Welcome and Overview

2023 Data Submission Process

QHP Enrollee Survey Website Demo

Welcome and Overview

2023 Data Submission Timeline

2023 QHP Enrollee Survey Timeline

Data Submission Tasks	Date
Vendors submit interim data file for testing purposes.	April 5–7, 2023
Data submission Files are due by 11:59 p.m. ET on May 19, 2023.	May 12–19, 2023
Data resubmission (if requested) Must submit within 3 business days of date requested.	Deadline: May 22–24, 2023

Submit 2023 Test File(s)

April 5–7, 2023

- Vendors are to submit at least one unencrypted test ZIP file containing files for two reporting units, to include at least 100 records between the two reporting units.
- Test files may include more than 100 records.
- Vendors may submit more than two files.
- The test period enables vendors and the project team to (a) test data submission protocols and (b) make any necessary adjustments prior to the beginning of the data submission period.

2023 Data Submission

May 12–19, 2023

- Vendors **must** include responses from mail surveys received through May 5, 2023, in final data files.
 - If vendors are still fielding the survey after May 5, they must accept and process data for all mail surveys received through the end of the protocol (Day 73).
- All data files must be received by **11:59 p.m. ET on May 19, 2023.**
- No exceptions to the deadline.
- Files received late will be excluded from the QRS and public reporting.

Submit Revised Data Files

May 22–24, 2023

- Revised data files must be submitted within 3 business days upon request.

2023 Data Submission Process

QHP Enrollee Survey Website Overview

- In 2023, data submission will be done through the QHP Enrollee Survey website.
- Three main functions of the website are as follows:
 1. Enable QHP Enrollee Survey issuers to attest to the survey eligibility criteria.
 2. Enable QHP Enrollee Survey issuers to select an authorized survey vendor.
 3. Enable QHP Enrollee Survey vendors to submit survey data securely.

Accessing the QHP Enrollee Survey Website

- All identified vendor points of contact will receive an “invitation” with instructions for how to access the website after the data submission training.
- To access the website, all users must set up an account via the CMS Identity Management (IDM) portal.^a
- To create a new CMS IDM user account:
 - Navigate to <https://home.idm.cms.gov/>.
 - Click the New User Registration button.
 - Complete the fields on the IDM Self Service registration page.
 - Review the Terms & Conditions by clicking the button.
 - Then select the checkbox to agree to the terms and conditions.
- New users will receive an email from CMS with further instructions to complete account setup.
- After completing those instructions, new users will have access to the QHP Enrollee Survey home page.

^a CMS IDM portal instructions can be found at <https://www.cms.gov/files/document/idm-user-guide.pdf>.

The QHP Enrollee Survey Website Home Page

Accessing the QHP Enrollee Survey Website

Click “Sign in” in the upper right-hand corner to access your QHP Enrollee Survey website account.

Accessing the QHP Enrollee Survey Website

Enter the username and password you created during the account setup phase and click Sign In.

The screenshot shows the CMS.gov website for the Qualified Health Plan Enrollee Experience Survey System. The header includes the CMS.gov logo, the title "Qualified Health Plan Enrollee Experience Survey System", and a "Sign In" link. A navigation bar contains links for Home, Issuers, Vendors, FAQ, and Contact. The main content area is titled "Sign In" and features two input fields: "Username" and "Password". To the right of the Username field is a blue button labeled "CMS.gov IDM Login →". Below the Password field is a blue button labeled "Sign In". At the bottom, there is a "Helpful Links" section with several underlined links: "Site Policies & Important Links", "Privacy Policy", "Plain Language", "Freedom of Information Act", "No Fear Act", "Nondiscrimination & Accessibility", and "Vulnerability Disclosure Policy".

