

Solomon M. Mussey
<i>Office of the Actuary</i>
<i>Director of the Medicare and Medicaid Cost Estimates Group</i>
<p>As Director of the Medicare and Medicaid Cost Estimates Group in the Office of the Actuary, Mr. Mussey is responsible for preparation of short-range and long-range cost estimates related to the Medicare and Medicaid programs, including estimates for the annual Trustees Reports, the President's budget, and miscellaneous cost estimates related to proposed legislation and health care reform. He also supervises the annual determinations of the Supplementary Medical Insurance (SMI) monthly premium, the Hospital Insurance (HI) monthly premium for the uninsured, the HI inpatient hospital deductible, the skilled nursing facility coinsurance rate, and the Medicare Advantage payment and benchmark amounts. In addition, he participates in the planning and directing of actuarial research related to the Medicare and Medicaid programs.</p> <p>Mr. Mussey has 31 years of actuarial service with the Office of the Actuary, including 28 years with CMS and 3 years with the Social Security Administration. He is an Associate of the Society of Actuaries, and a member of the American Academy of Actuaries, National Academy of Social Insurance, and the Senior Executive Service. He has written several articles on Medicare financial issues, including "Fair Play between Parents and Children," in Contingencies (September/October 1989), which concerns intergenerational aspects of the Medicare Hospital Insurance Program.</p> <p>Mr. Mussey graduated from the University of California at Berkeley, where he received a Bachelors Degree in Mathematics and a Masters Degree in Applied Statistics.</p>
