BILLING CODE 4120-01-P

DEPARTMENT OF HEALTH AND HUMAN SERVICES

Centers for Medicare & Medicaid Services

Privacy Act of 1974; Report of a Modified or Altered System

AGENCY: Department of Health and Human Services (HHS), Centers for Medicare & Medicaid Services (CMS).

ACTION: Notice of a Modified or Altered System of Records (SOR).

SUMMARY: In accordance with the requirements of the Privacy Act of 1974, we are proposing to modify or alter an existing SOR, "Record of Individuals Allowed Regular and Special Parking Privileges at the Health Care Financing Administration (HCFA) Building

(PRKG), System No. 09-70-3004." Notice for this system was published at 65 **Federal Register** (Fed. Reg.) 59193, October 4, 2000. The name of the Agency has been changed from HCFA to the Centers for Medicare & Medicaid Administration (CMS). We will modify the system name to read: "Record of Individuals Allowed Regular and Special Parking Privileges at the CMS Building (PRKG)." We propose to assign a new CMS identification number to this system to simplify the obsolete and confusing numbering system originally designed to identify the Bureau, Office, or Center that maintained information in the HCFA systems of records. The new assigned identifying number for this system should read: System No. 09-70-0515.

We propose to modify existing routine use number 1 that permits disclosure to agency contractors and consultants to include disclosure to CMS grantees who perform a task for the agency. CMS grantees, charged with completing projects or activities that require CMS data to carry out that activity, are classified separate from CMS contractors and/or consultants. The modified routine use will remain as routine use number 1. We will delete routine use number 2 authorizing disclosure to support constituent requests made to a congressional representative. If an authorization for the disclosure has been obtained from the data subject, then no routine use is needed. The Privacy Act allows for disclosures with the "prior written consent" of the data subject.

We are modifying the language in the remaining routine uses to provide a proper explanation as to the need for the routine use and to provide clarity to CMS's intention to disclose individual-specific information contained in this system. The routine uses will then be prioritized and reordered according to their usage. We will also take the opportunity to update any sections of the system that were affected by the recent reorganization or because of the impact of the Medicare Prescription Drug, Improvement, and Modernization Act of 2003 (MMA) (Public Law (Pub. L.) 108-173) provisions and to update language in the administrative sections to correspond with language used in other CMS SORs.

The primary purpose of the system of records is to collect and maintain information on all CMS employees, non-CMS employees, contractors, employees of other Federal agencies, visitors, and others who require parking privileges at CMS complex at Baltimore, Maryland. Information retrieved from this system will also be disclosed to: (1) Support

regulatory, reimbursement, and policy functions performed within the agency or by a contractor, consultant or grantee; and, (2) support litigation involving the agency. We have provided background information about the modified system in the **SUPPLEMENTARY INFORMATION** section below. Although the Privacy Act requires only that CMS provide an opportunity for interested persons to comment on the proposed routine uses, CMS invites comments on all portions of this notice. See Effective Dates section for comment period.

DATES: Effective Dates: CMS filed a modified or altered system report with the Chair of the House Committee on Government Reform and Oversight, the Chair of the Senate Committee on Homeland Security & Governmental Affairs, and the Administrator, Office of Information and Regulatory Affairs, Office of Management and Budget (OMB) on *October 5, 2006*. To ensure that all parties have adequate time in which to comment, the modified system, including routine uses, will become effective 30 days from the publication of the notice, or 40 days from the date it was submitted to OMB and Congress, whichever is later, unless CMS receives comments that require alterations to this notice.

ADDRESSES: The public should address comments to: CMS Privacy Officer, Division of Privacy Compliance, Enterprise Architecture and Strategy Group, Office of Information Services, CMS, Room N2-04-27, 7500 Security Boulevard, Baltimore, Maryland 21244-1850. Comments received will be available for review at this location, by appointment, during regular business hours, Monday through Friday from 9 a.m.-3 p.m., eastern time zone.

FOR FURTHER INFORMATION CONTACT:

Kristina Raitch-Zaruba, Physical Security Specialist, Emergency Resources Management and Response Group, Office of Operations Management, CMS, Room SLL-11-08, CMS, 7500 Security Boulevard, Baltimore, Maryland 21244-1850. Ms. Zaruba can be reached by telephone at 410-786-0837, or via e-mail at kristina.raitchzaruba@cms.hhs.gov.