QHP Enrollee Survey Website Vendor Dashboard

The screenshot shows the CMS.gov Vendor Dashboard for the Qualified Health Plan Enrollee Experience Survey System. The dashboard includes a navigation bar with links to Home, Issues, Vendors, FAQ, Contact, and Dashboard. The main content area is divided into three sections: Vendor Information, Upload Survey File, and Vendor Submissions. The Vendor Information section displays contact details for Kayla Reid. The Upload Survey File section provides instructions for uploading CSV and ZIP files, with a 'Submit' button. The Vendor Submissions section lists CSV and ZIP files with their respective naming conventions. Below these sections are two empty tables for Survey CSV Files and Uploads, each with a 'Refresh' button.

The vendor dashboard displays vendor contact information, provides an interface to upload survey files, and gives the user the ability to view uploaded vendor submissions.

To upload survey files, review the naming convention requirements in the blue box.

Upload CSV files individually or upload multiple CSV files in a ZIP file. **Note.** ZIP files must contain properly named CSV files; the system will reject an entire ZIP file if any CSV files in it violate the naming convention.

Uploaded files will appear in the Uploads window. If you have uploaded a file that does not appear in the window, please click Refresh.

File Specifications

- Data submission files must include all variables specified in the Data Dictionary.
 - The Data Dictionary is in Appendix G of the [QHP Enrollee Experience Survey: Technical Specifications for 2023](#).
 - All data must be reported at the person level and include:
 - all required variables associated with survey administration,
 - final disposition codes, and
 - survey responses.
 - All data included in the CSV files during final data submission are considered final, unless the project team requests revisions.

File Specifications (Cont'd)

- **All** sampled enrollees, regardless of final disposition, must be included.
- Vendors should upload a ZIP file containing one CSV file for each reporting unit and a data submission summary log.
 - Do NOT combine reporting units.
 - Do NOT password protect the ZIP or CSV files.
 - ZIP files may contain multiple CSV files from multiple QHP issuers.

Naming Conventions

Please ensure file is named properly prior to submission.

- Individual CSV files **must** use the following naming convention:
QHP_<VendorName>-<Reporting Unit ID>.csv.
 - For example, if a vendor is submitting data for vendor ABC, reporting unit 12345-MD-PPO, the file name must be QHP_ABC-12345-MD-PPO.csv.
- Vendors must use their names as presented in the Survey_Vendor_Name field in the Data Dictionary.
 - These names are the same names used in previous survey administration years.
- Misnamed files cannot be processed in the data validation environment.
 - Misnamed files will be rejected and sent back to vendors for resubmission.

Naming Conventions (Cont'd.)

- Names for the ZIP file **must** match the following naming convention: QHP_<VendorName>_Submission_<Letter>.
 - To assist with tracking, vendors must label each ZIP file with a letter.
 - The first ZIP file would be Submission_A, the second ZIP file would be Submission_B, and so on.
 - *Note.* Files with the same name will overwrite previous submissions; only the most recent file will be retained.

Display of Validation Results

- Validation results will be displayed on the vendor dashboard within the QHP Enrollee Survey website, which will show the following information:
 - Name of file
 - Status of submission (passed submission/failed submission)
 - Status of final validation
 - Date submitted

Data Submission Process

1. Vendors submit data.
 - Log into QHP Enrollee Survey website.
 - Upload ZIP and CSV files.
2. Initial validation checks (automated).
 - Conducts malware scan.
 - Ensures that file complies with the data file submission layout.
 - Ensures ZIP and CSV files comply with naming conventions.
 - Notifies vendor of submission status for each file and any changes to submission status.
3. Project team analyst conducts review.
 - Review contents of data files to identify any potential anomalies (see details in appendices).
 - Data file **must** pass this step by 11:59 p.m. ET on May 19, 2023.
 - If needed, vendors resolve any issues and resubmit data within the specified timeframe.

Data Submission Process (Cont'd.)

4. Submission is completed.

- Data files pass all quality checks.
- The project team accepts the files.

5. Data are resubmitted.

- The project team performs additional reviews to identify potential systemic issues.
- If the project team identifies errors:
 - Vendors receive the Primary Data Validation Report.
 - Vendors must resubmit data within 3 business days.
- Data must be resubmitted and accepted by 11:59 p.m. ET on May 24, 2023.

