 - a. In January CMS begins to compile a list of all sanctions taken against laboratories in the previous calendar year.
 - b. Letters are sent to each Accrediting Organization (AO) and Exempt State (ES) requesting a list of laboratories against which they have taken sanctions.
 - c. Timeframe – the AOs and ESs have 30 days to respond and submit actions to CMS.
2. Once the information is received and entered into the data system the final report has to be sorted and put in numerical order within each section. There are 10 regulatory sections.