SUPPLEMENTARY INFORMATION:

I. Description of the Modified or Altered System of Records

A. Statutory and Regulatory Basis for System of Records

Authority for maintenance of this system is given under Title 5 United States Code § 301.

B. Scope of the Data Collected

The system will collect information on all CMS employees, non-CMS employees, contractors, employees of other Federal agencies, visitors, and others who require parking privileges at the CMS complex in Baltimore. The information collected will include, but is not limited to, the name, social security number, parking permit number, telephone number, work location, position, title and grade, supervisor's name and telephone number and background information relating to medical or specific parking needs.

II. Collection and Maintenance of Data in the System

A. Agency Policies, Procedures, and Restrictions on the Routine Use

The Privacy Act permits us to disclose information without an individual's consent if the information is to be used for a purpose that is compatible with the purpose(s) for which the information was collected. Any such disclosure of data is known as a "routine use." The government will only release PRKG information that can be associated with an individual as provided for under "Section III. Proposed Routine Use Disclosures of Data in the System." Both identifiable and non-identifiable data may be disclosed under a routine use.

We will only collect the minimum personal data necessary to achieve the purpose of PRKG. CMS has the following policies and procedures concerning disclosures of information that will be maintained in the system. Disclosure of information from this system will be approved only to the extent necessary to accomplish the purpose of the disclosure and only after CMS:

1. Determines that the use or disclosure is consistent with the reason that the data is being collected; *e.g.*, to implement the regulations and directives that established those Federal workers and other authorized personnel will be issued parking permits for the CMS complex.

2. Determines:
 - a. That the purpose for which the disclosure is to be made can only be accomplished if the record is provided in individually identifiable form;
 - b. That the purpose for which the disclosure is to be made is of sufficient importance to warrant the potential effect and/or risk on the privacy of the individual that additional exposure of the record might bring; and
 - c. That there is a strong probability that the proposed use of the data would in fact accomplish the stated purpose(s).

3. Requires the information recipient to:
 - a. Establish administrative, technical, and physical safeguards to prevent unauthorized use of disclosure of the record; and
 - b. Remove or destroy at the earliest time all patient-identifiable information.

4. Determines that the data are valid and reliable.

III. Proposed Routine Use Disclosures of Data in the System

A. The Privacy Act allows us to disclose information without an individual's consent if the information is to be used for a purpose that is compatible with the purpose(s) for which the information was collected. Any such compatible use of data is known as a "routine use." The proposed routine uses in this system meet the compatibility requirement of the Privacy Act. We are proposing to establish the following routine use disclosures of information maintained in the system:

1. To support agency contractors, consultants or grantees who have been engaged by the agency to assist in the performance of a service related to this system and who need to have access to the records in order to perform the activity.

We contemplate disclosing information under this routine use only in situations in which CMS may enter into a contractual or similar agreement with a third party to assist in accomplishing CMS function relating to purposes for this system.

CMS occasionally contracts out some of its functions when doing so would contribute to more effective and efficient operations. CMS must be able to give a contractor, consultant or grantee whatever information is necessary for the contractor, consultant or grantee to fulfill its duties. In these situations, safeguards are provided in the contract prohibiting the contractor or consultant from using or disclosing the information for any purpose other than that described in the contract and requires the contractor, consultant or grantee to return or destroy all information at the completion of the contract.

2. To support the Department of Justice (DOJ), court or adjudicatory body when:
 - a. The agency or any component thereof, or
 - b. Any employee of the agency in his or her official capacity, or
 - c. Any employee of the agency in his or her individual capacity where the DOJ has agreed to represent the employee, or

- d. The United States Government is a party to litigation or has an interest in such litigation, and by careful review, CMS determines that the records are both relevant and necessary to the litigation and that the use of such records by the DOJ, court or adjudicatory body is compatible with the purpose for which the agency collected the records.

Whenever CMS is involved in litigation, and occasionally when another party is involved in litigation and CMS' policies or operations could be affected by the outcome of the litigation, CMS would be able to disclose information to the DOJ, court or adjudicatory body involved.

