

Quality Payment PROGRAM

2018 Performance Year: CMS Web Interface Support Webinars for ACOs and Groups Reporting Quality Data to CMS

The Centers for Medicare & Medicaid Services (CMS) will be hosting a series of webinars for Accountable Care Organizations (ACOs) and groups that are reporting data for the Quality Performance Category through the CMS Web Interface for the 2018 performance year. The CMS Web Interface is a secure, internet-based data submission mechanism for ACOs and groups of 25 or more clinicians submitting data to CMS.

The webinars will highlight important information and updates on reporting quality data, and provide ACOs and groups with an opportunity to engage in Q&A sessions with CMS subject matter experts.

The submission period for the CMS Web Interface will open on January 22, 2019 at 8:00AM Eastern Standard Time (EST) and close on March 22, 2019 at 8:00PM Eastern Daylight Time (EDT). Prior to the start of the submission period, ACOs and groups will have an opportunity to explore/become familiar with the CMS Web Interface during a two-week test period (January 7-18, 2019).

Accessing the CMS Web Interface Support Webinars

If you are part of a group or an ACO that will be submitting quality data to CMS through the CMS Web Interface and would like to join the webinars, please register through the links provided below.

You can listen to each webinar from your computer. Each presentation will be followed by a Q&A session where attendees will have an opportunity to ask questions via phone and webinar chat box. For questions via phone, the phone number will be provided during the Q&A portion of the webinar. Subject matter experts will address as many questions as time allows.

If you encounter any issues with registration or audio issues with your computer during a webinar, please send an e-mail to CMSQualityTeam@ketchum.com.