6. Vendors are notified.

- The QHP Enrollee Survey website will notify vendors when the status of a submitted file changes.
- Vendors can log into the website to view the details of the file status change.

Primary Validation Findings

- Vendors will receive a notification indicating a change in file status.
 - Fail—Fatal discrepancies are identified; vendors must resubmit the failed data file within 3 business days.
 - Pass with Review—Warning discrepancies are identified; a review is required.
 - Vendors must confirm with the project team via email whether (a) the responses are marked appropriately or (b) the vendor plans to resubmit the file.
 - Pass—No further action is required.
- Refer to Appendix A (Primary Data Validation Responses) for all QA checks, fields being reviewed, and Fail responses.
- Refer to Appendix B for warning responses.

- Post-submission checks look across reporting units to identify errors or deviations for vendors' submitted files.
- Vendors may receive additional questions or may be asked to resubmit data files after **May 19, 2023**.
 - Vendors will have 3 business days to resubmit data files upon request.
- Vendors should use the final data files at the close of data submission for non-CMS reporting.
 - Vendors must provide a disclaimer on each report explaining that survey results may not be the finalized results used to generate CMS official scores for the QHP Enrollee Survey.

Data Submission Process Summary

- File submission requirements:
 - Survey data files should be in CSV format.
 - Vendors should submit a ZIP file with multiple CSV files (one CSV file per reporting unit).
- File submission window:
 - Test data submission period: **April 5–7, 2023.**
 - Data submission period: **May 12–19, 2023.**
 - Data resubmission period: **May 22–24, 2023.**

Data Submission Process Summary (Cont'd.)

■ Vendor notifications

- An email will be sent to confirm data receipt and to notify vendors whether the data passed the verification process.
- If errors are found, vendors will receive an email with a Primary Data Validation Report.
- Vendors must resubmit failed data files.

■ File submission resources

- Data Submission Portal User Manual
- 2023 QHP Enrollee Survey Data Dictionary (Appendix G in the [QHP Enrollee Experience Survey: Technical Specifications for 2023](#))

Data Submission Technical Support

- We emailed the following materials to vendors. We will post these materials to the MQI in early March:
 - QHP Enrollee Survey Website Vendor User Manual
 - Slides from today's presentation
- Additional information is available in the [2023 QHP Enrollee Survey Technical Specifications](#)
- Inquiries can be sent to the help desk (QHP_Survey@air.org).

QHP Enrollee Survey Website Demo

Questions?

Appendix A. Fatal Primary Data Validation Responses

Fatal Primary Data Validation Responses

QA check	Field(s) being reviewed	Fail response
Were all the files submitted named correctly?	NA	Vendor will receive an email informing them that their data submission files are incorrectly named.
Do the values for gender, age, and missing counts in the data submission package align with the information provided as part of the data submission summary log?	NA	Vendor will receive an email informing them that their data submission files are not inline with what was indicated on the data submission summary log.
Were files submitted for each Reporting_Unit_ID listed on the data submission summary log?	NA	Vendor will receive an email informing them that the package did not include the same reporting units listed on their data submission summary log.
Does Reporting_Unit_ID match the Reporting Unit in the final data submission list (i.e., QHP Master List) and is it in the correct format (i.e., 12345-TX-PPO)?	Reporting_Unit_ID	The Reporting_Unit_ID is not in the correct format.
Does the Issuer_ID match what is listed on the data submission summary log?	Issuer_ID	The Issuer_ID does not match the Issuer_ID in the data submission summary log.
Does the product in Product_Type match the product in Reporting_Unit_ID?	Product_Type; Reporting_Unit_ID	The product in the Product_Type field does not match the product in the Reporting_Unit_ID field.

Fatal Primary Data Validation Responses (Cont'd.)

