Polk, and Pulaski.

Individuals with special health care needs include those with needs due to physical and/or mental illnesses, foster care children, homeless individuals, individuals with serious and persistent mental illness and/or substance abuse, and individuals who are disabled or chronically ill with developmental or physical disabilities.

### QUALITY ACTIVITIES FOR MCO/HIO

**State Quality Assessment and Improvement**

- Accreditation for Participation
- Consumer Self-Report Data (see below for details)
- Encounter Data (see below for details)
- Enrollee Hotlines
- MCO Standards (see below for details)
- Monitoring of MCO Standards
- Network Data
- Ombudsman
- On-Site Reviews
- Performance Improvement Projects (see below for details)
- Performance Measures (see below for details)

**Use of Collected Data:**

- Beneficiary Plan Selection
- Contract Standard Compliance
- Monitor Quality Improvement
- Plan Reimbursement
- Program Evaluation
- Program Modification, Expansion, or Renewal
- Regulatory Compliance/Federal Reporting
- Track Health Service provision
**MISSOURI**

**MO HealthNet Managed Care/1915b**

**Consumer Self-Report Data:**
- CAHPS
  - Child Medicaid AFDC Questionnaire

**Use of HEDIS:**
- The State uses SOME of the HEDIS measures listed for Medicaid
- The State DOES NOT generate from encounter data any of the HEDIS measure listed for Medicaid
- State use/requires MCOs to follow NCQA specifications for all of the HEDIS measures listed for Medicaid that it collects

**Encounter Data**

**Collection: Requirements:**
- Definition(s) of an encounter (including definitions that may have been clarified or revised over time)
- Incentives/sanctions to insure complete, accurate, timely encounter data submission
- Requirements for data validation
- Requirements for MCOs to collect and maintain encounter data
- Specifications for the submission of encounter data to the Medicaid agency
- Standards to ensure complete, accurate, timely encounter data submission

**Collections: Submission Specifications:**
- Data submission requirements including documentation describing set of encounter data elements, definitions, sets of acceptable values, standards for data processing and editing
- Deadlines for regular/ongoing encounter data submission(s)
- Encounters to be submitted based upon national standardized forms (e.g. UB-04, NCPDP, ASC X12 837, ADA)
- Guidelines for frequency of encounter data submission
- Guidelines for initial encounter data submission
- Use of Medicaid Identification Number for beneficiaries

**Collection: Standardized Forms:**
- ANSI ASC X12 837 - transaction set format for transmitting health care claims data

**Validation - Methods:**
- Automated analysis of encounter data submission to help determine data completeness (e.g. frequency distributions, cross-tabulations, trend analysis, etc.)
- Automated edits of key fields used for calculation (e.g. codes within an allowable range)
- Medical record validation
- Specification/source code review, such as a programming language used to create an encounter data file for submission

**MCO/HIO conducts data accuracy check(s) on specified data elements:**
- Date of Service
- Date of Payment
- Provider ID
- Medicaid Eligibility
- Plan Enrollment
- Diagnosis Codes
- Procedure Codes
- Revenue Codes
- Age-appropriate diagnosis/procedure
- Gender-appropriate diagnosis/procedure
- Additional Payments
- Admission Date
- Amount Paid
- Capitation Indicator
- Charges
- Hospital EIN (Inpatient)
- Patient Status
- Place of Service
- Rendering Provider ID
- Statement From Date
- Statement Through Date
- Type of Admission
- Type of Bill
- Units of Service

**State conducts general data completeness assessments:**
- Yes

**Performance Measures**
Process Quality:
- Adolescent immunization rate
- Adolescent well-care visit rate
- Ambulatory Care
- Asthma care - medication use
- Cervical cancer screening rate
- Check-ups after delivery
- Chemical Dependency Utilization
- Chlamydia screening in women
- Dental services
- Follow-up after hospitalization for mental illness
- Frequency of on-going prenatal care
- Immunizations for two year olds
- Initiation of prenatal care - timeliness of
- Lead screening rate
- Mental Health Utilization
- Postpartum Care
- Well-child care visit rates in first 15 months of life
- Well-child care visits rates in 3, 4, 5, and 6 years of life

Health Status/Outcomes Quality:
- Patient satisfaction with care
- Percentage of beneficiaries who are satisfied with their ability to obtain care
- Percentage of low birth weight infants

Access/Availability of Care:
- Average distance to PCP
- Average wait time for an appointment with PCP
- Ratio of dental providers to beneficiaries
- Ratio of PCPs to beneficiaries

Use of Services/Utilization:
- Emergency room visits/1,000 beneficiaries under the age of 19
- Inpatient admission for MH/SUD conditions/1,000 beneficiaries
- Number of PCP visits per beneficiary
- Re-admission rates of MH/SUD

Health Plan Stability/Financial/Cost of Care:
- Expenditures by medical category of service (i.e., inpatient, ER, pharmacy, lab, x-ray, dental, vision, etc.)
- Missouri Department of Insurance, Financial Institutions, and Professional Registration monitors and tracks Health Plan Stability/Financial/Cost of Care

Beneficiary Characteristics:
- Beneficiary need for interpreter
- Information of beneficiary ethnicity/race
- Information on primary languages spoken by beneficiaries
- Percentage of beneficiaries who are auto-assigned to MCO
- Weeks of pregnancy at time of enrollment in MCO, for women giving birth during the reporting period

Performance Improvement Projects

Project Requirements:
- MCOs are required to conduct a project(s) of their own choosing
- All MCOs participating in the managed care program are required to conduct a common performance improvement project(s) prescribed by State Medicaid agency

Clinical Topics:
- Adolescent Well Care/EPSDT
- Asthma management
- Cervical Cancer Screening
- Cesarean Wound Infection
- Chlamydia
- Dental Utilization
- Emergency Room service utilization
- Hospital Readmission
- Obesity
- Perinatal Care
- Seven and thirty day follow-up after behavioral health admission
- Women, Infant, and Children Collaboration

Non-Clinical Topics:
- Encounter acceptance rates
- Grievance/Appeals
- Improved Medical Record Documentation
- Member Satisfaction
MISSOURI
MO HealthNet Managed Care/1915b

Standards/Accreditation

**MCO Standards:**
- CMS’s Quality Improvement System for managed Care (QISMC) Standards for Medicaid and Medicare
- NAIC (National Association of Insurance Commissioners) Standards
- NCQA (National Committee for Quality Assurance) Standards
- State-Developed/Specified Standards

**Accreditation Required for Participation:**
- NCQA (National Committee for Quality Assurance)

**Non-Duplication Based on Accreditation:**
None

**EQRO Name:**
- Behavioral Health Concepts (BHC)

**EQRO Organization:**
- QIO-like entity

**EQRO Mandatory Activities:**
- Encounter Data Validation
- Medical Record Validation
- Review of MCO compliance with structural and operational standards established by the State
- Validation of performance improvement projects
- Validation of performance measures

**EQRO Optional Activities:**
- Assessment of MCO information systems
- Calculation of performance measures
- Conduct of performance improvement projects
- Technical assistance to MCOs to assist them in conducting quality activities

Pay for Performance (P4P)

**Implementation of P4P:**
The State has implemented a Pay-for-Performance program with MCO

**Program Payers:**
Medicaid is the only payer

**Population Categories Included:**
A subset of MCO members, defined by beneficiary age

**Rewards Model:**
Payment incentives/differentials to reward MCOs
Preferential auto-enrollment to reward MCOs

**Clinical Conditions:**
Not Applicable

**Measurement of Improved Performance:**
State measures MCO achievement in reaching established standards of outcome measures

**Initial Year of Reward:**
2001

**Evaluation Component:**
The State has conducted an evaluation of the effectiveness of its P4P program

**Member Incentives:**
Not Applicable

PROGRAM DATA

Program Service Area: Statewide

Operating Authority: 1915(b) - Waiver Program

Statutes Utilized:
1915(b)(1)
1915(b)(2)
1915(b)(4)

Enrollment Broker:
Affiliated Computer Services, Inc.

For All Areas Phased-In: No

Guaranteed Eligibility:
1 month guaranteed eligibility

Initial Waiver Approval Date:
August 31, 1993

Implementation Date:
January 01, 1994

Waiver Expiration Date:
March 31, 2012

Sections of Title XIX Waived:
-1902(a)(10)(B) Amount, Duration and Scope
-1902(a)(23) Freedom of Choice

Sections of Title XIX Costs Not Otherwise Matchable Granted:
None

SERVICE DELIVERY

PCCM Provider - Fee-for-Service

Service Delivery

Included Services:
Case Management, Chiropractic, Dental, Dialysis, Durable Medical Equipment, EPSDT, Family Planning, Hearing, Home Health, Home Infusion Therapy, Hospice, Immunization, Inpatient Hospital, Inpatient Mental Health, Inpatient Substance Use Disorders, Laboratory, Occupational Therapy, Outpatient Hospital, Outpatient Mental Health, Outpatient Substance Use Disorders, Pharmacy, Physical Therapy, Physician, Podiatry, Speech Therapy, Transportation, Vision, X-Ray

Allowable PCPs:
- Family Practitioners
- Federally Qualified Health Centers (FQHCs)
- General Practitioners
- Geriatrics
- Indian Health Service (IHS) Providers
- Internists
- Nephrologist
- Nurse Practitioners
- Obstetricians/Gynecologists or Gynecologists
- Other Specialists Approved on a Case-by-Case Basis
- Pediatricians
- Physician Assistants
- Rural Health Clinics (RHCs)

PARTICIPATING PLANS/PCCM AND OTHER PROGRAMS

Health Improvement Program                  Passport to Health

ADDITIONAL INFORMATION

Nurse First - Nurse Advice Line (sub program of Passport) is under waiver for Selective Contracting, is fee for service reimbursement and a voluntary program for recipients.

Health Improvement Program - an enhanced primary care case management program offers clinical case management for high risk, high cost recipients, a per member per month payment and is a voluntary program for recipients.

QUALITY ACTIVITIES FOR PCCM

Quality Oversight Activities:
- Consumer Self-Report Data (see below for details)
- Enrollee Hotlines
- Network Data
- On-Site Reviews
- Performance Measures (see below for details)

Use of Collected Data:
- Contract Standard Compliance
- Fraud and Abuse
- Monitor Quality Improvement
- Program Evaluation
- Program Modification, Expansion, or Renewal
- Regulatory Compliance/Federal Reporting

Consumer Self-Report Data:
- State-developed Survey

Performance Measures

Process Quality:
- Adolescent immunization rate
- Adolescent well-care visits rates
- Appropriate treatment for children with Upper Respiratory Infection (URI)
- Immunizations for two year olds
- Lead screening rate
- Well-child care visit rates in 3, 4, 5, and 6 years of life
- Well-child care visit rates in first 15 months of life

Health Status/Outcomes Quality:
- Patient satisfaction with care
- Percentage of beneficiaries who are satisfied with their ability to obtain care

Access/Availability of Care:
- Adult access to preventive/ambulatory health services
- Average distance to primary care case manager
- Average wait time for an appointment with primary care case manager
- Children's access to primary care practitioners
- Percent of PCPs with open or closed patient assignment panels
- Ratio of primary care case managers to beneficiaries

Use of Services/Utilization:
- None

Provider Characteristics:
- None

Beneficiary Characteristics:
- Disenrollment rate

98
- Information of beneficiary ethnicity/race

ADDITIONAL INFORMATION

For PCCM, MCO, and Specialty Physician Case Management (SPCM), the State defines Special Needs Children as Blind/Disabled Children and Related Populations, Children Receiving Title V Services and State Wards.

MCO and PCCM operates county wide. SPCM operates statewide. The children with Special Health Care Needs (CSHCN) or American Indians/Alaskan Natives (AI/AN) are the only two groups enrolled into the MCO/PCCM program through 1915(b) authority.

Children under 19 years of age who are-1) Eligible for SSI under title XVI; 2) In foster care or other out-of-state home placement; 3) Receiving foster care or adoption assistance; or 4) Receiving services through a family-centered, community-based, coordinated care system that receives grant funds under section 501(a)(1)(D) of title V.

QUALITY ACTIVITIES FOR MCO/HIO

State Quality Assessment and Improvement Activities:
- Consumer Self-Report Data (see below for details)
- Encounter Data (see below for details)
- Enrollee Hotlines
- Non-Duplication Based on Accreditation
- Ombudsman
- On-Site Reviews
- Performance Improvement Projects (see below for details)
- Performance Measures (see below for details)
- Provider Data

Consumer Self-Report Data: CAHPS
- Adult Medicaid AFDC Questionnaire

Use of Collected Data:
- Data Mining
- Fraud and Abuse
- Regulatory Compliance/Federal Reporting

Use of HEDIS:
- The State DOES NOT use any of the HEDIS measures
- The State DOES NOT generate from encounter data any of the HEDIS measure listed for Medicaid

Encounter Data

Collection: Requirements:
- Requirements for MCOs to collect and maintain encounter data
- Specifications for the submission of encounter data to the Medicaid agency
- Standards to ensure complete, accurate, timely encounter data submission

Collections: Submission Specifications:
- Data submission requirements including documentation describing set of encounter data elements, definitions, sets of acceptable values, standards for data processing and editing
- Encounters to be submitted based upon national standardized forms (e.g. UB-04, NCPDP, ASC X12 837, ADA)
- Encounters to be submitted based upon national

AMERIGROUP New Jersey, Inc.
Horizon NJ Health

ADDITIONAL INFORMATION

Lock-in Period: 12-month lock-in is for AFDC/TANF and Title XXI population. There is no lock-in for SSI, Aged, Blind, Disabled, DDD or Division of Youth and Family Services (DYFS) populations.

Populations Excluded: Those that participate in HCBS Waiver except DDD/CCW non-duals. Also, those enrolled in another managed care program without Department of Human Services contract.

QUALITY ACTIVITIES FOR MCO/HIO

State Quality Assessment and Improvement

Activities:
- Accreditation for Participation
- Appointment Availability Studies
- Care Management
- Consumer Self-Report Data (see below for details)
- Data Analysis
- Encounter Data (see below for details)
- Enrollee Hotlines
- Focused Studies
- Geographic Mapping
- Independent Assessment
- MCO Marketing Material Approval Requirement
- Medical and Dental Provider Spot Checks
- Monitoring of MCO Standards
- Network Data
- On-Site Reviews
- Performance Improvement Projects (see below for details)
- Performance Measures (see below for details)
- Provider Data
- Utilization Review

Use of Collected Data:
- Contract Standard Compliance
- Health Services Research
- Monitor Quality Improvement
- Plan Reimbursement
- Program Evaluation
- Program Modification, Expansion, or Renewal
- Regulatory Compliance/Federal Reporting
- Track Health Service provision

Use of HEDIS:
- The State uses SOME of the HEDIS measures listed for Medicaid
- The State generates from encounter data SOME of the HEDIS measures listed for Medicaid
- State use/requires MCOs to follow NCQA specifications for all of the HEDIS measures listed for Medicaid that it collects

Consumer Self-Report Data:
- CAHPS
  - Adult Medicaid AFDC Questionnaire
  - Adult Medicaid SSI Questionnaire
  - Adult with Special Needs Questionnaire
  - Child Medicaid AFDC Questionnaire
  - Disenrollment Survey

Collections: Submission Specifications:
- Data submission requirements including documentation describing set of encounter data elements, definitions, sets of acceptable values, standards for data processing and editing
- Deadlines for regular/ongoing encounter data submission(s)
- Encounters to be submitted based upon national standardized forms (e.g. UB-04, NCPDP, ASC X12 837, ADA)
- Guidelines for frequency of encounter data submission
- Guidelines for initial encounter data submission
- Use of "home grown" forms
- Use of Medicaid Identification Number for beneficiaries

Encounter Data

Collection: Requirements:
- Definition(s) of an encounter (including definitions that may have been clarified or revised over time)
- Incentives/sanctions to insure complete, accurate, timely encounter data submission
- Requirements for data validation
- Requirements for MCOs to collect and maintain encounter data
- Specifications for the submission of encounter data to the Medicaid agency
- Standards to ensure complete, accurate, timely encounter data submission
## Collection: Standardized Forms:
- ANSI ASC X12 837 - transaction set format for transmitting health care claims data

## Validation - Methods:
- Automated analysis of encounter data submission to help determine to data completeness (e.g. frequency distributions, cross-tabulations, trend analysis, etc.)
- Automated edits of key fields used for calculation (e.g. codes within an allowable range)
- Comparison to benchmarks and norms (e.g. comparisons to State FFS utilization rates, comparisons to MCO commercial utilization rates, comparisons to national norms, comparisons to submitted bills or cost-ratios)
- Per member per month analysis and comparisons across MCOs

## MCO/HIO conducts data accuracy check(s) on specified data elements:
- Date of Service
- Date of Processing
- Date of Payment
- Provider ID
- Type of Service
- Medicaid Eligibility
- Plan Enrollment
- Diagnosis Codes
- Procedure Codes
- Revenue Codes
- Age-appropriate diagnosis/procedure
- Gender-appropriate diagnosis/procedure
- Reported changes of reasonable and customary fees

## State conducts general data completeness assessments:
Yes

## Performance Measures
### Process Quality:
- Adolescent immunization rate
- Adolescent well-care visit rates
- Asthma care - medication use
- Breast Cancer screening rate
- Cervical Cancer Screening
- Check-ups after delivery
- Childhood Immunizations
- Comprehensive Diabetes Care
- Initiation of prenatal care - timeliness of
  - Lead screening rate
  - Quality and utilization of dental services
  - Well-child care visit rates in first 15 months of life
  - Well-child care visits rates in 3, 4, 5, and 6 years of life

### Access/Availability of Care:
- Average distance to PCP
- Average wait time for an appointment with PCP
- Children's access to primary care practitioners
- Percent of PCPs with open or closed patient assignment panels
- Ratio of dental providers to beneficiaries
- Ratio of mental health providers to number of beneficiaries
- Ratio of PCPs to beneficiaries
- Ratio of pharmacies to number of beneficiaries

### Health Status/Outcomes Quality:
- Children with Special Needs Focused Study including DYFS Children
- EPSDT Quality Study/Dental and Lead

### Use of Services/Utilization:
- Emergency room visits/1,000 beneficiaries
- Inpatient days per 1000 members
- Percentage of beneficiaries with at least one dental visit
- Percentage of Children who received one or more visits with a PCP during the measurement year
- Percentage of enrollees who received appropriate immunizations
- Percentage of enrollees who received a blood lead test
- Percentage of enrollees who received one or more dental services during the measurement year
- Percentage of enrollees with one or more emergency room visit
- Percentage of enrollees with one or more inpatient admissions
- Pharmacy services per member
- Physician visits per 1000 members

**Performance Improvement Projects**

**Project Requirements:**
- All MCOs participating in the managed care program are required to conduct a common performance improvement project(s) prescribed by State Medicaid agency

**Clinical Topics:**
- Adolescent Well Care/EPSDT
- Birth Outcomes
- Child/Adolescent Dental Screening and Services
- Lead Screenings
- Post-natal Care
- Pre-natal care
- Well Child Care/EPSDT

**Non-Clinical Topics:**
- Children's access to primary care practitioners
- Encounter Data Improvement
- Health information technology (e.g. state implementation of immunization and other registries, telemedicine initiatives, etc…)

**Standards/Accreditation**

**MCO Standards:**
- CMS's Quality Improvement System for managed Care (QISMC) Standards for Medicaid and Medicare

**Accreditation Required for Participation:**
- Department of Banking and Insurance

**Non-Duplication Based on Accreditation:**
None

**EQRO Name:**
- Michigan Peer Review Organization (MPRO)

**EQRO Organization:**
- Quality Improvement Organization (QIO)

**EQRO Mandatory Activities:**
- Review of MCO compliance with structural and operational standards established by the State
- Validation of performance improvement projects
- Validation of performance measures

**EQRO Optional Activities:**
- Calculation of performance measures
- Conduct studies on access that focus on a particular aspect of clinical and non-clinical services
- Conduct studies on quality that focus on a particular aspect of clinical or non-clinical services
- Medical Record review
- Technical assistance to MCOs to assist them in conducting quality improvement activities

SERVICE DELIVERY

MCO (Comprehensive Benefits) - Risk-based Capitation

Service Delivery

Included Services:
Ambulatory Surgical, Anesthesia, Case Management, Dental, Dialysis, Durable Medical Equipment and Medical Supplies, EPSDT, EPSDT Private Duty Nursing, Family Planning, Federally Qualified Health Center, Hearing and Audiology, Home Health, Hospice, Immunization, Inpatient Hospital, Laboratory, Medical Providers, Midwife, Nutritional, Occupational Therapy, Outpatient Hospital, Personal Care - EPSDT, Pharmacy, Physical Therapy, Physician, Podiatry, Pregnancy Termination, Prosthetics and Orthotics, Rehabilitation, Reproductive Health, Rural Health Clinic, School Based, Speech Therapy, Telehealth, Transplant, Transportation, Vision, X-ray- Diagnostic imaging and therapeutic radiology

Allowable PCPs:
-Family Practitioners
-Federally Qualified Health Centers (FQHCs)
-General Practitioners
-Gerontologists
-Indian Health Service (IHS) Providers
-Internists
-Nurse Midwives, certified
-Nurse Practitioners, certified
-Obstetricians/Gynecologists or Gynecologists
-Other Providers who meet the MCO credentialing requirements for PCP
-Other Specialists Approved on a Case-by-Case Basis
-Pediatricians
-Physician Assistants
-Primary Care Teams at Teaching Facilities
-Rural Health Clinics (RHCs)
Enrollment

Populations Voluntarily Enrolled:
None

Populations Mandatorily Enrolled:
- Aged and Related Populations unless also covered by Medicare.
- Blind/Disabled Adults and Related Populations unless covered by Medicare or under CoLTS Waiver
- Blind/Disabled Children and Related Populations unless covered by Medicare or under CoLTS Waiver
- Foster Care Children except when recipient is out-of-state placement
- Home and Community Based Waiver except for D&E waiver or approved for MIVia waiver due to brain injury
- Poverty-Level Pregnant Women
- Section 1931 Adults and Related Populations
- Section 1931 Children and Related Populations
- Title XXI CHIP

Subpopulations Excluded from Otherwise Included Populations:
- American Indian/Alaska Native (may opt in to Salud)
- Children in Out-of-State Foster Care or Adoption Placement
- Clients approved for Adult Personal Care Options Program
- Clients eligible for State Coverage
- Clients in Breast and Cervical Cancer Program
- Clients in Family Planning Waiver
- Clients in Health Insurance Premium Payment Program
- Enrolled in Another Managed Care Program
- Medicare Dual Eligibles
- Participate in HCBS waiver if participating in the D&E Waiver or the MIVia Waiver due to brain injury
- Reside in Nursing Facility or ICF/MR

Lock-In Provision:
12 month lock-in

Medicare Dual Eligibles Included:
None

Medicare Dual Eligibles Excluded:
Exclude all categories of Medicare Dual Eligibles

Part D Benefit

MCE has Medicare Contract:
Not Applicable

Provides Part D Benefits:
Not Applicable

Scope of Part D Coverage:
Not Applicable

Part D - Enhanced Alternative Coverage:
Not Applicable

Coverage of Part D Excluded Drugs in Medicaid Managed Care Contracts:
None

SERVING PEOPLE WITH COMPLEX (SPECIAL) NEEDS

Program Includes People with Complex (Special) Needs:
Yes

Strategies Used to Identify Persons with Complex (Special) Needs:
- Individuals identified by service utilization, clinical assessment, or diagnosis
- Referal by family, a public, or community program

Agencies with which Medicaid Coordinates the Operation of the Program:
- Aging and Long Term Services Department
- Children, Youth, and Families Department
- Coordinates with schools
NEW MEXICO
NEW MEXICO SALUD!

-Uses eligibility data to identify members of these groups

-Department of Health
-Statewide Entity for Behavioral Health

PARTICIPATING PLANS/PCCM AND OTHER PROGRAMS

Blue Cross Blue Shield of New Mexico
Molina Healthcare of New Mexico

Lovelace Community Health Plan
Presbyterian Health Plan

ADDITIONAL INFORMATION

OptumHealth New Mexico provides behavioral services through BH providers through a PIHP waiver. Lovelace Community Health Plan, Molina Health Care, Blue Cross Blue Shield of New Mexico, and Presbyterian Salud! provide physical health services and those BH services provided by non-BH provider/practitioners. Native Americans have the choice of "opt-in" to managed care, but receive benefits under Fee for Service programs by default.

An Individual with Special Health Care Needs (ISHCN) require a broad range of primary, specialized medical, behavioral health and related services. ISHCN are individuals who have, or are at an increased risk for, a chronic physical, developmental, behavioral, neurobiological or emotional condition and who require health and related services of a type or amount beyond that required by other individuals. ISHCN have ongoing health conditions, high or complex service utilization, and low to severe functional limitations. The primary purpose of the definition is to identify these individuals so that the MCO/SE can facilitate access to appropriate services. The definition also allows for flexible targeting of individuals based on clinical justification and discontinuing targeted efforts when such efforts are no longer needed.

Native Americans within other covered categories have the option of choosing to participate in managed care due to tribal agreements.

QUALITY ACTIVITIES FOR MCO/HIO

State Quality Assessment and Improvement

Activities:
- Accreditation for Participation
- Consumer Self-Report Data (see below for details)
- Encounter Data (see below for details)
- Enrollee Hotlines
- Focused Studies
- MCO Standards (see below for details)
- Monitoring of MCO Standards
- Ombudsman
- On-Site Reviews
- Performance Improvement Projects (see below for details)
- Performance Measures (see below for details)
- Provider Data

Use of Collected Data:
- Contract Standard Compliance
- Data Mining
- Enhanced/Revise State managed care Medicaid Quality Strategy
- Fraud and Abuse
- Health Services Research
- Monitor Quality Improvement
- Plan Reimbursement
- Program Evaluation
- Program Modification, Expansion, or Renewal
- Regulatory Compliance/Federal Reporting
- Track Health Service Projects

Consumer Self-Report Data:
- CAHPS
  - Adult Medicaid AFDC Questionnaire
  - Child Medicaid AFDC Questionnaire
  - Child with Special Needs Questionnaire
  - Consumer/Beneficiary Focus Groups

Use of HEDIS:
- The State uses SOME of the HEDIS measures listed for Medicaid
- The State DOES NOT generate from encounter data any of the HEDIS measure listed for Medicaid
- State use/requires MCOs to follow NCQA specifications for all of the HEDIS measures listed for Medicaid that it collects

Encounter Data

Collection: Requirements:
- Definition(s) of an encounter (including definitions that may have been clarified or revised over time)
- Incentives/sanctions to insure complete, accurate, timely encounter data submission

Collections: Submission Specifications:
- Data submission requirements including documentation describing set of encounter data elements, definitions, sets of acceptable values, standards for data processing and editing
-Requirements for data validation
-Requirements for MCOs to collect and maintain encounter data
-Specifications for the submission of encounter data to the Medicaid agency
-Standards to ensure complete, accurate, timely encounter data submission

-Deadlines for regular/ongoing encounter data submission(s)
-Encounters to be submitted based upon national standardized forms (e.g. UB-04, NCPDP, ASC X12 837, ADA)
-Guidelines for frequency of encounter data submission
-Guidelines for initial encounter data submission
-Use of Medicaid Identification Number for beneficiaries

Collection: Standardized Forms:
-ADA - American Dental Association dental claim form
-ANSI ASC X12 837 - transaction set format for transmitting health care claims data
-NCPDP - National Council for Prescription Drug Programs pharmacy claim form
-UB-04 (CMS 1450) - (Uniform Billing) - the CMS approved electronic flat file format for transmitting institutional billing data between trading partners, such as hospitals, long term care facilities, etc.

Validation - Methods:
-Automated analysis of encounter data submission to help determine to data completeness (e.g. frequency distributions, cross-tabulations, trend analysis, etc.)
-Automated edits of key fields used for calculation (e.g. codes within an allowable range)
-Comparison to benchmarks and norms (e.g. comparisons to State FFS utilization rates, comparisons to MCO commercial utilization rates, comparisons to national norms, comparisons to submitted bills or cost-ratios)
-Medical record validation
-Per member per month analysis and comparisons across MCO

MCO/HIO conducts data accuracy check(s) on specified data elements:
-Date of Service
-Date of Payment
-Provider ID
-Type of Service
-Medicaid Eligibility
-Plan Enrollment
-Diagnosis Codes
-Procedure Codes
-Revenue Codes

State conducts general data completeness assessments:
Yes

Performance Measures

Process Quality:
-Adolescent immunization rate
-Adolescent well-care visit rate
-Asthma care - medication use
-Breast Cancer screening rate
-Cervical cancer screening rate
-Check-ups after delivery
-Dental services
-Diabetes management/care
-Frequency of on-going prenatal care
-Immunizations for two year olds
-Influenza vaccination rate
-Initiation of prenatal care - timeliness of
-Percentage of beneficiaries with at least one dental visit
-Well-child care visit rates in 3,4,5, and 6 years of life
-Well-child care visit rates in first 15 months of life

Health Status/Outcomes Quality:
-Patient satisfaction with care
-Percentage of beneficiaries who are satisfied with their ability to obtain care
-Percentage of low birth weight infants

Access/Availability of Care:
-Adult's access to preventive/ambulatory health services
-Average distance to PCP
-Children's access to primary care practitioners
-Ratio of dental providers to beneficiaries
-Ratio of PCPs to beneficiaries

Use of Services/Utilization:
-Drug Utilization
-Emergency room visits/1,000 beneficiary
-Inpatient admissions/1,000 beneficiary
-Number of OB/GYN visits per adult female beneficiary
-Number of PCP visits per beneficiary
-Percentage of beneficiaries with at least one dental visit
**Health Plan Stability/Financial/Cost of Care:**
- Actual reserves held by plan
- Days in unpaid claims/claims outstanding
- Expenditures by medical category of service (i.e., inpatient, ER, pharmacy, lab, x-ray, dental, vision, etc.)
- Medical loss ratio
- Net income
- Net worth
- State minimum reserve requirements
- Total revenue

**Beneficiary Characteristics:**
- Beneficiary need for interpreter
- Information of beneficiary ethnicity/race
- Information on primary languages spoken by beneficiaries
- Percentage of beneficiaries who are auto-assigned to MCO
- Weeks of pregnancy at time of enrollment in MCO, for women giving birth during the reporting period

**Performance Measures - Others:**
None

### Performance Improvement Projects

**Project Requirements:**
- MCOs are required to conduct a project(s) of their own choosing

### Clinical Topics:
- Adult weight management
- Assessment and diagnosis of chronic obstructive pulmonary disease
- Asthma management
- Breast cancer screening (Mammography)
- Cervical cancer screening (Pap Test)
- Child/Adolescent Dental Screening and Services
- Childhood ADHD medication management
- Childhood Immunization
- Childhood pharyngitis testing
- Childhood upper respiratory infection treatment
- Cholesterol screening for patients with cardiovascular conditions
- Coordination of primary and behavioral health care
- Coronary artery disease prevention
- Coronary artery disease treatment
- Diabetes management
- Hypertension management
- Imaging Studies for low back pain
- Post-natal Care
- Pre-natal care
- Sexually transmitted disease screening
- Smoking prevention and cessation
- Teen Maternity care
- Well Child Care/EPSDT

### Non-Clinical Topics:
- Adolescents’ access to primary care practitioner
- Children’s access to primary care practitioners
- Culturally competent services
- Primary care practitioners availability
- Reducing health care disparities via health literacy/education campaigns or other initiatives

### Standards/Accreditation

#### MCO Standards:
- NCQA (National Committee for Quality Assurance) Standards

#### Accreditation Required for Participation:
- NCQA (National Committee for Quality Assurance)

ADDITIONAL INFORMATION

The Salud! Behavioral Health waiver is managed as a Prepaid Inpatient Hospital Plan (PIHP).

QUALITY ACTIVITIES FOR PIHP

State Quality Assessment and Improvement Activities:
- Accreditation for Participation (see below for details)
- Consumer Self-Report Data (see below for details)
- Encounter Data (see below for details)
- Enrollee Hotlines
- Focused Studies
- Monitoring of PIHP Standards
- Network Data
- Ombudsman
- On-Site Reviews
- Performance Improvement Projects (see below for details)
- Performance Measures (see below for details)
- PIHP Standards (see below for details)
- Provider Data

Use of Collected Data:
- Contract Standard Compliance
- Data Mining
- Enhanced/Revise State managed care Medicaid Quality Strategy
- Fraud and Abuse
- Monitor Quality Improvement
- Plan Reimbursement
- Program Evaluation
- Program Modification, Expansion, or Renewal
- Regulatory Compliance/Federal Reporting
- Track Health Service provision

Consumer Self-Report Data:
- CAHPS
  - Adult Medicaid AFDC Questionnaire
  - Child Medicaid AFDC Questionnaire
  - Child with Special Needs Questionnaire
  - Consumer/Beneficiary Focus Groups

Use of HEDIS:
- The State uses SOME of the HEDIS measures listed for Medicaid
- The State DOES NOT generate from encounter data any of the HEDIS measure listed for Medicaid
- State modifies/requires PIHPs to modify some or all NCQA specifications in ways other than continuous enrollment

Collection: Requirements:
- Definition(s) of an encounter (including definitions that may have been clarified or revised over time)
- Incentives/sanctions to insure complete, accurate, timely encounter data submission
- Requirements for data validation
- Requirements for PIHPs to collect and maintain encounter data
- Specifications for the submission of encounter data to the Medicaid agency
- Standards to ensure complete, accurate, timely encounter data submission

Collections: Submission Specifications:
- Data submission requirements including documentation describing set of encounter data elements, definitions, sets of acceptable values, standards for data processing and editing
- Deadlines for regular/ongoing encounter data submission(s)
- Encounters to be submitted based upon national standardized forms (e.g. UB-04, NCPDP, ASC X12 837, ADA)
- Guidelines for frequency of encounter data submission
- Guidelines for initial encounter data submission
- Use of Medicaid Identification Number for beneficiaries

Validation - Methods:
- Automated analysis of encounter data submission to help determine to data completeness (e.g. frequency distributions, cross-tabulations, trend analysis, etc.)
- Automated edits of key fields used for calculation (e.g. codes within an allowable range)
- Comparison to benchmarks and norms (e.g. comparisons to State FFS utilization rates, comparisons to PIHP commercial utilization rates, comparisons to national norms, comparisons to submitted bills or cost-ratios)
- Medical record validation
- Per member per month analysis and comparisons across

Encounter Data

Collection: Standardized Forms:
- ADA - American Dental Association dental claim form
- ANSI ASC X12 837 - transaction set format for transmitting health care claims data
- NCPDP - National Council for Prescription Drug Programs pharmacy claim form
- UB-04 (CMS 1450) - (Uniform Billing) - the CMS approved electronic flat file format for transmitting institutional billing data between trading partners, such as hospitals, long term care facilities, etc.
PIHP conducts data accuracy check(s) on specified data elements:
- Date of Service
- Date of Payment
- Provider ID
- Type of Service
- Medicaid Eligibility
- Plan Enrollment
- Diagnosis Codes
- Procedure Codes
- Revenue Codes

State conducts general data completeness assessments:
Yes

Performance Measures

Process Quality:
- Antidepressant medication management
- Depression management/care
- Follow-up after hospitalization for mental illness

Health Status/Outcomes Quality:
- Mortality rates
- Patient satisfaction with care
- Percentage of beneficiaries who are satisfied with their ability to obtain care

Access/Availability of Care:
- Adult’s access to preventive/ambulatory health services
- Ratio of mental health providers to number of beneficiaries

Use of Services/Utilization:
- Average number of visits to MH/SUD providers per beneficiary
- Drug Utilization
- Emergency room visits/1,000 beneficiary
- Inpatient admission for MH/SUD conditions/1,000 beneficiaries
- Inpatient admissions/1,000 beneficiary
- Number of specialist visits per beneficiary
- Re-admission rates of MH/SUD

Health Plan Stability/Financial/Cost of Care:
- Actual reserves held by plan
- Days in unpaid claims/claims outstanding
- Expenditures by medical category of service (i.e., inpatient, ER, pharmacy, lab, x-ray, dental, vision, etc.)
- Medical loss ratio
- Net income
- Net worth
- State minimum reserve requirements
- Total revenue

Health Plan/Provider Characteristics:
- Board Certification
- Provider turnover

Beneficiary Characteristics:
- Beneficiary need for interpreter
- Information of beneficiary ethnicity/race
- Information on primary languages spoken by beneficiaries

Performance Measures - Others:
None

Performance Improvement Projects

Project Requirements:
- PIHPs are required to conduct a project(s) of their own choosing
- Individual PIHPs are required to conduct a project prescribed by the State Medicaid agency

Clinical Topics:
- Followup after hospitalization (7 day, 30 day)
- RTC Follow-up care/readmissions
- Subcategory Individuals with Special Health Care Needs (ISHCN)

Non-Clinical Topics:
Not Applicable - PIHPs are not required to conduct common

ExperienceHealth ND

ADDITIONAL INFORMATION

This program uses nurse care managers to work with recipients and their providers to provide education, self management tools and other services in this program. Program covers disease management services only. Reimbursement Arrangement rates were developd based on each disease (Asthma, Diabetes, COPD, CHF), therefore there are 4 different rates depending upon the disease. This capitated rate is paid per member, per month.

ACCESS Plus Program

SERVING PEOPLE WITH COMPLEX (SPECIAL) NEEDS

Program Includes People with Complex
(Special) Needs:
Yes

Strategies Used to Identify Persons with
Complex (Special) Needs:

- Asks advocacy groups to identify members of these
groups
- Department of Public Welfare Offices
- Enrollment Contractor
- Legislative Offices
- Reviews complaints and grievances to identify members
of these groups
- Self-Referral
- Surveys medical needs of enrollee to identify members
of these groups
- Uses claims to identify special needs
- Uses provider referrals to identify members of these
groups

Agencies with which Medicaid Coordinates the
Operation of the Program:

- Aging Agency
- Developmental Disabilities Agency
- Education Agency
- Juvenile Justice Agency
- Maternal and Child Health Agency
- Mental Health Agency
- Public Health Agency
- Social Services Agencies
- Substance Abuse Agency
- Transportation Agencies

PARTICIPATING PLANS/PCCM AND OTHER PROGRAMS

Access Plus Program

ADDITIONAL INFORMATION

Under PCCM, the reason for multiple enrollment basis for the included populations: ACCESS Plus is the default; with exceptions. If a voluntary managed care is in a county with ACCESS Plus, the recipient can choose which delivery system they want. If no choice is made, the recipient is auto-assigned to ACCESS Plus. However, in counties where there is no voluntary managed care program, recipients are mandatorily enrolled into ACCESS Plus. Special Needs Children is broadly defined as non-categorical to include all children.

Reimbursement Arrangement: The providers in the network are reimbursed on a FFS basis. The Access Plus contractor receives a capitation for EPCCM Services and capitation for Disease Management Services.

Enrollees are assigned to the Disease Management program if they have one of the following qualifying chronic diseases: Asthma, Diabetes, Chronic Obstructive Pulmonary Disease, Coronary Artery Disease, and Congestive Heart Failure. However, enrollees can choose to opt out of this program.

- Ratio of primary care case managers to beneficiaries

**Use of Services/Utilization:**
- Call Abandonment
- Call Timeliness
- Emergency room visits/1,000 beneficiaries
- Hospital Readmission Rates
- Inpatient admissions/1,000 beneficiaries
- Number of field staff case manager visits for prenatal maternity care
- Number of OB/GYN visits per adult female beneficiary
- Number of telephonic case manager calls for prenatal maternity care

**Provider Characteristics:**
None

**Beneficiary Characteristics:**
None

**Performance Measures - Others:**
- Enrollee Outreach Activities
- Maternity Care

**Performance Improvement Projects**

**Clinical Topics:**
- Adolescent Immunization
- Adolescent Well Care/EPsDT
- Asthma management
- Beta Blocker treatment after a heart attack
- Breast cancer screening (Mammography)
- Cervical cancer screening (Pap Test)
- Cervical Cancer Screening initiative to increase screening rates
- Child/Adolescent Dental Screening and Services
- Child/Adolescent Hearing and Vision Screening and Services
- Childhood Immunization
- Cholesterol screening and management
- Coordination of primary and behavioral health care
- Coronary artery disease prevention
- Depression Screening
- Diabetes management
- Domestic violence
- Emergency Room service utilization
- Post-natal Care
- Pre-natal care
- Sexually transmitted disease screening
- Smoking prevention and cessation
- Well Child Care/EPsDT

**Non-Clinical Topics:**
- Availability of language interpretation services
- Children's access to primary care practitioners
- ER initiative to reduce ER visit rate

PROGRAM DATA

Program Service Area: County

Operating Authority: 1915(b) - Waiver Program

Statutes Utilized: 1915(b)(1)
1915(b)(2)
1915(b)(4)

Enrollment Broker: Maximus

For All Areas Phased-In: No

Guaranteed Eligibility: No guaranteed eligibility

Sections of Title XIX Waived:
-1902(a)(1) Statewideness
-1902(a)(10)(B) Amount, Duration and Scope
-1902(a)(23) Freedom of Choice
-1902(a)(4) Proper and Efficient Administration of the State Plan

Sections of Title XIX Costs Not Otherwise Matchable Granted: None

SERVICE DELIVERY

MCO (Comprehensive Benefits) - Risk-based Capitation

Service Delivery

Included Services:
Case Management, Dental, Durable Medical Equipment, EPSDT, Family Planning, Hearing, Home Health, Hospice, Immunization, Inpatient Hospital, Laboratory, Outpatient Hospital, Pharmacy, Physician, Skilled Nursing Facility, Transportation, Vision, X-Ray

Allowable PCPs:
-Family Practitioners
-Federally Qualified Health Centers (FQHCs)
-General Practitioners
-Internists
-Nurse Midwives
-Nurse Practitioners
-Obstetricians/Gynecologists
-Other Specialists Approved on a Case-by-Case Basis
-Pediatricians
-Rural Health Centers (RHCs)
Enrollment

Populations Voluntarily Enrolled:
None

Populations Mandatorily Enrolled:
- Aged and Related Populations
- Blind/Disabled Adults and Related Populations
- Blind/Disabled Children and Related Populations
- Foster Care Children
- Medicare Dual Eligibles
- Poverty-Level Pregnant Women
- Section 1931 Adults and Related Populations
- Section 1931 Children and Related Populations
- Special Needs Children (State defined)

Subpopulations Excluded from Otherwise Included Populations:
- Enrolled in a Long Term Care Capitated Program
- Enrolled in Health Insurance Premium Payment (HIPP) with HMO Coverage
- Incarcerated Recipients
- Medicare Dual Eligibles
- Monthly Spend Downs
- Reside in Nursing Facility
- Residence in a State Facility
- State Blind Pension Recipients

Lock-In Provision:
No lock-in

Medicare Dual Eligibles Included:
QMB Plus, SLMB Plus, and Medicaid only (under age 21)

Medicare Dual Eligibles Excluded:
QMB (age 21 and over)
SLMB, QI, and QDWI (age 21 and over)

Part D Benefit

MCE has Medicare Contract:
Yes

Provides Part D Benefits:
Yes

Scope of Part D Coverage:
Standard Prescription Drug

Part D - Enhanced Alternative Coverage:
Not Applicable

Coverage of Part D Excluded Drugs in Medicaid Managed Care Contracts:
None - managed care entity provides standard prescription drug coverage

SERVING PEOPLE WITH COMPLEX (SPECIAL) NEEDS

Program Includes People with Complex (Special) Needs:
Yes

Strategies Used to Identify Persons with Complex (Special) Needs:

ADDITIONAL INFORMATION

Skilled Nursing Facility is for the first 30 days. Special Needs Children: (state defined) Broadly defined non-categorical to include all children. All consumers receiving behavioral health services are considered to be persons with special needs.

QUALITY ACTIVITIES FOR MCO/HIO

State Quality Assessment and Improvement Activities:
- Consumer Self-Report Data (see below for details)
- Encounter Data (see below for details)
- Enrollee Hotlines
- Focused Studies
- MCO Standards (see below for details)
- Monitoring of MCO Standards
- On-Site Reviews
- Performance Improvement Projects (see below for details)
- Performance Measures (see below for details)
- Provider Data

Use of Collected Data:
- Beneficiary Plan Selection
- Contract Standard Compliance
- Fraud and Abuse
- Monitor Quality Improvement
- Plan Reimbursement
- Program Evaluation
- Program Modification, Expansion, or Renewal
- Regulatory Compliance/Federal Reporting
- Track Health Service provision

Consumer Self-Report Data:
- CAHPS
  4.0H adult

Use of HEDIS:
- The State uses ALL of the HEDIS measures listed for Medicaid
- The State DOES NOT generate from encounter data any of the HEDIS measures, but plans to generate SOME or ALL of the HEDIS measures listed for Medicaid in the future
- State use/requires MCOs to follow NCQA specifications for all of the HEDIS measures listed for Medicaid that it collects
Encounter Data

Collection: Requirements:
- Definition(s) of an encounter (including definitions that may have been clarified or revised over time)
- Requirements for data validation
- Requirements for MCOs to collect and maintain encounter data
- Specifications for the submission of encounter data to the Medicaid agency
- Standards to ensure complete, accurate, timely encounter data submission

Collections: Submission Specifications:
- Data submission requirements including documentation describing set of encounter data elements, definitions, sets of acceptable values, standards for data processing and editing
- Deadlines for regular/ongoing encounter data submission(s)
- Guidelines for frequency of encounter data submission
- Guidelines for initial encounter data submission
- Use of Medicaid Identification Number for beneficiaries

Collection: Standardized Forms:
None

Validation - Methods:
- Automated analysis of encounter data submission to help determine data completeness (e.g. frequency distributions, cross-tabulations, trend analysis, etc.)
- Automated edits of key fields used for calculation (e.g. codes within an allowable range)
- Comparison to benchmarks and norms (e.g. comparisons to State FFS utilization rates, comparisons to MCO commercial utilization rates, comparisons to national norms, comparisons to submitted bills or cost-ratios)
- Medical record validation
- Per member per month analysis and comparisons across MCO
- Specification/source code review, such as a programming language used to create an encounter data file for submission

MCO/HIO conducts data accuracy check(s) on specified data elements:
- Date of Service
- Date of Processing
- Date of Payment
- Provider ID
- Type of Service
- Medicaid Eligibility
- Plan Enrollment
- Diagnosis Codes
- Procedure Codes
- Revenue Codes
- Age-appropriate diagnosis/procedure
- Gender-appropriate diagnosis/procedure

State conducts general data completeness assessments:
Yes

Performance Measures

Process Quality:
- Adolescent immunization rate
- Adolescent well-care visit rates
- Appropriate Testing for Children with Pharyngitis
- Appropriate treatment for Children with Upper Respiratory Infection (URI)
- Asthma care - medication use
- Beta-blocker treatment after heart attack
- Breast Cancer screening rate
- Cervical cancer screening rate
- Check-ups after delivery
- Chlamydia screening in women
- Cholesterol screening and management
- Controlling high blood pressure
- Dental services

Health Status/Outcomes Quality:
- Patient satisfaction with care
PENNSYLVANIA
HealthChoices

- Diabetes medication management
- Frequency of on-going prenatal care
- Hearing services for individuals less than 21 years of age
- HIV/AIDS care
- Immunizations for two year olds
- Initiation of prenatal care - timeliness of
- Lead screening rate
- Percentage of beneficiaries who are satisfied with their ability to obtain care
- Percentage of beneficiaries with at least one dental visit
- Smoking prevention and cessation
- Vision services for individuals less than 21 years of age
- Well-child care visit rates in 3, 4, 5, and 6 years of life
- Well-child care visit rates in first 15 months of life

Access/Availability of Care:
- Adult's access to preventive/ambulatory health services
- Children's access to primary care practitioners

Use of Services/Utilization:
- Drug Utilization
- Emergency room visits/1,000 beneficiary
- Inpatient admissions/1,000 beneficiary
- Number of days in ICF or SNF per beneficiary over 64 years
- Number of OB/GYN visits per adult female beneficiary
- Number of PCP visits per beneficiary
- Number of specialist visits per beneficiary
- Percentage of beneficiaries with at least one dental visit

Health Plan Stability/ Financial/Cost of Care:
- Actual reserves held by plan
- Days in unpaid claims/claims outstanding
- Expenditures by medical category of service (i.e., inpatient, ER, pharmacy, lab, x-ray, dental, vision, etc.)
- Medical loss ratio
- Net income
- Net worth
- State minimum reserve requirements
- Total revenue

Benefits/Utilization:
- Board Certification
- Languages Spoken (other than English)
- Number of years Health Plan in business and total membership
- Provider turnover

Beneficiary Characteristics:
- Information of beneficiary ethnicity/race
- Information on primary languages spoken by beneficiaries
- MCO/PCP-specific disenrollment rate
- Percentage of beneficiaries who are auto-assigned to MCO
- Weeks of pregnancy at time of enrollment in MCO, for women giving birth during the reporting period

Non-CLinical Topics:
- Adult's access to dental care
- Children's access to dental care

Performance Improvement Projects

Project Requirements:
- All MCOs participating in the managed care program are required to conduct a common performance improvement project(s) prescribed by State Medicaid agency

Clinical Topics:
- Adolescent Pregnancy
- Asthma management
- Child/Adolescent Dental Screening and Services
- Childhood Immunization
- Diabetes management
- Hypertension management
- Smoking prevention and cessation

SERVING PEOPLE WITH COMPLEX (SPECIAL) NEEDS

Program Includes People with Complex (Special) Needs:
Yes

Strategies Used to Identify Persons with Complex (Special) Needs:
Reviews complaints and grievances to identify members of these groups
Uses provider referrals to identify members of these groups

Agencies with which Medicaid Coordinates the Operation of the Program:
-DADS
-DFPS
-DSHS
-Local School Districts
-Protective and Regulatory Agency
-Public Health Agency
-Social Services Agency

PARTICIPATING PLANS/PCCM AND OTHER PROGRAMS

ValueOptions
ADDITIONAL INFORMATION

Individuals on SSI and QMB plus are the only Medicare dual eligibles that are eligible to enroll. The program is mostly fee-for-service but on occasions there are some risk based arrangement.

QUALITY ACTIVITIES FOR PIHP

**State Quality Assessment and Improvement Activities:**
- Consumer Self-Report Data (see below for details)
- Encounter Data (see below for details)
- Enrollee Hotlines
- Focused Studies
- Monitoring of PIHP Standards
- Ombudsman
- On-Site Reviews
- Performance Improvement Projects (see below for details)
- Performance Measures (see below for details)
- PIHP Standards (see below for details)
- Provider Data

**Use of Collected Data:**
- Contract Standard Compliance
- Monitor Quality Improvement
- Plan Reimbursement
- Program Evaluation
- Program Modification, Expansion, or Renewal
- Regulatory Compliance/Federal Reporting
- Track Health Service provision

**Consumer Self-Report Data:**
- Modified MHSIP survey

**Use of HEDIS:**
- The State uses SOME of the HEDIS measures listed for Medicaid
- The State DOES NOT generate from encounter data any of the HEDIS measure listed for Medicaid
- State modifies/requires PIHPs to modify some or all NCQA specifications in ways other than continuous enrollment

**Encounter Data**

**Collection: Requirements:**
- Definition(s) of an encounter (including definitions that may have been clarified or revised over time)
- Incentives/sanctions to insure complete, accurate, timely encounter data submission
- Requirements for PIHPs to collect and maintain encounter data
- Specifications for the submission of encounter data to the Medicaid agency
- Standards to ensure complete, accurate, timely encounter data submission

**Collections: Submission Specifications:**
- Data submission requirements including documentation describing set of encounter data elements, definitions, sets of acceptable values, standards for data processing and editing
- Deadlines for regular/ongoing encounter data submission(s)
- Encounters to be submitted based upon national standardized forms (e.g. NSF, UB-04, NCPDP, ADA)
- Guidelines for frequency of encounter data submission
- Guidelines for initial encounter data submission
- Use of Medicaid Identification Number for beneficiaries
- Use of unique NorthSTAR ID # (which includes Medicaid # for the Medicaid enrollees) for beneficiaries

**Collection: Standardized Forms:**
- NSF - (National Standard Format) - the CMS approved electronic flat file format for transmitting non-institutional billing data between trading partners, such as physicians and suppliers
- UB-04 (CMS 1450) - (Uniform Billing) - the CMS approved electronic flat file format for transmitting institutional billing data between trading partners, such as hospitals, long term care facilities, etc.

**Validation - Methods:**
- Automated analysis of encounter data submission to help determine to data completeness (e.g. frequency distributions, cross-tabulations, trend analysis, etc.)
- Automated edits of key fields used for calculation (e.g. codes within an allowable range)
- Comparison to benchmarks and norms (e.g. comparisons to State FFS utilization rates, comparisons to PIHP commercial utilization rates, comparisons to national norms, comparisons to submitted bills

**PIHP conducts data accuracy check(s) on specified data elements:**
- Date of Service
- Date of Processing
- Date of Payment

**State conducts general data completeness assessments:**
- Yes
Performance Measures

Process Quality:
- Depression management/care
- Follow-up after hospitalization for mental illness

Health Status/Outcomes Quality:
- Clinical outcomes as measures by clinical assessments
- Patient satisfaction with care
- Recidivism to intensive/acute levels of care

Access/Availability of Care:
- Average distance to mental health provider
- Number and types of providers
- Ratio of mental health providers to number of beneficiaries

Use of Services/Utilization:
- Drug Utilization
- Inpatient admission for MH/SUD conditions/1,000 beneficiaries
- Re-admission rates of MH/SUD

Health Plan Stability/Financial/Cost of Care:
- Actual reserves held by plan
- Days in unpaid claims/claims outstanding
- Expenditures by medical category of service (i.e., inpatient, ER, pharmacy, lab, x-ray, dental, vision, etc.)
- Medical loss ratio
- Net income

## ADDITIONAL INFORMATION
## QUALITY ACTIVITIES FOR MCO/HIO

### State Quality Assessment and Improvement Activities:
- Consumer Self-Report Data (see below for details)
- Encounter Data (see below for details)
- Enrollee Hotlines
- Focused Studies
- MCO Standards (see below for details)
- Monitoring of MCO Standards
- Ombudsman
- On-Site Reviews
- Performance Improvement Projects (see below for details)
- Performance Measures (see below for details)
- Provider Data

### Use of Collected Data:
- Contract Standard Compliance
- Fraud and Abuse
- Monitor Quality Improvement
- Program Evaluation
- Regulatory Compliance/Federal Reporting
- Track Health Service provision

### Consumer Self-Report Data:
- CAHPS
  - Adult Medicaid AFDC Questionnaire
  - Adult Medicaid SSI Questionnaire
  - Child Medicaid AFDC Questionnaire
  - Child Medicaid SSI Questionnaire

### Use of HEDIS:
- The State uses SOME of the HEDIS measures listed for Medicaid
- The State generates from encounter data SOME of the HEDIS measures listed for Medicaid
- State use/requires MCOs to follow NCQA specifications for all of the HEDIS measures listed for Medicaid that it collects

### Encounter Data

#### Collection: Requirements:
- Definition(s) of an encounter (including definitions that may have been clarified or revised over time)
- Incentives/sanctions to insure complete, accurate, timely encounter data submission
- Requirements for data validation
- Requirements for MCOs to collect and maintain encounter data
- Specifications for the submission of encounter data to the Medicaid agency
- Standards to ensure complete, accurate, timely encounter data submission

#### Collections: Submission Specifications:
- 837 transaction format
- Data submission requirements including documentation describing set of encounter data elements, definitions, sets of acceptable values, standards for data processing and editing
- Deadlines for regular/ongoing encounter data submission(s)
- Encounters to be submitted based upon national standardized forms (e.g. NSF, UB-04, NCPDP, ADA)
- Guidelines for frequency of encounter data submission
- Guidelines for initial encounter data submission
- Use of Medicaid Identification Number for beneficiaries

#### Collection: Standardized Forms:
- 837 transaction format
- ANSI ASC X12 837 - transaction set format for transmitting health care claims data
- Behavioral health layout
- NCPDP - National Council for Prescription Drug Programs pharmacy claim form
- NSF - (National Standard Format) - the CMS approved electronic flat file format for transmitting non-institutional billing data between trading partners, such as physicians and suppliers
- UB-04 (CMS 1450) - (Uniform Billing) - the CMS approved electronic flat file format for transmitting institutional billing data between trading partners, such as hospitals, long term care facilities

#### Validation - Methods:
- Automated analysis of encounter data submission to help determine to data completeness (e.g. frequency distributions, cross-tabulations, trend analysis, etc.)
- Automated edits of key fields used for calculation (e.g. codes within an allowable range)
- Comparison to benchmarks and norms (e.g. comparisons to State FFS utilization rates, comparisons to submitted bills)
- Medical record validation
- Per member per month analysis and comparisons across MCOs

### MCO/HIO conducts data accuracy check(s) on specified data elements:
- Date of Service
- Date of Payment
- Provider ID

### State conducts general data completeness assessments:
Yes
- Medicaid Eligibility
- Plan Enrollment
- Diagnosis Codes
- Procedure Codes
- Revenue Codes
- Age-appropriate diagnosis/procedure
- Gender-appropriate diagnosis/procedure
- Preparing HEDIS and risk adjustment software

Performance Measures

Process Quality:
- Adolescent immunization rate
- Adolescent well-care visit rates
- Asthma care - medication use
- Cervical cancer screening rate
- Check-ups after delivery
- Chlamydia screening in women
- Depression management/care
- Diabetes care and control
- Diabetes medication management
- Follow-up after hospitalization for mental illness
- Frequency of on-going prenatal care
- Good access to behavioral health treatment or Good access to behavioral health treatment
- Good access to routine care
- Good access to special therapies
- Good access to specialist referral
- Good access to urgent care
- Hearing services for individuals less than 21 years of age
- High blood pressure control
- Immunizations for two year olds
- Initiation of prenatal care - timeliness of
- No delays for approval
- No exam room wait > 15 minutes
- Percentage of beneficiaries who are satisfied with their ability to obtain care
- Pregnancy Prevention
- Prenatal/postnatal care
- Smoking prevention
- Vision services for individuals less than 21 years of age
- Wellcare visits
- Well-child care visit rates in first 15 months of life
- Well-child care visits rates in 3, 4, 5, and 6 years of life

Health Status/Outcomes Quality:
- Patient satisfaction with care
- Percentage of low birth weight infants

Access/Availability of Care:
- Adult's access to preventive/ambulatory health services
- Average distance to PCP
- Average wait time for an appointment with PCP
- Children's access to primary care practitioners
- Ratio of mental health providers to number of beneficiaries
- Ratio of PCPs to beneficiaries

Use of Services/Utilization:
- Drug Utilization
- Emergency room visits/1,000 beneficiary
- Inpatient admission for MH/SUD conditions/1,000 beneficiaries
- Inpatient admissions/1,000 beneficiary
- Number of PCP visits per beneficiary
- Number of specialist visits per beneficiary
- Percent of beneficiaries accessing 24-hour day/night care at MH/SUD facility
- Re-admission rates of MH/SUD

Health Plan Stability/ Financial/Cost of Care:
- Expenditures by medical category of service (i.e., inpatient, ER, pharmacy, lab, x-ray, dental, vision, etc.)
- Medical loss ratio
- Net income
- Net worth
- Total revenue

Health Plan/ Provider Characteristics:
- Languages Spoken (other than English)
- Provider turnover
### TEXAS STAR

#### Beneficiary Characteristics:
- Beneficiary need for interpreter
- Information of beneficiary ethnicity/race
- Information on primary languages spoken by beneficiaries
- MCO/PCP-specific disenrollment rate
- Percentage of beneficiaries who are auto-assigned to MCOs
- Weeks of pregnancy at time of enrollment in MCO, for women giving birth during the reporting period

#### Performance Measures - Others:
- Member use of services/utilization/satisfaction

### Performance Improvement Projects

#### Project Requirements:
- MCOs are required to conduct a project(s) of their own choosing
- Multiple, but not all, MCOs participating in the managed care program are required to conduct a common performance improvement project(s) prescribed by the State Medicaid agency.

