

## Hospital Outpatient Department Services (HOPD) Reason Codes and Statements

May 19, 2023

Reason Code	BOTULINUM TOXIN INJECTION
<b>HP000</b>	Insufficient documentation to support that the patient has been unresponsive to conventional methods of treatment to control and/or treat a spastic condition. Refer to 42 Code of Federal Regulations (CFR) 411.15(k)(1), Social Security Act (SSA) Title XVIII, Section 1862(a)(1)(A), Internet Only Manual (IOM) Publication (Pub.) 100-02, Chapter 16, Section 120 and IOM Pub. 100-08, Chapter 3, Section 3.6.2.2. Refer to the MAC LCD and/or LCA if applicable.
<b>HP001</b>	Insufficient documentation to support medical necessity of a specific condition as indicated for the administration of botulinum toxin. Refer to 42 Code of Federal Regulations (CFR) 411.15(k)(1), Social Security Act (SSA) Title XVIII, Section 1862(a)(1)(A), Internet Only Manual (IOM) Publication (Pub.) 100-02, Chapter 16, Section 120 and IOM Pub. 100-08, Chapter 3, Section 3.6.2.2. Refer to the MAC LCD and/or LCA if applicable.
<b>HP002</b>	Insufficient documentation to support the clinical effectiveness for subsequent botulinum toxin injections. Refer to 42 Code of Federal Regulations (CFR) 411.15(k)(1), Social Security Act (SSA) Title XVIII, Section 1862(a)(1)(A), Internet Only Manual (IOM) Publication (Pub.) 100-02, Chapter 16, Section 120 and IOM Pub. 100-08, Chapter 3, Section 3.6.2.2. Refer to the MAC LCD and/or LCA if applicable.
<b>HP003</b>	Insufficient documentation to support medical necessity of injections for migraines given less than 12 weeks apart without reason for the increased frequency. Refer to 42 Code of Federal Regulations (CFR) 411.15(k)(1), Social Security Act (SSA) Title XVIII, Section 1862(a)(1)(A), Internet Only Manual (IOM) Publication (Pub.) 100-02, Chapter 16, Section 120 and IOM Pub. 100-08, Chapter 3, Section 3.6.2.2. Refer to the MAC LCD and/or LCA if applicable.
<b>HP004</b>	Insufficient documentation to support use of injections for the spastic condition as two or more doses were given in a row without positive effect on beneficiary or improvement of the spastic condition. Refer to 42 Code of Federal Regulations (CFR) 411.15(k)(1), Social Security Act (SSA) Title XVIII, Section 1862(a)(1)(A), Internet Only Manual (IOM) Publication (Pub.) 100-02, Chapter 16, Section 120 and IOM Pub. 100-08, Chapter 3, Section 3.6.2.2. Refer to the MAC LCD and/or LCA if applicable.
<b>HP005</b>	Insufficient documentation to support one or more (any) of the following coverage requirements for achalasia: <ul style="list-style-type: none"> <li>• High risk of complications of pneumatic dilation or surgical myotomy</li> <li>• Failed myotomy or dilation</li> <li>• Previous dilation induced perforation</li> <li>• History of epiphrenic diverticulum or hiatal hernia</li> </ul> Refer to 42 Code of Federal Regulations (CFR) 411.15(k)(1), Social Security Act

## Hospital Outpatient Department Services (HOPD) Reason Codes and Statements

May 19, 2023

	(SSA) Title XVIII, Section 1862(a)(1)(A), Internet Only Manual (IOM) Publication (Pub.) 100-02, Chapter 16, Section 120 and IOM Pub. 100-08, Chapter 3, Section 3.6.2.2. Refer to the MAC LCD and/or LCA if applicable.
<b>HP006</b>	A surgical procedure for the purpose of improving appearance is not covered per Medicare guidelines. Refer to 42 Code of Federal Regulations (CFR) 411.15(k)(1), Social Security Act (SSA) Title XVIII, Section 1862(a)(1)(A), Internet Only Manual (IOM) Publication (Pub.) 100-02, Chapter 16, Section 120 and IOM Pub. 100-08, Chapter 3, Section 3.6.2.2. Refer to the MAC LCD and/or LCA if applicable.

