¹ Represents total expenditures aggregated on an incurred basis. Due to differences in definition, and methodology, the total Medicare hospital services may differ from corresponding program payments for all hospital services shown elsewhere in this publication. PHC excludes health expenditures for government administration, net costs of health insurance, government public health activity, non-commercial research, and investment in structures and equipment.

NOTES: Numbers may not add to totals because of rounding. Expenditures are in current dollars. National Health Expenditures data files and category definitions are found at <http://www.cms.gov/Research-Statistics-Data-and-Systems/Statistics-Trends-and-Reports/NationalHealthExpendData/NationalHealthAccountsHistorical.html>
