

## Long-Term Care Hospital (LTCH) Quality Reporting Program (QRP) Public Reporting - Archives

**March 14, 2025**

### **LTCH Provider Preview Reports – Now Available**

The Long-Term Care Hospital (LTCH) Provider Preview Reports have been updated and are now available. These reports contain provider performance scores for quality measures, which will be published on the compare tool on the compare tool on [Medicare.gov](https://www.medicare.gov) and the [Provider Data Catalog \(PDC\)](https://www.pdc.hrsa.gov) during the **June 2025 refresh**.

Data contained within the Provider Preview Reports are based on quality assessment data submitted by LTCHs from **Quarter 4, 2023 through Quarter 3, 2024**, and for the LTCH Change in Mobility measure, **Quarter 4, 2022 through Quarter 3, 2024**. Additionally, the Centers for Disease Control and Prevention (CDC) measures reflect data from **Quarter 3, 2023 through Quarter 2, 2024** for the Clostridium Difficile Infection (CDI), Catheter-Associated Urinary Tract Infections (CAUTI), and Central Line-Associated Bloodstream Infection (CLABSI) measures, **Quarter 4, 2023 through Quarter 1, 2024** for the Influenza Vaccination Coverage Among Healthcare Personnel measure, and **Quarter 3, 2024** for the COVID-19 Vaccination Coverage among Healthcare Personnel (HCP) measure. The claims-based measures will reflect data from **Quarter 4, 2021 through Quarter 3, 2023**.

Providers have until **April 14, 2025**, to review their performance data. Only updates/corrections to the underlying assessment data before the final data submission deadline will be reflected in the publicly reported data on [Medicare.gov](https://www.medicare.gov) and the [PDC](https://www.pdc.hrsa.gov). If a provider updates assessment data after the final data submission deadline, the updated data will only be reflected in the

Facility-Level Quality Measure (QM) report and Patient-Level QM report. Updates submitted after the final data submission deadline will not be reflected in the Provider Preview Reports or on [Medicare.gov](https://www.medicare.gov). However, providers can request a CMS review of their data during the preview period if they believe the displayed quality measure scores within their Provider Preview Reports are inaccurate.
