

COBA ID: _____

COBA Electronic Transmission Form

Please check one:

New Setup Change to Existing Setup

Part A. Submitter Data

Trading Partner Name: _____

Contact Name: _____

Telephone Number: _____

E-mail Address: _____

Part B. File Type

Please check the COBA File Type that the electronic transmission is being requested for:

Eligibility (E01) Files

Drug Coverage Eligibility (E02) Files

Claim Files (Part A, Part B and NCPDP)

Query File (ANSI 270/271)

Part C. Bi-directional Connection Options and Information

Please check the bi-directional connection option that will be used:

Secure File Transfer Protocol (FTP) or Hypertext Transfer Protocol Secure (HTTPS)

Connect: Direct (NDM/IP) via AT&T Global Network (AGNS)

Note: If you have selected SFTP/HTTPS for your bi-directional connection, please contact your EDI representative to request the Secure FTP Information Form. Do not complete the balance of this form.

Please complete the account information for your bi-directional connection below:

NDM/IP
Account ID: _____

IP Address: _____

Port Address: _____

Note: Trading Partners will need to grant security access to the filenames specified above. You must include (+1) as a suffix if the destination filename is an IBM GDG file.

COBA ID: _____

Coordination of Benefits Contractor's Information:

NDM/IP

Account ID: BXGH

Node ID: GHINY

IP Address: 32.91.170.61/29

Port Address: 1364(default)

Part D. Filename Requirements

Trading Partners or Trading Partner contractors must provide the following Data Set Names (DSNs) to the COBC for receipt of the Eligibility Detail Report and Claims Files (unless excluded in Section IV of the COBA Attachment). If the Trading Partner has multiple COBA IDs, unique filenames must be provided for the E01 Eligibility File Acknowledgement, Eligibility Response file and E02 Drug Coverage Response file for each assigned COBA ID for Test and Production. Please copy this form for additional COBA IDs.

Trading Partners can combine the E01 and E02 input files in the same file. However, the header record E00 must be specified followed by the E01 and E02 records (in the aforementioned order) with the E99 trailer record at the end of the file.

E01 Eligibility Files

Trading Partners or Trading Partner contractors will need to use the following Data Set Names (DSN) for submitting E01 Eligibility Files via:

Connect Direct:	Test Filename	TCOB.BA.NDM.COBA.CBXXXXX.ELIG(+1)
	Production Filename	PCOB.BA.NDM.COBA.CBXXXXX.ELIG(+1)

Where XXXXX = the last five digits of the Trading Partner's COBA ID.

Claim Dispute Files

Dispute files must be sent the filename noted below. Please note that there is no electronic dispute file response. Trading Partner's Administrative, Technical, and Financial contacts will receive an e-mail notification acknowledging receipt of any submitted eligibility file. Once the file has been processed, an e-mail response will be sent to the same individuals. Refer to the Coordination of Benefits Agreement Implementation User Guide for additional information on the COBA Claims Dispute Process.

'PCOB.BA.NDM.COBA.CBXXXXX.DISPUTE(+1) XXXXX = TP assigned COBA ID.

Questions or Special Instructions:

If you have any technical questions or need assistance with establishing this transmission link (e.g., NDM specific connection information), please contact our EDI Help Desk at (646) 458-6740.
