

2028 Results Reporting Key Dates and Resources: Hybrid Hospital-Wide Readmission (H-HWR) and Hybrid Hospital-Wide Mortality (H-HWM) Measures

Introduction

This document summarizes key dates and resources for hospitals participating in the 2028 Results Reporting of the Hybrid HWR (H-HWR) and the Hybrid HWM (H-HWM) measures.

Key Dates

For the 2028 Results Reporting of the hybrid measures, participating hospitals should submit data on Core Clinical Data Elements (CCDE) (6 vital signs 7 laboratory test results for HWR and 4 vital signs and 6 laboratory tests for HWM, respectively), and linking variables:

- For discharges occurring between **July 1, 2026 – June 30, 2027**
- By **October 1, 2027**

Hospitals will receive Hospital-Specific Reports (HSRs) in **Spring 2028**.

Questions?

Please submit hybrid measure questions to the QualityNet Question and Answer tool at https://cmsqualitysupport.servicenowservices.com/qnet_qa?id=ask_a_question by selecting: (i) IQR - Inpatient Quality Reporting under "Program", and then (ii) Hybrid Measures under "Topic" or submit your questions via JIRA <https://oncprojecttracking.healthit.gov/support/browse/CHM>