<b>Reason Code</b>	<b>PANNICULECTOMY</b>
<b>HP100</b>	A surgical procedure for the purpose of improving appearance is not covered per Medicare guidelines. Refer to 42 Code of Federal Regulations (CFR) 411.15(k)(1), Social Security Act (SSA) Title XVIII, Section 1862(a)(1)(A), Internet Only Manual (IOM) Publication (Pub.) 100-02, Chapter 16, Section 120 and IOM Pub. 100-08, Chapter 3, Section 3.6.2.2. Refer to the MAC LCD and/or LCA if applicable.
<b>HP101</b>	Insufficient documentation to support medical necessity because a panniculectomy was not done at the same time as the primary procedure and/or would affect the healing of the surgical incision. Refer to 42 Code of Federal Regulations (CFR) 411.15(k)(1), Social Security Act (SSA) Title XVIII, Section 1862(a)(1)(A), Internet Only Manual (IOM) Publication (Pub.) 100-02, Chapter 16, Section 120 and IOM Pub. 100-08, Chapter 3, Section 3.6.2.2. Refer to the MAC LCD and/or LCA if applicable.
<b>HP102</b>	Insufficient documentation to support the panniculectomy was performed to alleviate any complicating factors such as inability to walk normally, chronic pain, ulceration created by abdominal skin fold, or intertrigal dermatitis. Social Security Act (SSA) Title XVIII, Section 1862(a)(1)(A) and Internet Only Manual (IOM) Publication 100-02, Chapter 16, Section 120. Refer to the Medicare Administrative Contractor (MAC) Local Coverage Determination (LCD) and/or Local Coverage Article (LCA) if applicable.
<b>HP103</b>	Insufficient documentation to support that complicating factors were present for at least three months prior to the panniculectomy. Refer to 42 Code of Federal Regulations (CFR) 411.15(k)(1), Social Security Act (SSA) Title XVIII, Section 1862(a)(1)(A), Internet Only Manual (IOM) Publication (Pub.) 100-02, Chapter 16, Section 120 and IOM Pub. 100-08, Chapter 3, Section 3.6.2.2. Refer to the MAC LCD and/or LCA if applicable.
<b>HP104</b>	Insufficient documentation to support the complicating factors were refractory to usual standard medical therapy prior to the panniculectomy. Refer to 42 Code of Federal Regulations (CFR) 411.15(k)(1), Social Security Act (SSA) Title XVIII, Section 1862(a)(1)(A), Internet Only Manual (IOM) Publication (Pub.) 100-02, Chapter 16,

## Hospital Outpatient Department Services (HOPD) Reason Codes and Statements

May 19, 2023

	Section 120 and IOM Pub. 100-08, Chapter 3, Section 3.6.2.2. Refer to the MAC LCD and/or LCA if applicable.
<b>HP105</b>	Insufficient documentation to support the medical necessity of a panniculectomy as there was no evidence of significant weight loss following the treatment of morbid obesity. Refer to 42 Code of Federal Regulations (CFR) 411.15(k)(1), Social Security Act (SSA) Title XVIII, Section 1862(a)(1)(A), Internet Only Manual (IOM) Publication (Pub.) 100-02 Chapter 16, Section 120 and IOM Pub. 100-08, Chapter 3, Section 3.6.2.2. Refer to the MAC LCD and/or LCA if applicable.

<b>Reason Code</b>	<b>RHINOPLASTY</b>
<b>HP200</b>	A surgical procedure for the purpose of improving appearance is not covered per Medicare guidelines. Social Security Act (SSA) Title XVIII, Section 1862(a)(1)(A) and Internet Only Manual (IOM) Publication 100-02, Chapter 16, Section 120. Refer to the Medicare Administrative Contractor (MAC) Local Coverage Determination (LCD) and/or Local Coverage Article (LCA) if applicable.
<b>HP201</b>	Insufficient documentation to support that the rhinoplasty was performed to improve abnormal function or to reconstruct congenital or acquired deformities. Social Security Act (SSA) Title XVIII, Section 1862(a)(1)(A) and Internet Only Manual (IOM) Publication 100-02, Chapter 16, Section 120. Refer to the Medicare Administrative Contractor (MAC) Local Coverage Determination (LCD) and/or Local Coverage Article (LCA) if applicable.
<b>HP202</b>	The documentation does not contain the required photographs to support medical necessity. Refer to 42 Code of Federal Regulations (CFR) 411.15(k)(1), Social Security Act (SSA) Title XVIII, Section 1862(a)(1)(A), Internet Only Manual (IOM) Publication (Pub.) 100-02, Chapter 16, Section 120 and IOM Pub. 100-08, Chapter 3, Section 3.6.2.2. Refer to the MAC LCD and/or LCA if applicable.
<b>HP203</b>	Insufficient documentation to support medical necessity for rhinoplasty for a nasal airway obstruction that is unresponsive to conservative medical management, as related to trauma, disease, or a congenital defect. Conservative medical management would have to be recent, last at least six weeks, and demonstrate that nasal obstruction has either not resolved after previous septoplasty/turbinectomy or would not be expected to resolve with septoplasty/turbinectomy alone. Refer to 42 Code of Federal Regulations (CFR) 411.15(k)(1), Social Security Act (SSA) Title XVIII, Section 1862(a)(1)(A), Internet Only Manual (IOM) Publication (Pub.) 100-02, Chapter 16, Section 120 and IOM Pub. 100-08, Chapter 3, Section 3.6.2.2. Refer to the MAC LCD and/or LCA if applicable.
<b>HP204</b>	Insufficient documentation to support septoplasty as being medically necessary due to having a septal deviation that is unresponsive to conservative medical management. Refer to 42 Code of Federal Regulations (CFR) 411.15(k)(1), Social Security Act