#### Clinical Topics:
- Improve treatment for Ambulatory Care Sensitive Conditions (ACSC) through reduction of emergency department visits.
- Improve treatment for Ambulatory Care Sensitive Conditions (ACSC) through reduction of inpatient admissions.

#### Non-Clinical Topics:
- Adults access to preventive/ambulatory health services
- Children's access to primary care practitioners

### Standards/Accreditation

#### MCO Standards:
- CMS's Quality Improvement System for managed Care (QISMC) Standards for Medicaid and Medicare
- State-Developed/Specified Standards

#### Accreditation Required for Participation:
None

#### Non-Duplication Based on Accreditation:
None

#### EQRO Organization:
- QIO-like entity

#### EQRO Name:
- Institute for Child Health Policy, University of Florida

#### EQRO Mandatory Activities:
- Review of MCO compliance with structural and operational standards established by the State
- Validation of performance measures

#### EQRO Optional Activities:
- Administration or validation of consumer or provider surveys
- Assess performance of improvement projects.
- Calculation of performance measures
- Conduct of studies on quality that focus on a particular aspect of clinical or non-clinical services
- Technical assistance to MCOs to assist them in conducting quality activities
- Validation of client level data, such as claims and encounters
- Validation of encounter data
- Validation of performance improvement projects

### Pay for Performance (P4P)

#### Implementation of P4P:
The State HAS NOT implemented a Pay-for-Performance program with the MCO, but plans to implement one in the future

#### Program Payers:
- Medicaid is the only payer

#### Rewards Model:
- 1% At-risk Premium. HMO at risk for 1% of the capitation rate(s) dependent on the outcome of pre-identified
performance measures
Payment incentives/differentials to reward MCOs
Quality challenge pool award. Based on specific pre-identified clinical performance measures

Clinical Conditions:
Not Applicable

Measurement of Improved Performance:
1% At-risk Premium. Standards are established for the SFY time period that must be met in order to retain the point value and percentage of the 1% At-Risk Premium dollars.
Assessing improvements in, or reaching established standards in, administrative processes (e.g., timeliness of MCO response to grievances, improving customer service, etc.)
Assessing patient satisfaction measures
Assessing the timely submission of complete and accurate electronic encounter/claims data
Quality Challenge Pool Award is based on a point value and performance standard assigned to the clinical performance measures and overall ranking of managed care organization score.
Using clinically-based outcome measures (e.g., HEDIS, NQF, etc.)

Initial Year of Reward:
Not Applicable

Evaluation Component:
The State HAS NOT conducted an evaluation of the effectiveness of its P4P program, but plans to conduct an evaluation in the future

Member Incentives:
Not Applicable

Select Access
Molina Healthcare of Utah (Molina)

ADDITIONAL INFORMATION

Children with special needs means children under 21 who have or are at increased risk for chronic physical, developmental, behavioral, or emotional conditions and requires health and related services of a type or amount beyond that required by children generally, including a child who, consistent with 1932(a)(2)(A) of the Social Security Act, 42 U.S.C., Section 1396u-2(a)(2)(A): (1) is blind or disabled or in a related population (eligible for SSI under title XVI of the Social Security Act), (2) is in foster care or other out-of-home placement, (3) is receiving foster care or adoption assistance; or (4) is receiving services through a family-centered, community-based coordinated care system that receives grant funds described in section 501(a)(1)(D) of title V.

The contract is non-risk. Medicaid reimburses the PAHP the amount the PAHP pays its providers plus an administrative fee.

QUALITY ACTIVITIES FOR MCO/HIO

State Quality Assessment and Improvement Activities:
- Consumer Self-Report Data (see below for details)
- Encounter Data (see below for details)
- Enrollee Hotlines
- MCO Standards (see below for details)
- Monitoring of MCO Standards
- Network Data
- On-Site Reviews
- Performance Improvement Projects (see below for details)
- Performance Measures (see below for details)
- Provider Data

Consumer Self-Report Data:
- CAHPS
  - Adult Medicaid AFDC Questionnaire
  - Child Medicaid AFDC Questionnaire
  - Child with Special Needs Questionnaire

Use of Collected Data:
- Beneficiary Plan Selection
- Contract Standard Compliance
- Enhanced/Revise State managed care Medicaid Quality Strategy
- Fraud and Abuse
- Program Evaluation
- Program Modification, Expansion, or Renewal
- Regulatory Compliance/Federal Reporting

Use of HEDIS:
- The State uses SOME of the HEDIS measures listed for Medicaid
- The State DOES NOT generate from encounter data any of the HEDIS measure listed for Medicaid
- State use/requires MCOs to follow NCQA specifications for all of the HEDIS measures listed for Medicaid that it collects
UTAH
Choice Of Health Care Delivery

Encounter Data

Collection: Requirements:
- Definition(s) of an encounter (including definitions that may have been clarified or revised over time)
- Requirements for data validation
- Requirements for MCOs to collect and maintain encounter data
- Specifications for the submission of encounter data to the Medicaid agency
- Standards to ensure complete, accurate, timely encounter data submission

Collections: Submission Specifications:
- Data submission requirements including documentation describing set of encounter data elements, definitions, sets of acceptable values, standards for data processing and editing
- Deadlines for regular/ongoing encounter data submission(s)
- Encounters to be submitted based upon national standardized forms (e.g. UB-04, NCPDP, ASC X12 837, ADA)
- Use of Medicaid Identification Number for beneficiaries

Collection: Standardized Forms:
- ANSI ASC X12 837 - transaction set format for transmitting health care claims data

Validation - Methods:
- Automated analysis of encounter data submission to help determine to data completeness (e.g. frequency distributions, cross-tabulations, trend analysis, etc.)
- Automated edits of key fields used for calculation (e.g. codes within an allowable range)
- Comparison to benchmarks and norms (e.g. comparisons to State FFS utilization rates, comparisons to MCO commercial utilization rates, comparisons to national norms, comparisons to submitted bills or cost-ratios)
- Per member per month analysis and comparisons across MCO

MCO/HIO conducts data accuracy check(s) on specified data elements:
- Date of Service
- Provider ID
- Medicaid Eligibility
- Plan Enrollment
- Diagnosis Codes
- Procedure Codes
- Revenue Codes
- Possible Duplicate Encounter

State conducts general data completeness assessments:
Yes

Performance Measures

Process Quality:
- Adolescent immunization rate
- Appropriate Testing for Children with Pharyngitis
- Appropriate treatment for Children with Upper Respiratory Infection (URI)
- Asthma care - medication use
- Beta-blocker treatment after heart attack
- Breast Cancer screening rate
- Cervical cancer screening rate
- Check-ups after delivery
- Chlamydia screening in women
- Cholesterol screening and management
- Frequency of on-going prenatal care
- Immunizations for two year olds
- Initiation of prenatal care - timeliness of
- Use of imaging studies for low back pain
- Well-child care visit rates in 3,4,5, and 6 years of life
- Well-child care visit rates in first 15 months of life

Health Status/Outcomes Quality:
- Patient satisfaction with care
- Percentage of adults 50 and older who received an influenza vaccine

Access/Availability of Care:
- Adult’s access to preventive/ambulatory health services
- Average wait time for an appointment with PCP

Use of Services/Utilization:
None
UTAH
Choice Of Health Care Delivery

## Encounter Data

**Collection: Requirements:**
- Definition(s) of an encounter (including definitions that may have been clarified or revised over time)
- Specifications for the submission of encounter data to the Medicaid agency
- Standards to ensure complete, accurate, timely encounter data submission

**Collections - Submission Specifications:**
- Data submission requirements including documentation describing set of encounter data elements, definitions, sets of acceptable values, standards for data processing and editing
- Use of "home grown" forms
- Use of Medicaid Identification Number for beneficiaries

**Collection: Standardized Forms:**
None

**PAHP conducts data accuracy check(s) on specified data elements:**
None

**Validation - Methods:**
- Comparison to benchmarks and norms (e.g., comparisons to State FFS utilization rates, comparisons to PAHP commercial utilization rates, comparisons to national norms, comparisons to submitted bills or cost-ratios)

**State conducts general data completeness assessments:**
No

## Standards/Accreditation

**PAHP Standards:**
- State-Developed/Specified Standards

**Accreditation Required for Participation:**
None

**Non-Duplication Based on Accreditation:**
None

- The State DOES NOT generate from encounter data any of the HEDIS measure listed for Medicaid

Encounter Data

Collection: Requirements:
- Definition(s) of an encounter (including definitions that may have been clarified or revised over time)
- Requirements for data validation
- Requirements for PIHPs to collect and maintain encounter data
- Specifications for the submission of encounter data to the Medicaid agency
- Standards to ensure complete, accurate, timely encounter data submission

Collections: Submission Specifications:
- Data submission requirements including documentation describing set of encounter data elements, definitions, sets of acceptable values, standards for data processing and editing
- Deadlines for regular/ongoing encounter data submission(s)
- Encounters to be submitted based upon national standardized forms (e.g. UB-04, NCPDP, ASC X12 837, ADA)
- Guidelines for initial encounter data submission
- Use of Medicaid Identification Number for beneficiaries

Validation - Methods:
- Automated analysis of encounter data submission to help determine to data completeness (e.g. frequency distributions, cross-tabulations, trend analysis, etc.)
- Automated edits of key fields used for calculation (e.g. codes within an allowable range)
- Comparison to benchmarks and norms (e.g. comparisons to State FFS utilization rates, comparisons to PIHP commercial utilization rates, comparisons to national norms, comparisons to submitted bills or cost-ratios)
- Per member per month analysis and comparisons across PIHPs
- Specification/source code review, such as a programming language used to create an encounter data file for submission
- State monitoring of consistency in encounters over time

Collection: Standardized Forms:
- ANSI ASC X12 837 - transaction set format for transmitting health care claims data

Collection: Standardized Forms:
- ANSI ASC X12 837 - transaction set format for transmitting health care claims data

PIHP conducts data accuracy check(s) on specified data elements:
- Date of Service
- Provider ID
- Medicaid Eligibility
- Plan Enrollment
- Diagnosis Codes
- Procedure Codes
- Revenue Codes

State conducts general data completeness assessments:
Yes

- Accreditation for Participation
- Consumer Self-Report Data (see below for details)
- Encounter Data (see below for details)
- Focused Studies
- MCO Standards (see below for details)
- Monitoring of MCO Standards
- On-Site Reviews
- Performance Improvement Projects (see below for details)
- Performance Measures (see below for details)
- Performance Measures Validation

Use of Collected Data:
- Contract Standard Compliance
- Fraud and Abuse
- Health Services Research
- Monitor Quality Improvement
- Plan Reimbursement
- Program Evaluation
- Program Modification, Expansion, or Renewal
- Regulatory Compliance/Federal Reporting
- Track Health Service provision

Consumer Self-Report Data:
- CAHPS
  Adult Medicaid AFDC Questionnaire
  Child Medicaid AFDC Questionnaire

Use of HEDIS:
- The State uses ALL of the HEDIS measures listed for Medicaid
- The State DOES NOT generate from encounter data any of the HEDIS measure listed for Medicaid
- State use/requires MCOs to follow NCQA specifications for all of the HEDIS measures listed for Medicaid that it collects

Encounter Data

Collection: Requirements:
- Definition(s) of an encounter (including definitions that may have been clarified or revised over time)
- Requirements for data validation
- Requirements for MCOs to collect and maintain encounter data
- Specifications for the submission of encounter data to the Medicaid agency
- Standards to ensure complete, accurate, timely encounter data submission

Collections: Submission Specifications:
- Data submission requirements including documentation describing set of encounter data elements, definitions, sets of acceptable values, standards for data processing and editing
- Deadlines for regular/ongoing encounter data submission(s)
- Encounters to be submitted based upon national standardized forms (e.g. UB-04, NCPDP, ASC X12 837, ADA)
- Guidelines for frequency of encounter data submission
Collection: Standardized Forms:
- ADA - American Dental Association dental claim form
- ANSI ASC X12 837 - transaction set format for transmitting health care claims data
- NCPDP - National Council for Prescription Drug Programs pharmacy claim form

Validation - Methods:
- Automated analysis of encounter data submission to help determine data completeness (e.g. frequency distributions, cross-tabulations, trend analysis, etc.)
- Automated edits of key fields used for calculation (e.g. codes within an allowable range)
- Per member per month analysis and comparisons across MCO

MCO/HIO conducts data accuracy check(s) on specified data elements:
- Date of Service

- Date of Payment
- Provider ID
- Type of Service
- Medicaid Eligibility
- Plan Enrollment
- Diagnosis Codes
- Procedure Codes
- Revenue Codes
- Age-appropriate diagnosis/procedure
- Gender-appropriate diagnosis/procedure

State conducts general data completeness assessments:
Yes

Performance Measures

Process Quality:
- Adolescent well-care visit rate
- Ambulatory Care
- Antidepressant medication management
- Asthma care - medication use
- Breast Cancer screening rate
- Check-ups after delivery
- Cholesterol screening and management for people with cardiovascular disease
- Controlling high blood pressure
- Diabetes management
- Enrollee rights and protection
- Follow-up after hospitalization for mental illness
- Frequency of on-going prenatal care
- Immunizations for two year olds
- Initiation of prenatal care - timeliness of
- Lead screening rate
- Pharmacology Management of COPD
- Quality Assessment and Performance Improvement
- Well-child care visit rates in 3, 4, 5, and 6 years of life
- Well-child care visit rates in first 15 months of life

Health Status/Outcomes Quality:
- Patient satisfaction with care
- Percentage of beneficiaries who are satisfied with their ability to obtain care
- Percentage of low birth weight infants

Access/Availability of Care:
- Average distance to PCP
- Children's access to primary care practitioners
- Percent of PCPs with open or closed patient assignment panels
- Ratio of PCPs to beneficiaries

Use of Services/Utilization:
None

Health Plan Stability/ Financial/Cost of Care:
None

ADDITIONAL INFORMATION
WASHINGTON
The Integrated Mental Health Services

Due to the nature of the waiver which is for a limited segment of services, the program does not designate a primary care provider. Individuals choose their own providers. Pregnant women in the Basic Health program (state funded program) are excluded from the Mental Health program.

QUALITY ACTIVITIES FOR PIHP

State Quality Assessment and Improvement

Activities:
- Consumer Self-Report Data (see below for details)
- Encounter Data (see below for details)
- Enrollee Hotlines
- Focused Studies
- Monitoring of PIHP Standards
- Ombudsman
- On-Site Reviews
- Performance Improvement Projects (see below for details)
- Performance Measures (see below for details)
- PIHP Standards (see below for details)
- Quality Review Team

Consumer Self-Report Data:
- Consumer/Beneficiary Focus Groups
- MHSIP Child, Family, and Adult Survey

Use of Collected Data:
- Contract Standard Compliance
- Fraud and Abuse
- Monitor Quality Improvement
- Program Evaluation
- Regulatory Compliance/Federal Reporting

Use of HEDIS:
- The State DOES NOT use any of the HEDIS measures
- The State DOES NOT generate from encounter data any of the HEDIS measure listed for Medicaid

Encounter Data

Definition: Requirements:
- Definition(s) of an encounter (including definitions that may have been clarified or revised over time)
- Requirements for PIHPs to collect and maintain encounter data
  - Specifications for the submission of encounter data to the Medicaid agency
  - Standards to ensure complete, accurate, timely encounter data submission

Collection: Standardized Forms:
- NSF - (National Standard Format) - the CMS approved electronic flat file format for transmitting non-institutional billing data between trading partners, such as physicians and suppliers
- UB-04 (CMS 1450) - (Uniform Billing) - the CMS approved electronic flat file format for transmitting institutional billing data between trading partners, such as hospitals, long term care facilities, etc.

Validation - Methods:
- Automated analysis of encounter data submission to help determine to data completeness (e.g. frequency distributions, cross-tabulations, trend analysis, etc.)
- Automated edits of key fields used for calculation (e.g. codes within an allowable range)

PIHP conducts data accuracy check(s) on specified data elements:
- Date of Service
- Provider ID
- Type of Service
- Medicaid Eligibility
- Diagnosis Codes
- Procedure Codes
- Age-appropriate diagnosis/procedure
- Gender-appropriate diagnosis/procedure

State conducts general data completeness assessments:
Yes
The Integrated Mental Health Services

None

Access/Availability of Care:
- Access to Appointment
- Availability of MHPs
- Average Distance to Service

Use of Services/Utilization:
- Crisis Contacts
- Inpatient admission for MH/SUD conditions/1,000 beneficiaries
- Inpatient admissions/1,000 beneficiary
- Outpatient Mental Health Hours

Health Plan Stability/ Financial/Cost of Care:
None

Health Plan/ Provider Characteristics:
None

Beneficiary Characteristics:
- Information of beneficiary ethnicity/race

Performance Measures - Others:
None

Performance Improvement Projects

Project Requirements:
- PIHPs are required to conduct a project(s) of their own choosing

Clinical Topics:
- Decrease In the Days to First Prescriber Appointment After Request for Service
- Employment Outcomes for Adult Consumers
- Impact of Implementing the PACT Model on the Use of Inpatient Treatment
- Implementing an Evidence-Based Practice in a Regional Support Network
- Improving Treatment Outcomes for Adults Diagnosed with a New Episode of Major Depressive Disorder
- Metabolic Syndrome Screening and Intervention
- Multisystemic Therapy
- Using Assertive Community Treatment to Decrease Consumer Hospital Utilization

Non-Clinical Topics:
- Improved Delivery of Non-Crisis Outpatient Appointments After Psychiatric Hospitalization
- Improving Coordination of Care and Outcomes
- Improving Early Engagement in Outpatient Services
- Increased Incident Reporting Compliance
- Increasing Percentage of Medicaid Clients who receive an Intake Service within 14 days of service request
- Reduced Errors in Service Encounter Reporting Through Consistent Interpretation of Reporting Guidelines
- Timeliness of Access to Outpatient Services

Standards/Accreditation

PIHP Standards:
- JCAHO (Joint Commission on Accreditation of Healthcare Organizations) Standards
- NCQA (National Committee for Quality Assurance) Standards

PCCM Provider - Fee-for-Service

Service Delivery

Included Services:
- Case Management, Chiropractic, Dental, Disease Management, Durable Medical Equipment, EPSDT, Family Planning, Hearing, Home Health, Hospice, Immunization, Inpatient Hospital, Inpatient Mental Health, Inpatient Substance Use Disorders, Institutional, Laboratory, Occupational Therapy, Outpatient Hospital, Outpatient Mental Health, Outpatient Substance Use Disorders, Pharmacy, Physical Therapy, Physician, Podiatry, Skilled Nursing Facility, Speech Therapy, Transportation, Vision, X-Ray

Allowable PCPs:
- Family Practitioners
- Federally Qualified Health Centers (FQHCs)
- General Practitioners
- Internists
- Nurse Midwives
- Nurse Practitioners
- Obstetricians/Gynecologists or Gynecologists
- Pediatricians
- Rural Health Clinics (RHCs)

Enrollment

Populations Voluntarily Enrolled:
- Blind/Disabled Adults and Related Populations
- Blind/Disabled Children and Related Populations

Populations Mandatorily Enrolled:
- Section 1931 Adults and Related Populations
- Section 1931 Children and Related Populations

Subpopulations Excluded from Otherwise Included Populations:
- Medicare Dual Eligibles
- Participate in HCBS Waiver
- Reside in Nursing Facility or ICF/MR

Medicare Dual Eligibles Included:
None

Medicare Dual Eligibles Excluded:
Exclude all categories of Medicare Dual Eligibles

Lock-In Provision:
1 month lock-in

Part D Benefit

MCE has Medicare Contract:
No

Provides Part D Benefits:
Not Applicable

Scope of Part D Coverage:
Not Applicable

Part D - Enhanced Alternative Coverage:
Not Applicable

Coverage of Part D Excluded Drugs in Medicaid Managed Care Contracts:
None

SERVING PEOPLE WITH COMPLEX (SPECIAL) NEEDS

Program Includes People with Complex (Special) Needs:
Yes

Strategies Used to Identify Persons with Complex (Special) Needs:
- Reviews complaints and grievances to identify members of these groups
- Surveys medical needs of enrollee to identify members of these groups
- Uses eligibility data to identify members of these groups

Agencies with which Medicaid Coordinates the Operation of the Program:
- Maternal and Child Health Agency
- Public Health Agency
- Uses enrollment forms to identify members of these groups
- Uses provider referrals to identify members of these groups

PARTICIPATING PLANS/PCCM AND OTHER PROGRAMS

ADDITIONAL INFORMATION

Any child who is enrolled in the States Children with Special Health Care Needs Program administered by the Office of Maternal, Child, Family Health

QUALITY ACTIVITIES FOR MCO/HIO

State Quality Assessment and Improvement Activities:
- Complaints, Grievances, and Disenrollment Data
- Consumer Self-Report Data (see below for details)
- Encounter Data (see below for details)
- Focused Studies
- MCO Standards (see below for details)
- Monitoring of MCO Standards
- On-Site Reviews
- Performance Improvement Projects (see below for details)
- Performance Measures (see below for details)

Use of Collected Data:
- Contract Standard Compliance
- Monitor Quality Improvement
- Program Evaluation
- Program Modification, Expansion, or Renewal
- Regulatory Compliance/Federal Reporting

Use of HEDIS:
- The State uses ALL of the HEDIS measures listed for Medicaid
- The State generates from encounter data SOME of the HEDIS measures listed for Medicaid
- State uses/requires MCOs to follow NCQA specifications for all of the HEDIS measures listed for Medicaid that it collects, BUT modifies the continuous enrollment requirement for some or all of the measures

Consumer Self-Report Data:
- Disenrollment Survey
- State-developed Survey
- State-developed Survey of Children with Special Health Needs

Use of Collected Data:
- Contract Standard Compliance
- Monitor Quality Improvement
- Program Evaluation
- Program Modification, Expansion, or Renewal
- Regulatory Compliance/Federal Reporting

Use of HEDIS:
- The State uses ALL of the HEDIS measures listed for Medicaid
- The State generates from encounter data SOME of the HEDIS measures listed for Medicaid
- State uses/requires MCOs to follow NCQA specifications for all of the HEDIS measures listed for Medicaid that it collects, BUT modifies the continuous enrollment requirement for some or all of the measures

Encounter Data

Collection: Requirements:
- Definition(s) of an encounter (including definitions that may have been clarified or revised over time)
- Incentives/sanctions to insure complete, accurate, timely encounter data submission
- Requirements for data validation
- Specifications for the submission of encounter data to the Medicaid agency
- Standards to ensure complete, accurate, timely encounter data submission

Collections: Submission Specifications:
- Data submission requirements including documentation describing set of encounter data elements, definitions, sets of acceptable values, standards for data processing and editing
- Deadlines for regular/ongoing encounter data submission(s)
- Encounters to be submitted based upon national standardized forms (e.g. UB-04, NCPDP, ASC X12 837, ADA)
- Guidelines for frequency of encounter data submission
- Guidelines for initial encounter data submission
- Use of Medicaid Identification Number for beneficiaries

Collection: Standardized Forms:
- NSF - (National Standard Format) - the CMS approved electronic flat file format for transmitting non-institutional billing data between trading partners, such as physicians and

Validation - Methods:
- Comparison to benchmarks and norms (e.g. comparisons to State FFS utilization rates, comparisons to MCO commercial utilization rates, comparisons to national norms,
suppliers
-UB-04 (CMS 1450) - (Uniform Billing) - the CMS approved
electronic flat file format for transmitting institutional billing
data between trading partners, such as hospitals, long term
care facilities, etc.

MCO/HIO conducts data accuracy check(s) on
specified data elements:
- Date of Service
- Date of Processing
- Date of Payment
- Provider ID
- Type of Service
- Medicaid Eligibility
- Plan Enrollment
- Diagnosis Codes
- Procedure Codes
- Revenue Codes
- Age-appropriate diagnosis/procedure
- Gender-appropriate diagnosis/procedure

State conducts general data completeness
assessments:
Yes

Performance Measures

Process Quality:
- Adolescent well-care visit rate
- Breast Cancer screening rate
- Cervical cancer screening rate
- Check-ups after delivery
- Chlamydia screening in women
- Cholesterol screening and management
- Comprehensive Diabetes Care
- Controlling high blood pressure
- Frequency of on-going prenatal care
- Heart Attack care
- Immunizations for two year olds
- Initiation of prenatal care - timeliness of
- Lead screening rate
- Smoking prevention and cessation
- Well-child care visit rates in 3, 4, 5, and 6 years of life
- Well-child care visit rates in first 15 months of life

Access/Availability of Care:
- Adult’s access to preventive/ambulatory health services
- Average distance to PCP
- Call Answer Abandonment
- Call Timeliness
- Children’s access to primary care practitioners
- Ratio of PCPs to beneficiaries

Health Status/Outcomes Quality:
- Patient satisfaction with care

Use of Services/Utilization:
- Ambulatory Surgery/Procedures/1,000 members months
- Days/1000 an average length of stay of IP administration, ER
visits, ambulatory surgery, maternity care, newborn care
- Emergency room visits/1,000 beneficiary
- Inpatient admissions/1,000 beneficiary
- Maternity - Discharges/1,000 Member Months, Days/1,000
Member Months, and ALOS
- Medicine - Discharges/1,000 member months, Days/1,000
member months, and ALOS
- Number of OB/GYN visits per adult female beneficiary
- Observation Room Stays/1,000 member months
- Outpatient Visits/1,000 member months
- Surgery - Discharges/1,000 member months, Days/1,000
Member Months, and ALOS
- Total Inpatient-Discharge/1,000 member months, days/1,000
member months and ALOS

Health Plan Stability/ Financial/Cost of Care:
None

Health Plan/ Provider Characteristics:
- Board Certification
**Beneficiary Characteristics:**
- Information of beneficiary ethnicity/race
- Information on primary languages spoken by beneficiaries
- MCO/PCP-specific disenrollment rate
- Percentage of beneficiaries who are auto-assigned to MCO
- Weeks of pregnancy at time of enrollment in MCO, for women giving birth during the reporting period

**Performance Measures - Others:**
- Prevention and Screening

---

### Performance Improvement Projects

**Project Requirements:**
- MCOs are required to conduct a project(s) of their own choosing
- All MCOs participating in the managed care program are required to conduct a common performance improvement project(s) prescribed by State Medicaid agency

**Non-Clinical Topics:**
- Adults access to preventive/ambulatory health services

---

### Clinical Topics:
- Asthma
- Childhood Immunization
- Childhood Obesity

---

### Standards/Accreditation

**MCO Standards:**
- CMS's Quality Improvement System for managed Care (QISMC) Standards for Medicaid and Medicare
- State-Developed/Specified Standards

**Accreditation Required for Participation:**
- None

**Non-Duplication Based on Accreditation:**
- None

**EQRO Organization:**
- Quality Improvement Organization (QIO)

**EQRO Name:**
- Delmarva

**EQRO Mandatory Activities:**
- Review of MCO compliance with structural and operational standards established by the State
- Validation of performance improvement projects
- Validation of performance measures

**EQRO Optional Activities:**
- Administration or validation of consumer or provider surveys
- Calculation of performance measures
- Conduct studies on quality that focus on a particular aspect of clinical or non-clinical services
- Technical assistance to MCOs to assist them in conducting quality activities
- Validation of encounter data

---

### Pay for Performance (P4P)

**Implementation of P4P:**
- The State HAS NOT implemented a Pay-for-Performance program with the MCO

**Program Payers:**
- Not Applicable

**Population Categories Included:**
- Not Applicable

**Rewards Model:**
- Not Applicable

**Clinical Conditions:**
- Not Applicable

**Measurement of Improved Performance:**
- Not Applicable
## QUALITY ACTIVITIES FOR PCCM

12 months guaranteed eligibility for deemed newborns/born to mothers receiving Medicaid (Title XIX). Otherwise, 6 months eligibility guarantee for individuals enrolled with a health plan for the first time and become ineligible prior to 6 months of enrollment. This 6 month guarantee does not apply to members receiving Long Term Care services.

QUALITY ACTIVITIES FOR MCO/HIO

State Quality Assessment and Improvement Activities:
- Consumer Self-Report Data (see below for details)
- Dentist Survey
- Encounter Data (see below for details)
- Enrollee Hotlines
- EPSDT Annual Reports
- EPSDT Quarterly Reports
- Family Planning Annual Reports
- Focused Studies
- Maternity Annual Reports
- MCO Standards (see below for details)
- Member Survey
- Monitoring of MCO Standards
- Ombudsman
- On-Site Reviews
- Performance Improvement Projects (see below for details)

Use of Collected Data:
- Contract Standard Compliance
- Fraud and Abuse
- Health Services Research
- Monitor Quality Improvement
- Plan Reimbursement
- Program Evaluation
- Program Modification, Expansion, or Renewal
- Quality Improvement
- Regulatory Compliance/Federal Reporting
- Track Health Service provision
### ARIZONA

**Arizona Health Care Cost Containment System (AHCCCS)**

- Performance Measures (see below for details)
- Physician Survey
- Provider Data
- Quality Management/Quality Improvement Annual Plans and Annual Evaluations

**Consumer Self-Report Data:**
- CAHPS
  - Adult Medicaid AFDC Questionnaire
  - Child Medicaid AFDC Questionnaire
- Consumer/Beneficiary Focus Groups
- Disenrollment Survey
- State-developed Survey

**Use of HEDIS:**
- The State uses SOME of the HEDIS measures listed for Medicaid
- The State generates from encounter data SOME of the HEDIS measures listed for Medicaid
- State use requires MCOs to follow NCQA specifications for all of the HEDIS measures listed for Medicaid that it collects

### Encounter Data

**Collection: Requirements:**
- Definition(s) of an encounter (including definitions that may have been clarified or revised over time)
- Incentives/sanctions to insure complete, accurate, timely encounter data submission
- Requirements for MCOs to collect and maintain encounter data
- Specifications for the submission of encounter data to the Medicaid agency
- Standards to ensure complete, accurate, timely encounter data submission

**Collections: Submission Specifications:**
- Data submission requirements including documentation describing set of encounter data elements, definitions, sets of acceptable values, standards for data processing and editing
- Deadlines for regular/ongoing encounter data submission(s)
- Encounters to be submitted based upon national standardized forms (e.g. NCPDP, ASC X12 837)
- Guidelines for initial encounter data submission
- Guidelines for frequency of encounter data submission
- Use of Medicaid Identification Number for beneficiaries

**Collection: Standardized Forms:**
- ANSI ASC X12 837 - transaction set format for transmitting health care claims data
- NCPDP - National Council for Prescription Drug Programs pharmacy claim form

**Validation - Methods:**
- Automated analysis of encounter data submission to help determine to data completeness (e.g. frequency distributions, cross-tabulations, trend analysis, etc.)
- Automated edits of key fields used for calculation (e.g. codes within an allowable range)
- Medical record validation
- Per member per month analysis and comparisons across MCO

**MCO/HIO conducts data accuracy check(s) on specified data elements:**
- Date of Service
- Date of Processing
- Date of Payment
- Provider ID
- Type of Service
- Medicaid Eligibility
- Plan Enrollment
- Diagnosis Codes
- Procedure Codes
- Revenue Codes
- Age-appropriate diagnosis/procedure
- Gender-appropriate diagnosis/procedure

**State conducts general data completeness assessments:**
- Yes

### Performance Measures

#### Process Quality:
- Adolescent well-care visit rates
- Advance Directives
- Annual Dental Visits among Children (ages 3 - 20)
- Asthma - appropriate use of medications
- Children's Access to Primary Care Providers
- Children's Access to Primary Care Providers - KidsCare

#### Health Status/Outcomes Quality:
- Patient satisfaction with care
- Percentage of beneficiaries who are satisfied with their ability to obtain care
- Percentage of low birth weight infants
Population
- Dental services
- Diabetes medication management
- Frequency of on-going prenatal care
- Health Screenings
- Immunizations for two year olds
- Influenza Immunizations and Pneumococcal Vaccination

Rates in the Elderly and Physically Disabled
- Initiation of prenatal care - timeliness of
- Lead Screening Rate
- Low Birth Weight Infants
- Population in Nursing Facilities and In Home Community Based Setting (ALTCS indicator)
- Utilization of Family Planning Services
- Well-child care visit rates in 3, 4, 5, and 6 years of life
- Well-child care visit rates in first 15 months of life

Access/Availability of Care:
- Children's access to primary care practitioners
- Ratio of PCPs to beneficiaries
- Utilization of Family Planning Services

Use of Services/Utilization:
- Drug Utilization
- Emergency room visits/1,000 beneficiary
- Inpatient admission for MH/SUD conditions/1,000 beneficiaries
- Inpatient admissions/1,000 beneficiary
- Number of days in ICF or SNF per beneficiary over 64 years
- Number of home health visits per beneficiary
- Number of PCP visits per beneficiary
- Percentage of beneficiaries with at least one dental visit
- Re-admission rates of MH/SUD

Health Plan Stability/ Financial/Cost of Care:
- Agency performance bond requirements
- Days in unpaid claims/claims outstanding
- Expenditures by medical category of service (i.e., inpatient, ER, pharmacy, lab, x-ray, dental, vision, etc.)
- Financial Viability Ratios (i.e., Current Ratio, Medical Expense, Administrative, Equity/Member)
- Minimum equity requirements
- Net income
- Total revenue

Beneficiary Characteristics:
- Geographic
- Information of beneficiary ethnicity/race
- MCO/PCP-specific disenrollment rate
- Percentage of beneficiaries who are auto-assigned to MCO
- Race / Ethnicity

Health Plan/ Provider Characteristics:
- Languages Spoken (other than English)

Performance Measures - Others:
None

Performance Improvement Projects

Project Requirements:
- All MCOs participating in the managed care program are required to conduct a common performance improvement project(s) prescribed by State Medicaid agency
- Individual MCOs are required to conduct a project prescribed by the State Medicaid agency

Clinical Topics:
- Child/Adolescent Dental Screening and Services
- Childhood Immunization
- Diabetes management
- Medical problems of the elderly
- Pharmacy management
- Prevention of Influenza

Non-Clinical Topics:
- Advance Directives
- Availability of language interpretation services
- Provider education regarding cultural health care needs of members
Arizona Health Care Cost Containment System (AHCCCS)

Standards/Accreditation

**MCO Standards:**
- CMS Meaningful Use (electronic medical records)
- CMS's Quality Improvement System for managed Care (QISMC) Standards for Medicaid and Medicare

- Use of Medicaid Identification Number for beneficiaries

Collection: Standardized Forms:
- ADA - American Dental Association dental claim form
- NCPDP - National Council for Prescription Drug Programs pharmacy claim form
- NSF - (National Standard Format) - the CMS approved electronic flat file format for transmitting non-institutional billing data between trading partners, such as physicians and suppliers
- UB-04 (CMS 1450) - (Uniform Billing) - the CMS approved electronic flat file format for transmitting institutional billing data between trading partners, such as hospitals, long term care facilities, etc.

Validation - Methods:
- Automated analysis of encounter data submission to help determine to data completeness (e.g. frequency distributions, cross-tabulations, trend analysis, etc.)
- Automated edits of key fields used for calculation (e.g. codes within an allowable range)
- Comparison to benchmarks and norms (e.g. comparisons to State FFS utilization rates, comparisons to PIHP commercial utilization rates, comparisons to national norms, comparisons to submitted bills or cost-ratios)
- Medical record validation
- Per member per month analysis and comparisons across PIHPs
- PIHP commercial utilization rates, comparisons to national norms, comparisons to submitted bills

PIHP conducts data accuracy check(s) on specified data elements:
- Date of Service
- Date of Processing
- Date of Payment
- Provider ID
- Type of Service
- Medicaid Eligibility
- Plan Enrollment
- Diagnosis Codes
- Procedure Codes
- Revenue Codes
- Age-appropriate diagnosis/procedure
- Gender-appropriate diagnosis/procedure

State conducts general data completeness assessments:
Yes
Performance Measures

Process Quality:
- Appropriateness of services
- Coordination of care with acute contractors/pcp's
- Member/Family involvement
- Percentage of beneficiaries who are satisfied with their ability to obtain care

Health Status/Outcomes Quality:
- Coordination of Care
- Patient satisfaction with care
- Symptomatic and functional improvement
- Transition of Care

Access/Availability of Care:
- Access to care/ appointment availability
- Appointment Standards
- Ratio of mental health providers to number of beneficiaries

Use of Services/Utilization:
- Drug Utilization
- Inpatient admission for MH/SUD conditions/1,000 beneficiaries
- Inpatient admissions/1,000 beneficiary
- Percentage of beneficiaries with at least one dental visit
- Re-admission rates of MH/SUD

Health Plan Stability/ Financial/Cost of Care:
- Actual reserves held by plan
- Days in unpaid claims/claims outstanding
- Expenditures by medical category of service (i.e., inpatient, ER, pharmacy, lab, x-ray, dental, vision, etc.)
- Financial Viability Ratios (i.e., Current Ratio, Medical Expense, Administrative, Equity/Member)
- Net income
- State minimum reserve requirements
- Total revenue

Health Plan/ Provider Characteristics:
- Languages Spoken (other than English)

Beneficiary Characteristics:
- Geographic
- Information of beneficiary ethnicity/race
- Percentage of beneficiaries who are auto-assigned to PIHPs
- PIHP/PCP-specific disenrollment rate

Performance Measures - Others:
None

Performance Improvement Projects

Project Requirements:
- All PIHPs participating in the managed care program are required to conduct a common performance improvement project(s) prescribed by State Medicaid agency
- Individual PIHPs are required to conduct a project prescribed by the State Medicaid agency

Clinical Topics:
- Access to Care
- Behavior health assessment - birth to 5 years of age
- Coordination of primary and behavioral health care
- Follow-up after hospitalization
- Informed consent for psychotropic medication prescription
- Pharmacy management
- Reducing the use of seclusion & restraint
- Transition of Care

Non-Clinical Topics:
- Availability of language interpretation services

Standards/Accreditation

PIHP Standards:
- CMS's Quality Improvement System for managed Care (QISMC) Standards for Medicaid and Medicare
- JCAHO (Joint Commission on Accreditation of Healthcare Organizations) Standards
- NCQA (National Committee for Quality Assurance) Standards
- State-Developed/Specified Standards

Accreditation Required for Participation:

DELAWARE
Diamond State Health Plan

Program Includes People with Complex (Special) Needs:
Yes

Strategies Used to Identify Persons with Complex (Special) Needs:
- Asks advocacy groups to identify members of these groups
- Reviews complaints and grievances to identify members of these groups
- Surveys medical needs of enrollee to identify members of these groups
- Uses eligibility data to identify members of these groups
- Uses enrollment forms to identify members of these groups
- Uses provider referrals to identify members of these groups

Agencies with which Medicaid Coordinates the Operation of the Program:
- Aging Agency
- Developmental Disabilities Agency
- Education Agency
- Maternal and Child Health Agency
- Mental Health Agency
- Public Health Agency
- Social Services Agencies
- Substance Abuse Agency

PARTICIPATING PLANS/PCCM AND OTHER PROGRAMS
Delaware Physicians Care, Inc
Unison Health Plan of Delaware, Inc.

ADDITIONAL INFORMATION
The Diamond State Health Plan (DSHP) is a state-wide mandatory managed care program. Over 80% of the Delaware Medicaid population is included in this program with the exception of member in other community-based waivers and Medicare dual eligibles. The DSHP includes an expansion population of adults with incomes below 100% of FPL.

Under the MCO managed care entity, Special Needs Children (State-defined): All children below 21, no income or resource limit that meet the SSN Functional Disability Requirements. Vision and hearing services are provided to children under 21.

QUALITY ACTIVITIES FOR MCO/HIO

State Quality Assessment and Improvement Activities:
- Consumer Self-Report Data (see below for details)
- Encounter Data (see below for details)
- Focused Studies
- MCO Standards (see below for details)
- Monitoring of MCO Standards
- On-Site Reviews
- Performance Improvement Projects (see below for details)
- Performance Measures (see below for details)

Use of Collected Data:
- Contract Standard Compliance
- Fraud and Abuse
- Health Services Research
- Monitor Quality Improvement
- Plan Reimbursement
- Program Evaluation

Consumer Self-Report Data:
- CAHPS
  - Adult Medicaid AFDC Questionnaire
  - Child Medicaid AFDC Questionnaire
  - Child with Special Needs Questionnaire
  - Consumer/Beneficiary Focus Groups
  - State-developed Survey

Use of HEDIS:
- The State uses SOME of the HEDIS measures listed for Medicaid
- The State generates from encounter data SOME of the HEDIS measures listed for Medicaid
- State uses requires MCOs to follow NCQA specifications for all of the HEDIS measures listed for Medicaid that it collects

Encounter Data
## DELAWARE
### Diamond State Health Plan

### Collection: Requirements:
- Definition(s) of an encounter (including definitions that may have been clarified or revised over time)
- Incentives/sanctions to insure complete, accurate, timely encounter data submission
- Requirements for data validation
- Requirements for MCOs to collect and maintain encounter data
- Specifications for the submission of encounter data to the Medicaid agency
- Standards to ensure complete, accurate, timely encounter data submission

### Collection: Standardized Forms:
- ADA - American Dental Association dental claim form
- ANSI ASC X12 837 - transaction set format for transmitting healthcare claims data
- NCPDP - National Council for Prescription Drug Programs pharmacy claim form
- NSF - (National Standard Format) - the CMS approved electronic flat file format for transmitting non-institutional billing data between trading partners, such as physicians and suppliers
- UB-04 (CMS 1450) - (Uniform Billing) - the CMS approved electronic flat file format for transmitting institutional billing data between trading partners, such as hospitals, long term care facilities, etc.

### MCO/HIO conducts data accuracy check(s) on specified data elements:
- Provider ID
- Medicaid Eligibility
- Plan Enrollment
- Diagnosis Codes
- Procedure Codes
- Revenue Codes
- Gender-appropriate diagnosis/procedure

### Collections: Submission Specifications:
- Data submission requirements including documentation describing set of encounter data elements, definitions, sets of acceptable values, standards for data processing and editing
- Deadlines for regular/ongoing encounter data submission(s)
- Encounters to be submitted based upon national standardized forms (e.g. UB-04, NCPDP, ASC X12 837, ADA)
- Guidelines for frequency of encounter data submission
- Use of Medicaid Identification Number for beneficiaries

### Validation - Methods:
- Automated analysis of encounter data submission to help determine data completeness (e.g. frequency distributions, cross-tabulations, trend analysis, etc.)
- Automated edits of key fields used for calculation (e.g. codes within an allowable range)
- Per member per month analysis and comparisons across MCO

### State conducts general data completeness assessments:
- Yes

### Performance Measures

#### Process Quality:
- Adolescent immunization rate
- Adolescent well-care visit rate
- Antidepressant medication management
- Appropriate treatment for Children with Upper Respiratory Infection (URI)
- Asthma care - medication use
- Breast Cancer screening rate
- Cervical cancer screening rate
- Cholesterol screening and management
- Controlling high blood pressure
- Immunizations for two year olds
- Lead screening rate
- Well-child care visit rates in 3, 4, 5, and 6 years of life
- Well-child care visit rates in first 15 months of life

#### Health Status/Outcomes Quality:
- Blood tests results for diabetes
- Obesity rates for adolescents
- Patient satisfaction with care
- Percentage of low birth weight infants
- Provider surveys

#### Access/Availability of Care:
- Adult's access to preventive/ambulatory health services
- Average distance to PCP
- Average wait time for an appointment with PCP
- Children's access to primary care practitioners
- Percent of PCPs with open or closed patient assignment

#### Use of Services/Utilization:
- Drug Utilization
- Emergency room visits/1,000 beneficiary
- Inpatient admission for MH/SUD conditions/1,000 beneficiaries
- Inpatient admissions/1,000 beneficiary
- Number of PCP visits per beneficiary
**DELAWARE**  
Diamond State Health Plan

### Panels
- Ratio of PCPs to beneficiaries

### Health Plan Stability/ Financial/Cost of Care:
- Expenditures by medical category of service (i.e., inpatient, ER, pharmacy, lab, x-ray, dental, vision, etc.)
- Medical loss ratio
- Net income
- Total revenue

### Health Plan/ Provider Characteristics:
- None

### Beneficiary Characteristics:
- None

### Performance Measures - Others:
- None

### Performance Improvement Projects

#### Project Requirements:
- MCOs are required to conduct a project(s) of their own choosing
- All MCOs participating in the managed care program are required to conduct a common performance improvement project(s) prescribed by State Medicaid agency

### Clinical Topics:
- Breast cancer screening (Mammography)
- Cervical cancer screening (Pap Test)
- Childhood Immunization
- Coordination of care for persons with physical disabilities
- Diabetes management
- Emergency Room service utilization
- Low birth-weight baby
- Pharmacy management
- Pre-natal care

### Non-Clinical Topics:
- Availability of language interpretation services
- Health information technology (e.g. state implementation of immunization and other registries, telemedicine initiatives, etc…)
- Reducing health care disparities via health literacy, education campaigns, or other initiatives

### Standards/Accreditation

#### MCO Standards:
- NCQA (National Committee for Quality Assurance) Standards
- State-Developed/Specified Standards

#### Accreditation Required for Participation:
- None

#### Non-Duplication Based on Accreditation:
- None

#### EQRO Organization:
- Quality Improvement Organization (QIO)

#### EQRO Name:
- Mercer Health & Benefits LLC

#### EQRO Mandatory Activities:
- Review of MCO compliance with structural and operational standards established by the State
- Validation of performance improvement projects
- Validation of performance measures

#### EQRO Optional Activities:
- Calculation of performance measures
- Conduct studies on quality that focus on a particular aspect of clinical or non-clinical services
- Technical assistance to MCOs to assist them in conducting quality activities
- Validation of encounter data

| Universal Health Care, Inc. (Reform) |

ADDITIONAL INFORMATION

The Provider Service Networks are reimbursed on a fee-for-service basis for all Florida state plan covered services. Under Reform, the fee-for-service PSN must cover transportation, which is done on a capitated basis.

The Children's Medical Services Network is classified as a Provider Service Network and a specialty plan under Medicaid Reform. This plan was developed to serve children with special healthcare needs as defined by Florida statutes on a voluntary basis.

AIDS Healthcare Foundation of Florida (AHFMCO), doing business as Positive Health Care, a specialty plan (HMO) for beneficiaries living with HIV/AIDS.

Those children whose serious or chronic physical or developmental conditions require extensive preventive and maintenance care beyond that required by typically healthy children.

QUALITY ACTIVITIES FOR MCO/HIO

Performance Improvement Projects

Project Requirements:
- PIHPs are required to conduct a project(s) of their own choosing

Clinical Topics:
- Adolescent Immunization
- Adolescent Well Care/EPSDT
- Asthma management
- Child/Adolescent Dental Screening and Services
- Childhood Immunization
- Diabetes management
- Follow-up within Seven Days After Acute Discharge for a Mental Health Diagnosis
- HIV/AIDS Prevention and/or Management
- Well Child Care/EPSDT

Non-Clinical Topics:
- Decreasing the Time from Claims Receipt to Claims Payment
- FARS/CFARS Submission Rates
- Improvement of Documentation Related to Coordination of Care between Mental Health Providers and PCPs within a Prepaid Mental Health Plan
- Improving Assessment to Care by Reducing Abandoned Call Rate

Standards/Accreditation

PIHP Standards:
- CMS's Quality Improvement System for managed Care (QISMC) Standards for Medicaid and Medicare
- State-Developed/Specified Standards

Accreditation Required for Participation:
- PIHPs not required to be accredited at this time, as they are fee-for-service

Non-Duplication Based on Accreditation:
None

EQRO Organization:
- Private accreditation organization

EQRO Name:
- Health Systems Advisory Group (HSAG)

EQRO Mandatory Activities:
- Review of PIHP compliance with structural and operational standards established by the State
- Validation of performance improvement projects
- Validation of performance measures

EQRO Optional Activities:
- Administration or validation of consumer or provider surveys
- Calculation of performance measures
- Conduct of performance improvement projects
- Conduct studies on quality that focus on a particular aspect of clinical or non-clinical services
- Technical assistance to PIHPs to assist them in conducting quality activities

PROGRAM DATA

Program Service Area: Statewide

Operating Authority: 1115(a) - Demonstration Waiver Program

Statutes Utilized: Not Applicable

Enrollment Broker: ACS

Initial Waiver Approval Date: July 16, 1993

Implementation Date: August 01, 1994

Waiver Expiration Date: June 30, 2013

Sections of Title XIX Waived:
-1902(a)(10)(B) Amount, Duration and Scope
-1902(a)(10)(C)
-1902(a)(17)
-1902(a)(17)(D)
-1902(a)(23) Freedom of Choice
-1902(a)(34)

Sections of Title XIX Costs Not Otherwise Matchable Granted:
-HCBS
-MCO Definition 1903(m)(1)(A)
-MCO Limits Disenrollment Rights 1903(m)(2)(A)(vi)
-MCO Payments in non-rural areas to the extent necessary if a plan exceeds its enrollment cap 1903(m)(2)(A)(xii)

Guaranteed Eligibility: No guaranteed eligibility

SERVICE DELIVERY

MCO (Comprehensive Benefits) - Risk-based Capitation

Service Delivery

Included Services:
Cornea and Kidney Transplants and Bone Grafts, Dental, Dietary, Durable Medical Equipment, EPSDT, HCBS, Hearing, Home Health, Hospice, Inpatient Hospital, Inpatient Mental Health, Inpatient Substance Use Disorders, Intermediate Care Facility, Laboratory, Language/Interpreter, Long Term Care, Maternity, Occupational Therapy, Optometry, Certified Nurse Midwife, Nurse Practitioner, Physician Assistant, Outpatient Hospital, Outpatient Mental Health, Outpatient Substance Use Disorders, Pharmacy, Physical Therapy, Physician, Preventive, Skilled Nursing Facility, Speech Therapy, Sterilization/Hysterectomies,

Allowable PCPs:
-Family Practitioners
-Federally Qualified Health Centers (FQHCs)
-General Practitioners
-Internists
-Obstetricians/Gynecologists or Gynecologists
-Pediatricians
-Rural Health Clinics (RHCs)
HAWAII
Hawaii QUEST Expanded (QEx)

Subacute Care (when cost appropriate), Transportation, X-Ray

Enrollment

Populations Voluntarily Enrolled:
None

Populations Mandatorily Enrolled:
- Aged and Related Populations
- Blind/Disabled Adults and Related Populations
- Blind/Disabled Children and Related Populations
- Breast and Cervical Cancer Treatment Group
- Childless Adults who meet Medicaid asset limits
- Foster Care Children
- Medically Needy AFDC-related Adults and Children
- Medicare Dual Eligibles
- Poverty-Level Pregnant Women
- Section 1931 Adults and Related Populations
- Section 1931 Children and Related Populations
- Title XXI CHIP

Subpopulations Excluded from Otherwise Included Populations:
-Medicare Dual Eligibles

Medicare Dual Eligibles Included:
QMB Plus, SLMB Plus, and Medicaid only

Medicare Dual Eligibles Excluded:
SLMB, QI, and QDWI

Lock-In Provision:
12 month lock-in

Part D Benefit

MCE has Medicare Contract:
Yes

Provides Part D Benefits:
Yes

Scope of Part D Coverage:
Standard Prescription Drug

Part D - Enhanced Alternative Coverage:
Not Applicable

Coverage of Part D Excluded Drugs in Medicaid Managed Care Contracts:
-None - managed care entity provides standard prescription drug coverage

SERVING PEOPLE WITH COMPLEX (SPECIAL) NEEDS

Program Includes People with Complex (Special) Needs:
Yes

Strategies Used to Identify Persons with Complex (Special) Needs:
- Asks advocacy groups to identify members of these groups
- Uses provider referrals to identify members of these groups

Agencies with which Medicaid Coordinates the Operation of the Program:
- Education Agency
- Public Health Agency
- Social Services Agencies

PARTICIPATING PLANS/PCCM AND OTHER PROGRAMS
## Quality Activities for MCO/HIO

### State Quality Assessment and Improvement

**Activities:**
- Accreditation for Participation
- Consumer Self-Report Data (see below for details)
- Encounter Data (see below for details)
- Enrollee Hotlines
- Focused Studies
- MCO Standards (see below for details)
- Monitoring of MCO Standards
- Network Data
- On-Site Reviews
- Performance Improvement Projects (see below for details)
- Performance Measures (see below for details)
- Provider Data

### Consumer Self-Report Data:

- CAHPS
  - Adult Medicaid AFDC Questionnaire
  - Child Medicaid AFDC Questionnaire

### Use of Collected Data:

- Beneficiary Plan Selection
- Contract Standard Compliance
- Fraud and Abuse
- Health Services Research
- Monitor Quality Improvement
- Plan Reimbursement
- Program Evaluation
- Program Modification, Expansion, or Renewal
- Regulatory Compliance/Federal Reporting
- Track Health Service provision

### Use of HEDIS:

- The State uses SOME of the HEDIS measures listed for Medicaid
- The State generates from encounter data SOME of the HEDIS measures listed for Medicaid
- State use/requires MCOs to follow NCQA specifications for all of the HEDIS measures listed for Medicaid that it collects

### Encounter Data

#### Collection: Requirements:
- Definition(s) of an encounter (including definitions that may have been clarified or revised over time)
- Incentives/sanctions to insure complete, accurate, timely encounter data submission
- Requirements for data validation
- Requirements for MCOs to collect and maintain encounter data
- Specifications for the submission of encounter data to the Medicaid agency

#### Collections: Submission Specifications:
- Data submission requirements including documentation describing set of encounter data elements, definitions, sets of acceptable values, standards for data processing and editing
- Deadlines for regular/ongoing encounter data submission(s)
- Guidelines for frequency of encounter data submission
- Guidelines for initial encounter data submission
- Use of "home grown" forms
- Use of Medicaid Identification Number for beneficiaries
- Use of state proprietary forms

#### Collection: Standardized Forms:

None

#### Validation - Methods:
- Automated analysis of encounter data submission to help determine to data completeness (e.g. frequency distributions, cross-tabulations, trend analysis, etc.)
- Automated edits of key fields used for calculation (e.g. codes within an allowable range)
- Comparison to benchmarks and norms (e.g. comparisons to State FFS utilization rates, comparisons to MCO commercial utilization rates, comparisons to national norms, comparisons to submitted bills or cost-ratios)
- Medical record validation
- Per member per month analysis and comparisons across MCO
- Specification/source code review, such as a programming
MCO/HIO conducts data accuracy check(s) on specified data elements:
- Date of Service
- Date of Processing
- Date of Payment
- Provider ID
- Type of Service
- Medicaid Eligibility
- Plan Enrollment
- Diagnosis Codes
- Procedure Codes
- Revenue Codes
- Age-appropriate diagnosis/procedure
- Gender-appropriate diagnosis/procedure
- State contracted with HSAG on encounter validation project

State conducts general data completeness assessments:
Yes

Performance Measures

Process Quality:
- Adolescent immunization rate
- Adolescent well-care visit rates
- Annual monitoring for patients on persistent medication
- Antidepressant medication management
- Appropriate treatment for Children with Upper Respiratory Infection (URI)
- Asthma care - medication use
- Avoidance of antibiotic treatment in adults with acute bronchitis
- Beta-blocker treatment after heart attack
- Breast Cancer screening rate
- Cervical cancer screening rate
- Check-ups after delivery
- Childhood immunizations
- Chlamydia screening in women
- Cholesterol management for patients with cardiovascular conditions
- Comprehensive diabetes care
- Controlling high blood pressure
- Dental services
- Diabetes medication management
- Flu shots for older adults
- Follow-up after hospitalization for mental illness
- Follow-up of care for children prescribed ADHD medication
- Frequency of on-going prenatal care
- Initiation of prenatal care - timeliness of
- Lead screening rate
- Medication reconciliation post-discharge
- Osteoporosis testing in older women
- Persistence of B blocker treatment after a heart attack
- Pneumonia vaccination status for older adults
- Smoking prevention and cessation
- Use of appropriate medications for people with asthma
- Use of high-risk medications in the elderly
- Well-child care visit rates in first 15 months of life
- Well-child care visits rates in 3,4,5, and 6 years of life

Health Status/Outcomes Quality:
- Blood pressure control
- Cholesterol control (LDL)
- Diabetes care (ALC)
- Emergency room visits
- Inpatient admissions
- Patient satisfaction with care

Access/Availability of Care:
- Adult's access to preventive/ambulatory health services
- Average wait time for an appointment with PCP
- CAHPS survey - getting care quickly/getting needed care
- Children's access to primary care practitioners

Use of Services/Utilization:
- Ambulatory care
- Drug Utilization
- Emergency room visits/1,000 beneficiary
- Inpatient admission for MH/SUD conditions/1,000 beneficiaries
HAWAII
Hawaii QUEST Expanded (QEx)

- Initiation and engagement of alcohol and other drug dependence treatment
- Prenatal and postpartum care
- Ratio of PCPs to beneficiaries
- Inpatient admissions/1,000 beneficiary
- Inpatient utilization - general hospital/acute care
- Mental health utilization - percentage of members receiving inpatient, day/night care and ambulatory services
- Number of days in ICF or SNF per beneficiary over 64 years
- Number of PCP visits per beneficiary
- Re-admission rates of MH/SUD
- Well-child visits in first 15 months of life
- Well-child visits in the third, fourth, fifth and sixth year of life

Health Plan Stability/ Financial/Cost of Care:
- Actual reserves held by plan
- Days cash on hand
- Days in unpaid claims/claims outstanding
- Expenditures by medical category of service (i.e., inpatient, ER, pharmacy, lab, x-ray, dental, vision, etc.)
- Net income
- Net worth
- Relative resource use for people with asthma
- Relative resource use for people with diabetes
- State minimum reserve requirements
- Total revenue

Beneficiary Characteristics: None

Health Plan/ Provider Characteristics:

Performance Measures - Others: None

Performance Improvement Projects

Project Requirements:
- MCOs are required to conduct a project(s) of their own choosing

Clinical Topics:
- Adolescent Well Care/EPSDT
- Asthma management
- Childhood Immunization
- Childhood obesity
- Diabetes management
- Emergency Room service utilization
- Well Child Care/EPSDT

Non-Clinical Topics:
None

Standards/Accreditation

MCO Standards:
- CMS's Quality Improvement System for managed Care (QISMC) Standards for Medicaid and Medicare
- JCAHO (Joint Commission on Accreditation of Healthcare Organizations) Standards
- NCQA (National Committee for Quality Assurance) Standards
- URAC Standards

Accreditation Required for Participation:
- NCQA (National Committee for Quality Assurance)
- URAC

Non-Duplication Based on Accreditation:
None

EQRO Name:
- Health Services Advisory Group

EQRO Organization:
- Private accreditation organization
- Quality Improvement Organization (QIO)

EQRO Mandatory Activities:
- Review of MCO compliance with structural and operational standards established by the State
- Validation of performance improvement projects
- Validation of performance measures
EQRO Optional Activities:
- Administration or validation of consumer or provider surveys
- Conduct of performance improvement projects
- Validation of encounter data

Pay for Performance (P4P)

Implementation of P4P:
The State HAS NOT implemented a Pay-for-Performance program with the MCO, but plans to implement one in the future

Program Payers:
Medicaid is the only payer

Population Categories Included:
A subset of MCO members, defined by disease and medical condition

Rewards Model:
Payment incentives/differentials to reward MCOs

Clinical Conditions:
Asthma
Childhood immunizations
Diabetes
Prenatal Care
Well-child visits

Measurement of Improved Performance:
Using clinically-based outcome measures (e.g., HEDIS, NQF, etc.)

