## Plan Finder User Manual Change History

August 2014 Revisions:

The following updates were made to section 2:

1. Section 2.1 – Replaced screenshot to reflect Q2 2014
2. Section 2.2 – Replaced screenshot to reflect Q2 2014
3. Section 2.3 – Replaced screenshot to reflect Q2 2014

The following updates were made to section 5:

1. Section 5.1 – Replaced screenshot to reflect Q2 2014
2. Section 5.2 – Replaced screenshot to reflect Q2 2014

# Health Insurance Oversight System Plan Finder – User Manual

---

## 1 Introduction

The Center for Consumer Information and Insurance Oversight (CCIIO), a division of the Department of Health and Human Services (HHS), is charged with helping implement many provisions of the Affordable Care Act. CCIIO oversees the implementation of the provisions related to private health insurance including providing oversight for the issuer based product data reports that populate [finder.healthcare.gov](http://finder.healthcare.gov).

The Health Insurance Oversight System (HIOS) was created to facilitate several types of data collections from the Department of Insurance for states/territories as well as insurance issuers that sell health insurance coverage. The collected data is aggregated with other data sources and made public on the consumer-facing website.

Plan Finder is the specific module within HIOS responsible for collecting issuer general identification information, product information, quarterly application data for each product and requesting component IDs for products. There are three available mechanisms for the issuers to submit their data: Microsoft Excel templates, XSD templates for XML submissions and web-entry forms. These technical instructions explain the special features and other technical aspects related to the use of each submission mechanism.

The Office of Consumer Information & Insurance Oversight (CCIIO) strongly recommends that users read this document thoroughly before using the tool. Failure to precisely follow the technical instructions may result in:

- Submission Error
- Loss of data
- Rejected file submission

### 1.1 Instructional Layout

---

The term ‘user’ is used throughout this document to refer to a person who has acquired access to complete submissions within the HIOS Plan Finder module. Each action that is required by the user is indicated via step by step bullets. If an action requires the user to select a specific button or link on the screen, the name of the item to look for will be in ***bold italics***. For example:

1. Select ***OK***.

### 1.2 Technical Specification

---

The HIOS application works within any of the following compatible Internet browsers:

1. Internet Explorer ( version 7 or higher)
2. Mozilla FireFox ( version 5 or higher)
3. Chrome (version 9.0 or higher)

# Health Insurance Oversight System Plan Finder – User Manual

## 2 View Issuer Submitted Data

The Issuer Data Submission Form consists of the following two worksheets, within the same spreadsheet, that must be completed prior to submission:

- Issuer General Info- Displays the data entered for the issuer’s general information, contact information, customer service contact details and rating data.
- Products Offering Info- Displays the reporting of the issuer’s products and application data for each product.

Figure 1: Plan Finder Announcement page

## 2.1 Issuer General Information

The Issuer General Information page displays the data entered for the issuer’s general information, contact information, customer service contact details and rating data. Users shall be able to navigate through all the issuer contacts registered through the HIOS portal.

The View Issuer Submitted Data tab is displayed below in Figure 2.

## 3 Microsoft Excel Submissions

Plan Finder Submission users can download pre-populated templates in either the Excel 2003 version or the Excel 2007/2010 version. The system will also allow submission users to upload the finalized submission files in either format.

### 3.1 Excel Macro Settings

Computer configurations must be set to satisfy the following requirements for the Issuer Data Entry Form to work properly:

1. Have Microsoft Excel 2003, 2007 or 2010 installed on the user's machine.
2. Enable the Excel standard toolbar.

## Health Insurance Oversight System Plan Finder – User Manual

---

3. Set the Excel macro security settings as follows:
  - For Excel 2003, set Excel macro security settings to “*Medium (recommended)*.”
    1. Select *Tools* from the menu bar.
    2. Select *Macro* on the dropdown menu.
    3. Select *Security*.
    4. Select *Medium (recommended)*.
    5. Select *OK*.
    6. When the workbook is opened, the workbook will fully function.
  - For Excel 2007 or Excel 2010, set Excel macro security settings to “*Disable all macros with notifications*.”
    1. Select the *Office Button* in the upper left corner of the window.
    2. Select the *Excel Options* button at the bottom of the menu.
    3. Select *Trust Center* on the left navigation pane.
    4. Select *Trust Center Settings*.
    5. Select *Macro Settings* on the left navigation pane.
    6. Select the radio button in front of *Disable all macros with notifications*.
    7. Select *OK*.
    8. When the workbook is opened, select the *Options* button and select *Enable Content* then select *OK*.

The Excel 2007/2010 Enable Content message is displayed below in Figure 5.

# Health Insurance Oversight System Plan Finder – User Manual

Figure 5: Excel 2007/2010 Enable Content message

## 3.2 Working Files versus Finalized Files

The Issuer Data Submission Form employs the following two versions of the workbook that serve different purposes throughout the process:

- Working files – These are read-write enabled files that allow users to enter data in specified input fields. Users may edit, save, name and re-name working versions of these files.
- Finalized files – These are read-only files created by a process called finalization, which modifies the format of working files to prepare them for submission to CMS. These files have specific naming conventions that must be followed in order to be successfully submitted. The Validate and Finalize macros are built into the template.

The Issuer Data Submission Form employs macro buttons and shortcut keys as displayed in Figure 6 below.

Website Address:	<a href="http://www.testsmallgroupcustomerservice.com">http://www.testsmallgroupcustomerservice.com</a>			

**5. Ratings - Individual Market**

Is Issuer rated by any rating company?	No			
Rating Company (rated in the past 2 years)	Rating Type	Rating	Rating Company Other/Describe	Other/Describe

The following are the names of the buttons (from left to right):

- **Validate** (Shortcut: **CTRL + shift + V**) – This will perform the red circle and critical validations.
- **Validate and Finalize** (Shortcut: **CTRL + shift + S**) - This function will perform the critical validations and create the read-only finalized file.
- **Format and Print Preview** (Shortcut: **CTRL + shift + P**) – This function will format the workbook for printing and display the print preview screen.

Excel will allow the user to navigate and perform regular spreadsheet functions within the application. The following are a few special considerations to note:

- **Print** – It is suggested to perform a **Print Preview** prior to printing the workbook to ensure the formatting is as preferred.
  - Use the standard Excel print icon or menu selection.
  - Select the **Format & Print Preview** button within each worksheet.
- **Cut/ Paste** – It is recommended NOT to use the **Cut** or **Paste** function in the Issuer Data Entry Form workbook as it will remove or over write the cell’s predefined formatting.
- **Delete** – It is recommended to use the **Delete** key instead of the space bar to delete cell values from a cell.

## 3.3 Download Data Submission Tools

---

The Download Data Submission Tools tab is displayed below in Figure 7.

Figure 7: Download Data Submission Tools tab

Welcome Daffy Duck

View Issuer Submitted Data	<b>Download Data Submission Tools</b>	Upload Finalized Data Template	Component IDs
----------------------------	---------------------------------------	--------------------------------	---------------

**Issuer Submission Tools**

### Issuer Submission Tools

If you are submitting Issuer data, please select the Issuer Technical Instructions to download Instructions that detail how to fill out the Excel template and XML file for submission. Please click 'Issuer Data Submission Tool' to download the blank Issuer template in the desired Excel version or 'Issuer Data XSD File' to download the XSD file.

- [Issuer Data XSD File](#)
- [Issuer Technical Instructions](#)

### Download a Pre-Populated Issuer Template

Please select a format for the pre-populated issuer template and then select an issuer from the dropdown menu below.

Excel 97-2003 Version (XLS)  
 Excel 2007/2010 Version (XLSM)

\*Issuer: -- Please select an issuer --

Click the button below to download an Excel template pre-populated with the selected issuer's latest submitted data. You will be prompted to open or save the requested file. Please select Save to save the file to your computer.