## Hospital Outpatient Department Services (HOPD) Reason Codes and Statements

May 19, 2023

	(SSA) Title XVIII, Section 1862(a)(1)(A), Internet Only Manual (IOM) Publication (Pub.) 100-02, Chapter 16, Section 120 and IOM Pub. 100-08, Chapter 3, Section 3.6.2.2. Refer to the MAC LCD and/or LCA if applicable.
<b>HP205</b>	Insufficient documentation to support septoplasty as being medically necessary as related to epistaxis related to the deformity, a deformity which prevents access to other trans nasal areas, congenital defects or obstructed nasal breathing as instructed in the LCD. Refer to 42 Code of Federal Regulations (CFR) 411.15(k)(1), Social Security Act (SSA) Title XVIII, Section 1862(a)(1)(A), Internet Only Manual (IOM) Publication (Pub.) 100-02, Chapter 16, Section 120 and IOM Pub. 100-08, Chapter 3, Section 3.6.2.2. Refer to the MAC LCD and/or LCA if applicable.

<b>Reason Code</b>	<b>VEIN ABLATION</b>
<b>HP300</b>	The documentation submitted does not have a covered diagnosis code for the procedure indicated. Refer to 42 Code of Federal Regulations (CFR) 411.15(k)(1), Social Security Act (SSA) Title XVIII, Section 1862(a)(1)(A), Internet Only Manual (IOM) Publication (Pub.) 100-02, Chapter 16, Section 120 and IOM Pub. 100-08, Chapter 3, Section 3.6.2.2. Refer to the Medicare Administrative Contractor (MAC) Local Coverage Determination (LCD) and/or Local Coverage Article (LCA) if applicable.
<b>HP301</b>	Insufficient documentation to support failure of an adequate trial of conservative treatment prior to the vein ablation. Refer to 42 Code of Federal Regulations (CFR) 411.15(k)(1), Social Security Act (SSA) Title XVIII, Section 1862(a)(1)(A), Internet Only Manual (IOM) Publication (Pub.) 100-02, Chapter 16, Section 120 and IOM Pub. 100-08, Chapter 3, Section 3.6.2.2. Refer to the Medicare Administrative Contractor (MAC) Local Coverage Determination (LCD) and/or Local Coverage Article (LCA) if applicable.
<b>HP302</b>	The documentation submitted does not include history and physical findings supporting a diagnosis of symptomatic varicose veins. Refer to 42 Code of Federal Regulations (CFR) 411.15(k)(1), Social Security Act (SSA) Title XVIII, Section 1862(a)(1)(A), Internet Only Manual (IOM) Publication (Pub.) 100-02, Chapter 16, Section 120 and IOM Pub. 100-08, Chapter 3, Section 3.6.2.2. Refer to the Medicare Administrative Contractor (MAC) Local Coverage Determination (LCD) and/or Local Coverage Article (LCA) if applicable.
<b>HP303</b>	Insufficient documentation to support that the beneficiary has an absence of aneurysm in target segment. Refer to 42 Code of Federal Regulations (CFR) 411.15(k)(1), Social Security Act (SSA) Title XVIII, Section 1862(a)(1)(A), Internet Only Manual (IOM) Publication (Pub.) 100-02, Chapter 16, Section 120 and IOM Pub. 100-08, Chapter 3, Section 3.6.2.2. Refer to the Medicare Administrative Contractor (MAC) Local Coverage Determination (LCD) and/or Local Coverage Article (LCA) if applicable.