IV. Safeguards

CMS has safeguards in place for authorized users and monitors such users to ensure against excessive or unauthorized use. Personnel having access to the system have been trained in the Privacy Act and information security requirements. Employees who maintain records in this system are instructed not to release data until the intended recipient agrees to implement appropriate management, operational and technical safeguards sufficient to protect the confidentiality, integrity and availability of the information and information systems and to prevent unauthorized access.

This system will conform to all applicable Federal laws and regulations and Federal, HHS, and CMS policies and standards as they relate to information security and data privacy. These laws and regulations include but are not limited to: the Privacy Act of 1974; the Federal Information Security Management Act of 2002; the Computer Fraud and Abuse Act of 1986; the Health Insurance Portability and Accountability Act of 1996; the E-Government Act of 2002, the Clinger-Cohen Act of 1996; the Medicare Modernization Act of 2003, and the corresponding implementing regulations. OMB Circular A-130, Management of Federal Resources, Appendix III, Security of Federal Automated Information Resources also applies. Federal, HHS, and CMS policies and standards include but are not limited to: All pertinent NIST publications; the HHS Automated Information Systems Security Handbook and the CMS Information Security Handbook.

V. Effects of the Modified System of Records on Individual Rights

CMS proposes to modify this system in accordance with the principles and requirements of the Privacy Act and will

collect, use, and disseminate information only as prescribed therein. Data in this system will be subject to the authorized releases in accordance with the routine uses identified in this system of records.

CMS will take precautionary measures (see item IV above) to minimize the risks of unauthorized access to the records and the potential harm to individual privacy or other personal or property rights of patients whose data are maintained in the system. CMS will collect only that information necessary to perform the system's functions. In addition, CMS will make disclosure from the proposed system only with consent of the subject individual, or his/her legal representative, or in accordance with an applicable exception provision of the Privacy Act. CMS, therefore, does not anticipate an unfavorable effect on individual privacy as a result of information relating to individuals.

Dated: October 4, 2006.

Charlene Friaaera,

Acting Chief Operating Officer, Centers for Medicare & Medicaid Services.

System No. 09-70-0515

SYSTEM NAME:

"Record of Individuals Allowed Regular and Special Parking Privileges at the CMS Complex (PRKG)," HHS/CMS/OOM.

SECURITY CLASSIFICATION:

Level Three Privacy Act Sensitive Data.

SYSTEM LOCATION:

Centers for Medicare & Medicaid Services (CMS) Data Center, 7500 Security Boulevard, North Building, First Floor, Baltimore, Maryland 21244-1850 and the Office of Operations Management, South Building, Lower Level, Baltimore, Maryland 21244-1850.

CATEGORIES OF INDIVIDUALS COVERED BY THE SYSTEM:

The collected information on all CMS employees and non-CMS employees, contractors, employees of another Federal agency, visitors, and others who require parking privileges at the CMS buildings.

CATEGORIES OF RECORDS IN THE SYSTEM:

This system contains the collected information on all Federal employees at CMS buildings, *i.e.*, will contain name, social security number, parking permit number, telephone number, work location, position, title and grade, supervisor's name and telephone number and background information

relating to medical or specific parking needs.

AUTHORITY FOR MAINTENANCE OF THE SYSTEM:

Authority for maintenance of this system is given under Title 5 United States Code § 301.

PURPOSE(S) OF THE SYSTEM:

The primary purpose of the system of records is to collect and maintain information on all CMS employees, non-CMS employees, contractors, employees of other Federal agencies, visitors, and others who require parking privileges at the CMS complex at Baltimore, Maryland. Information retrieved from this system will also be disclosed to: (1) Support regulatory, reimbursement, and policy functions performed within the agency or by a contractor, consultant or grantee; and (2) support litigation involving the agency.

