\* Counts between 1 and 10 have been suppressed because of CMS rules to protect the privacy of beneficiaries.

† Counts have been cross-suppressed to prevent the recalculation of suppressed counts between 1 and 10.

<sup>1</sup> QDWIs and Qualifying Individuals are combined for privacy reasons. The total count for QDWIs nationally is fewer than 100 beneficiaries.

NOTES: "Medicare-Medicaid Enrollees" is synonymous with the term "Dual Eligible Beneficiaries" that has been used in prior reports by CMS and other organizations. Total MMEs is the sum of "Full-Benefit MMEs" and "Partial-Benefit MMEs". Full-benefit MMEs include QMBs Plus, SLMBs Plus, and Other Full-Benefit MMEs with Medicaid. Partial-benefit MMEs include QMBs, SLMBs, QDWIs, and Qualifying Individuals. The enrollment counts are determined using a person-year methodology. Numbers may not add to totals because of rounding.