## Hospital Outpatient Department Services (HOPD) Reason Codes and Statements

May 19, 2023

<p><b>HP304</b></p>	<p>Insufficient documentation to support that the required vein diameter parameters for vein ablation were met per Medicare coverage criteria. Refer to 42 Code of Federal Regulations (CFR) 411.15(k)(1), Social Security Act (SSA) Title XVIII, Section 1862(a)(1)(A), Internet Only Manual (IOM) Publication (Pub.) 100-02, Chapter 16, Section 120 and IOM Pub. 100-08, Chapter 3, Section 3.6.2.2. Refer to the Medicare Administrative Contractor (MAC) Local Coverage Determination (LCD) and/or Local Coverage Article (LCA) if applicable.</p>
<p><b>HP305</b></p>	<p>The documentation submitted does not note the absence of thrombosis or vein tortuosity. Refer to 42 Code of Federal Regulations (CFR) 411.15(k)(1), Social Security Act (SSA) Title XVIII, Section 1862(a)(1)(A), Internet Only Manual (IOM) Publication (Pub.) 100-02, Chapter 16, Section 120 and IOM Pub. 100-08, Chapter 3, Section 3.6.2.2. Refer to the Medicare Administrative Contractor (MAC) Local Coverage Determination (LCD) and/or Local Coverage Article (LCA) if applicable.</p>
<p><b>HP306</b></p>	<p>Insufficient documentation to support performance of test(s) to confirm the presence and location of incompetent perforating veins. Refer to 42 Code of Federal Regulations (CFR) 411.15(k)(1), Social Security Act (SSA) Title XVIII, Section 1862(a)(1)(A), Internet Only Manual (IOM) Publication (Pub.) 100-02, Chapter 16, Section 120 and IOM Pub. 100-08, Chapter 3, Section 3.6.2.2. Refer to the MAC LCD and/or LCA if applicable.</p>
<p><b>HP307</b></p>	<p>Documentation submitted supports that the requested procedure is for recanalization of the vein or failure of a vein closure without recurrent signs or symptoms and/or the previous procedure was performed within the past year. Refer to MAC LCD and/or LCA as applicable, XVIII of SSA 1862 (a)(1)(A), Medicare Program Integrity Manual Chapter 13, §13.5.4.</p>
<p><b>HP308</b></p>	<p>Insufficient documentation to support other causes of edema, ulceration, and/or pain in the limbs. Refer to 42 Code of Federal Regulations (CFR) 411.15(k)(1), Social Security Act (SSA) Title XVIII, Section 1862(a)(1)(A), Internet Only Manual (IOM) Publication (Pub.) 100-02, Chapter 16, Section 120 and IOM Pub. 100-08, Chapter 3, Section 3.6.2.2. Refer to the Medicare Administrative Contractor (MAC) Local Coverage Determination (LCD) and/or Local Coverage Article (LCA) if applicable.</p>
<p><b>HP309</b></p>	<p>Insufficient documentation to support the necessity of utilizing ultrasound guidance for the vein ablation. Refer to 42 Code of Federal Regulations (CFR) 411.15(k)(1), Social Security Act (SSA) Title XVIII, Section 1862(a)(1)(A), Internet Only Manual (IOM) Publication (Pub.) 100-02, Chapter 16, Section 120 and IOM Pub. 100-08, Chapter 3, Section 3.6.2.2. Refer to the Medicare Administrative Contractor (MAC) Local Coverage Determination (LCD) and/or Local Coverage Article (LCA) if applicable.</p>
<p><b>HP310</b></p>	<p>A surgical procedure for the purpose of improving appearance is not covered per Medicare guidelines. Refer to 42 Code of Federal Regulations (CFR) 411.15(k)(1), Social Security Act (SSA) Title XVIII, Section 1862(a)(1)(A), Internet Only Manual (IOM) Publication (Pub.) 100-02, Chapter 16, Section 120 and IOM Pub. 100-08, Chapter 3, Section 3.6.2.2. Refer to the MAC LCD and/or LCA if applicable.</p>

