¹Represents total expenditures aggregated on an incurred basis. Due to differences in definition and methodology, total Medicare services may differ from corresponding Medicare program payments shown elsewhere in this publication. PHC excludes health expenditures for government administration and net cost of health insurance, government public health activities, research, and structures and equipment.

²Includes Private Health Insurance, Medicare, Medicaid, Children's Health Insurance Program (Titles XIX and XXI), Department of Defense, and Department of Veterans Affairs.

³Includes Children's Health Insurance Program (Titles XIX and XXI), Department of Defense, and Department of Veterans Affairs.

⁴Includes worksite health care, other private revenues, Indian Health Service, workers' compensation, general assistance, maternal and child health, vocational rehabilitation, other federal programs, Substance Abuse and Mental Health Services Administration, other state and local programs, and school health.

NOTES: GDP is gross domestic product. Numbers may not add to totals due to rounding. Dollar amounts shown are in current dollars.

¹Represents total expenditures aggregated on an incurred basis. Due to differences in definition, and methodology, the total Medicare hospital services may differ from corresponding program payments for all hospital services shown elsewhere in this publication. PHC excludes health expenditures for government administration and net cost of health insurance, government public health activities, research, and structures and equipment.

NOTES: Numbers may not add to totals because of rounding. Expenditures are in current dollars. National Health Expenditures data files and category definitions are found at http://www.cms.hhs.gov/NationalHealthExpendData/02_NationalHealthAccountsHistorical.asp#TopOfPage.
