## 2022 Doctors and Clinicians Public Reporting

### Overview

This document summarizes the group and virtual group<sup>1</sup> performance information and plain language measure and activity titles<sup>2</sup> publicly reported on the [Medicare.gov compare tool](#) and in the [Provider Data Catalog \(PDC\)](#) in 2024. The Centers for Medicare & Medicaid Services (CMS) is publicly reporting 2022 Quality Payment Program (QPP) group performance information. Under [§414.1395\(b\)](#), performance information that meets statistical public reporting standards (valid, reliable, comparable, and meets the minimum reliability threshold) is included in the PDC.<sup>3,4</sup> A subset of this information is added to the compare tool on Medicare.gov profile pages. Any information publicly reported on profile pages must also resonate with patients and caregivers, as shown through user testing.

The 2022 QPP group performance information that's publicly reported on the Medicare.gov compare tool and in the PDC includes Merit-based Incentive Payment System (MIPS) and Qualified Clinical Data Registry (QCDR) quality measures, Consumer Assessment of Healthcare Providers and Systems (CAHPS) for MIPS Summary Survey measures (SSMs), MIPS Promoting Interoperability measures and attestations, and MIPS improvement activities attestations.

For questions about public reporting for doctors and clinicians, contact the QPP Service Center by email at [QPP@cms.hhs.gov](mailto:QPP@cms.hhs.gov), by creating a [QPP Service Center ticket](#), or by phone at 1-866-288-8292 (Monday-Friday, 8 a.m. - 8 p.m. ET). To receive assistance more quickly, especially during busier periods such as the submission window, please consider calling during non-peak hours — before 10 a.m. and after 2 p.m. ET. People who are deaf or hard of hearing can dial 711 to be connected to a Telecommunications Relay Services (TRS) Communications Assistant.

To receive updates, [subscribe](#) to the QPP and Care Compare: Doctors and Clinicians listservs.

<sup>1</sup> Groups and virtual groups are collectively referred to as “groups” in this document.

<sup>2</sup> Plain language measure and activity titles are used on the Medicare.gov compare tool's profile pages to allow patients and caregivers to more easily understand the information. See the 2022 Measures and Activities Plain Language Crosswalk posted on the [Care Compare: Doctors and Clinicians Initiative page](#) for more information.

<sup>3</sup> MIPS quality and MIPS cost measures in their first 2 years of use won't be publicly reported. ([§414.1395\(c\)](#))

<sup>4</sup> Clinicians and groups who received an Extreme and Uncontrollable Circumstances (EUC) exception won't have performance information available for public reporting.
