

# Guide for Completing EIDM Account setup for Migrated IACS Users who are currently inactive

---

## I. Introduction

This guide is for users who had an Individuals Authorized Access to the CMS Computer Services (IACS) account, but never logged into Enterprise Identity Data Management (EIDM) with a Physician Value – Physician Quality Reporting System (PV-PQRS) role. These users are currently inactive in EIDM and need to contact the QualityNet Help Desk at 866-288-8912 to reactivate their account. This guide provides step-by-step instructions on how users can sign up for an Enterprise Identity Data Management (EIDM) account in order to access the ‘Physician Quality and Value Programs’ application in the CMS Enterprise Portal after their account is reactivated by the QualityNet Helpdesk.

**Note:** Do not use this guide (1) if you already have an EIDM account, or (2) if you do not have an EIDM account with a PV-PQRS role. Please visit <http://www.cms.gov/Medicare/Medicare-Fee-for-Service-Payment/PhysicianFeedbackProgram/Obtain-2013-QRUR.html> to determine which guide you should use based on your needs.

On July 13, 2015, users with IACS accounts were migrated to the EIDM. Please follow the instructions in this guide in order to sign up for an EIDM account through the CMS Enterprise Portal. Depending on the role you had in IACS, you will be allowed to perform the same tasks in the CMS Enterprise Portal that you were able to perform with your IACS account.

- **Security Official role:** The Security Official role in the EIDM allows the user to perform the following tasks on behalf of a group practice:
  - Register the group practice to participate in the Physician Quality Reporting System (PQRS) Group Practice Reporting Option (GPRO);
  - Obtain the group practice’s Mid-Year and Annual Quality and Resource User Report (QRUR), Supplemental QRUR, and PQRS Feedback Report;
  - Submit a Value Modifier Informal Review Request on behalf of the group practice; and
  - Approve requests for the ‘Group Representative’ role in the EIDM.
- **Group Representative role:** The Group Representative role in the EIDM allows the user to perform the following tasks on behalf of a group practice:
  - Register the group practice to participate in the PQRS GPRO;
  - Obtain the group practice’s Mid-Year and Annual QRUR, Supplemental QRUR, and PQRS Feedback Report; and
  - Submit a Value Modifier Informal Review Request on behalf of the group practice.
- **Individual Practitioner role:** The Individual Practitioner role in the EIDM allows the user to perform the following tasks on behalf of a solo practitioner:
  - Obtain the solo practitioner’s Mid-Year and Annual QRUR, Supplemental QRUR, and PQRS Feedback Report;
  - Submit a Value Modifier Informal Review Request on behalf of a solo practitioner; and
  - Approve requests for the ‘Individual Practitioner Representative’ role in the EIDM.
- **Individual Practitioner Representative role:** The Individual Representative role in the EIDM allows the user to perform the following task on behalf of the solo practitioner:
  - Obtain a solo practitioner’s Mid-Year and Annual QRUR, Supplemental QRUR and PQRS Feedback Report; and
  - Submit a Value Modifier Informal Review Request on behalf of a solo practitioner.

At the top, there are links for 'Portal Help &amp; FAQs' and 'Print'. The main header includes the 'CMS.gov' logo and the text 'Enterprise Portal'. A navigation menu on the left shows 'My Portal' and 'PV-PQRS' with a dropdown arrow. The dropdown menu is open, listing 'Overview', 'Registration', 'Feedback Reports', and 'VM Informal Review'. Below the navigation, a 'Welcome to the Enterprise Portal' message is visible, followed by a paragraph describing the portal's features: 'The Enterprise Portal combines and displays content and forms from multiple applications, supports users with navigation and cross-enterprise search tools, supports simplified sign-on, and uses role-based access and personalization to present each user with only relevant content and applications. The vision of the Enterprise Portal is to provide "one-stop shopping" capabilities to improve customer experience and satisfaction.'</p>