QA check	Field(s) being reviewed	Fail response
Is the value for n_s less than or equal to the value for n_fr?	n_s; n_fr	The n_s value is not less than or equal to n_fr.
Are there any records submitted with a clearly invalid plan alias in the field Name_Health_Plan that are assigned a disposition code of Complete/Partially Complete? (I10, M10, T10, I31, M31, T31)	Name_Health_Plan	The following Case IDs appear to have an invalid plan alias in Q2 but are assigned a disposition code of Complete/Partially Complete: XXX, XXX, XXX.
Is the value n_s less than or equal to M?	n_s; M	This submission included invalid values for n_s. The n_s field must be less than or equal to M.
If a record is assigned a Final_Disposition of X35, is there a corresponding Bad_Address_Flag or Bad_Telephone_Flag?	Bad_Address_Flag; Bad_Telephone_Flag; Final_Disposition	There were XX records submitted with a Final_Disposition of X35 that did not include a corresponding value of 1 for either the Bad_Address_Flag or Bad_Telephone_Flag. These include Case IDs: XXX, XXX
If a record is assigned a Final_Disposition associated with an Internet survey (I10, I31), is there a corresponding Web_Entry_Flag?	Final_Disposition; Web_Entry_Flag	There were XX records submitted with a Final_Disposition of I10 or I31 that did not include a corresponding value of 1 for the Web_Entry_Flag. These include Case IDs: XXX, XXX

Fatal Primary Data Validation Responses (Cont'd.)

QA check	Field(s) being reviewed	Fail response
Do the fields Issuer_ID, QHP_State and Product_Type match the field Reporting_Unit_ID?	Issuer_ID; QHP_State; Product_Type; Reporting_Unit_ID	This submission included responses for the fields Issuer_ID, QHP_State, Product_Type that do not align with the Reporting_Unit_ID.
Was the file submitted in the correct format?	All fields	The following fields were included as part of your submission but are not part of the data dictionary: XXX, XXX, XXX. The following fields were not found in your submission but are required as stated in the data dictionary: XXX, XXX.
If a survey is assigned a Final_Disposition of complete (I10, M10, T10), were at least 10 key items answered?	Final_Disposition	XX records were submitted with a Final_Disposition associated with a complete survey (I10, M10, T10) but that had fewer than 10 key items answered.
If a survey is assigned a Final_Disposition of Partial Complete (I31, M31, T31), were between 1 and 9 key items answered?	Final_Disposition	XX records were submitted with a Final_Disposition associated with a Partial Complete survey (I31, M31, T31) but that did not have between 1 and 9 key items answered. These include Case IDs: XXX, XXX.
Was an invalid response submitted for any field?	All fields	The field XXX included records with the following invalid response values: XX, XX, XX. These include Case IDs: XXX, XXX.

Fatal Primary Data Validation Responses (Cont'd.)

QA check	Field(s) being reviewed	Fail response
Were "Mark one or more" questions correctly coded (i.e., Race [Q68] and Help [Q69] questions are only assigned a value of -3 = Blank/Nonresponse/No Answer if all Race/Help questions are missing)?	Race (Q68-1 through Q68-5); Help (Q69-1 through Q69-5)	XX records were submitted with a code of -3 for the Race or Help survey questions; however, not all questions in the series were missing. These include Case IDs: XXX, XXX.
Is the Reporting_Unit_ID present on the final QHP list?	Reporting_Unit_ID	The Reporting_Unit_ID was not included on the final QHP list.
Were any duplicate records submitted?	NA	This submission included XX duplicate records. These include Case IDs: XXX, XXX.
Were there any duplicate Case_IDs within the Reporting_Unit_ID?	Reporting_Unit_ID; Case_ID	This submission included XX duplicate Case IDs. These include Case IDs: XXX, XXX.
Were any records submitted with blank values? (This does not apply to the "missing" responses, rather it would be if a Field submitted is blank.)		This submission included XX records with blank values.
Are there any records submitted for enrollees under the age of 18 as of December 31, 2022?	Enrollee_Age	This submission included XX records submitted for enrollees under the age of 18 as of December 31, 2022. These include Case IDs: XXX, XXX.

Fatal Primary Data Validation Responses (Cont'd.)

