Important Dates for Health Insurance from Medicare, the Health Insurance Marketplace, Medicaid, and CHIP

Each health insurance program has different dates and deadlines. Some have special provisions for American Indians and Alaska Natives. Consult this document to find the dates that apply to you and your family.

**Medicare**

**Part A** (hospital insurance) • **Part B** (medical insurance) • **Part D** (prescription drug insurance)

---

**Initial Enrollment Period (IEP)**

_The 7-month period around your 65th birthday_

This period begins 3 months before and ends 3 months after the month you turn 65. For example, if your birthday is on June 11, your IEP includes the months of March, April, May, June (birth month), July, August, and September. Caution! This is when you should sign up for Medicare. If you miss your IEP you will probably have to pay higher premiums for signing up late.

**General Enrollment Period**

_January 1 through March 31_

This is a yearly period when you can sign up for Medicare (but probably will pay higher premiums than if you signed up during your IEP). Your insurance will begin July 1.

---

**Annual Enrollment Period Also called (Fall Open Enrollment)**

_October 15 through December 7_

During this period, you can sign up for Part D (but probably will pay higher premiums than if you signed up during your IEP). This is also when you can make changes to your Medicare insurance.

**Medicare enrollment is handled by the Social Security Administration.**

To sign up for Medicare go to www.ssa.gov/Medicare
call 1-800-772-1213, contact your local Social Security office, or ask for assistance at your Indian Health program.

**To learn more about Medicare, visit Medicare.gov or call 1-800-633-4227**
There are special enrollment periods for people who meet certain conditions.

Most people under the age of 65 who get Social Security or Railroad Retirement Board disability benefits automatically qualify for Medicare Parts A and B after 24 months. The 24-month waiting period is waved for people with ALS (Lou Gehrig’s disease) or End-Stage Renal Disease (kidney failure).

Medicare’s dates and deadlines apply to members of all populations. There are no special provisions for American Indians or Alaska Natives.