**Hospital Outpatient Department Services (HOPD) Reason Codes and Statements**

May 19, 2023

Reason Code	BLEPHAROPLASTY
<b>HP400</b>	The following documentation was not received for review; preoperative exam, photographs, visual fields with physician interpretation, and/or medical records that include patient findings and complaints. Refer to 42 Code of Federal Regulations (CFR) 411.15(k)(1), Social Security Act (SSA) Title XVIII, Section 1862(a)(1)(A), Internet Only Manual (IOM) Publication (Pub.) 100-02, Chapter 16, Section 120 and IOM Pub. 100-08, Chapter 3, Section 3.6.2.2. Refer to the Medicare Administrative Contractor (MAC) Local Coverage Determination (LCD) and/or Local Coverage Article (LCA) if applicable.
<b>HP401</b>	A surgical procedure for the purpose of improving appearance is not covered per Medicare guidelines. Refer to 42 Code of Federal Regulations (CFR) 411.15(k)(1), Social Security Act (SSA) Title XVIII, Section 1862(a)(1)(A), Internet Only Manual (IOM) Publication (Pub.) 100-02, Chapter 16, Section 120 and IOM Pub. 100-08, Chapter 3, Section 3.6.2.2. Refer to the Medicare Administrative Contractor (MAC) Local Coverage Determination (LCD) and/or Local Coverage Article (LCA) if applicable.
<b>HP402</b>	Insufficient documentation to support the beneficiary met the criteria per coverage requirements for blepharoplasty, blepharoptosis and /or brow lift. Refer to 42 Code of Federal Regulations (CFR) 411.15(k)(1), Social Security Act (SSA) Title XVIII, Section 1862(a)(1)(A), Internet Only Manual (IOM) Publication (Pub.) 100-02, Chapter 16, Section 120 and IOM Pub. 100-08, Chapter 3, Section 3.6.2.2. Refer to the Medicare Administrative Contractor (MAC) Local Coverage Determination (LCD) and/or Local Coverage Article (LCA) if applicable.
<b>HP403</b>	Insufficient documentation to support patient complaints and findings secondary to eyelid or brow malposition. Refer to 42 Code of Federal Regulations (CFR) 411.15(k)(1), Social Security Act (SSA) Title XVIII, Section 1862(a)(1)(A), Internet Only Manual (IOM) Publication (Pub.) 100-02, Chapter 16, Section 120 and IOM Pub. 100-08, Chapter 3, Section 3.6.2.2. Refer to the Medicare Administrative Contractor (MAC) Local Coverage Determination (LCD) and/or Local Coverage Article (LCA) if applicable.
<b>HP404</b>	Insufficient documentation to support that the photographs demonstrate redundant skin on the upper eyelids and/or drooping of brows. Refer to 42 Code of Federal Regulations (CFR) 411.15(k)(1), Social Security Act (SSA) Title XVIII, Section 1862(a)(1)(A), Internet Only Manual (IOM) Publication (Pub.) 100-02, Chapter 16, Section 120 and IOM Pub. 100-08, Chapter 3, Section 3.6.2.2. Refer to the Medicare Administrative Contractor (MAC) Local Coverage Determination (LCD) and/or Local Coverage Article (LCA) if applicable.
<b>HP405</b>	The documentation submitted does not meet criteria for visual field impairment:

## Hospital Outpatient Department Services (HOPD) Reason Codes and Statements

May 19, 2023

	<ul style="list-style-type: none"> <li>The indication for surgery is supported if a difference of 12° or more or 30% superior visual field difference is demonstrated between visual field testing before and after manual elevation of the eyelids.</li> <li>Visually significant brow ptosis may be documented by visual field testing with the brow elevated demonstrating a difference of 12° or more or 30% superior visual field difference.</li> </ul> <p>Refer to 42 Code of Federal Regulations (CFR) 411.15(k)(1), Social Security Act (SSA) Title XVIII, Section 1862(a)(1)(A), Internet Only Manual (IOM) Publication (Pub.) 100-02, Chapter 16, Section 120 and IOM Pub. 100-08, Chapter 3, Section 3.6.2.2. Refer to the Medicare Administrative Contractor (MAC) Local Coverage Determination (LCD) and/or Local Coverage Article (LCA) if applicable.</p>
<b>HP406</b>	<p>Insufficient documentation to support criteria was met for relief of eye symptoms associated with blepharospasm: primary essential idiopathic blepharospasm. May 19, 2023