[Download Pre-Populated Issuer Template](#)

The following are the steps to download a pre-populated template:

1. From the *HIOS Main Page*, select *HIOS Issuer Product Data Collection*.
2. Select the *Download Data Submission Tools* tab.
3. Select the *Issuer Submission Tools* link.
4. Select the radio button in front of the Excel version preferred.
5. Select the *Download Pre-Populated Issuer Template* button.

# Health Insurance Oversight System Plan Finder – User Manual

---

The File Download instruction box is displayed below in Figure 8.

**Figure 8: File Download instruction box**

6. A pop-up window will appear after the system compiles the data. The user may select to **Open** the file, **Save** the file or **Cancel** the download request.
7. If the user has already updated the macro security settings in Excel as recommended in section 3.1: *Excel Macro Settings*, select **Open**.
8. If the user has not updated the macro security settings in Excel as recommended in section 3.1, then:
  - a. Select **Save**.
  - b. Choose a file location and it is recommended not to change the name of the document at this point.
  - c. When the save is complete, a pop-up window will appear asking to **Open** or **Cancel**. Select **Cancel**. Do not open the workbook.
  - d. Open the Excel application to a blank workbook.
  - e. Update the macro security settings as stated in section 3.1.
  - f. Select the **Open** file icon on the standard toolbar or select **File** menu then **Open**.
  - g. Locate the file and select **Open**.
9. For Excel 2003, select **Options** and **Enable the content**. For Excel 2007 or 2010, select **Enable Content**.

# Health Insurance Oversight System Plan Finder – User Manual

Cell Location	Data	Valid Values
Q3	Number of Administrative Disqualifiers	Enter the number of administrative disqualifiers for the appropriate quarter designated in cell N1. Administrative disqualifications refer to those applications which were disqualified for administrative or eligibility reasons, not including health status. These reasons include, but may not be limited to, ineligibility for policy due to non-residency in insurer's defined service area, dependent's age, or legal status.*
R3	SERFF-Number	Enter SERFF-Number. Optional field.
S3	Open or Closed?	Select <b>Open</b> or <b>Closed</b> from the drop down menu.
T3	Closed Reason	Select a reason that the product is closed from the drop down. This field is only required if the user selected <b>Closed</b> in field R3. This dropdown will no longer include the Association Product as the reason.
U3	Other Closed Reason	Enter a Closed Reason in this field. This field is only required if the user selected <b>Other</b> in field S3.
V3	Grandfathered Product	Select <b>Yes</b> or <b>No</b> from the drop down menu.
W3	Effective Start Date	Enter the product's Effective Start Date in the format of MM/DD/YY.
X3	Effective End Date	Enter the product's Effective End Date in the format of MM/DD/YY. Optional field
Y3	Approved Product	Select <b>Yes</b> or <b>No</b> from the drop down menu.

\*For additional information, see the questions and answers section on the CCIIO website.

# Health Insurance Oversight System Plan Finder – User Manual

---

A non-finalized save can be invoked by selecting the Excel *Save* icon on the Excel standard toolbar or by selecting *File* and then *Save* from the Excel menu. This save process will save any changes made to the workbook.

A finalized save occurs when the “**Finalize and Validate**” function is invoked. Please refer to section 5.7: *Finalizing the Issuer Data Entry Form for Submission*. This step is taken when the workbook is complete and ready for submission.

**Please Note:** After selecting *Save* or *Finalize & Validate Form*, the following message may appear. Uncheck the box *Check compatibility when saving this workbook* and select *Continue*. The finalized file must be saved in the same Excel version file format of the submitted data.

The Microsoft Office Excel - Compatibility Checker message is displayed below in Figure 12.