Initial Year of Reward:
Not Applicable

Evaluation Component:
The State HAS NOT conducted an evaluation of the effectiveness of its P4P program

Member Incentives:
Not Applicable
INDIANA

Guaranteed Eligibility:
No guaranteed eligibility

SERVICE DELIVERY

MCO (Comprehensive Benefits) - Risk-based Capitation

Service Delivery

Included Services:
Durable Medical Equipment, Emergency, EPSDT, Family Planning, Food Supplements, FQHC, Home Health, Immunization, Inpatient Hospital, Inpatient Mental Health, Inpatient Substance Use Disorders, Laboratory, Nutritional Supplements, Occupational Therapy, Organ Transplants, Out-of-state Medical, Outpatient Hospital, Outpatient Mental Health, Outpatient Substance Use Disorders, Pharmacy, Physical Therapy, Physician, Podiatry, Respiratory Therapy, RHC, Smoking Cessation, Speech Therapy, X-Ray

Allowable PCPs:
-Members are not required to select a primary care provider

Enrollment

Populations Voluntarily Enrolled: None
Populations Mandatorily Enrolled:
-Uninsured Adults Under 200% FPL
Subpopulations Excluded from Otherwise Included Populations:
- Enrolled in Another Managed Care Program
- Medicare Dual Eligibles
- Other Primary Health Insurance
- Participate in HCBS Waiver
- Persons above 200% FPL
- Persons with employer sponsored insurance
- Persons with insurance during the past six months
- Pregnant Woman
- Reside in Nursing Facility or ICF/MR
- Special Needs Children (BBA defined)
- Special Needs Children (State defined)

Medicare Dual Eligibles Included:
None

Medicare Dual Eligibles Excluded:
Exclude all categories of Medicare Dual Eligibles

Lock-In Provision:
12 month lock-in

Part D Benefit

MCE has Medicare Contract:
No

Provides Part D Benefits:

SERVING PEOPLE WITH COMPLEX (SPECIAL) NEEDS

Program Includes People with Complex (Special) Needs:
Yes

Strategies Used to Identify Persons with Complex (Special) Needs:
- Claims Analysis
- Surveys medical needs of enrollee to identify members of these groups
- Uses enrollment forms to identify members of these groups

Agencies with which Medicaid Coordinates the Operation of the Program:
- Eligibility Agency
- Enrollment Broker
- Health Plans
- PBM
- State Actuary

PARTICIPATING PLANS/PCCM AND OTHER PROGRAMS

Anthem-Healthy Indiana Plan
MDwise-Healthy Indiana Plan
Enhanced Services Plan (ESP)-Healthy Indiana Plan

ADDITIONAL INFORMATION

1115(a) Demonstration includes the Hoosier Healthwise program as well (with the exception of the MCHIP population that remains on the 1915(b) Waiver). Enrollees with pre-defined high risk conditions are served by the Enhanced Services Plan (ESP). ESP is delivered fee for service. ESP is administered by contract with vendors that administer the Indiana Comprehensive Health Insurance Association (ICHIA).
QUALITY ACTIVITIES FOR MCO/HIO

State Quality Assessment and Improvement Activities:
- Encounter Data (see below for details)
- Enrollee Hotlines
- Focused Studies
- MCO Standards (see below for details)
- Monitoring of MCO Standards
- On-Site Reviews
- Performance Improvement Projects (see below for details)
- Performance Measures (see below for details)

Use of Collected Data:
- Contract Standard Compliance
- Data Mining
- Enhanced/Revise State managed care Medicaid Quality Strategy
- Fraud and Abuse
- Health Services Research
- Monitor Quality Improvement
- Program Evaluation
- Program Modification, Expansion, or Renewal
- Regulatory Compliance/Federal Reporting
- Track Health Service provision

Consumer Self-Report Data:
None

Use of HEDIS:
- The State uses SOME of the HEDIS measures listed for Medicaid
- The State generates from encounter data SOME of the HEDIS measures listed for Medicaid
- State use/requires MCOs to follow NCQA specifications for all of the HEDIS measures listed for Medicaid that it collects

Encounter Data

Collection: Requirements:
- Definition(s) of an encounter (including definitions that may have been clarified or revised over time)
- Incentives/sanctions to insure complete, accurate, timely encounter data submission
- Requirements for MCOs to collect and maintain encounter data
- Specifications for the submission of encounter data to the Medicaid agency
- Standards to ensure complete, accurate, timely encounter data submission

Collection: Standardized Forms:
- ANSI ASC X12 837 - transaction set format for transmitting health care claims data
- NCPDP - National Council for Prescription Drug Programs pharmacy claim form
- NSF - (National Standard Format) - the CMS approved electronic flat file format for transmitting non-institutional billing data between trading partners, such as physicians and suppliers
- UB-04 (CMS 1450) - (Uniform Billing) - the CMS approved electronic flat file format for transmitting institutional billing data between trading partners, such as hospitals, long term care facilities, etc.

Collection: Submission Specifications:
- Data submission requirements including documentation describing set of encounter data elements, definitions, sets of acceptable values, standards for data processing and editing
- Deadlines for regular/ongoing encounter data submission(s)
- Encounters to be submitted based upon national standardized forms (e.g. UB-04, NCPDP, ASC X12 837, ADA)
- Guidelines for frequency of encounter data submission
- Guidelines for initial encounter data submission
- Use of Medicaid Identification Number for beneficiaries

Validation - Methods:
- Automated edits of key fields used for calculation (e.g. codes within an allowable range)
- Comparison to benchmarks and norms (e.g. comparisons to State FFS utilization rates, comparisons to MCO commercial utilization rates, comparisons to national norms, comparisons to submitted bills or cost-ratios)
- Per member per month analysis and comparisons across MCO
- Specification/source code review, such as a programming language used to create an encounter data file for submission

MCO/HIO conducts data accuracy check(s) on specified data elements:
- Date of Service
- Provider ID
- Type of Service
- Medicaid Eligibility
- Plan Enrollment
- Diagnosis Codes
- Procedure Codes
- Revenue Codes

State conducts general data completeness assessments:
Yes
INDIANA
Healthy Indiana Plan

- Age-appropriate diagnosis/procedure
- Gender-appropriate diagnosis/procedure

Performance Measures

Process Quality:
- Annual Preventive Services

Health Status/Outcomes Quality:
- Patient satisfaction with care
- Percentage of beneficiaries who are satisfied with their ability to obtain care

Access/Availability of Care:
- Adult's access to preventive/ambulatory health services
- Average distance to PCP
- Average wait time for an appointment with PCP
- Ratio of PCPs to beneficiaries

Use of Services/Utilization:
- Drug Utilization
- Number of PCP visits per beneficiary

Health Plan Stability/ Financial/Cost of Care:
- Actual reserves held by plan
- Days cash on hand
- Days in unpaid claims/claims outstanding
- Expenditures by medical category of service (i.e., inpatient, ER, pharmacy, lab, x-ray, dental, vision, etc.)
- Medical loss ratio
- Net income
- Net worth
- State minimum reserve requirements
- Total revenue

Health Plan/ Provider Characteristics:
- Provider turnover

Beneficiary Characteristics:
- MCO/PCP-specific disenrollment rate

Performance Improvement Projects

Project Requirements:
- MCOs are required to conduct a project(s) of their own choosing

SERVICE DELIVERY

MCO (Comprehensive Benefits) - Risk-based Capitation

Service Delivery

Included Services:
Case Management, Chiropractic, Disease Management,
Durable Medical Equipment, Emergency, EPSDT, Family Planning,
Food Supplements, FQHC, Hearing, Home Health,
Immunization, Infant Formulas, Inpatient Hospital, Inpatient Mental Health,
Inpatient Substance Use Disorders,
Laboratory, Nutritional Supplements, Occupational Therapy,
Organ Transplants, Out-of-state Medical, Outpatient Hospital,
Outpatient Mental Health, Outpatient Substance Use Disorders,
Pharmacy, Physical Therapy, Physician, Podiatry,
Respiratory Therapy, RHC, Smoking Cessation, Speech Therapy,
Transportation, Vision, X-Ray

Allowable PCPs:
- Family Practitioners
- General Practitioners
- Internists
- Obstetricians/Gynecologists or Gynecologists
- Pediatricians

Enrollment

233
INDIANA
Hoosier Healthwise (1115)

Populations Voluntarily Enrolled: None

Subpopulations Excluded from Otherwise Included Populations:
- Enrolled in Another Managed Care Program
- Hospice
- Medicare Dual Eligibles
- Reside in Nursing Facility or ICF/MR

Medicare Dual Eligibles Included: None

MCE has Medicare Contract: No

Scope of Part D Coverage: Not Applicable

Coverage of Part D Excluded Drugs in Medicaid Managed Care Contracts: None

Part D Benefit

Provides Part D Benefits: Not Applicable

- PBM
- State Actuary

Participating Plans/PCCM and Other Programs

Anthem-Hoosier Healthwise
MDwise-Hoosier Healthwise

Managed Health Services (MHS)-Hoosier Healthwise

Additional Information

Hoosier Healthwise is authorized by both an 1115(a) Demonstration and a 1915(b) Waiver. The MCHIP and Presumptively Eligible Pregnant Women populations are the only populations still on the 1915(b). The 1115(a) demonstration was established for the Healthy Indiana Plan. The remainder of the Hoosier Healthwise population was placed onto that 1115(a) demonstration for budget neutrality purposes.

State defined special needs children are children who have or at increase risk for a chronic physical, developmental, behavioral, or emotional condition.

Hoosier Healthwise (1115)

QUALITY ACTIVITIES FOR MCO/HIO

State Quality Assessment and Improvement Activities:
- Consumer Self-Report Data (see below for details)
- Encounter Data (see below for details)
- Enrollee Hotlines
- Focused Studies
- MCO Standards (see below for details)
- Monitoring of MCO Standards
- Network Data
- On-Site Reviews
- Performance Improvement Projects (see below for details)
- Performance Measures (see below for details)
- Provider Data

Use of Collected Data:
- Contract Standard Compliance
- Data Mining
- Enhanced/Revise State managed care Medicaid Quality Strategy
- Fraud and Abuse
- Health Services Research
- Monitor Quality Improvement
- Plan Reimbursement
- Program Evaluation
- Program Modification, Expansion, or Renewal
- Regulatory Compliance/Federal Reporting
- Track Health Service provision

Consumer Self-Report Data:
- CAHPS
  - Adult Medicaid AFDC Questionnaire
  - Child Medicaid AFDC Questionnaire

Use of HEDIS:
- The State uses SOME of the HEDIS measures listed for Medicaid
- The State generates from encounter data SOME of the HEDIS measures listed for Medicaid
- State use/requires MCOs to follow NCQA specifications for all of the HEDIS measures listed for Medicaid that it collects

Use of Collected Data:

Encounter Data

Collection: Requirements:
- Definition(s) of an encounter (including definitions that may have been clarified or revised over time)
- Incentives/sanctions to insure complete, accurate, timely encounter data submission
- Requirements for data validation
- Requirements for MCOs to collect and maintain encounter data
- Specifications for the submission of encounter data to the Medicaid agency
- Standards to ensure complete, accurate, timely encounter data submission

Collection: Submission Specifications:
- Data submission requirements including documentation describing set of encounter data elements, definitions, sets of acceptable values, standards for data processing and editing
- Deadlines for regular/ongoing encounter data submission(s)
- Encounters to be submitted based upon national standardized forms (e.g. UB-04, NCPDP, ASC X12 837, ADA)
- Guidelines for frequency of encounter data submission
- Guidelines for initial encounter data submission
- Use of Medicaid Identification Number for beneficiaries

Validation - Methods:
- Automated edits of key fields used for calculation (e.g. codes within an allowable range)
- Comparison to benchmarks and norms (e.g. comparisons to State FFS utilization rates, comparisons to MCO commercial utilization rates, comparisons to national norms, comparisons to submitted bills or cost-ratios)
- Per member per month analysis and comparisons across MCO
- Specification/source code review, such as a programming language used to create an encounter data file for submission

MCO/HIO conducts data accuracy check(s) on specified data elements:
- Date of Service
- Provider ID
- Type of Service
- Medicaid Eligibility
- Plan Enrollment
- Diagnosis Codes
- Procedure Codes

State conducts general data completeness assessments:
Yes
INDIANA
Hoosier Healthwise (1115)

- Revenue Codes
- Age-appropriate diagnosis/procedure
- Gender-appropriate diagnosis/procedure

Performance Measures

Process Quality:
- Adolescent well-care visit rate
- Annual Monitoring for Persistent Medications
- Antidepressant medication management
- Appropriate Testing and Treatment for COPD
- Appropriate Testing for Children with Pharyngitis
- Appropriate treatment for Children with Upper Respiratory Infection (URI)
- Asthma care - medication use
- Beta-blocker treatment after heart attack
- Breast Cancer screening rate
- Cervical cancer screening rate
- Check-ups after delivery
- Chlamydia screening in women
- Cholesterol screening and management
- Controlling high blood pressure
- Depression management/care
- Diabetes Management
- Follow-up after hospitalization for mental illness
- Follow-Up for Children Prescribed ADHD Medications
- Frequency of on-going prenatal care
- Immunizations for two year olds
- Initiation and engagement of SUD treatment
- Initiation of Prenatal Care
- Lead screening rate
- Use of Imaging Studies for Low Back Pain
- Utilization for Ambulatory, Inpatient, and Mental Health Treatment
- Well-child care visit rates in 3, 4, 5, and 6 years of life
- Well-child care visit rates in first 15 months of life

Access/Availability of Care:
- Adult's access to preventive/ambulatory health services
- Average distance to PCP
- Average wait time for an appointment with PCP
- Children's access to primary care practitioners
- Percent of PCPs with open or closed patient assignment panels
- Ratio of PCPs to beneficiaries

Health Status/Outcomes Quality:
- Patient satisfaction with care
- Percentage of beneficiaries who are satisfied with their ability to obtain care

Use of Services/Utilization:
- Average number of visits to MH/SUD providers per beneficiary
- Drug Utilization
- Emergency room visits/1,000 beneficiary
- Inpatient admission for MH/SUD conditions/1,000 beneficiaries
- Inpatient admissions/1,000 beneficiary
- Number of OB/GYN visits per adult female beneficiary
- Number of PCP visits per beneficiary
- Number of specialist visits per beneficiary
- Percent of beneficiaries accessing 24-hour day/night care at MH/SUD facility
- Re-admission rates of MH/SUD

Health Plan Stability/Financial/Cost of Care:
- Administrative Cost Ratio
- Claims Payable per Member
- Cost per Member
- Days cash on hand
- Days in Claims Receivable
- Days in unpaid claims/claims outstanding
- Equity per Member
- Expenditures by medical category of service (i.e., inpatient, ER, pharmacy, lab, x-ray, dental, vision, etc.)
- Medical loss ratio
- Net income
- Net worth
- Ratio Assets to Liabilities

Health Plan/Provider Characteristics:
- Grievance and Appeal Timeliness
- Languages Spoken (other than English)
- Provider Complaints
- Provider turnover
Beneficiary Characteristics:
- Information of beneficiary ethnicity/race
- Information on primary languages spoken by beneficiaries
- MCO/PCP-specific disenrollment rate
- Percentage of beneficiaries who are auto-assigned to MCO
- Weeks of pregnancy at time of enrollment in MCO, for women giving birth during the reporting period

Performance Measures - Others:
None

Performance Improvement Projects

Project Requirements:
- MCOs are required to conduct a project(s) of their own choosing
- All MCOs participating in the managed care program are required to conduct a common performance improvement project(s) prescribed by State Medicaid agency

Clinical Topics:
- ADHD Medication Follow-Up: Initiation Phase
- Adolescent Well-Care Visits
- Behavioral Health Seven Day Follow-Up
- Breast Cancer Screening
- Cervical Cancer Screening
- Diabetes-LDL-C, HbA1c and Eye Exam
- Lead Screening
- Timely Prenatal Visits

Non-Clinical Topics:
- Program Integrity
- Provider Network Services

Standards/Accreditation

MCO Standards:
- NAIC (National Association of Insurance Commissioners) Standards
- NCQA (National Committee for Quality Assurance) Standards
- State-Developed/Specified Standards
- URAC Standards

Accreditation Required for Participation:
None

Non-Duplication Based on Accreditation:
None

EQRO Organization:
- Independent Consultant

EQRO Name:
-Burns & Associates

EQRO Mandatory Activities:
- Review of MCO compliance with structural and operational standards established by the State
- Validation of performance improvement projects
- Validation of performance measures

EQRO Optional Activities:
- Conduct studies on quality that focus on a particular aspect of clinical or non-clinical services
- Provider Survey

Pay for Performance (P4P)

Implementation of P4P:
The State has implemented a Pay-for-Performance program with MCO

Program Payers:
Medicaid is the only payer

ADDITIONAL INFORMATION

An eligible HealthChoice enrollee may be permitted to disenroll "for cause" from an MCO and enroll in another MCO outside of his/her annual right to change period if he/she is not hospitalized. The Department is responsible for purchase, examination, or fitting of hearing aids and supplies, tinnitus maskers, dental services provided for enrollees under 21 years old and pregnant women of any age, OT, PT, and ST for children under 21. There are additional optional services that some MCOs provide for their enrollees such as dental services for adults. Pregnant women in the Maryland Childrens Health Program are guaranteed eligibility for the duration of the pregnancy and 2 months postpartum. PAC enrollees with diabetes receive DME, podiatry and vision services.

- Asthma care - medication use
- Breast Cancer screening rate
- Cervical cancer screening rate
- Chlamydia screening in women
- Diabetes Management
- Frequency of on-going prenatal care
- HEDIS-Prenatal and Postpartum Care
- Immunizations for two year olds
- Initiation and engagement of SUD treatment
- Lead screening rate
- Well-child care visit rates in first 15 months of life
- Well-child care visits rates in 3, 4, 5, and 6 years of life

Health Status/Outcomes Quality:
- Patient satisfaction with care
- Percentage of beneficiaries who are satisfied with their ability to obtain care

Access/Availability of Care:
- Adult's access to preventive/ambulatory health services
- Call Abandonment
- Call Answer Timeliness
- Children's access to primary care practitioners
- Ratio of PCPs to beneficiaries

Use of Services/Utilization:
- Emergency room visits/1,000 beneficiary

Health Plan Stability/ Financial/Cost of Care:
- Actual reserves held by plan
- Expenditures by medical category of service (i.e., inpatient, ER, pharmacy, lab, x-ray, dental, vision, etc.)
- Medical loss ratio
- Net income

Health Plan/ Provider Characteristics:
None
MARYLAND
HealthChoice

- Net worth
- State minimum reserve requirements
- Total revenue

Beneficiary Characteristics:
- Information of beneficiary ethnicity/race
- Percentage of beneficiaries who are auto-assigned to MCO

Performance Measures - Others:
None

Performance Improvement Projects

Project Requirements:
- All MCOs participating in the managed care program are required to conduct a common performance improvement project(s) prescribed by State Medicaid agency

Clinical Topics:
- Cervical cancer screening (Pap Test)
- Initiation and Engagement of Alcohol and Other Drug Services

Non-Clinical Topics:
None

Non-Clinical Topics:
None

Standards/Accreditation

MCO Standards:
- CMS's Quality Improvement System for Managed Care (QISMC) Standards for Medicaid and Medicare
- State-Developed/Specified Standards

Accreditation Required for Participation:
None

Non-Duplication Based on Accreditation:
None

EQRO Organization:
- Quality Improvement Organization (QIO)

EQRO Name:
Delmarva Foundation

EQRO Mandatory Activities:
- Review of MCO compliance with structural and operational standards established by the State
- Validation of performance improvement projects
- Validation of performance measures

EQRO Optional Activities:
- Calculation of performance measures
- Technical assistance to MCOs to assist them in conducting quality activities
- Validation of encounter data

Pay for Performance (P4P)

Implementation of P4P:
The State has implemented a Pay-for-Performance program with MCO

Program Payers:
Medicaid is the only payer

Population Categories Included:
A subset of MCO members, defined by disease and medical condition

Rewards Model:
Payment incentives/differentials to reward MCOs

Clinical Conditions:
Adolescent Well Care
Ambulatory Care for SSI Adults
Ambulatory Care for SSI Children
Asthma
Cervical Cancer Screening
Childhood immunizations
Diabetes Eye Exam

Measurement of Improved Performance:
Using clinically-based outcome measures (e.g., HEDIS, NQF, etc.)
MARYLAND
HealthChoice

Lead Screening
Postpartum Care
Well-child visits

Initial Year of Reward: 2002

Evaluation Component:
The State has conducted an evaluation of the effectiveness of its P4P program

Member Incentives:
Not Applicable

QUALITY ACTIVITIES FOR PAHP

State Quality Assessment and Improvement Activities:
- Consumer Self-Report Data (see below for details)
- Encounter Data (see below for details)
- Enrollee Hotlines
- Monitoring of PAHP Standards
- Network Data
- PAHP Standards (see below for details)
- Performance Measures (see below for details)

Consumer Self-Report Data:
- State-developed Survey

Use of Collected Data:
- Beneficiary Plan Selection
- Fraud and Abuse
- Plan Reimbursement
- Program Modification, Expansion, or Renewal
- Regulatory Compliance/Federal Reporting

Use of HEDIS:
- The State uses SOME of the HEDIS measures listed for Medicaid
- The State DOES NOT generate from encounter data any of the HEDIS measure listed for Medicaid
- State use/requires PAHPs to follow NCQA specifications for all of the HEDIS measures listed for Medicaid that it collects

Encounter Data

Collection: Requirements:
- Definition(s) of an encounter (including definitions that may have been clarified or revised over time)
- Requirements for PAHPs to collect and maintain encounter data
- Specifications for the submission of encounter data to the Medicaid agency
- Standards to ensure complete, accurate, timely encounter data submission

Collection: Standardized Forms:
- ANSI ASC X12 837 - transaction set format for transmitting health care claims data

Collections - Submission Specifications:
- Data submission requirements including documentation describing set of encounter data elements, definitions, sets of acceptable values, standards for data processing and editing
- Encounters to be submitted based upon national standardized forms (e.g. UB-04, NCPDP, ASC X12 837, ADA)
- Guidelines for frequency of encounter data submission
- Use of Medicaid Identification Number for beneficiaries

Validation - Methods:
- Automated edits of key fields used for calculation (e.g. codes within an allowable range)
- Comparison to benchmarks and norms (e.g. comparisons to State FFS utilization rates, comparisons to PAHP commercial utilization rates, comparisons to national norms, comparisons to submitted bills or cost-ratios)
- Medical record validation

PAHP conducts data accuracy check(s) on specified data elements:
- Date of Service
- Provider ID
- Type of Service
- Medicaid Eligibility

State conducts general data completeness assessments:
Yes

PROGRAM DATA

Program Service Area: Statewide

Operating Authority: 1115(a) - Demonstration Waiver Program

Statutes Utilized: Not Applicable

Enrollment Broker: MAXIMUS

Initial Waiver Approval Date: April 24, 1995

Implementation Date: July 01, 1997

Waiver Expiration Date: June 30, 2011

Sections of Title XIX Waived:
-1902(a)(1) Statewidness
-1902(a)(10)(A)
-1902(a)(10)(B) Amount, Duration and Scope
-1902(a)(10)(C)(I)-(III)
-1902(a)(13) insofar as 1923(a)(1)
-1902(a)(14)
-1902(a)(16)
-1902(a)(17)
-1902(a)(23) Freedom of Choice
-1902(a)(32)
-1902(a)(34)
-1902(a)(4)(A)

Sections of Title XIX Costs Not Otherwise Matchable Granted:
-MCO Definition 1903(m)(1)(A)

For All Areas Phased-In:
No

Guaranteed Eligibility: No guaranteed eligibility

SERVICE DELIVERY

PCCM Provider - Fee-for-Service

Service Delivery

Included Services:
Abortion, Ambulatory Surgery, Audiologist, Chiropractic, Community Health Center, Dental, Diabetes Self-Management Training, Dialysis, Durable Medical Equipment, Early Intervention, Emergency Inpatient Hospital, Emergency Outpatient Hospital, Emergency Transportation, EPSDT, Family Planning, Hearing Aid, Home Health, Immunization Administration, Inpatient Hospital, Laboratory, Medical Nutrition Therapy, Medical/Surgical Supplies, Non-Emergency

Allowable PCPs:
-Family Practitioners
-Federally Qualified Health Centers (FQHCs)
-General Practitioners
-Internists
-Nurse Practitioners
-Obstetricians/Gynecologists or Gynecologists
-Other Specialists Approved on a Case-by-Case Basis
-Pediatricians
Transportation, Nurse Midwife, Nurse Practitioner, OB/GYN and Prenatal, Occupational Therapy, Orthotic, Outpatient Hospital, Oxygen and Respiratory Therapy Equipment, Personal Care, Pharmacy, Physical Therapy, Physician, Podiatry, Primary Care and Specialty Care Visits, Prosthetic (i.e. wigs), Radiology and Diagnostic, Skilled Nursing Facility, Speech Therapy, Tobacco Cessation, Transportation, Vision, X-Ray

Enrollment

**Populations Voluntarily Enrolled:**
- Foster Care Children

**Populations Mandatorily Enrolled:**
- American Indian/Alaska Native
- Blind/Disabled Adults and Related Populations
- Blind/Disabled Children and Related Populations
- Section 1931 Adults and Related Populations
- Section 1931 Children and Related Populations
- Special Needs Children (BBA defined)
- Title XXI CHIP

**Subpopulations Excluded from Otherwise Included Populations:**
- Enrolled in Another Managed Care Program
- Medicare Dual Eligibles
- Other Insurance
- Over 65 years old
- Poverty Level Pregnant Woman
- Reside in Nursing Facility or ICF/MR

**Medicare Dual Eligibles Included:**
None

**Medicare Dual Eligibles Excluded:**
Exclude all categories of Medicare Dual Eligibles

**Lock-In Provision:**
No lock-in

Part D Benefit

**MCE has Medicare Contract:**
No

**Provides Part D Benefits:**
Not Applicable

**Scope of Part D Coverage:**
Not Applicable

**Part D - Enhanced Alternative Coverage:**
Not Applicable

**Coverage of Part D Excluded Drugs in Medicaid Managed Care Contracts:**
None
MASSACHUSETTS
Mass Health

MH/SUD PIHP - Risk-based Capitation

Service Delivery

Included Services:
Crisis, Detoxification, IMD, Inpatient Mental Health, Inpatient Substance Use Disorders, Intermediate or Day/Night and Substance Use Disorder Treatment, Mental Health Intermediate or Day/Night, Mental Health Outpatient, Opioid Treatment Programs, Outpatient Substance Use Disorders, Substance Use Disorders Support

Allowable PCPs:
Not applicable, contractors not required to identify PCPs

Enrollment

- American Indian/Alaska Native
- Foster Care Children

Populations Mandatory Enrolled:
- Blind/Disabled Adults and Related Populations
- Blind/Disabled Children and Related Populations
- Medicare Dual Eligibles
- Section 1931 Adults and Related Populations
- Section 1931 Children and Related Populations
- Special Needs Children (BBA defined)
- Title XXI CHIP

Subpopulations Excluded from Otherwise

Included Populations:
- Enrolled in Another Managed Care Program
- Medicare Dual Eligibles
- Other Insurance
- Over 65 years old
- Reside in Nursing Facility or ICF/MR

Lock-In Provision:
No lock-in

Medicare Dual Eligibles Included:
- HIV/AIDS Dual Eligibles
- Severely Physically Disabled Dual Eligibles

Medicare Dual Eligibles Excluded:
- All categories of Medicare Dual Eligibles other than HIV/AIDS
- Dual Eligibles and Severely Physically Disabled Dual Eligibles

Part D Benefit

MCE has Medicare Contract:
Yes

Provides Part D Benefits:
Yes

Scope of Part D Coverage:
Standard Prescription Drug

Part D - Enhanced Alternative Coverage:
Not Applicable
Coverage of Part D Excluded Drugs in Medicaid Managed Care Contracts:
- Barbituates
- Benzodiazepines
- Nonprescription drugs

Serving People with Complex (Special) Needs
Program Includes People with Complex (Special) Needs:
Yes

Strategies Used to Identify Persons with Complex (Special) Needs:
- Uses eligibility data to identify members of these groups

Agencies with which Medicaid Coordinates the Operation of the Program:
- Department of Mental Retardation
- Department of Youth Services
- Developmental Disabilities Agency
- Education Agency
- Housing Agencies
- Massachusetts Rehabilitation Commission
- Maternal and Child Health Agency
- Mental Health Agency
- Public Health Agency
- Social Services Agency
- Substance Abuse Agency
- Transportation Agencies

Participating Plans/PCCM and Other Programs

| Boston Medical Center HealthNet Plan | Fallon Community Health Plan |
| MA Behavioral Health Partnership    | Neighborhood Health Plan     |
| Network Health                     | Primary Care Clinician Plan  |

Additional Information

The PCC Plan Reimbursement arrangement is fee-for-service with enhanced office visit claim - no case management fee paid for each member each month.

Mass Health has a behavioral carve-out for PCCM enrollees and for children in the care or custody of the Commonwealth. Regarding the MH/SUD PIHP included services, there is no long-term care in mental health residential or residential substance abuse treatment programs. The Outpatient Day programs are defined as full or part-time substance abuse or mental health services provided in an ambulatory setting.

Massachusetts Behavioral Health Partnership, the MH SUD PIHP is financed using actuarially sound capitation payments to fund the delivery and provision of behavioral health covered services. The aggregate capitation payments are assessed against actual BH service expenditures by the PIHP. Actual spending is then applied to the established risk-sharing corridors/the financial parameters which limited the extent to which the PIHP may experience earnings or losses. After those parameters are accounted for the State conducts a final financial reconciliation to address "surplus funding" recovery from the PIHP or to cover the cost of excess expenditures. CBHI capitated services are excluded from the risk arrangement.

Childrens Behavioral Health Initiative (CBHI) is an interagency undertaking by the Massachusetts Executive Office of Health and Human Services (EOHHS) and MassHealth whose mission is to strengthen, expand and integrate behavioral health services for MassHealth Members under the age of 21 into a community-based, culturally competent care.

Under the MCOs - Skilled Nursing Facility services are provided in the Institutional Care benefit (which also includes chronic or...
rehabilitation hospital) for up to 100 days per enrollee per calendar year. The State is currently in EQRO negotiations.

Under the PIHP: Excluded Populations data element: Persons with other insurance with the exception for youth and adolescents under 21 receiving CNHI services are excluded.

One of the managed care entities, Neighborhood Health Plan (NHP) has two special programs for HIV/AIDS and severely physically disabled dual eligibles. As of 7/1/2010, NHP served 149 dual eligibles. These duals do get their pharmacy benefit from Medicare Part D Prescription Drug Plan. The MCO is responsible for providing the Part D excluded drugs that other MassHealth duals receive. This includes OTCs, Barbituates and Benzodiazepenes and legislatively mandated drugs.

### QUALITY ACTIVITIES FOR MCO/HIO

**State Quality Assessment and Improvement Activities:**
- Consumer Self-Report Data (see below for details)
- Encounter Data (see below for details)
- Enrollee Hotlines
- Focused Studies
- MCO Standards (see below for details)
- Monitoring of MCO Standards
- Network Data
- On-Site Reviews
- Performance Improvement Projects (see below for details)
- Performance Measures (see below for details)

**Use of Collected Data:**
- Contract Standard Compliance
- Data Mining
- Fraud and Abuse
- Monitor Quality Improvement
- Plan Reimbursement
- Program Evaluation
- Program Modification, Expansion, or Renewal
- Regulatory Compliance/Federal Reporting
- State Medicaid Managed Care Quality Strategy
- Track Health Service provision

**Consumer Self-Report Data:**
- Consumer Oriented Mental Health Report Card
- MHQP Member Experience Pilot Survey
- State-developed Survey

**Use of HEDIS:**
- The State uses SOME of the HEDIS measures listed for Medicaid
- The State DOES NOT generate from encounter data any of the HEDIS measure listed for Medicaid
- State modifies/requires MCOs to modify some or all NCQA specifications in ways other than continous enrollment

**Encounter Data Collection: Requirements:**
- Definition(s) of an encounter (including definitions that may have been clarified or revised over time)
- Incentives/sanctions to ensure complete, accurate, timely encounter data submission
- Requirements for data validation
- Requirements for MCOs to collect and maintain encounter data
- Specifications for the submission of encounter data to the Medicaid agency
- Standards to ensure complete, accurate, timely encounter data submission

**Collections: Submission Specifications:**
- Data submission requirements including documentation describing set of encounter data elements, definitions, sets of acceptable values, standards for data processing and editing
- Deadlines for regular/ongoing encounter data submission(s)
- Encounters to be submitted based upon national standardized forms (e.g. UB-04, NCPDP, ASC X12 837, ADA)
- Guidelines for frequency of encounter data submission
- Guidelines for initial encounter data submission
- Use of Medicaid Identification Number for beneficiaries

**Collection: Standardized Forms:**
- ANSI ASC X12 837 - transaction set format for transmitting health care claims data
- NSF - (National Standard Format) - the CMS approved electronic flat file format for transmitting non-institutional billing data between trading partners, such as physicians and suppliers
- UB-04 (CMS 1450) - (Uniform Billing) - the CMS approved electronic flat file format for transmitting institutional billing data between trading partners, such as hospitals, long term care facilities, etc.

**Validation - Methods:**
- Automated analysis of encounter data submission to help determine to data completeness (e.g. frequency distributions, cross-tabulations, trend analysis, etc.)
- Automated edits of key fields used for calculation (e.g. codes within an allowable range)
- Comparison to benchmarks and norms (e.g. comparisons to State FFS utilization rates, comparisons to MCO commercial utilization rates, comparisons to national norms, comparisons to submitted bills or cost-ratios)
- Per member per month analysis and comparisons across MCO
- Specification/source code review, such as a programming language used to create an encounter data file for submission
MCO/HIO conducts data accuracy check(s) on specified data elements:
- Date of Service
- Date of Processing
- Date of Payment
- Provider ID
- Type of Service
- Medicaid Eligibility
- Plan Enrollment
- Diagnosis Codes
- Procedure Codes
- Revenue Codes

State conducts general data completeness assessments:
Yes

Performance Measures

Process Quality:
- Adolescent immunization rate
- Adolescent well-care visit rates
- Antidepressant medication management
- Appropriate treatment for Children with Upper Respiratory Infection (URI)
- Asthma care - medication use
- Breast Cancer screening rate
- Cervical cancer screening rate
- Check-ups after delivery
- Controlling high blood pressure
- Dental services
- Depression management/care
- Diabetes medication management
- Follow-up after hospitalization for mental illness
- Frequency of on-going prenatal care
- Hearing services for individuals less than 21 years of age
- Immunizations for two year olds
- Influenza vaccination rate
- Initiation and engagement of SUD treatment
- Initiation of prenatal care - timeliness of
- Lead screening rate
- Percentage of beneficiaries with at least one dental visit
- Smoking prevention and cessation
- Vision services for individuals less than 21 years of age
- Well-child care visit rates in first 15 months of life
- Well-child care visits rates in 3, 4, 5, and 6 years of life

Health Status/Outcomes Quality:
- Mortality rates
- Patient satisfaction with care
- Percentage of beneficiaries who are satisfied with their ability to obtain care
- Percentage of low birth weight infants

Access/Availability of Care:
- Adult's access to preventive/ambulatory health services
- Average distance to PCP
- Average wait time for an appointment with PCP
- Children's access to primary care practitioners
- Percent of PCPs with open or closed patient assignment panels
- Ratio of mental health providers to number of beneficiaries
- Ratio of PCPs to beneficiaries

Use of Services/Utilization:
- Average number of visits to MH/SUD providers per beneficiary
- Drug Utilization
- Emergency room visits/1,000 beneficiary
- Inpatient admission for MH/SUD conditions/1,000 beneficiaries
- Inpatient admissions/1,000 beneficiary
- Number of home health visits per beneficiary
- Number of OB/GYN visits per adult female beneficiary
- Number of PCP visits per beneficiary
- Number of specialist visits per beneficiary
- Percent of beneficiaries accessing 24-hour day/night care at MH/SUD facility
- Percentage of beneficiaries with at least one dental visit
- Re-admission rates of MH/SUD

Health Plan Stability/ Financial/Cost of Care:
- Actual reserves held by plan
- Audited Financial Statements
- Cost/Utilization

Health Plan/ Provider Characteristics:
- Board Certification
- Languages Spoken (other than English)
- Provider turnover
- Days in unpaid claims/claims outstanding
- Debt ratio
- Division of Insurance reports for licensed MCOs
- Expenditures by medical category of service (i.e., inpatient, ER, pharmacy, lab, x-ray, dental, vision, etc.)
- Liquidity ratios (current ratio and acid test ratio)
- Medical loss ratio
- Net income
- Net worth
- Rate of return on assets
- State minimum reserve requirements
- Total revenue

Beneficiary Characteristics:
- Beneficiary need for interpreter
- Information of beneficiary ethnicity/race
- Information on primary languages spoken by beneficiaries
- MCO/PCP-specific disenrollment rate
- Percentage of beneficiaries who are auto-assigned to MCO
- Weeks of pregnancy at time of enrollment in MCO, for women giving birth during the reporting period

Performance Measures - Others:
None

Performance Improvement Projects

Project Requirements:
- MCOs are required to conduct a project(s) of their own choosing
- All MCOs participating in the managed care program are required to conduct a common performance improvement project(s) prescribed by State Medicaid agency

Clinical Topics:
- Adolescent Immunization
- Adolescent Well Care/ EPSDT
- Asthma management
- Child/Adolescent Dental Screening and Services
- Child/Adolescent Hearing and Vision Screening and Services
- Childhood Immunization
- Coordination of care for persons with physical disabilities
- Coordination of Primary and Behavioral Health care
- Diabetes management
- Emergency Room service utilization
- Inpatient maternity care and discharge planning
- Lead toxicity
- Low birth-weight baby
- Post-natal Care
- Pregnancy Prevention
- Pre-natal care
- Prescription drug abuse
- Smoking prevention and cessation
- Well Child Care/EPSDT

Non-Clinical Topics:
- Adults access to preventive/ambulatory health services
- Availability of language interpretation services
- Children’s access to primary care practitioners
- Reducing health care disparities via health literacy, education campaigns, or other initiatives

Standards/Accreditation

MCO Standards:
- State-Developed/Specified Standards

Accreditation Required for Participation:
None

Non-Duplication Based on Accreditation:
None

EQRO Name:
- APS Healthcare
EQRO Organization:
- QIO-like entity

EQRO Mandatory Activities:
- Review of MCO compliance with structural and operational standards established by the State
- Validation of performance improvement projects
- Validation of performance measures

EQRO Optional Activities:
None

Pay for Performance (P4P)

Implementation of P4P:
The State has implemented a Pay-for-Performance program with MCO

Program Payers:
Medicaid is the only payer

Population Categories Included:
Covers all MCO members

Rewards Model:
Payment incentives/differentials to reward MCOs
Withholds as an incentive

Clinical Conditions:
Not Applicable

Measurement of Improved Performance:
Assessing improvements in, or reaching established standards in, administrative processes (e.g., timeliness of MCO response to grievances, improving customer service, etc.)
Using clinically-based outcome measures (e.g., HEDIS, NQF, etc.)

Initial Year of Reward:
2010

Evaluation Component:
The State HAS NOT conducted an evaluation of the effectiveness of its P4P program, but plans to conduct an evaluation in the future

Member Incentives:
Not Applicable

QUALITY ACTIVITIES FOR PIHP

State Quality Assessment and Improvement Activities:
- Consumer Self-Report Data (see below for details)
- Encounter Data (see below for details)
- Enrollee Hotlines
- Focused Studies
- Monitoring of PIHP Standards
- Network Data
- On-Site Reviews
- Performance Improvement Projects (see below for details)
- Performance Measures (see below for details)
- PIHP Standards (see below for details)
- Provider Data

Use of Collected Data:
- Contract Standard Compliance
- Data Mining
- Fraud and Abuse
- Monitor Quality Improvement
- Plan Reimbursement
- Program Evaluation
- Program Modification, Expansion, or Renewal
- Regulatory Compliance/Federal Reporting
- State Managed Care Medicaid Quality Strategy
- Track Health Service provision

Consumer Self-Report Data:
- MHQP Member Exp. Pilot Survey
- PIHP developed survey

Use of HEDIS:
- The State uses ALL of the HEDIS measures listed for Medicaid
- The State generates from encounter data ALL of the HEDIS measures listed for Medicaid
- State use/requires PIHPs to follow NCQA specifications for all of the HEDIS measures listed for Medicaid that it collects

Encounter Data
MASSACHUSETTS
Mass Health

Collection: Requirements:
- Definitions of an encounter (including definitions that may have been clarified or revised over time)
- Incentives/sanctions to insure complete, accurate, timely encounter data submission
- Requirements for data validation
- Requirements for PIHPs to collect and maintain encounter data
- Specifications for the submission of encounter data to the Medicaid agency
- Standards to ensure complete, accurate, timely encounter data submission

Collection: Standardized Forms:
- ANSI ASC X12 837 - transaction set format for transmitting health care claims data
- NSF - (National Standard Format) - the CMS approved electronic flat file format for transmitting non-institutional billing data between trading partners, such as physicians and suppliers
- UB-04 (CMS 1450) - (Uniform Billing) - the CMS approved electronic flat file format for transmitting institutional billing data between trading partners, such as hospitals, long term care facilities, etc.

Collection: Submission Specifications:
- Data submission requirements including documentation describing set of encounter data elements, definitions, sets of acceptable values, standards for data processing and editing
- Deadlines for regular/ongoing encounter data submission(s)
- Encounters to be submitted based upon national standardized forms (e.g. UB-04, NCPDP, ASC X12 837, ADA)
- Guidelines for frequency of encounter data submission
- Guidelines for initial encounter data submission
- Use of Medicaid Identification Number for beneficiaries

Validation - Methods:
- Automated analysis of encounter data submission to help determine to data completeness (e.g. frequency distributions, cross-tabulations, trend analysis, etc.)
- Automated edits of key fields used for calculation (e.g. codes within an allowable range)
- Comparison to benchmarks and norms (e.g. comparisons to State FFS utilization rates, comparisons to PIHP commercial utilization rates, comparisons to national norms, comparisons to submitted bills or cost-ratios)
- Per member per month analysis and comparisons across PIHPs
- Specification/source code review, such as a programming language used to create an encounter data file for submission

PIHP conducts data accuracy check(s) on specified data elements:
- Date of Service
- Date of Processing
- Date of Payment
- Provider ID
- Type of Service
- Medicaid Eligibility
- Plan Enrollment
- Diagnosis Codes
- Procedure Codes
- Revenue Codes
- Age-appropriate diagnosis/procedure
- Gender-appropriate diagnosis/procedure

State conducts general data completeness assessments:
Yes

Performance Measures

Process Quality:
- Antidepressant medication management
- Depression management/care
- Follow-up care for children prescribed ADHD medication
- Initiation and engagement of SUD treatment

Health Status/Outcomes Quality:
- Patient satisfaction with care
- Percentage of beneficiaries who are satisfied with their ability to obtain care

Access/Availability of Care:
- Timely access to MH/SUD services after hospitalization for MH/SUD condition.

Use of Services/Utilization:
- Average number of visits to MH/SUD providers per beneficiary
- Continuing Care Rate
- Inpatient admission for MH/SUD conditions/1,000 beneficiaries
- Percent of beneficiaries accessing 24-hour day/night care at MH/SUD facility
- Re-admission rates of MH/SUD
- Timeliness of Post discharge after care
## Health Plan Stability/Financial/Cost of Care:
- Actual reserves held by plan
- Days cash on hand
- Days in unpaid claims/claims outstanding
- Expenditures by Behavioral Health category of covered service
- Net income
- State minimum reserve requirements
- Total revenue

## Beneficiary Characteristics:
- Information of beneficiary ethnicity/race
- Information on primary languages spoken by beneficiaries
- Percentage of beneficiaries who are auto-assigned to PIHPs
- PIHP/PCP-specific disenrollment rate

## Performance Improvement Projects
### Project Requirements:
- All PIHPs participating in the managed care program are required to conduct a common performance improvement project(s) prescribed by State Medicaid agency
- Individual PIHPs are required to conduct a project prescribed by the State Medicaid agency

## Clinical Topics:
- Coordination of primary and behavioral health care
- Depression management
- Emergency room service utilization for MH/SUD conditions
- ETOH and other substance abuse screening and treatment
- Hospital Discharge Planning for MH/SUD conditions
- Substance Use Disorders treatment after detoxification service

## Non-Clinical Topics:
- Member Access to Behavioral Health Services
- Reducing health care disparities via health literacy, education campaigns, or other initiatives

## Standards/Accreditation
### PIHP Standards:
- Timely availability and access to Behavioral Health services following BH hospitalizations

### Accreditation Required for Participation:
- None

### Non-Duplication Based on Accreditation:
- None

### EQRO Organization:
- Quality Improvement Organization (QIO)

### EQRO Name:
- APS Healthcare

### EQRO Mandatory Activities:
- Review of PIHP compliance with structural and operational standards established by the State
- Validation of performance improvement projects
- Validation of performance measures

### EQRO Optional Activities:
- Assessment of PIHP Information System
- Calculation of performance measures
- Conduct of performance improvement projects
- Technical assistance to PIHPs to assist them in conducting quality activities

## Quality Activities for PCCM
### Quality Oversight Activities:
- Consumer Self-Report Data (see below for details)

### Use of Collected Data:
- Health Services Research
MASSACHUSETTS
Mass Health

- Enrollee Hotlines
- Focused Studies
- Network Data
- Performance Improvement Projects (see below for details)
- Performance Measures (see below for details)
- Provider Data
- Monitor Quality Improvement
- Program Evaluation
- Program Modification, Expansion, or Renewal
- Provider Profiling
- Regulatory Compliance/Federal Reporting
- State Medicaid Managed Care Quality Strategy

Consumer Self-Report Data:
The PCC Plan now collects member satisfaction on a biennial schedule. The PCC Plan did not administer.

Performance Measures

Process Quality:
- Adolescent immunization rate
- Adolescent well-care visits rates
- Asthma care - medication use
- Behavioral Health screening in children
- Breast Cancer screening rate
- Cervical cancer screening rate
- Check-ups after delivery
- Chlamydia screening in women
- Controlling high blood pressure
- Depression medication management
- Diabetes management/care
- Follow-up after hospitalization for mental illness
- Frequency of on-going prenatal care
- Immunizations for two year olds
- Initiation and engagement of SUD treatment
- Initiation of prenatal care - timeliness of
- Well-child care visit rates in 3, 4, 5, and 6 years of life
- Well-child care visit rates in first 15 months of life

Health Status/Outcomes Quality:
- Percentage of children with Behavioral Health (BH) screen with BH need identified
- Percentage of children with Behavioral Health need identified who received follow up.

Access/Availability of Care:
- Adult access to preventive/ambulatory health services
- Children's access to primary care practitioners
- Percent of PCPs with open or closed patient assignment panels

Use of Services/Utilization:
- Drug Utilization
- Emergency room visits/1,000 beneficiaries
- Percentage of beneficiaries with at least one dental visit

Provider Characteristics:
None

Beneficiary Characteristics:
- Disenrollment rate
- Information of beneficiary ethnicity/race
- Information on primary languages spoken by beneficiaries
- Percentage of beneficiaries auto-assigned to PCP
- Percentage of beneficiaries who are auto-assigned to PCCM

Performance Measures - Others:
None

Performance Improvement Projects

Clinical Topics:
- Adolescent Immunization
- Adolescent Well Care/EPSDT
- Asthma management
- Breast cancer screening (Mammography)
- Cervical cancer screening (Pap Test)
- Childhood Immunization
- Coordination of primary and behavioral health care
- Depression management
- Diabetes management
- Emergency Room service utilization

Non-Clinical Topics:
- Adults access to preventive/ambulatory health services
- Children's access to primary care practitioners
- Health information technology
-Pharmacy management
-Post-natal Care
-Pre-natal care
-Prescription drug abuse
-Well Child Care/EPSDT

Operating Authority: 1115(a) - Demonstration Waiver Program
Implementation Date: July 01, 1995

Statutes Utilized: Not Applicable
Waiver Expiration Date: December 31, 2013

Enrollment Broker: No
Sections of Title XIX Waived:
-1902(a)(1) Statewidenss
-1902(a)(10)(B) - Amount, Duration & Scope
-1902(a)(17) Comparability of Eligibility Standards
-1902(a)(23)(A) Freedom of Choice

For All Areas Phased-In: Yes
Sections of Title XIX Costs Not Otherwise Matchable
Granted:
-Eligibility Expansion
-Graduate Medical Education

Guaranteed Eligibility: No guaranteed eligibility

SERVICE DELIVERY

MCO (Comprehensive Benefits) - Risk-based Capitation

Included Services:
Case Management, Chiropractic, Dental, Durable Medical Equipment, Emergency Room, EPSDT, Family Planning,
Hearing, Home Health, Hospice, ICF/MR, Community-Based, IEP, Immunization, Inpatient Hospital, Inpatient Mental Health, Inpatient Substance Use Disorders, Interpreter,
Laboratory, Occupational Therapy, Outpatient Hospital,
Outpatient Mental Health, Outpatient Substance Use Disorders, Pharmacy, Physical Therapy, Physician, Podiatry,
Preventive Visits, Respiratory Therapy, Skilled Nursing Facility, Speech Therapy, Transportation, Vision, X-Ray

Allowable PCPs:
-Not applicable, contractors not required to identify PCPs
**MINNESOTA**

**Minnesota Prepaid Medical Assistance Project Plus-1115(a)**

### Enrollment

**Populations Voluntarily Enrolled:**
None

**Populations Mandatorily Enrolled:**
- American Indians as defined in 25 U.S.C. 1603(c)
- Children under age 19 who are in state subsidized foster care or other out of home placement
- Children under age 19 who are receiving adoption assistance under Title IV-E
- Children under age 19 who are receiving foster care under Title IV-E
- Children under age 19 with special health care needs who are receiving services under a care system that receives grant funds Section 501(a)(1)(D) of Title V who are not using disabled basis of eligibility
- Disabled children under age 19 who are eligible for SSI under Title XVI who are not using a disabled basis of eligibility
- MA One year olds
- Medicare Dual Eligibles
- MinnesotaCare Caretaker Adults
- MinnesotaCare Children < 21
- MinnesotaCare Pregnant Women

**Subpopulations Excluded from Otherwise Included Populations:**
- Blind and disabled recipients under age 65
- Enrolled in Another Managed Care Program
- Had other health insurance during preceding 4 months (not including Medical Assistance, GAMC, Tricare/CHAMPUS)
- Individuals with household income above 150% of poverty with other health insurance
- Medicare Dual Eligibles
- Non-documented alien recipients who receive only emergency MA under Minn. Stat. 256B.06(4)
- Non-institutionalized recipients eligible on spend down basis
- Pregnant Women Up to 275 of FPG With Other Insurance
- Recipients residing in state institutions
- Recipients with private coverage through a MCO not participating in Medicaid
- Recipients with terminal or communicable diseases at time of enrollment
- Refugee Assistance Program recipients

**Medicare Dual Eligibles Included:**
QMB Plus, SLMB Plus, and Medicaid only

**Medicare Dual Eligibles Excluded:**
QMB SLMB, QI, and QDWI

**Lock-In Provision:**
12 month lock-in

### Part D Benefit

**MCE has Medicare Contract:**
No

**Scope of Part D Coverage:**
Not Applicable

**Coverage of Part D Excluded Drugs in Medicaid Managed Care Contracts:**
None

**Provides Part D Benefits:**
Not Applicable

**Part D - Enhanced Alternative Coverage:**
Not Applicable

---

**SERVING PEOPLE WITH COMPLEX (SPECIAL) NEEDS**

**Program Includes People with Complex (Special) Needs:**
Yes
Strategies Used to Identify Persons with Complex (Special) Needs:

- Surveys medical needs of enrollee to identify members of these groups

Agencies with which Medicaid Coordinates the Operation of the Program:

- Aging Agency
- Maternal and Child Health Agency
- Mental Health Agency
- Public Health Agency

PARTICIPATING PLANS/PCCM AND OTHER PROGRAMS

- Blue Plus
- Itasca Medical Care
- Metropolitan Health Plan
- South Country Health Alliance
- Health Partners
- Medica
- PrimeWest Health System
- UCARE

ADDITIONAL INFORMATION

PCP provider types are designated by MCO, not the State. County staff perform enrollment function.

Included Population- SED/SPMI- Severe Emotional Disturbance/Serious and Persistent Mental Illness

QUALITY ACTIVITIES FOR MCO/HIO

State Quality Assessment and Improvement Activities:

- Consumer Self-Report Data (see below for details)
- Encounter Data (see below for details)
- Enrollee Hotlines
- MCO Standards (see below for details)
- Monitoring of MCO Standards
- Non-Duplication Based on Accreditation
- Ombudsman
- On-Site Reviews
- Performance Improvement Projects (see below for details)
- Performance Measures (see below for details)

Consumer Self-Report Data:

- CAHPS
  - Adult Medicaid AFDC Questionnaire
  - Adult Medicaid SSI Questionnaire
  - Adult with Special Needs Questionnaire
  - Child with Special Needs Questionnaire
  - Disenrollment Survey

Use of Collected Data:

- Assess Program Results
- Contract Standard Compliance
- Health Services Research
- Monitor Quality Improvement
- Plan Reimbursement
- Program Modification, Expansion, or Renewal
- Regulatory Compliance/Federal Reporting
- Track Access and Utilization

Use of HEDIS:

- The State uses SOME of the HEDIS measures listed for Medicaid
- The State generates from encounter data SOME of the HEDIS measures listed for Medicaid
- State use/requires MCOs to follow NCQA specifications for all of the HEDIS measures listed for Medicaid that it collects

Encounter Data

Collection: Requirements:

- Incentives/sanctions to insure complete, accurate, timely encounter data submission
- Specifications for the submission of encounter data to the Medicaid agency

Collections: Submission Specifications:

- Data submission requirements including documentation describing set of encounter data elements, definitions, sets of acceptable values, standards for data processing and editing
- Deadlines for regular/ongoing encounter data submission(s)
- Encounters to be submitted based upon national standardized forms (e.g., UB-04, NCPDP, ASC X12 837, ADA)
- Guidelines for frequency of encounter data submission
- Guidelines for initial encounter data submission
- Use of Medicaid Identification Number for beneficiaries
MINNESOTA
Minnesota Prepaid Medical Assistance Project Plus-1115(a)

Collection: Standardized Forms:
- ANSI ASC X12 837 - transaction set format for transmitting health care claims data
- NCPDP - National Council for Prescription Drug Programs pharmacy claim form

MCO/HIO conducts data accuracy check(s) on specified data elements:
- None

Validation - Methods:
- None

State conducts general data completeness assessments:
- No

Performance Measures

Process Quality:
- Adolescent well-care visit rate
- Adult Preventive Visits
- Antidepressant medication management
- Appropriate treatment for Children with Upper Respiratory Infection (URI)
- Asthma care - medication use
- Beta-blocker treatment after heart attack
- Breast Cancer screening rate
- Cervical cancer screening rate
- Check-ups after delivery
- Chlamydia screening in women
- Colorectal Cancer Screening
- Dental services
- Diabetes Screening
- Immunizations for two year olds
- Mental Health Discharges
- Osteoporosis Care After Fracture
- Percentage of beneficiaries with at least one dental visit
- Well-child care visit rates in 3,4,5, and 6 years of life
- Well-child care visit rates in first 15 months of life

Health Status/Outcomes Quality:
- Patient satisfaction with care
- Percentage of beneficiaries who are satisfied with their ability to obtain care

Access/Availability of Care:
- Adult's access to preventive/ambulatory health services
- Children's access to primary care practitioners

Use of Services/Utilization:
- CD Initiating and Treatment
- Mental Health Discharges
- Postpartum Visits
- Primary Care Visits- 3 - 6 Year Olds
- Well-Care Visits-Adolescents
- Well-child visits in first 15 months of life

Health Plan Stability/ Financial/Cost of Care:
- None

Health Plan/ Provider Characteristics:
- None

Beneficiary Characteristics:
- None

Performance Measures - Others:
- None

Performance Improvement Projects

Project Requirements:
- MCOs are required to conduct a project(s) of their own choosing

Clinical Topics:
- Aspirin Therapy
- Asthma management
- Asthma-Reduction of Emergency Department Visits
- Breast cancer screening (Mammography)
- Calcium and Vitamin D
- Cholesterol screening and management
MINNESOTA
Minnesota Prepaid Medical Assistance Project Plus-1115(a)

- Colon Cancer Screening
- Depression management
- Diabetes management
- Diabetic Statin Use 40 to 75 Year Olds
- Human Papillomavirus
- Hypertension management
- Lead toxicity
- Mental Health/Chemical Dependency Dual Diagnoses
- Obesity
- Pneumococcal Vaccine
- Sexually transmitted disease screening

Non-Clinical Topics:
- Adults access to preventive/ambulatory health services

Standards/Accreditation

MCO Standards:
- NCQA (National Committee for Quality Assurance) Standards

Accreditation Required for Participation:
None

Non-Duplication Based on Accreditation:
- NCQA (National Committee for Quality Assurance)

EQRO Name:
- MetaStar (QIO)
- Michigan Performance Review Organization

EQRO Organization:
- Quality Improvement Organization (QIO)

EQRO Mandatory Activities:
- Review of MCO compliance with structural and operational standards established by the State
- Validation of performance measures

EQRO Optional Activities:
- Administration or validation of consumer or provider surveys

Pay for Performance (P4P)

Implementation of P4P:
The State has implemented a Pay-for-Performance program with MCO

Program Payers:
MCOs
Medicaid has collaborated with a public sector entity to support the P4P program

Rewards Model:
Payment incentives/differentials to reward MCOs

Population Categories Included:
A subset of MCO members, defined by disease and medical condition

Measurement of Improved Performance:
Assessing improvements in, or reaching established standards in, administrative processes (e.g., timeliness of MCO response to grievances, improving customer service, etc.)
Using clinically-based outcome measures (e.g., HEDIS, NQF, etc.)

Clinical Conditions:
Cardiac Care
Diabetes

Evaluation Component:
The State HAS NOT conducted an evaluation of the effectiveness of its P4P program

Initial Year of Reward:
1999

Member Incentives:
Not Applicable

PARTICIPATING PLANS/PCCM AND OTHER PROGRAMS

Lovelace Community Health Plan
Presbyterian Health Plan
Molina Healthcare of New Mexico

ADDITIONAL INFORMATION

Each beneficiary is limited to $100,000 maximum per benefit year. The SCI program requires co-payments for services and prescriptions, and monthly premiums to be paid by the beneficiary and the employer.

QUALITY ACTIVITIES FOR MCO/HIO
**New Mexico State Coverage Insurance Section 1115 Demonstration**

**State Quality Assessment and Improvement Activities:**
- Accreditation for Participation
- Consumer Self-Report Data (see below for details)
- Enrollee Hotlines
- Focused Studies
- MCO Standards (see below for details)
- Monitoring of MCO Standards
- Ombudsman
- On-Site Reviews
- Performance Improvement Projects (see below for details)
- Performance Measures (see below for details)
- Provider Data

**Use of Collected Data:**
- Contract Standard Compliance
- Data Mining
- Enhanced/Revise State managed care Medicaid Quality Strategy
- Fraud and Abuse
- Health Services Research
- Monitor Quality Improvement
- Plan Reimbursement
- Program Evaluation
- Program Modification, Expansion, or Renewal
- Regulatory Compliance/Federal Reporting
- Track Health Service provision

**Consumer Self-Report Data:**
- CAHPS
  - Adult Medicaid AFDC Questionnaire
  - Consumer/Beneficiary Focus Groups

**Use of HEDIS:**
- The State uses SOME of the HEDIS measures listed for Medicaid
- The State DOES NOT generate from encounter data any of the HEDIS measure listed for Medicaid
- State use/requires MCOs to follow NCQA specifications for all of the HEDIS measures listed for Medicaid that it collects

**Encounter Data**

**Collection: Requirements:**
- Definition(s) of an encounter (including definitions that may have been clarified or revised over time)
- Incentives/sanctions to insure complete, accurate, timely encounter data submission
- Requirements for data validation
- Requirements for MCOs to collect and maintain encounter data
- Specifications for the submission of encounter data to the Medicaid agency

**Collections: Submission Specifications:**
- Data submission requirements including documentation describing set of encounter data elements, definitions, sets of acceptable values, standards for data processing and editing
- Deadlines for regular/ongoing encounter data submission(s)
- Encounters to be submitted based upon national standardized forms (e.g. UB-04, NCPDP, ASC X12 837, ADA)
- Guidelines for frequency of encounter data submission
- Guidelines for initial encounter data submission
- Use of Medicaid Identification Number for beneficiaries

**Collection: Standardized Forms:**
- ADA - American Dental Association dental claim form
- ANSI ASC X12 837 - transaction set format for transmitting health care claims data
- NCPDP - National Council for Prescription Drug Programs pharmacy claim form
- UB-04 (CMS 1450) - (Uniform Billing) - the CMS approved electronic flat file format for transmitting institutional billing data between trading partners, such as hospitals, long term care facilities, etc.