	Contractor (MAC) Local Coverage Determination (LCD) and/or Local Coverage Article (LCA) if applicable.
<b>HP501</b>	Insufficient documentation to support failure of conservative treatment(s) prior to the cervical discectomy. Refer to Social Security Act (SSA) Title XVIII, Section 1862(a)(1)(A), Title XVIII, Section 1833 (e) of the Act, Internet-Only Manuals (IOM) Publication (Pub.) 100-08, Chapter 3, Section 3.6.2.1, 3.6.2.2, and 3.4.1.3. Refer to the Medicare Administrative Contractor (MAC) Local Coverage Determination (LCD) and/or Local Coverage Article (LCA) if applicable.
<b>HP502</b>	The documentation does not include radiological evidence to support medical necessity for cervical discectomy. Refer to Social Security Act (SSA) Title XVIII, Section 1862(a)(1)(A), Title XVIII, Section 1833 (e) of the Act, Internet-Only Manuals (IOM) Publication (Pub.) 100-08, Chapter 3, Section 3.6.2.1, 3.6.2.2, and 3.4.1.3. Refer to the Medicare Administrative Contractor (MAC) Local Coverage Determination (LCD) and/or Local Coverage Article (LCA) if applicable.
<b>HP503</b>	The documentation submitted indicates there is a contraindication for cervical discectomy. Refer to Social Security Act (SSA) Title XVIII, Section 1862(a)(1)(A), Title XVIII, Section 1833 (e) of the Act, Internet-Only Manuals (IOM) Publication (Pub.) 100-08, Chapter 3, Section 3.6.2.1, 3.6.2.2, and 3.4.1.3. Refer to the Medicare Administrative Contractor (MAC) Local Coverage Determination (LCD) and/or Local Coverage Article (LCA) if applicable.
<b>HP504</b>	Insufficient documentation to support the cervical fusion was medically necessary for the treatment of illness or injury such as pain and/or interference of activities of daily living (ADLs). Refer to Social Security Act (SSA) Title XVIII, Section 1862(a)(1)(A), Title XVIII, Section 1833 (e) of the Act, Internet-Only Manuals (IOM) Publication (Pub.) 100-08, Chapter 3, Section 3.6.2.1, 3.6.2.2, and 3.4.1.3. Refer to the Medicare Administrative Contractor (MAC) Local Coverage Determination (LCD) and/or Local Coverage Article (LCA) if applicable.

<b>Reason Code</b>	<b>SPINAL CORD STIMULATOR</b>
<b>HP600</b>	Insufficient documentation to support medical necessity of a specific condition as indicated for dorsal (spinal) column neurostimulator placement. Refer to 42 Code of Federal Regulations (CFR) 411.15(k)(1), Social Security Act (SSA) Title XVIII, Section 1862(a)(1)(A), Internet Only Manual (IOM) Publication (Pub.) 100-08, Chapter 3, Section 3.6.2.2. National Coverage Determination (NCD) for Electrical Nerve Stimulators, Publication (Pub) 100-03 (160.7). Refer to the Medicare Administrative Contractor (MAC) Local Coverage Determination (LCD) and/or Local Coverage Article (LCA) if applicable.
<b>HP601</b>	Insufficient documentation to support that the spinal cord stimulator was a late, if not a last resort for chronic intractable pain. Refer to 42 Code of Federal Regulations (CFR)

