Version 5010 and ICD-10 They're coming. Will you be ready?

News Updates | September 9, 2011

Help Planning for Version 5010 and ICD-10 is Available from CMS

Do you need help with the transition to Version 5010 or planning for ICD-10? The Centers for Medicare & Medicaid Services (CMS) has created an [interactive timeline widget](#) that is now available on the CMS ICD-10 website. This user-friendly tool can help you and your organization:

- Understand what you should be doing right now to prepare for the switches to Version 5010 and ICD-10
- Know the steps you'll need to take in the future and when
- Stay on top of approaching transition deadlines to help manage the implementation process

The content of the widget is tailored with specific information for large and small provider practices, payers and vendors. Also available are printer-friendly versions of the timeline information to download and use as check lists.

CMS also has other [new resources](#) to help you transition, including fact sheets and frequently asked questions for both Version 5010 and ICD-10. With the Version 5010 deadline fast approaching, it will be important to take advantage of these new resources now to ensure you are on the right track.

The transitions to Version 5010 and ICD-10 involve significant preparation, and require business and systems changes throughout health care industry. CMS is committed to helping you better prepare for Version 5010

The standards are changing. Are you ready?

This tool will help you identify and take action on the benchmarks you will need to meet to ensure smooth transitions to:

Version 5010 standards for electronic transactions on **January 1, 2012**
ICD-10 for diagnosis and inpatient procedure coding on **October 1, 2013**
