New Funding Opportunity for Marketplace Navigators

The Affordable Care Act requires Marketplaces to establish a Navigator program to help consumers understand new coverage options and find the most affordable coverage that meets their health care needs.

CMS has published a Funding Opportunity Announcement (FOA) on the availability of up to \$54 million in cooperative agreements to fund Navigators in Federally-facilitated or State Partnership Marketplaces.

Applications are available now by visiting <http://www.grants.gov/> and searching for CFDA number 93.750.

The FOA provides detailed information on applicant eligibility requirements, a state listing of Federally-facilitated and State Partnership Marketplaces, award criteria and instructions for application submission.
