Re: North Dakota 1332 State Innovation Waiver Extension

Dear Secretaries Becerra and Yellen,

The North Dakota Insurance Department respectfully submits this letter of intent to apply for a 5-year extension of the existing 1332 State Innovation waiver, without any substantive changes to the existing program. North Dakota requests that our existing waiver be extended for the period of 2025 through 2029.

We look forward to working with you to complete the waiver extension application process. The contact for this application is John Arnold, Deputy Insurance Commissioner, [jrarnold@nd.gov](mailto:jrarnold@nd.gov) or 701-328-2440.

Thank you in advance for considering our application and for the opportunity to help strengthen the individual health insurance market in North Dakota.

Sincerely,

Jon Godfread  
Commissioner

Jon Godfread  
Commissioner  
North Dakota Insurance Department  
600 E Boulevard Avenue  
Bismarck, ND 58505

Dear Commissioner Godfread:

Thank you for your January 25, 2024, letter of intent (LOI) to apply for an extension of North Dakota's State Innovation Waiver (section 1332 waiver) under Section 1332 of the Affordable Care Act (ACA). I am sending this letter from the Center for Consumer Information and Insurance Oversight (CCIIO) within the Centers for Medicare & Medicaid Services (CMS) under the Department of Health & Human Services (HHS), as well as on behalf of the Department of the Treasury (collectively, the Departments).

North Dakota (hereafter referred to as the "state") informed the Departments eleven months prior to its currently approved section 1332 waiver's end date of the state's intent to apply for continuation of its waiver. While at least twelve months of advance notice of a waiver extension is required to apply for continuation of a waiver (as specified by the specific terms and conditions (STCs) governing the state's waiver),<sup>1</sup> the Departments confirm that the state's anticipated section 1332 waiver extension application may be submitted and will be accepted for review by the Departments. The requirements for the state's waiver extension application are enclosed with this letter. If the extension is approved, the Departments may determine the waiver extension will be subject to additional or revised requirements, which will be provided in the extension STCs.

The state's currently approved waiver of the ACA requirement for the single risk pool contained in ACA section 1312(c)(1) allows the state to operate a state-based reinsurance program for the individual health insurance market from January 1, 2020, through December 31, 2024. The state has confirmed that it seeks to waive ACA section 1312(c)(1) for an additional waiver period of five years from January 1, 2025, through December 31, 2029. The state aims to continue implementing the section 1332 waiver to support North Dakota's continued success in making health insurance more affordable and accessible to North Dakota residents.

---

<sup>1</sup> See STC 9. The applicable STCs are available here: <https://www.cms.gov/cciio/programs-and-initiatives/state-innovation-waivers/downloads/1332-stc-nd-signed.pdf>

A waiver extension is an extension of the existing waiver terms and does not propose any changes to the existing waiver that are not otherwise allowable under the state's STCs, or that could impact any of the section 1332 statutory guardrails or program design. Given that the state has not indicated any intentions to change any features of its waiver plan (except for the extended time period), the state may proceed with submitting an application for a waiver extension. The Departments encourage the state to submit its waiver extension application sufficiently in advance of the requested waiver effective date, ideally no later than the first quarter of 2024.

The enclosed document further outlines the application requirements for the state's waiver extension. Once the Departments receive the state's waiver extension application, the Departments will conduct a preliminary review to determine if the application is complete or will identify if elements are missing from the application by written notice. Please note, the state is not authorized to implement any aspect of the proposed waiver extension without prior written approval by the Departments. This letter does not constitute any pre-determination or intent to approve the state's proposed extension request.

Please send your acknowledgement of this letter and any communications and questions regarding program matters or official correspondence concerning the waiver to Lina Rashid at [Lina.Rashid@cms.hhs.gov](mailto:Lina.Rashid@cms.hhs.gov) or [stateinnovationwaivers@cms.hhs.gov](mailto:stateinnovationwaivers@cms.hhs.gov).

We look forward to working with you and your staff. Please do not hesitate to contact us if you have any questions.

Sincerely,

A handwritten signature in black ink, appearing to read 'Jeff Wu', with a stylized, cursive script.

Jeff Wu

CC: Aviva Aron-Dine, Assistant Secretary for Tax Policy, U.S. Department of the Treasury  
The Honorable Doug Burgum, Governor, State of North Dakota  
John Arnold, Deputy Insurance Commissioner, North Dakota Department of Insurance  
Chrystal Bartuska, Product Filing Division Director, North Dakota Department of Insurance  
Matt Fischer, Chief Examiner and Company Licensing and Examinations Division Director, North Dakota Insurance Department

Enclosure

## Specific Requirements for North Dakota's Waiver Extension Application

The Departments will conduct a preliminary review of North Dakota's (hereafter referred to as the "state") waiver extension application and make a preliminary determination as to whether it is complete within approximately 30 days after it is submitted to [stateinnovationwaivers@cms.hhs.gov](mailto:stateinnovationwaivers@cms.hhs.gov). If the Departments determine that the application is complete, the application will be made public through the Department of Health and Human Services website, and a 30-day federal public comment period will commence while the application is under review. If the Departments determine that the application is not complete, the Departments will send the state a written notice of the elements missing from the application. The state's waiver extension application must include the following:

- (1) A detailed description of the extension request, including the desired time period for the extension. The state must confirm there are no changes to the current waiver plan for the new waiver period that are otherwise not allowable under the state's STCs, or that could impact any of the section 1332 statutory guardrails or program design;
- (2) Updated economic or actuarial analyses for the extension period, if the state is aware of changes in state law, the state insurance market, or to the waiver program that are allowable under the STCs and impact waiver assumptions and projections, and that the state has not previously shared with the Departments via its reporting requirements;
- (3) Preliminary evaluation data and analysis of observable outcomes from the existing waiver program, which includes quantitative or qualitative information on why the state believes the program did or did not meet the statutory guardrails. For example, the state may provide information comparing the originally projected premium reductions or expected claims reimbursements to the actual values of the outcomes observed;
- (4) Evidence of sufficient authority under state law(s) in order to meet the ACA section 1332(b)(2)(A) requirement for purposes of pursuing the requested extension;
- (5) An explanation and evidence of the process to ensure meaningful public input on the extension request, which must include:
  - a. For a state with one or more Federally-recognized Indian tribes within its borders, providing a separate process for meaningful consultation with such tribes, and providing written evidence of the state's compliance with this requirement;
  - b. Publicly posting the submitted LOI on the state's website to ensure that the public is aware that the state is contemplating a waiver extension request; and
  - c. Publicly posting the waiver extension application on the state's website upon its submission of the waiver extension application to the Departments.

The state does not have to meet all of the public notice requirements specified for new waiver applications in 31 C.F.R. § 33.112 and 45 C.F.R. § 155.1312 (e.g., holding two public hearings and providing a 30-day comment period) to fulfill paragraph (5) above. However, the state must ensure and demonstrate there was an opportunity for meaningful public input on the extension request. For

example, the state may choose to hold one public hearing or provide an amended or shorter comment period, or some combination of both. If the state holds one public hearing, it can use its annual public forum for the dual purposes of gathering input on the existing waiver as well as the extension application request.

- (6) The Departments may request additional information and/or analysis in order to evaluate and reach a decision on the requested extension.
