2023 Medicare Open Enrollment Resources

Medicare.gov provides clear, easy-to-use information as well as an updated Medicare Plan Finder to allow people with Medicare to compare their personalized options for health and drug coverage. Medicare Plan Finder will be updated with the 2023 Medicare health and prescription drug plan information on October 1, 2022. 1-800-MEDICARE is available 24 hours a day, seven days a week to provide help in English and Spanish as well as language support in over 200 languages.

In addition, Medicare enrollees can contact their State Health Insurance Assistance Programs (https://www.shiphelp.org/) for one-on-one assistance. People who want to keep their current Medicare coverage do not need to re-enroll.

To help with their Medicare costs, low-income seniors and adults with disabilities may qualify to receive financial assistance from the Medicare Savings Programs (MSPs). The MSPs are essential to help millions of Americans access high-quality health care at a reduced cost, yet only about half of eligible people are enrolled. The MSPs help pay Medicare premiums and may also pay Medicare deductibles, coinsurance and copayments if people meet the conditions of eligibility. Enrolling in an MSP offers relief from these Medicare costs, allowing people to spend that money on other necessities like food, housing or transportation. The MSPs are essential to help millions of Americans access high-quality health care at a reduced cost, yet only about half of eligible people are enrolled. The MSPs help pay Medicare premiums and may also pay Medicare deductibles, coinsurance and copayments if people meet the conditions of eligibility. To help with their Medicare costs, low-income seniors and adults with disabilities may qualify to receive financial assistance from the Medicare Savings Programs (MSPs). The MSPs are essential to help millions of Americans access high-quality health care at a reduced cost, yet only about half of eligible people are enrolled. The MSPs help pay Medicare premiums and may also
pay Medicare deductibles, coinsurance and copayments if people meet the conditions of eligibility. Enrolling in an MSP offers relief from these Medicare costs, allowing people to spend that money on other necessities like food, housing or transportation.
