

Performance Period 2017 CMS Web Interface Support Webinars for Accountable Care Organizations and Groups Reporting Data for the Quality Performance Category

The Centers for Medicare & Medicaid Services (CMS) will be hosting a series of webinars for Accountable Care Organizations (ACOs) and groups that are reporting data for the quality performance category through the CMS Web Interface for the 2017 performance period. These webinars will highlight important information and updates about reporting quality data, and provide ACOs and groups with an opportunity to ask CMS subject matter experts their questions.

The CMS Web Interface is a secure, internet-based data submission mechanism for ACOs and groups of 25 or more eligible clinicians submitting data to CMS.

The submission period for the CMS Web Interface will open on January 22, 2018 and close on March 16, 2018 at 8:00 p.m. Eastern Time (ET).

Performance Year 2017 Web Interface Support Webinars

You can listen to each presentation through your computer speakers. If you cannot hear audio through your computer speakers, please contact CMSQualityTeam@ketchum.com. Each presentation will be followed by a Q&A session, where attendees will have an opportunity to ask questions. Questions will be taken via the phone line and webinar chat box. The phone number will be provided during the Q&A portion of the webinar. Subject matter experts will address as many questions as time allows.
