**RE: Updated October – December 2025 Phased-
Down State Contribution Final Per Capita Rates**

September 30, 2025

The Medicare Prescription Drug, Improvement, and Modernization Act of 2003 (MMA) requires the Centers for Medicare & Medicaid Services (CMS) notify each state, no later than October 15 of each calendar year, of its annual per capita drug payment expenditure amount for the following year. Payments for the phased-down state contribution are made on a monthly basis. These payments are defined by the MMA to be the product of the annual per capita full dual-eligible drug payment amount and the monthly state enrollment of full-benefit dually eligible beneficiaries.

This Informational Bulletin¹ is to notify you of changes to the phased-down state contribution per capita rates for October through December 2025. The updated rates for these months are shown in Attachment 1.
