¹ICD-9-CM is *International Classification of Diseases, 9th Revision, Clinical Modification* (Volume 1). Only the first listed or principal diagnosis has been used.

²Reflects SNF admissions with at least 1 day of covered care under Medicare.

³The denominator used to calculate the average program payment per covered admission includes only those bills with Medicare reimbursement greater than zero.

NOTES: The leading conditions were selected based on the most frequently reported or special interest principal diagnoses for beneficiaries admitted to SNFs during 2010; excludes ICD-9-CM V codes (Supplementary Classification of Factors Influencing Health Status and Contact with Health Services). Medicare program payments represent fee-for-service only and exclude amounts paid for managed care services.