**Validation - Methods:**
- Automated analysis of encounter data submission to help determine to data completeness (e.g. frequency distributions, cross-tabulations, trend analysis, etc.)
- Automated edits of key fields used for calculation (e.g. codes within an allowable range)
- Comparison to benchmarks and norms (e.g. comparisons to State FFS utilization rates, comparisons to MCO commercial utilization rates, comparisons to national norms, comparisons to submitted bills or cost-ratios)
- Medical record validation
- Per member per month analysis and comparisons across MCO

**MCO/HIO conducts data accuracy check(s) on specified data elements:**
- Date of Service
- Date of Payment
- Provider ID
- Type of Service
- Medicaid Eligibility
- Plan Enrollment
- Diagnosis Codes
- Procedure Codes
- Revenue Codes

**State conducts general data completeness assessments:**
- Yes
# Performance Measures

## Process Quality:
- Breast Cancer screening rate
- Cervical cancer screening rate
- Check-ups after delivery
- Diabetes medication management
- Frequency of on-going prenatal care
- Initiation of prenatal care - timeliness of

## Health Status/Outcomes Quality:
- Patient satisfaction with care
- Percentage of beneficiaries who are satisfied with their ability to obtain care

## Access/Availability of Care:
- Adult's access to preventive/ambulatory health services
- Average distance to PCP
- Ratio of PCPs to beneficiaries

## Use of Services/Utilization:
- Drug Utilization
- Emergency room visits/1,000 beneficiary
- Inpatient admissions/1,000 beneficiary
- Number of OB/GYN visits per adult female beneficiary
- Number of PCP visits per beneficiary

## Health Plan Stability/ Financial/Cost of Care:
- Actual reserves held by plan
- Days in unpaid claims/claims outstanding
- Expenditures by medical category of service (i.e., inpatient, ER, pharmacy, lab, x-ray, dental, vision, etc.)
- Medical loss ratio
- Net income
- Net worth
- State minimum reserve requirements
- Total revenue

PROGRAM DATA

Program Service Area: Statewide
Operating Authority: 1115(a) - Demonstration Waiver Program
Statutes Utilized: Not Applicable
Enrollment Broker: MAXIMUS

For All Areas Phased-In: No

Guaranteed Eligibility: 6 months guaranteed eligibility

Initial Waiver Approval Date: September 29, 2006
Implementation Date: October 01, 2006
Waiver Expiration Date: September 30, 2011

Sections of Title XIX Waived:
-1902(a)(1) Statewideness
-1902(a)(23) Freedom of Choice
-1902(a)(25) Third Party Liability
-1902(a)(4)(a) MEQC

Sections of Title XIX Costs Not Otherwise Matchable Granted:
-Designated State Health Programs
-Dual-Eligible Appeals
-Exemption from MEQC disallowances {1903(u)}
-Facilitated Enrollment Services
-Institute For Mental Disease Expenditures
-Twelve Months Continuous Coverage

SERVICE DELIVERY

MCO (Comprehensive Benefits) - Risk-based Capitation

Included Services:
Case Management, Dental, Durable Medical Equipment,
EPSDT, Family Planning, Hearing, Home Health,
Immunization, Inpatient Hospital, Inpatient Mental Health,
Inpatient Substance Use Disorders, Laboratory, Occupational
Therapy, Outpatient Hospital, Outpatient Mental Health,
Outpatient Substance Use Disorders, Physical Therapy,
Physician, Skilled Nursing Facility, Speech Therapy,
Transportation, Vision, X-Ray

Allowable PCPs:
-Family Practitioners
-General Practitioners
-Impactists
-Nurse Practitioners
-Other Specialists Approved on a Case-by-Case Basis
-Pediatricians
-Qualified Obstetricians/Gynecologists
Enrollment

**Populations Voluntarily Enrolled:**
- Foster Care Children

**Subpopulations Excluded from Otherwise Included Populations:**
- Admitted to hospice at the time of enrollment
- Eligible less than 6 Months
- Eligible only for TB related services
- Enrolled in Another Managed Care Program
- Enrolled in the Restricted Recipient Program
- Foster children in direct care
- Infants weighing less than 1200 grams or infants who meet SSI criteria
- Medicare Dual Eligibles
- Other Insurance
- Participation in LTC Demonstration Program
- Reside in residential treatment facility for children and youth
- Reside in State Operated Psychiatric facility
- Special Needs Children (State defined)
- Spend downs

**Medicare Dual Eligibles Included:**
None

**Lock-In Provision:**
12 month lock-in

**Medicare Dual Eligibles Excluded:**
Exclude all categories of Medicare Dual Eligibles

Part D Benefit

**MCE has Medicare Contract:**
No

**Scope of Part D Coverage:**
Not Applicable

**Coverage of Part D Excluded Drugs in Medicaid Managed Care Contracts:**
None

- None

SERVING PEOPLE WITH COMPLEX (SPECIAL) NEEDS

Program Includes People with Complex (Special) Needs:
- Yes
## Strategies Used to Identify Persons with Complex (Special) Needs:
- Uses eligibility data to identify members of these groups
- Uses enrollment forms to identify members of these groups
- Uses provider referrals to identify members of these groups

## Agencies with which Medicaid Coordinates the Operation of the Program:
- Maternal and Child Health Agency
- Mental Health Agency
- Public Health Agency
- Social Services Agencies
- Substance Abuse Agency

## Additional Information

This program enrolls ABD populations statewide & AFDC populations in specific counties into mandatory managed care. MCO Optional Services: Dental, Family Planning, and Transportation are included at the option of the MCO.

## Quality Activities for MCO/HIO

### State Quality Assessment and Improvement Activities:
- Consumer Self-Report Data (see below for details)
- Encounter Data (see below for details)
- Enrollee Hotlines
- Focused Studies
- MCO Standards (see below for details)
- Monitoring of MCO Standards
- On-Site Reviews
- Performance Improvement Projects (see below for details)
- Performance Measures (see below for details)
- Provider Data

### Use of Collected Data:
- Beneficiary Plan Selection
- Health Services Research
- Monitor Quality Improvement
- Program Evaluation
- Program Modification, Expansion, or Renewal
- Regulatory Compliance/Federal Reporting
- Track Health Service provision

### Use of HEDIS:
- The State uses SOME of the HEDIS measures listed for Medicaid
- The State generates from encounter data SOME of the HEDIS measures listed for Medicaid
- State use/requires MCOs to follow NCQA specifications for all of the HEDIS measures listed for Medicaid that it collects

## Encounter Data
NEW YORK
F-SHRP - Medicaid Managed Care

Collection: Requirements:
- Definition(s) of an encounter (including definitions that may have been clarified or revised over time)
- Incentives/sanctions to insure complete, accurate, timely encounter data submission
- Requirements for data validation
- Requirements for MCOs to collect and maintain encounter data
- Specifications for the submission of encounter data to the Medicaid agency
- Standards to ensure complete, accurate, timely encounter data submission

Collection: Standardized Forms:
None

Collections: Submission Specifications:
- Data submission requirements including documentation describing set of encounter data elements, definitions, sets of acceptable values, standards for data processing and editing
- Deadlines for regular/ongoing encounter data submission(s)
- Guidelines for frequency of encounter data submission
- Guidelines for initial encounter data submission
- Use of Medicaid Identification Number for beneficiaries

Validation - Methods:
- Automated analysis of encounter data submission to help determine to data completeness (e.g. frequency distributions, cross-tabulations, trend analysis, etc.)
- Automated edits of key fields used for calculation (e.g. codes within an allowable range)
- Comparison to benchmarks and norms (e.g. comparisons to State FFS utilization rates, comparisons to MCO commercial utilization rates, comparisons to national norms, comparisons to submitted bills or cost-ratios)
- Medical record validation
- Per member per month analysis and comparisons across MCOs

MCO/HIO conducts data accuracy check(s) on specified data elements:
- Date of Service
- Provider ID
- Type of Service
- Medicaid Eligibility
- Plan Enrollment
- Diagnosis Codes
- Procedure Codes
- Revenue Codes

State conducts general data completeness assessments:
Yes

Performance Measures

Process Quality:
- Alcohol and Substance abuse use screening
- Asthma care - medication use
- Breast Cancer screening rate
- Cervical cancer screening rate
- Check-ups after delivery
- Cholesterol screening and management
- Dental services
- Depression management/care
- Diabetes medication management
- Follow-up after hospitalization for mental illness
- Frequency of on-going prenatal care
- HIV/AIDS care
- Immunizations for two year olds
- Initiation of prenatal care - timeliness of
- Lead Screening rate
- Smoking prevention and cessation
- Well-child care visit rates in first 15 months of life
- Well-child care visits rates in 3, 4, 5, and 6 years of life

Health Status/Outcomes Quality:
- Patient satisfaction with care
- Percentage of low birth weight infants

Access/Availability of Care:
- Average distance to PCP

Use of Services/Utilization:
- Average number of visits to MH/SUD providers per beneficiary

283
## NEW YORK
**F-SHRP - Medicaid Managed Care**

### Health Plan Stability/ Financial/Cost of Care:
- Actual reserves held by plan
- Days cash on hand
- Days in unpaid claims/claims outstanding
- Expenditures by medical category of service (i.e., inpatient, ER, pharmacy, lab, x-ray, dental, vision, etc.)
- Net income
- Net worth
- State minimum reserve requirements
- Total revenue

### Health Plan/ Provider Characteristics:
- Board Certification
- Languages Spoken (other than English)
- Provider turnover

### Beneficiary Characteristics:
- Information of beneficiary ethnicity/race
- MCO/PCP-specific disenrollment rate
- Percentage of beneficiaries who are auto-assigned to MCOs

### Performance Measures - Others:
None

### Performance Improvement Projects
#### Project Requirements:
- Multiple, but not all, MCOs participating in the managed care program are required to conduct a common performance improvement project(s) prescribed by the State Medicaid agency.

#### Non-Clinical Topics:
- Adults access to preventive/ambulatory health services
- Children’s access to primary care practitioners

### Standards/Accreditation
#### MCO Standards:
- State-Developed/Specified Standards

#### Non-Duplication Based on Accreditation:
None

#### EQRO Organization:
- Quality Improvement Organization (QIO)

#### Accreditation Required for Participation:
None

#### EQRO Name:
- Island Peer Review Organization

#### EQRO Mandatory Activities:
- Validation of performance improvement projects
- Validation of performance measures

#### EQRO Optional Activities:
- Administration or validation of consumer or provider surveys
- Conduct performance improvement projects
- Conduct studies on quality that focus on a particular aspect of clinical or non-clinical services
- Technical assistance to MCOs to assist them in conducting quality activities
- Validation of client level data, such as claims and encounters

### Pay for Performance (P4P)

---

284
NEW YORK
F-SHRP - Medicaid Managed Care

Implementation of P4P:
The State has implemented a Pay-for-Performance program with MCO

Population Categories Included:
A subset of MCO members, defined by Medicaid beneficiary Maintenance Assistance Status and Basis of Eligibility

Clinical Conditions:
Not Applicable

Initial Year of Reward:
2000

Member Incentives:
Not Applicable

Program Payers:
Medicaid is the only payer

Rewards Model:
Payment incentives/differentials to reward MCOs
Preferential auto-enrollment to reward MCOs
Public reporting to reward MCOs

Measurement of Improved Performance:
Assessing patient satisfaction measures
Using clinically-based outcome measures (e.g., HEDIS, NQF, etc.)

Evaluation Component:
The State has conducted an evaluation of the effectiveness of its P4P program

QUALITY ACTIVITIES FOR PCCM

Quality Oversight Activities:
-On-Site Reviews
-Performance Measures (see below for details)

ADDITIONAL INFORMATION

PPO in counties where there are no MCOs.

Benefit Limitations: Home Health is limited to 40 visits; Outpatient Substance Use Disorders is limited to 40 visits. Inpatient Mental Health is limited to 30 days per year; Outpatient Mental Health is limited to 60 days per year. Chemical Dependence Inpatient is 30 days.

Effective April 1, 2008, implemented Family Health Plus Premium Assistance Program. Persons with access to qualified cost-effective Employer Sponsored Health Insurance (ESHI) must enroll in the ESHI. The State subsidizes the premiums and reimburses any deductibles and co-pays, to the extent that the co-pays exceed the amount of the enrollees co-payment obligations under FHPlus. The State also pays for any FHPlus benefits not covered by the ESHI when the service is obtained from a Medicaid fee-for-service provider.

QUALITY ACTIVITIES FOR MCO/HIO

State Quality Assessment and Improvement
Activities:
- Consumer Self-Report Data (see below for details)
- Encounter Data (see below for details)
- Enrollee Hotlines
- Focused Studies
- MCO Standards (see below for details)
- Monitoring of MCO Standards
- On-Site Reviews

- Performance Measures (see below for details)
- Provider Data

Use of Collected Data:
- Beneficiary Plan Selection
- Health Services Research
- Monitor Quality Improvement
- Program Evaluation
- Program Modification, Expansion, or Renewal
- Regulatory Compliance/Federal Reporting
- Track Health Service provision

Consumer Self-Report Data:
- CAHPS
  - Adult Medicaid AFDC Questionnaire
  - Child Medicaid AFDC Questionnaire

Use of HEDIS:
- The State uses SOME of the HEDIS measures listed for Medicaid
- The State generates from encounter data SOME of the HEDIS measures listed for Medicaid
- State use/requires MCOs to follow NCQA specifications for all of the HEDIS measures listed for Medicaid that it collects

Encounter Data

Collection: Requirements:
- Definition(s) of an encounter (including definitions that may have been clarified or revised over time)
- Incentives/sanctions to insure complete, accurate, timely encounter data submission
- Requirements for data validation
- Requirements for MCOs to collect and maintain encounter data
- Specifications for the submission of encounter data to the Medicaid agency
- Standards to ensure complete, accurate, timely encounter data submission

Collections: Submission Specifications:
- Data submission requirements including documentation describing set of encounter data elements, definitions, sets of acceptable values, standards for data processing and editing
- Deadlines for regular/ongoing encounter data submission(s)
- Guidelines for frequency of encounter data submission
- Guidelines for initial encounter data submission
- Use of Medicaid Identification Number for beneficiaries

Collection: Standardized Forms:
None

Validation - Methods:
- Automated analysis of encounter data submission to help determine to data completeness (e.g. frequency distributions, cross-tabulations, trend analysis, etc.)
- Automated edits of key fields used for calculation (e.g. codes within an allowable range)
NEW YORK
Partnership Plan - Family Health Plus

-Comparison to benchmarks and norms (e.g. comparisons to State FFS utilization rates, comparisons to MCO commercial utilization rates, comparisons to national norms, comparisons to submitted bills or cost-ratios)
-Medical record validation
-Per member per month analysis and comparisons across MCO

MCO/HIO conducts data accuracy check(s) on specified data elements:
-Date of Service
-Provider ID
-Type of Service
-Medicaid Eligibility
-Plan Enrollment
-Diagnosis Codes
-Procedure Codes
-Revenue Codes

State conducts general data completeness assessments:
Yes

Performance Measures

Process Quality:
- Asthma care - medication use
- Breast Cancer screening rate
- Cervical cancer screening rate
- Check-ups after delivery
- Cholesterol screening and management
- Dental services
- Depression management/care
- Diabetes medication management
- Follow-up after hospitalization for mental illness
- Frequency of on-going prenatal care
- HIV/AIDS care
- Immunizations for two year olds
- Initiation of prenatal care - timeliness of
- Lead screening rate
- Smoking prevention and cessation
- Well-child care visit rates in 3, 4, 5, and 6 years of life
- Well-child care visit rates in first 15 months of life

Health Status/Outcomes Quality:
- Patient satisfaction with care
- Percentage of low birth weight infants

Access/Availability of Care:
- Ratio of PCPs to beneficiaries

Use of Services/Utilization:
- Average number of visits to MH/SUD providers per beneficiary
- Drug Utilization
- Emergency room visits/1,000 beneficiary
- Inpatient admission for MH/SUD conditions/1,000 beneficiaries
- Inpatient admissions/1,000 beneficiary
- Number of OB/GYN visits per adult female beneficiary
- Number of PCP visits per beneficiary
- Number of specialist visits per beneficiary

Health Plan Stability/ Financial/Cost of Care:
- Actual reserves held by plan
- Days cash on hand
- Days in unpaid claims/claims outstanding
- Expenditures by medical category of service (i.e., inpatient, ER, pharmacy, lab, x-ray, dental, vision, etc.)
- Net income
- Net worth
- State minimum reserve requirements
- Total revenue

QUALITY ACTIVITIES FOR MCO/HIO

State Quality Assessment and Improvement Activities:
- Consumer Self-Report Data (see below for details)
- Encounter Data (see below for details)
- Enrollee Hotlines
- Focused Studies
- MCO Standards (see below for details)
- Monitoring of MCO Standards
- On-Site Reviews
- Performance Improvement Projects (see below for details)
- Performance Measures (see below for details)
- Provider Data

Use of Collected Data:
- Beneficiary Plan Selection
- Health Services Research
- Monitor Quality Improvement
- Program Evaluation
- Program Modification, Expansion, or Renewal
- Regulatory Compliance/Federal Reporting
- Track Health Service provision

Consumer Self-Report Data:
- CAHPS
  - Adult Medicaid AFDC Questionnaire
  - Child Medicaid AFDC Questionnaire

Use of HEDIS:
- The State uses SOME of the HEDIS measures listed for Medicaid
- The State generates from encounter data SOME of the HEDIS measures listed for Medicaid
- State use/requires MCOs to follow NCQA specifications for all of the HEDIS measures listed for Medicaid that it collects
NEW YORK
Partnership Plan Medicaid Managed Care Program

Encounter Data

Collection: Requirements:
- Definition(s) of an encounter (including definitions that may have been clarified or revised over time)
- Incentives/sanctions to insure complete, accurate, timely encounter data submission
- Requirements for data validation
- Requirements for MCOs to collect and maintain encounter data
- Specifications for the submission of encounter data to the Medicaid agency
- Standards to ensure complete, accurate, timely encounter data submission

Collections: Submission Specifications:
- Data submission requirements including documentation describing set of encounter data elements, definitions, sets of acceptable values, standards for data processing and editing
- Deadlines for regular/ongoing encounter data submission(s)
- Guidelines for frequency of encounter data submission
- Guidelines for initial encounter data submission
- Use of Medicaid Identification Number for beneficiaries

Collection: Standardized Forms:
None

Validation - Methods:
- Automated analysis of encounter data submission to help determine data completeness (e.g. frequency distributions, cross-tabulations, trend analysis, etc.)
- Automated edits of key fields used for calculation (e.g. codes within an allowable range)
- Comparison to benchmarks and norms (e.g. comparisons to State FFS utilization rates, comparisons to MCO commercial utilization rates, comparisons to national norms, comparisons to submitted bills or cost-ratios)
- Medical record validation
- Per member per month analysis and comparisons across MCO

MCO/HIO conducts data accuracy check(s) on specified data elements:
- Date of Service
- Provider ID
- Type of Service
- Medicaid Eligibility
- Plan Enrollment
- Diagnosis Codes
- Procedure Codes
- Revenue Codes

State conducts general data completeness assessments:
Yes

Performance Measures

Process Quality:
- Asthma care - medication use
- Breast Cancer screening rate
- Cervical cancer screening rate
- Check-ups after delivery
- Cholesterol screening and management
- Dental services
- Depression management/care
- Diabetes medication management
- Follow-up after hospitalization for mental illness
- Frequency of on-going prenatal care
- HIV/AIDS care
- Immunizations for two year olds
- Initiation of prenatal care - timeliness of
- Lead screening rate
- Smoking prevention and cessation
- Well-child care visit rates in 3, 4, 5, and 6 years of life
- Well-child care visit rates in first 15 months of life

Health Status/Outcomes Quality:
- Patient satisfaction with care
- Percentage of beneficiaries who are satisfied with their ability to obtain care

297

### Performance Improvement Projects

#### Project Requirements:
- Multiple, but not all, MCOs participating in the managed care program are required to conduct a common performance improvement project(s) prescribed by the State Medicaid agency.

#### Non-Clinical Topics:
- Adults access to preventive/ambulatory health services
- Children’s access to primary care practitioners

### Clinical Topics:
- Improve member contact and engagement rates
- Pediatric Obesity

### Standards/Accreditation

#### MCO Standards:
- State-Developed/Specified Standards

#### Non-Duplication Based on Accreditation:
None

#### EQRO Name:
- Island Peer Review Organization

#### EQRO Organization:
- Quality Improvement Organization (QIO)

#### Accreditation Required for Participation:
None

#### EQRO Mandatory Activities:
- Validation of performance improvement projects
- Validation of performance measures

#### EQRO Optional Activities:
- Administration or validation of consumer or provider surveys
- Conduct of performance improvement projects
- Conduct studies on quality that focus on a particular aspect of clinical or non-clinical services
- Technical assistance to MCOs to assist them in conducting quality activities

**SERVING PEOPLE WITH COMPLEX (SPECIAL) NEEDS**

**Program Includes People with Complex (Special) Needs:**
Yes
OREGON
Oregon Health Plan Plus

Strategies Used to Identify Persons with Complex (Special) Needs:

-Asks advocacy groups to identify members of these groups
-Health Plans use multiple means to identify such members
-Reviews complaints and grievances to identify members of these groups
-Uses eligibility data to identify members of these groups
-Uses provider referrals to identify members of these groups

Agencies with which Medicaid Coordinates the Operation of the Program:

-Asking Agency
-Education Agency
-Employment Agencies
-Housing Agency
-Maternal and Child Health Agency
-Mental Health Agency
-Public Health Agency
-Social Services Agency
-Substance Abuse Agency
-Transportation Agency

Use of Collected Data:

-Beneficiary Plan Selection
-Contract Standard Compliance
-Health Services Research
-Monitor Quality Improvement
-Program Evaluation
-Program Modification, Expansion, or Renewal
-Regulatory Compliance/Federal Reporting
-Track Health Service provision
OREGON
Oregon Health Plan Plus

- Provider Data

**Consumer Self-Report Data:**
- CAHPS
  - Adult Medicaid AFDC Questionnaire
  - Adult Medicaid SSI Questionnaire
  - Child Medicaid AFDC Questionnaire
  - Child Medicaid SSI Questionnaire
  - Child with Special Needs Questionnaire
- Disenrollment Survey
- State-developed Survey

**Use of HEDIS:**
- The State uses SOME of the HEDIS measures listed for Medicaid
- The State generates from encounter data SOME of the HEDIS measures listed for Medicaid
- State modifies/requires MCOs to modify some or all NCQA specifications in ways other than continuous enrollment

**Encounter Data**

**Collection: Requirements:**
- Definition(s) of an encounter (including definitions that may have been clarified or revised over time)
- Incentives/sanctions to insure complete, accurate, timely encounter data submission
- Requirements for data validation
- Requirements for MCOs to collect and maintain encounter data
- Specifications for the submission of encounter data to the Medicaid agency
- Standards to ensure complete, accurate, timely encounter data submission

**Collections: Submission Specifications:**
- Deadlines for regular/ongoing encounter data submission(s)
- Encounters to be submitted based upon national standardized forms (e.g. UB-04, NCPDP, ASC X12 837, ADA)
- Guidelines for frequency of encounter data submission
- Guidelines for initial encounter data submission
- Use of Medicaid Identification Number for beneficiaries

**Collection: Standardized Forms:**
- ADA - American Dental Association dental claim form
- ANSI ASC X12 837 - transaction set format for transmitting health care claims data
- CMS 1500
- NCPDP - National Council for Prescription Drug Programs pharmacy claim form
- UB-04 (CMS 1450) - (Uniform Billing) - the CMS approved electronic flat file format for transmitting institutional billing data between trading partners, such as hospitals, long term care facilities, etc.

**Validation - Methods:**
- Automated analysis of encounter data submission to help determine to data completeness (e.g. frequency distributions, cross-tabulations, trend analysis, etc.)
- Automated edits of key fields used for calculation (e.g. codes within an allowable range)
- Per member per month analysis and comparisons across MCO

**MCO/HIO conducts data accuracy check(s) on specified data elements:**
- Date of Service
- Date of Processing
- Date of Payment

Connect Care Choice

ADDITIONAL INFORMATION

Connect Care Choice is a primary care case management program for adults with Medicaid coverage who are 21 years old or older. The
RHODE ISLAND
Connect Care Choice

Goal is to provide improved access to a person's primary care doctor and nurse case manager so they can better manage chronic illnesses and conditions. Emphasis is placed on preventive and primary care and teaching self-management skills to optimize wellness and reduce illness and hospitalizations.

To be able to enroll, individuals must not have other comprehensive health insurance coverage and must live in the community: at home, in assisted living, or in a group home.

Global Consumer Choice Compact program includes Connect Care Choice, Rhody Health Partners and RItse Smiles.

Under Data Element: Section of Title XIX Waived: 1902(a)(14) Cost Sharing Requirements in so far as it incorporates 1916

Blue Cross & Blue Shield of Rhode Island
Neighborhood Health Plan of Rhode Island
United HealthCare of New England

ADDITIONAL INFORMATION

Since September 2003, Children with Special Health Care Needs are offered enrollment in Rite Care unless they have comprehensive medical insurance from another source -- these children include SSI recipients, children eligible through Katie Beckett provisions, and children in subsidized adoption settings. Managed care enrollment is mandatory for these groups, but is not offered if children are covered by comprehensive third-party insurance. Coordination with other agencies in the care of Children with Special Health Care Needs takes place through the CEDARR program, available to children in managed care as well as to those in fee-for-service Medicaid -- this program combines evaluation, diagnosis, referral, reevaluation and a range of other services for families of Children with Special Needs. Definition of Special Needs Children (State defined): SSI/State Supplement-eligible child; Child eligible under Katie Beckett provisions; Child in subsidized adoption setting. Rite Care was first implemented in August 1994 under a distinct 1115 Demonstration waiver. Effective January 16, 2009 it was incorporated into the RI Global Consumer Choice Compact 1115(a) Demonstration, which encompasses almost the entire RI Medicaid Program. Enrollment became mandatory in October 2008.

Global Consumer Choice Compact program includes Connect Care Choice, Rhody Health Partners and RTee Smiles.

Under Data Element: Section of Title XIX Waived: 1902(a)(14) Cost Sharing Requirements in so far as it incorporates 1916

QUALITY ACTIVITIES FOR MCO/HIO

State Quality Assessment and Improvement Activities:
- Accreditation for Participation
- Consumer Self-Report Data (see below for details)
- Encounter Data (see below for details)
- Enrollee Hotlines
- EQRO
- Focused Studies
- Grievances and Appeals
- MCO Standards (see below for details)
- Monitoring of MCO Standards
- Network Data
- Non-Duplication Based on Accreditation
- On-Site Reviews
- Performance Improvement Projects (see below for details)
- Performance Measures (see below for details)
- Provider Data

Use of Collected Data:
- Contract Standard Compliance
- Health Services Research
- Monitor Quality Improvement
- Plan Reimbursement
- Program Evaluation
- Program Modification, Expansion, or Renewal
- Regulatory Compliance/Federal Reporting
- Track Health Service provision

Consumer Self-Report Data:
- CAHPS
- Adult Medicaid AFDC Questionnaire
- Consumer Advisory Committee
- State-developed Survey

Use of HEDIS:
- The State uses SOME of the HEDIS measures listed for Medicaid
- The State DOES NOT generate from encounter data any of the HEDIS measure listed for Medicaid
- State use/requirements MCOs to follow NCQA specifications for all of the HEDIS measures listed for Medicaid that it collects

Encounter Data
RHODE ISLAND
Global Consumer Choice Compact

Collection: Requirements:

- Definition(s) of an encounter (including definitions that may have been clarified or revised over time)
- Incentives/sanctions to insure complete, accurate, timely encounter data submission
- Requirements for data validation
- Requirements for MCOs to collect and maintain encounter data
- Specifications for the submission of encounter data to the Medicaid agency
- Standards to ensure complete, accurate, timely encounter data submission

Collections: Submission Specifications:

- Data elements for all services on UB-04 and CMS-1500
- Data submission requirements including documentation
  describing set of encounter data elements, definitions, sets of acceptable values, standards for data processing and editing
- Deadlines for regular/ongoing encounter data submission(s)
- Guidelines for frequency of encounter data submission
- Guidelines for initial encounter data submission
- Use of "home grown" forms
- Use of Medicaid Identification Number for beneficiaries

Collection: Standardized Forms:

None

Validation - Methods:

- Automated analysis of encounter data submission to help determine to data completeness (e.g. frequency distributions, cross-tabulations, trend analysis, etc.)
- Automated edits of key fields used for calculation (e.g. codes within an allowable range)
- Comparison of State data with plan-specific data
- Comparison to benchmarks and norms (e.g. comparisons to State FFS utilization rates, comparisons to MCO commercial utilization rates, comparisons to national norms, comparisons to submitted bills or cost-ratios)
- Monitoring submission processes from providers to health plans to assure complete and timely submissions
- Per member per month analysis and comparisons across MCOs

MCO/HIO conducts data accuracy check(s) on specified data elements:

- Date of Service
- Provider ID
- Type of Service
- Medicaid Eligibility
- Plan Enrollment
- Diagnosis Codes
- Procedure Codes
- Revenue Codes
- Age-appropriate diagnosis/procedure
- Gender-appropriate diagnosis/procedure

State conducts general data completeness assessments:

Yes

Performance Measures

Process Quality:

- Adolescent well-care visit rate
- Adult BMI Assessment
- Antidepressant medication management
- Appropriate treatment for Children with Upper Respiratory Infection (URI)
- Asthma care - medication use
- Cervical cancer screening rate
- Check-ups after delivery
- Chlamydia screening in women
- Comprehensive Diabetes Care
- Follow-up after hospitalization for mental illness
- Follow-up for Children Prescribed ADHD Medication
- Frequency of on-going prenatal care
- Immunizations for Adolescents
- Immunizations for two year olds
- Initiation of prenatal care - timeliness of
- Lead screening rate
- Percentage of beneficiaries who are satisfied with their ability to obtain care

Health Status/Outcomes Quality:

- Patient satisfaction with care
- Percentage of beneficiaries who are satisfied with their ability to obtain care
- Percentage of low birth weight infants
RHODE ISLAND
Global Consumer Choice Compact

Access/Availability of Care:
- Adolescents' Access to PCPs
- Adult's access to preventive/ambulatory health services
- Children's access to primary care practitioners
- Complaint Resolution Statistics
- Patient/Member Satisfaction with Access to Care

Use of Services/Utilization:
- Average number of visits to MH/SUD providers per beneficiary
- Discharges from Neonatal Intensive Care Unit per 1,000 live births
- Drug Utilization
- Emergency room visits/1,000 beneficiary
- Inpatient admission for MH/SUD conditions/1,000 beneficiaries
- Inpatient admissions/1,000 beneficiary
- Inpatient days per 1,000
- Number of OB/GYN visits per adult female beneficiary
- Number of PCP visits per beneficiary
- Number of specialist visits per beneficiary
- Prescriptions per 1,000 population by category (name brand, generic and OTC)
- Re-admission rates of MH/SUD

Health Plan Stability/ Financial/Cost of Care:
- Actual reserves held by plan
- Days cash on hand
- Days in unpaid claims/claims outstanding
- Expenditures by medical category of service (i.e., inpatient, ER, pharmacy, lab, x-ray, dental, vision, etc.)
- Medical loss ratio
- Net income
- Net worth
- State minimum reserve requirements
- Total revenue

Health Plan/ Provider Characteristics:
- Board Certification
- Languages Spoken (other than English)

Beneficiary Characteristics:
- Information on primary languages spoken by beneficiaries
- Percentage of beneficiaries who are auto-assigned to MCOs
- Weeks of pregnancy at time of enrollment in MCO, for women giving birth during the reporting period

Performance Measures - Others:
None

Performance Improvement Projects

Project Requirements:
- Individual MCOs are required to conduct a project prescribed by the State Medicaid agency

Clinical Topics:
- Antidepressant Medication Management
- ED Visits for Ambulatory Care Sensitive Conditions
- Follow-up for Children Prescribed ADHD Medications
- Frequency of Ongoing Prenatal Care

Non-Clinical Topics:
- Notifying the State of TPL Data within Five Days
- Work Distribution in the Grievance and Appeals Unit

Standards/Accreditation

MCO Standards:
- NAIC (National Association of Insurance Commissioners) Standards
- NCQA (National Committee for Quality Assurance) Standards

Accreditation Required for Participation:
- NCQA (National Committee for Quality Assurance) Standards

**SERVING PEOPLE WITH COMPLEX (SPECIAL) NEEDS**

**Program Includes People with Complex (Special) Needs:**
Yes

**Strategies Used to Identify Persons with Complex (Special) Needs:**
- Uses eligibility data to identify members of these groups

**Agencies with which Medicaid Coordinates the Operation of the Program:**
- Aging Agency
- Developmental Disabilities Agency
- Mental Health Agency
- Social Services Agencies
- Substance Abuse Agency
- Transportation Agencies

**PARTICIPATING PLANS/PCCM AND OTHER PROGRAMS**

- Neighborhood Health Plan of Rhode Island
- United HealthCare of New England
Rhody Health Partners is a mandatory managed care program for adults on Medical Assistance. Eligible clients are enrolled on a monthly basis, and can choose between 2 health plans (Neighborhood Health Plan of RI or United Healthcare of New England) or Connect Care Choice. Connect Care Choice is a primary care physician practice model, that offers on-site nurse care management. Rhody Health Partners is a traditional MCO model.

Global Consumer Choice Compact program includes Connect Care Choice, Rhody Health Partners and RIte Smiles.

Under Data Element: Section of Title XIX Waived: 1902(a)(14) Cost Sharing Requirements in so far as it incorporates 1916

---

**STATE QUALITY ASSESSMENT AND IMPROVEMENT**

**Activities:**
- Accreditation for Participation
- Consumer Self-Report Data (see below for details)
- Encounter Data (see below for details)
- Enrollee Hotlines
- Focused Studies
- Grievances and Appeals
- MCO Standards (see below for details)
- Monitoring of MCO Standards
- Network Data
- Non-Duplication Based on Accreditation
- On-Site Reviews
- Performance Measures (see below for details)
- Provider Data

**Consumer Self-Report Data:**
- CAHPS
  - Adult Medicaid AFDC Questionnaire
- Consumer Advisory Committee
- State-developed Survey

**Use of Collected Data:**
- Contract Standard Compliance
- Health Services Research
- Monitor Quality Improvement
- Plan Reimbursement
- Program Evaluation
- Program Modification, Expansion, or Renewal
- Regulatory Compliance/Federal Reporting
- Track Health Service provision

**Use of HEDIS:**
- The State uses SOME of the HEDIS measures listed for Medicaid
- The State DOES NOT generate from encounter data any of the HEDIS measure listed for Medicaid
- State use/requires MCOs to follow NCQA specifications for all of the HEDIS measures listed for Medicaid that it collects

---

**ENCOUNTER DATA**

**Collection: Requirements:**
- Definition(s) of an encounter (including definitions that may have been clarified or revised over time)
- Incentives/sanctions to insure complete, accurate, timely encounter data submission
- Requirements for data validation
- Requirements for MCOs to collect and maintain encounter data
- Specifications for the submission of encounter data to the Medicaid agency
- Standards to ensure complete, accurate, timely encounter data submission

**Collections: Submission Specifications:**
- Data submission requirements including documentation describing set of encounter data elements, definitions, sets of acceptable values, standards for data processing and editing
- Deadlines for regular/ongoing encounter data submission(s)
- Encounters to be submitted based upon national standardized forms (e.g. UB-04, NCPDP, ASC X12 837, ADA)
- Guidelines for frequency of encounter data submission
- Guidelines for initial encounter data submission
- Use of "home grown" forms
- Use of Medicaid Identification Number for beneficiaries

**Collection: Standardized Forms:**
- UB-04 (CMS 1450) - (Uniform Billing) - the CMS approved electronic flat file format for transmitting institutional billing data between trading partners, such as hospitals, long term care facilities, etc.

**Validation - Methods:**
- Automated analysis of encounter data submission to help determine to data completeness (e.g. frequency distributions, cross-tabulations, trend analysis, etc.)
- Automated edits of key fields used for calculation (e.g. codes within an allowable range)
- Comparison of State data with plan-specific data
- Comparison to benchmarks and norms (e.g. comparisons to State FFS utilization rates, comparisons to MCO
# RHODE ISLAND

**Rhody Health Partners**

- commercial utilization rates, comparisons to national norms, comparisons to submitted bills or cost-ratios
- Monitoring submission processes from providers to health plans to assure complete and timely submissions
- Per member per month analysis and comparisons across MCOs

## MCO/HIO conducts data accuracy check(s) on specified data elements:
- Date of Service
- Provider ID
- Type of Service
- Medicaid Eligibility
- Plan Enrollment
- Diagnosis Codes
- Procedure Codes
- Revenue Codes
- Age-appropriate diagnosis/procedure
- Gender-appropriate diagnosis/procedure

## State conducts general data completeness assessments:
- Yes

## Performance Measures

### Process Quality:
- Adult BMI Assessment
- Antidepressant medication management
- Asthma care - medication use
- Cervical cancer screening rate
- Check-ups after delivery
- Chlamydia screening in women
- Diabetes medication management
- Follow-up after hospitalization for mental illness
- Frequency of on-going prenatal care
- Initiation of prenatal care - timeliness of
- Percentage of beneficiaries who are satisfied with their ability to obtain care
- Smoking prevention and cessation

### Access/Availability of Care:
- Adult's access to preventive/ambulatory health services
- Complaint Resolution Statistics
- Patient/Member Satisfaction with Access to Care

### Health Status/Outcomes Quality:
- Patient satisfaction with care
- Percentage of beneficiaries who are satisfied with their ability to obtain care
- Percentage of low birth weight infants

### Use of Services/Utilization:
- Average number of visits to MH/SUD providers per beneficiary
- Drug Utilization
- Emergency room visits/1,000 beneficiary
- Inpatient admission for MH/SUD conditions/1,000 beneficiaries
- Inpatient admissions/1,000 beneficiary
- Inpatient days per 1,000
- Number of OB/GYN visits per adult female beneficiary
- Number of PCP visits per beneficiary
- Number of specialist visits per beneficiary
- Prescriptions per 1,000 population by category (name brand, generic, OTC)
- Re-admission rates of MH/SUD

### Health Plan Stability/Financial/Cost of Care:
- Actual reserves held by plan
- Days cash on hand
- Days in unpaid claims/claims outstanding
- Expenditures by medical category of service (i.e., inpatient, ER, pharmacy, lab, x-ray, dental, vision, etc.)
- Medical loss ratio
- Net income
- Net worth
- State minimum reserve requirements
- Total revenue

### Health Plan/Provider Characteristics:
- Board Certification
- Languages Spoken (other than English)
Beneficiary Characteristics:
- Information on primary languages spoken by beneficiaries
- Percentage of beneficiaries who are auto-assigned to MCO
- Weeks of pregnancy at time of enrollment in MCO, for women giving birth during the reporting period

Performance Measures - Others:
None

Standards/Accreditation

MCO Standards:
- State-Developed/Specified Standards

Accreditation Required for Participation:
- NCQA (National Committee for Quality Assurance)

Non-Duplication Based on Accreditation:
- None

EQRO Name:
- IPRO, Inc.

EQRO Organization:
- Quality Improvement Organization (QIO)

EQRO Mandatory Activities:
- Review of MCO compliance with structural and operational standards established by the State
- Validation of performance measures

EQRO Optional Activities:
- Administration or validation of consumer or provider surveys
- Conduct studies on quality that focus on a particular aspect of clinical or non-clinical services
- Validation of encounter data

Pay for Performance (P4P)

Implementation of P4P:
The State has implemented a Pay-for-Performance program with MCO

Program Payers:
Medicaid is the only payer

Population Categories Included:
A subset of MCO members, defined by disease and medical condition
A subset of MCO members, defined by Medicaid beneficiary Maintenance Assistance Status and Basis of Eligibility

Rewards Model:
Payment incentives/differentials to reward MCOs

Clinical Conditions:
Adult preventive care
Cervical Cancer screening
Depression
Diabetes
Obesity
Smoking and Tobacco Use

Measurement of Improved Performance:
Assessing improvements in, or reaching established standards in, administrative processes (e.g., timeliness of MCO response to grievances, improving customer service, etc.)
Assessing patient satisfaction measures

Initial Year of Reward:
2010

Evaluation Component:
The State has conducted an evaluation of the effectiveness of its P4P program

Member Incentives:
Not Applicable

Coverage of Part D Excluded Drugs in Medicaid Managed Care Contracts:
None

SERVING PEOPLE WITH COMPLEX (SPECIAL) NEEDS

Program Includes People with Complex (Special) Needs:
Yes

Strategies Used to Identify Persons with Complex (Special) Needs:
-Reviews complaints and grievances to identify members of these groups
-Uses eligibility data to identify members of these groups
-Uses enrollment forms to identify members of these groups

Agencies with which Medicaid Coordinates the Operation of the Program:
-Aging Agency
-Developmental Disabilities Agency
-Education Agency
-Maternal and Child Health Agency
-Mental Health Agency
-Social Services Agencies
-Substance Abuse Agency

### ADDITIONAL INFORMATION

1. **Phased-In:** As of July 1, 2010, the CHOICES program in TennCare was NOT fully phased in. On July 1, 2010, Nursing Facility (NF) services and Home and Community Based Services (HCBS) for persons considered to be institutionalized were provided through the MCOs and the PIHP (TennCare Select) in Middle Tennessee. NF services and HCBS in East and West Tennessee continued to be provided on a fee-for-service basis until August 1, 2010, when the CHOICES program was implemented statewide.

2. **Guaranteed Eligibility** is offered to Pregnant Women only - 60 days post delivery. The total period of eligibility will vary depending on the number of months the enrollees was pregnant at the time eligibility was granted.

3. Not all categories included in TennCare are mandatory Medicaid categories.

4. **MCO/PIHP included Services:** Chiropractic, Hearing, and Methadone Clinic Services are covered as medically necessary for under 21. Private Duty Nursing services are subject to specific limitations and medical necessity. Emergency Air and Ground Transportation is covered. Non-Emergency Transportation including Ambulance services is covered.

5. **PIHP:** TennCare Select is a prepaid inpatient health plan (PIHP) (as defined in 42 CFR 438.2) which operates in all areas of the State and covers the same services as the MCOs for the individuals described in paragraph 7 below. The State's TennCare Select contractor is reimbursed on a partial risk basis for services rendered to covered populations, and in addition receives fees from the State to offset administrative costs. TennCare Select is at risk for meeting EPSDT Screening Rate targets as reported annually on the CMS 416 report. TennCare Select is also at risk for medical and mental health services.

6. **Lock-in:** MCOs: Enrollees have 45 days after initial enrollment to change plans, after which they must stay in their plan until the annual re-determination unless there is a good cause reason.

7. **Lock-in:** PIHP: Children eligible for SSI, children receiving care in a NF or Intermediate Care Facility for Persons with Mental Retardation, and children and adults in a Home and Community Based Services 1915(c) Waiver for individuals with mental retardation are not locked into TennCare Select and may enroll in an MCO if one is available. Children in State custody and children leaving State custody for six months post-custody who remain eligible and enrollees living in areas where there is insufficient capacity to serve them are locked into TennCare Select.

8. **MCO/PIHP:** Full Benefit Medicare Dual Eligibles are enrolled in managed care programs. QMB only, SLMB only, QI and QDWI are not enrolled in managed care.

9. **The Dental Benefits Manager (DBM) and Pharmacy Benefits Manager (PBM) are PAHPs and are paid an Administrative Services Fee.** The managers handle claims administrative and are reimbursed for the claims amount(s). The DBM and PBM are currently non-risk but may be renegotiated as at risk. Provider rates are established in accordance with the State plan.

10. **In both the DBM and the PBM, full benefit dual eligibles under age 21 are included. Partial benefit dual eligibles of any age and full benefit dual eligibles age 21 and older are excluded.**

11. Some of our managed care entities have separate Medicare Advantage Plans, but these are independent of the Medicaid Program. The Bureau of TennCare does not have separate contracts with these plans for passive enrollment of dual eligibles into their Medicare Advantage Plans.

### QUALITY ACTIVITIES FOR MCO/PIHP

---

340
TENNESSEE
TennCare II

State Quality Assessment and Improvement Activities:
- Accreditation for Participation
- Consumer Self-Report Data (see below for details)
- Development of Quality Strategy for Tennessee
- Encounter Data (see below for details)
- Enrollee Hotlines
- MCO/PIHP Standards
- Monitoring of MCO/PIHP Standards
- Network Data
- On-Site Reviews
- Performance Improvement Projects (see below for details)
- Performance Measures (see below for details)

Use of Collected Data:
- ANOVA (Analysis of Variance)
- Contract Standard Compliance
- Data Mining
- Enhanced/Revise State managed care Medicaid Quality Strategy
- Fraud and Abuse
- Health Services Research
- Monitor Quality Improvement
- Plan Reimbursement
- Program Evaluation
- Regulatory Compliance/Federal Reporting
- Track Health Service provision

Consumer Self-Report Data:
- CAHPS
  Health Plan Survey Adult Version (CPA)
  Health Plan Survey Child Version: Children with Chronic Conditions (CCC)
- Medicaid Adult Questionnaire
- Medicaid Child Questionnaire

Use of HEDIS:
- The State uses ALL of the HEDIS measures listed for Medicaid
- The State DOES NOT generate from encounter data any of the HEDIS measure listed for Medicaid
- State use/requires MCOs/PIHPs to follow NCQA specifications for all of the HEDIS measures listed for Medicaid that it collects

Encounter Data

Collection: Requirements:
- Definition(s) of an encounter (including definitions that may have been clarified or revised over time)
- Incentives/sanctions to insure complete, accurate, timely encounter data submission
- Requirements for data validation
- Requirements for MCOs/PIHPs to collect and maintain encounter data
- Specifications for the submission of encounter data to the Medicaid agency
- Standards to ensure complete, accurate, timely encounter data submission

Collection: Standardized Forms:
- ADA - American Dental Association dental claim form
- ANSI ASC X12 837 - transaction set format for transmitting health care claims data
- NCPDP - National Council for Prescription Drug Programs pharmacy claim form
- UB-04 (CMS 1450) - (Uniform Billing) - the CMS approved electronic flat file format for transmitting institutional billing data between trading partners, such as hospitals, long term care facilities, etc.

Collections: Submission Specifications:
- Data submission requirements including documentation describing set of encounter data elements, definitions, sets of acceptable values, standards for data processing and editing
- Deadlines for regular/ongoing encounter data submission(s)
- Encounters to be submitted based upon national standardized forms (e.g. UB-04, NCPDP, ASC X12 837, ADA)
- Guidelines for frequency of encounter data submission
- Guidelines for initial encounter data submission
- Use of Medicaid Identification Number for beneficiaries

Validation - Methods:
- Automated analysis of encounter data submission to help determine to data completeness (e.g. frequency distributions, cross-tabulations, trend analysis, etc.)
- Automated edits of key fields used for calculation (e.g. codes within an allowable range)
- Comparison to benchmarks and norms (e.g. comparisons to State FFS utilization rates, comparisons to MCO/PIHP commercial utilization rates, comparisons to national norms, comparisons to submitted bills or cost-ratios)
- Medical record validation
- Per member per month analysis and comparisons across MCO/PIHP
- Specification/source code review, such as a programming language used to create an encounter data file for submission

MCO/HIO conducts data accuracy check(s) on specified data elements:
- Date of Service
- Date of Processing
- Provider ID
- Type of Service
- Medicaid Eligibility
- Plan Enrollment

State conducts general data completeness assessments:
Yes
TENNESSEE
TennCare II

Performance Measures

Process Quality:
- Adolescent immunization rate
- Adolescent well-care visit rate
- Appropriate Testing for Children with Pharyngitis
- Appropriate treatment for Children with Upper Respiratory Infection (URI)
- Asthma care - medication use
- Beta-blocker treatment after heart attack
- Breast Cancer screening rate
- Cervical cancer screening rate
- Check-ups after delivery
- Chlamydia screening in women
- Cholesterol screening and management
- Controlling high blood pressure
- Dental services
- Diabetes medication management
- Frequency of on-going prenatal care
- Hearing services for individuals less than 21 years of age
- Immunizations for two year olds
- Initiation of prenatal care - timeliness of
- Lead screening rate
- Percentage of beneficiaries with at least one dental visit
- Smoking prevention and cessation
- Vision services for individuals less than 21 years of age
- Well-child care visit rates in 3, 4, 5, and 6 years of life
- Well-child care visit rates in first 15 months of life

Health Status/Outcomes Quality:
- Breast Cancer and Cervical Cancer rates
- Infant Mortality
- Patient satisfaction with care
- Percentage of beneficiaries who are satisfied with their ability to obtain care
- Percentage of low birth weight infants

Access/Availability of Care:
- Adult's access to preventive/ambulatory health services
- Average distance to PCP
- Children's and adolescents access to primary care practitioners
- Percent of PCPs with open or closed patient assignment panels
- Prenatal and Postpartum Care
- Ratio of dental providers to beneficiaries
- Ratio of PCPs to beneficiaries

Use of Services/Utilization:
- Drug Utilization
- Emergency room visits/1,000 beneficiary
- Inpatient admission for MH/SUD conditions/1,000 beneficiaries
- Inpatient admissions/1,000 beneficiary
- Number of days in ICF or SNF per beneficiary over 64 years
- Number of home health visits per beneficiary
- Number of PCP visits per beneficiary
- Number of specialist visits per beneficiary
- Percentage of beneficiaries with at least one dental visit

Health Plan Stability/ Financial/Cost of Care:
- Actual reserves held by plan
- Annual Financial Statements
- Days cash on hand
- Days in unpaid claims/claims outstanding
- Expenditures by medical category of service (i.e., inpatient, ER, pharmacy, lab, x-ray, dental, vision, etc.)
- Medical loss ratio
- Net income
- Net worth
- Quarterly Financial Statements
- State minimum reserve requirements
- Total revenue
- Weekly Claims Inventory Reports

Health Plan/ Provider Characteristics:
- Board Certification
- Provider turnover

Beneficiary Characteristics:
- Beneficiary need for interpreter

Performance Measures - Others:
None
Performance Improvement Projects

Project Requirements:
- MCOs/PIHPs are required to conduct a project(s) of their own choosing
- All MCOs/PIHPs participating in the managed care program are required to conduct a common performance improvement project(s) prescribed by State Medicaid agency

Clinical Topics:
- Cholesterol screening and management
- Diabetes management
- Emergency Room service utilization
- Inpatient maternity care and discharge planning
- Low birth-weight baby
- Post-natal Care
- Pre-natal care

Non-Clinical Topics:
- Adults access to preventive/ambulatory health services

Standards/Accreditation

MCO Standards:
- NAIC (National Association of Insurance Commissioners) Standards
- NCQA (National Committee for Quality Assurance) Standards
- State-Developed/Specified Standards

Accreditation Required for Participation:
- NCQA (National Committee for Quality Assurance)

Non-Duplication Based on Accreditation:
None

EQRO Organization:
- Quality Improvement Organization (QIO)

EQRO Name:
- Q-Source

EQRO Mandatory Activities:
- Review of MCO/PIHP compliance with structural and operational standards established by the State
- Validation of performance improvement projects
- Validation of performance measures

EQRO Optional Activities:
- Administration or validation of consumer or provider surveys
- Assessment of MCO/PIHP information systems
- Calculation of performance measures
- Technical assistance to MCOs/PIHPs to assist them in conducting quality activities

Pay for Performance (P4P) for MCO

Implementation of P4P:
The State has implemented a Pay-for-Performance program with MCO

Program Payers:
Medicaid is the only payer

Population Categories Included:
Covers all MCO members

Rewards Model:
Payment incentives/differentials to reward MCOs Withholds as an incentive

Clinical Conditions:
Not Applicable

Measurement of Improved Performance:
Assessing improvements in, or reaching established standards in, administrative processes (e.g., timeliness of...
MCO response to grievances, improving customer service, etc.
Using clinically-based outcome measures (e.g., HEDIS, NQF, etc.)

**Initial Year of Reward:**
2006

**Evaluation Component:**
The State HAS NOT conducted an evaluation of the effectiveness of its P4P program, but plans to conduct an evaluation in the future

**Member Incentives:**
Not Applicable

<td></td>
</tr>
</tbody>
</table>

ADDITIONAL INFORMATION

PCN program is a statewide section 1115 demonstration to expand Medicaid coverage. PCN also offers the full Medicaid state plan package to certain high-risk pregnant women with assets in excess of state plan levels, and a primary/preventive package to certain adults age 19 and above, with incomes under 150% FPL, who are not otherwise Medicaid-eligible. However, these groups are not enrolled in managed care entities. Under the PCCM, QMB Plus, SLMB Plus, and Medicaid-only duals are included in the Non-Traditional Plan of the waiver.

Mental Health is covered under the Prepaid Mental Health Plans which are under the State's 1915(b) Prepaid Mental Health Waiver. The mental health costs incurred by the PMHPs are included in the 1115 waiver costs to calculate the cost neutrality of the waiver.

The contract is classified as non-risk. Medicaid reimburses the PAHP the amount the PAHP paid its providers plus an administrative fee.

QUALITY ACTIVITIES FOR MCO/HIO

State Quality Assessment and Improvement

Activities:
- Consumer Self-Report Data (see below for details)
- Encounter Data (see below for details)
- Monitoring of MCO Standards
- On-Site Reviews
- Performance Improvement Projects (see below for details)
- Performance Measures (see below for details)

Use of Collected Data:
- Contract Standard Compliance
- Fraud and Abuse
- Plan Reimbursement
- Program Evaluation
- Program Modification, Expansion, or Renewal
- Regulatory Compliance/Federal Reporting

Use of HEDIS:
- The State uses SOME of the HEDIS measures listed for Medicaid
- The State DOES NOT generate from encounter data any of the HEDIS measure listed for Medicaid
- State use/requirements MCOs to follow NCQA specifications for all of the HEDIS measures listed for Medicaid that it collects

Consumer Self-Report Data:
- CAHPS
  Adult Medicaid AFDC Questionnaire

Encounter Data

Collection: Requirements:
- Definition(s) of an encounter (including definitions that may have been clarified or revised over time)
- Requirements for data validation
- Requirements for MCOs to collect and maintain encounter data
- Specifications for the submission of encounter data to the Medicaid agency
- Standards to ensure complete, accurate, timely encounter data submission

Collections: Submission Specifications:
- Data submission requirements including documentation describing set of encounter data elements, definitions, sets of acceptable values, standards for data processing and editing
- Deadlines for regular/ongoing encounter data submission(s)
- Encounters to be submitted based upon national standardized forms (e.g. UB-04, NCPDP, ASC X12 837, ADA)
- Guidelines for frequency of encounter data submission

State conducts general data completeness assessments:
Yes

Performance Measures

Process Quality:
- Asthma care - medication use
- Breast Cancer screening rate
- Cervical cancer screening rate
- Chlamydia screening in women
- Cholesterol screening and management
- Colorectal Cancer Screening
- Diabetes medication management
- Immunizations for two year olds
- Influenza vaccination rate

Health Status/Outcomes Quality:
- Patient satisfaction with care
- Percentage of beneficiaries who are satisfied with their ability to obtain care

Access/Availability of Care:
- Adult's access to preventive/ambulatory health services

Use of Services/Utilization:
- Inpatient admissions/1,000 beneficiary

Health Plan Stability/ Financial/Cost of Care:
- Actual reserves held by plan
- Expenditures by medical category of service (i.e., inpatient, ER, pharmacy, lab, x-ray, dental, vision, etc.)
- Medical loss ratio
- Net income
- Total revenue

Beneficiary Characteristics:
None

QUALITY ACTIVITIES FOR MCO/HIO

State Quality Assessment and Improvement Activities:
- Encounter Data (see below for details)
- Enrollee Hotlines
- MCO Standards (see below for details)
- Monitoring of MCO Standards
- Network Data
- Ombudsman
- Performance Improvement Projects (see below for details)
- Performance Measures (see below for details)
- Provider Data

Use of Collected Data:
- Data Mining
- Fraud and Abuse
- Monitor Quality Improvement
- Plan Reimbursement
- Regulatory Compliance/Federal Reporting
- Track Health Service provision

Use of HEDIS:
- The State uses SOME of the HEDIS measures listed for Medicaid
- The State generates from encounter data SOME of the HEDIS measures listed for Medicaid
- State use/requires MCOs to follow NCQA specifications for all of the HEDIS measures listed for Medicaid that it collects

Consumer Self-Report Data:
None

Encounter Data

Collection: Requirements:
- Definition(s) of an encounter (including definitions that may have been clarified or revised over time)
- Requirements for MCOs to collect and maintain encounter data

Collections: Submission Specifications:
None

Collection: Standardized Forms:
None

Validation - Methods:
- Automated analysis of encounter data submission to help determine to data completeness (e.g. frequency distributions, cross-tabulations, trend analysis, etc.)
- Automated edits of key fields used for calculation (e.g. codes within an allowable range)
- Comparison to benchmarks and norms (e.g. comparisons to State FFS utilization rates, comparisons to MCO commercial utilization rates, comparisons to national norms, comparisons to submitted bills or cost-ratios)
- Medical record validation
- Per member per month analysis and comparisons across MCO

PARTICIPATING PLANS/PCCM AND OTHER PROGRAMS

Anthem Blue Cross Partnership Plan - Sacramento
Restricts aid code beneficiaries designated mandatory to enroll in 1 of 4 health plans and 1 of 5 dental plans. This program operates under the combined authorities of Section 1932(a) and 1915(b). The corresponding 1915(b) waiver is the California CCS/Dental Waiver Program, which provides authority for mandatory enrollment in Sacramento GMC of those populations that would otherwise be excluded from mandatory enrollment under Section 1932(a). The CCS/Dental waiver also provides the authority for the mandatory dental managed care component of Sacramento GMC.