QA check	Field(s) being reviewed	Fail response
Are there any Proxy values that are invalid for mail and internet complete or partially complete surveys? (i.e., Proxy must equal 2 for Final Disposition = M10, M31, I10, I31)?	Proxy, Final_Disposition	This submission included XX records with Proxy values other than 2 for mail and internet complete or partially complete surveys (M10, M31, I10, I31). These include Case IDs: XXX, XXX.
Are there any Proxy values that are invalid for telephone complete or partially complete surveys (i.e., Proxy cannot equal 2 for Final Disposition = T10, T31)?	Proxy, Final_Disposition	This submission included XX records with Proxy values equal to 2 for telephone complete or partially surveys (T10, T31). These include Case IDs: XXX, XXX.
Was the vendor approved to field the survey in Chinese?	Survey_Language, Survey_Vendor_Name	This submission included XX records with a Survey_Language of 3=Chinese. Your organization was not approved to field the survey in Chinese. These include Case IDs: XXX, XXX.
If Final_Disposition is I10 or I31, are there any records that include a value of 3=Chinese for Survey_Language?	Survey_Language, Final_Disposition	This submission included XX records that had a value of 3=Chinese for Survey_Language when the Final_Disposition was I10 or I31.
Does the Product_Type match the name in the data submission file?	Product_Type	The Product_Type in this submission is not in alignment with the data submission file name.

Fatal Primary Data Validation Responses (Cont'd.)

QA check	Field(s) being reviewed	Fail response
Do records with nonresponse Final_Disposition codes (X20, X22, X24, X32, X33, X35, X43) have survey data included?	Final_Disposition; In_Health_Plan; Got_HP_Info_Web; Got_Info_Pay_Serv; Got_Info_Pay_RX; Got_Info_Needed_CS; HP_Forms_Easy; HP_Not_Pay_Services; HP_Thought_Pay; Delay_Care_Cost; Delay_RX_Cost; Know_Ins_Terms; Know_Using_Ins; Rate_HP; Got_Care_Quick; Got_Appt_Quick; Num_Visits_Office; Num_Visits_Doc; Got_Specialist_Care	The following Case IDs have responses for survey fields that do not align with a Final_Disposition field equal to nonresponse (i.e., X20, X22, X24, X32, X33, X35, X43): XXX, XXX.
Does the Survey_Mode field align with the mode included in the Final_Disposition field?	Survey_Mode; Final_Disposition	The following Case IDs have responses for the Survey_Mode field that do not align with the mode included in the Final_Disposition field: XXX, XXX.

Fatal Primary Data Validation Responses (Cont'd.)

QA check	Field(s) being reviewed	Fail response
If the Bad_Email_Flag field is endorsed (i.e., 1) is the Email_Address_Flag field also endorsed (i.e., 1)?	Bad_Email_Flag; Email_Address_Flag	XX records were submitted with a value of 1 for Bad_Email_Flag that did not include a corresponding value of 1 for Email_Address_Flag. These include Case IDs: XXX, XXX.
Does a record with a value of 1 for the Web_Entry_Flag field also have a value of 1 through 4 for the Internet_Opt_In field?	Web_Entry_Flag; Internet_Opt_In	XX records were submitted with a value of 1 for the Web_Entry_Flag field that did not have a corresponding value of 1 through 4 for the Internet_Opt_In field. These include Case IDs: XXX, XXX.
Do all records include the same value(s) for fields collected at the reporting unit level?	QHP_Issuer_Name; Product_Type; Issuer_ID, QHP_State; Reporting_Unit_ID; n_s; n_fr; M; Total_Enrollment; Collection_Start_Date; Collection_End_Date	The value(s) for the following fields are not the same for all individuals within the reporting unit: XXX, XXX, XXX.
Are all Completed and Partially Complete surveys (i.e., Final_Disposition = I10, I31, M10, M31, T10, T31) assigned a valid Date_Complete (i.e., MMDDYY)?	Date_Complete; Final_Disposition	The value for the Date_Complete field is invalid for the following Case IDs: XXX, XXX.
Do records with a Final_Disposition of I10 or I31 have an Internet_Opt_In value of 1, 2, or 3?	Internet_Opt_In; Final_Disposition	The following Case IDs have responses for the Internet_Opt_In field other than 1, 2, or 3 for Final_Dispositions responses of I10 or I31. These include Case IDs: XXX, XXX.