## Hospital Outpatient Department Services (HOPD) Reason Codes and Statements

May 19, 2023

	411.15(k)(1), Social Security Act (SSA) Title XVIII, Section 1862(a)(1)(A), Internet Only Manual (IOM) Publication (Pub.) 100-08, Chapter 3, Section 3.6.2.2. National Coverage Determination (NCD) for Electrical Nerve Stimulators, Publication (Pub) 100-03 (160.7). Refer to the Medicare Administrative Contractor (MAC) Local Coverage Determination (LCD) and/or Local Coverage Article (LCA) if applicable.
<b>HP602</b>	Insufficient documentation to support that conservative measures (pharmacological, surgical, physical or psychological therapies) have been tried and failed. Refer to 42 Code of Federal Regulations (CFR) 411.15(k)(1), Social Security Act (SSA) Title XVIII, Section 1862(a)(1)(A), Internet Only Manual (IOM) Publication (Pub.) 100-08, Chapter 3, Section 3.6.2.2. National Coverage Determination (NCD) for Electrical Nerve Stimulators, Publication (Pub) 100-03 (160.7). Refer to the Medicare Administrative Contractor (MAC) Local Coverage Determination (LCD) and/or Local Coverage Article (LCA) if applicable.
<b>HP603</b>	The documentation does not include screening, evaluation, and diagnosis prior to implantation by a multi-disciplinary team. Refer to 42 Code of Federal Regulations (CFR) 411.15(k)(1), Social Security Act (SSA) Title XVIII, Section 1862(a)(1)(A), Internet Only Manual (IOM) Publication (Pub.) 100-08, Chapter 3, Section 3.6.2.2. National Coverage Determination (NCD) for Electrical Nerve Stimulators, Publication (Pub) 100-03 (160.7). Refer to the Medicare Administrative Contractor (MAC) Local Coverage Determination (LCD) and/or Local Coverage Article (LCA) if applicable.
<b>HP604</b>	The documentation does not demonstrate a 50% reduction of target pain or a 50% reduction of analgesic medication with a temporary implanted electrode(s). Refer to 42 Code of Federal Regulations (CFR) 411.15(k)(1), Social Security Act (SSA) Title XVIII, Section 1862(a)(1)(A), Internet Only Manual (IOM) Publication (Pub.) 100-08, Chapter 3, Section 3.6.2.2. National Coverage Determination (NCD) for Electrical Nerve Stimulators, Publication (Pub) 100-03 (160.7). Refer to the Medicare Administrative Contractor (MAC) Local Coverage Determination (LCD) and/or Local Coverage Article (LCA) if applicable.
<b>HP605</b>	The documentation is not sufficient or does not include psychological screening prior to implantation. Refer to 42 Code of Federal Regulations (CFR) 411.15(k)(1), Social Security Act (SSA) Title XVIII, Section 1862(a)(1)(A), Internet Only Manual (IOM) Publication (Pub.) 100-08, Chapter 3, Section 3.6.2.2. National Coverage Determination (NCD) for Electrical Nerve Stimulators, Publication (Pub) 100-03 (160.7). Refer to the Medicare Administrative Contractor (MAC) Local Coverage Determination (LCD) and/or Local Coverage Article (LCA) if applicable.
<b>HP606</b>	The documentation is not sufficient or does not include a physical evaluation prior to implantation. Refer to 42 Code of Federal Regulations (CFR) 411.15(k)(1), Social Security Act (SSA) Title XVIII, Section 1862(a)(1)(A), Internet Only Manual (IOM) Publication (Pub.) 100-08, Chapter 3, Section 3.6.2.2. National Coverage Determination (NCD) for Electrical Nerve Stimulators, Publication (Pub) 100-03

## Hospital Outpatient Department Services (HOPD) Reason Codes and Statements

May 19, 2023

	(160.7). Refer to the Medicare Administrative Contractor (MAC) Local Coverage Determination (LCD) and/or Local Coverage Article (LCA) if applicable.
--	------------------------------------------------------------------------------------------------------------------------------------------------------

Reason Code	FACET JOINT INTERVENTION
<b>HP700</b> (Effective 6/15/2023)	Insufficient documentation to support a condition or medical indication for facet joint intervention. Refer to Social Security Act (SSA) Title XVIII, Section 1862(a)(1)(A), Title XVIII, Section 1833 (e) of the Act. Refer to the Medicare Administrative Contractor (MAC) Local Coverage Determination (LCD) and/or Local Coverage Article (LCA) if applicable.
<b>HP701</b> (Effective 6/15/2023)	Insufficient documentation of a pain or disability scale that supports moderate to severe neck or low back pain, predominantly axial, that causes functional deficit. Refer to Social Security Act (SSA) Title XVIII, Section 1862(a)(1)(A), Title XVIII, Section 1833 (e) of the Act. Refer to the Medicare Administrative Contractor (MAC) Local Coverage Determination (LCD) and/or Local Coverage Article (LCA) if applicable.
<b>HP702</b> (Effective 6/15/2023)	Insufficient documentation to support that the same pain or disability scale was performed at baseline and after each subsequent procedure. Refer to Social Security Act (SSA) Title XVIII, Section 1862(a)(1)(A), Title XVIII, Section 1833 (e) of the Act. Refer to the Medicare Administrative Contractor (MAC) Local Coverage Determination (LCD) and/or Local Coverage Article (LCA) if applicable.
<b>HP703</b> (Effective 6/15/2023)	Insufficient documentation to support that pain was present for a minimum of 3 months with documented failure of noninvasive conservative management. Refer to Social Security Act (SSA) Title XVIII, Section 1862(a)(1)(A), Title XVIII, Section 1833 (e) of the Act. Refer to the Medicare Administrative Contractor (MAC) Local Coverage Determination (LCD) and/or Local Coverage Article (LCA) if applicable.
<b>HP704</b> (Effective 6/15/2023)	Insufficient documentation to support the absence of untreated radiculopathy (not caused by a facet joint synovial cyst) or neurogenic claudication. Refer to Social Security Act (SSA) Title XVIII, Section 1862(a)(1)(A), Title XVIII, Section 1833 (e) of the Act. Refer to the Medicare Administrative Contractor (MAC) Local Coverage Determination (LCD) and/or Local Coverage Article (LCA) if applicable.
<b>HP705</b> (Effective 6/15/2023)	Insufficient support in the clinical findings and radiological studies to indicate that the primary source of the patient's pain requiring treatment was due to a facet pathology. Refer to Social Security Act (SSA) Title XVIII, Section 1862(a)(1)(A), Title XVIII, Section 1833 (e) of the Act. Refer to the Medicare Administrative Contractor (MAC) Local Coverage Determination (LCD) and/or Local Coverage Article (LCA) if applicable.
<b>HP706</b> (Effective 6/15/2023)	Insufficient documentation to support a minimum of at least two weeks between the initial diagnostic procedure and the second diagnostic procedure. Refer to Social Security Act (SSA) Title XVIII, Section 1862(a)(1)(A), Title XVIII, Section 1833 (e)