QUALITY ACTIVITIES FOR MCO/HIO

State Quality Assessment and Improvement
Activities:
- Consumer Self-Report Data (see below for details)
- Encounter Data (see below for details)
- Enrollee Hotlines
- Focused Studies
- MCO Standards (see below for details)
- Ombudsman
- On-Site Reviews
- Performance Improvement Projects (see below for details)
- Performance Measures (see below for details)

Use of Collected Data:
- Beneficiary Plan Selection
- Contract Standard Compliance
- Data Mining
- Enhanced/Revise State managed care Medicaid Quality Strategy
- Fraud and Abuse
- Health Services Research
- Monitor Quality Improvement
- Plan Reimbursement
- Program Evaluation
- Program Modification, Expansion, or Renewal
- Regulatory Compliance/Federal Reporting
- Track Health Service provision

Consumer Self-Report Data:
- CAHPS
  - Adult Medicaid AFDC Questionnaire
  - Child Medicaid AFDC Questionnaire

Use of HEDIS:
- The State uses SOME of the HEDIS measures listed for Medicaid
- The State DOES NOT generate from encounter data any of the HEDIS measure listed for Medicaid
- State use/requires MCOs to follow NCQA specifications for all of the HEDIS measures listed for Medicaid that it collects

Encounter Data

Collection: Requirements:
- Definition(s) of an encounter (including definitions that may have been clarified or revised over time)
- Requirements for data validation
- Requirements for MCOs to collect and maintain encounter data
- Specifications for the submission of encounter data to the Medicaid agency
- Standards to ensure complete, accurate, timely encounter data submission

Collections: Submission Specifications:
- Data submission requirements including documentation describing set of encounter data elements, definitions, sets of acceptable values, standards for data processing and editing
- Encounters to be submitted based upon national standardized forms (e.g. UB-04, NCPDP, ASC X12 837, ADA)
- Guidelines for frequency of encounter data submission
- Guidelines for initial encounter data submission
- Use of Medicaid Identification Number for beneficiaries

Collection: Standardized Forms:
- ANSI ASC X12 837 - transaction set format for transmitting health care claims data
- NCPDP - National Council for Prescription Drug Programs pharmacy claim form
- NSF - (National Standard Format) - the CMS approved electronic flat file format for transmitting non-institutional billing data between trading partners, such as physicians and suppliers
- UB-04 (CMS 1450) - (Uniform Billing) - the CMS approved

Validation - Methods:
- Automated analysis of encounter data submission to help determine to data completeness (e.g. frequency distributions, cross-tabulations, trend analysis, etc.)
- Automated edits of key fields used for calculation (e.g. codes within an allowable range)
- Comparison to benchmarks and norms (e.g. comparisons to State FFS utilization rates, comparisons to MCO commercial utilization rates, comparisons to national norms, comparisons to submitted bills or cost-ratios)
## Performance Measures

### Process Quality:
- Adolescent well-care visit rate
- Appropriate treatment for Children with Upper Respiratory Infection (URI)
- Avoidance of antibiotic treatment in adults with acute Bronchitis
- Breast Cancer screening rate
- Cervical cancer screening rate
- Diabetes Management/Care
- Diabetes medication management
- Immunizations for two year olds
- Initiation of prenatal care - timeliness of
- Postpartum care
- Use of imaging studies for low back pain
- Weight assessment & counseling for nutrition & physical activity for children & adolescents
- Well-child care visit rates in 3, 4, 5, and 6 years of life

### Health Status/Outcomes Quality:
- Patient satisfaction with care
- Percentage of beneficiaries who are satisfied with their ability to obtain care

### Access/Availability of Care:
- Average distance to PCP
- Ratio of PCPs to beneficiaries

### Health Plan Stability/Financial/Cost of Care:
- Actual reserves held by plan
- Days cash on hand
- Days in unpaid claims/claims outstanding
- Expenditures by medical category of service (i.e., inpatient, ER, pharmacy, lab, x-ray, dental, vision, etc.)
- Medical loss ratio
- Net income
- Net worth
- State minimum reserve requirements
- Total revenue

### Use of Services/Utilization:
- Ambulatory care - ambulatory surgery/procedures
- Ambulatory care - emergency department visits
- Ambulatory care - observation room stays
- Ambulatory care - outpatient visits
- Drug Utilization
- Emergency room visits/1,000 beneficiary
- Frequency of selected procedures
- Inpatient admissions/1,000 beneficiary

### Health Plan/Provider Characteristics:
- Board Certification
- Languages Spoken (other than English)

### Beneficiary Characteristics:
- Information on primary languages spoken by beneficiaries
- MCO/PCP-specific disenrollment rate
- Percentage of beneficiaries who are auto-assigned to MCO

### Performance Measures - Others:
- None
Performance Improvement Projects

**Project Requirements:**
- MCOs are required to conduct a project(s) of their own choosing
- All MCOs participating in the managed care program are required to conduct a common performance improvement project(s) prescribed by State Medicaid agency

**Clinical Topics:**
- Cervical cancer screening among seniors and persons with disabilities
- Childhood obesity
- Emergency Room service utilization
- Hypertension management
- Postpartum care

**Non-Clinical Topics:**
None

Standards/Accreditation

**MCO Standards:**
- NCQA (National Committee for Quality Assurance) Standards
- State-Developed/Specified Standards

**Accreditation Required for Participation:**
None

**Non-Duplication Based on Accreditation:**
None

**EQRO Organization:**
- Quality Improvement Organization (QIO)

**EQRO Name:**
- Health Services Advisory Group

**EQRO Mandatory Activities:**
- Review of MCO compliance with structural and operational standards established by the State
- Validation of performance improvement projects
- Validation of performance measures

**EQRO Optional Activities:**
- Administration or validation of consumer or provider surveys
- Calculation of performance measures
- Technical assistance to MCOs to assist them in conducting quality activities

Pay for Performance (P4P)

**Implementation of P4P:**
The State has implemented a Pay-for-Performance program with MCO

**Program Payers:**
Medicaid is the only payer

**Population Categories Included:**
A subset of MCO members, defined by Medicaid beneficiary Maintenance Assistance Status and Basis of Eligibility

**Rewards Model:**
Preferential auto-enrollment to reward MCOs

**Clinical Conditions:**
Not Applicable

**Measurement of Improved Performance:**
Using clinically-based outcome measures (e.g., HEDIS, NQF, etc.)
Utilization of safety net providers by MCOs

**Initial Year of Reward:**
2005

**Evaluation Component:**
The State HAS NOT conducted an evaluation of the effectiveness of its P4P program, but plans to conduct an evaluation in the future

**Member Incentives:**
Not Applicable

Performance Improvement Projects

368
**CALIFORNIA**
**San Diego Geographic Managed Care**

**Project Requirements:**
- MCOs are required to conduct a project(s) of their own choosing
- All MCOs participating in the managed care program are required to conduct a common performance improvement project(s) prescribed by State Medicaid agency

**Clinical Topics:**
- Chronic Obstructive Pulmonary Disease
- Emergency Room service utilization
- Improving cervical cancer screening among seniors and persons with disabilities
- Positive post-partum screens
- Post-natal Care
- Upper Respiratory Infection

**Non-Clinical Topics:**
None

**Standards/Accreditation**

**MCO Standards:**
- NCQA (National Committee for Quality Assurance)
  Standards
- State-Developed/Specified Standards

**Accreditation Required for Participation:**
None

**Non-Duplication Based on Accreditation:**
None

**EQRO Name:**
- Health Services Advisory Group

**EQRO Organization:**
- Quality Improvement Organization (QIO)

**EQRO Mandatory Activities:**
- Review of MCO compliance with structural and operational standards established by the State
- Validation of performance improvement projects
- Validation of performance measures

**EQRO Optional Activities:**
- Administration or validation of consumer or provider surveys
- Calculation of performance measures
- Technical assistance to MCOs to assist them in conducting quality activities

**Pay for Performance (P4P)**

**Implementation of P4P:**
The State has implemented a Pay-for-Performance program with MCO

**Program Payers:**
Medicaid is the only payer

**Population Categories Included:**
A subset of MCO members, defined by Medicaid beneficiary Maintenance Assistance Status and Basis of Eligibility

**Rewards Model:**
Preferential auto-enrollment to reward MCOs

**Clinical Conditions:**
Not Applicable

**Measurement of Improved Performance:**
Using clinically-based outcome measures (e.g., HEDIS, NQF, etc.)
Utilization of safety net providers by MCOs

**Initial Year of Reward:**
2005

**Evaluation Component:**
The State HAS NOT conducted an evaluation of the effectiveness of its P4P program, but plans to conduct an evaluation in the future

**Member Incentives:**
Not Applicable

PROGRAM DATA

Program Service Area: County

Operating Authority: 1932(a) - State Plan Option to Use Managed Care

Statutes Utilized: Not Applicable

Enrollment Broker: Health Care Options/Maximus

For All Areas Phased-In: No

Guaranteed Eligibility: No guaranteed eligibility

Initial Waiver Approval Date: Not Applicable

Implementation Date: January 23, 1996

Waiver Expiration Date: Not Applicable

Sections of Title XIX Waived: Not Applicable

Sections of Title XIX Costs Not Otherwise Matchable Granted: Not Applicable

SERVICE DELIVERY

MCO (Comprehensive Benefits) - Risk-based Capitation

Service Delivery

Included Services:
Case Management, Cultural/Linguistic, Disease Management, Durable Medical Equipment, Emergency, EPSDT, Family Planning, Health Education, Hearing, Home Health, Hospice, Immunization, Inpatient Hospital, Laboratory, Occupational Therapy, Outpatient Hospital, Pharmacy, Physical Therapy, Physician, Preventive Health Screening, Specialist, Speech Therapy, Transportation, X-Ray

Allowable PCPs:
-Family Practitioners
-Federally Qualified Health Centers (FQHCs)
-General Practitioners
-Indian Health Service (IHS) Providers
-Internists
-Nurse Midwives
-Nurse Practitioners
-Obstetricians/Gynecologists
-Pediatricians
-Physician Assistants
-Rural Health Centers (RHCs)

Enrollment

Populations Voluntarily Enrolled: Adoption Assistance/Medically Indigent Children

Populations Mandatorily Enrolled: Public Assistance - Family
CALIFORNIA
Two-Plan Model Program

- Aged and Related Populations
- American Indian/Alaska Native
- Blind/Disabled Adults and Related Populations
- Blind/Disabled Children and Related Populations
- Foster Care Children
- Medicare Dual Eligibles
- Pregnant/Medically Indigent Adults

- Section 1931 Adults and Related Populations
- Section 1931 Children and Related Populations
- Special Program/Percent/Children
- Title XXI CHIP (non-State only Healthy Families)

Subpopulations Excluded from Otherwise Included Populations:
- Eligibility Period Less Than 3 Months
- Enrolled in Another Managed Care Program
- Medicare Dual Eligibles
- Other Insurance
- Participate in HCBS Waiver
- Poverty Level Pregnant Woman
- Reside in Nursing Facility or ICF/MR
- Title XXI CHIP (State only Healthy Families)

Medicare Dual Eligibles Included:
QMB Plus, SLMB Plus, and Medicaid only

Medicare Dual Eligibles Excluded:
QMB
SLMB, QI, and QDWI

Part D Benefit

MCE has Medicare Contract:
Yes

Provides Part D Benefits:
Yes

Scope of Part D Coverage:
Standard Prescription Drug

Part D - Enhanced Alternative Coverage:
Not Applicable

Coverage of Part D Excluded Drugs in Medicaid
Managed Care Contracts:
- Agents when used for anorexia, weight loss, weight gain
- Agents when used for symptomatic relief of cough and colds
- Barbiturates
- Benzodiazipines
- Nonprescription drugs
- Prescription vitamins and mineral products, except prenatal vitamins and fluoride preparations
- Smoking Cessation (except dual eligibles as Part D will cover)

SERVING PEOPLE WITH COMPLEX (SPECIAL) NEEDS

Program Includes People with Complex (Special) Needs:
Yes

Strategies Used to Identify Persons with Complex (Special) Needs:
- Surveys medical needs of enrollee to identify members of these groups
- Uses eligibility data to identify members of these groups
- Uses enrollment forms to identify members of these groups
- Uses other means to identify members of these groups - program linkage and/or family contact
- Uses provider referrals to identify members of these groups

Agencies with which Medicaid Coordinates the Operation of the Program:
- California Childrens Services
- Department of Managed Health Care
- Developmental Disabilities Agency
- Early Periodic Screening Diagnosis and Treatment Program
- Education Agency
- Mental Health Agency
- Public Health Agency
- Social Services Agency

#### ADDITIONAL INFORMATION

Eligibles may choose to join either a local initiative plan or a commercial plan selected by the State. Transportation services are included when medically necessary. This program operates under the combined authorities of Section 1932 (a) and 1915 (b). The corresponding 1915(b) waiver is the California CCS/Dental Waiver Program.

#### QUALITY ACTIVITIES FOR MCO/HIO

**State Quality Assessment and Improvement**

**Activities:**
- Consumer Self-Report Data (see below for details)
- Encounter Data (see below for details)
- Enrollee Hotlines
- Focused Studies
- MCO Standards (see below for details)
- Ombudsman
- On-site Reviews
- Performance Improvement Projects (see below for details)
- Performance Measures (see below for details)

**Use of Collected Data:**
- Beneficiary Plan Selection
- Contract Standard Compliance
- Data Mining
- Enhanced/Revise State managed care Medicaid Quality Strategy
- Fraud and Abuse
- Health Services Research
- Monitor Quality Improvement
- Plan Reimbursement
- Program Evaluation
- Program Modification, Expansion, or Renewal
- Regulatory Compliance/Federal Reporting
- Track Health Service provision

**Consumer Self-Report Data:**
- CAHPS
  - Adult Medicaid AFDC Questionnaire
  - Child Medicaid AFDC Questionnaire

**Use of HEDIS:**
- The State uses SOME of the HEDIS measures listed for Medicaid
- The State DOES NOT generate from encounter data any of the HEDIS measure listed for Medicaid
- State use/requires MCOs to follow NCQA specifications for all of the HEDIS measures listed for Medicaid that it collects

**Encounter Data**

**Collection: Requirements:**
- Definition(s) of an encounter (including definitions that may have been clarified or revised over time)
- Requirements for data validation
- Requirements for MCOs to collect and maintain encounter data
- Specifications for the submission of encounter data to the Medicaid agency
- Standards to ensure complete, accurate, timely encounter data submission

**Collections: Submission Specifications:**
- Data submission requirements including documentation describing set of encounter data elements, definitions, sets of acceptable values, standards for data processing and editing
- Encounters to be submitted based upon national standardized forms (e.g., UB-04, NCPDP, ASC X12 837, ADA)
- Guidelines for frequency of encounter data submission
- Guidelines for initial encounter data submission
- Use of Medicaid Identification Number for beneficiaries

**Collection: Standardized Forms:**
- ANSI ASC X12 837 - transaction set format for transmitting health care claims data
- NCPDP - National Council for Prescription Drug Programs

**Validation - Methods:**
- Automated analysis of encounter data submission to help determine to data completeness (e.g. frequency distributions, cross-tabulations, trend analysis, etc.)
CALIFORNIA
Two-Plan Model Program

- **pharmacy claim form**
  - NSF - (National Standard Format) - the CMS approved electronic flat file format for transmitting non-institutional billing data between trading partners, such as physicians and suppliers
  - UB-04 (CMS 1450) - (Uniform Billing) - the CMS approved electronic flat file format for transmitting institutional billing data between trading partners, such as hospitals, long term care facilities, etc.

- **Automated edits of key fields used for calculation (e.g. codes within an allowable range)**
- **Comparison to benchmarks and norms (e.g. comparisons to State FFS utilization rates, comparisons to MCO commercial utilization rates, comparisons to national norms, comparisons to submitted bills or cost-ratios)**

- **MCO/HIO conducts data accuracy check(s) on specified data elements:**
  - Date of Service
  - Date of Processing
  - Date of Payment
  - Provider ID
  - Medicaid Eligibility
  - Procedure Codes

- **State conducts general data completeness assessments:**
  - Yes

**Performance Measures**

**Process Quality:**
- Adolescent well-care visit rate
- Appropriate treatment for Children with Upper Respiratory Infection (URI)
- Avoidance of Antibiotic Treatment in Adults With Acute Bronchitis
- Breast Cancer screening rate
- Cervical cancer screening rate
- Diabetes Management/Care
- Diabetes medication management
- Immunizations for two year olds
- Initiation of prenatal care - timeliness of
- Postpartum Care
- Use of imaging studies for low back pain
- Weight assessment & counseling for nutrition & physical activity for children & adolescents
- Well-child care visit rates in 3, 4, 5, and 6 years of life

**Health Status/Outcomes Quality:**
- Patient satisfaction with care
- Percentage of beneficiaries who are satisfied with their ability to obtain care

**Access/Availability of Care:**
- Average distance to PCP
- Average wait time for an appointment with PCP
- Percent of PCPs with open or closed patient assignment panels
- Ratio of PCPs to beneficiaries

**Use of Services/Utilization:**
- Ambulatory care - ambulatory surgery/procedures
- Ambulatory care - emergency department visits
- Ambulatory care - observation room stays
- Ambulatory care - outpatient visits
- Drug Utilization
- Emergency room visits/1,000 beneficiary
- Frequency of selected procedures
- Inpatient admissions/1,000 beneficiary

**Health Plan Stability/ Financial/Cost of Care:**
- Actual reserves held by plan
- Days cash on hand
- Days in unpaid claims/claims outstanding
- Expenditures by medical category of service (i.e., inpatient, ER, pharmacy, lab, x-ray, dental, vision, etc.)
- Medical loss ratio
- Net income
- Net worth
- State minimum reserve requirements
- Total revenue

**Health Plan/ Provider Characteristics:**
- Languages Spoken (other than English)
- Provider turnover

PARTICIPATING PLANS/PCCM AND OTHER PROGRAMS

ePCCM  
Primary Care Physician Program

ADDITIONAL INFORMATION

This program provides beneficiaries the option of a fee-for-service physician who acts as a gatekeeper and refers for specialty care. In addition to the gatekeeper "Primary Care Case Management Program" called the "Primary Care Physician Program", Colorado offers an enhanced Primary Care Case Management (ePCCM) program with two levels of enhanced services. All three versions share the common elements: Reimbursement for medical services is fee-for-service, Enrollment is voluntary (a "passive" or default enrollment mechanism is available), There is a 12 month lock-in period (until the Enrollees next birthday), and Most medical services provided by someone other than the chosen Primary Care Provider need a referral.

The two enhanced version of the program have these additional characteristics: Per Member per Month (PMPM) case management payments depending upon the level of "enhancements" provided and the kinds of clients enrolled, and Ability to earn bonus incentive payments attributable to a reduction in utilization or costs after recovery of PMPM expenditures.

QUALITY ACTIVITIES FOR PCCM

Quality Oversight Activities:  
- Consumer Self-Report Data (see below for details)  
- Performance Measures (see below for details)

Use of Collected Data:  
- Contract Standard Compliance  
- Health Services Research  
- Monitor Quality Improvement

**Strategies Used to Identify Persons with Complex (Special) Needs:**

- Reviews complaints and grievances to identify members of these groups
- Surveys medical needs of enrollee to identify members of these groups
- Uses eligibility data to identify members of these groups
- Uses provider referrals to identify members of these groups

**ADDITIONAL INFORMATION**

Adult Day Treatment applies to Mental Health Retardation. TANF HIV patients can opt out of managed care, pregnant women do not have opt out provision unless they are HIV positive or have AIDS.

Children with Special Health Care Needs: Those children who have, or are at increased risk for, chronic physical, developmental, behavioral, or emotional conditions and who also require health and related services of a type or amount beyond those required by...
children generally. This definition includes children who receive Supplemental Security Income (SSI), children whose disabilities meet the SSI definition, children who are or have been in foster care, and children who meet the standard of limited English proficiency.

**QUALITY ACTIVITIES FOR MCO/HIO**

**State Quality Assessment and Improvement Activities:**
- Accreditation for Participation
- Encounter Data (see below for details)
- Enrollee Hotlines
- Focused Studies
- MCO Standards (see below for details)
- Monitoring of MCO Standards
- On-Site Reviews
- Performance Improvement Projects (see below for details)
- Performance Measures (see below for details)
- Provider Data

**Use of Collected Data:**
- Beneficiary Plan Selection
- Contract Standard Compliance
- Fraud and Abuse
- Health Services Research
- Monitor Quality Improvement
- Plan Reimbursement
- Program Evaluation
- Program Modification, Expansion, or Renewal
- Regulatory Compliance/Federal Reporting
- Track Health Service provision

**Consumer Self-Report Data:**
None

**Use of HEDIS:**
- The State uses SOME of the HEDIS measures listed for Medicaid
- The State generates from encounter data SOME of the HEDIS measures listed for Medicaid
- State uses/requires MCOs to follow NCQA specifications for all of the HEDIS measures listed for Medicaid that it collects, BUT modifies the continuous enrollment requirement for some or all of the measures

**Encounter Data**

**Collection: Requirements:**
- Definition(s) of an encounter (including definitions that may have been clarified or revised over time)
- Incentives/sanctions to insure complete, accurate, timely encounter data submission
- Requirements for data validation
- Requirements for MCOs to collect and maintain encounter data
- Specifications for the submission of encounter data to the Medicaid agency
- Standards to ensure complete, accurate, timely encounter data submission

**Collections: Submission Specifications:**
- Data submission requirements including documentation describing set of encounter data elements, definitions, sets of acceptable values, standards for data processing and editing
- Deadlines for regular/ongoing encounter data submission(s)
- Encounters to be submitted based upon national standardized forms (e.g. UB-04, NCPDP, ASC X12 837, ADA)
- Guidelines for frequency of encounter data submission
- Guidelines for initial encounter data submission
- Use of Medicaid Identification Number for beneficiaries

**Validation - Methods:**
- Automated analysis of encounter data submission to help determine to data completeness (e.g. frequency distributions, cross-tabulations, trend analysis, etc.)
- Automated edits of key fields used for calculation (e.g. codes within an allowable range)
- Comparison to benchmarks and norms (e.g. comparisons to State FFS utilization rates, comparisons to MCO commercial utilization rates, comparisons to national norms, comparisons to submitted bills or cost-ratios)
- Medical record validation
- Per member per month analysis and comparisons across MCOs
- Specification/source code review, such as a programming language used to create an encounter data file for submission
## Performance Measures

### Process Quality:
- Adolescent immunization rate
- Check-ups after delivery
- Dental services
- Depression management/care
- Follow-up after hospitalization for mental illness
- Hearing services for individuals less than 21 years of age
- HIV/AIDS care
- Immunizations for two year olds
- Initiation of prenatal care - timeliness of
- Lead screening rate
- Percentage of beneficiaries who are satisfied with their ability to obtain care
- Percentage of beneficiaries with at least one dental visit
- Vision services for individuals less than 21 years of age
- Well-child care visit rates in first 15 months of life
- Well-child care visits rates in 3, 4, 5, and 6 years of life

### Health Status/Outcomes Quality:
- Number of children with diagnosis of rubella/measles/1,000 children
- Patient satisfaction with care
- Percentage of low birth weight infants

### Access/Availability of Care:
- Average distance to PCP
- Average wait time for an appointment with PCP
- Children’s access to primary care practitioners
- Ratio of dental providers to beneficiaries
- Ratio of mental health providers to beneficiaries
- Ratio of PCPs to beneficiaries

### Use of Services/Utilization:
- Average number of visits to MH/SUD providers per beneficiary
- Drug Utilization
- Emergency room visits/1,000 beneficiary
- Inpatient admission for MH/SUD conditions/1,000 beneficiaries
- Number of specialist visits per beneficiary
- Percent of beneficiaries accessing 24-hour day/night care at MH/SUD facility
- Percentage of beneficiaries with at least one dental visit
- Re-admission rates of MH/SUD

### Health Plan Stability/Financial/Cost of Care:
- Expenditures by medical category of service (i.e., inpatient, ER, pharmacy, lab, x-ray, dental, vision, etc.)
- Medical loss ratio
- Net income
- Net worth
- Total revenue

### Health Plan/Provider Characteristics:
None

### Beneficiary Characteristics:

**Performance Improvement Projects**
## District of Columbia Medicaid Managed Care Program

### Project Requirements:
- All MCOs participating in the managed care program are required to conduct a common performance improvement project(s) prescribed by State Medicaid agency.

### Clinical Topics:
- Adolescent Immunization
- Adolescent Well Care/EPSDT
- Adult hearing and vision screening
- Asthma management
- Beta Blocker treatment after a heart attack
- Child/Adolescent Dental Screening and Services
- Child/Adolescent Hearing and Vision Screening and Services
- Childhood Immunization
- Cholesterol screening and management
- Depression management
- Diabetes management/care
- Low birth-weight baby
- Newborn screening for heritable diseases
- Post-natal Care
- Pre-natal care
- Primary and behavioral health care coordination
- Well Child Care/EPSDT

### Non-Clinical Topics:
- Adults access to preventive/ambulatory health services
- Availability of language interpretation services
- Children’s access to primary care practitioners

### Standards/Accreditation

#### MCO Standards:
- CMS’s Quality Improvement System for managed Care (QISMC) Standards for Medicaid and Medicare
- JCAHO (Joint Commission on Accreditation of Healthcare Organizations) Standards
- NCQA (National Committee for Quality Assurance) Standards
- State-Developed/Specified Standards

#### Accreditation Required for Participation:
- AAAHC (Accreditation Association for Ambulatory Health Care)
- JCAHO (Joint Commission on Accreditation of Healthcare Organizations)
- MCO must be accredited by appropriate body
- NCQA (National Committee for Quality Assurance)

#### EQRO Name:
- Delmarva Foundation for Medical Care

#### EQRO Mandatory Activities:
- Review of MCO compliance with structural and operational standards established by the State
- Validation of performance improvement projects
- Validation of performance measures

#### EQRO Optional Activities:
- Administration or validation of consumer or provider surveys
- Calculation of performance measures
- Conduct studies on quality that focus on a particular aspect of clinical or non-clinical services
- Validation of client level data, such as claims and encounters

### Pay for Performance (P4P)

#### Implementation of P4P:
The State has implemented a Pay-for-Performance program with MCO.

#### Program Payers:
Medicaid is the only payer.

#### Population Categories Included:
Covers all MCO members

#### Rewards Model:
Payment incentives/differentials to reward MCOs

### QUALITY ACTIVITIES FOR MCO/HIO

#### State Quality Assessment and Improvement Activities:
- Accreditation for Participation
- Consumer Self-Report Data (see below for details)
- Encounter Data (see below for details)
- Focused Studies
- MCO Standards (see below for details)
- Network Data
- Non-Duplication Based on Accreditation
- On-Site Reviews
- Performance Improvement Projects (see below for details)
- Performance Measures (see below for details)
- Provider Data

#### Use of Collected Data:
- Contract Standard Compliance
- Data Mining
- Enhanced/Revise State managed care Medicaid Quality Strategy
- Fraud and Abuse
- Monitor Quality Improvement
- Plan Reimbursement
- Program Evaluation
- Program Modification, Expansion, or Renewal
- Regulatory Compliance/Federal Reporting
- Track Health Service provision

#### Consumer Self-Report Data:
- CAHPS

#### Use of HEDIS:
- The State uses SOME of the HEDIS measures listed for Medicaid
- The State generates from encounter data SOME of the HEDIS measures listed for Medicaid
- State use/requires MCOs to follow NCQA specifications for all of the HEDIS measures listed for Medicaid that it collects

#### Encounter Data

##### Collection: Requirements:
- Incentives/sanctions to insure complete, accurate, timely encounter data submission
- Requirements for data validation
- Requirements for MCOs to collect and maintain encounter data
- Specifications for the submission of encounter data to the Medicaid agency
- Standards to ensure complete, accurate, timely encounter data submission

##### Collection: Standardized Forms:
- ADA - American Dental Association dental claim form
- ANSI ASC X12 837 - transaction set format for transmitting health care claims data
- CMS1500
- NCPDP - National Council for Prescription Drug Programs pharmacy claim form
- UB-04 (CMS 1450) - (Uniform Billing) - the CMS approved electronic flat file format for transmitting institutional billing data between trading partners, such as hospitals, long term care facilities, etc.

##### Validation - Methods:
- A monthly reconciliation of submitted encounters
- Periodic audit of encounter transaction to source document

##### MCO/HIO conducts data accuracy check(s) on specified data elements:
- Date of Service
- Date of Payment
- Provider ID
- Type of Service
- Medicaid Eligibility
- Plan Enrollment
- Diagnosis Codes
- Age-appropriate diagnosis/procedure
- A unique TCN
- All required CMS1500 and UB04 codes
- CMO Paid Amount

##### State conducts general data completeness assessments:
- Yes
Performance Measures

**Process Quality:**
- Adolescent well-care visit rate
- Appropriate treatment for Children with Upper Respiratory Infection (URI)
- Asthma care - medication use
- Breast Cancer screening rate
- Cervical cancer screening rate
- Comprehensive Diabetes Management
- Dental services
- Follow-up after hospitalization for mental illness
- Frequency of on-going prenatal care
- Immunizations for two year olds
- Initiation of prenatal care - timeliness of
- Lead screening rate
- Well-child care visit rates in 3, 4, 5, and 6 years of life
- Well-child care visit rates in first 15 months of life

**Health Status/Outcomes Quality:**
- Patient satisfaction with care
- Percentage of beneficiaries who are satisfied with their ability to obtain care
- Percentage of low birth weight infants

**Access/Availability of Care:**
- Adult's access to preventive/ambulatory health services
- Average distance to PCP
- Average wait time for an appointment with PCP
- Children's access to primary care practitioners
- Percent of PCPs with open or closed patient assignment panels
- Ratio of PCPs to beneficiaries

**Use of Services/Utilization:**
- Emergency room visits/1,000 member months
- Inpatient admissions/1,000 member months
- Re-admission rates of MH/SUD

**Health Plan Stability/ Financial/Cost of Care:**
- Expenditures by medical category of service (i.e., inpatient, ER, pharmacy, lab, x-ray, dental, vision, etc.)
- Medical loss ratio
- Total revenue

**Beneficiary Characteristics:**
- Information of beneficiary ethnicity/race
- Information on primary languages spoken by beneficiaries
- Percentage of beneficiaries who are auto-assigned to MCO

**Health Plan/ Provider Characteristics:**
None

**Performance Measures - Others:**
None

---

**Performance Improvement Projects**

**Project Requirements:**
- MCOs are required to conduct a project(s) of their own choosing
- All MCOs participating in the managed care program are required to conduct a common performance improvement project(s) prescribed by State Medicaid agency

**Clinical Topics:**
- Adult Access
- Blood Lead Screening
- Dental
- Emergency Room Service Utilization
- Immunization
- Obesity
- Well Child Care/EPSDT
GEORGIA

- Public Health Agency
ILLINOIS
Illinois Health Connect Primary Care Case Management

- Social Services Agencies
- Substance Abuse Agency
- Transportation Agencies

PARTICIPATING PLANS/PCCM AND OTHER PROGRAMS
Illinois Health Connect

ADDITIONAL INFORMATION

Enrollment in Illinois Health Connect is mandatory, in areas with voluntary managed care, most clients have the option to choose a primary care provider in Illinois Health Connect or a managed care organization.

Illinois Health Connect coordinates with Your Healthcare Plus which is a statewide disease management support program for three targeted populations, disabled adults with chronic or complex health issues, children or adults with asthma or COPD, and high frequency ER users. The program is designed to help patients manage their total healthcare. The goals include: improve health and wellness of participants; reduce avoidable inpatient and ER use; increase use of medical home; promote adherence to drug regimens that are cost and clinically effective; increase the number of patients who receive care consistent with evidence-based practice guidelines; provide office support that allows better communication across all team members, and reduces costs.

QUALITY ACTIVITIES FOR PCCM

Quality Oversight Activities:
- Consumer Self-Report Data (see below for details)
- Enrollee Hotlines
- Network Data
- Performance Measures (see below for details)
- Provider Data

Use of Collected Data:
- Contract Standard Compliance
- Monitor Quality Improvement
- Program Evaluation
- Provider Profiling
- Regulatory Compliance/Federal Reporting
- Track Health Service Provision and Health Outcomes

Consumer Self-Report Data:
- Enrollee Survey
- Health Needs Assessment

Performance Measures

Process Quality:
- Access to Preventive/Ambulatory Health Services
- ACE Inhibitor/ARB Therapy
- Adolescent well-care visits rates
- Ambulatory Care Sensitive Hospital Visits for CHF, Angina, Diabetes, Cellulitis, Asthma, COPD, Bact
- Annual Urine Microalbuminuria Testing
- ASA, other antplatelet or anticoagulant
- Asthma care - medication use
- Beta-blocker treatment after heart attack
- Blood Pressure Control
- Breast Cancer screening rate
- Cervical cancer screening rate
- Check-ups after delivery
- Cholesterol Screening
- Chronic Obstructive Pulmonary Disease - Care and Management
- Depression medication management
- Developmental Screening age 12 - 24 months
- Developmental Screening before age 12 months
- Diabetes management/care

Health Status/Outcomes Quality:
- Comparison to statewide averages and HEDIS 50th percentile benchmarks to measure performance
- Patient satisfaction with care
- Percentage of beneficiaries who are satisfied with their ability to obtain care
-Diuretic - Heart Failure
-Foot Exams
-Frequency of on-going prenatal care
-Immunizations for two year olds
-Influenza vaccination rate
-Initiation of prenatal care - timeliness of
-Lead screening rate
-Pneumonia vaccination
-Prenatal and Postpartum Care
-Prenatal and Postpartum Screening for Depression
-Retinal Exam
-Statin Therapy
-Vision Services for 3, 4, 5, and 6 year olds
-Well-child care visit rates in 3, 4, 5, and 6 years of life
-Well-child care visit rates in first 15 months of life

Access/Availability of Care:
-Adult access to preventive/ambulatory health services
-Average distance to primary care case manager
-Children’s access to primary care practitioners
-Enrollee Helpline to locate providers for services
-Percent of PCPs with open or closed patient assignment panels
-Ratio of primary care case managers to beneficiaries

Use of Services/Utilization:
-Emergency room visits/1,000 beneficiaries
-Hospitalizations for ambulatory sensitive conditions/1,000 beneficiaries
-Increase in Well Child Visits/3, 4, 5 and 6 yrs
-Increase in Well Child Visits/first 15 months

Provider Characteristics:
-Gender
-Languages spoken (other than English)
-Office hours
-Panel Availability
-Specialties

Beneficiary Characteristics:
-Disenrollment rate
-Information of beneficiary ethnicity/race
-Information on primary languages spoken by beneficiaries
-Percentage of beneficiaries who are auto-assigned to PCCM

Performance Measures - Others:
None

SERVING PEOPLE WITH COMPLEX (SPECIAL) NEEDS

Program Includes People with Complex (Special) Needs:
Yes

Strategies Used to Identify Persons with Complex (Special) Needs:
- Reviews complaints and grievances to identify members of these groups
- Uses eligibility data to identify members of these groups
- Uses information from Title V agency to identify members
- Uses provider referrals to identify members of these groups

Agencies with which Medicaid Coordinates the Operation of the Program:
- Aging Agency
- Education Agency
- Maternal and Child Health Agency
- Mental Health Agency
- Public Health Agency
- Social Services Agencies
TANF and PLE beneficiaries choose between the MCO and PCCM programs in counties where only one MCO is available. Otherwise, mandatory beneficiaries have their choice between PCPs within the PCCM.

QUALITY ACTIVITIES FOR PCCM

Quality Oversight Activities:
- Consumer Self-Report Data (see below for details)
- Enrollee Hotlines
- Focused Studies
- On-Site Reviews
- Performance Measures (see below for details)
- Provider Data

Use of Collected Data:
- Beneficiary Provider Selection
- Contract Standard Compliance
- Data Mining
- Fraud and Abuse
- Health Services Research
- Program Evaluation
- Program Modification, Expansion, or Renewal
- Regulatory Compliance/Federal Reporting

Consumer Self-Report Data:
- CAHPS
  - Adult Medicaid AFDC Questionnaire
  - Adult Medicaid SSI Questionnaire
  - Child Medicaid AFDC Questionnaire
  - Child Medicaid SSI Questionnaire
  - Child with Special Needs Questionnaire

Performance Measures

Process Quality:
- Adolescent immunization rate
- Adolescent well-care visits rates
- Hearing services for individuals less than 21 years of age
- Immunizations for two year olds
- Lead screening rate
- Vision services for individuals less than 21 years of age
- Well-child care visit rates in 3, 4, 5, and 6 years of life
- Well-child care visit rates in first 15 months of life

Health Status/Outcomes Quality:
- Patient satisfaction with care
- Percentage of beneficiaries who are satisfied with their ability to obtain care

Access/Availability of Care:
- Average distance to primary care case manager
- Average wait time for an appointment with primary care case manager
- Ratio of primary care case managers to beneficiaries

Use of Services/Utilization:
- Drug Utilization

Provider Characteristics:
None

Beneficiary Characteristics:
None

Performance Measures - Others:
None

QUALITY ACTIVITIES FOR MCO/HIO

State Quality Assessment and Improvement

Activities:
- Consumer Self-Report Data  (see below for details)
- Encounter Data  (see below for details)
- Enrollee Hotlines
- Focused Studies
- MCO Standards  (see below for details)
- Monitoring of MCO Standards
- On-Site Reviews
- Performance Improvement Projects  (see below for details)
- Performance Measures  (see below for details)
- Provider Data

Use of Collected Data:
- Beneficiary Plan Selection
- Contract Standard Compliance
- Data Mining
- Fraud and Abuse
- Health Services Research
- Monitor Quality Improvement
- Program Evaluation
- Program Modification, Expansion, or Renewal
- Regulatory Compliance/Federal Reporting
- Track Health Service provision

Consumer Self-Report Data:
- CAHPS
  - Adult Medicaid AFDC Questionnaire
  - Child Medicaid AFDC Questionnaire
  - Child with Special Needs Questionnaire

Use of HEDIS:
- The State uses SOME of the HEDIS measures listed for Medicaid
- The State DOES NOT generate from encounter data any of the HEDIS measure listed for Medicaid
- State use/requires MCOs to follow NCQA specifications for all of the HEDIS measures listed for Medicaid that it collects

Encounter Data

Collection: Requirements:
- Definition(s) of an encounter (including definitions that may have been clarified or revised over time)
- Requirements for data validation
- Requirements for MCOs to collect and maintain encounter data
- Specifications for the submission of encounter data to the Medicaid agency
- Standards to ensure complete, accurate, timely encounter data submission

Collection: Standardized Forms:
- ANSI ASC X12 837 - transaction set format for transmitting health care claims data
- NC OCDP - National Council for Prescription Drug Programs pharmacy claim form

MCO/HIO conducts data accuracy check(s) on specified data elements:
- Date of Service
- Provider ID
- Medicaid Eligibility
- Plan Enrollment
- Diagnosis Codes
- Procedure Codes

Validation - Methods:
- Automated edits of key fields used for calculation (e.g. codes within an allowable range)
- Medical record validation

Collections: Submission Specifications:
- Data submission requirements including documentation describing set of encounter data elements, definitions, sets of acceptable values, standards for data processing and editing
- Deadlines for regular/ongoing encounter data submission(s)
- Encounters to be submitted based upon national standardized forms (e.g. UB-04, NCPDP, ASC X12 837, ADA)
- Guidelines for frequency of encounter data submission
- Use of Medicaid Identification Number for beneficiaries

State conducts general data completeness assessments:
- Yes
Performance Measures

Process Quality:
- Adolescent immunization rate
- Adolescent well-care visit rates
- Asthma care - medication use
- Hearing services for individuals less than 21 years of age
- Immunizations for two year olds
- Lead screening rate
- Percentage of beneficiaries who are satisfied with their ability to obtain care
- Vision services for individuals less than 21 years of age
- Well-child care visit rates in first 15 months of life
- Well-child care visits rates in 3, 4, 5, and 6 years of life

Health Status/Outcomes Quality:
- Asthma treatment outcomes
- Patient satisfaction with care
- Percentage of beneficiaries who are satisfied with their ability to obtain care

Access/Availability of Care:
- Average distance to PCP
- Average wait time for an appointment with PCP
- Children's access to primary care practitioners
- Panel size
- Percent of PCPs with open or closed patient assignment panels
- Ratio of PCPs to beneficiaries

Use of Services/Utilization:
- Drug Utilization
- Emergency room visits/1,000 beneficiary

Health Plan Stability/ Financial/Cost of Care:
- Days cash on hand
- Days in unpaid claims/claims outstanding
- Medical loss ratio
- Net income
- Net worth
- Total revenue

Health Plan/ Provider Characteristics:
- Board Certification
- Languages Spoken (other than English)

Beneficiary Characteristics:
- Information of beneficiary ethnicity/race
- Information on primary languages spoken by beneficiaries
- Percentage of beneficiaries who are auto-assigned to MCOs

Performance Measures - Others:
None

Performance Improvement Projects

Project Requirements:
- MCOs are required to conduct a project(s) of their own choosing
- All MCOs participating in the managed care program are required to conduct a common performance improvement project(s) prescribed by State Medicaid agency

Clinical Topics:
- Diabetes management
- Pre-natal care

Non-Clinical Topics:
- Telephonic Improvement of Customer Care

Standards/Accreditation

MCO Standards:
- State-Developed/Specified Standards

Accreditation Required for Participation:
None

Non-Duplication Based on Accreditation:
None

EQRO Name:
- Kansas Foundation for Medical Care
EQRO Organization:
- Quality Improvement Organization (QIO)

EQRO Mandatory Activities:
- Review of MCO compliance with structural and operational standards established by the State
- Validation of performance improvement projects
- Validation of performance measures

EQRO Optional Activities:
- Administration or validation of consumer or provider surveys
- Assessment of MCO information systems
- Calculation of performance measures
- Focused Studies
- Technical assistance to MCOs to assist them in conducting quality activities

Pay for Performance (P4P)

ADDITIONAL INFORMATION

Included Services: Certain family planning services and family planning are different in the sense that all family planning services are exempt when provided in a family clinic. Certain family planning services generally refers to services in other setting such as a physicians office. Clinic services may include FQHCs and RHCs.

Special Needs Children (State defined) are children who have or are at increased risk for a chronic, physical, developmental, behavioral, or emotional condition and who also require health and related services of a type or amount beyond that required by children generally.

QUALITY ACTIVITIES FOR PCCM

Quality Oversight Activities:
- Consumer Self-Report Data (see below for details)
- Enrollee Hotlines
- Ombudsman
- On-Site Reviews
- Performance Improvement Projects (see below for details)
- Performance Measures (see below for details)
- Provider Data

Use of Collected Data:
- Beneficiary Provider Selection
- Contract Standard Compliance
- Fraud and Abuse
- Health Services Research
- Monitor Quality Improvement
- Program Evaluation
- Program Modification, Expansion, or Renewal
- Provider Profiling
- Regulatory Compliance/Federal Reporting
- Track Health Service provision

Consumer Self-Report Data:
- Asthma Dx For Pediatrics
- HIV/AIDS Survey
- Pregnancy Status
- SCHIP Survey
- Smoking Status
- State-developed Survey

Performance Measures

Process Quality:
- Ace Inhibitor/ARB Therapy
- Adolescent immunization rate
- Adolescent well-care visits rates
- Appropriate testing for children with Pharyngitis
- Appropriate treatment for children with Upper Respiratory Infection (URI)
- Asthma care - medication use
- Breast Cancer screening rate
- Cervical cancer screening rate
- Chlamydia screening in women
- Cholesterol screening and management
- Colorectal Cancer Screening
- Dental services
- Diabetes management/care
- HIV/AIDS care
- Immunizations for two year olds
- Influenza vaccination rate
- Initiation of prenatal care - timeliness of
- Lead screening rate
- Percentage of beneficiaries with at least one dental visit
- Smoking prevention and cessation
- Well-child care visit rates in 3, 4, 5, and 6 years of life
- Well-child care visit rates in first 15 months of life

Health Status/Outcomes Quality:
- Patient satisfaction with care

Access/Availability of Care:
- Adult access to preventive/ambulatory health services
- Average distance to primary care case manager

Use of Services/Utilization:
- Drug Utilization
- Emergency room visits/1,000 beneficiaries
MAINE
MaineCare Primary Care Case Management

- Average wait time for an appointment with primary care case manager
- Children's access to primary care practitioners
- Percent of PCPs with open or closed patient assignment panels
- Ratio of dental providers to beneficiaries
- Ratio of primary care case managers to beneficiaries

Provider Characteristics:
- Board Certification
- Languages spoken (other than English)
- Provider turnover

Beneficiary Characteristics:
- Beneficiary need for interpreter
- Disenrollment rate
- Information of beneficiary ethnicity/race
- Information on primary languages spoken by beneficiaries
- Percentage of beneficiaries who are auto-assigned to PCCM
- Pregnancy at time of enrollment in PCCM, for women giving birth during the reporting period

Performance Measures - Others:
None

Performance Improvement Projects

Clinical Topics:
- Adolescent Immunization
- Adolescent Well Care/EPSDT
- Asthma management
- Breast cancer screening (Mammography)
- Cervical cancer screening (Pap Test)
- Child/Adolescent Dental Screening and Services
- Childhood Immunization
- Diabetes management
- Emergency Room service utilization
- HIV/AIDS Prevention and/or Management
- Lead toxicity
- Otitis Media management
- Prescription drug abuse
- Prevention of Influenza
- Smoking prevention and cessation
- Well Child Care/EPSDT

Non-Clinical Topics:
- Adults access to preventive/ambulatory health services
- Availability of language interpretation services
- Children's access to primary care practitioners

Operating Authority: 1932(a) - State Plan Option to Use Managed Care
Implementation Date: April 01, 1993

Statutes Utilized: Not Applicable
Waiver Expiration Date: Not Applicable

Enrollment Broker: No
Sections of Title XIX Waived: Not Applicable

For All Areas Phased-In: No
Sections of Title XIX Costs Not Otherwise Matchable Granted: Not Applicable

Guaranteed Eligibility: No guaranteed eligibility

SERVICE DELIVERY

MCO (Comprehensive Benefits) - Risk-based Capitation

Service Delivery

Included Services: Case Management, Chiropractic, Dental, Durable Medical Equipment, Emergency Room, EPSDT, Family Planning, Hearing, Home Health, Hospice, ICF/MR, Community-Based, IEP, Immunization, Inpatient Hospital, Inpatient Mental Health, Inpatient Substance Use Disorders, Interpreter, Laboratory, Occupational Therapy, Outpatient Hospital, Outpatient Mental Health, Outpatient Substance Use Disorders, Pharmacy, Physical Therapy, Physician, Podiatry, Preventive Visits, Respiratory Therapy, Skilled Nursing Facility, Speech Therapy, Transportation, Vision, X-Ray

Allowable PCPs: -Not applicable, contractors not required to identify PCPs

Enrollment

Populations Voluntarily Enrolled: -Enrolled in another managed care program
-Medicare Dual Eligibles

Populations Mandatorily Enrolled: -Aged and Related Populations
-Foster Care Children
MINNESOTA
Minnesota Prepaid Medical Assistance Program-1932(a)

- Poverty-Level Pregnant Women
- Section 1931 Adults and Related Populations
- Section 1931 Children and Related Populations
- Title XXI CHIP

Subpopulations Excluded from Otherwise Included Populations:
- Blind and disabled recipients under age 65
- Medicare Dual Eligibles
- Non-documented alien recipients who receive only emergency MA under Minn. Stat. 256B.06(4)
- Non-institutionalized recipients eligible on spend down basis
- Recipients with private coverage through a MCO not participating in Medicaid
- Recipients with terminal or communicable diseases at time of enrollment
- Refugee Assistance Program recipients

Lock-in Provision:
12 month lock-in

Medicare Dual Eligibles Included:
QMB Plus, SLMB Plus, and Medicaid only

Medicare Dual Eligibles Excluded:
QMB
SLMB, Qi, and QDWI

Part D Benefit

MCE has Medicare Contract:
Yes

Provides Part D Benefits:
No

Scope of Part D Coverage:
Not Applicable

Part D - Enhanced Alternative Coverage:
Not Applicable

Coverage of Part D Excluded Drugs in Medicaid Managed Care Contracts:
- None - managed care entity provides standard prescription drug coverage

SERVING PEOPLE WITH COMPLEX (SPECIAL) NEEDS

Program Includes People with Complex (Special) Needs:
Yes

Strategies Used to Identify Persons with Complex (Special) Needs:
- Surveys medical needs of enrollee to identify members of these groups

Agencies with which Medicaid Coordinates the Operation of the Program:
- Aging Agency
- Maternal and Child Health Agency
- Mental Health Agency
- Public Health Agency

PARTICIPATING PLANS/PCCM AND OTHER PROGRAMS

ADDITIONAL INFORMATION

PCP provider types are designated by MCO, not the State. County staff perform enrollment function.

QUALITY ACTIVITIES FOR MCO/HIO

State Quality Assessment and Improvement Activities:
- Consumer Self-Report Data (see below for details)
- Encounter Data (see below for details)
- Enrollee Hotlines
- MCO Standards (see below for details)
- Monitoring of MCO Standards
- Non-Duplication Based on Accreditation
- Ombudsman
- On-Site Reviews
- Performance Improvement Projects (see below for details)
- Performance Measures (see below for details)

Use of Collected Data:
- Assess program results
- Contract Standard Compliance
- Health Services Research
- Monitor Quality Improvement
- Plan Reimbursement
- Program Modification, Expansion, or Renewal
- Regulatory Compliance/Federal Reporting
- Track access and utilization

Use of HEDIS:
- The State uses SOME of the HEDIS measures listed for Medicaid
- The State generates from encounter data SOME of the HEDIS measures listed for Medicaid
- State use/requires MCOs to follow NCQA specifications for all of the HEDIS measures listed for Medicaid that it collects

Consumer Self-Report Data:
- CAHPS
  - Adult Medicaid AFDC Questionnaire
  - Adult Medicaid SSI Questionnaire
  - Adult with Special Needs Questionnaire
  - Child with Special Needs Questionnaire
  - Disenrollment Survey

Collection: Requirements:
- Incentives/sanctions to insure complete, accurate, timely encounter data submission
- Specifications for the submission of encounter data to the Medicaid agency

Encounter Data

Collection: Standardized Forms:
- ANSI ASC X12 837 - transaction set format for transmitting health care claims data
- NCPDP - National Council for Prescription Drug Programs pharmacy claim form

MCO/HIO conducts data accuracy check(s) on specified data elements:
- None

State conducts general data completeness assessments:
- No

Performance Measures

Process Quality:
- Adolescent well-care visit rate
- Adult Preventive Visits
- Antidepressant medication management

Health Status/Outcomes Quality:
- Patient satisfaction with care
- Percentage of beneficiaries who are satisfied with their ability to obtain care
- Appropriate treatment for Children with Upper Respiratory Infection (URI)
- Asthma care - medication use
- Beta-blocker treatment after heart attack
- Breast Cancer screening rate
- Cervical cancer screening rate
- Check-ups after delivery
- Chlamydia screening in women
- Colorectal Cancer Screening
- Dental services
- Diabetes Screening
- Immunizations for two year olds
- Mental Health Discharges
- Osteoporosis Care After Fracture
- Percentage of beneficiaries with at least one dental visit
- Well-child care visit rates in 3, 4, 5, and 6 years of life
- Well-child care visit rates in first 15 months of life

**Access/Availability of Care:**
- Adult's access to preventive/ambulatory health services
- Children's access to primary care practitioners

**Use of Services/Utilization:**
- Chemical Dependency Initiation or Treatment
- Mental Health Discharges
- Postpartum Visits
- Primary Care Visits 3 to 6-Year-Olds
- Well Care Visits, Adolescents
- Well Chile Visits - First 15 Months

**Health Plan Stability/ Financial/Cost of Care:**
None

**Beneficiary Characteristics:**
None

**Health Plan/ Provider Characteristics:**
None

**Performance Measures - Others:**
None

### Performance Improvement Projects

**Project Requirements:**
- MCOs are required to conduct a project(s) of their own choosing

**Clinical Topics:**
- Aspirin Therapy
- Asthma - Reduction of Emergency Department Visits
- Asthma management
- Breast cancer screening (Mammography)
- Calcium and Vitamin C
- Cervical cancer screening (Pap Test)
- Cholesterol Screening and Management
- Colon Cancer Screening
- Depression management
- Diabetes management
- Diabetic Statin Use - 40 to 75 Year Olds
- Human Papillomavirus
- Hypertension management
- Lead toxicity
- Mental Health/Chemical Dependency Dual-Diagnoses
- Obesity
- Pneumococcal Vaccine
- Sexually transmitted disease screening

**Non-Clinical Topics:**
- Adults access to preventive/ambulatory health services

**Standards/Accreditation**
**MN: MINNESOTA**

| Amerigroup Community Care                  | Health Plan of Nevada |

### ADDITIONAL INFORMATION

431
Temporary Assistance for Needy Families/Child Health Assurance Program is included in the Mandatory Program. Severely Emotionally Disturbed Children, Seriously Mentally Ill Adults, Children with Special Health Care Needs and American Indians are provided voluntary enrollment and/or disenrollment at any time.

Transportation is included but for emergency only.

Special Needs Children (State defined) is any child with a parent that deems them to have a special need.

**QUALITY ACTIVITIES FOR MCO/HIO**

**State Quality Assessment and Improvement Activities:**
- Consumer Self-Report Data (see below for details)
- Encounter Data (see below for details)
- Focused Studies
- MCO Standards (see below for details)
- Monitoring of MCO Standards
- Network Data
- On-Site Reviews
- Performance Improvement Projects (see below for details)
- Performance Measures (see below for details)
- Provider Data
- State's Quality Assessment and Performance Improvement Strategy and Work Plan

**Use of Collected Data:**
- Contract Standard Compliance
- Enhanced/Revise State managed care Medicaid Quality Strategy
- Monitor Quality Improvement
- Plan Reimbursement
- Program Evaluation
- Program Modification, Expansion, or Renewal
- Regulatory Compliance/Federal Reporting

**Consumer Self-Report Data:**
- CAHPS
  - Adult Medicaid AFDC Questionnaire
  - Child Medicaid AFDC Questionnaire

**Use of HEDIS:**
- The State uses SOME of the HEDIS measures listed for Medicaid
- The State generates from encounter data SOME of the HEDIS measures listed for Medicaid
- State modifies/requires MCOs to modify some or all NCQA specifications in ways other than continuous enrollment

**Encounter Data**

**Collection: Requirements:**
- Definition(s) of an encounter (including definitions that may have been clarified or revised over time)
- Incentives/sanctions to insure complete, accurate, timely encounter data submission
- Requirements for data validation
- Requirements for MCOs to collect and maintain encounter data
- Specifications for the submission of encounter data to the Medicaid agency
- Standards to ensure complete, accurate, timely encounter data submission

**Collections: Submission Specifications:**
- Data submission requirements including documentation describing set of encounter data elements, definitions, sets of acceptable values, standards for data processing and editing
- Deadlines for regular/ongoing encounter data submission(s)
- Encounters to be submitted based upon national standardized forms (e.g. NSF, UB-04, NCPDP, ADA)
- Guidelines for frequency of encounter data submission
- Guidelines for initial encounter data submission
- Use of Medicaid Identification Number for beneficiaries

**Collection: Standardized Forms:**
- ADA - American Dental Association dental claim form
- NSF - (National Standard Format) - the CMS approved electronic flat file format for transmitting non-institutional billing data between trading partners, such as physicians and suppliers
- UB-04 (CMS 1450) - (Uniform Billing) - the CMS approved electronic flat file format for transmitting institutional billing data between trading partners, such as hospitals, long term care facilities

**Validation - Methods:**
- Automated analysis of encounter data submission to help determine to data completeness (e.g. frequency distributions, cross-tabulations, trend analysis, etc.)
- Automated edits of key fields used for calculation (e.g. codes within an allowable range)
- Comparison to benchmarks and norms (e.g. comparisons to State FFS utilization rates, comparisons to MCO commercial utilization rates, comparisons to national norms, comparisons to submitted bills or cost-ratios)
- Medical record validation
- Per member per month analysis and comparisons across MCOs
- Specification/source code review, such as a programming language used to create an encounter data file for
NEVADA
Mandatory Health Maintenance Program

MCO/HIO conducts data accuracy check(s) on specified data elements:
- Date of Service
- Date of Processing
- Date of Payment
- Provider ID
- Type of Service
- Medicaid Eligibility
- Plan Enrollment
- Diagnosis Codes
- Procedure Codes
- Revenue Codes
- Age-appropriate diagnosis/procedure
- Gender-appropriate diagnosis/procedure

State conducts general data completeness assessments:
Yes

Performance Measures

Process Quality:
- Adolescent immunization rate
- Adolescent well-care visit rate
- Asthma care - medication use
- Check-ups after delivery
- Chlamydia screening in women
- Dental care
- Diabetes medication management
- Follow-up after hospitalization for mental illness
- Frequency of on-going prenatal care
- Hearing services for individuals less than 21 years of age
- HIV/AIDS care
- Immunizations for two year olds
- Initiation of prenatal care - timeliness of
- Lead screening rate
- Percentage of beneficiaries who are satisfied with their ability to obtain care
- Percentage of beneficiaries with at least one dental visit
- Screening for Human Immunodeficiency Virus
- Smoking prevention and cessation
- Vision services for individuals less than 21 years of age
- Well-child care visit rates in 3, 4, 5, and 6 years of life
- Well-child care visit rates in first 15 months of life

Health Status/Outcomes Quality:
- Blood Lead Screening
- Diabetes
- Improving Immunization Rates

Access/Availability of Care:
- Children’s access to primary care practitioners

Use of Services/Utilization:
- Percentage of beneficiaries with at least one dental visit

Health Plan Stability/Financial/Cost of Care:
- Actual reserves held by plan
- Days in unpaid claims/claims outstanding
- Expenditures by medical category of service (i.e., inpatient, ER, pharmacy, lab, x-ray, dental, vision, etc.)
- Medical loss ratio
- Net income
- Net worth
- State minimum reserve requirements
- Total revenue

Health Plan/Provider Characteristics:
- Board Certification
- Languages Spoken (other than English)
- Provider turnover

Beneficiary Characteristics:
- Information of beneficiary ethnicity/race
- MCO/PCP-specific disenrollment rate
- Percentage of beneficiaries who are auto-assigned to MCO

Performance Measures - Others:
None
NEVADA
Mandatory Health Maintenance Program

-Weeks of pregnancy at time of enrollment in MCO, for women giving birth during the reporting period

Performance Improvement Projects

**Project Requirements:**
- All MCOs participating in the managed care program are required to conduct a common performance improvement project(s) prescribed by State Medicaid agency
- Individual MCOs are required to conduct a project prescribed by the State Medicaid agency

**Clinical Topics:**
- Child/Adolescent Dental Screening and Services
- Childhood Immunization
- Diabetes management
- Lead toxicity
- Well Child Care/EPSDT

**Non-Clinical Topics:**
None

Standards/Accreditation

**MCO Standards:**
- CMS's Quality Improvement System for Managed Care (QISMC) Standards for Medicaid and Medicare
- NCQA (National Committee for Quality Assurance) Standards

**Accreditation Required for Participation:**
- NCQA (National Committee for Quality Assurance)

**Non-Duplication Based on Accreditation:**
None

**EQRO Name:**
- Health Services Advisory Group

**EQRO Organization:**
- Quality Improvement Organization (QIO)

**EQRO Mandatory Activities:**
- Review of MCO compliance with structural and operational standards established by the State
- Validation of performance improvement projects
- Validation of performance measures

**EQRO Optional Activities:**
- Administration or validation of consumer or provider surveys
- Assessment of MCO information systems
- Calculation of performance measures
- Conduct studies on quality that focus on a particular aspect of clinical or non-clinical services
- FFS HEDIS Rates
- Technical assistance to MCOs to assist them in conducting quality activities
- Validation of client level data, such as claims and encounters
- Validation of encounter data

Pay for Performance (P4P)

**Implementation of P4P:**
The State has implemented a Pay-for-Performance program with MCO

**Program Payers:**
Medicaid is the only payer

**Population Categories Included:**
A subset of MCO members, defined by beneficiary age
A subset of MCO members, defined by disease and medical condition

**Rewards Model:**
Payment incentives/differentials to reward MCOs

**Clinical Conditions:**
Annual Dental Visits
Childhood immunizations
Well-child visits

**Measurement of Improved Performance:**
Using clinically-based outcome measures (e.g., HEDIS, NQF, etc.)
NEVADA
Mandatory Health Maintenance Program

Initial Year of Reward: 2006

Evaluation Component:
The State has conducted an evaluation of the effectiveness of its P4P program

Member Incentives:
Not Applicable

### MCO (Comprehensive Benefits) - Risk-based Capitation

#### Service Delivery

**Included Services:**
- Assistive Technology, Audiology, Chiropractor, Dental, Durable Medical Equipment, Emergency Medical Care, EPSDT, Family Planning, Hearing Aid, Home Health, Hospice, Immunization, Inpatient Hospital, Inpatient Mental Health, Inpatient Substance Use Disorders, Laboratory, Medical Supplies, Optical Appliances, Optometrist, Organ Transplants, Outpatient Hospital, Outpatient Mental Health, Outpatient Substance Use Disorders, Pharmacy, Physician, Podiatrist, Post-acute care, Preventive Health Care and Counseling and Health Promotion, Prosthetics, Orthotics, Transportation, Vision, X-Ray

**Allowable PCPs:**
- Certified Nurse Specialists
- Family Practitioners
- General Practitioners
- Internists
- Nurse Midwives
- Nurse Practitioners
- Other Specialists Approved on a Case-by-Case Basis
- Pediatricians
- Physician Assistants

#### Enrollment

**Populations Voluntarily Enrolled:**
- Foster Care Children

**Populations Mandatorily Enrolled:**
- Aged and Related Populations
## NEW JERSEY
NJ FamilyCare - 1932(a)

### Subpopulations Excluded from Otherwise Included Populations:
- American Indian/Alaskan Native
- Enrolled in Another Managed Care Program
- Institutionalized in inpatient psychiatric facility
- Medically needy and presumptive eligibility beneficiaries
- Medicare Dual Eligibles
- Participate in HCBS Waiver except for CCW
- Reside in Nursing Facility or ICF/MR
- Special Needs Children (BBA defined)

### Medicare Dual Eligibles Included:
- QMB Plus

### Medicare Dual Eligibles Excluded:
- SLMB Plus
- Medicaid-only
- SLMB, QI, and QDWI
- QMB

### Lock-in Provision:
12 month lock-in

### Part D Benefit

MCE has Medicare Contract: No

Scope of Part D Coverage: Not Applicable

Provides Part D Benefits: Not Applicable

Part D - Enhanced Alternative Coverage: Not Applicable

Coverage of Part D Excluded Drugs in Medicaid Managed Care Contracts: None

### SERVING PEOPLE WITH COMPLEX (SPECIAL) NEEDS

Program Includes People with Complex (Special) Needs: Yes

Strategies Used to Identify Persons with Complex (Special) Needs:
- Self-Referral
- Surveys medical needs of enrollee to identify members of these groups
- Use of Data Mining
- Uses eligibility data to identify members of these groups
- Uses enrollment forms to identify members of these groups
- Uses provider referrals to identify members of these groups

Agencies with which Medicaid Coordinates the Operation of the Program:
- Aging Agency
- Developmental Disabilities Agency
- Division of Youth and Family Services Agency
- Education Agency
- Maternal and Child Health Agency
- Mental Health Agency
- Public Health Agency
- Social Services Agency
- Substance Abuse Agency

NJ FamilyCare - 1932(a)

ADDITIONAL INFORMATION

Lock-in Period: 12 month lock-in is for AFDC/TANF and Title XXI population. There is no lock-in for SSI, Aged, Blind, Disabled, DDD or DYFS populations.

Populations Excluded: Those that participate in HCBS Waiver except DDD/CCW non-duals. Also, those enrolled in another Managed Care Program without Department of Human Services contract.

QUALITY ACTIVITIES FOR MCO/HIO

State Quality Assessment and Improvement Activities:
- Accreditation for Participation
- Appointment Availability Studies
- Care Management
- Consumer Self-Report Data (see below for details)
- Data Analysis
- Encounter Data (see below for details)
- Enrollee Hotlines
- Focused Studies
- Geographic Mapping
- Independent Assessment
- MCO Marketing Material Approval Requirement
- Medical and Dental Provider Spot Checks
- Monitoring of MCO Standards
- Network Data
- On-Site Reviews
- Performance Improvement Projects (see below for details)
- Performance Measures (see below for details)
- Provider Data
- Utilization Review

Use of Collected Data:
- Contract Standard Compliance
- Health Services Research
- Monitor Quality Improvement
- Plan Reimbursement
- Program Evaluation
- Program Modification, Expansion, or Renewal
- Regulatory Compliance/Federal Reporting
- Track Health Service provision

Consumer Self-Report Data:
- CAHPS
  - Adult Medicaid AFDC Questionnaire
  - Adult Medicaid SSI Questionnaire
  - Adult with Special Needs Questionnaire
  - Child Medicaid AFDC Questionnaire
  - Disenrollment Survey

Use of HEDIS:
- The State uses SOME of the HEDIS measures listed for Medicaid
- The State generates from encounter data SOME of the HEDIS measures listed for Medicaid
- State use requires MCOs to follow NCQA specifications for all of the HEDIS measures listed for Medicaid that it collects

Encounter Data

Collection: Requirements:
- Definition(s) of an encounter (including definitions that may have been clarified or revised over time)
- Incentives/sanctions to insure complete, accurate, timely encounter data submission
- Requirements for data validation
- Requirements for MCOs to collect and maintain encounter data
- Specifications for the submission of encounter data to the Medicaid agency
- Standards to ensure complete, accurate, timely encounter data submission

Collections: Submission Specifications:
- Data submission requirements including documentation describing set of encounter data elements, definitions, sets of acceptable values, standards for data processing and editing
- Deadlines for regular/ongoing encounter data submission(s)
- Encounters to be submitted based upon national standardized forms (e.g. UB-04, NCPDP, ASC X12 837, ADA)
- Guidelines for frequency of encounter data submission
- Guidelines for initial encounter data submission
- Use of "home grown" forms
- Use of Medicaid Identification Number for beneficiaries

Collection: Standardized Forms:
- ANSI ASC X12 837 - transaction set format for transmitting health care claims data

Validation - Methods:
- Automated analysis of encounter data submission to help determine to data completeness (e.g. frequency distributions, cross-tabulations, trend analysis, etc.)
- Automated edits of key fields used for calculation (e.g. codes within an allowable range)
**NEW JERSEY**  
**NJ FamilyCare - 1932(a)**

- Comparison to benchmarks and norms (e.g., comparisons to State FFS utilization rates, comparisons to MCO commercial utilization rates, comparisons to national norms, comparisons to submitted bills or cost-ratios)  
- Per member per month analysis and comparisons across MCOs

### MCO/HIO conducts data accuracy check(s) on specified data elements:
- Date of Service  
- Date of Processing  
- Date of Payment  
- Provider ID  
- Type of Service  
- Medicaid Eligibility  
- Plan Enrollment  
- Diagnosis Codes  
- Procedure Codes  
- Revenue Codes  
- Age-appropriate diagnosis/procedure  
- Gender-appropriate diagnosis/procedure  
- Reported Changes of Reasonable and Customary Fees

### State conducts general data completeness assessments:
- Yes

### Performance Measures

#### Process Quality:
- Adolescent immunization rate  
- Adolescent well-care visit rate  
- Asthma care - medication use  
- Breast Cancer screening rate  
- Cervical cancer screening rate  
- Check-ups after delivery  
- Childhood Immunizations  
- Comprehensive Diabetes Care  
- Initiation of prenatal care - timeliness of  
- Lead screening rate  
- Quality and utilization of dental services  
- Well-child care visit rates in 3, 4, 5, and 6 years of life  
- Well-child care visit rates in first 15 months of life

#### Health Status/Outcomes Quality:
- Children with Special Needs Focused Study including DYFS Children  
- EPSDT Quality Study/Dental and Lead

#### Access/Availability of Care:
- Average distance to PCP  
- Average wait time for an appointment with PCP  
- Children's access to primary care practitioners  
- Percent of PCPs with open or closed patient assignment panels  
- Ratio of dental providers to beneficiaries  
- Ratio of mental health providers to number of beneficiaries  
- Ratio of PCPs to beneficiaries  
- Ratio of pharmacies to number of beneficiaries

#### Use of Services/Utilization:
- Emergency room visits/1,000 beneficiaries  
- Inpatient admissions/1,000 beneficiary  
- Percentage of children who received one or more visits with a PCP during the measurement year  
- Percentage of enrollees who receive appropriate immunizations  
- Percentage of enrollees who received a blood lead test  
- Percentage of enrollees who received one or more dental services during the measurement year  
- Percentage of enrollees with one or more emergency room visit  
- Percentage of enrollees with one or more inpatient admissions  
- Pharmacy services/per beneficiary  
- Physician visits/per 1,000 beneficiaries

#### Health Plan Stability/Financial/Cost of Care:
- Actual reserves held by plan  
- Days in unpaid claims/claims outstanding  
- Expenditures by medical category of service (i.e., inpatient, ER, pharmacy, lab, x-ray, dental, vision, etc.)  
- Medical loss ratio  
- Net income  
- Net worth  
- State minimum reserve requirements

#### Health Plan/Provider Characteristics:
- None
NEW JERSEY
NJ FamilyCare - 1932(a)

Beneficiary Characteristics:
- Information of beneficiary ethnicity/race
- Information on primary languages spoken by beneficiaries
- Percentage of beneficiaries who are auto-assigned to MCOs

Performance Measures - Others:
- EPSDT Performance
- Lead Screening

Performance Improvement Projects

Clinical Topics:
- Adolescent Well Care/EPSDT
- Birth Outcomes
- Child/Adolescent Dental Screening and Services
- Lead Screenings
- Postnatal care
- Pre-natal care
- Well Child Care/EPSDT

Non-Clinical Topics:
- Children's access to primary care practitioners
- Encounter Data Improvement
- Health information technology (e.g. state implementation of immunization and other registries, telemedicine initiatives, etc…)

Standards/Accreditation

MCO Standards:
- CMS’s Quality Improvement System for managed Care (QISMC) Standards for Medicaid and Medicare

Accreditation Required for Participation:
- Department of Banking and Insurance

EQRO Name:
- Michigan Peer Review Organization (MPRO)

Non-Duplication Based on Accreditation:
None

EQRO Mandatory Activities:
- Review of MCO compliance with structural and operational standards established by the State
- Validation of performance improvement projects
- Validation of performance measures

EQRO Optional Activities:
- Calculation of performance measures
- Conduct studies on access that focus on a particular aspect of clinical and non-clinical services
- Conduct studies on quality that focus on a particular aspect of clinical or non-clinical services
- Medical Record Review
- Technical Assistance to MCOs to assist them in conducting quality improvement activities

Pay for Performance (P4P)

Implementation of P4P:
The State HAS NOT implemented a Pay-for-Performance program with the MCO

ADDITIONAL INFORMATION

An Administrative Entity is paid an additional PCCM case management fee of at least $3.72 per recipient participating in Access II/III to monitor care and implement disease management initiatives and target preventive studies. ACCESS II/III manages the highest risk Medicaid enrollees to improve coordination and continuity of care. Hearing services do not include hearing aids for recipients age 21 years and older.

QUALITY ACTIVITIES FOR PCCM

Quality Oversight Activities:
- Consumer Self-Report Data (see below for details)
- Enrollee Hotlines
- Focused Studies
- Network Data
- Ombudsman
- On-Site Reviews
- Performance Improvement Projects (see below for details)
- Performance Measures (see below for details)
- Provider Data

Use of Collected Data:
- Beneficiary Provider Selection
- Contract Standard Compliance
- Data Mining
- Fraud and Abuse
- Health Services Research
- Monitor Quality Improvement
- Program Evaluation
- Program Modification, Expansion, or Renewal
- Provider Profiling
- Regulatory Compliance/Federal Reporting
- Track Health Service provision

Consumer Self-Report Data:
- CAHPS
  - Adult Medicaid AFDC Questionnaire
  - Child Medicaid AFDC Questionnaire
  - Consumer/beneficiary Focus Groups

Performance Measures

Process Quality:
- Adolescent well-care visits rates
- Asthma care - medication use
- Beta-blocker treatment after heart attack
- Breast Cancer screening rate
- Cervical cancer screening rate
- Cholesterol screening and management
- Controlling high blood pressure
- Depression medication management
- Diabetes management/care
- Hearing services for individuals less than 21 years of age
- Heart Failure care
- Influenza vaccination rate
- Percentage of beneficiaries with at least one dental visit
- Smoking prevention and cessation
- Vision services for individuals less than 21 years of age
- Well-child care visit rates in 3, 4, 5, and 6 years of life
- Well-child care visit rates in first 15 months of life

Health Status/Outcomes Quality:
- Asthma Emergency Department Visit Rates
- Asthma Inpatient Rates
- Congestive Heart Failure
- Diabetes eye exams
- ED & Hospitalization Rates
- Patient satisfaction with care
- Preventable Hospital Readmissions

Access/Availability of Care:
- Adult access to preventive/ambulatory health services
- Average wait time for an appointment with primary care case manager
- Children's access to primary care practitioners
- Ratio of primary care case managers to beneficiaries

Use of Services/Utilization:
- Average number of visits to MH/SUD providers per beneficiary only Aged, Blind, Disabled population
- Drug Utilization
- Emergency room visits/1,000 beneficiaries
- Inpatient admission for MH/SUD conditions per 100 members/month for Aged, Blind, Disabled population
NORTH CAROLINA
Community Care of North Carolina (ACCESS II/III)

Provider Characteristics:
- Best Practices for Asthma and Diabetes
- Best Practices for Heart Failure/Cardiovascular disease
- Board Certification
- Languages spoken (other than English)

Beneficiary Characteristics:
- Beneficiary need for interpreter
- Information of beneficiary ethnicity/race
- Information on primary languages spoken by beneficiaries
- Percentage of enrollees with chronic illnesses, asthma, diabetes, CHF and COPD

Performance Measures - Others:
None

Performance Improvement Projects

Clinical Topics:
- Adolescent Well Care/EPSDT
- Asthma management
- Beta Blocker treatment after a heart attack
- Breast cancer screening (Mammography)
- Cervical cancer screening (Pap Test)
- Child/Adolescent Hearing and Vision Screening and Services
- Cholesterol screening and management
- Colorectal Cancer Screening
- Coordination of primary and behavioral health care
- Depression management
- Developmental Screening
- Diabetes management
- Emergency Room service utilization
- Hospital Discharge Planning
- Hypertension management
- Pharmacy management
- Prevention of Influenza
- Smoking prevention and cessation
- Well Child Care/EPSDT

Non-Clinical Topics:
- Adults access to preventive/ambulatory health services
- Availability of language interpretation services
- Children's access to primary care practitioners
- Health Information Technology
- Practice Readiness for Quality Improvement
- Reducing health care disparities

ADDITIONAL INFORMATION

Regarding Program Service Area:
Services are provided in all eighty-eight Ohio counties which are divided into eight regions.

Regarding Included Services:
Effective February 1, 2010, pharmacy benefits (specified prescribed drugs and certain medical supplies) for MCO enrollees were removed from the risk-based managed care program and placed under the Medicaid fee-for-service delivery system. MCO enrollees access the carved-out pharmacy benefits through the Medicaid fee-for-service delivery system. Pharmaceuticals administered in certain provider settings continue to be provided by MCOs.

For CFC consumers, services provided in a skilled nursing facility are covered only when they are provided for a short-term rehabilitative stay. For ABD consumers, nursing facility services are covered for short-term stays up to 62 days.

Chiropractic and independent psychology services are covered when provided to members less than 21 years of age.

Mental health and substance abuse services are covered through the MCP only when a member is unable or unwilling to access such services through the Ohio Department of Mental Health (ODMH) community mental health centers and Ohio Department of Alcohol and Drug Abuse Services (ODADAS) certified Medicaid providers.

Transportation services include ambulance and ambulette services.

QUALITY ACTIVITIES FOR MCO/HIO

State Quality Assessment and Improvement Activities:
- Care management
- Consumer complaints and grievances
- Consumer Self-Report Data (see below for details)
- Encounter Data (see below for details)
- Enrollee Hotlines
- MCO Standards (see below for details)
- Monitoring of MCO Standards
- Network Data
- Non-compliance penalties
- Non-Duplication Based on Accreditation
- Pay 4 performance (P4P) program
- Performance Improvement Projects (see below for details)
- Performance Measures (see below for details)
- Primary care provider data
- Provider complaints
- Provider Data
- State hearings

Use of Collected Data:
- Beneficiary Plan Selection
- Contract Standard Compliance
- Data Mining
- Health Services Research
- Monitor Quality Improvement
- Performance Incentive System Determination
- Plan Reimbursement
- Program Evaluation
- Program Modification, Expansion, or Renewal
- Regulatory Compliance/Federal Reporting
- State Medicaid Managed Care Quality Strategy
- Track Health Service provision

Use of HEDIS:
- The State uses SOME of the HEDIS measures listed for Medicaid
- The State generates from encounter data SOME of the HEDIS measures listed for Medicaid
- State uses/requirements MCOs to follow NCQA specifications for all of the HEDIS measures listed for Medicaid that it collects, BUT modifies the continuous enrollment requirement for some or all of the measures

Consumer Self-Report Data:
- CAHPS
  - Adult Medicaid AFDC Questionnaire
  - Adult Medicaid SSI Questionnaire
  - Child Medicaid AFDC Questionnaire
  - Child with Special Needs Questionnaire
- State-developed Survey
OHIO
State Plan Amendment for Ohio's full-risk managed care program

- State modifies/requires MCOs to modify some or all NCQA specifications in ways other than continuous enrollment

Encounter Data

Collection: Requirements:
- Actuarial reviews
- Definition(s) of an encounter (including definitions that may have been clarified or revised over time)
- Encounter Data Testing
- EQRO accuracy studies
- Incentives/sanctions to insure complete, accurate, timely encounter data submission
- Requirements for data validation
- Requirements for MCO data certification
- Requirements for MCOs to collect and maintain encounter data
- Specifications for the submission of encounter data to the Medicaid agency
- Standards to ensure complete, accurate, timely encounter data submission

Collections: Submission Specifications:
- Certification Letters for Encounter Data Submissions
- Data submission requirements including documentation describing set of encounter data elements, definitions, sets of acceptable values, standards for data processing and editing
- Deadlines for regular/ongoing encounter data submission(s)
- Delivery Payment Submission Specifications
- Encounters to be submitted based upon national standardized forms (e.g., UB-92, NCPDP, NSF)
- Guidelines for frequency of encounter data submission
- Guidelines for initial encounter data submission
- Payment data submission specifications
- Use of Medicaid Identification Number for beneficiaries

Collection: Standardized Forms:
- NCPDP - National Council for Prescription Drug Programs pharmacy claim form
- NSF - (National Standard Format) - the CMS approved electronic flat file format for transmitting non-institutional billing data between trading partners, such as physicians and suppliers
- UB-92, electronic media claims 4.0

Validation - Methods:
- Actuarial review
- Automated analysis of encounter data submission to help determine to data completeness (e.g. frequency distributions, cross-tabulations, trend analysis, etc.)
- Automated edits of key fields used for calculation (e.g. codes within an allowable range)
- Comparison to benchmarks and norms (e.g. comparisons to State FFS utilization rates, comparisons to MCO commercial utilization rates, comparisons to national norms, comparisons to submitted bills or cost-ratios)
- EQRO studies
- ISCAT (EQRO), as needed
- Medical record validation
- Per member per month analysis and comparisons across MCOs
- Specification/source code review, such as a programming language used to create an encounter data file for submission

MCO/HIO conducts data accuracy check(s) on specified data elements:
- Date of Service
- Date of Processing
- Date of Payment
- Provider ID
- Type of Service
- Medicaid Eligibility
- Plan Enrollment
- Diagnosis Codes
- Procedure Codes
- Revenue Codes
- Age-appropriate diagnosis/procedure
- Gender-appropriate diagnosis/procedure
- Type of Provider, Specialty Code

State conducts general data completeness assessments:
Yes

Performance Measures
# OHIO
State Plan Amendment for Ohio's full-risk managed care program

## Process Quality:
- Adolescent well-care visit rates
- Antidepressant medication management
- Asthma care - medication use
- Beta-blocker treatment after heart attack
- Care management of high-risk members
- Care management of members
- Check-ups after delivery
- Cholesterol screening and management
- Diabetes management/care
- Follow-up after hospitalization for mental illness
- Frequency of on-going prenatal care
- Heart Attack care
- Heart Failure care
- Immunizations for two year olds
- Initiation and engagement of SUD treatment
- Initiation of prenatal care - timeliness of
- Lead screening rate
- Percentage of beneficiaries with at least one dental visit
- Spirometry testing in the assessment and diagnosis of COPD
- Well-child care visit rates in first 15 months of life
- Well-child care visits rates in 3, 4, 5, and 6 years of life

## Health Status/Outcomes Quality:
- Emergency hospital discharge rates, inpatient hospital discharge rates, and inpatient hospital readmission rates, for chronic disease conditions
- Patient satisfaction with care
- Percentage of beneficiaries who are satisfied with their ability to obtain care
- Percentage of low birth weight infants

## Access/Availability of Care:
- Adult's access to preventive/ambulatory health services
- Children's access to primary care practitioners
- Emergency department diversion
- Provider Panel Requirements for PCP Capacity and Provider Type, by Region and County

## Use of Services/Utilization:
- Adult preventive care visit rates
- Ancillary services/1,000 member months
- Behavioral health services/1,000 member months
- Care management of high-risk members
- Care management of members
- Child primary care visit rates
- Dental visits/1,000 member months
- Drug Utilization
- Durable medical equipment/supply services/1,000 member months
- Emergency department utilization rates for chronic disease conditions
- Emergency room visits/1,000 member months
- Follow up after hospitalization for mental illness
- Initiation and engagement of AOD treatment
- Inpatient discharges/1,000 member months
- Inpatient hospital discharge rates for chronic disease conditions
- Inpatient hospital readmission rates for chronic disease conditions
- Maternity/deliveries/1,000 member months
- Percentage of beneficiaries with at least one dental visit
- Perinatal care visit rates
- Pharmacy prescriptions/1,000 member months
- Primary care visits/1,000 member months
- Vision visits/1,000 member months
- Well child visit rates

## Health Plan Stability/Financial/Cost of Care:
- Actual reserves held by plan
- Administrative Expense Ratio
- Days cash on hand
- Days in unpaid claims/claims outstanding
- Expenditures by medical category of service (i.e., inpatient, ER, pharmacy, lab, x-ray, dental, vision, etc.)
- Medical loss ratio
- Net income
- Net worth
- Overall Expense Ratio
- Prompt payment requirements
- State minimum reserve requirements
- Total revenue

## Health Plan/Provider Characteristics:
- Provider Panel by specialty and service area and capacity

---

456
Ohio State Plan Amendment for Ohio's full-risk managed care program

Beneficiary Characteristics:
- Beneficiary need for interpreter
- Information of beneficiary ethnicity/race
- Information on primary languages spoken by beneficiaries
- MCO/PCP-specific disenrollment rate
- Members with special health care needs
- Percentage of beneficiaries who are auto-assigned to MCOs
- Weeks of pregnancy at time of enrollment in MCO, for women giving birth during the reporting period

Performance Measures - Others:
- None

Performance Improvement Projects

Project Requirements:
- All MCOs participating in the managed care program are required to conduct a common performance improvement project(s) prescribed by State Medicaid agency

Clinical Topics:
- Adolescent Well Care/EPSDT
- Child/Adolescent Dental Screening and Services
- Well Child Care/EPSDT

Non-Clinical Topics:
- Timely identification, assessment, and care management for members with special health care needs

Standards/Accreditation

MCO Standards:
- NCQA (National Committee for Quality Assurance) Standards
- State-Developed/Specified Standards
- URAC Standards

Accreditation Required for Participation:
- None

Non-Duplication Based on Accreditation:
- NCQA (National Committee for Quality Assurance)
- URAC

EQRO Organization:
- Quality Improvement Organization (QIO)

EQRO Name:
- Health Services Advisory Group

EQRO Mandatory Activities:
- Review of MCO compliance with structural and operational standards established by the State
- Validation of performance improvement projects
- Validation of performance measures

EQRO Optional Activities:
- Administration or validation of consumer or provider surveys
- Calculation of performance measures
- Conduct of performance improvement projects
- Technical assistance to MCOs to assist them in conducting quality activities
- Validation of encounter data

Pay for Performance (P4P)

Implementation of P4P:
The State has implemented a Pay-for-Performance program with MCO

Program Payers:
- Medicaid is the only payer

Population Categories Included:
A subset of MCO members, defined by beneficiary age
A subset of MCO members, defined by disease and medical condition
Covers all MCO members

Rewards Model:
- Payment incentives/differentials to reward MCOs
- Preferential auto-enrollment to reward MCOs
- The state takes back premiums at risk should an MCP fail to meet P4P standards.
**OHIO**

State Plan Amendment for Ohio's full-risk managed care program

**Clinical Conditions:**
- Adult preventive care visits
- Asthma
- Cardiac Care
- Care management of high-risk members
- Child preventive care visits
- Dental care
- Diabetes
- Inpatient hospital discharge rate (chronic conditions composite)
- Lead screening
- Mental health
- Perinatal Care
- Well-child visits

**Measurement of Improved Performance:**
- Assessing achievement in access to care
- Assessing improvement in care management of high risk members over time
- Assessing improvement in clinical quality (by condition) over time
- Assessing improvements in, or reaching established standards in, administrative processes (e.g., timeliness of MCO response to grievances, improving customer service, etc.)
- Assessing patient satisfaction measures
- Using clinically-based outcome measures (e.g., HEDIS, NQF, etc.)

**Initial Year of Reward:**
2002

**Member Incentives:**
Not Applicable

**Evaluation Component:**
The State HAS NOT conducted an evaluation of the effectiveness of its P4P program

### QUALITY ACTIVITIES FOR MCO/HIO
SOUTH CAROLINA
Health Maintenance Organization (HMO)

State Quality Assessment and Improvement Activities:
- Accreditation for Participation
- Encounter Data (see below for details)
- Enrollee Hotlines
- Focused Studies
- MCO Standards (see below for details)
- Monitoring of MCO Standards
- Network Data
- On-Site Reviews
- Performance Improvement Projects (see below for details)
- Performance Measures (see below for details)
- Provider Data

Use of Collected Data:
- Contract Standard Compliance
- Fraud and Abuse
- Monitor Quality Improvement
- Program Evaluation
- Program Modification, Expansion, or Renewal
- Regulatory Compliance/Federal Reporting
- Track Health Service provision

Consumer Self-Report Data:
None

Use of HEDIS:
- The State uses ALL of the HEDIS measures listed for Medicaid
- The State generates from encounter data ALL of the HEDIS measures listed for Medicaid
- State uses/requires MCOs to follow NCQA specifications for all of the HEDIS measures listed for Medicaid that it collects, BUT modifies the continuous enrollment requirement for some or all of the measures

Encounter Data

Collection: Requirements:
- Definition(s) of an encounter (including definitions that may have been clarified or revised over time)
- Incentives/sanctions to insure complete, accurate, timely encounter data submission
- Requirements for data validation
- Requirements for MCOs to collect and maintain encounter data
- Specifications for the submission of encounter data to the Medicaid agency
- Standards to ensure complete, accurate, timely encounter data submission

Collection: Standardized Forms:
- NSF (National Standard Format)
- UB-04 (CMS 1450) - (Uniform Billing) - the CMS approved electronic flat file format for transmitting institutional billing data between trading partners, such as hospitals, long term care facilities, etc.

Collection: Submission Specifications:
- Data submission requirements including documentation describing set of encounter data elements, definitions, sets of acceptable values, standards for data processing and editing
- Deadlines for regular/ongoing encounter data submission(s)
- Encounters to be submitted based upon national standardized forms (e.g. UB-04, NCPDP, ASC X12 837, ADA)
- Guidelines for frequency of encounter data submission
- Use of Medicaid Identification Number for beneficiaries

Validation - Methods:
- Automated analysis of encounter data submission to help determine to data completeness (e.g. frequency distributions, cross-tabulations, trend analysis, etc.)
- Automated edits of key fields used for calculation (e.g. codes within an allowable range)
- Medical record validation
- Specification/source code review, such as a programming language used to create an encounter data file for submission

MCO/HIO conducts data accuracy check(s) on specified data elements:
- Date of Service
- Provider ID
- Type of Service
- Medicaid Eligibility
- Plan Enrollment
- Diagnosis Codes
- Procedure Codes
- Revenue Codes
- Age-appropriate diagnosis/procedure
- Gender-appropriate diagnosis/procedure
- Date of Admission Invalid
- Date of Discharge Invalid
- Dollar amount billed not greater than zero

State conducts general data completeness assessments:
Yes
Performance Measures

**Process Quality:**
- Ace Inhibitor/ARB Therapy
- Adolescent immunization rate
- Adolescent well-care visit rate
- Appropriate Testing for Children with Pharyngitis
- Appropriate treatment for Children with Upper Respiratory Infection (URI)
- Asthma care - medication use
- Beta-blocker treatment after heart attack
- Breast Cancer screening rate
- Cervical cancer screening rate
- Check-ups after delivery
- Chlamydia screening in women
- Cholesterol screening and management
- Controlling high blood pressure
- Dental services
- Depression management/care
- Diabetes medication management
- Follow-up after hospitalization for mental illness
- Frequency of on-going prenatal care
- Hearing services for individuals less than 21 years of age
- Heart Attack care
- Heart Failure care
- HIV/AIDS care
- Immunizations for two year olds
- Initiation of prenatal care - timeliness of
- Lead screening rate
- Pregnancy Prevention
- Smoking prevention and cessation
- Vision services for individuals less than 21 years of age
- Well-child care visit rates in 3, 4, 5, and 6 years of life
- Well-child care visit rates in first 15 months of life

**Access/Availability of Care:**
- Average distance to PCP
- Average wait time for an appointment with PCP
- Children’s access to primary care practitioners
- Percent of PCPs with open or closed patient assignment panels
- Ratio of PCPs to beneficiaries

**Health Status/Outcomes Quality:**
- Patient satisfaction with care
- Percentage of beneficiaries who are satisfied with their ability to obtain care
- Percentage of low birth weight infants

**Use of Services/Utilization:**
- Drug Utilization
- Emergency room visits/1,000 beneficiary
- Inpatient admissions/1,000 beneficiary
- Re-admission rates of MH/SUD

**Health Plan/Provider Characteristics:**
- Board Certification
- Languages Spoken (other than English)
- Provider turnover

**Beneficiary Characteristics:**
- Information on primary languages spoken by beneficiaries
- MCO/PCP-specific disenrollment rate
- Weeks of pregnancy at time of enrollment in MCO, for women giving birth during the reporting period

**Performance Improvement Projects**

- Performance Measures (see below for details)
- Provider Data

**Use of Collected Data:**
- Contract Standard Compliance
- Fraud and Abuse
- Monitor Quality Improvement
- Program Evaluation
- Program Modification, Expansion, or Renewal
- Regulatory Compliance/Federal Reporting
- Track Health Service provision

**Consumer Self-Report Data:**
None

**Process Quality:**
- Ace Inhibitor/ARB Therapy
- Adolescent immunization rate
- Adolescent well-care visits rates
- Appropriate testing for children with Pharyngitis
- Appropriate treatment for children with Upper Respiratory Infection (URI)
- Asthma care - medication use
- Beta-blocker treatment after heart attack
- Breast Cancer screening rate
- Cervical cancer screening rate
- Check-ups after delivery
- Chlamydia screening in women
- Cholesterol screening and management
- Controlling high blood pressure
- Dental services
- Depression medication management
- Diabetes management/care
- Follow-up after hospitalization for mental illness
- Frequency of on-going prenatal care
- Hearing services for individuals less than 21 years of age
- HIV/AIDS care
- Immunizations for two year olds
- Pregnancy Prevention
- Smoking prevention and cessation
- Vision services for individuals less than 21 years of age
- Well-child care visit rates in 3, 4, 5, and 6 years of life
- Well-child care visit rates in first 15 months of life

**Health Status/Outcomes Quality:**
- Patient satisfaction with care
- Percentage of beneficiaries who are satisfied with their ability to obtain care
- Percentage of low birth weight infants

**Access/Availability of Care:**
- Average distance for PCP
- Average wait time for an appointment with primary care case manager
- Children's access to primary care practitioners
- Percent of PCPs with open or closed patient assignment panels
- Ratio of primary care case managers to beneficiaries

**Use of Services/Utilization:**
- Drug Utilization
- Emergency room visits/1,000 beneficiaries
- Inpatient admissions/1,000 beneficiaries
- Number of primary care case manager visits per beneficiary
- Number of specialist visits per beneficiary
- Percent of beneficiaries accessing 24-hour day/night care at MH/SUD facility
- Re-admission rates of MH/SUD

**Provider Characteristics:**
- Board Certification
- Languages spoken (other than English)
- Provider turnover

**Beneficiary Characteristics:**
- Information on primary languages spoken by beneficiaries
- Weeks of pregnancy at time of enrollment in PCCM, for women giving birth during the reporting period

**Performance Measures - Others:**
None

### ADDITIONAL INFORMATION

NEMT services are provided in accordance with the federal regulations 42 CFR §§ 431.53, 440.170. NEMT services are arranged through competitively procured contracts with public and private transportation providers. NEMT also provides mileage reimbursement to persons enrolled as Individual Transportation Provider (ITPs). Eligible beneficiaries through age 20, may receive advance funds for meals and lodging when an overnight stay is medically necessary. The beneficiary’s parent or guardian may also qualify for meals and lodging. The beneficiary or the beneficiary’s parent or guardian may also receive funds in advance for mileage, when necessary.

MCO (Comprehensive Benefits) - Risk-based Capitation

Service Delivery

Included Services:
Case Management, Durable Medical Equipment, EPSDT, Family Planning, Home Health, Hospice, Immunization, Inpatient Hospital, Laboratory, Outpatient Hospital, Pharmacy, Physician, X-Ray

Allowed PCPs:
- Family Practitioners
- Federally Qualified Health Centers (FQHCs)
- General Practitioners
- Indian Health Service (IHS) Providers
- Internists
- Nurse Practitioners
- Obstetricians/Gynecologists
- Pediatricians
- Physician Assistants
- Rural Health Centers (RHCs)

Enrollment

Populations Voluntarily Enrolled:
-Special Needs Children (State defined)

Populations Mandatorily Enrolled:
-Optional Children
-Poverty-Level Pregnant Women
-Section 1931 Adults and Related Populations
-Section 1931 Children and Related Populations

Subpopulations Excluded from Otherwise Included Populations:
-Aged, Blind and Disabled SSI Related Programs
-Enrolled in Another Managed Care Program
-Foster Care/Adoption Support Children Programs
-Medicare Dual Eligibles
-Participate in HCBS Waiver
-Reside in Nursing Facility or ICF/MR
-Retroactive Eligibility

Lock-In Provision:
No lock-in

Medicare Dual Eligibles Included:
None

Medicare Dual Eligibles Excluded:
Exclude all categories of Medicare Dual Eligibles

Part D Benefit

MCE has Medicare Contract:
Not Applicable

Provides Part D Benefits:
Not Applicable

Scope of Part D Coverage:
Not Applicable

Part D - Enhanced Alternative Coverage:
Not Applicable

Coverage of Part D Excluded Drugs in Medicaid Managed Care Contracts:
None

SERVING PEOPLE WITH COMPLEX (SPECIAL) NEEDS

Program Includes People with Complex (Special) Needs:
Yes
WASHINGTON
Healthy Options

**Strategies Used to Identify Persons with Complex (Special) Needs:**
- Obtains an electronic listing from Department of Health, a separate agency
- Uses enrollment forms to identify members of these groups

**Agencies with which Medicaid Coordinates the Operation of the Program:**
- Maternal and Child Health Agency
- Public Health Agency
- Social Services Agencies

---

---

**ADDITIONAL INFORMATION**

Children with Special Health Care Needs are defined as children identified by DSHS to the contractor as children served under provisions of Title V of the Social Security Act.

---

**QUALITY ACTIVITIES FOR MCO/HIO**

**State Quality Assessment and Improvement Activities:**
- Encounter Data (see below for details)
- Enrollee Hotlines
- Focused Studies
- MCO Standards (see below for details)
- Monitoring of MCO Standards
- Performance Improvement Projects (see below for details)
- Performance Measures (see below for details)

**Use of Collected Data:**
- Conduct Performance Improvement Projects
- Contract Standard Compliance
- Monitor Quality Improvement
- Plan Reimbursement
- Program Evaluation
- Regulatory Compliance/Federal Reporting
- Track Health Service provision

**Consumer Self-Report Data:**
- State-developed Survey

**Use of HEDIS:**
- The State uses SOME of the HEDIS measures listed for Medicaid
- The State DOES NOT generate from encounter data any of the HEDIS measure listed for Medicaid
- State uses/requires MCOs to follow NCQA specifications for all of the HEDIS measures listed for Medicaid that it collects, BUT modifies the continuous enrollment requirement for some or all of the measures

---

**Encounter Data**

**Collection: Requirements:**
- Definition(s) of an encounter (including definitions that may have been clarified or revised over time)
- Requirements for MCOs to collect and maintain encounter data
- Specifications for the submission of encounter data to the Medicaid agency
- Standards to ensure complete, accurate, timely encounter data submission

**Collections: Submission Specifications:**
- Data submission requirements including documentation describing set of encounter data elements, definitions, sets of acceptable values, standards for data processing and editing
- Deadlines for regular/ongoing encounter data submission(s)
- Encounters to be submitted based upon national standardized forms (e.g. NSF, UB-04, NCPDP, ADA)
- Guidelines for frequency of encounter data submission
- Provided data submission requirements including documentation describing set of encounter data elements, definitions, sets of acceptable values, standards for data processing and editing
- Use of Medicaid Identification Number for beneficiaries
WASHINGTON
Healthy Options

Collection: Standardized Forms:
- ANSI ASC X12 837 - transaction set format for transmitting health care claims data
- NCPDP - National Council for Prescription Drug Programs pharmacy claim form

Validation - Methods:
- Automated analysis of encounter data submission to help determine to data completeness (e.g. frequency distributions, cross-tabulations, trend analysis, etc.)
- Automated edits of key fields used for calculation (e.g. codes within an allowable range)

MCO/HIO conducts data accuracy check(s) on specified data elements:
- Date of Service
- Provider ID
- Type of Service
- Medicaid Eligibility
- Plan Enrollment
- Diagnosis Codes
- Procedure Codes
- Revenue Codes
- Age-appropriate diagnosis/procedure
- Gender-appropriate diagnosis/procedure

State conducts general data completeness assessments:
Yes

Performance Measures

Process Quality:
- Adolescent well-care visit rate
- Childhood Immunization
- Diabetes medication management
- Well-child care visit rates in 3, 4, 5, and 6 years of life
- Well-child care visit rates in first 15 months of life

Accessibility/Availability of Care:
- Prenatal/postpartum measures

Health Status/Outcomes Quality:
- HbA1c Control

Use of Services/Utilization:
- Ambulatory Care Utilization
- Inpatient Acute Care Utilization
- Inpatient admission for MH/SUD conditions/1,000 beneficiaries
- Inpatient Non-acute care Utilization
- Re-admission rates of MH/SUD

Health Plan Stability/ Financial/Cost of Care:
- None

Beneficiary Characteristics:
- Information of beneficiary ethnicity/race
- Information on primary languages spoken by beneficiaries

Health Plan/ Provider Characteristics:
- None

Performance Measures - Others:
- None

Performance Improvement Projects

Project Requirements:
- MCOs are required to conduct a project(s) of their own choosing
- All MCOs participating in the managed care program are required to conduct a common performance improvement project(s) prescribed by State Medicaid agency

Clinical Topics:
- Adolescent Immunization
- Adolescent Well Care/EPSDT
- Asthma management
- Childhood Immunization
- Depression management
- Diabetes management
- Emergency Room service utilization
- Obesity management
WASHINGTON
Healthy Options

Non-Clinical Topics:
- Access to care
- Customer Service
- Reducing health care disparities via health literacy, education campaigns, or other initiatives

Standards/Accreditation

MCO Standards:
- BBA Protocols Supplemented with NCQA Standards

Accreditation Required for Participation:
None

Non-Duplication Based on Accreditation:
None

EQRO Name:
- Acumentra (formerly known as OMPRO)
- Qualis Health

EQRO Organization:
- Quality Improvement Organization (QIO)

EQRO Mandatory Activities:
- Validation of performance measures

EQRO Optional Activities:
- Conduct performance improvement projects

Pay for Performance (P4P)

Implementation of P4P:
The State has implemented a Pay-for-Performance program with MCO

Program Payers:
Medicaid is the only payer

Population Categories Included:
A subset of MCO members, defined by beneficiary age

Rewards Model:
Withholds as an incentive

Clinical Conditions:
Not Applicable

Measurement of Improved Performance:
Using clinically-based outcome measures (e.g., HEDIS, NQF, etc.)

Initial Year of Reward:
2004

Evaluation Component:
The State HAS NOT conducted an evaluation of the effectiveness of its P4P program

Member Incentives:
Not Applicable

QUALITY ACTIVITIES FOR PCCM

Quality Oversight Activities:
- Enrollee Hotlines
- Performance Measures (see below for details)

Use of Collected Data:
- Contract Standard Compliance
- Track Health Service provision

Consumer Self-Report Data:
None

Performance Measures

486
### Washington Healthy Options

**Process Quality:**
None

**Health Status/Outcomes Quality:**
- Percentage of low birth weight infants

**Access/Availability of Care:**
- Average distance to primary care case manager
- Ratio of primary care case managers to beneficiaries

**Use of Services/Utilization:**
- Emergency room visits/1,000 beneficiaries
- Inpatient admissions/1,000 beneficiaries
- Number of primary care case manager visits per beneficiary

**Provider Characteristics:**
- Languages spoken (other than English)

**Beneficiary Characteristics:**
- Disenrollment rate
- Information of beneficiary ethnicity/race
- Information on primary languages spoken by beneficiaries
- Percentage of beneficiaries who are auto-assigned to PCCM

**Performance Measures - Others:**
None

Performance Measures

Process Quality:
-Breast Cancer screening rate
-Cervical cancer screening rate
-Dental services
-Diabetes management/care
-Follow-up after hospitalization for mental illness and substance abuse at 7 and 30 days
-Percentage of beneficiaries who are satisfied with their ability to obtain care
-Percentage of beneficiaries with at least one dental visit

Health Status/Outcomes Quality:
-Patient satisfaction with care

Access/Availability of Care:
-Monitoring Disenrollments
-Ratio of mental health providers to number of beneficiaries
-Ratio of PCPs to beneficiaries

Use of Services/Utilization:
-Asthma prevalence, ED care and inpatient care
-Inpatient general and specialty care: surgery, medical, psychiatry, substance abuse
-Mental health/substance abuse evaluations and day and outpatient care
-Outpatient general and specialty care: ED without admit, primary care visits, vision care, audiology, general dental
-Percentage of beneficiaries with at least one dental visit

Health Plan Stability/ Financial/Cost of Care:
-OCI certification
-Review of medical loss ratios

Health Plan/ Provider Characteristics:
-Board Certification
-Languages Spoken (other than English)

Beneficiary Characteristics:
-Beneficiary need for interpreter
-MCO/PCP-specific disenrollment rate

Performance Measures - Others:
None

Performance Improvement Projects

Project Requirements:
-MCOs are required to conduct a project(s) of their own choosing
-Individual MCOs are required to conduct a project prescribed by the State Medicaid agency

Clinical Topics:
-Asthma management
-Breast cancer screening (Mammography)
-Cervical cancer screening (Pap Test)
-Flu Vaccine Rate
-Lipid Screening

Non-Clinical Topics:
-Access to and availability of services
-Cultural competency of the HMO and its providers
-Enrollee satisfaction with the HMO customer service
-Grievances, appeals and complaints
-Satisfaction with services for enrollees with special health
### Standards/Accreditation

**MCO Standards:**
- State-Developed/Specified Standards

**Accreditation Required for Participation:**
None

**Non-Duplication Based on Accreditation:**
None

**EQRO Name:**
- MetaStar

**EQRO Organization:**
- Quality Improvement Organization (QIO)

**EQRO Mandatory Activities:**
- Review of MCO compliance with structural and operational standards established by the State
- Validation of performance improvement projects

**EQRO Optional Activities:**
- Administration or validation of consumer or provider surveys
- Conduct studies on quality that focus on a particular aspect of clinical or non-clinical services
- Technical assistance to MCOs to assist them in conducting quality activities

### Pay for Performance (P4P)

**Implementation of P4P:**
The State HAS NOT implemented a Pay-for-Performance program with the MCO

**Program Payers:**
Not Applicable

QUALITY ACTIVITIES FOR MCO/HIO

State Quality Assessment and Improvement Activities:
- Consumer Self-Report Data (see below for details)
- Encounter Data (see below for details)
- Enrollee Hotlines
- MCO Standards (see below for details)
- Ombudsman
- On-Site Reviews
- Performance Improvement Projects (see below for details)
- Performance Measures (see below for details)

Use of Collected Data:
- Contract Standard Compliance
- Data Mining
- Fraud and Abuse
- Health Services Research
- Monitor Quality Improvement
- Plan Reimbursement
- Program Evaluation
- Regulatory Compliance/Federal Reporting
- Track Health Service provision

Consumer Self-Report Data:
- MCO-developed Survey

Use of HEDIS:
- The State uses SOME of the HEDIS measures listed for Medicaid
- The State DOES NOT generate from encounter data any of the HEDIS measure listed for Medicaid
- State use/requires MCOs to follow NCQA specifications for all of the HEDIS measures listed for Medicaid that it collects

Encounter Data

Collection: Requirements:
- Definition(s) of an encounter (including definitions that may have been clarified or revised over time)
- Requirements for data validation
- Requirements for MCOs to collect and maintain encounter data
- Specifications for the submission of encounter data to the Medicaid agency
- Standards to ensure complete, accurate, timely encounter data submission

Collections: Submission Specifications:
- Data submission requirements including documentation describing set of encounter data elements, definitions, sets of acceptable values, standards for data processing and editing
- Encounters to be submitted based upon national standardized forms (e.g. UB-04, NCPDP, ASC X12 837, ADA)
- Guidelines for frequency of encounter data submission
- Guidelines for initial encounter data submission
- Use of Medicaid Identification Number for beneficiaries

Collection: Standardized Forms:
- ANSI ASC X12 837 - transaction set format for transmitting health care claims data
- NCPDP - National Council for Prescription Drug Programs pharmacy claim form
- NSF - (National Standard Format) - the CMS approved electronic flat file format for transmitting non-institutional billing data between trading partners, such as physicians and suppliers
- UB-04 (CMS 1450) - (Uniform Billing) - the CMS approved

Validation - Methods:
- Automated analysis of encounter data submission to help determine to data completeness (e.g. frequency distributions, cross-tabulations, trend analysis, etc.)
- Automated edits of key fields used for calculation (e.g. codes within an allowable range)
- Comparison to benchmarks and norms (e.g. comparisons to State FFS utilization rates, comparisons to MCO commercial utilization rates, comparisons to national norms, comparisons to submitted bills or cost-ratios)
electronic flat file format for transmitting institutional billing data between trading partners, such as hospitals, long term care facilities, etc.

**MCO/HIO conducts data accuracy check(s) on specified data elements:**
- Date of Service
- Date of Processing
- Date of Payment

Part D Benefit

MCE has Medicare Contract: Yes
Scope of Part D Coverage: Standard Prescription Drug
Provides Part D Benefits: Yes
Part D - Enhanced Alternative Coverage: Not Applicable

Coverage of Part D Excluded Drugs in Medicaid Managed Care Contracts:
- Agents when used for anorexia, weight loss, weight gain
- Agents when used for symptomatic relief of cough and colds
- Barbituates
- Benzodiazepines
- Nonprescription drugs
- Prescription vitamins and mineral products, except prenatal vitamins and fluoride preparations

SERVING PEOPLE WITH COMPLEX (SPECIAL) NEEDS

Program Includes People with Complex (Special) Needs: Yes
Strategies Used to Identify Persons with Complex (Special) Needs: DOES NOT identify members of these groups

Agencies with which Medicaid Coordinates the Operation of the Program: DOES NOT coordinate with any other Agency

PARTICIPATING PLANS/PCCM AND OTHER PROGRAMS

Senior Care Action Network (SCAN)

ADDITIONAL INFORMATION

SCAN Health Plan was formerly a Social HMO operating under an 1115(a)-Demonstration waiver program authority which expired December 31, 2007. Effective January 1, 2008, SCAN Health Plan is now a Medicare Advantage Special Needs Plan that contracts with the Department of Health Care Services to provide services for the dual eligible Medicare/Medi-Cal population subset residing in Los Angeles, San Bernardino, and Riverside counties. SCAN is a managed care organization operating under Section 1915(a) of the Social Security Act.
CALIFORNIA
Senior Care Action Network

Security Act. SCAN provides all services in the Medi-Cal State Plan; including home and community based services to SCAN members who are assessed at the Nursing Facility Level of Care and nursing home custodial care, following the member in the nursing facility. The eligibility criteria for SCAN specifies that a member be at least 65 years of age, have Medicare A and B, have full scope Medi-Cal with no share of cost and live in SCANs approved service areas of Los Angeles, Riverside, and San Bernadino counties. SCAN does not enroll individuals with End Stage Renal Disease.

### QUALITY ACTIVITIES FOR MCO/HIO

#### State Quality Assessment and Improvement Activities:
- Consumer Self-Report Data (see below for details)
- Encounter Data (see below for details)
- MCO Standards (see below for details)
- Ombudsman
- On-Site Reviews
- Performance Improvement Projects (see below for details)
- Performance Measures (see below for details)

#### Use of Collected Data:
- Contract Standard Compliance
- Data Mining
- Enhanced/Revise State managed care Medicaid Quality Strategy
- Fraud and Abuse
- Health Services Research
- Monitor Quality Improvement
- Plan Reimbursement
- Program Evaluation
- Program Modification, Expansion, or Renewal
- Regulatory Compliance/Federal Reporting
- Track Health Service provision

#### Consumer Self-Report Data:
- MCO-developed Surveys

#### Use of HEDIS:
- The State uses SOME of the HEDIS measures listed for Medicaid
- The State DOES NOT generate from encounter data any of the HEDIS measure listed for Medicaid
- State use/requires MCOs to follow NCQA specifications for all of the HEDIS measures listed for Medicaid that it collects

### Encounter Data

#### Collection: Requirements:
- Definition(s) of an encounter (including definitions that may have been clarified or revised over time)
- Requirements for data validation
- Requirements for MCOs to collect and maintain encounter data
- Specifications for the submission of encounter data to the Medicaid agency
- Standards to ensure complete, accurate, timely encounter data submission

#### Collections: Submission Specifications:
- Data submission requirements including documentation describing set of encounter data elements, definitions, sets of acceptable values, standards for data processing and editing
- Encounters to be submitted based upon national standardized forms (e.g. UB-04, NCPDP, ASC X12 837, ADA)
- Guidelines for frequency of encounter data submission
- Guidelines for initial encounter data submission
- Use of Medicaid Identification Number for beneficiaries

#### Collection: Standardized Forms:
- ANSI ASC X12 837 - transaction set format for transmitting health care claims data
- NSF - (National Standard Format) - the CMS approved electronic flat file format for transmitting non-institutional billing data between trading partners, such as physicians and suppliers
- UB-04 (CMS 1450) - (Uniform Billing) - the CMS approved electronic flat file format for transmitting institutional billing data between trading partners, such as hospitals, long term care facilities, etc.

#### Validation - Methods:
- Automated analysis of encounter data submission to help determine to data completeness (e.g. frequency distributions, cross-tabulations, trend analysis, etc.)
- Automated edits of key fields used for calculation (e.g. codes within an allowable range)
- Comparison to benchmarks and norms (e.g. comparisons to State FFS utilization rates, comparisons to MCO commercial utilization rates, comparisons to national norms, comparisons to submitted bills or cost-ratios)

#### MCO/HIO conducts data accuracy check(s) on specified data elements:
- Date of Service
- Date of Processing
- Date of Payment
- Provider ID

#### State conducts general data completeness assessments:
- Yes

Serving People with Complex (Special) Needs

Program Includes People with Complex (Special) Needs:
Yes
Strategies Used to Identify Persons with Complex (Special) Needs:
- Surveys medical needs of enrollee to identify members of these groups
- Uses eligibility data to identify members of these groups
- Uses enrollment forms to identify members of these groups
- Uses provider referrals to identify members of these groups

Agencies with which Medicaid Coordinates the Operation of the Program:
- Developmental Disabilities Agency
- Mental Health Agency
- Social Services Agencies

PARTICIPATING PLANS/PCCM AND OTHER PROGRAMS
Colorado Access
Rocky Mountain Health Plan Authority

ADDITIONAL INFORMATION
MCO options and PIHP options are available and varies by county. A payment to the State agency makes to a contractor on behalf of each recipient enrolled under a contract for the provision of medical services under the State plan. The State agency makes the payment regardless of whether the particular recipient receives services during the period covered by the payment.

QUALITY ACTIVITIES FOR MCO/HIO

State Quality Assessment and Improvement Activities:
- Accreditation for Participation
- Consumer Self-Report Data (see below for details)
- Encounter Data (see below for details)
- Focused Studies
- MCO Standards (see below for details)
- Monitoring of MCO Standards
- Ombudsman
- On-Site Reviews
- Performance Improvement Projects (see below for details)
- Performance Measures (see below for details)

Use of Collected Data:
- Contract Standard Compliance
- Enhanced/Revise State managed care Medicaid Quality Strategy
- Program Evaluation
- Program Modification, Expansion, or Renewal
- Regulatory Compliance/Federal Reporting

Consumer Self-Report Data:
- CAHPS
  - Adult Medicaid SSI Questionnaire
  - Child Medicaid SSI Questionnaire

Use of HEDIS:
- The State uses SOME of the HEDIS measures listed for Medicaid
- The State DOES NOT generate from encounter data any of the HEDIS measures, but plans to generate SOME or ALL of the HEDIS measures listed for Medicaid in the future
- State modifies/requires MCOs to modify some or all NCQA specifications in ways other than continuous enrollment

Encounter Data

Collection: Requirements:
- Definition(s) of an encounter (including definitions that may have been clarified or revised over time)
- Requirements for data validation
- Requirements for MCOs to collect and maintain encounter data
- Specifications for the submission of encounter data to the Medicaid agency
- Standards to ensure complete, accurate, timely encounter data submission

Collections: Submission Specifications:
- Data submission requirements including documentation describing set of encounter data elements, definitions, sets of acceptable values, standards for data processing and editing
- Deadlines for regular/ongoing encounter data submission(s)
- Encounters to be submitted based upon national standardized forms (e.g. UB-04, NCPDP, ASC X12 837, ADA)
- Guidelines for frequency of encounter data submission
- Guidelines for initial encounter data submission
## Collection: Standardized Forms:
- ANSI ASC X12 837 - transaction set format for transmitting health care claims data
- NCPCP - National Council for Prescription Drug Programs pharmacy claim form
- NSF - (National Standard Format) - the CMS approved electronic flat file format for transmitting non-institutional billing data between trading partners, such as physicians and suppliers
- UB-04 (CMS 1450) - (Uniform Billing) - the CMS approved electronic flat file format for transmitting institutional billing data between trading partners, such as hospitals, long term care facilities, etc.

## Validation - Methods:
- Medical record validation

## MCO/HIO conducts data accuracy check(s) on specified data elements:
- Date of Processing
- Date of Payment
- Provider ID
- Type of Service
- Medicaid Eligibility
- Plan Enrollment
- Diagnosis Codes
- Revenue Codes
- Gender-appropriate diagnosis/procedure

## State conducts general data completeness assessments:
Yes

## Performance Measures

### Process Quality:
- Adolescent well-care visit rate
- Annual Monitoring for Patients on Persistent Medications
- Childhood Immunization Status
- Chlamydia screening in women
- Controlling high blood pressure
- Depression management/care
- Well-child care visit rates in 3, 4, 5, and 6 years of life
- Well-child care visit rates in first 15 months of life

### Health Status/Outcomes Quality:
- CAHPS Health Plan
- Patient satisfaction with care
- Percentage of beneficiaries who are satisfied with their ability to obtain care
- Survey 4.0 H - Adult
- Survey 4.0 H - Child

### Access/Availability of Care:
- Adult's access to preventive/ambulatory health services
- Children's access to primary care practitioners
- Prenatal and Postpartum Care

### Use of Services/Utilization:
- Antibiotic Utilization
- Frequency of Selected Procedures
- Inpatient Utilization - General Hospital/Acute Care Ambulatory Care

### Health Plan Stability/ Financial/Cost of Care:
None

### Health Plan/ Provider Characteristics:
None

### Beneficiary Characteristics:
None

### Performance Measures - Others:
None

## Performance Improvement Projects

### Project Requirements:
- MCOs are required to conduct a project(s) of their own choosing

### Clinical Topics:
- Managed Care is performing a focus study
COLORADO
Managed Care Program

-All MCOs participating in the managed care program are required to conduct a common performance improvement project(s) prescribed by State Medicaid agency

Non-Clinical Topics:
-Coordination of Care

Standards/Accreditation

MCO Standards:
- CMS's Quality Improvement System for managed Care (QISMC) Standards for Medicaid and Medicare
- NCQA (National Committee for Quality Assurance) Standards
- State-Developed/Specified Standards

Accreditation Required for Participation:
- NCQA (National Committee for Quality Assurance)

Non-Duplication Based on Accreditation:
None

Collection: Standardized Forms:
- ANSI ASC X12 837 - transaction set format for transmitting health care claims data
- NCPDP - National Council for Prescription Drug Programs pharmacy claim form

Validation - Methods:
- Automated analysis of encounter data submission to help determine to data completeness (e.g. frequency distributions, cross-tabulations, trend analysis, etc.)
- Automated edits of key fields used for calculation (e.g. codes within an allowable range)
- Comparison to benchmarks and norms (e.g. comparisons to State FFS utilization rates, comparisons to PIHP commercial utilization rates, comparisons to national norms, comparisons to submitted bills or cost-ratios)
- Medical record validation
- Per member per month analysis and comparisons across PIHPs
- Specification/source code review, such as a programming language used to create an encounter data file for submission

PIHP conducts data accuracy check(s) on specified data elements:
- Date of Service
- Date of Processing
- Date of Payment
- Provider ID
- Type of Service
- Medicaid Eligibility
- Plan Enrollment
- Diagnosis Codes
- Procedure Codes
- Revenue Codes
- Age-appropriate diagnosis/procedure
- Gender-appropriate diagnosis/procedure

State conducts general data completeness assessments:
Yes

Performance Measures

Process Quality:
- Adolescent immunization rate
- Check-ups after delivery
- Dental services
- Depression management/care
- Diabetes medication management
- Hearing services for individuals less than 21 years of age
- HIV/AIDS care
- Immunizations for two year olds
- Initiation of prenatal care - timeliness of
- Lead screening rate

Health Status/Outcomes Quality:
- Patient satisfaction with care
- Percentage of low birth weight infants
# DISTRICT OF COLUMBIA
## Health Services for Children with Special Needs

- Percentage of beneficiaries with at least one dental visit
- Vision services for individuals less than 21 years of age
- Well-child care visit rates in first 15 months of life
- Well-child care visits rates in 3, 4, 5, and 6 years of life

### Access/Availability of Care:
- Ratio of dental providers to beneficiaries
- Ratio of mental health providers to number of beneficiaries

### Use of Services/Utilization:
- Average number of visits to MH/SUD providers per beneficiary
- Drug Utilization
- Emergency room visits/1,000 beneficiary
- Inpatient admission for MH/SUD conditions/1,000 beneficiaries
- Percent of beneficiaries accessing 24-hour day/night care at MH/SUD facility
- Percentage of beneficiaries with at least one dental visit
- Re-admission rates of MH/SUD

### Health Plan Stability/Financial/Cost of Care:
- Net income
- Net worth
- Total revenue

### Health Plan/Provider Characteristics:
- Board Certification
- Languages Spoken (other than English)
- Provider turnover

### Beneficiary Characteristics:
None

### Performance Measures - Others:
None

## Standards/Accreditation

### PIHP Standards:
- JCAHO (Joint Commission on Accreditation of Healthcare Organizations) Standards
- NCQA (National Committee for Quality Assurance) Standards
- State-Developed/Specified Standards

### Accreditation Required for Participation:
None

### EQRO Organization:
- Quality Improvement Organization (QIO)

### EQRO Name:
- Delmarva Foundation for Medical Care

### EQRO Mandatory Activities:
- Review of PIHP compliance with structural and operational standards established by the State
- Validation of performance measures

### EQRO Optional Activities:
- Administration or validation of consumer or provider surveys
- Calculation of performance measures
- Conduct studies on quality that focus on a particular aspect of clinical or non-clinical services
- Technical assistance to PIHPs to assist them in conducting quality activities
- Validation of client level data, such as claims and encounters

SERVICE DELIVERY

MCO (Comprehensive Benefits) - Risk-based Capitation

Service Delivery

Included Services: Assistive/Augmentative Communication Devices, Audiology,
Blood and Blood Components, Case Management,
Chiropractic, Clinic, Diagnosis and treatment of medical conditions of the eye, Disease Management, Durable Medical Equipment, Emergency, EPSDT, Family Planning, Home Health, Hospice, Immunization, Inpatient Hospital, Inpatient Mental Health, Inpatient Psychiatric Care, Inpatient Substance Use Disorders, Laboratory, Medical procedures performed by a dentist, Non-Durable Medical Equipment and Supplies, Nurse Midwives, Occupational Therapy,
Orthotic/Prosthetic Devices, Outpatient Hospital, Outpatient Mental Health, Outpatient Substance Use Disorders, Physical Therapy, Physician, Podiatry, Skilled Nursing Facility, Speech Therapy, Transplants, Transportation, X-Ray

Allowable PCPs:
-Family Practitioners
-Federally Qualified Health Centers (FQHCs)
-General Practitioners
-Internists
-Nurse Midwives
-Nurse Practitioners
-Obstetricians/Gynecologists
-Other Clinics including certain Hospitals and Cook County Bureau of Health Service Clinics
-Other Provider Types as allowed by the Department
-Pediatricians
-Rural Health Clinics (RHCs)
-Specialist upon approval of Medical Director

Enrollment

536
ILLINOIS
Voluntary Managed Care

Populations Voluntarily Enrolled:
- American Indian/Alaska Native
- Poverty-Level Pregnant Women
- Section 1931 Adults and Related Populations
- Section 1931 Children and Related Populations
- Title XXI CHIP

Populations Mandatorily Enrolled:
None

Subpopulations Excluded from Otherwise Included Populations:
- All Kids Premium Levels 2 through 8
- All Kids Rebate and Family Care Rebate
- Blind Disabled Children and Related Population
- Individuals enrolled in presumptive eligible programs
- Individuals enrolled in programs with limited benefits
- Medicare Dual Eligibles
- Non-citizens only receiving emergency services
- Other Insurance - High Level
- Pace Participants
- Participate in HCBS Waiver
- Refugees
- Reside in Nursing Facility or ICF/MR
- Special Needs Children (BBA defined)
- Spenddown Eligibles
- Transitional Assistance, Age 19 and Older
- Veterans Care Program

Lock-In Provision:
No lock-in

Medicare Dual Eligibles Included:
None

Medicare Dual Eligibles Excluded:
Exclude all categories of Medicare Dual Eligibles

Part D Benefit

MCE has Medicare Contract:
Not Applicable

Provides Part D Benefits:
Not Applicable

Scope of Part D Coverage:
Not Applicable

Part D - Enhanced Alternative Coverage:
Not Applicable

Coverage of Part D Excluded Drugs in Medicaid Managed Care Contracts:
None

PARTICIPATING PLANS/PCCM AND OTHER PROGRAMS

Family Health Network

Meridian Health Plan

ADDITIONAL INFORMATION

Nursing facility services are provided up to 90 days annually.

