* CMS adjusts the Medicare payment rates for services furnished by Opioid Treatment Programs (OTPs) using the Geographic Adjustment Factor (GAF). CMS calculates the GAF using the Geographic Practice Cost Indices (GPCI) used under the Physician Fee Schedule. For January 1, 2020 through November 30, 2020, the Work GPICs reflect a 1.0 floor as required by Section 3801 of The Coronavirus Aid, Relief, and Economic Security (CARES) Act of 2020 [March 27, 2020]. Note: Section 101 of division N of the Further Consolidated Appropriations Act of 2020 previously updated the work GPCI floor from January 1, 2020 through May 22, 2020 only).