Fatal Primary Data Validation Responses (Cont'd.)

QA check	Field(s) being reviewed	Fail response
Is the vendor authorized to field the survey for the Reporting_Unit_ID?	Reporting_Unit_ID; Survey_Vendor_Name	Vendor was not authorized to field the survey for Reporting_Unit_ID.
Is the value for n_s less than or equal to the value for sample size submitted in the packing slip and Oversight Report 3?	n_s	The n_s align with what was submitted as part of the sampling frame.
Does a record with a Final_Disposition of I10, I31, M10, M31, T10, or T31 have a value of 1 or 2 for the Mixed_Mode field ?	Mixed_Mode; Final_Disposition	XX records were submitted with a Final_Disposition of Complete or Partially Complete (i.e., I10, I31, M10, M31, T10, T31) without a value of 1 or 2 for Mixed Mode. These include Case IDs: XXX, XXX.
Does a record with a Final_Disposition code of either partially complete or complete internet or phone survey (i.e., I10, I31, T10, or T31) also include a valid value for the Response_Time?	Response_Time; Final_Disposition	XX records had a Final_Disposition of Complete or Partially Complete Internet or phone survey (i.e., I10, I31, T10, T31) without a value for Response_Time. These include Case IDs: XXX, XXX.
Is Total_Enrollment greater than 500?	Total_Enrollment	The Total Enrollment for the Reporting Unit is not greater than 500. Reporting Units must have 500 enrollees as of January 1, 2023.
Do records with a final disposition of complete or partially complete telephone survey have a survey round value of T1, T2, T3, T4, T5, T6, or TN?	Survey_Round; Final_Disposition	XX records had a Final_Disposition of Complete or Partially Complete telephone survey (i.e., T10,T31) but did not have a value of T1,T2,T3, T4, T5,T6, or TN for Survey_Round. These include Case IDs: XXX, XXX.

Fatal Primary Data Validation Responses (Cont'd.)

QA check	Field(s) being reviewed	Fail response
Do records with a Final_Disposition of Complete or Partially Complete telephone survey have a survey round value of T1, T2, T3, T4, T5, T6, or TN?	Survey_Round; Final_Disposition	XX records had a Final_Disposition of Complete or Partially Complete telephone survey (i.e., T10, T31) but did not have a value of T1, T2, T3, T4, T5, T6, or TN for Survey_Round. These include Case IDs: XXX, XXX.
Do records with a Final_Disposition of Complete or Partially Complete mail survey have a survey round value of M1 or M2?	Survey_Round; Final_Disposition	XX records had a Final_Disposition of Complete or Partially Complete mail survey (i.e., M10, M31) but did not have a value of M1 or M2 for Survey_Round. These include Case IDs: XXX, XXX.
Do records with a Final_Disposition of Complete or Partially Complete internet survey have a survey round value of IN?	Survey_Round; Final_Disposition	XX records had a Final_Disposition of Complete or Partially Complete internet survey (i.e., I10, I31) but did not have a value of IN for Survey_Round. These include Case IDs: XXX, XXX.
Do records with a Final_Disposition other than Complete or Partially Complete mail, telephone, or internet survey have a survey round value of NC?	Survey_Round; Final_Disposition	XX records had a Final_Disposition other than Complete or Partially Complete mail, telephone, or internet survey (i.e., X20, X40, X43, X22, X24, X32, X33, X34, or X35) but did not have a value of NC for Survey_Round. These include Case IDs: XXX, XXX.
Do records with a Survey_Round value of T1, T2, T3, T4, T5, or T6 have a Final_Disposition of Complete or Partially Complete telephone survey?	Survey_Round; Final_Disposition	XX records had a Survey_Round response of T1, T2, T3, T4, T5, T6, or TN but did not have a Final_Disposition of Complete or Partially Complete telephone survey (i.e., T10, T31).