ROUTINE USES OF RECORDS MAINTAINED IN THE SYSTEM, INCLUDING CATEGORIES OR USERS AND THE PURPOSES OF SUCH USES:

A. The Privacy Act allows us to disclose information without an individual's consent if the information is to be used for a purpose that is compatible with the purpose(s) for which the information was collected. Any such compatible use of data is known as a "routine use." The proposed routine uses in this system meet the compatibility requirement of the Privacy Act. We are proposing to establish the following routine use disclosures of information maintained in the system:

1. To support agency contractors, consultants or grantees who have been engaged by the agency to assist in the performance of a service related to this system and who need to have access to the records in order to perform the activity.

2. To support the Department of Justice (DOJ), court or adjudicatory body when:

- a. The agency or any component thereof, or
- b. Any employee of the agency in his or her official capacity, or
- c. Any employee of the agency in his or her individual capacity where the DOJ has agreed to represent the employee, or

d. The United States Government is a party to litigation or has an interest in such litigation, and by careful review, CMS determines that the records are both relevant and necessary to the litigation and that the use of such records by the DOJ, court or adjudicatory body is compatible with the purpose for which the agency collected the records.

POLICIES AND PRACTICES FOR STORING, RETRIEVING, ACCESSING, RETAINING, AND DISPOSING OF RECORDS IN THE SYSTEM:

STORAGE:

Information is maintained on paper, computer diskette and on magnetic storage media.

RETRIEVABILITY:

Name and parking permit identification number are used to retrieve the records.

SAFEGUARDS:

CMS has safeguards in place for authorized users and monitors such users to ensure against excessive or unauthorized use. Personnel having access to the system have been trained in the Privacy Act and information security requirements. Employees who maintain records in this system are instructed not to release data until the intended recipient agrees to implement appropriate management, operational and technical safeguards sufficient to protect the confidentiality, integrity and availability of the information and information systems and to prevent unauthorized access.

This system will conform to all applicable Federal laws and regulations and Federal, HHS, and CMS policies and standards as they relate to information security and data privacy. These laws and regulations include but are not limited to: the Privacy Act of 1974; the Federal Information Security Management Act of 2002; the Computer Fraud and Abuse Act of 1986; the Health Insurance Portability and Accountability Act of 1996; the E-Government Act of 2002, the Clinger-Cohen Act of 1996; the Medicare Modernization Act of 2003, and the corresponding implementing regulations. OMB Circular A-130, Management of Federal Resources, Appendix III, Security of Federal Automated Information Resources also applies. Federal, HHS, and CMS policies and standards include but are not limited to: All pertinent NIST publications; the HHS Automated Information Systems Security Handbook and the CMS Information Security Handbook.

RETENTION AND DISPOSAL:

All records are destroyed one year after parking privileges are terminated.

SYSTEM MANAGER AND ADDRESS:

Director, Emergency Resources Management and Response Group, Office of Operations Management, CMS, Room SLL-11-08, CMS, 7500 Security Boulevard, Baltimore, Maryland 21244-1850.

NOTIFICATION PROCEDURE:

For purposes of access, the subject individual should write to the system manager who will require the system name, parking permit number, and for verification purposes, the subject individual's name (woman's maiden name, if applicable) and Social Security number (SSN). Furnishing the SSN is voluntary, but it may make searching for a record easier and prevent delay.

RECORD ACCESS PROCEDURE:

For purposes of access, use the same procedures outlined in Notification Procedures above. Requestors should also reasonably specify the record contents being sought. (These procedures are in accordance with Department regulation 45 CFR 5b.5(a)(2)).

CONTESTING RECORD PROCEDURES:

The subject individual should contact the system manager named above, and reasonably identify the record and specify the information to be contested. State the corrective action sought and the reasons for the correction with supporting justification. (These procedures are in accordance with Department regulation 45 CFR 5b.7).

RECORD SOURCE CATEGORIES:

Sources of information contained in this system are received from the individual requesting parking privileges on CMS Form 182.

SYSTEMS EXEMPTED FROM CERTAIN PROVISIONS OF THE ACT:

None.

[FR Doc. E6-16951 Filed 10-12-06; 8:45 am]

BILLING CODE 4120-03-P

DEPARTMENT OF HEALTH AND HUMAN SERVICES**Centers for Medicare & Medicaid Services****Privacy Act of 1974; Report of a Modified or Altered System**

AGENCY: Department of Health and Human Services (HHS), Centers for Medicare & Medicaid Services (CMS).