**Figure 12: Microsoft Office Excel - Compatibility Checker**

## 3.8 Finalizing the Issuer Data Entry Form for Submission

---

Select the *Validate & Finalize File* button to trigger the finalization process. The system will perform all of the critical validations. The system will perform the finalization process and create the read only file if all critical validations are passed.

When the finalization function is triggered, the system will check all required fields and critical validations. If the file does not successfully pass all validation rules, an error message box will appear listing the cell location of each error and those fields will be circled in red. A list of critical errors is included in Appendix B, “Critical Errors.” Each error will have to be corrected before the file can be successfully validated and finalized. Once the file is error free, the file will be finalized, including the creation of a read-only version of the template with the required naming convention.

# Health Insurance Oversight System Plan Finder – User Manual

---

The required naming convention is as follows:

- Final\_<first20charactersofname>\_<stateabbreviation>\_<IssuerID><yyyymmdd><hhmmss>.xlsx

**Use of this naming convention is a requirement for a successful submission. If the name of the finalized file is modified, it will not be processed.**

The following is an example of the required naming convention:

- Final\_ACMEInsuranceCo\_DC\_85511\_20130221\_110834.xlsx (or .xls for Excel 2003)

## 3.9 Upload Submission

---

The Upload Template Submission page is displayed below in Figure 13.

**Figure 13: Upload Template Submission page**

The screenshot shows the 'Upload Template Submission' page within the Health Insurance Oversight System. The page has a green header with the system name. Below the header, there is a navigation bar with buttons for 'HIOS MAIN PAGE', 'HOME', 'FAQ', 'CONTACT US', and 'SIGN OUT'. A user greeting 'Welcome Jessica Rabbit' is visible. The main content area features a tabbed interface with four tabs: 'View Issuer Submitted Data', 'Download Data Submission Tools', 'Upload Finalized Data Template' (which is selected), and 'Component IDs'. The 'Upload Finalized Data Template' tab contains instructions: 'Please select the 'Browse' button below to select a finalized data template (.xls or .xlsx), XML data file (.xml) or a zip file containing multiple Excel templates and/or XML data files. After selecting a file, click 'Upload' to start the submission.' Below the instructions, there is a note: 'Please note that files cannot exceed 30MB.' A 'Browse...' button is provided for file selection, and an 'Upload' button is at the bottom of the form. At the very bottom of the page, there are links for 'Accessibility', 'Rules of Behavior', 'Web Policies', and 'File Formats and Plug-Ins', along with the address: 'U.S. Department of Health & Human Services • 200 Independence Avenue, S.W. • Washington, D.C. 20201'.

The following are the steps to upload a finalized template:

1. From the HIOS Portal, select ***HIOS Plan Finder Product Data Collection*** module button.
2. Select the ***Upload Finalized Data Template*** tab.
3. Type in the file name and location or select the ***Browse*** button then locate the file.
4. Select the ***Upload*** button. You will receive a confirmation message when the file has been completely uploaded.

Successfully uploaded and processed files will generate an email message to the submission contacts verifying the successful submission. If there are any errors encountered during the file processing, the system will generate an email detailing the error encountered. The error will have to be corrected and re-submitted before the file can be successfully re-processed.

## 4 XML Submissions

The Issuer Data XSD File is available as the XML file template. The file can be used with any XML reader software the user wishes to use. Instructions for loading the file into the XML software will vary depending on the software being used. Please consult the loading directions for your application.

# Health Insurance Oversight System Plan Finder – User Manual

## 4.1 Download XSD Template

The Download Data Submission Tools tab is displayed below in Figure 14.

Figure 14: Download Data Submission Tools tab

Welcome Daffy Duck

View Issuer Submitted Data | **Download Data Submission Tools** | Upload Finalized Data Template | Component IDs

### Issuer Submission Tools

If you are submitting Issuer data, please select the Issuer Technical Instructions to download Instructions that detail how to fill out the Excel template and XML file for submission. Please click 'Issuer Data Submission Tool' to download the blank Issuer template in the desired Excel version or 'Issuer Data XSD File' to download the XSD file.

- [Issuer Data XSD File](#)
- [Issuer Technical Instructions](#)

### Download a Pre-Populated Issuer Template

Please select a format for the pre-populated issuer template and then select an issuer from the dropdown menu below.

Excel 97-2003 Version (XLS)  
 Excel 2007/2010 Version (XLSM)

\*Issuer: -- Please select an issuer --

Click the button below to download an Excel template pre-populated with the selected issuer's latest submitted data. You will be prompted to open or save the requested file. Please select Save to save the file to your computer.

[Download Pre-Populated Issuer Template](#)

The following are the steps to download an XSD file:

1. From the *HIOS Main Page*, select *HIOS Issuer Product Data Collection*.
2. Select the *Download Data Submission Tools* tab.
3. Select the *Issuer Submission Tools* link.
4. Select the *Issuer Data XSD File* link.
5. Select the *Download Pre-Populated Issuer Template* button.

# Health Insurance Oversight System Plan Finder – User Manual

---

The File Download window message is displayed below in Figure 15.

Figure 15: File Download window

The XSD Zip File window message is displayed below in Figure 16.

Figure 16: XSD Zip File window

## 4.2 Creating XML File

---

Working versions of the .XML files can be named at the user's discretion. The .XML file will have to be changed (Save As) to the submission approved format. However, the finalized file to be submitted must be in the following format to be accepted:

- Final\_<IssuerNameWithNoSpaces><stateabbreviation>\_<IssuerID>\_<year><month><day>.xml

**Use of this naming convention is a requirement for a successful submission. If the name of the finalized file is modified, it will not be processed.**

## Health Insurance Oversight System Plan Finder – User Manual

---

The following is an example of the finalized file format to be submitted:

Example: Final\_ACMEInsuranceCo\_DC\_8511\_20130127.xml

**Please Note:** Finalized files will be saved in the same directory where the working file is located.

### 4.3 XML File Upload

---

1. From the HIOS Portal, select ***HIOS Plan Finder Product Data Collection*** module button.
2. Select the ***Upload Finalized Data Template*** tab.
3. Type in the file name and location or select the ***Browse*** button then locate the file.
4. Select the ***Upload*** button. You will receive a confirmation message when the file has been completely uploaded.

Successfully uploaded and processed files will generate an email message to the submission contacts verifying the successful submission. If there are any errors encountered during the file processing, the system will generate an email detailing the error encountered. The error will have to be corrected and re-submitted before the file can be successfully re-processed.

### 5 Submission Users Only - Web Entry

The web entry screens are only viewable to submission users. Users can enter and edit data on the web user interface for elements that are editable. Please see the chart below for a complete list of editable fields,.

## 6 Validation Users Only – Issuer Attestation

Once the updated issuer data has been successfully submitted and processed, the validation message will be triggered for the Validation users the next time they enter the system. Validation

# Health Insurance Oversight System Plan Finder – User Manual

---

users are responsible for checking all submitted data to ensure accuracy and then attesting to the accuracy of the data.

The Issuer Attestation message is displayed below in Figure 22.

Figure 22: Issuer Attestation message

The screenshot displays the HIOS Plan Finder interface. At the top, the title "Health Insurance Oversight System" is prominently displayed. Below the title, the date "Thursday, February 21, 2013" is shown alongside navigation buttons for "HIOS MAIN PAGE", "HOME", "FAQ", "CONTACT US", and "SIGN OUT". A personalized greeting "Welcome Jessica Rabbit" is visible on the right. The main navigation area includes tabs for "View Issuer Submitted Data", "Download Data Submission Tools", "Upload Finalized Data Template", and "Component IDs". Below these are sub-tabs for "Issuer General Information", "Products Offering Report", and "RBIS Input". The "View Issuer Submitted Data" tab is active, showing instructions to access the latest submission and a section for "Issuer Attestation". The attestation message reads: "If you wish to attest then you must select a radio button before choosing 'Save'." It includes a detailed statement of attestation and two radio button options: "Data displayed is accurate and does not need to be changed" and "Data displayed is inaccurate and needs to be updated". "Save" and "Cancel" buttons are provided at the bottom of the attestation section. The footer contains links for "Accessibility", "Rules of Behavior", "Web Policies", and "File Formats and Plug-Ins", along with the address: "U.S. Department of Health & Human Services · 200 Independence Avenue, S.W. · Washington, D.C. 20201".

The following are the steps to attest the issuer data for validation users:

1. From the HIOS Portal, select ***HIOS Plan Finder Product Data Collection*** module button.
2. Select the ***View Issuer Submitted Data*** tab.
3. Review all submitted data by selecting each information link.
4. Select any other tab (not link) to refresh the message, then select the ***View Issuer Submitted Data*** tab again.
5. Read the ***Issuer Attestation*** message and select the appropriate radio button for your status.
6. Select the ***Save*** button.

## 7 Component ID Numbers

# Health Insurance Oversight System Plan Finder – User Manual

A SCID (Standard Component ID) is the base identification of an insurance plan prior to it being submitted as an “On exchange”, “Off exchange”, or both plan. The SCID is used to create the official Plan ID once it is processed by the receiving system (e.g., FFE PM, RBIS).

The Standard Component ID Services (SCIS) will be implemented as an independent set of services and will enable CCHIO to have a single source for all Standard Component ID’s. Once generated, these IDs will be persistent and can be used across any system using SCIDs.

Users can view the existing component IDs for their products per registered issuer and request additional component IDs for their reported products.

The Component IDs tab is displayed below in Figure 23.

Figure 23: Component IDs tab

## 7.1 View Component IDs

The View Component IDs page is displayed below in Figure 24.

Figure 24: View Component IDs page

# Health Insurance Oversight System

## Plan Finder – User Manual

---

The following are the steps to view the existing component IDs registered for a specific product:

1. From the HIOS Portal, select ***HIOS Plan Finder Product Data Collection*** module button.
2. Select the ***Component IDs*** tab.
3. Select the ***View Component IDs*** link.
4. Select the Issuer desired from the ***Issuer*** drop down menu. The products reported for that issuer will display in the ***Product(s)*** field.
5. Select the Product ID desired from the ***Product(s)*** drop down menu.
6. Select the ***View Results*** button.
7. The component IDs associated with that specific product will be displayed in a list.

### 7.2 Request Component IDs

---

The Request Component IDs page is displayed below in Figure 25.

Figure 25: Request Component IDs page

The screenshot shows the 'Request Component IDs' page. At the top, there are navigation tabs: 'View Issuer Submitted Data', 'Download Data Submission Tools', 'Upload Finalized Data Template', and 'Component IDs'. Below these is a green bar with 'View Component IDs' and 'Request Component IDs'. The main content area has the title 'Request Component IDs' and a note: 'Note: (\*) Indicates a required field.' Below the note are three required fields: '\*Issuer: 85511 - ACME Insurance Company', '\*Product: 85511DC003 - ACME POS Individual', and '\*Number of IDs: 4' with a note 'Maximum 50 IDs per request'. There are 'Submit' and 'Cancel' buttons at the bottom.

The following are the steps to request additional component IDs for a specific product:

1. From the HIOS Portal, select ***HIOS Plan Finder Product Data Collection*** module button.
2. Select the ***Component IDs*** tab.
3. Select the ***Request Component IDs*** link.
4. Select the Issuer desired from the ***Issuer*** drop down menu. The products reported for that issuer will display in the ***Product(s)*** field.
5. Select the Product ID desired from the ***Product(s)*** drop down menu.
6. Enter the number of additional component IDs needed in the ***Number of IDs*** field. Users may request up to 50 IDs per request.

