¹Total Original Medicare enrollees (in person years) for 2013 was 37,531,896. The 'Service Visits per 1,000 Original Medicare Enrollees' rates are based on Original Medicare enrollees with Part A and/or Part B coverage.

NOTES: The data reported in this table are from home health Part A and Part B claims. Services provided by home health agencies to beneficiaries who are not under a home health plan of care are excluded. The persons with utilization counts do not add to totals because beneficiaries may use more than one service during the reported year.