QUALITY ACTIVITIES FOR MCO/HIO

State Quality Assessment and Improvement Activities:
- Access to Care Standards Monitoring
- Consumer Self-Report Data (see below for details)
- Customer Satisfaction Survey

Use of Collected Data:
- Contract Standard Compliance
- Data Mining - HEDIS calculations
- Fraud and Abuse

537
ILLINOIS
Voluntary Managed Care

- Encounter Data (see below for details)
- Enrollee Hotlines
- Focused Studies
- MCO Standards (see below for details)
- Monitoring of MCO Standards
- On-Site Reviews
- Performance Improvement Projects (see below for details)
- Performance Measures (see below for details)
- Provider Data

- Monitor Quality Improvement
- Plan Reimbursement
- Program Evaluation
- Program Modification, Expansion, or Renewal
- Regulatory Compliance/Federal Reporting
- Track Health Service provision

Consumer Self-Report Data:
- CAHPS
  - Adult Medicaid AFDC Questionnaire
  - Child Medicaid AFDC Questionnaire

Use of HEDIS:
- The State uses SOME of the HEDIS measures listed for Medicaid
- The State generates from encounter data SOME of the HEDIS measures listed for Medicaid
- State modifies/requires MCOs to modify some or all NCQA specifications in ways other than continuous enrollment

Use of HEDIS:
- The State uses SOME of the HEDIS measures listed for Medicaid
- The State generates from encounter data SOME of the HEDIS measures listed for Medicaid
- State modifies/requires MCOs to modify some or all NCQA specifications in ways other than continuous enrollment

Encounter Data

Collection: Requirements:
- Definition(s) of an encounter (including definitions that may have been clarified or revised over time)
- Incentives/sanctions to insure complete, accurate, timely encounter data submission
- Requirements for data validation
- Requirements for MCOs to collect and maintain encounter data
- Specifications for the submission of encounter data to the Medicaid agency
- Standards to ensure complete, accurate, timely encounter data submission

Collection: Standardized Forms:
- ADA - American Dental Association dental claim form
- ANSI ASC X12 837 - transaction set format for transmitting health care claims data
- NSF - (National Standard Format) - the CMS approved electronic flat file format for transmitting non-institutional billing data between trading partners, such as physicians and suppliers
- UB-04 (CMS 1450) - (Uniform Billing) - the CMS approved electronic flat file format for transmitting institutional billing data between trading partners, such as hospitals, long term care facilities

Collection: Submission Specifications:
- Data submission requirements including documentation describing set of encounter data elements, definitions, sets of acceptable values, standards for data processing and editing
- Deadlines for regular/ongoing encounter data submission(s)
- Encounters to be submitted based upon national standardized forms (e.g. NSF, UB-04, NCPDP, ADA)
- Guidelines for frequency of encounter data submission
- Guidelines for initial encounter data submission
- Use of Medicaid Identification Number for beneficiaries

Validation - Methods:
- Automated edits of key fields used for calculation (e.g. codes within an allowable range)
- Comparison to benchmarks and norms (e.g. comparisons to State FFS utilization rates, comparisons to MCO commercial utilization rates, comparisons to national norms, comparisons to submitted bills or cost-ratios)
- Medical record validation
- Per member per month analysis and comparisons across MCOs
- Specification/source code review, such as a programming language used to create an encounter data file for submission

MCO/HIO conducts data accuracy check(s) on specified data elements:
- Date of Service
- Provider ID
- Type of Service
- Medicaid Eligibility
- Plan Enrollment
- Diagnosis Codes
- Procedure Codes
- Revenue Codes
- Age-appropriate diagnosis/procedure
- Gender-appropriate diagnosis/procedure

State conducts general data completeness assessments:
- Yes

Performance Measures
ILLINOIS
Voluntary Managed Care

Process Quality:
- Adolescent well-care visit rates
- adult preventive care
- Asthma care- medication use
- Breast Cancer Screening Rate
- Cervical Cancer Screening Rate
- check ups after delivery - Prenatal and Postpartum care
- childhood immunization status
- Chlamydia screening in women
- Controlling high blood pressure
- Diabetes management/care
- Follow-up after hospitalization for mental illness
- Frequency of on-going prenatal care
- Initiation of prenatal care - timeliness of
- Percentage of beneficiaries who are satisfied with their ability to obtain care
- Smoking prevention and cessation
- Well-child care visit rates in 3, 4, 5 and 6 years of life
- Well-child care visit rates in first 15 months of life

Health Status/Outcomes Quality:
- Patient satisfaction with care
- Percentage of low birth weight infants
- Percentage of very low birth weight infants

Access/Availability of Care:
- Access and Availability of Care: Prenatal and Postpartum
- Adult's access to preventive/ambulatory health services
- Average distance to PCP
- Average wait time for an appointment with PCP
- Children's access to primary care practitioners
- Ratio of PCPs to beneficiaries

Use of Services/Utilization:
- Average number of visits to MH/SUD providers per beneficiary
- Birth and average length of stay - newborns
- Chemical dependency utilization
- Discharge and average length of stay - maternity care
- Inpatient admission for MH/SUD conditions/1,000 beneficiaries
- Inpatient admissions/1,000 beneficiary
- Mental health utilization
- Number of OB/GYN visits per adult female beneficiary
- Number of PCP visits per beneficiary
- Percent of beneficiaries accessing 24-hour day/night care at MH/SUD facility

Health Plan Stability/ Financial/Cost of Care:
- Actual reserves held by plan
- Medical loss ratio
- Net income
- Net worth
- State minimum reserve requirements
- Total revenue

Health Plan/ Provider Characteristics:
- Admitting and delivery privileges
- Languages Spoken (other than English)
- Provider license number
- Specialty of providers

Beneficiary Characteristics:
- Information of beneficiary ethnicity/race
- Information on primary languages spoken by beneficiaries
- MCO/PCP-specific disenrollment rate
- Special needs population

Performance Measures - Others:
None

Performance Improvement Projects

Project Requirements:
- MCOs are required to conduct a project(s) of their own choosing
- All MCOs participating in the managed care program are required to conduct a common performance improvement project(s) prescribed by State Medicaid agency
- Individual MCOs are required to conduct a project prescribed by the State Medicaid agency

Clinical Topics:
- Asthma management
- EPSDT/Content of care for under age three
- Follow-up After Hospitalization for Mental Illness/ PCP Communication
- Prenatal Depression Screening and referral

Non-Clinical Topics:
None
### Standards/Accreditation

**MCO Standards:**
- CMS Quality Improvement Systems - for performance improvement
- NCQA for HEDIS
- State-Developed/Specified Standards

**Accreditation Required for Participation:**
None

**Non-Duplication Based on Accreditation:**
None

**EQRO Name:**
- Health Services Advisory Group

**EQRO Organization:**
- External Quality Review Organization

**EQRO Mandatory Activities:**
- Review of MCO compliance with structural and operational standards established by the State
- Validation of performance improvement projects
- Validation of performance measures

**EQRO Optional Activities:**
- Assessment of MCO information systems
- Calculation of performance measures
- Technical Assistance - to state for Readiness Review
- Technical assistance to MCOs to assist them in conducting quality activities

### Pay for Performance (P4P)

**Implementation of P4P:**
The State has implemented a Pay-for-Performance program with MCO

**Pay for Performance (P4P)**

**Program Payers:**
Health Care and Family Services is the only payer

**Population Categories Included:**
Covers all MCO members meeting the P4P criteria

**Rewards Model:**
Bonus as an incentive for meeting percentile and have no more than three measures below minimum performance level
Payment for well child visits under age 5
Payment of withheld as an incentive for meeting P4P criteria

**Clinical Conditions:**
Not Applicable

**Measurement of Improved Performance:**
Use of services, e.g., immunization rates
well child visits under the age of 5

**Initial Year of Reward:**
2006

**Evaluation Component:**
The State HAS NOT conducted an evaluation of the effectiveness of its P4P program, but plans to conduct an evaluation in the future

**Member Incentives:**
Not Applicable
## PROGRAM DATA

**Program Service Area:** County  
**Initial Waiver Approval Date:** Not Applicable  
**Operating Authority:** 1915(a) - Voluntary  
**Implementation Date:** September 01, 2001  
**Statutes Utilized:** Not Applicable  
**Waiver Expiration Date:** Not Applicable  
**Enrollment Broker:** No  
**Sections of Title XIX Waived:** None  
**For All Areas Phased-In:** Yes  
**Sections of Title XIX Costs Not Otherwise Matchable Granted:** None  
**Guaranteed Eligibility:** No guaranteed eligibility

## SERVICE DELIVERY

### MCO (Comprehensive Benefits) - Risk-based Capitation

#### Service Delivery

**Included Services:**  
- Case Management, Dental, Durable Medical Equipment,  
- Family Planning, Hearing, Home and Community-Based Waiver, Home Health, Hospice, Immunization, Inpatient Hospital, Inpatient Mental Health, Inpatient Substance Use Disorders, Laboratory, Outpatient Hospital, Outpatient Mental Health, Outpatient Substance Use Disorders, Pharmacy, Physician, Skilled Nursing Facility, Transportation, Vision, X-Ray  

**Allowable PCPs:**  
- Not applicable, contractors not required to identify PCPs

#### Enrollment

**Populations Voluntarily Enrolled:**  
- Blind/disabled adults ages 18 through 64, and related populations  
- Medicare Dual Eligibles  
- or Eligible for Medicaid Only  

**Populations Mandatorily Enrolled:** None
MINNESOTA
Minnesota Disability Health Options (MnDHO)

Subpopulations Excluded from Otherwise Included Populations:
- Eligible for Medicare Part A or Part B Only
- Enrolled in Another Managed Care Program
- Medicare Dual Eligibles
- QMB or SLMB, Not Otherwise Eligible for Medicaid
- Reside in Regional Treatment Center
- Residing in a State institution other than a NF

Medicare Dual Eligibles Included:
QMB Plus, SLMB Plus, and Medicaid only

Medicare Dual Eligibles Excluded:
QMB
SLMB, QI, and QDWI

Part D Benefit

MCE has Medicare Contract: Yes
Scope of Part D Coverage: Not Applicable
Coverage of Part D Excluded Drugs in Medicaid Managed Care Contracts:
- Agents when used for symptomatic relief of cough and colds
- Barbiturates
- Benzodiazepines
- Nonprescription drugs
- Prescription vitamins and mineral products, except prenatal vitamins and fluoride preparations
- Smoking Cessation (except dual eligibles as Part D will cover)

SERVING PEOPLE WITH COMPLEX (SPECIAL) NEEDS

Program Includes People with Complex (Special) Needs: Yes

Strategies Used to Identify Persons with Complex (Special) Needs:
- Surveys medical needs of enrollee to identify members of these groups
- Uses eligibility data to identify members of these groups

Agencies with which Medicaid Coordinates the Operation of the Program:
- Mental Health Agency
- Public Health Agency
- Social Services Agency

PARTICIPATING PLANS/PCCM AND OTHER PROGRAMS

UCARE

ADDITIONAL INFORMATION

PCP provider types are designated by HMOs rather than State. Health plans have been encouraged to develop networks with professionals with disability experience. Skilled Nursing Facility is covered up to 180 days. All medicare services under parts A, B, and D are included.

QUALITY ACTIVITIES FOR MCO/HIO
State Quality Assessment and Improvement Activities:
- Annual HCBS Quality Assurance Plan
- Care Plan Audits
- Care System Reviews
- Consumer Self-Report Data (see below for details)
- Encounter Data (see below for details)
- Enrollee Hotlines
- HCBS self-assessment QA survey
- MCO Standards (see below for details)

Minnesota Senior Health Options Program (MSHO)

- Michigan Performance Review Organization

**EQRO Organization:**
- Quality Improvement Organization (QIO)

**EQRO Mandatory Activities:**
- Review of MCO compliance with structural and operational standards established by the State
- Validation of performance measures

**EQRO Optional Activities:**
- Administration or validation of consumer or provider surveys

### Pay for Performance (P4P)

**Implementation of P4P:**
The State has implemented a Pay-for-Performance program with MCO

**Program Payers:**
Medicaid has collaborated with a public sector entity to support the P4P program

**Population Categories Included:**
A subset of MCO members, defined by disease and medical condition

**Rewards Model:**
Payment incentives/differentials to reward MCOs

**Clinical Conditions:**
Cardiac Care
Dental
Diabetes

**Measurement of Improved Performance:**
Assessing improvements in, or reaching established standards in, administrative processes (e.g., timeliness of MCO response to grievances, improving customer service, etc.)
Using clinically-based outcome measures (e.g., HEDIS, NQF, etc.)

**Initial Year of Reward:**
1999

**Evaluation Component:**
The State HAS NOT conducted an evaluation of the effectiveness of its P4P program, but plans to conduct an evaluation in the future

**Member Incentives:**
Not Applicable

-Not Applicable; Contractors Not Required to Identify PCPs

Enrollment

Populations Voluntarily Enrolled:
-American Indian/Alaska Native
-Blind/Disabled Adults and Related Populations

Populations Mandatorily Enrolled:
None
MINNESOTA
Special Needs Basic Care

-Medicaid Only
-Medicare Dual Eligibles

Subpopulations Excluded from Otherwise Included Populations:
- Eligible for Medicare Part A or Part B Only
- Enrolled in Another Managed Care Program
- Medicare Dual Eligibles
- QMB, SLMB not Otherwise Eligible for Medicaid
- Residing in a State Institution

Medicare Dual Eligibles Included:
QMB Plus, SLMB Plus, and Medicaid only

Medicare Dual Eligibles Excluded:
QMB
SLMB, QI, and QDWI

Part D Benefit

MCE has Medicare Contract:
Yes

Provides Part D Benefits:
No

Scope of Part D Coverage:
Not Applicable

Part D - Enhanced Alternative Coverage:
Not Applicable

Coverage of Part D Excluded Drugs in Medicaid Managed Care Contracts:
- Agents when used for symptomatic relief of cough and colds
- Barbiturates
- Benzodiazepines
- Nonprescription drugs
- Prescription vitamins and mineral products, except prenatal vitamins and fluoride preparations
- Smoking Cessation (except dual eligibles as Part D will cover)

SERVING PEOPLE WITH COMPLEX (SPECIAL) NEEDS

Program Includes People with Complex (Special) Needs:
Yes

Strategies Used to Identify Persons with Complex (Special) Needs:
- Surveys medical needs of enrollee to identify members of these groups
- Uses eligibility data to identify members of these groups

Agencies with which Medicaid Coordinates the Operation of the Program:
- Aging Agency
- Mental Health Agency
- Social Services Agencies

PARTICIPATING PLANS/PCCM AND OTHER PROGRAMS

- Monitoring of MCO Standards
- Non-Duplication Based on Accreditation
- Ombudsman
- On-Site Reviews
- Performance Improvement Projects (see below for details)
- Performance Measures (see below for details)

Use of Collected Data:
- Assess program results
- Contract Standard Compliance
- Health Services Research
- Monitor Quality Improvement
- Plan Reimbursement
- Program Modification, Expansion, or Renewal
- Regulatory Compliance/Federal Reporting
- Track access and utilization

Consumer Self-Report Data:
- CAHPS
  - Adult Medicaid AFDC Questionnaire
  - Adult Medicaid SSI Questionnaire
  - Adult with Special Needs Questionnaire
  - Disenrollment Survey

Use of HEDIS:
- The State uses SOME of the HEDIS measures listed for Medicaid
- The State generates from encounter data SOME of the HEDIS measures listed for Medicaid
- State use/requirements MCOs to follow NCQA specifications for all of the HEDIS measures listed for Medicaid that it collects

Encounter Data

Collection: Requirements:
- Definition(s) of an encounter (including definitions that may have been clarified or revised over time)
- Requirements for data validation
- Requirements for MCOs to collect and maintain encounter data
- Specifications for the submission of encounter data to the Medicaid agency
- Standards to ensure complete, accurate, timely encounter data submission

Collections: Submission Specifications:
- Data submission requirements including documentation describing set of encounter data elements, definitions, sets of acceptable values, standards for data processing and editing
- Deadlines for regular/ongoing encounter data submission(s)
- Encounters to be submitted based upon national standardized forms (e.g. UB-04, NCPDP, ASC X12 837, ADA)
- Guidelines for frequency of encounter data submission
- Guidelines for initial encounter data submission
- Use of Medicaid Identification Number for beneficiaries

Validation - Methods:
- None

MCO/HIO conducts data accuracy check(s) on specified data elements:
None

State conducts general data completeness assessments:
No

Performance Measures

Process Quality:
- Adult preventive visits
- Antidepressant medication management
- Asthma care - medication use
- Beta-blocker treatment after heart attack
- Breast cancer screening rate
- Cervical cancer screening rate
- Chlamydia screening in women
- Colorectal cancer screening
- Dental services

Health Status/Outcomes Quality:
- Patient satisfaction with care
- Percentage of beneficiaries who are satisfied with their ability to obtain care
MINNESOTA
Special Needs Basic Care

-Diabetes screening
-Mental health discharges
-Osteoporosis care after fracture

Access/Availability of Care:
-Adult's access to preventive/ambulatory health services

Use of Services/Utilization:
-CD initiating and treatment
-Mental health discharges
-Percentage of beneficiaries with at least one dental visit

Health Plan Stability/ Financial/Cost of Care:
None

Health Plan/ Provider Characteristics:
None

Beneficiary Characteristics:
None

Performance Measures - Others:
None

Performance Improvement Projects

Project Requirements:
-MCOs are required to conduct a project(s) of their own choosing

Clinical Topics:
-Aspirin therapy
-Asthma management
-Asthma-reduction of emergency department visits
-Breast cancer screening (Mammography)
-Calcium/Vitamin D
-Cholesterol screening and management
-Colon cancer screening
-Depression management
-Diabetes management
-Diabetic statin use, 40 to 75 year olds
-Human papillomavirus
-Hypertension management
-Mental health/chemical dependency dual diagnoses
-Obesity
-Pneumococcal vaccine

Non-Clinical Topics:
-Adults access to preventive/ambulatory health services

Standards/Accreditation

MCO Standards:
-NCQA (National Committee for Quality Assurance) Standards

Accreditation Required for Participation:
None

Non-Duplication Based on Accreditation:
-NCQA (National Committee for Quality Assurance)

Sections of Title XIX Costs Not Otherwise Matchable
Granted:
None

SERVICE DELIVERY

MCO (Comprehensive Benefits) - Risk-based Capitation

Service Delivery

Included Services:
Case Management, Dental, Durable Medical Equipment, EPSDT, Family Planning, Hearing, Home Health, Hospice, Immunization, Inpatient Hospital, Laboratory, Outpatient Hospital, Pharmacy, Physician, Skilled Nursing Facility, Transportation, Vision, X-Ray

Allowable PCPs:
- Family Practitioners
- Federally Qualified Health Centers (FQHCs)
- General Practitioners
- Internists
- Nurse Midwives
- Nurse Practitioners
- Obstetricians/Gynecologists
- Other Specialists Approved on a Case-by-Case Basis
- Pediatricians
- Rural Health Centers (RHCs)

Enrollment

Populations Voluntarily Enrolled:
-Aged and Related Populations
-Blind/Disabled Adults and Related Populations

Populations Mandatorily Enrolled:
None
PENNSYLVANIA
Voluntary HMO Contracts

- Blind/Disabled Children and Related Populations
- Medicare Dual Eligibles
- Pregnant Women
- Section 1931 Adults and Related Populations
- Section 1931 Children and Related Populations
- Special Needs Children (State defined)
- State Only Categorically Needy
- State Only Medically Needy

Subpopulations Excluded from Otherwise Included Populations:
- Enrolled in Another Managed Care Program
- Enrolled in Health Insurance Premium Payment (HIPP) with HMO Coverage
- Enrolled in Long Term Care Capitated Program (LTCCP)
- Incarceration
- Medicare Dual Eligibles
- Monthly Spend Downs
- Reside in Nursing Facility or ICF/MR
- Residence in a State Facility
- State Blind Pension Recipients

Medicare Dual Eligibles Included:
QMB Plus, SLMB Plus, and Medicaid only (under age 21)

Lock-In Provision:
No lock-in

Medicare Dual Eligibles Excluded:
QMB (age 21 and over)
SLMB, QI, and QDWI (age 21 and over)

Part D Benefit

MCE has Medicare Contract:
Yes

Provides Part D Benefits:
Yes

Scope of Part D Coverage:
Standard Prescription Drug

Part D - Enhanced Alternative Coverage:
Not Applicable

Coverage of Part D Excluded Drugs in Medicaid Managed Care Contracts:
None - managed care entity provides standard prescription drug coverage

SERVING PEOPLE WITH COMPLEX (SPECIAL) NEEDS

Program Includes People with Complex (Special) Needs:

Special Needs Children: (state defined) Broadly defined non-categorical to include all children. Skilled Nursing Facility is provided for the first 30 days. Transportation services only includes emergency ambulance services.

QUALITY ACTIVITIES FOR MCO/HIO

State Quality Assessment and Improvement
Activities:
- Consumer Self-Report Data (see below for details)
- Enrollee Hotlines
- Focused Studies
- MCO Standards (see below for details)
- Monitoring of MCO Standards
- On-Site Reviews
- Performance Improvement Projects (see below for details)
- Performance Measures (see below for details)
- Provider Data

Use of Collected Data:
- Beneficiary Plan Selection
- Contract Standard Compliance
- Fraud and Abuse
- Monitor Quality Improvement
- Program Evaluation
- Track Health Service provision

Use of HEDIS:
- The State uses ALL of the HEDIS measures listed for Medicaid
- State use/requires MCOs to follow NCQA specifications for all of the HEDIS measures listed for Medicaid that it collects

Consumer Self-Report Data:
- CAHPS
  - 4.0H Adult
  - 4.0H Children
- Plan-developed survey

Performance Measures

Process Quality:
- Adolescent immunization rate
- Asthma care - medication use
- Breast Cancer screening rate
- Cervical cancer screening rate
- Check-ups after delivery
- Cholesterol screening and management
- Dental services
- Diabetes medication management
- Frequency of on-going prenatal care
- Hearing services for individuals less than 21 years of age
- HIV/AIDS care
- Immunizations for two year olds
- Initiation of prenatal care - timeliness of
- Lead screening rate
- Percentage of beneficiaries who are satisfied with their ability to obtain care
- Percentage of beneficiaries with at least one dental visit
- Pregnancy Prevention
- Smoking prevention and cessation
- Vision services for individuals less than 21 years of age
- Well-child care visit rates in 3, 4, 5, and 6 years of life
- Well-child care visit rates in first 15 months of life

Health Status/Outcomes Quality:
- Patient satisfaction with care
### Voluntary HMO Contracts

#### Access/Availability of Care:
- Adult's access to preventive/ambulatory health services
- Children's access to primary care practitioners
- Ratio of PCPs to beneficiaries

#### Use of Services/Utilization:
- All use of services in HEDIS measures
- Drug Utilization
- Emergency room visits/1,000 beneficiary
- Inpatient admissions/1,000 beneficiary
- Number of home health visits per beneficiary
- Number of OB/GYN visits per adult female beneficiary
- Number of PCP visits per beneficiary
- Number of specialist visits per beneficiary
- Percentage of beneficiaries with at least one dental visit

#### Health Plan Stability/Financial/Cost of Care:
- Actual reserves held by plan
- Days cash on hand
- Days in unpaid claims/claims outstanding
- Expenditures by medical category of service (i.e., inpatient, ER, pharmacy, lab, x-ray, dental, vision, etc.)
- Medical loss ratio
- Net income
- Net worth
- State minimum reserve requirements
- Total revenue

#### Health Plan/Provider Characteristics:
- Board Certification
- Languages Spoken (other than English)
- Provider turnover

#### Performance Measures - Others:
None

#### Performance Improvement Projects

##### Project Requirements:
- All MCOs participating in the managed care program are required to conduct a common performance improvement project(s) prescribed by State Medicaid agency

##### Clinical Topics:
- Adolescent Pregnancy
- Asthma management
- Child/Adolescent Dental Screening and Services
- Childhood Immunization
- Diabetes management
- Hypertension management
- Smoking prevention and cessation

##### Non-Clinical Topics:
- Adults Access to Dental Care
- Children's Access to Dental Care

#### Standards/Accreditation

##### MCO Standards:
- CMS’s Quality Improvement System for Managed Care (QISM) Standards for Medicaid and Medicare
- JCAHO (Joint Commission on Accreditation of Healthcare Organizations) Standards
- NAIC (National Association of Insurance Commissioners) Standards
- State-Developed/Specified Standards

##### Accreditation Required for Participation:
None

##### Non-Duplication Based on Accreditation:
None

### ADDITIONAL INFORMATION

Medicare Platino is a program contracted with Medicare Advantage Plans to provide coverage to qualified beneficiaries from the Puerto Rico Health Care Program. Medicare Platino provides Medicaid wrap services that are not provided by the Medicare Advantage Plans to ensure the same level of service and coverage as in the Puerto Rico's Health Care Program. Program is strictly for dual eligibles.

**PUERTO RICO**

**Medicare Platino**

**Consumer Self-Report Data:**
None

**Use of HEDIS:**
- The State uses SOME of the HEDIS measures listed for Medicaid
- The State DOES NOT generate from encounter data any of the HEDIS measure listed for Medicaid
- State uses/requires MCOs to follow NCQA specifications for all of the HEDIS measures listed for Medicaid that it collects, BUT modifies the continuous enrollment requirement for some or all of the measures

**Encounter Data**

**Collection: Requirements:**
- Definition(s) of an encounter (including definitions that may have been clarified or revised over time)
- Incentives/sanctions to insure complete, accurate, timely encounter data submission
- Requirements for MCOs to collect and maintain encounter data
- Specifications for the submission of encounter data to the Medicaid agency

**Collections: Submission Specifications:**
- Data submission requirements including documentation describing set of encounter data elements, definitions, sets of acceptable values, standards for data processing and editing
- Deadlines for regular/ongoing encounter data submission(s)
- Use of Medicaid Identification Number for beneficiaries

**Collection: Standardized Forms:**
None

**Validation - Methods:**
- Automated edits of key fields used for calculation (e.g. codes within an allowable range)
- Medical record validation

**MCO/HIO conducts data accuracy check(s) on specified data elements:**
- Date of Service
- Date of Payment
- Type of Service
- Diagnosis Codes
- Procedure Codes
- Gender-appropriate diagnosis/procedure

**State conducts general data completeness assessments:**
No

**Performance Measures**

**Process Quality:**
- Annual monitoring of patients on persistent medications
- Antidepressant medication management
- Beta-blocker treatment after heart attack
- Breast Cancer screening rate
- Cholesterol management for patients with cardiovascular conditions
- Colorectal Cancer Screening
- Comprehensive Diabetes Care
- Controlling high blood pressure
- Disease Modifying Anti-Rheumatic Drug Therapy in Rheumatoid Arthritis
- Follow-up after hospitalization for mental illness
- Glaucoma screening in older adults
- Osteoporosis management in women who had a fracture
- Pharmacotherapy Management of COPD Exacerbation
- Potentially Harmful Drug-Disease Interactions in the Elderly
- Use of High-Risk Medications in the Elderly
- Use of spirometry testing in assessment and diagnosis of COPD

**Health Status/Outcomes Quality:**
- Effectiveness of care
PUERTO RICO
Medicare Platino

**Access/Availability of Care:**
- Adult's access to preventive/ambulatory health services
- Call abandonment
- Call answer timeliness
- Initiation and engagement of alcohol and other drug dependence treatment

**Use of Services/Utilization:**
- Ambulatory care
- Antibiotic utilization
- Drug Utilization
- Frequency of selected procedures
- Identification of Alcohol and Other Drug Services
- Inpatient Utilization - General Hospital / Acute Care
- Inpatient Utilization - Non-Acute Care
- Mental Health Utilization

**Health Plan Stability/Financial/Cost of Care:**
- Relative resources used for people with cardiac conditions
- Relative resources used for people with COPD
- Relative resources used for people with diabetes
- Relative resources used for people with uncomplicated hypertension

**Health Plan/Provider Characteristics:**
- Board Certification
- Enrollment by Product Line
- Enrollment by State
- Language Diversity of Membership
- Race/Ethnicity Diversity of Membership

**Beneficiary Characteristics:**
None

**Performance Measures - Others:**
- Effectiveness of care

**Performance Improvement Projects**

**Project Requirements:**
- MCOs are required to conduct a project(s) of their own choosing

**Clinical Topics:**
- Chronic Care Improvement Program (CCIP): Targeting high risk members with Diabetes Mellitus (DM), Congestive Heart Failure (CHF), Bronchial Asthma (BA), High Blood Pressure (HBP) and Chronic Obstructive Pulmonary Disease (COPD)
- Comprehensive Diabetes Care: Poor HbA1c control
- Improving the Quality of Care of Part D Enrollees Diagnosed with High Blood Pressure Receiving Diuretics Therapy
- Increasing the Number of Enrollees that Received an Influenza Vaccination and Pneumonia Vaccination
- Lowering the Drug-Drug Interaction (DDI) and the Potentially Inappropriate Medication (PIM) on Medicare Claims Part D
- Members High Risk / SNP Program Diabetes Special Needs Plans
- Polypharmacy Program in Medicare Members
- Retinopathy Screening and Long Term Control in Diabetic Population

**Non-Clinical Topics:**
None

FHC Healthcare
MCS Health Management Options, Inc.

ADDITIONAL INFORMATION

Puerto Rico's Health Care Program is not a voluntary program. It is a mandatory managed care program which requires no waiver authority because Puerto Rico is statutory exempt from Freedom of Choice requirements. PRHIA main duty is to obtain health insurance coverage for the medically indigent. Vision and hearing services are only included under physician services and other ancillary services. Mental Health and Abuse program is separated and handled by MBHOs. There are no QMBs dual eligibles in Puerto Rico.

QUALITY ACTIVITIES FOR MCO/HIO

State Quality Assessment and Improvement Activities:
- Encounter Data (see below for details)
- Monitoring of MCO Standards
- Performance Improvement Projects (see below for details)
- Performance Measures (see below for details)

Use of Collected Data:
- Contract Standard Compliance

Use of HEDIS:
- The State uses ALL of the HEDIS measures listed for Medicaid
- The State DOES NOT generate from encounter data any of the HEDIS measure listed for Medicaid
- State use/requires MCOs to follow NCQA specifications for all of the HEDIS measures listed for Medicaid that it collects

Sections of Title XIX Costs Not Otherwise Matchable Granted: None

SERVICE DELIVERY

MCO (Comprehensive Benefits) - Risk-based Capitation

Service Delivery

Included Services:
- Dental, Durable Medical Equipment, EPSDT, Family Planning, Hearing, Home Health, Immunization, Inpatient Hospital, Inpatient Mental Health, Laboratory, Long Term Care, Outpatient Hospital, Outpatient Mental Health, Outpatient Substance Use Disorders, Pharmacy, Physician, Service Management, Transportation, Vision, X-Ray

Allowable PCPs:
- Family Practitioners
- Federally Qualified Health Centers (FQHCs)
- General Practitioners
- Internists
- Nurse Midwives
- Nurse Practitioners
- Obstetricians/Gynecologists or Gynecologists
- Other Specialists Approved on a Case-by-Case Basis
- Pediatricians
- Physician Assistants
- Rural Health Clinics (RHCs)

Enrollment

Populations Voluntarily Enrolled:
- Children and young adults in DFPS conservatorship

Populations Mandatorily Enrolled:
None
-Emancipated minors or members age 18-22 who voluntarily agree to continue in foster placement
-Young adults age 21 through the month of their 23rd birthday who are participating in the Former Fos
-Young adults who have exited care and are participating in the foster care youth transitional program

Subpopulations Excluded from Otherwise Included Populations:

- Medicare Dual Eligibles
- Placed with TYC or TJPC
- Reside in a state school or other 24 hour facility
- Reside in Nursing Facility or ICF/MR

Medicare Dual Eligibles Included:
None

Medicare Dual Eligibles Excluded:
Exclude all categories of Medicare Dual Eligibles

Part D Benefit

MCE has Medicare Contract:
No

Provides Part D Benefits:
Not Applicable

Scope of Part D Coverage:
Not Applicable

Part D - Enhanced Alternative Coverage:
Not Applicable

Coverage of Part D Excluded Drugs in Medicaid Managed Care Contracts:
None

SERVING PEOPLE WITH COMPLEX (SPECIAL) NEEDS

Program Includes People with Complex (Special) Needs:
Yes

Strategies Used to Identify Persons with Complex (Special) Needs:
-Uses eligibility data to identify members of these groups

Agencies with which Medicaid Coordinates the Operation of the Program:
- Department of Aging and Disability Services (DADS)
- Department of Family and Protective Services (DFPS)
- Department of State Health Services (DSHS)

PARTICIPATING PLANS/PCCM AND OTHER PROGRAMS

Superior HealthPlan (STAR Health)

ADDITIONAL INFORMATION

None

QUALITY ACTIVITIES FOR MCO/HIO

State Quality Assessment and Improvement Activities:
- Consumer Self-Report Data (see below for details)

Use of Collected Data:
- Contract Standard Compliance
-Encounter Data (see below for details)
- Focused Studies
- MCO Standards (see below for details)
- Monitoring of MCO Standards
- On-Site Reviews
- Performance Improvement Projects (see below for details)
- Performance Measures (see below for details)
- Provider Data

Consumer Self-Report Data:
- CAHPS
  - Child Medicaid Questionnaire
- State-developed Survey

Use of HEDIS:
- The State uses SOME of the HEDIS measures listed for Medicaid
- The State generates from encounter data SOME of the HEDIS measures listed for Medicaid
- State use/requires MCOs to follow NCQA specifications for all of the HEDIS measures listed for Medicaid that it collects

Encounter Data

Collection: Requirements:
- Definition(s) of an encounter (including definitions that may have been clarified or revised over time)
- Incentives/sanctions to insure complete, accurate, timely encounter data submission
- Requirements for data validation
- Requirements for MCOs to collect and maintain encounter data
- Specifications for the submission of encounter data to the Medicaid agency
- Standards to ensure complete, accurate, timely encounter data submission

Collections: Submission Specifications:
- 837 transaction format
- Data submission requirements including documentation describing set of encounter data elements, definitions, sets of acceptable values, standards for data processing and editing
- Deadlines for regular/ongoing encounter data submission(s)
- Encounters to be submitted based upon national standardized forms (e.g. UB-04, NCPDP, ASC X12 837, ADA)
- Guidelines for frequency of encounter data submission
- Guidelines for initial encounter data submission
- Use of Medicaid Identification Number for beneficiaries

Validation - Methods:
- Automated analysis of encounter data submission to help determine data completeness (e.g. frequency distributions, cross-tabulations, trend analysis, etc.)
- Automated edits of key fields used for calculation (e.g. codes within an allowable range)
- Comparison to benchmarks and norms (e.g. comparisons to State FFS utilization rates, comparisons to MCO commercial utilization rates, comparisons to national norms, comparisons to submitted bills or cost-ratios)
- Medical record validation
- Per member per month analysis and comparisons across MCO
- State FFS utilization rates, comparisons to MCO commercial utilization rates, comparisons to national norms, comparisons to submitted bills

MCO/HIO conducts data accuracy check(s) on specified data elements:
- Date of Service
- Date of Processing
- Date of Payment
- Provider ID
- Type of Service
- Medicaid Eligibility
- Plan Enrollment
- Diagnosis Codes
- Procedure Codes
- Revenue Codes
- Age-appropriate diagnosis/procedure
- Gender-appropriate diagnosis/procedure
- Preparing HEDIS and risk adjustment software

State conducts general data completeness assessments:
Yes
Performance Measures

**Process Quality:**
- Access to behavioral health treatment
- Access to Dental care
- Access to emergent care
- Access to routine care
- Access to specialist care
- Access to urgent care
- Adolescent immunization rate
- Adolescent well-care visit rate
- Asthma care - medication use
- Cervical cancer screening rate
- Check-ups after delivery
- Chlamydia screening in women
- Depression management/care
- Diabetes care and control
- Diabetes medication management
- Follow-up after hospitalization for mental illness
- Frequency of on-going prenatal care
- Hearing services for individuals less than 21 years of age
- Immunizations for two year olds
- Initiation of prenatal care - timeliness of
- Percentage of beneficiaries with at least one dental visit
- Pregnancy Prevention
- Vision services for individuals less than 21 years of age
- Well-child care visit rates in 3, 4, 5, and 6 years of life
- Well-child care visit rates in first 15 months of life
- Well-child care visits rates in adolescents

**Health Status/Outcomes Quality:**
- Patient satisfaction with care
- Percentage of low birth weight infants

**Access/Availability of Care:**
- Average distance to PCP
- Average wait time for an appointment with PCP
- Ratio of mental health providers to number of beneficiaries
- Ratio of PCPs to beneficiaries

**Use of Services/Utilization:**
- Drug Utilization
- Emergency room visits/1,000 beneficiary
- Inpatient admission for MH/SUD conditions/1,000 beneficiaries
- Inpatient admissions/1,000 beneficiary
- Number of days in ICF or SNF per beneficiary over 64 years
- Number of PCP visits per beneficiary
- Number of specialist visits per beneficiary
- Percent of beneficiaries accessing 24-hour day/night care at MH/SUD facility
- Re-admission rates of MH/SUD

**Health Plan Stability/ Financial/Cost of Care:**
- None

**Beneficiary Characteristics:**
- Beneficiary need for interpreter
- Information of beneficiary ethnicity/race
- Languages Spoken (other than English)
- Information on primary languages spoken by beneficiaries
- MCO/PCP-specific disenrollment rate
- Percentage of beneficiaries who are auto-assigned to MCO
- Provider Turnover
- Weeks of pregnancy at time of enrollment in MCO, for women giving birth during the reporting period

**Performance Measures - Others:**
- Health Status/Outcomes Process

**Performance Improvement Projects**

**Project Requirements:**
- MCOs are required to conduct a project(s) of their own choosing

**Clinical Topics:**
- Diabetes care and management
- Influenza Immunizations
TEXAS
STAR Health

-Multiple, but not all, MCOs participating in the managed care program are required to conduct a common performance improvement project(s) prescribed by the State Medicaid agency.

**Non-Clinical Topics:**
None

### Standards/Accreditation

**MCO Standards:**
- CMS's Quality Improvement System for managed Care (QISMC) Standards for Medicaid and Medicare
- State-Developed/Specified Standards

**Accreditation Required for Participation:**
None

**Non-Duplication Based on Accreditation:**
None

**EQRO Name:**
-Institute for Child Health Policy

**EQRO Organization:**
-Institute for Child Health Policy, University of Florida

**EQRO Mandatory Activities:**
- Review of MCO compliance with structural and operational standards established by the State
- Validation of performance improvement projects

**EQRO Optional Activities:**
- Administration or validation of consumer or provider surveys
- Calculation of performance measures
- Conduct of performance improvement projects
- Conduct studies on quality that focus on a particular aspect of clinical or non-clinical services
- Technical assistance to MCOs to assist them in conducting quality activities
- Validation of client level data, such as claims and encounters
- Validation of encounter data
- Validation of performance improvement projects

### Pay for Performance (P4P)

**Implementation of P4P:**
The State HAS NOT implemented a Pay-for-Performance program with the MCO

**Program Payers:**
Not Applicable

**Population Categories Included:**
Not Applicable

**Rewards Model:**
Not Applicable

**Clinical Conditions:**
Not Applicable

**Measurement of Improved Performance:**
Not Applicable

**Initial Year of Reward:**
Not Applicable

**Evaluation Component:**
Not Applicable

**Member Incentives:**
Not Applicable

## ADDITIONAL INFORMATION

Enrollees with special health care needs are enrollees who have or are at increased risk for chronic physical, developmental, behavioral, or emotional conditions and who also require services of a type or amount beyond that required by adults and children in general.

The Medicaid agency pays HOME a monthly prepayment for each HOME client. Total prepayments made to HOME are reconciled against its covered encounter records total costs.

Dane County Human Services Department -- CCF

**ADDITIONAL INFORMATION**

Program goal is to keep children with severe emotional disturbances out of institutions and to serve these children and their families in the community. The state reallocates previous funding for institutional placement into community based care. It uses a "wraparound," integrated services approach with multi-agency and multi-disciplinary collaboration. Key components include intensive case management, crisis intervention, and a flexible array of services and supports (including some not traditionally covered under Medicaid) based on highly individualized plans of care. This mental health and substance abuse carve-out program does not designate a primary care provider for physical health care. All enrollees must have a special needs to be eligible for enrollment.

**QUALITY ACTIVITIES FOR PIHP**
**State Quality Assessment and Improvement Activities:**
- Consumer Self-Report Data (see below for details)
- Focused Studies
- Monitoring of PIHP Standards
- On-Site Reviews

**Use of Collected Data:**
- Contract Standard Compliance
- Monitor Quality Improvement
- Program Evaluation
- Regulatory Compliance/Federal Reporting
- Track Health Service provision

**Consumer Self-Report Data:**
- State-developed Survey

**Use of HEDIS:**
- The State DOES NOT use any of the HEDIS measures

**Performance Measures**

**Process Quality:**
- Collaboration and teamwork
- Family-based and community-based service delivery
- Follow-up after hospitalization for mental illness
- Identification and process=service/care coordinators (case managers)
- Membership and process=child and family reams (plan of care teams)
- Percentage of beneficiaries who are satisfied with their ability to obtain care
- Process and content=plans of care
- Process and content=service authorization plans

**Health Status/Outcomes Quality:**
- Cost-effectiveness comparison of this managed care program to non-managed care program
- Criminal offenses and juvenile justice contracts of enrollees, pretest and post-test
- Functional impairment of enrollees, pre-test, post-test
- Patient satisfaction with care
- Restrictiveness of living arrangements for enrollees, pre-test, and post-test
- School attendance and performance of enrollees, pre-test, and post-test

**Access/Availability of Care:**
- Internal and external quality assurance audits of access and of monitoring plans of care

**Use of Services/Utilization:**
- Internal and external quality assurance audits of monitoring plans of care and tracking actual service utilization

**Health Plan Stability/Financial/Cost of Care:**
- None

**Beneficiary Characteristics:**
- Information of beneficiary ethnicity/race
- Other demographic, clinical, and service system characteristics of enrollees

Initial Waiver Effective Date: July 01, 2007
KANSAS
Mental Health and Substance Abuse Services

Statutes Waived:  
1902(a)(10)(B) Comparability of Services  

Waiver Expiration Date:  
June 30, 2011

Service Delivery

Target Group:  
Seriously Mentally Ill or Substance Use Disorders  
Seriously Emotional Disturbance for Youth

Level of Care:  
Hospital

ADDITIONAL INFORMATION

The administration and oversight of both the 1915(b) and 1915(c) program is conducted by the same program unit; the service array and provider/member services activities are conducted by the same PAHP contractor. The 1915(c) program infrastructure was transferred, with very little modification visible to beneficiaries and providers to the PAHP program contractors.

QUALITY ACTIVITIES FOR PIHP

State Quality Assessment and Improvement

Activities:
- Consumer Self-Report Data (see below for details)
- Encounter Data (see below for details)
- Enrollee Hotlines
- Monitoring of PIHP Standards
- Network Data
- On-Site Reviews
- Performance Improvement Projects (see below for details)
- Performance Measures (see below for details)
- PIHP Standards (see below for details)
- Provider Data

Use of Collected Data:
- Contract Standard Compliance
- Data Mining
- Enhanced/Revise State managed care Medicaid Quality Strategy
- Fraud and Abuse
- Monitor Quality Improvement
- Plan Reimbursement
- Program Evaluation
- Program Modification, Expansion, or Renewal
- Regulatory Compliance/Federal Reporting

Use of HEDIS:
- The State DOES NOT use any of the HEDIS measures
- The State DOES NOT generate from encounter data any of the HEDIS measure listed for Medicaid

Encounter Data

Collection: Requirements:
- Definition(s) of an encounter (including definitions that may have been clarified or revised over time)
- Requirements for data validation
- Requirements for PIHPs to collect and maintain encounter data
- Specifications for the submission of encounter data to the Medicaid agency
- Standards to ensure complete, accurate, timely encounter data submission

Collections: Submission Specifications:
- Data submission requirements including documentation describing set of encounter data elements, definitions, sets of acceptable values, standards for data processing and editing
- Deadlines for regular/ongoing encounter data submission(s)
- Encounters to be submitted based upon national standardized forms (e.g. UB-04, NCPDP, ASC X12 837, ADA)
- Guidelines for frequency of encounter data submission
- Guidelines for initial encounter data submission
- Use of Medicaid Identification Number for beneficiaries

Collection: Standardized Forms:
- ANSI ASC X12 837 - transaction set format for transmitting health care claims data

Validation - Methods:
- Automated analysis of encounter data submission to help determine to data completeness (e.g. frequency

Collection: Standardized Forms:
- ANSI ASC X12 837 - transaction set format for transmitting health care claims data

Validation - Methods:
- Automated analysis of encounter data submission to help determine to data completeness (e.g. frequency
PIHP conducts data accuracy check(s) on specified data elements:
- Date of Service
- Date of Processing
- Date of Payment
- Provider ID
- Type of Service
- Medicaid Eligibility
- Plan Enrollment
- Diagnosis Codes
- Procedure Codes
- Age-appropriate diagnosis/procedure

State conducts general data completeness assessments:
Yes

Performance Measures

Process Quality:
None

Health Status/Outcomes Quality:
None

Access/Availability of Care:
- Access to Services
- Adult's access to preventive/ambulatory health services
- Network capacity to serve members
- Ratio of addictions professionals to number of beneficiaries

Use of Services/Utilization:
- Over and Under Utilization of intensive services
- Over and Under Utilization of lower levels of care

Health Plan Stability/ Financial/Cost of Care:
None

Health Plan/ Provider Characteristics:
- Annual assessment of provider network
- Geoaccess

Beneficiary Characteristics:
None

Performance Measures - Others:
None

Performance Improvement Projects

Project Requirements:
- Individual PIHPs are required to conduct a project prescribed by the State Medicaid agency

Clinical Topics:
- HEDIS Based Initiation and Engagement

Non-Clinical Topics:
- Accuracy of encounter data

Standards/Accreditation

PIHP Standards:
- NAIC (National Association of Insurance Commissioners) Standards
- NCQA (National Committee for Quality Assurance) Standards
- State-Developed/Specified Standards

Accreditation Required for Participation:
None
KANSAS

-Provider Data
-State Quality Committee
-Utilization Review and Corporate Compliance Plan

Use of Collected Data:
-Contract Standard Compliance
-Data Mining
-Enhanced/Revise State managed care Medicaid Quality Strategy
-Fraud and Abuse
-Monitor Quality Improvement
-Plan Reimbursement
-Program Evaluation
-Program Modification, Expansion, or Renewal
-Regulatory Compliance/Federal Reporting

Use of HEDIS:
-The State DOES NOT use any of the HEDIS measures
-The State DOES NOT generate from encounter data any of the HEDIS measure listed for Medicaid

Consumer Self-Report Data:
-Consumer/Beneficiary Focus Groups
-Member Satisfaction Survey
-State-developed Survey

Encounter Data

Collection: Requirements:
-Definition(s) of an encounter (including definitions that may have been clarified or revised over time)
-Requirements for data validation
-Requirements for PAHPs to collect and maintain encounter data
-Specifications for the submission of encounter data to the Medicaid agency
-Standards to ensure complete, accurate, timely encounter data submission

Collections - Submission Specifications:
-Data submission requirements including documentation describing set of encounter data elements, definitions, sets of acceptable values, standards for data processing and editing
-Deadlines for regular/ongoing encounter data submission(s)
-Encounters to be submitted based upon national standardized forms (e.g. UB-04, NCPDP, ASC X12 837, ADA)
-Guidelines for frequency of encounter data submission
-Guidelines for initial encounter data submission
-Use of Medicaid Identification Number for beneficiaries

Collection: Standardized Forms:
-ANSI ASC X12 837 - transaction set format for transmitting health care claims data

Validation - Methods:
-Automated analysis of encounter data submission to help determine to data completeness (e.g. frequency distributions, cross-tabulations, trend analysis, etc.)
**KANSAS**  
**Mental Health and Substance Abuse Services**

- Automated edits of key fields used for calculation (e.g. codes within an allowable range)  
- Comparison to benchmarks and norms (e.g. comparisons to State FFS utilization rates, comparisons to PAHP commercial utilization rates, comparisons to national norms, comparisons to submitted bills or cost-ratios)  
- Medical record validation  
- Specification/source code review, such as a programming language used to create an encounter data file for submission

### PAHP conducts data accuracy check(s) on specified data elements:
- Date of Service  
- Date of Processing  
- Date of Payment  
- Provider ID  
- Type of Service  
- Medicaid Eligibility  
- Plan Enrollment  
- Diagnosis Codes  
- Procedure Codes  
- Age-appropriate diagnosis/procedure

### State conducts general data completeness assessments:
**Yes**

### Performance Measures

#### Process Quality:
- Decreased utilization of institutional care  
- Rates of competitive employment for adults  
- Rates of school attendance for youth  
- Rates of youth residing in permanent family home

#### Access/Availability of Care:
- Adult's access to preventive/ambulatory health services  
- Ratio of mental health providers to number of beneficiaries

#### Health Plan Stability/Financial/Cost of Care:
- Business continuity plan  
- Corporate Compliance Plan, including Fraud and Abuse  
- Days in unpaid claims/claims outstanding  
- Expenditures by medical category of service (ER, pharmacy, lab, x-ray, dental, vision, etc.)  
- IBNR claims report (lag report)  
- Key Personnel Changes  
- Net income  
- Net worth  
- Subcontractor terms and conditions  
- TPL/COB information

#### Beneficiary Characteristics:
- Beneficiary need for interpreter  
- Information on primary languages spoken by beneficiaries  
- Percentage of beneficiaries who are auto-assigned to PAHPs

### Health Status/Outcomes Quality:
- Patient satisfaction with care  
- Percentage of beneficiaries satisfied with their ability to obtain care

### Use of Services/Utilization:
- Average number of visits to MH/SUD providers per beneficiary  
- Service penetration rates  
- Service utilization post-inpatient care

### Health Plan/Provider Characteristics:
- Board Certification  
- Languages Spoken (other than English)  
- Provider turnover

### Performance Measures - Others:
**None**

PARTICIPATING PLANS/PCCM AND OTHER PROGRAMS

The Coordinating Center

ADDITIONAL INFORMATION

The Department of Health and Mental Hygiene, Office of Health Services has full administrative authority over the Living at Home Waiver program, located within the Living at Home Waiver Division. Historically, the Living at Home Waiver program was responsible for procuring, maintaining, and monitoring contracts for two administrative services available for waiver participants. Fiscal intermediary and case management contractors are selected through a competitive bid process and are available statewide. On October 31, 2009, the contract for case management services ended; the program moved from the administrative case management model to providing administrative, transitional, and ongoing case management as billable services to eligible applicants and participants effective November 1, 2009.

Reimbursement for case management waiver services in the amendment to the 1915(c) Living at Home Waiver (MD 0353) will be based on a rate defined in COMAR. Maryland used a competitive solicitation process to select its case management provider that will be providing case management as an administrative and waiver service.

1902(a)(10)(B) Comparability of Services  
**Waiver Expiration Date:** June 30, 2014

**Service Delivery**

**Target Group:** Disabled  
**Level of Care:** Nursing Home

**ADDITIONAL INFORMATION**

Case management is a covered service under the 1915(c) waiver. However, in order to restrict freedom of choice under the 1915(c) waiver, a 1915(b) waiver has to be in place for a selective provider or providers.

The Living at Home Case Management Waiver is a 1915(b)(4) waiver that operates concurrently with the 1915(c) Living at Home Waiver. The Living at Home Case Management Waivers allows MD to selectively contract with a case management contractor to provide case management services to the Living at Home waiver enrollees.

Michigan remains one of the very few, if not the only, state to have incorporated services to persons with Developmental Disabilities into a 1915(b) Freedom of Choice “managed care” waiver. Also, all persons adjudicated Medicaid eligible are deemed enrolled in this Specialty Community Mental Health Services and Supports managed care program. Included services are offered under the authority of 1915(b)(3). Included services with an “asterisk” next to it are state plan services.

ADDITIONAL INFORMATION

Under the Michigan Managed Specialty Support and Services Program, PIHPs administer state plans, 1915(b)(3) and 1915(c) waiver services. This managed mental health services program provides support and services to person with serious mental illness,
developmental disability and substance use disorders, and children with serious emotional disturbance. Persons served through the 1915(b) waiver use a combination of state plan and 1915 (b)(3) services. Persons enrolled in the C waiver, called the Habilitation Supports Waiver (HSW) use a combination of C waiver services, state plan and 1915 (b)(3) service.

QUALITY ACTIVITIES FOR PIHP

State Quality Assessment and Improvement Activities:
- Accreditation for Participation (see below for details)
- Consumer Self-Report Data (see below for details)
- Encounter Data (see below for details)
- External Quality Review
- Monitoring of PIHP Standards
- On-Site Reviews
- Performance Improvement Projects (see below for details)
- Performance Measures (see below for details)
- PIHP Standards (see below for details)

Use of Collected Data:
- Actuarial analysis
- Contract Standard Compliance
- Health Services Research
- Monitor Quality Improvement
- Regulatory Compliance/Federal Reporting
- Track Health Service provision

Use of HEDIS:
- The State DOES NOT use any of the HEDIS measures
- The State DOES NOT generate from encounter data any of the HEDIS measure listed for Medicaid

Collection: Requirements:
- Definition(s) of an encounter (including definitions that may have been clarified or revised over time)
- Incentives/sanctions to insure complete, accurate, timely encounter data submission
- Requirements for data validation
- Requirements for PIHPs to collect and maintain encounter data
- Specifications for the submission of encounter data to the Medicaid agency
- Standards to ensure complete, accurate, timely encounter data submission

Collections: Submission Specifications:
- Data submission requirements including documentation describing set of encounter data elements, definitions, sets of acceptable values, standards for data processing and editing
- Deadlines for regular/ongoing encounter data submission(s)
- Encounters to be submitted based upon national standardized forms (e.g. UB-04, NCPDP, ASC X12 837, ADA)
- Guidelines for frequency of encounter data submission
- Use of electronic file formats
- Use of Medicaid Identification Number for beneficiaries

Validation - Methods:
- Automated analysis of encounter data submission to help determine to data completeness (e.g. frequency distributions, cross-tabulations, trend analysis, etc.)
- Automated edits of key fields used for calculation (e.g. codes within an allowable range)

Collection: Standardized Forms:
- ANSI ASC X12 837 - transaction set format for transmitting health care claims data
- NCPDP - National Council for Prescription Drug Programs pharmacy claim form

PIHP conducts data accuracy check(s) on specified data elements:
None
- Provider ID
- Type of Service
- Medicaid Eligibility
- Diagnosis Codes
- Age-appropriate diagnosis/procedure
- Gender-appropriate diagnosis/procedure
- Age
- Gender
- Race/Ethnicity
- Social Security

State conducts general data completeness assessments:
Yes

1902(a)(10)(B) Comparability of Services
1902(a)(1) Statewideness

Waiver Expiration Date: June 30, 2013

Service Delivery

Target Group: Aged
Level of Care: Nursing Home

ADDITIONAL INFORMATION

1915(c) services must be part of the MCOs provider network. The 1915(c) Elderly Waiver services are included in MCO contracts in some counties. In the remaining counties, person eligible for EW services receive them through their county or tribe.