ACTION: Notice of a Modified or Altered System of Records (SOR).

SUMMARY: In accordance with the requirements of the Privacy Act of 1974, we are proposing to modify or alter an existing system of records titled, "Provider Enrollment, Chain, and Ownership System (PECOS)," System No. 09-70-0532, established at 66 *Federal Register* 51961 (October 11, 2001). PECOS will collect information

provided by the applicant related to identity, qualifications, practice locations, ownership, billing agency information, reassignment of benefits, electronic funds transfer, the national provider identifier (NPI), and related organizations. PECOS will also maintain information on business owners, chain home offices and provider/chain associations, managing/directing employees, partners, authorized and delegated representatives, supervising physicians of the supplier, staffing companies, ambulance vehicle information, and/or interpreting physicians and related technicians.

We propose to modify existing routine use number 1 that permits disclosure to agency contractors and consultants to include disclosure to CMS grantees who perform a task for the agency. CMS grantees, charged with completing projects or activities that require CMS data to carry out that activity, are classified separate from CMS contractors and/or consultants. The modified routine use will remain as routine use number 1. We will delete routine use number 3 authorizing disclosure to support constituent requests made to a congressional representative. If an authorization for the disclosure has been obtained from the data subject, then no routine use is needed. The Privacy Act allows for disclosures with the "prior written consent" of the data subject.

We propose to add a routine use to assist an individual or organization for research, evaluation or epidemiological projects related to the prevention of disease or disability, or the restoration or maintenance of health, and for payment related projects. The proposed routine use will be numbered as routine use number 3. We will broaden the scope of routine uses number 5 and 6, authorizing disclosures to combat fraud and abuse in the Medicare and Medicaid programs to include combating "waste" which refers to specific beneficiary/recipient practices that result in unnecessary cost to all federally-funded health benefit programs.

We are modifying the language in the remaining routine uses to provide a proper explanation as to the need for the routine use and to provide clarity to CMS's intention to disclose individual-specific information contained in this system. The routine uses will then be prioritized and reordered according to their usage. We will also take the opportunity to update any sections of the system that were affected by the recent reorganization or because of the impact of the Medicare Prescription Drug, Improvement, and Modernization

Act of 2003 (MMA) (Public Law 108-173) provisions and to update language in the administrative sections to correspond with language used in other CMS SORs.

The primary purpose of the SOR is to: (1) Collect information for an applying provider/supplier and record the associations between the applicant and those who have an ownership or control interest in the entity; (2) permit informed enrollment decisions to be made based on past and present business history, any reported exclusions, sanctions and felonious behavior at their location or in multiple contractor jurisdictions; and, (3) ensure that correct payments are made under the Medicare program. Information retrieved from this SOR will also be disclosed to: (1) Support regulatory, reimbursement, and policy functions performed within the Agency or by a contractor, consultant, or CMS grantee; (2) assist another Federal or state agency, agency of a state government, an agency established by state law, or its fiscal agent; (3) assist an individual or organization for research, evaluation, or epidemiological projects; (5) support litigation involving the Agency; and (5) combat fraud, waste, and abuse in certain health benefits programs. We have provided background information about the modified system in the **SUPPLEMENTARY INFORMATION** section below. Although the Privacy Act requires only that CMS provide an opportunity for interested persons to comment on the routine uses, CMS invites comments on all portions of this notice. See **EFFECTIVE DATES** section for comment period.

DATES: Effective Dates: CMS filed a modified or altered system report with the Chair of the House Committee on Government Reform and Oversight, the Chair of the Senate Committee on Homeland Security & Governmental Affairs, and the Administrator, Office of Information and Regulatory Affairs, Office of Management and Budget (OMB) on October 5, 2006. To ensure that all parties have adequate time in which to comment, the modified system, including routine uses, will become effective 30 days from the publication of the notice, or 40 days from the date it was submitted to OMB and Congress, whichever is later, unless CMS receives comments that require alterations to this notice.

ADDRESSES: The public should address comments to: CMS Privacy Officer, Division of Privacy Compliance, Enterprise Architecture and Strategy Group, Office of Information Services, CMS, Room N2-04-27, 7500 Security