Fatal Primary Data Validation Responses (Cont'd.)

QA check	Field(s) being reviewed	Fail response
Do records with a Survey_Round value of M1 or M2 have a Final_Disposition of Complete or Partially Complete mail survey?	Survey_Round; Final_Disposition	XX records have a Survey_Round response of M1 or M2 but do not have a Final_Disposition of Complete or Partially Complete mail survey (i.e., M10, M31).
Do records with a Survey_Round value of IN have a Final_Disposition of Complete or Partially Complete internet survey?	Survey_Round; Final_Disposition	XX records have a Survey_Round response of IN but do not have a Final_Disposition of Complete or Partially Complete internet survey (i.e., I10, I31).
Do records with a Survey_Round value of NC have a Final_Disposition other than Complete or Partially Complete internet, telephone, or mail survey?	Survey_Round; Final_Disposition	XX records have a Survey_Round response of NC but do not have a Final_Disposition other than Complete or Partially Complete telephone survey (i.e., X20, X40, X43, X22, X24, X32, X33, X34, or X35).

Appendix B. Warning Primary Data Validation Responses

Warning Primary Data Validation Responses

QA check	Field(s) being reviewed	Fail response
Do any records have a value greater than 9 for K?	K	XX records were submitted with K greater than 9. These include Case IDs: XXX, XXX. Please confirm the accuracy of these values.
If the value of Medicaid_Expansion is 1, is the Variant_ID between 31 and 36?	Medicaid_Expansion, Variant_ID	This submission included XX records where the Medicaid_Expansion is 1 but the Variant_ID is not between 31 and 36 (i.e., not associated with QHPs offering coverage to Medicaid Expansion enrollees). These include Case IDs: XXX, XXX.
Does the enrollee response for the Age field align with the Enrollee_Age in the sampling frame? (This review allows for ± 1 year difference).	Age, Enrollee_Age	More than 5% of Case IDs have responses for the Age field that do not align with the Enrollee_Age field in the sampling frame. These include Case IDs: XXX, XXX.
Does the enrollee response for the Sex field align with the Enrollee_Gender field in the sampling frame?	Enrollee_Gender, Sex	More than 5% of Case IDs have responses for the Sex field that do not align with the Enrollee_Gender field in the sampling frame. These include Case IDs: XXX, XXX.

Warning Primary Data Validation Responses (Cont'd.)

QA check	Field(s) being reviewed	Fail response
If the Bad_Address_Flag field is endorsed (i.e., 1), is the Final_Disposition not equal to M10 or M31?	Bad_Address_Flag; Final_Disposition	XX records were submitted with a value of 1 for Bad_Address_Flag that had a Final_Disposition of M10 or M31. These include Case IDs: XXX, XXX.
If the Bad_Telephone_Flag field is endorsed (i.e., 1), is the Final_Disposition not equal to T10 or T31?	Bad_Telephone_Flag; Final_Disposition	XX records were submitted with a value of 1 for Bad_Telephone_Flag that had a Final_Disposition of T10 or T31. These include Case IDs: XXX, XXX.
Do records with an Internet_Opt_In value of 1, 2, or 3 have a Final_Disposition of I10, I31, or Ineligible/Blank Survey?	Internet_Opt_In; Final_Disposition	The following Case IDs have responses for the Internet_Opt_In field other than 1, 2, or 3 for Final_Dispositions responses of I10 or I31. These include Case IDs: XXX, XXX.
Do records with a response for Internet_Device_Type between 1 and 5 have with a Final_Disposition code of I10, I31, or Ineligible/Blank Survey?	Internet_Device_Type; Final_Disposition	The following Case IDs have responses for the Internet_Device_Type field (i.e., 1, 2, 3, 4, or 5) that do not have a Final_Disposition field equal to I10 or I31: XXX, XXX.
Do records with a response for the Internet_Device_Type field of 6 have a Final_Disposition of M10, M31, T10, T31 or Ineligible/Blank Survey?	Internet_Device_Type; Final_Disposition	The following Case IDs have responses for the Internet_Device_Type field (i.e., 6) that do not have a Final_Disposition field equal to M10, M31, T10, or T31: XXX, XXX.