QUALITY ACTIVITIES FOR MCO/HIO

State Quality Assessment and Improvement

Activities:
- Annual HCBS quality assurance plan
- Care plan audits
- Care system reviews
- Consumer Self-Report Data (see below for details)
- Encounter Data (see below for details)
- Enrollee Hotlines
- HCBS self-assessment QA survey
- MCO Standards (see below for details)

Use of Collected Data:
- Assess program results
- Contract Standard Compliance
- Health Services Research
- Monitor Quality Improvement
- Plan Reimbursement
- Program Modification, Expansion, or Renewal
- Regulatory Compliance/Federal Reporting
- Track Health Service provision
MINNESOTA
Minnesota Senior Care/Minnesota Senior Care Plus

- Monitoring of MCO Standards
- Non-Duplication Based on Accreditation
- Ombudsman
- On-Site Reviews
- Performance Improvement Projects (see below for details)
- Performance Measures (see below for details)

Consumer Self-Report Data:
- CAHPS
  - Adult Medicaid AFDC Questionnaire
  - Adult Medicaid SSI Questionnaire
  - Adult with Special Needs Questionnaire
  - Disenrollment Survey

Use of HEDIS:
- The State uses SOME of the HEDIS measures listed for Medicaid
- The State generates from encounter data SOME of the HEDIS measures listed for Medicaid
- State use/require MCOs to follow NCQA specifications for all of the HEDIS measures listed for Medicaid that it collects

Collection: Requirements:
- Definition(s) of an encounter (including definitions that may have been clarified or revised over time)
- Requirements for data validation
- Requirements for MCOs to collect and maintain encounter data
- Specifications for the submission of encounter data to the Medicaid agency
- Standards to ensure complete, accurate, timely encounter data submission

Collection: Submission Specifications:
- Data submission requirements including documentation describing set of encounter data elements, definitions, sets of acceptable values, standards for data processing and editing

- Encounters to be submitted based upon national standardized forms (e.g. UB-04, NCPDP, ASC X12 837, ADA)
- Guidelines for frequency of encounter data submission
- Guidelines for initial encounter data submission
- Use of Medicaid Identification Number for beneficiaries

Collection: Standardized Forms:
- ANSI ASC X12 837 - transaction set format for transmitting health care claims data
- NCPDP - National Council for Prescription Drug Programs pharmacy claim form

Validation - Methods:
- Automated edits of key fields used for calculation (e.g. codes within an allowable range)
- Comparison to benchmarks and norms (e.g. comparisons to State FFS utilization rates, comparisons to MCO commercial utilization rates, comparisons to national norms, comparisons to submitted bills or cost-ratios)

MCO/HIO conducts data accuracy check(s) on specified data elements:
- Date of Payment

State conducts general data completeness assessments:
- No

Performance Measures

Process Quality:
- Adult preventive visits
- Antidepressant medication management
- Asthma care - medication use
- Beta-blocker treatment after heart attack
- Breast Cancer screening rate
- Cervical cancer screening rate
- Chlamydia screening in women
- Colorectal Cancer Screening
- COPD - spirometry testing
- Dental services
- Diabetes screening
- Number of Mental Health Inpatient Discharges
- Osteoporosis care after fracture
- Percentage of beneficiaries with at least one dental visit

Health Status/Outcomes Quality:
- Patient satisfaction with care
- Percentage of beneficiaries who are satisfied with their ability to obtain care
### Minnesota Senior Care/Minnesota Senior Care Plus

**Access/Availability of Care:**
- Adult’s access to preventive/ambulatory health services
- Average distance to PCP

**Use of Services/Utilization:**
- CD initiating and treatment
- Mental health discharges
- Percentage of beneficiaries with at least one dental visit

**Health Plan Stability/Financial/Cost of Care:**
None

**Health Plan/Provider Characteristics:**
None

**Beneficiary Characteristics:**
None

**Performance Measures - Others:**
None

### Performance Improvement Projects

**Project Requirements:**
- MCOs are required to conduct a project(s) of their own choosing

**Clinical Topics:**
- Aspirin therapy
- Asthma management
- Asthma-reduction of emergency department visits
- Breast cancer screening (Mammography)
- Calcium/Vitamin D
- Cholesterol screening and management
- Colon cancer screening
- Depression management
- Diabetes management
- Diabetic statin use, 40 to 75 year olds
- Human Papillimavirus
- Hypertension management
- Mental health/chemical dependency dual diagnoses
- Obesity
- Pneumococcal vaccine

**Non-Clinical Topics:**
- Adults access to preventive/ambulatory health services

### Standards/Accreditation

**MCO Standards:**
- NCQA (National Committee for Quality Assurance) Standards

**Accreditation Required for Participation:**
None

**Non-Duplication Based on Accreditation:**

- Michigan Performance Review Organization

**EQRO Organization:**
- Quality Improvement Organization (QIO)

**EQRO Mandatory Activities:**
- Review of MCO compliance with structural and operational standards established by the State
- Validation of performance measures

**EQRO Optional Activities:**
- Administration or validation of consumer or provider surveys

### Pay for Performance (P4P)

**Implementation of P4P:**
The State has implemented a Pay-for-Performance program with MCO

**Program Payers:**
Medicaid has collaborated with a public sector entity to support the P4P program
Population Categories Included:
A subset of MCO members, defined by disease and medical condition

Rewards Model:
Payment incentives/differentials to reward MCOs

Clinical Conditions:
Dental

Measurement of Improved Performance:
Assessing improvements in, or reaching established standards in, administrative processes (e.g., timeliness of MCO response to grievances, improving customer service, etc.)
Using clinically-based outcome measures (e.g., HEDIS, NQF, etc.)

Initial Year of Reward:
1999

Evaluation Component:
The State HAS NOT conducted an evaluation of the effectiveness of its P4P program

Member Incentives:
Not Applicable

ADDITIONAL INFORMATION

Individuals with Special Health Care Needs (ISHCN) are individuals who have, or are at an increased risk for, a chronic physical, developmental, behavioral, neurobiological or emotional condition and who require health and related services of a type or amount beyond that required by other individuals. ISHCN have ongoing health conditions, high or complex service utilization, and low to severe functional limitations. The primary purpose of the definition is to identify these individuals so that the MCO/SE can facilitate access to appropriate services. The definition also allows for flexible targeting of individuals based on clinical justification and discontinuing targeted efforts when such efforts are no longer needed.

Aged and Disabled

ADDITIONAL INFORMATION

Coordinated Long-Term Services is a managed care program designed to provide and coordinate services to specific Medicaid recipients. Services include doctor visits, hospital services, home and community-based services and long term care services. The intent of the program is to improve the quality of life for enrollees by offering long-term services to meet the individuals needs, allowing the individual to decide whether to received services in their home, community, or in a nursing or assisted living facility. 1915(b) allows New Mexico to implement the Coordinated Long-Term Services program under a managed care model. 1915(c) Home and Community-Based Waiver allows New Mexico to have long-term care services delivered in community settings, an alternative to providing comprehensive long-term services in institutional settings.

Seriously Mentally Ill or Substance Use Disorders
Level of Care:
Hospital
ICFMR

ADDITIONAL INFORMATION

The Piedmont Cardinal Health Plan (PCHP), which is a 1915(b) waiver, and the Innovations waiver operate concurrently and are restricted to a five-county area of North Carolina. The PCHP waiver enables the State to mandate beneficiaries into a single Prepaid Inpatient Health Plan (PIHP). The PIHP is the states mental regional health, developmental disabilities, and substance abuse (MH/DD/SA) authority that serves the five county area covered by the waivers. Thus, Innovations home and community based services are administered by the MD/DD/SA authority in a capitated, managed care environment along with Medicaid State Plan mental health and substance abuse services.

QUALITY ACTIVITIES FOR PIHP
**State Quality Assessment and Improvement**

**Activities:**
- Consumer Self-Report Data (see below for details)
- Enrollee Hotlines
- Monitoring of PIHP Standards
- Network Data
- On-Site Reviews
- Performance Improvement Projects (see below for details)
- Performance Measures (see below for details)
- PIHP Standards (see below for details)
- Provider Data

**Consumer Self-Report Data:**
- Plan developed and state approved consumer survey

**Use of Collected Data:**
- Contract Standard Compliance
- Health Services Research
- Monitor Quality Improvement
- Plan Reimbursement
- Program Evaluation
- Program Modification, Expansion, or Renewal
- Regulatory Compliance/Federal Reporting
- Track Health Service provision

**Use of HEDIS:**
- The State uses SOME of the HEDIS measures listed for Medicaid
- The State DOES NOT generate from encounter data any of the HEDIS measure listed for Medicaid
- State use/requires PIHPs to follow NCQA specifications for all of the HEDIS measures listed for Medicaid that it collects

**Performance Measures**

**Process Quality:**
- Ambulatory follow up within 7 days after discharge from mental health facility
- Ambulatory follow up within 7 days after discharge from substance abuse facility
- Follow-up after hospitalization for mental illness
- Number of Consumers moved from institutional care to community care
- Readmission rates for mental health
- Readmission rates for substance abuse

**Health Status/Outcomes Quality:**
- Patient satisfaction with care

**Access/Availability of Care:**
- Call Abandonment
- Call Answer Timeliness
- Initiation and Engagement of Alcohol and other drug dependence treatment
- Out of Network Services
- Service Availability/Accessibility
- Timeliness of initial service delivery

**Use of Services/Utilization:**
- Chemical dependency services utilization
- Inpatient admission for MH/SUD conditions/1,000 beneficiaries
- MH Utilization percentage of members receiving inpatient, day/night, ambulatory and other support services
- Percentage of members receiving inpatient, day/night, ambulatory and support services for chemical dependency
- Utilization management of the provision of high use services

**Health Plan Stability/Financial/Cost of Care:**
- Actual reserves held by plan
- Days cash on hand
- Days in unpaid claims/claims outstanding
- Expenditures by medical category of service (i.e., inpatient, ER, pharmacy, lab, x-ray, dental, vision, etc.)
- Medical loss ratio
- Net income
- Net worth
- State minimum reserve requirements

**Health Plan/Provider Characteristics:**
- Network Capacity

**Beneficiary Characteristics:**
- Diversity of Medicaid Membership

**Performance Measures - Others:**
- None

**Performance Improvement Projects**
NORTH CAROLINA
Mental Health Developmental Disabilities & Substance Abuse Waiver

Project Requirements:
- PIHPs are required to conduct a project(s) of their own choosing
- Individual PIHPs are required to conduct a project prescribed by the State Medicaid agency

Non-Clinical Topics:
- Complaints processing

Clinical Topics:
- Prone Restraints as a Restrictive Intervention
- Reduction in Recidivism Rates in State Hospitals

Standards/Accreditation

PIHP Standards:
- CMS's Quality Improvement System for managed Care (QISMC) Standards for Medicaid and Medicare

Non-Duplication Based on Accreditation:
None

Accreditation Required for Participation:
None

EQRO Organization:
- Quality Improvement Organization (QIO)

EQRO Name:
- Michigan Peer Review Organization (MPRO)

EQRO Mandatory Activities:
- Review of PIHP compliance with structural and operational standards established by the State
- Validation of performance improvement projects
- Validation of performance measures

EQRO Optional Activities
- Technical assistance to PIHPs to assist them in conducting quality activities

1902(a)(10)(B) Comparability of Services August 31, 2012
1902(a)(1) Statewideness

Service Delivery

Target Group: Level of Care:
Aged and Disabled Nursing Home

ADDITIONAL INFORMATION

Both b&c waivers are operating through the STAR+PLUS program which integrates acute and long term care services for SSI enrollees in Harris County. In February 2007, the STAR+Plus 1915(b) and 1915(c) waivers expanded to the Harris contiguous, Bexar, Nueces and Travis SDA. In February 2011, the STAR+Plus 1915(b) and 1915(c) waivers will expand to the Dallas and Tarrant SDA.

QUALITY ACTIVITIES FOR MCO/HIO

State Quality Assessment and Improvement Activities:
- Consumer Self-Report Data (see below for details)
- Encounter Data (see below for details)
- Focused Studies
- MCO Standards (see below for details)
- On-Site Reviews
- Performance Improvement Projects (see below for details)
- Performance Measures (see below for details)
- Provider Data

Use of Collected Data:
- Contract Standard Compliance
- Fraud and Abuse
- Health Services Research
- Monitor Quality Improvement
- Plan Reimbursement
- Program Evaluation
- Program Modification, Expansion, or Renewal
- Track Health Service provision

Consumer Self-Report Data:
- CAHPS
  - Adult Medicaid AFDC Questionnaire
  - Adult Medicaid SSI Questionnaire
- State-developed Survey

Use of HEDIS:
- The State uses SOME of the HEDIS measures listed for Medicaid
- The State generates from encounter data SOME of the HEDIS measures listed for Medicaid
- State use/requires MCOs to follow NCQA specifications for all of
the HEDIS measures listed for Medicaid that it collects

Encounter Data

Collection: Requirements:
- Definition(s) of an encounter (including definitions that may have been clarified or revised over time)
- Incentives/sanctions to insure complete, accurate, timely encounter data submission
- Requirements for data validation
- Requirements for MCOs to collect and maintain encounter data
- Specifications for the submission of encounter data to the Medicaid agency

Collections: Submission Specifications:
- Data submission requirements including documentation describing set of encounter data elements, definitions, sets of acceptable values, standards for data processing and editing
- Deadlines for regular/ongoing encounter data submission(s)
- Encounters to be submitted based upon national standardized forms (e.g. NSF, UB-04, NCPDP, ADA)
- Guidelines for frequency of encounter data submission
- Guidelines for initial encounter data submission
- Use of Medicaid Identification Number for beneficiaries

Collection: Standardized Forms:
- NSF - (National Standard Format) - the CMS approved electronic flat file format for transmitting non-institutional billing data between trading partners, such as physicians and suppliers
- UB-04 (CMS 1450) - (Uniform Billing) - the CMS approved electronic flat file format for transmitting institutional billing data between trading partners, such as hospitals, long term care facilities

Validation - Methods:
- Automated analysis of encounter data submission to help determine to data completeness (e.g. frequency distributions, cross-tabulations, trend analysis, etc.)
- Automated edits of key fields used for calculation (e.g. codes within an allowable range)
- Comparison to benchmarks and norms (e.g. comparisons to State FFS utilization rates, comparisons to MCO commercial utilization rates, comparisons to national norms, comparisons to submitted bills)
- Medical record validation
- Per member per month analysis and comparisons across MCOs

MCO/HIO conducts data accuracy check(s) on specified data elements:
- Date of Service
- Date of Processing
- Date of Payment
- Provider ID
- Type of Service
- Diagnosis Codes
- Procedure Codes
- Revenue Codes
- Age-appropriate diagnosis/procedure
- Gender-appropriate diagnosis/procedure
- Medicaid Eligibility
- Plan Enrollment
- Preparing HEDIS and risk adjustment software

State conducts general data completeness assessments:
Yes

Performance Measures

Process Quality:
- Adolescent immunization rate
- Adolescent well-care visit rate
- Asthma care - medication use
- Cervical cancer screening rate
- Check-ups after delivery
- Chlamydia screening in women
- Depression management/care
- Follow-up after hospitalization for mental illness
- Frequency of on-going prenatal care
- Hearing services for individuals less than 21 years of age
- Immunizations for two year olds
- Initiation of prenatal care - timeliness of
- Percentage of beneficiaries with at least one dental visit

Health Status/Outcomes Quality:
- Patient satisfaction with care
- Percentage of low birth weight infants
TEXAS
STAR+PLUS

- Pregnancy Prevention
- Vision services for individuals less than 21 years of age
- Well-child care visit rates in 3, 4, 5, and 6 years of life
- Well-child care visit rates in first 15 months of life
- Well-child care visits rates in adolescents

Access/Availability of Care:
- Adult’s access to preventive/ambulatory health services
- Average distance to LTSS providers
- Average distance to PCP
- Average wait time for an appointment with PCP
- Children's access to primary care practitioners
- Ratio of mental health providers to number of beneficiaries
- Ratio of PCPs to beneficiaries

Use of Services/Utilization:
- Drug Utilization
- Emergency room visits/1,000 beneficiary
- Inpatient admission for MH/SUD conditions/1,000 beneficiaries
- Inpatient admissions/1,000 beneficiary
- Number of days in ICF or SNF per beneficiary over 64 years
- Number of PCP visits per beneficiary
- Number of specialist visits per beneficiary
- Percent of beneficiaries accessing 24-hour day/night care at MH/SUD facility
- Re-admission rates of MH/SUD

Health Plan Stability/Financial/Cost of Care:
- None

Health Plan/Provider Characteristics:
- Languages Spoken (other than English)
- Provider turnover

Beneficiary Characteristics:
- Beneficiary need for interpreter
- Information of beneficiary ethnicity/race
- Information on primary languages spoken by beneficiaries
- MCO/PCP-specific disenrollment rate
- Percentage of beneficiaries who are auto-assigned to MCO
- Weeks of pregnancy at time of enrollment in MCO, for women giving birth during the reporting period

Performance Measures - Others:
- None

Performance Improvement Projects

Project Requirements:
- MCOs are required to conduct a project(s) of their own choosing
- Multiple, but not all, MCOs participating in the managed care program are required to conduct a common performance improvement project(s) prescribed by the State Medicaid agency.

Clinical Topics:
- Diabetes care and management
- Influenza Immunizations

Non-Clinical Topics:
- None

Standards/Accreditation

MCO Standards:
- CMS’s Quality Improvement System for managed Care (QISMC) Standards for Medicaid and Medicare
- Standards for Medicaid and Medicare
- State-Developed/Specified Standards

Accreditation Required for Participation:
- None

Non-Duplication Based on Accreditation:
- None

EQRO Name:
- Institute for Child Health Policy

EQRO Organization:
- Institute for Child Health Policy, University of Florida

EQRO Mandatory Activities:
- Review of MCO compliance with structural and operational standards established by the State
EQRO Optional Activities:
- Administration or validation of consumer or provider surveys
- Calculation of performance measures
- Conduct of performance improvement projects
- Conduct studies on quality that focus on a particular aspect of clinical or non-clinical services
- Technical assistance to MCOs to assist them in conducting quality activities
- Validation of client level data, such as claims and encounters
- Validation of encounter data
- Validation of performance improvement projects

# FLORIDA Nursing Home Diversion Program

## Encounter Data

**Collection: Requirements:**
- Requirements for data validation
- Requirements for PIHPs to collect and maintain encounter data
- Specifications for the submission of encounter data to the Medicaid agency
- Standards to ensure complete, accurate, timely encounter data submission

**Collections: Submission Specifications:**
- Data submission requirements including documentation describing set of encounter data elements, definitions, sets of acceptable values, standards for data processing and editing
- Deadlines for regular/ongoing encounter data submission(s)
- Guidelines for initial encounter data submission

**Collection: Standardized Forms:**
None

**Validation - Methods:**
- Automated analysis of encounter data submission to help determine to data completeness (e.g. frequency distributions, cross-tabulations, trend analysis, etc.)
- Comparison to benchmarks and norms (e.g. comparisons to State FFS utilization rates, comparisons to PIHP commercial utilization rates, comparisons to national norms, comparisons to submitted bills or cost-ratios)

**PIHP conducts data accuracy check(s) on specified data elements:**
- Date of Service
- Date of Processing
- Date of Payment
- Provider ID
- Type of Service
- Medicaid Eligibility
- Plan Enrollment
- Diagnosis Codes
- Procedure Codes
- Age-appropriate diagnosis/procedure

**State conducts general data completeness assessments:**
Yes

## Performance Measures

**Process Quality:**
- Controlling high blood pressure
- Diabetes medication management
- Influenza vaccination rate
- Pneumonia vaccination

**Health Status/Outcomes Quality:**
- Patient satisfaction with care

**Access/Availability of Care:**
None

**Use of Services/Utilization:**
None

**Health Plan Stability/Financial/Cost of Care:**
- Days in unpaid claims/claims outstanding
- Medical loss ratio
- Net income
- Net worth
- State minimum reserve requirements
- Total revenue

**Health Plan/Provider Characteristics:**
- Languages Spoken (other than English)
- Verify Provider compliance with State surplus account and reserve requirements

**Beneficiary Characteristics:**
- Information on primary languages spoken by beneficiaries
- PIHP/PCP-specific disenrollment rate

**Performance Measures - Others:**
- Contractual Compliance

PROGRAM DATA

Program Service Area: County

Operating Authority: 1915(a)/1915(c)

Statutes Utilized: Not Applicable

Enrollment Broker: No

For All Areas Phased-In: No

Guaranteed Eligibility: No guaranteed eligibility

Initial Waiver Approval Date: Not Applicable

Implementation Date: January 01, 2004

Waiver Expiration Date: Not Applicable

Sections of Title XIX Waived:
- 1902(a)(1) Statewideness
- 1902(a)(10)(b) Comparability of Services

Sections of Title XIX Costs Not Otherwise Matchable Granted: None

SERVICE DELIVERY

MCO (Comprehensive Benefits) - Risk-based Capitation

Service Delivery

Included Services:
- Adult Day Health, All Medicare and Medicaid Covered, Case Management, Chiropractic, Dental, Disease Management, Durable Medical Equipment, Family Planning, Hearing, Home Health, Hospice, Immunization, Inpatient Hospital, Inpatient Mental Health, Inpatient Substance Use Disorders, Institutional, Laboratory, Occupational Therapy, Outpatient Hospital, Outpatient Mental Health, Outpatient Substance Use Disorders, Personal Care, Pharmacy, Physical Therapy, Physician, Podiatry, Skilled Nursing Facility, Speech Therapy, Transportation, Vision, X-Ray

Allowable PCPs:
- Family Practitioners
- General Practitioners
- Geriatricians
- Internists
- Obstetricians/Gynecologists or Gynecologists
- Other Specialists Approved on a Case-by-Case Basis

Enrollment

Populations Voluntarily Enrolled: Aged and Related Populations

Populations Mandatorily Enrolled: None
MASSACHUSETTS
Senior Care Options (SCO)

- Blind/Disabled Adults and Related Populations
- Medicare Dual Eligibles

Subpopulations Excluded from Otherwise Included Populations:
- A Medicare dual eligible who is excluded would be buy in only.
- Diagnosed with End Stage Renal Disease (ESRD)
- Enrolled in Another Managed Care Program
- Medically Needy Individuals with Spend-down
- Medicare Dual Eligibles
- Reside in ICF/MR
- Special Needs Children (BBA defined)
- Under 65 years old

Medicare Dual Eligibles Included:
QMB Plus, SLMB Plus, and Medicaid only

Medicare Dual Eligibles Excluded:
SLMB, Q1, and QDWI
A member must have full MassHealth benefits in order to enroll. All buy in only categories are excluded

Lock-In Provision:
1 month lock-in

Part D Benefit

MCE has Medicare Contract:
Yes

Scope of Part D Coverage:
Standard Prescription Drug

Provides Part D Benefits:
Yes

Part D - Enhanced Alternative Coverage:
Not Applicable

Coverage of Part D Excluded Drugs in Medicaid Managed Care Contracts:
- Agents when used for symptomatic relief of cough and colds
- Barbiturates
- Benzodiazepines
- Nonprescription drugs
- Prescription vitamins and mineral products, except prenatal vitamins and fluoride preparations
- Smoking Cessation (except dual eligibles as Part D will cover)

SERVING PEOPLE WITH COMPLEX (SPECIAL) NEEDS

Program Includes People with Complex (Special) Needs:
Yes

Strategies Used to Identify Persons with Complex (Special) Needs:
- Uses eligibility data to identify members of these groups

Agencies with which Medicaid Coordinates the Operation of the Program:
- Aging Agency
- Developmental Disabilities Agency
- Housing Agencies
- Mental Health Agency
- Public Health Agency
- Social Services Agencies
- Transportation Agencies

PROGRAM DATA

Program Service Area: County
Initial Waiver Effective Date: January 01, 2004
Waiver Expiration Date: June 30, 2011

Service Delivery

Target Group: Level of Care:
Aged Nursing Home
Disabled individuals age 65 and older Hospital
Mentally Retarded age 65 and older ICFMR
Developmental Disabled age 65 and older PRTF
Serious Mentally Ill age 65 and older
Serious Emotional Disturbance age 65 and older

ADDITIONAL INFORMATION

The commonwealth offers a variety of services to consumers under a home and community-based services waiver program and the number of services that can be provided is not limited. These programs may provide a combination of both traditional medical services (i.e. dental services, skilled nursing) as well as non-medical services (i.e. respite, case management, environmental modifications).

QUALITY ACTIVITIES FOR MCO/HIO

State Quality Assessment and Improvement Activities: Use of Collected Data:
- Focused Studies - Contract Standard Compliance

656
MASSACHUSETTS
Senior Care Options (SCO)

-Program Evaluation
-Regulatory Compliance/Federal Reporting

Consumer Self-Report Data:
None

Use of HEDIS:
-The State uses SOME of the HEDIS measures listed for Medicaid
-State use/requires MCOs to follow NCQA specifications for all of the HEDIS measures listed for Medicaid that it collects

Performance Measures

Process Quality:
-Ace Inhibitor/ARB Therapy
-Antidepressant medication management
-Beta-blocker treatment after heart attack
-Diabetes medication management
-Heart Failure care
-Influenza vaccination rate
-Pneumonia vaccination

Health Status/Outcomes Quality:
-Mortality rates
-Patient satisfaction with care

Access/Availability of Care:
-Adult's access to preventive/ambulatory health services
-Average distance to PCP
-Average wait time for an appointment with PCP

Use of Services/Utilization:
-Average number of visits to MH/SUD providers per beneficiary
-Inpatient admission for MH/SUD conditions/1,000 beneficiaries
-Inpatient admissions/1,000 beneficiary
-MH/SUD facility
-Number of days in ICF or SNF per beneficiary over 64 years
-Percent of beneficiaries accessing 24-hour day/night care at MH/SUD facility
-Re-admission rates of MH/SUD

Health Plan Stability/ Financial/Cost of Care:
-Actual reserves held by plan
-Days cash on hand
-Days in unpaid claims/claims outstanding
-Expenditures by medical category of service (i.e., inpatient, ER, pharmacy, lab, x-ray, dental, vision, etc.)
-Medical loss ratio
-Net income
-Net worth
-State minimum reserve requirements
-Total revenue

Health Plan/ Provider Characteristics:
-Board Certification
-Languages Spoken (other than English)
-Provider turnover

Beneficiary Characteristics:
-Beneficiary need for interpreter
-Information on primary languages spoken by beneficiaries
-MCO/PCP-specific disenrollment rate

Performance Measures - Others:
None

Performance Improvement Projects

Project Requirements:
-MCOs are required to conduct a project(s) of their own choosing

Clinical Topics:
-Adult hearing and vision screening
-Asthma management
-Beta Blocker treatment after a heart attack
-Breast cancer screening (Mammography)
-Breast cancer treatment
-Cervical cancer screening (Pap Test)
-Cervical cancer treatment
MASSACHUSETTS
Senior Care Options (SCO)

</table>

### ADDITIONAL INFORMATION

The Wisconsin Partnership Program began operating under a dual Medicaid–Medicare waiver in January 1999. This program provides comprehensive Medicaid and Medicare services for older adults (ages 65+) and people with disabilities (ages 18-64). The Partnership Program integrates health and long-term support services and includes home- and community-based care, physician services, and all other medical care. Services are delivered in the participants home or a setting of his or her choice. Team-based care management is a key component of the program. Enrollees must meet nursing home level-of-care to state, enrollees must meet either a nursing home or an ICF/MR level of care. The Partnership Program goals are to: improve quality of health care and service delivery while containing costs; reduce fragmentation and inefficiency in the existing health care delivery system; increase the ability of people to live in the community and participate in decisions regarding their own health care. Other special characteristics: same goals as PACE Program; nurse practitioners play a key role in linking services; recipients can bring their own provider as PCP; external committee evaluation

PROGRAM DATA

Program Service Area: Initial Waiver Effective Date:
Region by MCO Contract January 01, 2001
Waiver Expiration Date:
December 31, 2010

Service Delivery

Target Group: Level of Care:
Aged and Disabled Nursing Home
Mentally Retarded and Developmentally Disabled ICFMR

ADDITIONAL INFORMATION

The 1932(a) program incorporates all state plan services including the services available under the 1915(c) waiver program.

QUALITY ACTIVITIES FOR MCO/HIO

State Quality Assessment and Improvement

Activities:
- Encounter Data (see below for details)
- Monitoring of MCO Standards
- Ombudsman
- On-Site Reviews
- Performance Improvement Projects (see below for details)
- Performance Measures (see below for details)

Use of Collected Data:
- Contract Standard Compliance
- Monitor Quality Improvement

Consumer Self-Report Data:
- None

Use of HEDIS:
- The State uses SOME of the HEDIS measures listed for Medicaid
- The State generates from encounter data SOME of the HEDIS measures listed for Medicaid
- State modifies/requires MCOs to modify some or all NCQA
Encounter Data

Collection: Requirements:
- Definition(s) of an encounter (including definitions that may have been clarified or revised over time)
- Incentives/sanctions to insure complete, accurate, timely encounter data submission
- Requirements for data validation
- Requirements for MCOs to collect and maintain encounter data
- Specifications for the submission of encounter data to the Medicaid agency
- Standards to ensure complete, accurate, timely encounter data submission

Collections: Submission Specifications:
- Data submission requirements including documentation describing set of encounter data elements, definitions, sets of acceptable values, standards for data processing and editing
- Deadlines for regular/ongoing encounter data submission(s)
- Encounters to be submitted based upon national standardized forms (e.g. UB-04, NCPDP, ASC X12 837, ADA)
- Guidelines for frequency of encounter data submission
- Guidelines for initial encounter data submission
- Use of Medicaid Identification Number for beneficiaries

Collection: Standardized Forms:
- ADA - American Dental Association dental claim form
- ANSI ASC X12 837 - transaction set format for transmitting health care claims data
- NCPDP - National Council for Prescription Drug Programs pharmacy claim form
- NSF - (National Standard Format) - the CMS approved electronic flat file format for transmitting non-institutional billing data between trading partners, such as physicians and suppliers
- UB-04 (CMS 1450) - (Uniform Billing) - the CMS approved electronic flat file format for transmitting institutional billing data between trading partners, such as hospitals, long term care facilities, etc.

Validation - Methods:
- Automated analysis of encounter data submission to help determine to data completeness (e.g. frequency distributions, cross-tabulations, trend analysis, etc.)
- Automated edits of key fields used for calculation (e.g. codes within an allowable range)

MCO/HIO conducts data accuracy check(s) on specified data elements:
- Date of Service
- Date of Processing
- Date of Payment
- Provider ID
- Type of Service
- Medicaid Eligibility
- Plan Enrollment
- Diagnosis Codes
- Procedure Codes
- Revenue Codes
- Age-appropriate diagnosis/procedure
- Gender-appropriate diagnosis/procedure

State conducts general data completeness assessments:
Yes

Performance Measures

Process Quality:
None

Health Status/Outcomes Quality:
- Patient satisfaction with care

Access/Availability of Care:
None

Use of Services/Utilization:
- Emergency room visits/1,000 beneficiary
- Number of hospital admissions per member per year
- Number of hospital days per member per year
- Percentage of beneficiaries with at least one dental visit
- Percentage of people living at home, CBRF/group home, nursing home

Non-Emergency Medical Transportation (NEMT)

Subpopulations Excluded from Otherwise Included Populations:
- American Indian/Alaskan Native
- Medicare Dual Eligibles

Medicare Dual Eligibles Included:
QMB Plus, SLMB Plus, and Medicaid only

Medicare Dual Eligibles Excluded:
QMB
SLMB, QI, and QDWI

Part D Benefit

MCE has Medicare Contract:
No

Scope of Part D Coverage:
Not Applicable

Coverage of Part D Excluded Drugs in Medicaid Managed Care Contracts:
None

SERVING PEOPLE WITH COMPLEX (SPECIAL) NEEDS

Program Includes People with Complex (Special) Needs:
Yes

Strategies Used to Identify Persons with Complex (Special) Needs:
-Surveys medical needs of enrollee to identify members of these groups
-Uses eligibility data to identify members of these groups

Agencies with which Medicaid Coordinates the Operation of the Program:
- Developmental Disabilities Agency
- Mental Health Agency

PARTICIPATING PLANS/PCCM AND OTHER PROGRAMS

Medical Transportation Management Inc. (MTM)

ADDITIONAL INFORMATION

The Broker handles scheduling of NEMT transportation statewide and authorizes the least expensive and most appropriate ancillary services based on confirmed eligibility. The Broker enlists a network of transportation providers across the state to provide service utilizing sedan, lift van, and public transportation when appropriate. The Broker has internal controls, policies and procedures in place to prevent, detect, and review and report to the Medicaid state agency instances of suspected fraud and abuse by providers, subcontractors and recipients.

QUALITY ACTIVITIES FOR PAHP

State Quality Assessment and Improvement Activities:
- Consumer Self-Report Data (see below for details)

Use of Collected Data:
- Beneficiary Plan Selection
KANSAS Non-Emergency Medical Transportation (NEMT)

- Encounter Data (see below for details)
- Enrollee Hotlines
- Focused Studies
- Network Data
- On-Site Reviews
- PAHP Standards (see below for details)
- Performance Improvement Projects (see below for details)
- Performance Measures (see below for details)
- Provider Data

Consumer Self-Report Data:
- State-developed Survey

Use of HEDIS:
- The State DOES NOT use any of the HEDIS measures
- The State DOES NOT generate from encounter data any of the HEDIS measure listed for Medicaid

Encounter Data

Collection: Requirements:
- Definition(s) of an encounter (including definitions that may have been clarified or revised over time)
- Requirements for data validation
- Requirements for PAHPs to collect and maintain encounter data
- Specifications for the submission of encounter data to the Medicaid agency
- Standards to ensure complete, accurate, timely encounter data submission

Collections - Submission Specifications:
- Data submission requirements including documentation describing set of encounter data elements, definitions, sets of acceptable values, standards for data processing and editing
- Deadlines for regular/ongoing encounter data submission(s)
- Guidelines for frequency of encounter data submission
- Use of Medicaid Identification Number for beneficiaries

Collection: Standardized Forms:
- Not Applicable

Validation - Methods:
- Automated edits of key fields used for calculation (e.g. codes within an allowable range)
- Medical record validation

PAHP conducts data accuracy check(s) on specified data elements:
- Date of Service
- Provider ID
- Medicaid Eligibility
- Plan Enrollment
- Diagnosis Codes
- Procedure Codes

State conducts general data completeness assessments:
- Yes

Performance Measures

Process Quality:
- Not Applicable

Health Status/Outcomes Quality:
- Not Applicable

Access/Availability of Care:
- Adult’s access to preventive/ambulatory health services

Use of Services/Utilization:
- Not Applicable

Health Plan Stability/Financial/Cost of Care:
- Total revenue

Health Plan/Provider Characteristics:
- Board Certification
- Languages Spoken (other than English)

Beneficiary Characteristics:
- Information of beneficiary ethnicity/race
- Information on primary languages spoken by beneficiaries

Performance Measures - Others:
- None

673
KANSAS
Non-Emergency Medical Transportation (NEMT)

-Percentage of beneficiaries who are auto-assigned to PAHPs

Performance Improvement Projects

Project Requirements: Clinical Topics:
-PAHPs are required to conduct a project(s) of their own choosing None

Non-Clinical Topics:
-Adults access to preventive/ambulatory health services

Standards/Accreditation

PAHP Standards: Accreditation Required for Participation:
-State-Developed/Specified Standards None

Non-Duplication Based on Accreditation:
None

**Consumer Self-Report Data:**
- State-developed Survey

**Use of Collected Data:**
- Use of HEDIS:
  - The State DOES NOT use any of the HEDIS measures
  - The State DOES NOT generate from encounter data any of the HEDIS measure listed for Medicaid

**Encounter Data**

**Collection: Requirements:**
- Specifications for the submission of encounter data to the Medicaid agency
- Standards to ensure complete, accurate, timely encounter data submission

**Collections - Submission Specifications:**
- Data submission requirements including documentation describing set of encounter data elements, definitions, sets of acceptable values, standards for data processing and editing

**Collection: Standardized Forms:**
None

**Validation - Methods:**
- Automated analysis of encounter data submission to help determine to data completeness (e.g. frequency distributions, cross-tabulations, trend analysis, etc.)
- Automated edits of key fields used for calculation (e.g. codes within an allowable range)

**PAHP conducts data accuracy check(s) on specified data elements:**
- Date of Service
- Date of Processing
- Date of Payment
- Type of Service
- Medicaid Eligibility

**State conducts general data completeness assessments:**
Yes

- Reside in Nursing Facility or ICF/MR
- Special Needs Children (BBA defined)
- Special Needs Children (State defined)
- Subsidized Adoptions under Titles IV-B and IV-E

Lock-In Provision:
12 month lock-in

Medicare Dual Eligibles Excluded:
Exclude all categories of Medicare Dual Eligibles

Part D Benefit

MCE has Medicare Contract:
No

Provides Part D Benefits:
Not Applicable

Scope of Part D Coverage:
Not Applicable

Part D - Enhanced Alternative Coverage:
Not Applicable

Coverage of Part D Excluded Drugs in Medicaid Managed Care Contracts:
None

PARTICIPATING PLANS/PCCM AND OTHER PROGRAMS
Carelink Health Plan
Health Plan of the Upper Ohio Valley
Unicare Health Plan of WV

ADDITIONAL INFORMATION

Under this program, if the member signs the "Member Agreement" and enrolls into Enhanced services, they will receive additional benefits. The enhanced benefits include: cardiac and pulmonary rehabilitation, nutritional counseling, tobacco cessation, and weight management services. If the member chooses not to sign the "Member Agreement" they will remain in Basic for one year.

Poverty Level Infants and Children are mandatorily enrolled under Sections 1902(a)(10)(A)(i)(V)-(VII) and under Section 1902(a)(10)(A)(ii)(IX) and (XIV).

Children are guaranteed one year eligibility. Adults do not have guaranteed eligibility.

Caretaker/relatives have voluntary enrollment choices.

QUALITY ACTIVITIES FOR MCO/HIO

State Quality Assessment and Improvement
Activities:
- Accreditation for Participation
- Consumer Self-Report Data (see below for details)
- Encounter Data (see below for details)
- Enrollee Hotlines
- Focused Studies
- MCO Standards (see below for details)
- Monitoring of MCO Standards

Use of Collected Data:
- Data Mining
- Health Services Research
- Monitor Quality Improvement
- Program Evaluation
- Regulatory Compliance/Federal Reporting

711
WEST VIRGINIA
Mountain Health Choices

- Network Data
- On-Site Reviews
- Performance Improvement Projects (see below for details)
- Performance Measures (see below for details)
- Provider Data

Consumer Self-Report Data:
- CAHPS
  - Adult Medicaid AFDC Questionnaire
  - Child Medicaid AFDC Questionnaire
  - Child with Special Needs Questionnaire

Use of HEDIS:
- The State uses SOME of the HEDIS measures listed for Medicaid
- The State DOES NOT generate from encounter data any of the HEDIS measures, but plans to generate SOME or ALL of the HEDIS measures listed for Medicaid in the future
- State use/require MCOs to follow NCQA specifications for all of the HEDIS measures listed for Medicaid that it collects

Encounter Data

Collection: Requirements:
- Requirements for MCOs to collect and maintain encounter data

Collections: Submission Specifications:
None

Collection: Standardized Forms:
None

Validation - Methods:
- Automated analysis of encounter data submission to help determine to data completeness (e.g. frequency distributions, cross-tabulations, trend analysis, etc.)
- Comparison to benchmarks and norms (e.g. comparisons to State FFS utilization rates, comparisons to MCO commercial utilization rates, comparisons to national norms, comparisons to submitted bills or cost-ratios)

State conducts general data completeness assessments:
Yes

MCO/HIO conducts data accuracy check(s) on specified data elements:
- Date of Service
- Date of Processing
- Date of Payment
- Provider ID
- Type of Service
- Medicaid Eligibility
- Plan Enrollment
- Diagnosis Codes
- Procedure Codes
- Revenue Codes
- Age-appropriate diagnosis/procedure
- Gender-appropriate diagnosis/procedure

Performance Measures

Process Quality:
- Adolescent immunization rate
- Adolescent well-care visit rate
- Asthma care - medication use
- Beta-blocker treatment after heart attack
- Breast Cancer screening rate
- Cervical cancer screening rate
- Check-ups after delivery
- Cholesterol screening and management
- Controlling high blood pressure
- Diabetes medication management
- Frequency of on-going prenatal care
- Initiation of prenatal care - timeliness of
- Smoking prevention and cessation
- Well-child care visit rates in 3, 4, 5, and 6 years of life

Health Status/Outcomes Quality:
- Patient satisfaction with care
### WEST VIRGINIA

Mountains Health Choices

- Well-child care visit rates in first 15 months of life

#### Performance Improvement Projects

**Project Requirements:**
- All MCOs participating in the managed care program are required to conduct a common performance improvement project(s) prescribed by the State Medicaid agency.
- Multiple, but not all, MCOs participating in the managed care program are required to conduct a common performance improvement project(s) prescribed by the State Medicaid agency.

**Clinical Topics:**
- Adolescent Immunization
- Asthma management
- Childhood Immunization
- Diabetes management
- Emergency Room service utilization
- Well Child Care/EPSDT

**Non-Clinical Topics:**
- Adults access to preventive/ambulatory health services

#### Standards/Accreditation

**MCO Standards:**
- NCQA (National Committee for Quality Assurance) Standards

**Accreditation Required for Participation:**
- NCQA Standards

**Non-Duplication Based on Accreditation:**
- None

**EQRO Name:**
- Delmarva Foundation

**EQRO Organization:**
- Private accreditation organization

**EQRO Mandatory Activities:**
- Review of MCO compliance with structural and operational standards established by the State
- Validation of performance improvement projects
- Validation of performance measures

**EQRO Optional Activities:**
- None

#### Pay for Performance (P4P)

**Implementation of P4P:**
- The State HAS NOT implemented a Pay-for-Performance program with the MCO

**Program Payers:**
- Not Applicable

**Population Categories Included:**
- Not Applicable

**Rewards Model:**

ARKANSAS
Program of All-inclusive Care for the Elderly (PACE)

CONTACT INFORMATION

State Medicaid Contact: Stephanie Blocker
Director of Aging and Adult Services
Arkansas Department of Human Services
(501) 683-7962

State Website Address: http://www.daas.ar.gov

PACE Organization

Approved PACE Organization Name: Total Life Healthcare
Program Agreement Effective Date: June 01, 2008
PACE Contact: Becky McDaniels, CEO
225 East Jackson #92
Jonesboro, AR 72401
(870) 207-6703

ADDITIONAL INFORMATION

Under the authority of sections 1894 and 1934 of the Social Security Act, PACE organizations provides pre-paid, capitated, comprehensive health care services to frail elders.

To be eligible to enroll, individuals must be 55 years of age and older, certified by the State administering agency as needing a nursing facility level of care, and reside in the approved service area of a PACE organization. At the time of enrollment, an individual must be able to live in a community setting without jeopardizing his or her health or safety. Enrollment is voluntary and is not restricted to individuals who are Medicare beneficiaries and/or Medicaid recipients.

The PACE organization receives a prospective monthly payment for each Medicare participant based on a rate similar to the rate paid to Medicare Advantage and a prospective monthly payment for each Medicaid participant that is negotiated between the PACE organization and the State administering agency. The Medicaid capitation must be less than the amount that would have been paid under the State plan if the individuals were not enrolled in PACE. PACE organizations may charge a premium to individuals who do not have Medicaid eligibility.

The PACE benefit package for all participants, regardless of the source of payment, must include all Medicaid-covered services, as specified in the State's approved Medicaid plan, all Medicare-covered services, and other services determined necessary by the interdisciplinary team to improve and maintain the individual's overall health status. While enrolled in a PACE program, the participant must receive all Medicare and Medicaid benefits solely through the PACE organization.

The PACE organization receives a prospective monthly payment for each Medicare participant based on a rate similar to the rate paid to Medicare Advantage and a prospective monthly payment for each Medicaid participant that is negotiated between the PACE organization and the State administering agency. The Medicaid capitation must be less than the amount that would have been paid under the State plan if the individuals were not enrolled in PACE. PACE organizations may charge a premium to individuals who do not have Medicaid eligibility.

The PACE benefit package for all participants, regardless of the source of payment, must include all Medicaid-covered services, as specified in the State's approved Medicaid plan, all Medicare-covered services, and other services determined necessary by the interdisciplinary team to improve and maintain the individual's overall health status. While enrolled in a PACE program, the participant must receive all Medicare and Medicaid benefits solely through the PACE organization.

ADDITIONAL INFORMATION

Under the authority of sections 1894 and 1934 of the Social Security Act, PACE organizations provides pre-paid, capitated, comprehensive health care services to frail elders.

To be eligible to enroll, individuals must be 55 years of age and older, certified by the State administering agency as needing a nursing facility level of care, and reside in the approved service area of a PACE organization. At the time of enrollment, an individual must be able to live in a community setting without jeopardizing his or her health or safety. Enrollment is voluntary and is not restricted to individuals who are Medicare beneficiaries and/or Medicaid recipients.

The PACE organization receives a prospective monthly payment for each Medicare participant based on a rate similar to the rate paid to Medicare Advantage and a prospective monthly payment for each Medicaid participant that is negotiated between the PACE organization and the State administering agency. The Medicaid capitation must be less than the amount that would have been paid under the State plan if the individuals were not enrolled in PACE. PACE organizations may charge a premium to individuals who do not have Medicaid eligibility.

The PACE benefit package for all participants, regardless of the source of payment, must include all Medicaid-covered services, as specified in the State's approved Medicaid plan, all Medicare-covered services, and other services determined necessary by the interdisciplinary team to improve and maintain the individual's overall health status. While enrolled in a PACE program, the participant must receive all Medicare and Medicaid benefits solely through the PACE organization.

### ADDITIONAL INFORMATION

Under the authority of sections 1894 and 1934 of the Social Security Act, PACE organizations provides pre-paid, capitated, comprehensive health care services to frail elders.

To be eligible to enroll, individuals must be 55 years of age and older, certified by the State administering agency as needing a nursing facility level of care, and reside in the approved service area of a PACE organization. At the time of enrollment, an individual must be able to live in a community setting without jeopardizing his or her health or safety. Enrollment is voluntary and is not restricted to
individuals who are Medicare beneficiaries and/or Medicaid recipients.

The PACE organization receives a prospective monthly payment for each Medicare participant based on a rate similar to the rate paid to Medicare Advantage and a prospective monthly payment for each Medicaid participant that is negotiated between the PACE organization and the State administering agency. The Medicaid capitation must be less than the amount that would have been paid under the State plan if the individuals were not enrolled in PACE. PACE organizations may charge a premium to individuals who do not have Medicaid eligibility.

The PACE benefit package for all participants, regardless of the source of payment, must include all Medicaid-covered services, as specified in the State's approved Medicaid plan, all Medicare-covered services, and other services determined necessary by the interdisciplinary team to improve and maintain the individual's overall health status. While enrolled in a PACE program, the participant must receive all Medicare and Medicaid benefits solely through the PACE organization.

PACE Organization

Approved PACE Organization Name: PACE Organization of Rhode Island

Program Agreement Effective Date: December 01, 2005

PACE Contact: Joan Kwiakowski
225 Chapman Street
Providence, RI 02905
(401) 490-7610

ADDITIONAL INFORMATION

Under the authority of sections 1894 and 1934 of the Social Security Act, PACE organizations provides pre-paid, capitated, comprehensive health care services to frail elders.

To be eligible to enroll, individuals must be 55 years of age and older, certified by the State administering agency as needing a nursing facility level of care, and reside in the approved service area of a PACE organization. At the time of enrollment, an individual must be able to live in a community setting without jeopardizing his or her health or safety. Enrollment is voluntary and is not restricted to individuals who are Medicare beneficiaries and/or Medicaid recipients.

The PACE organization receives a prospective monthly payment for each Medicare participant based on a rate similar to the rate paid to Medicare Advantage and a prospective monthly payment for each Medicaid participant that is negotiated between the PACE organization and the State administering agency. The Medicaid capitation must be less than the amount that would have been paid under the State plan if the individuals were not enrolled in PACE. PACE organizations may charge a premium to individuals who do not have Medicaid eligibility.

The PACE benefit package for all participants, regardless of the source of payment, must include all Medicaid-covered services, as specified in the State's approved Medicaid plan, all Medicare-covered services, and other services determined necessary by the interdisciplinary team to improve and maintain the individual's overall health status. While enrolled in a PACE program, the participant must receive all Medicare and Medicaid benefits solely through the PACE organization.

Alabama
• The Partnership Hospital Program, 1915(a) voluntary program was terminated.

California
• California previously reported the following three waiver programs: CalOPTIMA, Central Coast Alliance for Health (now known as Central California Alliance for Health) and Partnership Health Plan of California. In 2003, these three entities were consolidated under one 1915(b) waiver known as the Health Insuring Organizations (HIO) of California but reporting in the National Summary remained separate. In an effort to improve the accuracy of reporting, California has appropriately reported the HIO of California waiver and identified CalOPTIMA, Central California Alliance for Health and Partnership Health Plan as the participating managed care entities in the program.

Florida
• The Florida Medicaid Alzheimer's Waiver Program, 1915(b)/(c) was terminated.

Georgia
• Georgia Preadmission Screening and Annual Resident Review (PASARR) program was terminated.

Kansas
• Kansas has implemented a 1902(a)(70) Non-Emergency Medical Transportation (NEMT) program.

Maryland
• Living at Home Case Management Waiver, “other managed care entity type – selective contract”, is a new 1915(b)(c) program.

Massachusetts
• Senior Care Options (SCO) program, 1915(a)/(c), is not a new program but is listed for the first time in this report.

Minnesota
• The Minnesota Prepaid Medical Assistance Program-1115 and MinnesotaCare Program for Families and Children are now combined into one program.

Montana
• MT – Nurse First Disease Management PAHP is no longer operating. MT implemented Nurse First – Selective Contracting and Enhanced PCCM sub-programs under the Passport to Health program.

New Hampshire
• The Medicaid Health Management Program, 1915(b) was terminated.

New Jersey
• NJ has implemented a 1902(a)(70) Non-Emergency Transportation Broker program.

New Mexico
• The New Mexico State Coverage Insurance Section 1115 Demonstration program is a new 1115 program.
• The mental health carve-out is no longer under the New Mexico SALUD! program. It’s operating as a separate mental health program, Salud!Behavioral Health.

New York
• The PCCM Provider-FFS model is no longer operational under the Federal-State Health Reform Partnership (F-SHRP) Medicaid Managed Care and Partnership Plan Medicaid Managed Care, 1115 programs.
• NY implemented a 1915(b)(4), Selective Contracting – Bariatric Surgery program.

North Carolina
• Piedmont Cardinal Health Plan (Innovations) 1915 b/c program name changed to NC Mental Health Development Disabilities and Substance Abuse Services Waiver.
Oregon
- Oregon has terminated the P4P program under the Oregon Health Plan Plus program due to the legislature appropriated funds for those preventive services/PCP access grants just the one time.

Rhode Island
- Connect Care Choice is a PCCM program formerly under 1932(a) SPA but was rolled into 1115 waiver.

South Carolina
- The Health Maintenance Organization (HMO) program was converted from 1915(a) voluntary to 1932(a).
- The Medically Fragile Children Program (MFCP), 1915(a) voluntary program was terminated.

Tennessee
- The Pharmacy Benefit Manager was previously reported as “Other” managed care entity under the TennCare II program. It is now reported as a Pharmacy Benefit Manager PAHP.
- The Dental Benefit Manager was previously reported as “Other” managed care entity under the TennCare II program. It is now reported as a Dental Benefit Manager PAHP.

Texas
- The 1915(b) Texas Disease Management Program was renamed Texas Medicaid Enhanced Care Program.

Utah
- Healthy Outcomes Medical Excellence (HOME) program, 1915(a) voluntary is not a new program but is listed for the first time in this report.
Section: Program Data--Operating Authority Terms

1915(b)  Mandatory managed care program which has restrictions on beneficiaries’ freedom of choice provider.

1915(b)(1)  Service Arrangement provision. The State may restrict the provider from or through whom beneficiaries may obtain services.

1915(b)(2)  Locality as Central Broker provision. Under this provision, localities may assist beneficiaries in selecting a primary care provider.

1915(b)(3)  Sharing of Cost Savings provision. The State may share cost savings, in the form of additional services, with beneficiaries.

1915(b)(4)  Restriction of Beneficiaries to Specified Providers provision. Under this provision, States may require beneficiaries to obtain services only from specific providers.

1115(a)  Research and Demonstration Clause. The State utilizes specific authority within Section 1115(a) of the Social Security Act to allow the State to provide services through the vehicle of a Research and Demonstration Health Care Reform waiver program.

1932(a)  State Option to use Managed Care. This section of the Act permits States to enroll their Medicaid beneficiaries in managed care entities on a mandatory basis without section 1915(b) or 1115 waiver authority.

1915(a)  Voluntary managed care program in which enrollment is voluntary and therefore does not require a waiver.

1915(b)/1915(c)  Concurrent waiver programs, or portions thereof, operating under both 1915(b) managed care and 1915(c) home and community-based services waivers.

1915(a)/1915(c)  Concurrent waiver programs, or portions thereof, operating under both 1915(a) voluntary managed care and 1915(c) home and community-based services waivers.
National Summary of State Medicaid Managed Care Programs
Glossary as of July 1, 2010

1905(t) Voluntary PCCM managed care program in which enrollment is voluntary and therefore does not require a waiver.

1937 Alternative Benefit Package Benchmark Program – Managed care program operates under this authority through a State plan amendment.

1902(a)(70) Option for States to amend their Medicaid state plans to establish Non-Emergency Medical Transportation Brokerage program without regard to the statutory requirements for comparability, statewideness, and freedom of choice.

1902(a)(1) Statewideness. This section of the Act requires a Medicaid State plan to be in effect in all political subdivisions of the State. Waiving 1902(a)(1) indicates that this waiver program is not available throughout the State.

1902(a)(10)(B) Comparability of Services. This section of the Act requires State Medicaid plans to permit all individuals eligible for Medicaid to obtain medical assistance. Waiving 1902(a)(10)(B) indicates that the scope of services offered to beneficiaries enrolled in this program are broader than those offered to beneficiaries not enrolled in the program.

1902(a)(23) Freedom of Choice. This section of the Act requires State Medicaid plans to permit all individuals eligible for Medicaid to obtain medical assistance from any qualified provider in the State. Under this program, free choice of providers is restricted.

Section: Service Delivery--Managed Care Entity Terms

PCCM Primary Care Case Management (PCCM) Provider is usually a physician, physician group practice, or an entity employing or having other arrangements with such physicians, but sometimes also including nurse practitioners, nurse midwives, or physician assistants who contracts to locate, coordinate, and monitor covered primary care (and sometimes additional services). This category include PCCMs and those PIHPs which act as PCCMs.

PIHP Prepaid Inpatient Health Plan (PIHP) – A PIHP is a prepaid inpatient health plan that provides less than comprehensive services on an at-risk or other than state plan reimbursement basis; and provides,
arranges for, or otherwise has responsibility for the provision of any inpatient hospital or institutional services. {Comprehensive services are defined in 42 CFR 438.2} There are several types of PIHPs that States use to deliver a range of services (i.e. Mental Health (MH) PIHP is a managed care entity provides only mental health services.

**PAHP**

Prepaid Ambulatory Health Plan (PAHP) – A PAHP is a prepaid ambulatory health plan that provides less than comprehensive services on an at-risk or other than state plan reimbursement basis, and does not provide, arrange for, or otherwise have responsibility for the provision of any inpatient hospital or institutional services. {Comprehensive services are defined in 42 CFR 438.2} There are several types of PAHPs that States use to deliver a range of services. For example, a Dental PAHP is a managed care entity that provides only dental services.

**MCO**

Managed Care Organization is a health maintenance organization, an eligible organization with a contract under §1876 or a Medicare-Choice organization, a provider sponsored organization or any other private or public organization which meets the requirements of §1902 (w) to provide comprehensive services.

**HIO**

Health Insuring Organization is an entity that provides for or arranges for the provision of care and contracts on a prepaid capitated risk basis to provide a comprehensive set of services.

**Section: Service Delivery--Reimbursement Arrangement Terms**

**Fee-For-Service**

The managed care entity is paid for providing services to enrollees solely through fee-for-service payments, plus in a PCCM, a case management fee.

**Risk-based Capitation**

The managed care entity is paid for providing services to enrollees primarily through capitation. (There may be other payments under the contract such as incentive arrangements or risk-sharing.)

**Non-risk Capitation**

The managed care entity is paid for providing services to enrollees through capitation, but payments are settled at the end of the year at amounts that do not exceed the FFS cost for services actually provided, plus an amount for administration.
### Section: Quality Activity Terms

<table>
<thead>
<tr>
<th>Term</th>
<th>Description</th>
</tr>
</thead>
<tbody>
<tr>
<td>Accreditation for Deeming</td>
<td>Some States use the findings of private accreditation organizations, in part or in whole, to supplement or substitute for State oversight of some quality related standards. This is referred to as &quot;deemed compliance&quot; with a standard.</td>
</tr>
<tr>
<td>Accreditation for Participation</td>
<td>State requirement that plans must be accredited to participate in the Medicaid managed care program.</td>
</tr>
<tr>
<td>Consumer Self-Report Data</td>
<td>Data collected through survey or focus group. Surveys may include Medicaid beneficiaries currently or previously enrolled in a MCO, PIHP, or PAHP. The survey may be conducted by the State or a contractor to the State.</td>
</tr>
<tr>
<td>Encounter Data</td>
<td>Detailed data about individual services provided to individual beneficiaries at the point of the beneficiary's interaction with a MCO, PIHP, PAHP institutional or practitioner provider. The level of detail about each service reported is similar to that of a standard claim form. Encounter data are also sometimes referred to as &quot;shadow claims&quot;.</td>
</tr>
<tr>
<td>Enrollee Hotlines</td>
<td>Toll-free telephone lines, usually staffed by the State or enrollment broker that beneficiaries may call when they encounter a problem with their MCO, PIHP, PAHP. The people who staff hotlines are knowledgeable about program policies and may play an &quot;intake and triage&quot; role or may assist in resolving the problem.</td>
</tr>
<tr>
<td>Focused Studies</td>
<td>State required studies that examine a specific aspect of health care (such as prenatal care) for a defined point in time. These projects are usually based on information extracted from medical records or MCO, PIHP, PAHP administrative data such as enrollment files and encounter /claims data. State staff, EQRO staff, MCO, PIHP, PAHP staff or more than one of these entities may perform such studies at the discretion of the State.</td>
</tr>
</tbody>
</table>
### National Summary of State Medicaid Managed Care Programs

**Glossary as of July 1, 2010**

<table>
<thead>
<tr>
<th>Term</th>
<th>Description</th>
</tr>
</thead>
<tbody>
<tr>
<td><strong>MCO/PIHP/PAHP</strong></td>
<td>These are standards that States set for plan structure, operations, and the internal quality improvement/assurance system that each MCO/PIHP/PAHP must have in order to participate in the Medicaid program.</td>
</tr>
<tr>
<td><strong>Monitoring of Standards</strong></td>
<td>Activities related to the monitoring of standards that have been set for plan structure, operations, and quality improvement/assurance to determine that standards have been established, implemented, adhered to, etc.</td>
</tr>
<tr>
<td><strong>Ombudsman</strong></td>
<td>An ombudsman is an individual who assists enrollees in resolving problems they may have with their MCO/PIHP/PAHP. An ombudsman is a neutral party who works with the enrollee, the MCO/PIHP/PAHP, and the provider (as appropriate) to resolve individual enrollee problems.</td>
</tr>
<tr>
<td><strong>On-Site Reviews</strong></td>
<td>Reviews performed on-site at the MCO/PIHP/PAHP health care delivery system sites to assess the physical resources and operational practices in place to deliver health care.</td>
</tr>
<tr>
<td><strong>Performance Improvement Projects</strong></td>
<td>Projects that examine and seek to achieve improvement in major areas of clinical and non-clinical services. These projects are usually based on information such as enrollee characteristics, standardized measures, utilization, diagnosis and outcome information, data from surveys, grievance and appeals processes, etc. They measure performance at two periods of time to ascertain if improvement has occurred. These projects are required by the State and can be of the MCO/PIHP/PAHPs choosing or prescribed by the State.</td>
</tr>
<tr>
<td><strong>Performance Measures</strong></td>
<td>Quantitative or qualitative measures of the care and services delivered to enrollees (process) or the end result of that care and services (outcomes). Performance measures can be used to assess other aspects of an individual or organization’s performance such as access and availability of care, utilization of care, health plan stability, beneficiary characteristics, and other structural and operational aspect of health care services. Performance measures included here may include measures calculated by the State (from encounter data or another data source), or measures submitted by the MCO/PIHP/PAHP.</td>
</tr>
</tbody>

### National Summary of State Medicaid Managed Care Programs

**Glossary as of July 1, 2010**

| **Provider Data** | Data collected through a survey or focus group of providers who participate in the Medicaid program and have provided services to enrolled Medicaid beneficiaries. The State or a contractor of the State may conduct survey. |
| **HEDIS Measures from Encounter Data** | *Health Plan Employer Data and Information Set (HEDIS)* measures from encounter data as opposed to having the plans generate HEDIS measures. HEDIS is a collection of performance measures and their definitions produced by the National Committee for Quality Assurance (NCQA). |
| **EQRO** | Federal law and regulations require States to use an *External Quality Review Organization (EQRO)* to review the care provided by capitated managed care entities. EQROs may be Peer Review Organizations (PROs), another entity that meets PRO requirements, or a private accreditation body. |
| **Pay for Performance (P4P)** | P4P programs are designed to improve patients’ quality of care by recognizing and rewarding high standards of care. This section identifies the States’ implementation of a P4P program with any MCOs participating in the State’s managed care program. |