	of the Act. Refer to the Medicare Administrative Contractor (MAC) Local Coverage Determination (LCD) and/or Local Coverage Article (LCA) if applicable.
<b>HP707</b> (Effective 6/15/2023)	Insufficient documentation to support a consistent positive response of at least 80% relief of primary pain after the first diagnostic facet joint procedure. Refer to Social Security Act (SSA) Title XVIII, Section 1862(a)(1)(A), Title XVIII, Section 1833 (e) of the Act. Refer to the Medicare Administrative Contractor (MAC) Local Coverage Determination (LCD) and/or Local Coverage Article (LCA) if applicable.
<b>HP708</b> (Effective 6/15/2023)	Insufficient documentation to support two (2) diagnostic facet joint procedures, each providing a minimum of 80% relief of primary pain, prior to the planned therapeutic facet joint procedure. Refer to Social Security Act (SSA) Title XVIII, Section 1862(a)(1)(A), Title XVIII, Section 1833 (e) of the Act. Refer to the Medicare Administrative Contractor (MAC) Local Coverage Determination (LCD) and/or Local Coverage Article (LCA) if applicable.
<b>HP709</b> (Effective 6/15/2023)	Insufficient documentation to support subsequent therapeutic facet joint procedures at the same anatomic site resulted in at least 50% pain relief for at least three (3) months from the prior therapeutic procedure OR at least 50% consistent improvement in the ability to perform previously painful movements and ADLs as compared to baseline measurement using the same scale. Refer to Social Security Act (SSA) Title XVIII, Section 1862(a)(1)(A), Title XVIII, Section 1833 (e) of the Act. Refer to the Medicare Administrative Contractor (MAC) Local Coverage Determination (LCD) and/or Local Coverage Article (LCA) if applicable.
<b>HP710</b> (Effective 6/15/2023)	Insufficient documentation to support two (2) diagnostic facet joint procedures, each providing a minimum of 80% relief of primary pain, prior to the planned facet joint denervation procedure. Refer to Social Security Act (SSA) Title XVIII, Section 1862(a)(1)(A), Title XVIII, Section 1833 (e) of the Act. Refer to the Medicare Administrative Contractor (MAC) Local Coverage Determination (LCD) and/or Local Coverage Article (LCA) if applicable.
<b>HP711</b> (Effective 6/15/2023)	Insufficient documentation to support subsequent facet joint RFA procedures, at the same anatomic site, resulted in at least 50% pain relief for at least six (6) months OR at least 50% consistent improvement in the ability to perform previously painful movements and ADLs as compared to baseline measurement using the same scale. Refer to Social Security Act (SSA) Title XVIII, Section 1862(a)(1)(A), Title XVIII, Section 1833 (e) of the Act. Refer to the Medicare Administrative Contractor (MAC) Local Coverage Determination (LCD) and/or Local Coverage Article (LCA) if applicable.
<b>HP712</b> (Effective 6/15/2023)	The documentation provided indicates the maximum number of sessions have been met for the intended spinal region in a rolling 12-month period. Refer to Social Security Act (SSA) Title XVIII, Section 1862(a)(1)(A), Title XVIII, Section 1833 (e) of the Act. Refer to the Medicare Administrative Contractor (MAC) Local Coverage Determination (LCD) and/or Local Coverage Article (LCA) if applicable.
