^{*} Counts between 1 and 10 have been suppressed because of CMS rules to protect the privacy of beneficiaries.

²includes certain groups of Medicare beneficiaries who are automatically deemed eligible for the low-income subsidy and do not have to apply. The following groups are deemed eligible: Full-benefit dual eligibles, that is, persons eligible for both Medicare and full Medicaid benefits; Supplemental Security Income (SSI) recipients, including SSI recipients who do not qualify for Medicaid, and individuals deemed to be SSI recipients; and Medicare beneficiaries who are participants in the Medicare Savings Programs (MSP).

NOTE: Enrollee counts are determined using a person-year methodology that accounts for the number of months a beneficiary is enrolled in the calendar year.

SOURCE: Centers for Medicare & Medicaid Services, Office of Enterprise Data and Analytics, CMS Chronic Conditions Data Warehouse.

[†] Counts have been cross-suppressed to prevent the recalculation of suppressed counts between 1 and 10.

¹Average drug fills are based on a 30-day equivalent.
