<sup>1</sup>Medicare enrollees in managed care plans are not included in the denominator used to calculate the utilization rates and average payments.

<sup>2</sup>Does not reflect beneficiaries who received covered services but for whom no program payments were reported during the reporting year.

<sup>3</sup>Includes United States and outlying areas.

<sup>4</sup>Includes 50 States and District of Columbia.

<sup>5</sup>Includes Puerto Rico, Virgin Islands, Guam, residence unknown, and all other outlying areas.

NOTES: Approximately 2.5-percent of the persons receiving reimbursed services could not be classified and distributed by state of residence but are included in the total for all areas. Medicare program payments represent fee-for-service only and exclude amounts paid for managed care services. The home health prospective payment system was implemented beginning October 1, 2000. Numbers may not add to total because of rounding.