Warning Primary Data Validation Responses (Cont'd.)

QA check	Field(s) being reviewed	Fail response
Do records with a response for the Internet_Browser field between 1 and 6 have a Final_Disposition of I10 or I31 or Ineligible/Blank Survey?	Internet_Browser; Final_Disposition	The following Case IDs have responses for the Internet_Browser field (i.e., 1, 2, 3, 4, 5, or 6) that do not have a Final_Disposition field equal to I10 or I31: XXX, XXX.
Do records with a response for the Internet_Browser field of 9 have a Final_Disposition of X20, X22, X24, X32, X33, X35, or X43?	Internet_Browser; Final_Disposition	The following Case IDs have responses for the Internet_Browser field (i.e., 9) that do not have a Final_Disposition field equal to X20, X22, X24, X32, X33, X35, or X43: XXX, XXX.
Do records with a response for the Internet_Browser field of 7 have a Final_Disposition of M10, M31, T10, T31, or Ineligible/Blank Survey?	Internet_Browser; Final_Disposition	The following Case IDs have responses for the Internet_Browser field (i.e., 7) that do not have a Final_Disposition field equal to M10, M31, T10, or T31: XXX, XXX.
Does a record with a value of 1 or 2 for the Mixed_Mode field also have a partially complete or complete mail, Internet, or phone survey (i.e., Final_Disposition = I10, I31, M10, M31, T10, or T31) or Ineligible/Blank Survey?	Mixed_Mode; Final_Disposition	XX records were submitted with a value of 1 or 2 for Mixed Mode that did not include a Final_Disposition of Complete or Partially Complete (i.e., I10, I31, M10, M31, T10, or T31). These include Case IDs: XXX, XXX.

Warning Primary Data Validation Responses (Cont'd.)

QA check	Field(s) being reviewed	Fail response
Does a record with a value between 1 to 4 for the Survey_Mode field also have a final disposition code of either partially complete or complete mail, Internet or telephone survey (i.e., I10, I31, M10, M31, T10, or T31) or Ineligible/Blank Survey?	Survey_Mode; Final_Disposition	XX records were submitted with a value of 1 through 4 for Survey_Mode that did not include a Final_Disposition of partially complete or complete mail, Internet or phone survey. These include Case IDs: XXX, XXX.
If a survey has at least 10 key items answered, is the Final_Disposition-either Complete (I10, M10, or T10) or Ineligible/Blank Survey?	Final_Disposition	XX records were submitted with at least 10 key items answered, but that had a Final_Disposition other than Complete (I10, M10, or T10) or Ineligible. These include Case IDs: XXX, XXX.
Does the sample frame variable meet the minimum completeness thresholds?	QHP_Issuer_Name; Product_Type, Issuer_ID, QHP_State; Reporting_Unit_ID; Total_Enrollment; Enrollee_Gender; Enrollee_Age; Metal_Level; Variant_ID; Spoken_Language_Preference; Written_Language_Preference; APTC_CSR; Plan_Marketing_Name; Plan_Name_Fill; Reporting_Status; Flu_Flag	The following sample variables did not meet the minimum completeness thresholds specified in the QHP Enrollee Survey Technical Specifications: XXX, XXX.

Warning Primary Data Validation Responses (Cont'd.)

QA check	Field(s) being reviewed	Fail response
Do records with blank (-3) responses to In_Health_Plan and Name_Health_Plan have a final disposition coded other than X40 Ineligible?	In_Health_Plan; Name_Health_Plan	XX records had no response to In_Health_Plan and Name_Health_Plan but had Final_Disposition of X40. These include Case IDs: XXX, XXX.
Do records with a final disposition of completed internet or telephone survey have a response time less than 2 minutes?	Response_Time; Final_Disposition	XX records had a Final_Disposition of Complete internet or telephone survey (I10, T10) with a response time less than 2 minutes. These include Case IDs: XXX, XXX.
