COVID-19 Vaccine Codes: EUA Effective Date for Janssen Biotech Inc.

On February 27, 2021, the U.S. Food and Drug Administration issued an Emergency Use Authorization (EUA) for the Janssen Biotech Inc.’s COVID-19 Vaccine for the prevention of COVID-19 for individuals 18 years of age and older. Review Janssen’s Fact Sheet for Healthcare Providers Administering Vaccine (Vaccination Providers) regarding the limitations of authorized use.

During the COVID-19 Public Health Emergency (PHE), Medicare will cover and pay for the administration of the vaccine (when furnished consistent with the EUA). Review our payment and HCPCS Level I CPT code structure for specific COVID-19 vaccine information. Only bill for the vaccine administration codes when you submit claims to Medicare; don’t include the vaccine product codes when the vaccines are free.

COVID-19 Vaccine Administration: Insurance Coverage, MBI, & MSP

CMS updated the Medicare Billing for COVID-19 Vaccine Shot Administration toolkit:
- Learn who to bill if your patients only have Medicare Part A
- Ask for your patients’ Medicare Beneficiary Identifier (MBI) to bill Original Medicare even if they’re enrolled in a Medicare Advantage Plan (Part C), or use the look-up tool in your Medicare Administrative Contractor’s portal
- Bill the correct payer by asking Medicare Secondary Payer (MSP) questions and checking eligibility
- Request payment from the Provider Relief Fund if your patients don’t have insurance coverage

- Information for your patients on nutritional therapy services, diabetes screenings, diabetes self-management training, obesity behavioral therapy, cardiovascular behavioral therapy, and yearly “wellness” visits

Compliance

IRF Services: Follow Medicare Billing Requirements

An Office of Inspector General report found that payments for Inpatient Rehabilitation Facility (IRF) services didn’t meet Medicare coverage and documentation requirements for reasonable and necessary care. Review the IRF Prospective Payment System booklet to help you bill correctly. Additional resources:

Events

**Medicare Part A Cost Report Appeals Listening Session — March 16**
Tuesday, March 16 from 1:30 to 3 pm ET

Register for our Medicare Learning Network listening session.

Medicare Fee-for-Service (FFS) Part A providers can ask for administrative review of their CMS or Medicare Administrative Contractor final determinations through the Medicare Part A appeals process. CMS is reviewing this process, including barriers that impact resolution of issues. During this listening session, CMS seeks your feedback from the following questions:

- Individual states improved their processes for obtaining Medicaid eligibility information. What else causes delays with obtaining Medicaid eligibility supporting documentation?
- Are you reluctant to request reopenings to resolve solely documentation-based reimbursement issues under appeal? Why?
- What resource issues impact your ability to proceed with reopening, administrative resolution, or appeal hearing?

Target Audience:
- All Medicare FFS Part A providers
- Industry-wide stakeholders

**Long-Term Care: Dementia-related Psychosis Call — March 23**
National Partnership to Improve Dementia Care and Quality Assurance Performance Improvement
Tuesday, March 23 from 1:30 to 3 pm ET

Register for our Medicare Learning Network call.

During this call, learn about the appropriate assessment, accurate diagnosis, and approaches to care for dementia-related psychosis in the long-term care setting. Hear about customized care strategies for nursing home residents. A question and answer session follows the presentations.

Speakers: Dr. George Grossberg, Dr. Alexis Eastman, Susan Scanland, and Dr. Chad Worz from the Gerontological Society of America’s Workgroup on Dementia-Related Psychosis

Target Audience:
- Consumer and advocacy groups
- Nursing home providers
- Surveyor community
- Prescribers
- Professional associations
- Other interested stakeholders

**Open Payments & You Call — March 25**
Thursday, March 25 from 2 to 3 pm ET
Register for our Medicare Learning Network call.

Reporting entities submit data to the Open Payments system about payments or transfers of value made to physicians and teaching hospitals. Beginning in April, you have 45 days to review and dispute 2020 payment data before it's published on the CMS website by June 30.

Topics:
- Overview of the Open Payments program and what it means to you
- Program timeline
- Registration process
- Accessing the system
- Critical deadlines for physicians and teaching hospitals to review and dispute data

A question and answer session follows the presentation. See the Open Payments webpage for program information and resources.

Target Audience:
- Physicians
- Physician office staff
- Teaching hospitals

Publications

Intravenous Immune Globulin Demonstration

CMS released a Medicare Learning Network fact sheet, Intravenous Immune Globulin Demonstration. Learn about:
- Supplier eligibility and participation
- Patient eligibility and participation
- Billing and coding requirements

Multimedia

Section J: Health Conditions: Coding the SPADEs Related to Falls Web-Based Training

During this web-based training course, learn how to assess and code the Standardized Patient Assessment Data Elements (SPADEs) related to falls.

Target audience:
- Home health agencies
- Inpatient rehabilitation facilities
- Long-term care hospitals
- Skilled nursing facilities