## Health Insurance Oversight System Plan Finder – User Manual

---

7. Select the *Submit* button.
8. The additional component IDs associated with that specific product can be viewed on the *View Component IDs* page.

### 8 Frequently Asked Questions (FAQ's)

**Question 1:** I am trying to open Issuer Data Entry Form files in Excel 2007 but I do not see the Option button. How do I enable contents?

1. Select the Microsoft Office button .
2. Select on *Excel Options*.
3. Select *Trust Center*.
4. Select *Trust Center Settings*.
5. Select *Message Bar*.
6. Select the radio button that states “*Show the Message Bar in all applications when document content has been blocked.*”

**Question 2:** I have Excel 2003. When I opened the workbook, a static screen displayed indicating that I must update my macro settings.

- If macro settings are set to High or Very High, the workbook will not be functional. Change macro security settings to *Medium (recommended)*. See section 4.1: *Set-up Considerations* for instructions.

**Question 3:** I have Excel 2007 or higher. When I opened the workbook, I received the following screen.

# Health Insurance Oversight System Plan Finder – User Manual

---

Figure 26: Excel 2007 or higher error message

1. Select **Options**.
2. Select the radio button for **Enable this content**.
3. Select **OK**.

**Question 4:** I have Excel 2007. When I attempted to finalize the workbook, I received a macro error message.

- The Issuer Data Entry Form uses macros to perform the built-in functions including the validation and finalization processes. See section 3: *Excel Submissions*.

**Question 5:** My issue is not listed in this manual. Who can I contact?

- For additional assistance, please call the CMS Help Desk, Exchange Operations Support Center (XOSC) at 1-855-CMS-1515 or email them at [CMS\\_FEPS@CMS.HHS.gov](mailto:CMS_FEPS@CMS.HHS.gov).
- XOSC hours of operation are from 9:00 a.m. – 6:00 p.m. EST Monday thru Friday (not including federal government observed holidays or closures).

### Appendix B – Critical Errors

---

Critical errors are outlined in Appendix B.

1. Field Validations: see Appendix A – Required Fields. The file templates will indicate missing required fields. The templates will not allow you to “Validate and Finalize” until all field validation errors have been addressed.  
**Please Note:** Some required field, such as conditionally required fields, omissions will not prevent an .XML file finalization and submission; however, the file submission will fail and generate an email with an error.
2. Attestation contacts cannot be any type of submission or validation contact for the same issuer. The file submission will fail and generate an email with an error.
3. If the submission user’s User ID (email address) is not an existing submission contact, the file submission will fail and generate an email with an error.
4. If the submission user’s User ID (email address) is an existing submission contact but their contact information is not listed as a continuing submission contact on the file being submitted, the file submission will fail and generate an email with an error.
5. If the XML file does not have the proper naming convention, the file submission will fail and generate an email with an error.
6. If the finalized Excel file is not in the approved naming convention, the file submission will fail and generate an email with an error.
7. Attestation CEO and Attestation CFO Contacts cannot be the same person. At least one of the attestation contacts must be completed; the other can be blank.
8. Data submission and validation contacts cannot all be the same ONE person. There must be at least two contacts for the issuer, not including the attestation contact.
9. If the number of applications received is less than the sum of the number of denials, number of up-rated offers, and number of administrative disqualifications.
10. For XML submissions, any of these validations failures will cause the file submission to fail and an email to be generated with an error:
  - a. The appropriate Customer Service phone number and website are not entered for the correct market type.
  - b. Contact information (first name, last name, contact phone number, and email address) for the appropriate market type.
  - c. If the number of applications that were denied plus the number that were up-rated total more than the number of application received.
  - d. If the Effective Start Date is before the Effective End Date.
  - e. If an invalid URL format is entered into any of the website address.
  - f. If an invalid email address format is entered into any of the email address fields.
  - g. For Current year and quarter does not match the current year and quarter.
  - h. Invalid Characters in the Address, marketing name fields and user entered fields.
