

## **HISTORICALLY BLACK COLLEGES AND UNIVERSITIES HEALTH SERVICES RESEARCH GRANT PROGRAM**

The purpose of the Centers for Medicare & Medicaid Services' Historically Black Colleges and Universities (HBCUs) Health Services Research Grant Program is to support HBCU researchers in carrying out health services research activities to meet the needs of diverse CMS beneficiary populations. This is the 9<sup>th</sup> year for the grant program. The goals of the grant program are to: 1) encourage HBCU health services researchers to pursue research issues which impact the Medicare, Medicaid, and SCHIP programs, 2) assist CMS in implementing its mission focusing on health care quality and improvement for its beneficiaries, 3) assist HBCU researchers by supporting extramural research in health care capacity development activities for the African American community, 4) increase the pool of African American researchers capable of implementing the research, demonstration, and evaluation activities of CMS, and 5) assist in fostering interuniversity communication and collaboration regarding African American health disparity issues.

Funding is available for grants to implement research related to health care delivery and health financing issues affecting the African American community, including issues of access to health care, utilization of health care services, health outcomes, quality of services, cost of care, health and racial disparities, socio-economic differences, cultural barriers, managed care systems, and activities related to health screening, prevention, outreach, and education. Eligible researchers may request \$100,000 to \$125,000 per year for up to two (2) years for these grants.

To be eligible for grants under this program, an organization must be an HBCU and meet one of the following four requirements: 1) offer a Ph.D. or Master's Degree Program in one or more of the following disciplines Allied Health, Economics, Gerontology, Health Services Administration, Health Care Administration, Health Education, Health Management, Human Services and Consumer Sciences, Nursing, Nutrition, Pharmacology, Psychology, Public Health, Public Policy, Social Work; or 2) have a School of Medicine; or 3) be a member of the National HBCU Research Network for Health Services and Health Disparities; or 4) demonstrate the capacity to conduct research on health services delivery or financing issues relevant to Medicare, Medicaid, and SCHIP programs.

### **Schedule for FY 2005 Grant Announcement**

The FY 2005 HBCU Grant Program announcement will be mailed to HBCUs on April 18, 2005. Researchers may also submit an application electronically. Awards will be announced in October 2005. To also receive a copy of the FY 2005 announcement, application forms, and instructions or to obtain further information about this program, contact:
