¹Excludes discharges for managed care enrollees that were paid by the managed care plan.

²The average program payment per discharge does not reflect discharges with covered services, but for whom no program payments were reported.

³Includes discharges from short-stay hospitals in the 50 States and the District of Columbia; excludes discharges from short-stay hospitals in all outlying areas.

⁴Represents hospitals with an approved resident program.

NOTES: Medicare program payments represent fee-for-service only and exclude amounts paid for managed care services. The Medicare SSH use and cost data presented in this table are slightly different from comparable national totals shown in other SSH tables since two different sample data files were utilized to generate the data. Numbers may not add to total due to rounding.
